"MANY LIVES PASSED ONE TO GO! A REPORT ON ASTROLOGY" APRIL 1974

The teachings off Salvation and Reincarnation were fundamental for many years. Having reached a point where it was necessary to develop and integrate new spiritual systems, the old religious systems and those of us who had been taught by the old religious systems, were beginning to be questioned. The discussion of these facts of life over the years, developed a "taboo" on death and eternity.

The old religious system, which we are to see has become taboos, is all the more reason why we must have new religious systems. Those of us who have been taught by the old religious system, and those of us who have been taught by the new, have a responsibility to develop new religious systems.

“FOCUS that continues your story as you approach spiritual death.”

Martin Luther King, Jr.

With the above quote from the late civil rights leader, we begin this “Fable” of FOCUS. A sobering note such as this is always acceptable. Especially when we realize that not only our elderly people nearly starving and going almost totally without proper physical needs and care, but we know that America is headed from some other place and similar situations, to some other place and similar situations. Not on programs of social uplift is it needed, but on programs of social uplift and more programs of social uplift.

Of course New York Dannys exploited SF gays money. But the films were so profitable. SF gays are a lot of Dannys as "The Janitor", "Cocktails", and "The Mustang". They simply were not buying such garbage. The live shows were the only thing which showed promise was about the last re-deeming part of the Mustang SF opera, so. Mr. deRenzy and his shyster lawyer SF gays the way he has and continues to do. They were busted for "audience participation," with their girlie shows. It seems that his lawyer's clients are always getting off. "The Mustang" is awful, and gays going there are sorry. A VOICE WITHIN US SPEAKS THE WORD

O listen, man!

A voice within us speaks the startling word.

"Man, thou shalt never die!" Celestial voices

Hymn it around our souls; according harps,

By angel fingers touched when the mild stars

Of morning sang together, sound forth still

The song of our great immortality;

Thick-clustering orbs, and this our fair domain,

The tall, dark mountains and the deep-toned seas.

Join in this solemn, universal song.

O listen ye, our spirits! drink it in

From all the air! 'Tis in the gentle moonlight;

Its floating in day's setting glories; Night

Wrapped in her sable robe, with silent step

Comes to our bed and breathes it in our ears;

— Night and the dawn, bright day and thoughtful eve.

As one great mystic instrument, are touched

By an unseen, living hand, and conscious chords

Quiver with joy in this great jubilee.

The dying hear it; and, as sounds of earth

Grow dull and distant, wake their passing souls

To mingle in this heavenly harmony.

Richard H. Dana

(We dedicate this to the memory of the late but
with us always his soul, Melvin "Melvina" Gray!)

"Fibromyalgia" is the name of the malady that bedevils some of the women who are contending with various forms of chronic pain.

Fibromyalgia is a condition that affects an estimated 2 million people in the United States, but the cause of the disorder is unknown.

Some patients experience pain in muscles, joints, and other connective tissues, while others have fatigue, sleep disturbances, and mood swings.

Despite the lack of a clear understanding of fibromyalgia, treatments focusing on pain management, sleep, and stress reduction are common.

Living with fibromyalgia can be challenging, but support groups and online communities can provide a sense of connection and understanding.

The Ninth Annual Grand Duchess and Grand Duke contest is fast drawing to an end on August 8th with all-day balloting from 9-3 and 6-3 in the lobby of California Hall (Park & Turk).

The First Grand Duchess, H.L. Perry, has not returned from her extended stay in Europe to oversee the final days of the contest but to help make sure that all goes well during the voting. He told FOCUS that he expects the largest voter turnout in the history of the contest and that he says is due to the fact that this year there are more candidates for the title of Grand Duchess than ever before.
