## FocusLetters

(Note: We wish to thank Congressman John L. Burton for his strong letter of congratulations on the launching of the Gay Focus Magazine, and want all to know that we feel that at this time, there is no legislator who can hold a candle to Our Congressman. He is one of the finest, most compassionate people to ever hold public office. Thank you Congressman John, and thank you for having such a lovely person as Ms. Gina running your San Francisco Office. Editor)

Editor: I just wanted to drop you a line. I really do enjoy reading your new paper (Gay Focus) that stands to speak for itself. I have ran into you a few times and I always told you that you have to be the most truth telling one ever to write in a paper. I hear people say that they can't stand you. But what's to be expected from a small minority of selfish ones. But they are the first to run for your paper when it is delivered. I am looking forward to your next issue and many more to come and again thanks for the support you give to many—

RICKY C.

Editor: The Gay Focus Magazine is different in a positive way. All in my building read it and I know that I feel the community needs a publication such as Focus. Please keep up the good work.

ADAM KISNOWSKI

Editor: Your article on the Housewife's Market in Oakland was great in that my lover and I went over there, and you have opened up a whole new world of food to us, and we saved at least 40 percent over what we have spent at Safeway. Truly the variety and versatility of a market such as the Housewife's Market is unmatched in the City and well worth traveling over to Oakland for.

TERRY LAWRENCE

Editor: I was at a meeting which I will leave nameless, and heard Randy Alfred make some very nasty remarks about your publication and Congressman John Burton. As I listened to his rattle on, I wondered just what makes such a person tick. From where I see it, as a progressive and independent, you are one of the most consistent people in all of the community here. Keep up the good work and keep at the throat of Coors Beer.

EVAN D.

Editor: I wanted to phone you concerning the up-coming Solidarity Conference, but got your answering machine. Please put a plug in about the Solidarity meeting as there are those of us who belong to it and support what is supposed to be the reasons for its being, even tho we don't care that much for Howard Wallace, but it is more than Howard. And on behalf of some others in Solidarity, I apologize for the nasty way Howard acts towards you or the mention of your name. You are the only one over the years who has shown consistency and courage in the battles against the KKK, fascism, and the radical right, especially Coors Beer exploitation of the workers. Keep on keeping on Ray!

Name omitted to "protect" writer  
from Howard Wallace's wrath!

Solidarity Outreach, Saturday September 5th, 10 am til 6 pm, 766 Valencia Street,

LESBIAN NAMED TO MUNICIPAL COURT BENCH  
MARY C. MORGAN GAINS LANDMARK POST IN SF

Governor Jerry Brown has named San Francisco attorney Mary C. Morgan to the Municipal Court. Ms. Morgan is a graduate of New York University Law School and has been practicing law since 1973. Ms. Morgan was born 35 years ago in New Orleans, Louisiana. Her appointment did not come as any real surprise but it was long overdue many activists felt. She was supported for the Bench by a host of organizations and individuals, including, Congressman John L. Burton, the Harvey Milk Gay Democratic Club, Police Commissioner Jane McKaskle Murphy, the Stonewall Gay Democratic Club, Robin Tyler, Mary Vail, Dr. Tim Wolfred a member of the Community College Board, the National Conference of Black Lawyers, Judge Stephen Lachs of the Municipal Court in Los Angeles, Ms. Priscilla Alexander, and the Barbary Coast Democratic Club, to mention but a few of her many supporters. Judge Morgan stated that, "I am extremely honored and thrilled to have been appointed to the San Francisco Municipal Court. It is a momentous event not only for me but the entire lesbian and gay community here and throughout the State." The staff of Gay California Focus Magazine wishes Municipal Court Judge Mary C. Morgan the very best.

SOUTHERN ILLINOIS COAL MINE VIOLENCE

GALATIA, Ill., Aug. 18—Two thousand union miners showed up at the non-union mines being built here in this southern Illinois town, to protest the Kerr-McGee Company opening of a mine here with non-union labor. The company responded by calling in State Police and the National Guard, and then armed thugs of Kerr-McGee attacked the demonstrators and the Police and Guard took after the pickets with billy-clubs and dogs, and ended the melee with tear gas. The protesters then began tearing down the two miles of fencing put up by the scab-labor thugs of Kerr-McGee. The union vows a fight to the finish.

ANTI-GAY COP APPEARS TO BE GETTING  
AWAY WITH BREAKING THE LAWS

Inspector William C. Bigarani, 49, who was for some years, a terror on the homosexual community in the city with his entrapment of gays in rest rooms and parks and was nicknamed "Bigaweenie," for his disgusting efforts by his fellow officers, and was given a three year probation for grand theft, now appears to be about to go back to work full time as a cop. The Police Commission consisting of Lesbian Jo Daley, supported his being allowed during his trial to work as a cop, and now his lawyers are seeking to have him returned to full time duty back on the streets. Bigarani was ordered by the Court, to pay restitution of \$24,730 and to perform 100 hours of community service and the grand-theft charge was reduced to a misdemeanor. He is currently an acting lieutenant and if allowed to either go back or even retire, he will get quite a large pension. Bigarani once ran for Sheriff with the nickname "The Enforcer" another of his names gathered in his brutal way of enforcing the law. He ran a one-man war against the Beatniks of upper Grant Avenue twenty years ago, tearing up poetry, and even arresting a young woman for going barefooted and arresting a "beatnik poet for "swearing." Now, if he had been Black or a gay, he would have gotten the book thrown at him, right Chief Murphy and Arlo Smith?

SAN FRANCISCO, Aug. 22—About 200 people turned out here today in a very militant demonstration against a Moral Majority "Save Our Souls" rally in Union Square. Women Against Right-Wing Attacks organized the action to oppose the anti-woman, anti-lesbian, anti-gay rally. Strong chants of "Moral Majority, cops and Klan, work together hand in hand!" They disrupted this right-wing meeting. Other participants included: Women's Focus of P.A.M. (People's Anti-War Mobilization); Solidarity; Union W.A.G.E.; Radical Women; and the Community United Against Violence.

## FOCUS on Gay Night at Great America

MORMON-OWNED AMUSEMENT PARK WELCOMES GAYS  
A "LANDMARK" EVENT FOR LESBIAN & GAY PEOPLES

Two years ago a southern California disco owner tried a "gay night" at the Marriott's Great America near San Jose. It was less than a success for too many reasons. And as a result of the poorly organized event, Marriott's said that they didn't want gays back. But now, two years later, thanks to the man who wouldn't take no for an answer, Aryae Levy, there will be a Gay Night At Marriott's Great America on Saturday October 10th. From 3 pm til 8 pm it will be a general mix-in with straights and then from 8 til 11 pm the park goes exclusively Lesbian and Gay men. At 8 pm, all people who are not wearing one of the Gay Night buttons will be cleared from the park and then it will be non-stop til closing Gay Night for sure. The Gay Men's Chorus will sing; Robin Tyler will be doing one of her excellent comedy routines; and the Foggy City Squares will give an exhibition. David Kelsy and Pure Trash will perform on stage as well.

Aryae's Great Outdoors Adventures, the sponsoring group has worked long and hard to make this Gay Night a successful one, and it has almost unanimous backing from the Lesbian and Gay communities. There will be buses from various bars here in the city to Marriott's, and as well, groups are planning special buses. Aryae Levy's Great Outdoors Adventures was founded in May of '79 and has grown steadily, giving the gay community an alternative to city life with their field trips such as skiing, camping trips, whitewater rafting, hot-air ballooning, house-boating as well as his West Indies Windjammer Cruise and his Christmas in Mexico vacation trips. There are well over 1000 members now.

So, if you are interested in Gay Night at Marriott's Great America, and other activities of Great Outdoors Adventures, give them a call at 641-4020.

"I want everyone who comes to Gay Night to have a good time and be themselves, but I do hope that people will show respect for others and not go out of their way to be shocking," said Aryae. See you there kids!

It is the deliberately accepted knowledge of our being homosexual that makes our lives agreeable. Notwithstanding, the pressures of adolescence we remain Gay. Homosexuality for homosexuals can be and must be as fulfilling as the everyday lives of heterosexuals. The recent American Psychological Association report showing that homosexuals are just as normal as straights must have knocked Ronald Reagan and associates for a loop.

Happiness may be relative to acceptance but acceptance should be a conscious "weighing-up" of facts. It is a fact that we pass this way but once in this form, and that our time is measured in microseconds of eternity. Our mark, as individuals, in unregistered after our passing unless we are innovators of some sort or another.

Any weak fish can float downstream but it takes a powerfully alive one to fight its way upstream, against the current.

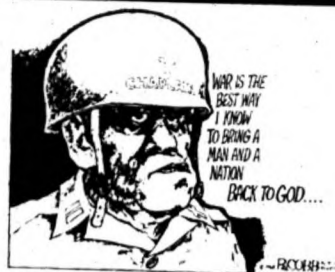

The majority of homosexuals being "different" keep a low profile. Except for some laudable exceptions numbering less than million... and most of those only on the last Sunday in June to celebrate the anniversary of the Stonewall riots and victory on Christopher Street, keep a low profile the year round thusly they promulgate the belief of adolescents that it is shameful to be outside of the recognized "propos" of Reagan-society. Should however, they see their elders holding themselves proud and unashamed they can begin their progress and continue ours, in the surety of making their happiness for themselves rather than having unhappiness inflicted upon them solely because they are homosexual by the Jerry Falwell's and the Congressman Larry McDonald's of this world.

As Gays continue to increase in upfront numbers, Gays continue to show straights that we are human... ..and just as normal as they. We have homes we build together, we are clean, we have pets, and we are obviously quite happy about ourselves in spite of heavy oppression from the church-dominated right-wing.

Homosexuals in America share every strata of society from judges to farmers; from bishops to gardeners, and no amount of dogmatic censure will alter that fact. Guides from Moses to Paul may have spoken with the authority of God, but that same authority states that "Judge not lest ye be judged." It may not have been His Divine Will that we be homosexuals, but it can hardly be said that it is His Divine Will that people be born as humpback or killed in wars or have 'mongol' brothers either.

We must be judged here by what we make of ourselves and not what others make us.

We here at Gay Focus know that God loves each and everyone equal regardless of a Rev. Jerry Falwell!

# Focus Religion

In a dark alley in a large American city, some years back, a small ragged boy was found. Seemed to be about 14 and his face haggard. The cold air off the river had no pity, as it pierced his ragged clothes. The boy had once a happy home. His parents cast him out as he was "different," it seems. And he left, with no funds, nor any friends in the big city he arrived in. He faced this hard society with but a few dimes in his pocket, and tried to earn his living by selling the Star-Times. This day, the day he was found was one in which everything seemed to go wrong, and in his despair he lay down in the dark alley. A few newsboys gathered around him, and was asked in a kind way, "Say, Tommy, why don't you go to the room?" But the lad could not murmur, that he could not move, and told the others that, "I am dying.....yes, I am dying, for I can feel it, I feel so strange.....I can hardly see you fellas." "I see, yes I see angels, they are holding out their hands for me....see them fellas, see them?" I going fellas, I am truly going....goodbye guys....I'm going to begin life anew now, I see it all....and perhaps I'll meet some of the other fellas there too.....!" With few words having fallen from his lips, his head slumped to the ground again, the cold damp ground, in an alley, near the riverfront in that cold December day of 1948. The next morning, a passerby saw a sight that would soften the most hardened heart. There, lying on the cold ice covered ground, with his body huddled against the brick building, and his eyes staring upwards towards the heavens, was the poor frozen form of the 14 year young newsboy. He took the lifeless body to a church nearby and there the minister took the body of the dead newsboy to have him interred by kind hands. And those who attended church that day will never forget the poor frozen boy's funeral attended only by those regular churchgoers none of whom even knew the lad. He was missed only by his few regular paper customers whom quickly forget the lad. But it was an event that had a marked place on my life. And even today when I see many, some younger, some older, going about the streets of the Tenderloin, not really wanted by anyone, and they not wanting anything, lives, that live for naught. Ships that pass in the night....I care. Do you care about those less fortunate? Have you shared a meal with someone less fortunate? Do you care about others? or do you just care for yourself and the pleasures you seek? If so.....!

"Forgiving, I am forgiven..... Loving, I'm loved.....  
Giving, I receive..... Of His great blessings from above!  
Forgiving my brother, I shall be forgiven.....  
Loving my brother, I shall be loved.....  
Giving to others, I shall receive.....  
Of His great blessings from above!"

Caring and sharing is what life should be all about! rb

# FOCUS onVigilantes

Through the years, mankind has suffered greatly at one time or another from those who chose to call themselves "vigilantes." Vigilantes are those who gather to enforce the law as they see it when the law no longer is doing what the vigilantes feel it should be doing. But, as beauty is in the eye of the beholder, so is the vigilantes view of the law and the out-law.

Laws were not made to be broken but to be a guideline to protect those who might be oppressed by those who would call themselves "vigilantes."

The KKK (Klu Klux Klan) was began as a vigilante-group to "protect" whomever they felt should be protected and to punish all who disagreed with them or who were "different."

The "brownshirts" in the 20s in Germany and Austria, were also "vigilantes" to censor and or punish those who would disagree with the rising dictator Adolph Hitler. Thousands were killed in the streets and alleys of major and smaller cities of Germany and Austria. The "brownshirts" later became for the most part, part of Hitler's elite Storm-troopers.

And here in America again, the KKK vigilantes are increasing in number. But in the urban areas we have a "vigilante" group which

claims to be "protective" of others. But, let us remember, so did the KKK, and so did the "brownshirts."

This group, which began in New York City and calls themselves "guardian angels" has a "leader" Curtis Sliwia who claims that President Ronald Reagan and he agree that America must "return to the good old days." And that he admires Ronald Reagan more than any other living American.

His "vigilantes" are preying upon the weaknesses of our society, exploiting the crime issue which we all acknowledge. But, who is to judge a situation, a trained person such as a police officer, or some young tuff who calls itself a "guardian angel?"

Certainly their hasseling of Gay hustlers on Polk Street is applauded by the vile Polk Street merchants who like the "vigilantes,".... but it is none of the vigilantes business if a person is hustling or not on Polk and their harassment of Gays on Polk must cease.

Asking a citizen for "identification" is an illegal act. And should any of you be stopped by these "guardian angel vigilantes" you should immediately call the police. They have no right to stop you what soever. Vigilantes are

nothing but self-appointed bullies. And the "guardian angel vigilantes" appear to us to be just that and maybe worse.

Polk, Broadway, Fisherman's Wharf, and the Financial district do not need or want the obviously media-hungry "guardian angel vigilantes" who while tanned in our city and almost all appear to be from him, are operated from New York City by some young character who "loves Ronald Reagan," whom most of us know to be our enemy, a broderline fascist. Their funding is dubious, their goals outside of getting media-attention, are also quite questionable.

And while such conservatives and right-wingers as a Lee Dolson, and the San Francisco Progress newspaper praise them, those who fear the fragile liberties we still have, can see in these latter day vigilantes, something very ominous. Fascism is on the rise in the U.S. and it uses "law and order," the "good old days" and such slogans to herald their fascist oppression. They call themselves "angels" but we call them .....unnecessary and most unwelcome.....at least by those of us who cherish the few freedoms we have left in this rising tide of fascism in the U.S. today

We would ask that if any of you have any difficulties with them, call the SFPD or us.

# FOCUS FABLES?

WE BEGIN THIS ISSUE OF "FABLES" by telling you that a "fable" is a "fairy tale" as some have questioned the use of the name... so now you high school drop-outs know!!!!

A ROYAL MARRIAGE is in the offing. The Princess Daisy of the Council of Grand Duke and Duchesses is being courted by a younger man, a Polish Prince named Doug. His last name is so Polish we don't have space enough to print it here. But we understand he is handsome and blond and very well equipped to be a Polish Prince Consort.

Oh yes, Daisy is having his 39th birthday on the 22nd of September.

LINDA LANE & WESTERNELECTRIC are now the Frisco Saloon until the Devil's Herd reopens about the 17th of this month. At 9 pm on Friday and Saturday nites on 60 Sixth Street...back where she started....!

H.L. PERRY new columnist for the Focus, is reported to be making some sweeping changes in the "Mr. Gay Miss Gay" SF contest which is about time and will make it a most creditable contest at last.

DESIREE is still working on Folsom at 12th so long now...and she had or has a real man for a change. Get it girl!

PAUL BENTLEY of 'N Touch fame is reported to be opening an electronics shop near 9th and Folsom. Busy intersection for 'new' things these days?

BIG BERNICE is working at Kimo's now. How does a woman that big get around in a tiny place like that? David Cafferty is just as happy as a pig in slop about it!

RAMROD is closed courtesy of the antics of one Robert Dunn (currently in exile) doing that 10 day ABC suspension for the Dunn hanky panky at the defunct disco on Larkin.

BOB MERRILL of the Watering Hole just celebrated a birthday...how many Brian Todd won't say for now. Happy birthday and welcome back Bobby!

DAVID "STELLA" STOLL was behind the bar at the SF Eagle the other day and was a highly popular young man there. Is this to be a permanent job JC? Hope so, for the red eye is such a horrible place for such a nice boy as David!

BOB WATSON called by some "Fat Fairy" really made an ass of himself at the Santa Rosa coronation according to many. So what else is new? He had to leave town to get a title! There is no there in Oakland kids!

JOE OF THE ARENA is improving and he hopes to be back to work soon and all his many fans want to see him too. He had most serious surgery.

The great "Mad Russian" John Lloyd is back working in and around sounds we hear and at some place on Larkin. A truly wonderful man who deserves much better in life.

HAPPY BIRTHDAY EDDIE VAN on September 8th. Yes, the ageless legend in his own time, Eddie Van will be on the 8th of September. Have a happy one kid!

WHAT PETER that is at the Watering Hole was in what jail when?

COORS BEER is sold by the Casa de Cristal.. remember every bottle you buy goes to help the Moral Majority political groups. Boycott the Casa de Cristal and the Ambush who also sells the asbestos fiber riddled beer.

MICHAEL "PUNKVERT" is what he is being called these days. May how the former member of the 15 Association has changed. But what some won't do to stay trendy with the young boys (punks) these days!

BLU BURELSON is single again. Sorry for you in one way Blue but most happy for me and TT at the Arena...hanky panky is a no no!

ARTHUR from hearsy had a minor problem at the Ram's head where he tends bar but he was able to handle his minor irritation.

DALE Starbuck is no longer at a south of Market bar and back fully with Frank Cashman and all the gang at Studio Worst.

The LANDMARK must know their ABC's as the ABC does know them so well now.

BRIAN & ROBERT have been given the "pink slip" by a south of Market bar on 12th Street at Harrison.

BLOND STEVE a Dorothy Coder playing has done things not so nice but that is life...but karma is a mutha and what is done is done but in time will be done to you for doing what you have done to another...right Ty?

WHO'S BLACK TRADE did you say Mr. Turner sir?

PERRY BELL made A Connection with a PT&T 19 year young employee named Greg...understand that lineman had a big line. Obviously someone has someone's number.

DAVID MONROE and his other half, Mr. Neil have been together now for eight short years. Congratulations to the both of ya!

THE ELECTION IS OVER and the winner by a mile was Betty Bullet also known as Chris (Frisco Saloon)...his newly won title? Queen de Muscatele Meadows!

BLACK & WHITE Inc., is all white now...but was it every part Black really?

WIL BILL "DUKE" MURRAY having moved back to the North Beach area now is being called the "Powell Street Peach" by the dirty old men up there.

DORIS deCOOKERY, who is 39, will be at that eatery for a few more days. We haven't seen her 71 year young husband lately. Guess he's in Luxor, Egypt.

DELICIOUS FOOD AT THE DOUBLE R on Castro Street. Located above the grouchy bear hollow, this place has some of the finest cooking in the entire city, and the best in the Castro bar none. Those southern boys do know how to cook!

MICHAEL HOFFMAN, 22 and a blond and from Dutchstate East, is now a bar boy at the SF Eagle. JC really is getting hot for blonds? Oh yes, tall man Dennis is back from the northwood and doing a bummer behind the bar as well.

RIP RIPPED? Possibly as he was "ripped off"? at the 1808? Oh well, easy cum, easy goo!

CHICKEN at 6 and 10 at the Arena on Labor Day weekend Sunday and Monday as well as reasonable booze prices. And no asbestos fiber filled beer (Coors) sold at this very busy south of Market bar.

FAT JACK and his Cadillac were seen on Polk by the wrong people!

GAY NIGHT at GREAT AMERICA is to be one of the biggest such events to be held in the U.S. You have to go to this one, for it truly will be something. David Kelsy and Pure Trash and entertaining, as is Robin Tyler (no political stuff) with good comedy and a host of other entertainers. Gays are making great strides gaining the full approval of the Mormon church to have a Gay function at Great America...after all, they are in biz to make money and as that Gay money begins to talk, many places are changing their views and positions on gays. Congratulations to Great Outdoors Adventures for being this to us.

FACE TO FACE is coming! But in the meantime, the gay 3-D film is opening or now is playing at the Nob Hill Cinema...gee, Gay Porn in 3-D!!!!!! You gotta see it to feel it and believe it!

Happy 2nd anniversary to the Esta Noche crowd on 16th Street in la Mission!

BEER .75 & WELL DRINKS \$1 all day and night at the SF Eagle on the 4th, 5th, 6th and 7th to celebrate Labor Day weekend. You gotta take advantage of it and see and enjoy all the Eagle has to offer you...the man's man!

GUARDIAN ANGELS FASCISTS! At least this is what many gays are saving on Polk who have had run ins with the self-appointed vigilantes (creeps!) Just a bit too much like Hitler's Brownshirts for those of us who oppose fascism!!!!!!

TONIGHT ON VALENCIA Street 766, a benefit by the Gay Schoolteachers group to purchase the film "Word Is Out" is being held. Your host is Tom Ammann who barely lost for the Board of Education in '80. A most worthy event, Thursday the 3rd of September..

DR. EUGENE PRAT is busy running up and down the State in his bid to become the new State Superintendent of Education next year. Gene is well known and liked by a good many of us in the community, and we all wish him the very best. It is about time that someone was elected that will halt the school system from turning the uneducated idiots it has been turning out to join the welfare rolls and unemployment lines. It really gets me when I see some of the younger folk today having a bitch of a time reading anything at all, and asking dumb questions on the simplest of things. Good wishes to Dr. Eugene Prat in his electoral bid in '82.

H.L. PERRY has joined the writing staff of GAY FOCUS with his Travel column. We welcome him and trust he will enjoy his stay (tour of duty!).

ED DOLLAK too has joined our staff as a columnist (see page 13) and political cartoonist (remember, this publication does NOT make any endorsements tho!). Ed is with the Tenderloin Times, works in various senior citizen projects in the Central City Tenderloin area, and is very concerned about our City...wish more were. Welcome to Focus Ed. # FOCUS TRAVELS WITH H.L. PERRY

With this column we hope to be able to inform you of just what's going on hither, thither and yon, and whether it's a place to dine, visit, a bus trip, a trip to Europe, or just a BART ride to the East Bay, we will keep you informed as to the best way and most enjoyable way to go.

Speaking of the East Bay, there is a Big G Rodeo being planned and we understand it is well underway now. It will be held Saturday and Sunday September 26 and 27, in Hayward. Big Mama tells me it is for charity, and I will have full details for you in the September 17th issue. You can also check with Big Mama's in Hayward, there on Mission Boulevard, close to the Turf Club in lovely Hayward, California. The BART goes there.

Tavern Guild is planning their annual trip to Reno in October. Members come first, but if there is room anyone can go or get a T.G. member to take you as his "roommate." It's planned for October, but the exact date has not yet been set. I will be helping Mark with the arrangements for the trip, so be sure and get your reservations in early as this is always a fun trip and so far, you will get more back than it will cost to go. Call Mark at 441-4600 but do it now!

If any of you have never been to New Orleans for Mardi Gras, you haven't really lived! There are a great many things to do and see. Steamship rides, the old trolley cars, a side trip to the plantations, a flea-market the size of a city-block, and lots of excellent restaurants both gay and straight. And so many bars you won't know which one to hit when, and during Mardi Gras, and you just won't believe!!! what goes on!! More on this next issue Station House Travel has a gay tour leaving San Francisco and Seattle on February 20th. You can go either for 4 or 5 days. The price including airfare and that may come down if the air fares change later this year, but right now the cost is \$715.00 from SF and \$708.00 from Seattle. This includes airfare, transfers to and from the airports, tips, and two cocktail parties and then one of the bars is also planning a get-together for the group. This is two in a room, and if there is a third or fourth in the same room, the price will be much less, and don't forget there could be a refund on the airfare. Make your reservations as soon as you can, for the space is limited and it is "first come, first serve." If you need any info you can call 664-8995 and I will be glad to

give you all the details on this or any other trip you may have in mind.

Ever thought of going to Mexico? Well, early December is the time to go. Things have gone up down there but I go during the first two weeks in December and prices are much lower. Acapulco is lots of fun and very gay. There is a gay beach right in the thick of things and now there are also four gay bars. I really love it there and it is not too far from Tasco, which is not gay, but very lovely, and well worth seeing. If Puerto Vallarta is your bag, how about a private villa? It sleeps eight

SUPPORT THE HEALTH CUTS

and has a housekeeper. It has a pool and a panoramic view of the bay and it is not far from downtown. Remember, winter-rates are on now until December 15th, so call 664-8995 if you are interested in any of the above that I have mentioned.

Due to a close deadline brief I have had to be brief, but I will go into more detail in the next issue of Gay Focus. Remember, the Trip to Remember is the one you don't spend half your time looking for a place you want to see or where to look for "him!" or "her!" It also helps when you know where to stay and be given a choice as to the price you want to spend for your room. It helps to spoil a vacation when you meet a friend and find he is staying down the street for half the price you have paid in advance!

Happy cruising!!! H.L.

"BONZO" REAGAN WIELDS HIS AXE

# FOCUS OPINION

"REAGANOMICS or: BONZO REAGAN WEILDS THE AXE!" by Ed Dollak '81

Some analysts predict that short-term cash problems could interrupt Social Security payments by next year. While actual bankruptcy is unlikely, cuts by budget slashers threaten to undermine benefits. Social Security is in peril.

The fund is in danger despite huge payments by workers. "Today, more than half of all American families pay more in payroll taxes than they do in income taxes." (Newsweek, June 1, 1981)

Problems with Social Security appeared as early as 1975, but the difficulties did not come from exorbitant benefits nor even primarily from an increased ratio of beneficiaries to workers. The factors that spelled trouble were the same ones that brought crisis to the economy as a whole.

High unemployment cut deeply into revenues, because people who are not working do not pay FICA withholding taxes. At the same time, record high inflation, increased benefits tied to the Consumer Price Index. The fund decreased and in '77 payroll taxes went up to recover the difference. Further rate hikes are scheduled through 1990, be-lying Reagan's claims that he is cutting taxes.

To make matters worse, many employers began to dump middle-aged workers to take advantage of high unemployment rates amongst youth. Older workers thrown out the door have no alternatives but early retirement, placing a further drain on Social Security trust funds.

"Bonzo" Reagan and his "axe" men wail about the crisis in Social Security as justification for their benefit cuts; but they hide the real nature of that "crisis" and try to shift the blame. They ignore the overall economic dilemma of ugly capitalism, if you will, which jeopardizes Social Security and every other hard-won cushion standing between workers and deprivation.

Government statisticians have figured out that people live longer now. The reaction-aries' solution is to raise the retirement age so that is closer to the time when most people die. For older persons, that would virtually wipe out the advances of medical science and confront them with a familiar grim wager: will they live long enough to enjoy their well-deserved rest.

Or will the boss use up every ounce of life strength to line his own pockets? In spite of longer lifespans, the tend today is toward early retirement and the choice is usually not made for convenience or luxury. People must have the option to retire at age 62 or even earlier--because of the uncertainty of the economy and the increasing risk of disability. Workers certainly do not retire early to bask in wealth provided by Social Security. Average benefits provide about \$2,700 per year for an individual n \$5,500 per couple. These are paltry sums, if one is to keep up with today's cost of living.

Without trying to sould like I am anti-free enterprise, the reality is that monopoly capitalism has spawned economic crisis which attack's the people's standard of living on all fronts. One of those fronts if the basic right to a dignified and comfortable retirement. Workers won Social Security only as part of an upsurge of struggle in the 1930s. Without the fighting in the streets back then, the working class today would not have Social Security, unemployment insurance, union wage levels. Like the old cliché goes: "If you want it, you are gonna have to fight for it." That could not have been truer than in the case of today's Regan-nomics! -----30-----

## Focus Theatre Carl's Follow Spot

One of the great imponderables of theatre is just how important is it to have a name star in a show. There is currently a play trying out here where the drawing power of its two aging movie superstars seem to be its only chance of success. Conversely there is a musical that has just returned after playing here a year ago with a big star but is now with a "name" in its cast, yet which seems far better this time around.

Basically the question comes down to how good the "vehicle" is: a weak show can make it with the help of a big name but a strong show doesn't really need one.....and "Best Little Whorehouse in Texas" is a strong show indeed..... joyously fun-filled and sporting just about the most colorful language since Shakespeare put up his pen: "I'm like a countrydog in the city; if I stand still I'll get fucked and if I run, they'll bite my ass."

Described by director Tommy Tune as "the authentic cast" (they are all Texans and it rings true) there is a lively, toe-tapping excitement to this production that will give all but the most hypocritical viewer a delightful evening. Although the plot is minimal and the characters stereotyped (hardly an unusual occurrence in musicals) there are large dollops of good hard common sense and some excellent social commentary: "the confused against the mistaken with the well meaning screwed up on both sides."

Based on an actual incident, the closing of a well-loved and long running Texas bordello because of the hue and cry raised by a "Foulwell" type TV newsmen, Whorehouse delightfully satirizes the moral majority, politicians, professional dogooders, and even Texas football rivalries.

June Terry as Miss Mona who doesn't like to be called "Madam" but runs her "house" with an iron hand nicely portrays the heart-of-gold prostitute while at the same time, manages to be believable as someone who has worked her way up on her back....some that Alexis Smith, who played the role here before never got across. William Larsen as the foul-mouthed, good ole boy local Sheriff and Kevin Cooney, as the publicity hound newscaster are both superb, with each displaying comic timing that has the audience in stitches. However, this id definitely an ensemble show with each member in the large cast excellent and thoroughly enjoyable.

Carol Hall's music is rousing and at times, haunting, especially the "Girl, You're A Woman" and the all too true to life "Doatsey Mae," sung by a waitress who dreams of stardom but knows its not for her.

A decided bounus is that, while not exactly cheap, ticket prices are difinitely reasonable..... (call 474-3800 for info and reservations). With an orchestra, a cast of upwards of thirty, a two-level set, and innumerable costume changes, eighteen doolars tops on weeknights gives you a helluva show for your money.

Vastly different from the above mentioned Tony Award winner, but, nevertheless enjoyable is the CETA sponsored "California - Can You Bare It?" at the Central YMCA. An original musical with words and music by Dick Wagner, directed by Ron Peterson, it features a large cast of local 17 to 21 year old students, some making their theatrical debuts.

No opting here for a safe little show, rather a bold attempt at showing the entire history of the State of California, from a pre-human to contemporary times, in a two hour revue. And possibly because of its very audacity, it comes off.

A multi-media production opening with a slide show during the overture ranging from possibly pre-historic pastoral scenes to shots of the hustle of modern life, and ending with a disco scene complete with light show, the performance's strength lies in the enthusiasm and vivacity of the talented cast, especially in the dancing with Raymond E. Pickens III, a standout.

Dancers in rehearsal for "CALIFORNIA - CAN YOU BARE IT?" which played last weekend at the Central City (Tenderloin) YMCA Theatre. The cast was made up entirely of those ranging in age, 17 to 21.

Among the many interesting number's Picken's dance solo to "Traditional American Song" and the company production numbers of "Hangtown Girls" and "Hoe-down" are particularly memorable.

Congratulations across the board!

### FOCUS REVIEWS:

Mark Medoff's *The Wager* at the Berkeley Bare Stage (call 849-1675 for info) is an early and not very good play by a writer who later hit it big..... *When You Comin' Back Red Ryder* and *Children of A Lesser God*.

This four character drama solely concerns the relationships between the four, and, straight across the board, I didn't believe a single one. Leeds, an unwavering cynic, is so eternally unpleasant that none of the others would

have any friendship for, much less be influenced by, him: the sexual attraction between his jock roommate Ward and a neighbour is detailed in words but unbelivable and Ron's (her husband) wild infatuation with her is unlikely in the extreme.

On the plus side is some excellent acting especially T. Mikel, easy to hate as the cynic, whose main thrust in life seems to be disrupting the lives of others and an excellent set.....no program credit given.

## FOCUS REVIEWS:

*What's On Tonight* (call 392-6213 for info) is an interesting idea (a musical revue depicting 30 years of television) that is about as confusingly jumbled as the media it tries to depict. Loosely, it follows the lives of four people as effected and/or reflected by television through the decades of the 50s, 60s and 70s but the characters are too broadly drawn, their appearances too episodic to truly involve the viewer. Although certain numbers click, on the whole, the show staggers from bit to bit when it should zip along. Tim Vincent, alone in the cast, comes across well while Ed Decker's direction is uneven as are Koldewynn and Durra's songs.

★

## FOCUS REVIEWS:

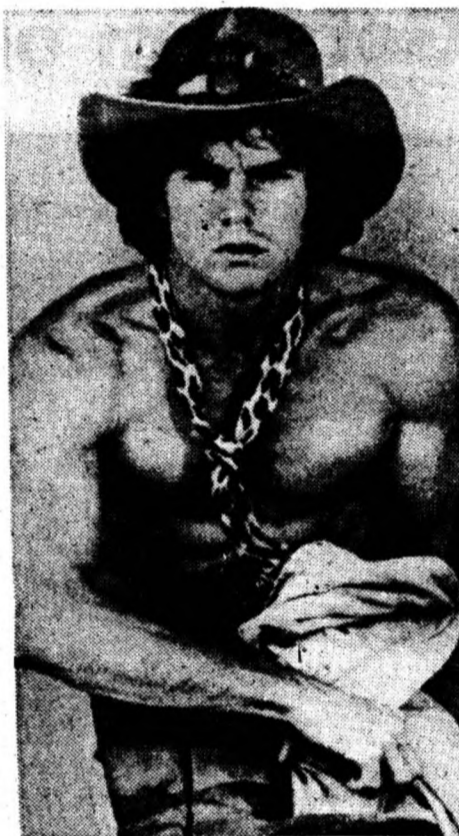

*The Night The Lights Went Out In Georgia* is a country-rock movie now playing at various area locations that surprisingly, in this story of the seamier side of a small time musician trying to make it big (in this case, getting to Nashville) has all the elements of classical tragedy inherent in it.... internal flaws in a character will bring about a person's downfall regardless of how much power or talent he may have. Also, as in classical tragedy, one hears the knell of doom from the beginning.

Unfortunately rather than stressing this theme, the movie unaccountably sticks in an inane and false happy ending that negates the depths earlier hinted at.

A fine three dimensional performance by Dennis Quaid as a talented singer on the way up, who cares far more about womanizing and boozing than success is somewhat diminished by "wunderkind" Kristy McNichol's two dimensional portrayal of his kid sister determined to make him a star.....regardless! Excellent in smaller roles are Don Stroud as a villainous local cop and, especially, Arlen Dean Snyder as a friendly roadhouse owner. Mark Hamill of *Star Wars* fame is merely ludicrous as a preppy-looking Boy Scout masquerading as a State Trooper.

Although the show gives a grim and somewhat slanted view of redneck life in the deep south, it moves well, maintains an interest and, particularly for the country music fan, has a fine musical score.

★★★½

This stud above is DENNIS QUAID of the film, "The Night The Lights Went Out In Georgia" now at the Alhambra on Polk. He is NO relation to the awful Dennis "Fat Mac" McQuaid who ran for Congress in the 5th District last time out. ("Thank you Jesus for that!")

## FOCUS REVIEWS:

*Just A Gigolo*..... at the Lumiere Theatre, is neither fish, fowl or good re-herring. The star studied cast (David Bowie, Marlene Dietrich and Kim Novak) are, at best, miscast: Bowie's single expression may be believable as an alien from outer space, but falls woefully short of portraying a German aristocrat lost in the moral morass that was post-war Germany (WW I), while the "Immortal Marlene" is a sad travesty of her former self and the kindest thing to say about Novak is that she's just too old for the role.

Despite these failings, even worse is the film's lack of cohesive intent. One gets the idea that originally it was designed to show the moral disintegration of German society in the 20s but somewhere along the line a tongue-n-cheek campiness crept in, then some half hearted eroticism as added so that the final result is little more than a boring mish mash.

# FOCUS FABLES?

**JOCK STRAP? DANCE CONTEST**, the movie not the landmark even every other Sunday at the Endup...is a bust. J. Brian who used to know how to make a classic film has obviously lost the touch for his new film is just so much "ho hum!" He had a "screening" of it last Monday as we already spoke of once, but the reviews are piling up from various individuals and the film just is from nowhere. And to think this is the man who made such classics as Tuesday Morning Workout, etc. Shame!!! So, wouldn't advise you spending any big bucks on any videos or mags for this trip of J. Brian for it is a bummer...so very '65s-like. J? this is 1981!!!

**THE 1808 CLUB CELEBRATED THEIR** number 2 birthday and it was hot. Those old Coits know how to keep a biz going! "COMING UP!!" the gay events calendar published once a month is one of the best adventures in our city, truly, it gives you the dates and places to go and provides us with a most valuable service. If your favorite pub is out of it, bitch at the managers or barmaids and tell them you want more copies of "Coming Up!!" delivered. And, as far as an advertising buy, they are the best there is outside of the Gay Areas Directory, On Parade and of course, Gay Focus.

**THE IRS PADLOCKED THE L' Autre**, or "The Other" in English....and in case you didn't know where this bar was, it was on Larkin and Ellis, once upon a time the leading disco in all northern California...the old Oil Can Harry's/Marathon Ballroom. And once the IRS padlocks you, you are indeed and infact very locked up.

**LABOR DAY WEEKEND** the Endup is having a blast all day long Saturday, Sunday and Monday. You haveta dance it off there to see what dancing is all about and right out onto the Patio too.

**JOE WHITE & HAL SAGE** could be the hit combo of the Salinas Valley. Joe called and we gave him the address of the Book Arcade in Salinas and Miss Joe couldn't wait to get over to the hottest spot in Salinas to check out Hal.

**GRETA GRASS** is looking good. Saw him on the streets of the Central City almost didn't recognize him he is looking so much younger. It must be those milk baths!

**COORS BEER BOYCOTT** continues to grow and places like the Pines & Company and the Ambush continue to give the finger to the boycott and continue to help Joe Coors give money to the Moral Majority the Heritage Foundation and other right-wing groups by selling that asbestos-laced beer. Other bars selling the pro-right-wing beer are the Cinch and as well, the Men's Room and Lenny's Chez Mollett on Bryant. So if you love the Moral Majority and the Heritage Foundation, then you keep on buying that anti-union, anti-liberal beer.

**ROGER OF CITY BOOKS** is a honey of a worker from what we see. Ben does seem to know a worker when he see one!

**FOGHORN FOLLIES** is the name of a review that John Russo is planning for the Foghorn? No? Oh, it was just a big rumor! Guess Frau wouldn't play the role of a foghorn. Heaven knows she's loud enough for a foghorn.

**OLD FOLKS LUNCHEON** coming up on the 23rd and lottsa bucks needed for this one as they have to restock all supplies.

**BIKES**, 30 of 'em outside the S.F. Eagle on Sunday August 30th as the Recons M.C. ended their day long fun run at the Eagle. Truly the place was full too full for me. But it was full of hot studs so true.

Speaking of porn...the Jones Street film house owned by the very straight and very anti-Gay Alex deRenzy, no longer has the Mustang people "sub-owning" it, and now has some Chicago creepos running it. The CCNA will move on this you can be sure!! Right Joe Rhine????!!!!!!!!!!!!!!!!!!!!

**STEEL**.....STEEL is a brand new and fast selling Schnapps which is being distributed by Rathjen and their ace salesperson, David Monroe ("The Silver Fox"). Already it is sweeping the south of Market and Castro .... and both the S.F. Eagle and Castro Station has it. And, we understand that Liquor Express not only handles this very high proof Schnapps ...STEEL...but is doing a window display on it.

**SOUZA'S GONE PORCELIN** on us...oh yes, the once greatly tanned sungodess Tom Lovett Souza is going super pale with high blond hair....this is the "in" fashion this season in Paris and New York.

**HOUSTON** who has a hunky handsome roommate named "Bill" and a hot youthful slender lover named "Greg" got his leather chaps torn badly at the S.F. Eagle....by whom we shall not say yet...but we will, oh yes, we will!!!!

**DAVID PAXTON** is still recovering nicely from his prolonged illness. We wish him a much faster recovery. Someone referred to David as "San Francisco's answer to Al Parker."

**JEFF STEVENSON**??? where are you now??? Give a call!!!!

**SHEILA & MAMA PECK** looked really bad when they showed up at the Police Permit Hearing as Sheila wanted to move her bar, the Roadrunner down to the Carnival Club location...when the CCNA (Central City Neighbors Association) Ed Dollack of the North of Market Planning and then the Rev. Raymond Broshers got finished testifying why she should be refused she was sunk...then the SFPD gave their report of the hundreds of incidents at her old bar over the years...incouding people being arrested for carrying guns, knives and explosive devices!!!!!!

**BEER -.75 CENTS** all day Saturday, Sunday and Monday at the SF Eagle. Monday is Labor Day...a holiday! And El Dorado-Bob Bush may let you gaze at that fantastic "ship" of his. At least it rides smoother than any steamship I've been on.

**FOLSOM MAGAZINE** is selling like crazy at the Locker Room (where Chuck is wild about it!) and at Le Salon where Prince Phillip (Wombat?) pushes them. What is a "wombat"? His clerks call him that!

"You have a Constitutional right to not work at Coors. But if you do come in the door, you have to sit down in that chair and give up all your American rights. If you support fascism, then you'll love buying Coors Beer!"

# FOCUS on Coors

The Coors Beer Boycott is continuing stronger than ever, this despite the lies and half-truths printed in a Castro "right-wing" publication. This same publication which is printed by a man who scored so poorly in his bid to be a San Francisco Supervisor that he virtually disappeared from sight for a time, as well as his "business" a construction? some called it, and now he has obviously had to resort to tactics which could only be called oppressive of lesbian and gay people, but supportive of radical right wing groups which abound around Ronald Reagan. He has openly solicited ads from the Coors Brewery, a full page and pushing Coors propaganda from their Beer salesman and printing a two page pro-Coors "news" story. Recently he is reported to have threatened the physical well-being of a gay free-lance photographer, and made other alleged threats towards those he reportedly has called "communists, etc."

The gay conservatives are making bold noises in SF today, and it is time that they are dealt with appropriately and their firms boycotted and places where they are employed boycotted as well. We have no room for those who support such fascist trash as a Ronald Reagan, or Joseph Coors Brewery. The time to strike is now! We must seize the time before these "bonzo" imitators gain any credibility whatsoever. We must always be vigilant concerning such people and take whatever legal action(s) possible to halt their spreading of the conservative right-wing philosophy...before it is too late.

## THE DOCUMENTED RIGHT WING CONNECTIONS OF JOSEPH AND BILL COORS AND FAMILY AND EMPLOYEES!

A research report from the Political Committee of the United Auto Workers (UAW) gives forth the following political connections in the radical right wing/conservative movements in the U.S. today.

**CITIZENS FOR THE REPUBLIC:** M. Stanton Evans, Roger Stone and Joseph Coors listed as Board Members.

**AMERICANS AGAINST UNION CONTROL OF THE GOVERNMENT:** Richard Viguier, Congressman Steve Symms, Roger Stone, Senator Jesse Helms, all listed as Board Members. Note that Stone is one the Board of the above group which Coors is a member.

**AMERICAN CONSERVATIVE UNION:** Richard A. Viguier, Congressman Steve Symms, Phyllis Schlafly, Congressman Larry McDonald of Georgia and Joseph Coors. Again Joe Coors turns up as a member of a radical right-wing group.

**COMMITTEE FOR THE SURVIVAL OF A FREE CONGRESS:** Richard A. Viguier, Senator Jesse Helms, Congressman Larry McDonald, Paul Weyrich and again, Joseph Coors. This is one of the most dangerous of the groups, as they were the group which targeted key Senators and Congressmembers for defeat in 1980 and succeeded in most cases, one of the two exceptions being Senator Hart of Colorado and Congressman John Burton of SF-Marin. Paul Weyrich is the head of the group. Considerable amounts of Coors money went into the efforts of this committee.

**JOHN BIRCH SOCIETY:** Clarence Manion, Congressman Larry McDonald, Phyllis Schlafly and again, Joseph Coors turn up as "angels" on this the oldest of the active right-wing bodies.

**CONSERVATIVE CAUCUS:** Howard Phillips, Charles Black, Richard A. Viguier, Congressman Larry McDonald of Georgia and Joseph Coors.

**NATIONAL CONSERVATIVE POLITICAL ACTION COMMITTEE:** Roger Stone, Richard A. Viguier, Senator Jesse Helms of North Carolina, and again, Joseph Coors.

**HERITAGE FOUNDATION:** This is one which Joseph Coors was a founder of himself. Most conservative, calling for a new Constitutional Congress, it also has on its advisory board, Hugh Newton, Paul Weyrich, Congressman Ben Blackburn, and Phillip Crane.

Any gay business which would handle Coors Beer or any straight freedom loving business for that matter, would have to be considered a "supporter" of the above groups which all contributed to the Reagan victory, and the Republican control of the U.S. Senate. And in 1982 a battle of survival proportions looms as the above right-wing groups are building up huge financial war chests in an effort to oust any and all liberal legislators left in Washington, and will be concentrating on local elections in selected states as well, such as California.

Whether Coors still gives lie detector tests to employees is unimportant, what is important is their financial contributions to our eventual death!!!

### CASTRO BARS STRONGEST IN SUPPORT OF COORS BEER.....

The following bars are most insensitive to the plight of the workers of nation who are being oppressed by employers such as Joseph Coors. As well, the following bars by their continued purchases of Coors Beer and helping to place funds into the hands of the various radical right wing groups to which Joseph Coors, his wife, Holly Coors and brother Bill Coors, contribute to. The Heritage Foundation founded by Joe Coors continues to spout its radical right babbings which are anti-Lesbian/Gay. Every lesbian and gayman who buys a Coors Beer is contributing defacto to the radical right wing which is taking away our freedoms, and controlling the economy of our nation in the most oppressive way. We urge you to boycott any bar or business that sells Coors Beer and or Crystal Springs Water. The local Coors distributor also distributes Crystal Springs Water.

"Hi, Gay California Focus Magazine readers!" This is my first column in this fine publication. I hope my writings meet with your approval. Whether positive or negative, I look forward to your feedback. Constructive criticism is always welcome and a great incentive for self-improvement.

I will start by saying that the Central City/Tenderloin is going through a drastic change. For the last year residential hotels for low-income persons, the disabled and the elderly are disappearing so fast that one can expect them to become virtually extinct in a matter of years. Yes, indeed! The housing problem in this city has reached tragic proportions. Low-rent residential hotels are about the only remaining affordable housing available for people on fixed incomes....and various Central City/Tenderloin neighborhood organizations have unified themselves into one single network joining forces in the struggle to help preserve the remaining affordable housing and to acquire more. "Gentrification" has become an ugly word among Tenderloin residents.

On the evening of Thursday, August 20th, Central City/Tenderloin peoples met with San Francisco Police Captain Vic Macia from the Central Station, at the Cadillac Hotel on Eddy Street, where a question and answer session took place. Many of the residents expressed their anger and dissatisfaction about the way the SFPD has been handling the crime problem in the Tenderloin. And example of one of the questions was when Captain Macia was asked about what the Police intends to do about all the "junkies, hookers, drillects and assorted hard-type criminals that abound in the area," to which Captain Macia replied with a predictable "Band-aid approach": "The crime problem has always existed in the Tenderloin and residents should take it upon themselves to remedy the situation by protecting one another or else write to City Hall officials about their complaints." As to be expected, some of Captain Macias' statements could have been interpreted to mean that if you ignore crime, it'll go away. Sorry Captain Macia, but we don't buy your stupid "Band Aid" attitude and approach to a very serious situation. We are plain fed up with the do-nothing attitude of the SFPD and the powers-that-be at City Hall (Feinstein, etc.), and especially La Duchess Feinstein, who often stages her "cutesy" media events for her own self-glorification.

Central City/Tenderloin residents have launched a massive citywide voter registration drive and state they will use the ballot box in the '82 City elections ousting those sitting in public office, who so far, have proven to be detrimental and ineffective in assisting the needs of the community at large.

Now I see where there is a platoon of the so-called "Guardian Angels" roaming our streets to try and prevent crime. Although I have my doubts about this vigilante-type group and the approach, I will merely adopt a "wait and see" attitude.....Now, what's this I hear about the leader of the "Guardian Angels" fainting while meeting with officials and being interviewed on the radio in Sacramento? Hmmm, could it be something he "ate" that didn't agree with him? I have a sneaky feeling that this "Guardian Angel" trip will fizzle out and that they will fade away like a puff of smoke.

According to the SF City Social Services Department and the SF Neighborhood Legal Assistance Foundation, due to the Reagan cutbacks in General Assistance and Food Stamps, recipients must have their "three-squares-a-day" (Meals) at Glide Methodist Church for the first two weeks. Which means that if you are not in line when din-din time comes, you just do without and go hungry. And this is probably another one of the brainless-ideas approved by La Duchess Feinstein and her zombie-flunkies at Social Services....good grief! We now can "boast" of two soup-kitchens in the Tenderloin. That other well-known one (on Jones and Golden Gate Avenue) which I call "St. Agony's Dining Room, as it must be real agony for those poor souls who must stand in line for their daily bread.....and just think, this is the way of the mentality of those making decisions which border of either the idiotic or sadistic, as their solution for alleviating hunger in this City. Pleaaaaase! May the heavens protect us from our so-called "protectors!" Amen!

Sheila who owns that trouble-ridden bar named the Roadrunner has applied for a dance permit at 177 Eddy Street now. Sorry for her, for she is going to meet with alot of opposition on this one. I and dozens of others attended the September 1st hearing at the Hall of Justice in opposition and the Police opposed it too. We don't need this kind of operation on Eddy Street to further cause problems in the Tenderloin. I hope this puts that bar owner on notice of our intentions in the Central City/Tenderloin we intend to fight her every step of the way. And the plot thickens my dear readers.....!

"Touristification" of the Central City/Tenderloin continues at an alarming rate. Plans to demolish housing in the area and replaced with luxury hotels and commercial high rises are on the drawing boards as you know. Well, residents are up in arms about this and there is plans underway to "bombard" the Planning Commission and City Hall officials using letters and demonstrations to protest the actions of Dean Macris head of that bureau. A zoning application of 80 foot height limits on future developments in the Tenderloin was filed last week by the North of Market Coalition. Now, the Planning Commission has made a traitorous "flip-flop" on area residents with their threats of throwing out the 80 height limits in order to accomodate profit-hungry greedy developers who want to "bulldoze" the area. Another glorious example of traitorous bureaucrats who fall prey to the slick talking money-grubbers and become "dehumanized" and insensitive to the problems of the people in the area in the process.

Our good news in the Central City/Tenderloin is that every Sunday from 10 am to 3 pm at the United Nations plaza off Leavenworth and Market, the Certified Farmers Market where you can purchase hi-grade produce at most reasonable prices, is doing extremely well. I have patronized this open air market and recommend it highly. The fruits and vegetables are of the highest quality and at bargain prices which cannot be beat. A big thank-you to the coordinating efforts of local dedicated community activists Chris Adams and Jeri Edelston, for they are making the City Certified Farmers Market a beautiful reality helping the poor. And the residents of the area are more than happy to lend their support to this magnificent food-buying project.

Various complaints by residents of the Atherstone Apartments about an obnoxious tenant who lives on an upper floor who is causing grief to other tenants. The complaints charge that the man harasses peaceful residents with his bizzare behaviour and foul mouth. He has according to reports, destroyed television antennas on the roof belonging to other tenants. As well, it is reported that he boasts of being a member of the American Nazi Party and makes racist attacks upon tenants, and allegedly makes obscene phone calls upon tenants of this building. The SFPD have done nothing about him thus far. He occupies the apartment on a subsidized rental lease from the Housing Authority.....and we are under the impression that racism is outlawed, so why does the man receive part of his rent from the City?

I had the pleasure to attend the Barbary Coast Democratic Club meeting at the Mark Twain Hotel two weeks ago and well-known activist Elmer Wilhelm chaired the meeting and named me acting secretary. It was very interesting and informative. The meeting was well attended and I had the opportunity to meet a very distinguished lady Ms. Lenore Cautrelle. The next Club meeting is scheduled for September 12th at 1:30 pm at the Mark Twain Hotel in the Tom Sawyer Room, at 345 Taylor.

Til next issue, my wishes for peace and love and all the goodies you deserve.....be seeing you!

ZIAD ABU EAIN fasely accused Palestinian in jail in Chicago

NEW YORK, Aug. 24——Ziad Abu Eain is a 21 year old Palestinian unjustly imprisoned for over two years in a Chicago jail awaiting extradition to Israel. He is fasely accused of planting a bomb on May 14, 1979 in Tiberias, a town in northern Israel.

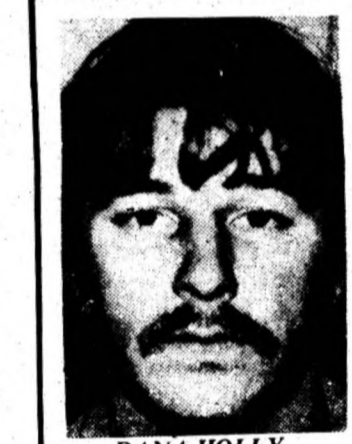

Jamal Yassin, upon whose "confession" the extradition was based, has twice recanted his story. The "confession was obtained" after Yassin spent weeks imprisoned in Israel without seeing an attorney. The signed confession is in Hebrew, "a language the alleged accomplice does not speak, read, nor understand." (Washington Post, July 24, 1981).

Abu Eain's legal battle is based on two points. First he is innocent. There are scores of his friends, relatives, and employees of his family's business who will swear that he was in Ramallah, almost 100 miles away, during the whole day on which the blast occurred. Secondly, he claims that the bombing was a political act and not subject to extradition. This legal argument has been successfully used before to prevent extradition of Irish Republican Army (IRA) freedom fighters to Great Britain.

Abu Eain's extradition would mean his imprisonment and probable torture inone of Israel's concentration camps which already hold thousands of Palestinians jailed on similar non-existent evidence.

For further information about Ziad Abu Eain's case, contact: The American-Arab Anti-Discrimination Committee, 1611 Connecticut Ave., N.W., Washington, D.C. 20009, (202) 797-7662.

DANA HOLLY Accused of killing

Dana Holly, 19, from South San Francisco, is in jail on charges of having stabbed to death, 40 year old William Sink, a Wells Fargo Bank executive. Sink was found in his apartment on John Muir Drive, stabbed a dozen times, his neck and jaw were broken, and his skull fractured in two places.

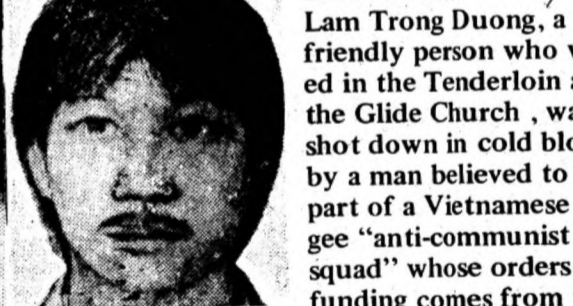

The Bail on the handsome 19 year old was set at \$250,000. Holly has also been charged with the manslaughter death of two people in the city of Burlingame last year and awaits trial on that charge as well.

Inspector Ed Erdelatz (Cops for Christ) SFPD, and Jeff Brosch of the Homicide unit arrested the 19 year old Holly after he used a credit card stolen from the slain bank executive, to purchase gasoline.

## ANTI-COMMUNIST "HIT SQUAD" BELIEVED TO BE RESPONSIBLE FOR TENDERLOIN SLAYING.

LAM TRONG DUONG slain by cold blooded killer believed to be in pay of C.I.A.

KILLER? Artist sketch of man who is believed to have killed patriot.

Lam Trong Duong, a very friendly person who worked in the Tenderloin at the Glide Church, was shot down in cold blood by a man believed to be a part of a Vietnamese refugee "anti-communist hit squad" whose orders and funding comes from the U.S. C.I.A. office here in San Francisco, according to reports received.

Lam deeply loved Vietnam, and was not a communist leader as charged, but was a patriot and Vietnamese leader who helped to free his country from the oppression of the French colonial forces and fought for the reunification of this country. There is a \$1,000 reward for his killer.

GAY MAN STRANGLED TO DEATH ON HILL ABOVE CASTRO 33 year old William Singleterry of 17 Pearl Street, was found strangled to death near the Randall Jr. Museum in the Corona Heights area above the Castro. He was last seen in a Castro street bar on Sunday of last week. His body was found on Monday August 24th.

FOCUS FABLES?

PEOPLE HAVE SEEN STELLA STOLL also known as David "Shy" Stoll with that belt-buckle which "says" SHY on it. We've found out what SHY means....S--sex H--hungry Y--yenta!

TEA-ROOM FOLLIES is what they should name the goings ons at the Transbay terminal (Eastbay Terminal)...for recently the action got so hot and heavy that good ole Harold (Chuck) of the Civic Center Hotel slipped on the wet slime on the floor and broke his foot. We understand that the pleasure made the pain full well worth it!

DON TAYLOR the former boyfriend of that Brinks robber and former candidate for sheriff ...has gone to New York City for a vacation. Truly Don, did Mr. Bosque get in touch with you? Oh, it was your own money!!!!

Don recently got out of the hospital after having been hit by a Mercedes at California and Polk. Let it to her....she sure tain't gonna let no Chevy hit her!! Sue girl, sue!!!

LEATHER SMITHS, Ltd., was nearly one smithy short had things gone the wrong way from what we hear....as the blue one with blond hair had a cutting experience recently, but everything is ok dokay now! LEATHER SMITHS, Ltd., by the way is the best leathershop in town and is located inside a bar at Folsom and Harrison Street which shall remain nameless now!

THEATRE RHINO which moves to its new home south of Market in the inner Mission after the current productions end, and we do wish them many happy and most successful years there.

But please Alan dear....don't you think that J. Kevin Hanlon's directing needs to rest for a while? Particularly since he no longer appears to be able to distinguish certain things? And dears, Mr. Arnold is not, and we repeat, not that good a playwright ....so please, fresh happy scripts, even if they come from the East Coast, and Alan, you get back to directing....ok?

Tom Lovett Souza, famed clothing model and social gadfly is shown doing one of his Tahoe routines while enjoying the shows.

THE CAVE ON 7th appears to have gone most capute....and the Watering Hole is going to be the better for it having snared the hunky hunky super beautiful stud Ken as a new bartender....bond hair and blue-blue eyes!!!!

HOUSTON of the Recons and the Castle Grand Brasserie is something to see in full leather.....hmmm, will we get the chance to see him wait tables this Halloween at the Castle Grand in full leather dear Gay Folsom Faye Roy???

Speaking of the Recons, they had a marvelously successful run this past weekend and made much money....they ended at the SF Eagle and there were thirty bikes parked outside the place.

The HEADQUARTERS has reopened for business...a south of Market all-night institution and are already doing great biz. The owner, Mr. Skip wants to invite you all to return to your "home" all night south of Market....beer and wine til 2 am and lots of fun thereafter. 683 Clementina just off 8th between Howard and Folsom Streets. Gay!

MIKE MADDEN of the TV20 all night movies on Sunday was showing much meat last Sunday nite. He "plays" at the role of "Carleton" of the Sleazy Arms Hotel in the Tenderloin and we are still trying to find out if it is the Zee or not. But that Mike Madden is one hunky dude....and Mr. Jamie Gabbyburp has him!

Have you got your channel 20 bumper sticker yet guys? You can pick one up at the nearest Photomat or your favorite 7-11 and maybe win yourself a car..ok kids????????

KIMO'S CUTIES was the name on the side of the TG Picnic bus that left Polk and Pine last Sunday....we had pics taken but they will not be in til next issue Tammy....see you then!

THREE-DIMENSION GAY PORN now at the Nob Hill Cinema....you have to see the long ones practically sticking in your face to believe it...."Heavy Equipment" with Roger, Jack Wrangler, the Christy Twins, and Al Parker....right now, at the Nob Hill Cinema, 729 Bush Street, just off of Powell.

ABC ON TOWN-WIDE TRIP? oh yes, and for a change they are leaving the south of Market bars alone and they are going after those Polk bars that serve so many many under agers....hmmm, we do wonder just which ones they are after??? As if we didn't already know! One is a favorite of several chicken-hawks and is II II pissy for words.

J. BRIAN'S NEW FILM is perfectly dreadful, to say the least. Poor ole man he is so caught up in days gone by he just can't do an '80s film. It screened at a theatre he had to pay to show it, if that tells you anything about it....maybe that dreadful place on Eddy Street which Herb Caen wrote about, the ah, oh yes, he said it was the Tea-Room on Eddy where they have all the muggings and robberies ....yes, that's just the place for J. Brian's "epic" production.

BRUCE TRONDSON whom we do not speak with, appears to be "avoiding" people? And he is in "seclusion" at the Hexagon House up in Russian River we hear? Oh yes, his naughty but mighty little brother is back in town from Seattle ....little Mikie must be happier than an ant over spilled jelly!

What print shop on Pine wants to hire that chubby juvenile "printer" back?

At the last Police Community Relations meeting it was reported that alot of big time drug dealers are hanging about the intersection of Post and Polk.....hmmm?

IT IS NOT considered polite to "trash" an advertiser, but really, a man almost died on a sidewalk all because a clerk in a store did not want to call an ambulance but finally did after a clerk from another store dropped by and saw the guy on the sidewalk in front of the store bleeding nearly to death....I mean really!

And furthermore, it is not nice for one store to go and hire a clerk that has been fired from a store next door. It just isn't sweet business and should not be done, and remember he was fired for a good reason. And forever it is wrong for managers to have any kind of "social" affairs with the help. Bad times truly bad times!

SIXTH STREET SLEEZE is about to begin again? Rumors have it. After all the b.s. that Dennis Coder and David Neutka's money put the community thru before we really don't need any more "Gay Christian Science Rimming Room!" They are best left on the old plantations.

Congratulations to Panda Rick for being so coldly sober in Santa Rosa....looking good boy!

MAE is rumored to be running for the title of Empress this winter. Nice man and good a-number barmaid too!

OFFICER PAUL SEIDLER of the SFPD Community Relations Unit reportedly did a big no no at the CUAV vs. SOS rally in Union Square. Those gay cops are so excitable but snitching the way he did is a no no! That ended any trust anyone had in him.

KSAN TO KAN KARACTER? at least this is the hot rumor from Cleveland Ohio.....that Randy Allfesh who also babbles in the anti-union Sentinel is about to be a karacter without a mike. Maybe right wing KTOB up in Petaluma will hire him....he is so anti-Congressman John Burton for some reason or another.

SPEAKING OF "OUR CONGRESSMAN" John L. Burton....one of his office staff was reportedly seen going into a Polk Street "bookstore" last Monday....hmmm, we know it wasn't Bill Reed (he's straight) so who do we know it was!!!!

He was in there for the longest time, and finally he drug his chubby frame out about an hour or so later and got into his older blue car and off he drove to Pacific Heights

MAI TY is you want Grant to go to work for you and RPT ....he is working at the SF Eagle for right now at least. He was at his best in a porno book store, right?

THE MAN ABOVE is a good friend of the manager of the SF Eagle whom had retained the gentleman to do a bit of carpenter work in the recently expanded (ever-expanding?) Eagle. The manager, JC....says he has know the geezer for a long time that he is also a very good carpenter as well as being absolutely super great in bed. JC is one who should know!

Speaking of the Eagle....Bob Bush, the assistant manager was seen flying in and out (quickly) of the Geary Street Vatican. And he didn't even bother to bring a copy of the new Folsom Magazine with him....at \$3.50 a copy this hot selling mag is too hot a price for clergy to buy!

THE DEVIL'S HERD really should be open for real on or about the 17th of this month and it will be a gala re-opening. The fire did a bit much of damage but as soon as Hank Cheeke is able to get all wheels on track the hammers and nails and saws will make Valencia a bit noisier for the Fickle Fox. Understand the Mike T. wants the Herd reopened quickly....he does like chicken....to Mike T....chicken is anything over 21 and under 50!!!!!!

DOUG ABBOTT the Dallas pussycat had din din with Carl Driver and his other half Howard recently....hmmm! Did you enjoy the theatre Dougie???? Doug has a real pussy cat, the kind with whiskers, claws and fur now!

Speaking of pussycats, how are you Foxhole Tillie (Don Black?)

Speaking yet of another. pussycat....hows it going Jack Tennyson/Alfies?
