New Center

The Society for Individual Rights announces that it will be moving to a new center in October of this year. The members of SIR refer to the new location as a Community Center since they view it as an opportunity to not only vastly expand the scope of their own activities, but also to provide facilities for the use of other gay organizations.

The new building at 340 Ninth Street will provide SIR with approximately twice the space now available in the old center. The number of offices will more than double, and the auditorium area for meetings, dances, banquets, etc., is at least twice as large as that currently in use. These new facilities will provide a new kitchen to improve the facilities for serving meals such as the Senior Citizens luncheon, a regular Wednesday event at SIR. Also, there will be a new lounge with television set and pool table for those who wish to relax in an informal fashion.

SIR members plan to design the auditorium area with folding partitions so that the space could be divided up for several gay organizations to hold meetings or classes simultaneously. Separate office space will also be provided for the Tavern Guild of San Francisco.

The new move for SIR is a vast expansion of their own activities, but also an opportunity to not only provide facilities for the use of other gay organizations.

SF Finalist

Thom, currently a candidate in the "Mr. San Francisco" contest, was qualified as one of six finalists out of 25 entrants in the "Groovy Guy" contest last Sat. night at the Los Angeles Sheraton Universal Hotel.

Thom is a bartender at the Round Up, also his sponsor at Los Angeles.

The other five San Francisco applicants for the Groovy Guy contest were: Dick, Hunky Guy No. 10, sponsored by Page One; Ken, Hunky Guy No. 13 and 1971's first quarter Hunky Guy winner, sponsored by Bob Danzere; Address Book; Dennis, the Alley Cat; and Gary, Town Squire. Miss Gazette, also representing San Francisco, received honorable mention.

General comments on the Groovy Guy event indicated that the contest had apparently lost sight of the original policy of selecting groovy guys and concentration had shifted to muscle builders exclusively.

Congratulations on making the final eliminations, Thom. Gazette is proud of all the guys who represented our Gay City.

GIs Sought

Under the auspices of the small activities committee of the Society for Individual Rights, an organization is being formed for those members of our Armed Services. For active duty with a branch of the original information call 781-1570.

New Base

For the convenience of customers, ADZ-Gazette is opening a downtown advertising sales office. The office is located at 805 Market St., Room 160 and the operation Mon., Aug. 30th, office hours will be from 10:00 to 7:00 pm, Mon. thru Fri. The new telephone number is (415) 861-6400.

Hot Pants Match

The Coits have announced an added feature for their bowling tournament on Sunday, Sept. 12 at noon at Park Bowl: a "Hot Pants" contest with the winner to receive an appropriate prize. The cool attire is not mandatory for bowling entrants but competition in the contest will be limited to persons bowling in the tournament.

In addition to a plaque for each bowler on the team with the highest handicap score, individual cash prizes will be awarded to the following:
- highest handicap series: $50.00, and $7.50 for 1st, 2nd, and 3rd places respectively.
- highest handicap games: $25.00, $10.00, and $7.50 for 1st, 2nd, and 3rd places.

The bowler with the highest scratch series will receive $15, and the highest scratch game wins $10.

Entry fee for the tournament includes lunch. Individuals and teams interested in entering the tournament or in obtaining rules for it may do so by addressing The Coits, PO Box 513, S.F., 94101, or by contacting any member.

Rick Wins

A fine dancer's body has he! Rick, the newest winner in the "Mr. San Francisco" preliminaries, enjoys swimming, boating, and bowling. Our Gemini also is enthralled with musicals and good drama and plays the guitar.

Currently, he is a Dial-A-Model.

The Cow Palace played host to this segment of the "Mr. San Francisco" run-offs on Thursday, Aug. 19th.

Memo

WITH THIS ISSUE, ADZ-GAYZETTE RESUMES WEEKLY PUBLICATION.

CAEN

HERB CAEN 8-24-71:
..."Plainclothes police in the Tenderloin, on the prowl for homosexuals, might want to know that their cover has been blown. Their "uniform" -long blonde hair, white pants, tights shoes--can be spotted a mile away by veteran cruisers, who mince rapidly in the opposite direction... (Don't you DARE lower your voice to me, Bruce)!

(Ed. note: Herbie, are you sure they're all blondes or is that merely your preference?)

Remember ?.... To Register
Dear John:

After 3 years now, my lover and I have agreed to follow some new standards and really fill our place. We've been very busy together and we've both basically gotten into a relationship where we want to buy everything together and share the bills when they come in. I understand that this was not your idea, but I have nothing against it. What do you think?

Alone

Miss Gayzette's SPEAKS

"Hi There!"

Labor Day was very nice, although the holiday is ending the activity for many of us. It is the beginning of a fall and we should all be excited about the elation aftermath.

Opening the season in Central, Miss Gayzette L. B. E. (Central Bay), as usual, has given us something to look forward to. The program for the event will be filled with the rhythm and music that will appeal to everyone in attendance.

I'm really looking forward to seeing everyone there, if the Central Mini Band and the Central Mini Band can assist.

DELUXE & TURBOGAGING. Can any case of V.D. or syphilis be detected by a blind test? Yes, according to recent research, a blind test can be detected by a blind test. In the first phase of the experiment, samples were taken from a solution and a blood test to determine the presence of the disease.

The much more prevalent form of V.D. is gonorrhea, which can be detected by a blind test.

By the way, I'm glad to hear that you're still active in your volunteer work. It's nice to know that we can still have fun together despite the challenges.

(To be continued)

Debate

The Gayzette has been entertaining like the real "civilizations" enjoyed and has been entertaining like the real people enjoyed. While it may be a little too mild for some, it has been entertaining like the real people enjoyed and is absolutely worth your while.

If you have any comments, please contact us. We hope to hear from you soon.
