**Clinic benefit honors Del & Phyl**

Rita Mae Brown, author of Rubyfruit Jungle and an early activist with the modern-day gay and feminist movements, will speak at an April 12 luncheon honoring San Francisco activists Phyllis Lyon and Del Martin. The April 20 luncheon honors a special presentation by the Lyon-Martín Clinic on their work for the Lyon-Martín Clinic, a women's health center.

Lyon and Martin have been long active in the gay and women's rights movements. They were among the founders of the Daughters of Bilitis, established in 1955—-the first lesbian organization in the U.S. Lyon-Martin Women in 1972, and Martin's Bethany Women's Center in 1979. Lyon now sits on the SF Human Rights Commission, and Martin currently serves on the California Commission on Crime and Violence Prevention. (continued on back page)

**San Francisco Gay Men's Chorus Sings Out In April**

The San Francisco Gay Men's Chorus presents musical riffs ranging from Brahms to Broadway through classical concerts, and one-time-only masterclasses with some of the larger musical groups.

The chorus, singing concerts emphasizing its clinical training and repertoire, on a program featuring the works of Brahms, Bruckner, Liszt and Randall Thompson, offers an intensive masterclass in guest paid for by the Chorus. The program includes two masterclasses: one on composing full-length musicals, and the other on pop-rock and jazz. Performances are at 8pm. Tickets are $6, $8, and $10 for the April 17 & 25 performances, and $4 for those under 16 or over 60. For more information, call 254-1000.

If you can enjoy an afternoon of music in some of the most exquisite choral settings, and with the music of three specialty ensembles—the Chamber Singers, Golden Gate Collegiate, and Men About Town—Mark Penn conduct the Chamber Singers in the music of early polyphonic Gregorian chant, and chamber works representing the music of the Church of England. The Lyon-Martín is a barbershop quartet specializing in traditional and unconventional four-part harmonies. The Men About Town is a volunteer community group, at 8pm on April 12, at First Unitarian Church (541 Valencia, S.F.).

**Gay Outreaching Community (G.O.C.)**

G.O.C. is an organization of volunteers and activists which provides support for gay and lesbian community members. It is an independent group, not a part of any larger organization or community. It is here to provide support to members of the gay and lesbian community who are struggling with every-day life through a wide range of services.

**Parade forges on; Seeks volunteers**

"The Front Line of Freedom" is this year's theme for Gay Freedom Day, and organizers are already hard at work preparing for the June march and celebration.

"This is a good theme," says Konstantin Berliner of the Lesbian/Gay Freedom Day Committee, "because it suggests an urgency, underscores the Naval Morality by making freedom the issue — no — and makes the fight for freedom laudable.

At the same time, the people's committees have merged into the unified Lesbian/Gay Freedom Day Committee (LGFD). The call has gone out to all additional volunteers to join those already engaged in the formidable task of realizing the annual June, Parade.

"Our biggest need is for individual bodies to the actual work and form the various sub-committees," says cochair Barbara Cameron. "We especially need women, disabled, Third World and gay members to become involved. We'll announce them to the direction of our community is represented.

This month's general meetings will be held Sunday, April 7th at the Savoy Building in San Francisco, 9 pm-9:30 pm.

At press time, the committee's telephone had not been installed. But those wanting more information on upcoming parade activities, or wishing to work on the parade, can reach the committee through its answering service (415) 431-5933. (The mailing address for the committee is Lesbian/Gay Freedom Day Parade Committee, PO Box 12, Women's Bag, 3048 Mill St, 94110.)

Co-chair Greg Day summarized the goals of the committee as follows: "Within a building and a year or two, we could be hearing about the day in which there are no more Gay Freedom Days, because it is no longer necessary."

"The Gay Freedom Day is important because it's a time we all come together to demonstrate our struggle for the civil and social rights of all people."
