LUELLA RETURNS
TO TALK ABOUT THE EMPEROR
A panel of judges will privately interview each finalist, and at the Coronation, will select one candidate, based on a question answered before the audience, and the interview. Balloting from the audience, combined with the Judges decision, results in the crowning of the community's choice of Emperor.

Not intended to over-shadow the lovely illusion of our Empress, our first Emperor would stand magnificently in the center of the "pride" spirit that demonstrates to the cloistered world around us that we DO contribute purpose and strength to a community.

The Emperor Council, made up of representatives from every corner of our community, with the Emperor as their spokesman and leader, will govern the policy of the Office of Emperor and coordinate the means of resolving the scattered needs of our community.

The Emperor program is designed to benefit each individual, all groups, organizations and businesses. Active participation, by everyone, in a one-year work study of the program will produce a realistic and toward the achievement of unity. At the close of the Emperor's first year, all the Office of Emperor would effect the changes that would create improved guide-lines for the second Emperor.

Lucia is extremely proud of the committee for all of it's efforts, and urges each individual to become familiar with their marvelous presentation to the community. This is a beautiful opportunity to discover, TOGETHER, how we might expand our personal outlook and look our image. If interested individuals are unable to attend open meeting to become enlightened, there is detailed material available in variously any of the many businesses, or by special request of the Office of the Emperor, 526-1507.

We have a tremendous burden... the first step has been shown to us... let's prove that we can walk the rest of the way... in pride.

LOVE, LUELLA

You miss me, Steve. I'm sorry. I wish you could have seen me recently. I've been doing some research on your situation and I've come across some information that might be of interest to you.

The first thing I want to mention is that your mental health is very important and if you're not taking care of it, it could lead to some serious problems. It's important to talk about your feelings and to seek professional help if you're feeling overwhelmed.

Additionally, I've discovered that there are a number of organizations and resources available to help people like you. For example, there are hotlines that you can call to talk about your situation, and there are also support groups where you can connect with others who are going through similar experiences.

I understand that you might be feeling a lot of pressure right now, but it's important to remember that you're not alone. There are people who care about you and who want to help.

I hope that this information is helpful and that you're able to find the support you need. If you have any questions or concerns, please don't hesitate to reach out to me. I'm here for you.

Sincerely,
[Your Name]
