Speaking of books, Luella's personal accounting but juicy paragraph during the forty-five minutes the hypnotizing novel in my lap. So entrancing in strangely compelled to repeatedly re-read one short, fact, that I suddenly realized that I had been fixated on my desk prior to this paper's press deadline.

The mood of the Thirties, as reflected in decor and fixtures, but yours are lovely. And all those marble parlours was most rewarding. I do so adore crystal heaven. Luella and all her Gay friends will return!

As a final note I'd like to commend the guys over at the Peninsula Gay Switchboard for the fantastic job they're doing. Their performance is proving to be of real service to the gay community.
