Editors of Gayzette newspaper recently announced acceleration of plans to install their medium in the hands of national distributors. The ambitious program required massive energy and a reliable rabbit's foot. Dedicated staff efforts notwithstanding, the project itself, unfortunately fell innocent victim to opposing and unforeseen circumstances.

If publishing the substitute San Francisco product, "Poop Sheet", conditioned the near cost of sacrificing Gayzette standards, then that small-scale contribution has rightfully been retired to oblivion after but one publication issue (May 6, 1971).

Organizational changes include acquisition of Gayzette by co-publisher Keith Wayne, who has assumed sole publication responsibilities with this issue. Dick Jay, former co-publisher, has announced formulation of plans to publish Gay Digest, a new effort. Gayzette will miss Dick and wishes him the very best of luck in his endeavor.

All-important surviving Gayzette objectives encompass revitalization of original policy concepts; more diversified editorial format; labor in the effort of a much more effective communication instrument for the Gay society; and promote vastly needed building of stability and community respect for the assurance and safeguard of a proud unity in our Gay community.

Gayzette is intended as the voice of its readers and advertisers. All contributing letters, comments and inquiries are openly invited.

The word "straight" is not the opposite of "gay"? Straight means: right, correct, usual, ordinary, normal, true, fair, honest, accurate, upright, reliable, candid. Its antonyms are: tricky, dishonest, crooked, nefarious, abnormal, deceitful, dissolve, unnatural, vicious (per Funk & Wagnalls). When we use the word straight, are we saying gay is abnormal and deviant?

The continued use of straight, it is suggested, has an undesirable subconscious psychological effect on the reader and militates against pride, self-esteem, and causes Gays to think of themselves in a negative manner. Straight is a "purr" word. Its sound is pleasant, and conjures up a warm feeling. It is proposed that the "scream" word "het" be used in place of straight. Het is non-prejudicial from the semantic... A LETTER...........

I know there is so much dissension in the Gay movement, because many Gay leaders have yet to accept and understand the value of other Gay leaders, they constantly bicker with each other.

In spite of this, the various Gay groups somehow manage to get together for joint policy decisions and elections. They do this because of the crazies who still try to divide them.

I don't know what can be done about this internal problem. I do have a solution for the San Francisco problem. The Gay Life and the Stud because of the crazies who still try to divide them.

Because many Gay leaders are jealous of the fame and prestige other Gay leaders, they constantly bicker with each other.

I know why there is so much dissension in the Gay movement. Because many Gay leaders have yet to accept and understand the value of other Gay leaders, they constantly bicker with each other.
