As I am sitting here at J. P.'s, in Smoakie reflecting in my mind the events of the Beau Art Ball... and seeing my hangover with a little “pick me up”, I can’t help but be proud to be a part of our community.

All conducted themselves in a dignified manner. The Tavern Guild board members and others who assisted with the ball did a great job of organization and each committee member went out of his way to make sure everyone had a good time. I want to thank Bob “Sweet Tom” and Alis Cassey for excusing me to the Ball. They both enjoyed themselves, too.

The Empress Candidates were especially beautiful as well as our past Empress Grand Duchess Empress Joie looked “great as always.”

After the Ball we went to Gold Street where we were given a royal welcome by our hosts—Don Banks, “Little Joe” and Gary Sclmider, Roxanne stopped the show when she made her entrance. Many people in the audience at one stroke as she made her way to the stage. Her gown was absolutely nifty, her personality to be believed.

From Gold Street we dashed across town to “On the QT,” where we managed to shake up “Mother Phyllis” who was carrying on like “absolute trash” as she made her grand entrance! Warren, the manager, looked exactly like a hippie diesel dyke. I must say this: “Shirley” is nectarier than me!! What do I do now?

Her gown was absolutely magnificent. Her gowns this year, as always, blew everyone’s mind as the “Roundup” in Gold Street.

During the hectic evening I must mention the “Unique” Reverend Mother Alyce. She knows everyone’s mind as the “Black Water”...just too much for Dixie.

As previously announced, The Gayzette will be omitted the first week of each month.

The Pilot Issue of ADZ Times was a marked success and was distributed throughout California, Oregon, Washington, Colorado and in portions of New York, Texas and Missouri. We would like to thank all of those lending their support to the new “Times.”

What are getting myself today? I've probably already played the office filing game, too. This is where people would be "in and out". They'd come into the office, make a phone call, and then leave. Then they'd come back, make another phone call, and leave again. I think this is better than earning a buck...

I'm sitting on the bus to the office. I'm still talking, and then I'm not... I'm still talking, and then I'm not... I'm still talking, and then I'm not... I'm still talking, and then I'm not... I'm still talking...

As the bus pulls into the station, I'm thinking about what I should do next. I could call my friend, or I could go to the store and get some food. Maybe I'll just stay home and read a book.

Regardless of what I decide to do, I know that I'm going to enjoy myself.
