"The Plot Thickens!"

Wednesday October 7th, the community meeting on the proposal to rename the Tenderloin, to increase the height limit found 150 persons in attendance, including various City bureaucrats and de­

cated. The fact that we are on a test is the main question and answer session went very smoothly. Supervisor Harry Britt who was scheduled to make an appearance was a no-show; neither did the Director of City Planning, Dean Harris, appear. Perhaps the meeting had caused some discomfort and for that reason perhaps the meeting as a whole was disappointing. For the most part there was a lack of clear statements on the part of the City officials. Stay tuned and I will keep you informed.

Ms. Shelby McCown, 43 years old, a single mother, appeared at the Board of Permit Appeals October 7th and was denied a permit for 1710 Eddy Street, where she wants to make her bar. The word is that she will file a lawsuit so that she can gain the permit, but she faces stiff opposition from other芳fice.

I was at the poorly attended picket against Vice-President George Bush October 1st. And a somewhat "disobedient" mob-type bandit tried to disrupt the event as he became so filthy-mouthed and abusive at elderly women, and young women as well as girls. This slow and pathetic figure of a Liberman was in such a state of drunkenness, obviously he was trying to drink his troubles away but he left his mouth open so that everyone could hear his ranting and raving. I told him he would remember that “what goes around comes around.” This sad little person, who was in charge of the picket program which could give this kind of impression of the New Liberman, was at some point deserted by everyone.

Well...all you Kings & Queens out there....Halloween will soon be here....and this is always a festive occasion here in Fagdad By The Bay. I look forward to it with great anticipation. The best of the names of "Street Music" has been re-scheduled for sometime in November. This a Hollywood film take-off on the old International Hotel revue which occurred about 60 years ago. The proceeds from this fundraiser will go to help the non-profit housing re­
generating the Polk Street Task Force, San Francisco, Brides of the Tenderloin/Central City.

Getting a handle on peace....it's sure isn't easy!....rev. ray broshears

Today there are a panel of groups that are working for peace. And they all need your help, your participation.

Peace is possible only if we all become involved.

The oldest of the groups is the War Resisters League, a 58 year old organizational pacifist organization.

Each year the W.R.L. holds a two week organizer's training program to facilitate the development of certain skills necessary for organizing in the nonviolent movement, as well as a range of political and philosophical ideas. For information on the W.R.L., you can reach them at 1117 Mission St., San Francisco, CA 94103. They have a local group here.

Peacemakers is offering the 1981 edition of the Handbook on the Non-payment of War Taxes. It contains information on the reasons for not paying war taxes, ways of nonpayment, regulations on filing, listings of war tax resistance counsellors and centres, and alternative funds. The cost of the handbook is $1.50. You can have it by sending to: Peacemakers, Box 627, Garberville, CA 95440. That's right near San Francisco.

Pope John Paul is one of his non-political moments, i.e., expansion of the Roman Catholic Church's social teachings. "Oh my loves I beg you to turn your backs on the ways of death and to return to the ways of peace....Violence only delays the day of justice. Violence destroys the work of justice. I say to you, with all the love I have for you, with all the trust I have for you young peoples, do not listen to the voices which speak the language of hate, revenge, retaliation. Do not follow any leaders who teach you in the ways of inflicting death. Love life, respect life, in yourself, and in others. Give yourself to the service of life, not to the work of death. Violence is the enemy of justice. Only peace can lead the way to true justice."

As the greedily powermad Mayor Diane Feinstein's Blue Storm Troopers shake hands and give forth with love and friendship to the Devil's herd of slumlords of SF such as Guenter Kausch, they love violence.

But, peace is opposed also by the red-neckish blue-collar labor unions this morass of greed called "capitalism-unrestricted!" Peace is a must to facilitate the development of certain skills necessary for organizing in the nonviolent movement, as well as a range of political and philosophical ideas. Randy Johnson whom we used to know before we went back to "Think good" on his staff. He is well known waiting for Halloween to come when he will be the enor at the Emporium's 15,000êm give away contests. Bob, you can see the statuette of the Emporium at the bar now. Jerry, the afternoon bartender at the Wandering Hole, has a packed house in there and cannot do anything about the Musician. So, we have to bend over backwards now that no one is around to notice what they have been up to all this. The Wandering Hole is a real Institution and they do have the very best country music south of Market and have the best DJ about.

After all, an old queen can get around on crutches in the alleys alright, right Harold? LIGHT WINE? Well, we have "light" everything, or at least we thought we did until last month. And now you do enjoy delicious tasting wine, ask for Paul Masson Light Wine. The truly caring bars we'll let the management know in our pages. Yes Terry Thompson and Jim Corbett....you do have customers who want Light Wine...and so do some of yours Hank Cheeke!

San Francisco, Oct. 12 - The old Aarti Hotel on Leavenworth near Ellis, has acquired the past seventy-four years at that location and has experien-
ced in such a history of the most mindboggling diversity of residential hotel lifestyle situations as any cheap hotel in San Francisco since the Gold Rush. The Aarti Hotel should be an exemplary manifestation of a whole lifestyle trip that cannot be the result of any other development. In a recent meeting at TAC (Tenants Against Conversions) headquart-
ers with representative factions of TNDC and the Aarti Hotel as well as the Fraternity Residence for Women, much concern was expressed about TNDC's policies, present and future, regarding financing for maintenance, taxes and all operating costs, from toilet paper to total renovation (as in the case of the Aarti House). At this meeting, the FRANK HAGEN once employed JC as the new bar. Now Fill is still in the bar behind the bar on the planks at Googie on Folsom where runnmer is the manager.
