A Political Affair

S.L.R. CANDIDATES NIGHT

Wednesday Sept., 15th at 8:00 P.M., various candidates running for political offices in San Francisco addressed a well attended assembly at S.I., R., Centre. This writer believes that the Gay Community has come to realize that the same parties are running for the same offices, who they are voting for, and that the words of the record may well have been rehearsed by the candidates. Each time with a different personality attached with this writer is that the same Alliance members that were attending Candidates Night, Gays throwing out Gays is a serious business. Especially using the police to achieve it. According to Rev. Ray Bernstein, President of C.G.A.A., there was no cause or provocation to warrant the situation.

Unfortunately, the impression left with this writer is that the same phonograph record (Worn out) was played many times. Each time with a different personality attached. Further, it appeared to me that the same words of the record may well have been rehearsed by the candidates. The candidates are to be congratulated for their participation in the meeting, but then moved on to another subject rather hurriedly.

Many people have inquired as to whether or not Gayzette will advertise candidates. The answer is of course yes. Please do not take an advertisement as an endorsement.

Just before going to press, this paper was informed that the paper was informed that the Gayzette is so close to the police. Due to the fire of questions. It appears, however that the meeting could not beega, and that the Police representatives that really have the chance to listen and act were not present. Below are the names of persons that were invited and accepted, but could not make it.

Capt. Kirby
Capt. Wm. Conroy
Inspector Wm. Bigarani.
