Mexican 40 centavo postage stamp showing La Venta 1

Field work costs of the expedition of February, 1967, and partial publication costs of this report were kindly provided by Dean Sanford S. Elberg, Graduate Division, University of California, Berkeley. Each of the project participants individually expresses appreciation for his encouragement.

The Committee on Research and Exploration of the National Geographic Society generously provided funds for printing the plates. In addition, the field work of February, 1967, and of earlier years has been partially sponsored by the Society and grateful acknowledgment is made here for this support.
