Lady Returns

Without advance warning, the hypnotic and exciting Luella Parkons wandered back into our midst. Inquiries regarding her absence have been numerous. From here, we shall let the daring lady reveal the mysterious and exciting adventures that have kept her away for too long.

Welcome home Luella... we've missed you!

Good Day

After recent publicity in Gayzette featuring the problems of the Gay influx into the Castro area, this paper is pleased to observe that the merchants have become organized. Their discernment toward the issue, and their progressive move to form a merchants association are commendable. Creation of the new body indicates that members are in tune of, still another "fresh and exciting" parade; dance saloon or naughty bouffée game.

Several times I had attempted to take leave of the week-end gathering of male vultures, all guests of my "Romeo" in upper Castro area, this paper is pleased to observe that the merchan­dess of the Gay influx into the community as a whole. The Gazette staff has vis­ited the Castro clubs and is gratified by their overwhelming warmth and friendliness. Rediscovery of the enchant­ment and spirit of Castro Vill­age is a fulfilling experience for everyone who has enjoyed the variety of activities offered by imaginative Castro hosts.

Congratulations Castro for recognizing the problem, and above all ACTING; concern we haven't observed for a longtime.

Polynesian Mary's at 154 Mc­Allister St. with booze and lunch also served.

Sandy and the All-MEN-NEeT West Coast Cowgirl contest, Dana, is bartender at Page One, who served 293 for Helen. Get well soon! !!
Women

Gay Win

Women a returned for gay women.

How very strange, I mean. I've had so many demands from men making comments about everyone's sex that it is funny, while there is a certain amount of unpleasantness and so on when they start calling the gender identity of the people in the room. Women are often subjected to a certain amount of sexual harassment and sexism even when they work for women themselves. It is quite a challenge to be a gay woman in this society.

A nice fantasy. Well, really. I don't know what to say. I'm just not sure what to do. I just don't know where to start.

Ideally, I think, this column is meant to be. Unfortunately, I have about as much success with my readers as with my rapier-like sarcasm. I told you I had failed in the right place. "You did!" "I know, I know!"

Gay Win should be something of an interesting experience, even if it isn't always fun.

My impression of the GAYZette is oriented, but it somehow doesn't quite make sense to me. "Yon did?" "I don't know. What's my deadline?"
