PARADE: JUNE 25

GIANT GAY DAY '72 PARADE LESS THAN TWO WEEKS AWAY

The Christopher Street West-San Francisco Gay Parade '72, is the Sunday after next, June 25th. The colorful extravaganza begins at 2 PM in the heart of the financial district, at Pine and Montgomery, southward to Post, westward to Grant, then south again to the longest stretch of the Parade, O'Farrell Street, where it will head westward to Polk Strasse, and southward, passing in front of the City Hall Reviewing stand.

There will be seven trophies given for the various entries, and that includes everything from marchers, to floats, to horses and costumes.

The judges for the event have been selected and will include: 18th Assembly District candidate, Joan Irwin; Christine Lund of KGO-TV; attorney Sal Balistreri, and others as well. The reviewing stand shall include a host of luminaries, which will be an event in itself.

At the last meeting of the Parade Committee, particular praise was given to GAYZETTE for its support of the Parade, by the members present, with the Parade Marshall, Reverend Ray Broshears, calling "Gayzette the unofficial 'voice' of the Christopher Street West Parade", and the Committee giving that statement a round of applause.

GAYZETTE has been honored to have the CSW-SF Parade officials show so much confidence in the publication, and Gayzette has thusly endorsed the Parade and will have an entry in the Parade.

At that same meeting, a budget of well over twelve hundred dollars was approved for the printing of the Parade program, which, it was disclosed, will be put on in newspaper tabloid style, sixteen pages, and twenty thousand copies being printed. The advertiser's monies have gone to pay for all Parade expense, plus the program called GAY PRIDE, and to pay for the band and the rental of the huge Friends and Relations Hall (formerly the Family Dog), which is located on the Great Highway at Playland, (near Land's End), for the giant Gay Liberation Dance, which promises to be the social event of any year in San Francisco.

The Parade, expecting to be over by 5 PM, and the Gay Lib Dance to begin at 7 PM, with a \$2. admission at the door, with all profits going to the Gay Social Services groups in the City, (ie. Emmaus House Gay Switchboard and Liberation House, and the Metropolitan Community Church Social Services fund, and some to the Community of St. John).

Rev. Bob Humphries and H. L. Perry, co-chairpersons for the Parade Committee, informed the GAYZETTE, that the Parade is just barely making it thus far, but, chances for the Parade being completely out of debt prior to the Dance are doubtful.

But, Reverend Ray Broshears stated that he did not go along with them, for he felt that the Dance would be 100% clear of debt from the Parade, that advertisements from various businesses had been coming in

WORLD OF ENTERTAINMENT

WALKING OUT OF STEP

"Walking in My Time", currently at the On Broadway Theatre, is billed as a musical odyssey and is in fact more of a musical oddity. The music is not quite rock, the plot not quite today, and the performers look more like the "Young Americans" rather than the would-be turned-off generation. The entire production, unfortunately, is just too goody-good to be believable!

The plot involves transients at the New Time Jesus Church in somewhere, U. S. A., and the ever-so-brief love affair of two of its boarders. The book and script by Nancy Auldin leaves most of its characters undefined. There is little development of the principal roles with the exception of Heather and Memphis (even their love affair is confusing and meaningless).

The performers, although consisting mostly of new arrivals to the professional stage, have a distinguished list of amateur accomplishments and are excellent. The one notable exception is Greg Bell as Memphis who is unconvincing as the

southern nomad. Noteworthy of individual mention is Hope Alexander-Willis as Heather, Robert Ari as Benedict, Adrienne Moloney as Tina and Michael Owen as Brother Jay. Their performances are refreshing and convincing in the limited realm of their characterizations.

The music by Nancy Auldin and Nicola D'Amico is interesting but not consistent. "Eggs Benedict", "Dear Mister President" and the title song, "Walking in My Time" are by far the best.

The choreography by George Jack is reminiscent of "Oklahoma" and "West Side Story" and comes off more like a Las Vegas Revue rather than an incorporated feeling into the musical numbers. Although energetic and crisp, it is often times frantic and redundant.

ties with people being late (especially queens) as this causes a back-up, but for heavens sake, have the decency to tell customers who have waited the reason for the delay.

From my many years of patronizing gay restaurants, an important point that any establishment, gay or straight, should stress is the proper training of their help. So many of the places in the bay area tend to hire beautiful young men with qualities other than pleasing people in a manner pertaining to the food service industry. For instance, I was having a chick-

en dinner one night, and asked for a glass of white wine. When it came it was almost warm. When I complained to the young man, he said "No one has told me it has to be chilled." The management had hired him because he was very heavily endowed, and was told to show up for work in very tight pants, and that previous experience at waiting tables was not necessary. However, the management did not shrink from charging \$3.95 for the dinner. (That's high for chicken.)

That brings up another point,

Post script. . . . At press time I understand "Walking in My Time" is undergoing changes. Hopefully a better production is in the making. . . .

"OUTRAGEOUS . . ."

On an outrageous, fantastically beautiful Sunday, any excuse for a party will suffice. How about Jack R.'s and Jim K.'s "Kitty Kristening"? The kitties and a real live rabbit may not have been christened before the party was over, but most of the guests were with cases of champagne, literally. Merci beaucoup, JR and JK.

One of the more dramatically outrageous aftermaths of the "Kristening" was an impromptu flight to Hawaii by Reggie E., Samantha F. with Bob, and, of course, our colleague-columnist Trixie Turner. How's that for a "Mint Flavor"? Let's hope they enjoy where they are before sobriety and the reality of such "Mame" madcap-carpades thunders into an outrageous champagne hangover.

Speaking of parties last Sunday, there were also the City Player's affair following the "Aida" benefit and barber Freddie F.'s fortieth b-day, the latter with 40 guests catered by Lovely Laura. Oodles of others also, no doubt, but who can keep up!

As for Laura, that's a new mink, isn't it? Guess 'she' won't be borrowing mine anymore. "She" met the handsome gifter at the Ambassador! How outrageous can things get?

Jose' and cast's production of "Aida" was indeed a personification of the definition of "c-a-m-p" which is so hard to put your fingers on. Magrificent, outrageous fun.

About that new "shiner" Michelle is sporting, there's got to be an outrageous story behind it. This one certainly doesn't look like the consequence of a back-stairs fall!

While we're mentioning Michelle, has any cast gotten more mileage out of cast parties, buffets, picnics, dinners, and more parties than the "Dolly" crew? These kids must be thoroughly exhausted, and maybe even a little tired of each other . . . ?

Norm Williams has posed for a centerfold layout (a la Burt Reynolds). What's he doing with it? A birthday present to himself?

Viva loyalty! Fantasia (remember all those doves of yesteryears?), ex-Mayor Shelley's neighbor, and the winner of Herb Caen's Thorstein Veblen Award for Conspicuous Consumption for his "\$100,000." plus Christmas party this past season, recently birthday gifted a fellow ex-Chicagoan with a new Jensen at a Blue Fox party. A Jensen is a British import (auto, not boy, though I wouldn't know one if I saw one) retailing for roughly \$15,000. Despite past differences, it would appear that donor and giftee are at least friends once again.

Now then, there's the Covered Wagon! Let's call that Animal Power. Thankfully, all copulation doesn't populate.

This is "Save the Stanislaus Week". We heartily urge your support in preserving our last year-round white water recreation area from becoming still another deadwater dam by petitioning a halt of the scheduled-for-this-fall construction of the New Melones Dam on the river in Iron Canyon. The trend toward better health and nutrition habits is increasing daily. Gay individuals have always taken exceptional pride in their appearances, but more so than ever, find health aids greatly improved and medicinally and scientifically beneficial.

Hollywood's Bob Cummings, a household bi-word two decades ago, has emerged again as an example of extended youth. He has capitalized on his youth formulae by packaging his proven food supplement for national distribution through dedicated agents such as San Francisco's Rose Gluckman.

Gayzette interviewed Miss Gluckman, a former entertainer, and was convinced of the complete balance of supplement offered in Super-Pack. Samples of various capsules proved to be unbelievably fruit flavored as well.

We were pleased with Miss Gluckman's presentation and enthusiasm for a more far-reaching message on the timely application of better health habits through advanced study on food supplements.

The bouncy Miss Gluckman invites informal visits and any inquiries at her 1090 Post St. suite or by calling 776-4185 or 771-7437.

Hopefully we may now have a few months' respite from the unreadable, unpalatable BS and political propaganda (gay?) which has stench our various fun and free Gay papers for so long. Do even the editors read that shit?

The June 6th Primary Election suggests a multiple-answer quiz question: (circle one or more answer)

"The potential Gay voter:

(a) is not registered to vote, an inveterate transient in fact.

(b) is too apathetic and indolent to go to the polls but fond of making a lot of noise about his "rights" etc., etc.

(c) is prone to vote, if he does so, reflecting his independent, private conscience without heed to various self-appointed community "leaders", propagandists, endorsers, and ministers of militancy, anarchy, and negativism ad nauseam.

(d) refuses to be labeled or stereotyped and permit his private sexual orientation to be exploited or used as a tool to further the outrageous ambitions of persons itemed in "c" and the candidates they promote, "up front" or otherwise.

(e) is an enigma defying analysis so that soliciting his "gay vote" per se is an exercise in futility.

(f) is none of the above. ??? "

Your answer to the above question and your votes in recent elections reflect your astute use of so-called "gay power" to date.

Now that Sea Cliff resident and Club Turkish Baths owner, Bill Hickok, 59, has been indicted by the Grand Jury for

income tax evasions from '65 through '68 in the amount of \$128,578., (as reported by the Chronicle), I can't wait to learn for which office he will be endorsed by those fanatic champions of liberal candidates who are professionally pro-Gay regardless of their backgrounds or platforms. Perhaps they'll wait until after he has done his time, if he is guilty, a la Hallinan and Balistreri.

About the latest and previous issues of B.A.R., why doesn't Don Jackson do all of us a favor and peddle his sensation-

alism in L.A. or somewhere where a readership might be gullible enough to swallow his outrageous distortions of fact? It always seems necessary to wade through his garbage on the front pages of the paper to get to that which is more reliably written. I'm surprised that W.E.B. took the bother to challenge his "Hoover" and "Spies" stories. Previously we had "Castrations" and "Pickets at the Y" and now, what is for him "The Great White Hope". Wooooee!! "Gay ghetto" indeed.

Well, summer is almost here and the name calling has begun already. It seems that there is a BITCH who is, I guess, holier than thou who feels she has the right to call other columnists bitches. Anyway, Chuck, we really don't consider you a bitch and you shouldn't concern yourself with other people's jealous fits.

Well, on to nicer things. I was in the Mint the other day and overheard a strange conversation. There were these two people at the bar and one said to the other: "Old stars never die, they just retire to the Fickle Fox." I didn't know that, Dennis.

The 4th Annual Merry Awards were held on June 10th at Mildred Pierce's house. For those of you who do not know what the Merry Awards are; well, they are awards given by the producer and director of a show when presented by SIR, provided certain people are connected with the show. These awards were for the "Hello, Dolly!" production and it seems all the right people were connected with the show.

A thank you to Trixie Turner for a wonderful Sunday afternoon. I really enjoyed myself, and so did James. Speaking of James, I would like to extend my congratulations to him for completing all his home work. He now is the owner of a Ph. D. in Education, and to celebrate it, he is taking yours truly to Europe.

For any of you who may be interested, our Ex-Miss Gayzette I is now in the movie making business again. I'm not sure what type they are, but she told me they would receive a rating of X U. Perhaps she and Carol can get together and compete for the annual three-time loser award of the year.

The Jackson's Annual Roller Skating Event is once again upon us and this year promises to be more fun than ever. They promise to have a cast of several well-known celebrities skating for them. Is this event late or early this year? I'm not sure.

Thanks to Chuck, Fern, and Roger for the lovely cocktail party they gave the other day. It was well received by all who attended.

Is Jose losing her mind these days? She is announcing everything except things she should announce. Or is she on a different level than the rest of us? Oh well, congratulations to you and yours and best wishes for a longer and happier life, you two??

For all of you stars out there who haven't faded to the Fickle Fox and Dennis, the Mint is still featuring sing-along on the piano on Friday and Saturday nights and now Sunday afternoons. So, if you aren't a faded or jaded star, stop by the Mint and sing a song or two. You would be surprised who may be there watching you.??

Has anyone seen Nancy lately? She never looked better as a boy than she does right now with the hair on her lip. I wonder if it has anything to do with Faye wanting to do a

male role on stage or in bed? I can't remember which it was she told me she wanted.

Welcome back, Kenny. Hope you had a lot of fun. Patty and Fern I hear have made it back from Mexico looking the same as ever. I wonder how they left Mexico? Ray P. has gone off to Europe to practice his next speech which he hopes to deliver since he was unable to deliver his last one.

For the bit part players, there is an audition coming up for "Mame" on June 25, 1972, at S. I. R. Center. All those interested in bit parts, or should I say small parts, please attend.

Well, I am off to pack my bags and run off to the Continent for a while. I shall try to write to you from there and let you all know what you are missing.

Til then,
Love,
Diana

namely charging high prices for canned soups and vegetables. If restaurants want their reputations built on quality, they should strive towards the best in food, service, and courtesy. What a disappointment a dinner can become after the chef has gone to the trouble to bone out a breast of chicken, make a fabulous sauce, and then serve canned vegetables or instead mashed potatoes along with it. Most people are more than glad to pay a little extra if they feel a real effort has gone into the preparation, and nowadays, believe me, people are aware of and prefer quality.

This column is not directed toward any specific restaurant, but rather intends to generalize for the sake of a better understanding between patron and restaurant staff. Next issue I shall bring you a look at the other side of the coin. Laura

Caught Jose! in "Aida" last Sunday. It was my first exposure to Jose! He's incredible! I predict Faye will forget more lines in the future with applause like that. Still think that Nancy had that part though - - being bathed by Everett. The show was great. Congratulations to all involved.

Weekend after next will be a busy one - - The San Franciscans' Ecology Run on Fort Funston starts at noon on the 24th. It's nice to see so many people interested in keeping our city beautiful and thanks to the San Franciscans for taking a worthy project like this in hand.

That same night, Perry's First Annual Cinderella Ball will be held at the Fairmont. Let's hope Nob Hill is ready for all of this. Good luck, Perry.

Then on the 25th is the Christopher Street Parade, as I'm

sure everyone is aware. I, myself, will be participating in the parade and am amazed at the number of people who are involved with it. Perhaps we are getting ourselves together at last, as we have all been preaching - - let's hope so at least, and let's all get out and show that we are supporting it. Also, let's

hope we remember after the parade is over, just what we will have accomplished. Ten years ago or so, we had several groups formed to seek equal rights for the homosexual as a group and as an individual. Today we are riding a wave of popularity. A great deal has been accomplished for the gay community in the last ten years that has had worldwide impact. With continued support, the next ten years should bring even further accomplishments for an understanding of the homosexual by the rest of society.

HAWAII COMES TO SAN FRANCISCO

"Hawaii Today" is a show now playing at The Village starring Prince Hanalei. This has to be one of the best shows this writer has seen and I have seen a lot of shows.

There are so many dance numbers it's hard to say which was the best. The work that must have gone into this production comes through to the audience as not only are the routines good but each member of the cast works hard to back up his fellow member. There is a lot of togetherness and this is one commodity that is needed to make a show a success.

The show opens with the Hawaiian War Chant which is a Hell of an opening number, and gets better. This number is usually saved for the end of a show.

The Pearls of the Pacific who are boys) dance you through a history of Island dances which is enchanting to say the least.

All of the numbers are backed up by a group called the Hawaiian Expressions which in themselves are worth the price of admission. They are so "with it" they could give lessons on how to enchant an audience of ALL ages. Miss Takako Amano does a wonderful Kuboci Dance with poise and grace seldom seen and looks like a Dresden doll.

Then all Hell breaks loose when Prince Hanalei hits the stage. This man shakes more parts of his body than I know existed, half the time on his head. He ends his act with a fire dance like no other I have ever seen. You have to see the Prince upside down with his tail on fire going in two directions at the same time!! It's unreal.

How do you follow an act like that? You take a lot of people who work well together, have talent, put them in grass skirts and do a Tahitian number, add great sound and you end up with one happy audience. This is all done to Volcano and Tropical background which you can practically smell even though it is plastic.

A big hand to the one who did all those beautiful costumes. The Pearls of the Pacific change so often I lost count. Each outfit is explained as the dances take you on a tour of the Islands. This wonderful experience, under the leadership of Tiare, also brilliant choreographer, closes June 24th as it has been held over another week.

Macy Williams has been industriously rehearsing, as an added attraction to the production, for the June 20th to 24th extension of the local engagement.

The group is booked for the Paradise Room at the Flame Cafe in Minneapolis beginning June 29th.

If you love Hawaii (as I do) you will enjoy Hawaii Today!!

WHAT'S IT ALL ABOUT??

The biggest news on the peninsula right now is the Mr. Peninsula Contest which was held at the Bayou last Monday night. There were some gorgeous bodies for the judges to choose from, though the judging consisted of best dressed in a suit, sports outfit, and swim wear and, of course, personality.

Mikel Wright of Le Cabaret was the winner in best suit, best sport wear, and finally Mr. Peninsula himself. Jim

of the Locker Room won the best swim suit (gorgeous attire). First runner-up was Dan.

Everyone had a marvelous time especially since Bashka and Perry were hosting. Yours truly got loaded before the night was over with everyone buying drinks for everyone else. The highlight of the whole evening was Mike, the female cook, making her entrance as Contestant #69.

Also, the Garden in Palo Alto had its grand opening last Friday night. This is a small place, but what a crowd it had that opening night. They have a real garden for the customers to stroll around and a swing that looks very much like something out of an old Jeanette MacDonald movie. Of course, Gabrielle had to try it out for size.

Coming up this weekend, Bashka, Storm, Craig, myself and others are putting on a show at Cheryl's Place in MODESTO on Saturday to help them have a very Grand Opening. Czar Dee may even be talked into coming out of retirement and performing a number or two on their luxurious stage.

On Sunday night, the Bayou Lounge is repeating the same show which was doing in Modesto with the exception that Gabrielle will be there also. This is going to be a charity show with all proceeds going to the Redwood City Policemen's Little 49'er League. Everyone's participation will be greatly appreciated.

Quickies - Thank you, Sir Michael of the Cabaret for letting me know the definition of "Left Handed"!

My thanks goes out to everyone who assisted me in getting such a good show performed at the Cabaret's anniversary. Thanks, Jim, and thank you very much, Empress Jonni, and everyone down here on the Peninsula who helped. I love you all!!!

MR. GAYZETTE INVITES YOU TO AN INFORMAL CHAMPAGNE RECEPTION IN HONOUR OF THE EMPRESS OF CANADA

WEDNESDAY
JUNE 21, 1972
7:30 P.M.

DAVID

"HUNKY GUY" NO. 38

David arrived on the San Francisco scene 7 years ago from Ohio. He is a bartender and for 5 years has exuded his Libra charm over his patrons at the Rendezvous, Wednesday through Saturday, 4 PM to 2 AM.

Surfing, water skiing, swimming, baseball, and theatre are his favorite extra-curriculars. To pursue an acting career is a fond dream.

David is a candidate in this year's Advocate's Groovy Guy Contest in Los Angeles.

David is a happy self-styled host and enjoys meeting people. At present he is neither the determined pursuer, or pursued, in the romance department.

His response to the stock question: "What do you feel would benefit the Gay community right now?": The Gay community would benefit by better understanding and harmony among all factions of the community.

Rex Hart

Hart

(cont'd from page 4)

He must actually believe that we are "suckers" in more than the sexual sense. Aw forget it. I only wish Gayzette were above printing similar rot (and written in the third person yet!).

Chuck Thayer, welcome. Your effort is very gallant, but the cause perhaps beyond repair.

And to Monty, thank you for stating and getting printed what the rest of us have known all along about Perry and most especially his fiasco at the Bashka Show. His Cinderella Ball portends a midnight nightmare.

I can understand Sheriff Hongisto being featured in the July Playboy, but what's this anonymous thing in my mail - "Why Elect An Emperor?!"

A very happy Father's Day to those of you who are parents and to all of you who are aspirants as well. Isn't any bar or group using the Day for a promotion?

The sneak preview at the UA Stonestown on Friday, 6/16, is "The War Between Men and Women" with Jack Lemmon and Barbara Harris. The story is suggested by the writings and drawings of James Thurber. Our reaction following the trade screening in L.A. some months ago was only luke warm.

Space permitting, a few comments next time on a "circus sideshow" which calls itself the "Christopher Street West

Parade" among other things. Can you believe those "press releases"? "Children" love a parade, especially if they may be in it.

We might have used the word "outrageous" in this column innumerable more times, no doubt, but with due credit to Ms. Chisholm's campaign, enough is enough.

DALLAS

"HUNKY GUY" NO. 37

Originally from Texas, Dallas has lived in San Francisco for 10 years. He is a Gemini. For 4 years Dallas was a dancer on our local scene.

In 1972, he was first runner-up in the Mr. Gay San Francisco contest. He was Mr. Hot-Pants in 1971.

Dallas holds the un-official title, "Oldest Go Go Boy in Captivity".

Currently an Eddie Van model, he has also been engaged as a bartender.

His special interests include music, sunbathing, weight-lifting and spectator sports.

Dallas would like to own his own business and would just like to be happy and love his neighbors.

He believes the answer to a lot of our community problems could be solved in "working together and not fighting each other so much. The individual should just be himself."

NEXT ISSUE: More on John, no. 36 and David, no. 38. Also, a new face on our cover.

A special thanks to all those in the gay community that have shown me kindness.

The Gay Parade

(cont'd from page 2)

for Gay Pride at a rapid rate the past couple of days and that the huge full page ad taken out by the Advocate has saved the day for the CSW-SF Parade.

Broshears also said that some late entries for the Parade have been extremely helpful such as the "Hello Dolly" float, the City Player's "Mame" float, the Bashka Touring Car entry representing the Peninsula, the Alice B. Toklas Memorial Democratic Club float, and the superb Metropolitan Community Church of San Francisco entry. Humphries stated that the most colorful entries that he has seen will be the Bachelor's Club Mounted Posse headed by Mr. Cowboy, "Sheriff" Ken Rector, and Cecil on a Tricycle, a holdover from the Memorial Day race.

H. L. Perry says that the entry of Dowager Reins Rachel of San Jose will be the best as far as color goes, but added Perry: "Just watch my own entry, honey, you will all stand up and take notice." Perry is extremely flamboyant, as we all know.

The Grand Marshalls, Morris Knight, founder of GLF in Los Angeles, and Ms. Frieda Smith, assistant pastor of Harmony MCC in Sacramento, have both elected to walk the Parade route so that they can try and shake hands with people along the way.

The Rev. William Johnson, United Church of Christ, will be an honored guest.

Mr. Gay San Francisco, Jim Halliday is supposed to have a mounted posse, and the Empress Jonni and Court will have a most regal entry. Serious thoughts will be given to the Parade watchers by the entries of the Gay Prison group called "Join Hands", which have a most colorful banner and will be a marching entry, as will the exciting Gay Emmaus House entry.

GAA, due to the loss of its Parade co-ordinator, Gina La Rev. Ray Broshears

Rouch, who is in the hospital in serious condition, will only have an automobile entry instead of the grand elaborate Gay Liberation float that they had been planning on.

Lorelei of the Ramrod and BAR will be riding in a convertible as will many Gay luminaries.

The Parade will have many different entries, reflecting the many walks of life within the Gay community. The Committee has been insistent upon the participation by all groups and that no one single "clique" or group would be allowed to come into the Parade Committee meetings and dominate the meetings by saying "this group cannot be in because it does not reflect Gay Lib" or "that group can't be in because they are radicals".

Rev. Ray Broshears has said and the Parade Committee 100% supports it, that "this is a Parade of Gay Freedom, and that means that all Gay peoples from all walks of life shall have the right to represent their community or lifestyle within the Parade as long as it does not cause trouble with the Police.

Drag Queens, the leather crowd, the bikers, the high-campers, the militants, the radicals, the status quo-ers, and all, are participating, for this is a Gay Parade for all Gay People and not just those who present our political or social way of thinking. I am sorry for the few who have chosen to exclude themselves from the Parade because they are so steeped in their ego-tripping that they cannot realize that what is best for them is not necessarily the best for everybody and have no tolerance of other's way of life."

Truly, San Francisco, the "City that knows how", is putting Los Angeles and New York to shame this year, for we know how to "get together" and join in a show of solidarity to the heterosexual community that Gays can get the job done. Christopher Street West... the Gay Parade '72 is truly a San Francisco Experience.
