INFORMATION FOR AUTHORS

The Kroeber Anthropological Society Papers publishes articles in the general field of anthropology, including those which it is difficult, for various reasons, to publish elsewhere. In addition to articles of theoretical interest, the Papers will welcome descriptive studies putting factual information on record, bibliographies, linguistic texts and vocabularies, and historical documents of ethnological interest. The Society is particularly anxious to publish student research papers of high quality. Papers will be accepted from non-members although priority will be given to those by authors who are members of the society.

Manuscripts must be typewritten, double spaced on 8½ x 11 inch paper, and on one side of the sheet only. Footnotes and the bibliography should be placed on separate sheets, also typed double spaced and on one side of the sheet only. The bibliography must follow a standard form, as shown in the examples below. Author's name, the title of the book or article, and serial titles should be written out in full as they appear on the title page of the work cited. For serial publications the place of publication, and for books

and pamphlets the place of publication and publisher, should be included in the bibliographic citation.

For series: Skinner, Alanson
1909 "Lenape Indians of Staten Island." Anthropological Papers of the American Museum of Natural History, vol. 3, pp. 3-62. New York.

For books: Lowie, Robert H.
1948 Primitive Religion. Liveright Publishing Corporation, New York. (Revised edition; first published 1924.)

Authors will receive three copies of the issue of the Papers in which their contribution appears. Reprints may be ordered at a price of one cent per page. A small extra charge will be made if illustrations must be reproduced by photolithography. Upon notification of acceptance of the manuscript, authors will be queried on the number of reprints they desire.
