FIVE GAYS MURDERED

The secretary of The Tavern Guild, has informed this paper, that in six weeks time, five gay persons have been murdered. Two of the deceased were killed by tricks. The others appear to be that of a man. The paper called Official Officer of the S.F. Police Dept, and he verified that the above is true. Now the murders take place, of only what manner are somewhat irrelevant. It should be a warning to the Gay Community to "KNOW WHO YOU TAKE HOME".

Luella Parkons

Chef Adrian prepares New England clam chowder as it was intended, in New England. Also a front door of the FROLIC ROOM. CHARGE the Ladies of the Evening OVER CHARGE My dear!!!

My limousine then advanced to the MAGIC GARDEN and reviewed the busied and chauffured ladies. I was especially delighted with the charming originality and poise of PAT MONTCLAIR. Former President of the Gay Employees proteted 1970 and her beautiful Swell v and escorted her to his (Jose's) personal shampoo.

At midnight a delicious complimentary buffet of fruit salad cradled in watermelon Wells, cold roast beef, potato salad and other tempting dishes was served. Jose entertained as a future First lady would... divinely!

Our final stop was at GOLD STREET, which played host to a lovely crowd of hamburgen and coffee woflers and offered casual entertainment until the small hour of five (amen).

Transvestite certainly could stand some coordination. Buses of chartered ladies making clubs appearance, in more doors than one, gay person should better be able to come and go from many more clubs than is possible under the existing lines of pregramming. LINNER TO LUELLA.

All in all luella was pleased with the lovely people they showed to her Sunday night. To be sure, in the end we all went to the MAGIC GARDEN.
