Letters

Editor:
Our general policy is to ignore unsigned letters such as that published in the May 20th issue of ADZ Gayzette. We feel obligated, however, to respond to the anonymous J. D., whose small closet window affords him a rather limited and distorted view of the real world.

J. D. maintains that the homosexual community in San Francisco cannot "get together." We think that the meeting with Dianne Feinstein on May 19th has illustrated again the fact that our community is very much together. Over 600 persons participated, including officers and directors of every homosexual organization in the city.

Tavern Guild and Metropolitan Community Church worked closely with SIR in planning and publicizing this successful event.

J. D. incorrectly states that the community was unable to get together for our international victory. The fact is that SIR, Tavern Guild, and CRH immediately got together for a policy decision which included a definitive plan for legal and financial assistance to those arrested.

J. D. apparently would have preferred something more theatrical, like a raggedy-assed parade or demonstration. Fortunately for Charles Christopher (the Stud victim who faces the most serious charge) SIR, Tavern Guild, and CRH do not have the option of selecting and have avoided any pointless actions which might prejudice a jury against the homosexual defendants. Our victory will be in the courtroom, and that victory will influence the judgment of police officers in future incidents long after the most imaginative demonstrations have been forgotten.

J. D. charges that SIR is a do-nothing organization. There are not enough pages in Gayzette for me to itemize the significant activities of Society for Individual Rights. Let me give you a few highlights:

- Our Political Action Committee sponsors an annual Candidate's Night prior to the November election. Candidates for public office come to our Community Center to talk to the homosexual community and answer questions.
- We grant our stamp of approval to those candidates who have indicated that they will work for us. These recommendations are disseminated to the entire community through direct mailing, leaflets, posters, tabloids and every other available means of communication, and to insure voting strength, our members become official registrants to sign up new voters.

With so much happening in our community to attract (and confuse) on-the-towners, ADZ felt it advisable to cancel (or postpone) Luella's birthday party. The event had been announced and advertised many months in advance of the weekend in question and had no other activities. ADZ sincerely regrets subsequent inconveniences.

Please make a note of a phone number change for Gayzette.....

Luella Parkons

Back on formula..... luella couldn’t be more emphasized over the renewed persistence of my editor to reserver. They realized after assistant soul (and cocktail parlor) searching that they had a royal leadership in Gayzette.

Guess what..... Another new drinking salon! Tead Hall, formerly the A & D at 482 Custer, opens May 28th. Their official grand opening, according to owner Tom Sanford, is set for Thurs., June 3rd with the "Cosmic Buffet," "Wind in the willows trips" til 2 AM (drawings) is featured for Fri. and Sat., and their "Sleppy Hollow Picnic" on that Sunday, Luella will be in to check on the fun..... and the boys. My fondest wishes for abundant success.

Watch the billboards for announcements of big things, on the immediate social calendar, at the Libra .

This excited girl was finally escorted out to Tucon’s for the most enchanting dinner evening. I have great love for Tucon’s and was especially enthusiastic over their delightful meal. These dancing waiters will certainly have gorgeous legs for summer as a result of delivering food trays from the downstairs kitchen. When can Luella have a peak?

LETTERS (cont'd from p. 1)

Suited, I can't write in this thing. I'd like to say something about the current situation in the gay community, but I'm too busy to do it right now.

The Levee is a popular gay bar located in downtown San Francisco. It's known for its lively atmosphere and diverse crowd. The Levee has been sponsoring free luncheons for the past several weeks.

The Alley Cat is another gay bar located in the Fillmore District. It's known for its unique decor and friendly staff.

I'm happy to see that there are still people who care about the future of the gay community. I hope that we can work together to make a positive difference.
