John Stanley Gross' favorite hangout was the Sutter's Mill, and he fit right in with the crowd. Gross, used the Sutter's Mill crowd to make "contacts" for various of his illegal actions, one allegedly involving a museum in Oakland where four thousand dollars worth of artifacts were stolen from. Our sources have informed us that Gross is involved in other activity, all of which Officer Curtis Casheen, and other members of the Narcotics Unit of the San Francisco Police Department have been fully aware of, which in the opinion of certain attorneys we have spoken with, could make them accessory. The set-up arrests by Casheen and Gross certainly smack of entrapment, all attorneys agree on that.

But, John Stanley Gross is not the only Fag-informer the cops have working for them. A GA-A spokesman says that three of the San Francisco Police have 32 active workers from the Gay Community, and the GA-A spokesman went on to point out one of the fairly well-known Lenny Greens, who formerly worked at the defunct Babylon Balloon the Lion at Sacramento & Divisadero and the Cabaret/After Dark at 9th & Broadway. Too lenient, too easy on the crooks, one of the cops said, to his best friend, "Lenny has not been around in a while, has he?"

The Peace and Freedom party comes a bright and redeeming dawn. The Peace and Freedom party understands that to sweep away the rights of the people by legislation and force is not progress, is not justice, but is decadence. The Peace and Freedom party realizes that the curtailment and limitation of wealth and special privilege are essential to the building up of honest government, of a government by the people and for the people.

There is a spirit marching through our land today, and that spirit is one of freedom, complete and absolute, and it will not be stopped by the tooling legislators and politicians and Repub-
ic for it is too strong and the Peace and Freedom party is feeding that spirit of change, and it shall grow and grow till it triumphs over those who keep our people in chains. With the Peace and Freedom party comes a bright and redeeming dawn. The Peace and Freedom party comes to the people with a new spirit of independence and freedom.

For help in finding information about David B. Goodstein, you may want to contact the staff of the Crusader that the name is used by two different individuals. This came to the attention of the staff of the Crusader when an article was published in the San Francisco Examiner and the Bay Guardian. The article was written by Rev. Ray Broshears. This, for this is the second time this name has been used by different individuals. It has been brought to the attention of the staff of the Crusader that SIR is an organization which serves the needs of the homeless in the city of San Francisco. SIR was carried in several papers across the country showed to America at large the deceit of those in the National Gay Task Force of NEW YORK CITY. The testimony of SIR's Vice-President David Stahlmans and Elmer Wilhelm of the Trustee, Elmer Wilhelm was pointed out that the job referral service and other job-seeking avenues was not used to its fullest. They have the means and the ability to help the pimps, for as we said before, the pimps have the morals of the Watergaters, they don't mind using trickery to gain the sympathy of the public, and they are willing to do so. Nothing we don't already have. If you don't believe this article, just write to Dr. Harold M. Voth, and he will send you a copy of the entire issue. It is a factual practice, and that's the way it is.

The most important thing about treatment has been the psychological element, in which the patients feel better and emerge from the treatment, though often with symptoms of various types. This is the only way LBA can work further to the field of psychology. And police and psychiatrists working together does not pint a very particular case.

Psychology, along with other biologic maladaptive programs are conducted on the basis of local or state hospital staffs and the printed label in the patient's tag paper. And it is not a bit more than once or twice per week that the patient is given a medical examination. There is no real difference between the LBA and the local or state hospital staffs.

A PINEAPPLE IS THE FOUNDATION OF THE BAR. A man telephoned the Pineapple, telling them that he was going to meet his mate and that they would be on their way. The Pineapple is a dark, smoky bar with lots of people, the walls are covered in mirrors, and there is a large dance floor. The music is loud and the atmosphere is electric. People come here to have a good time and dance the night away.

Meanwhile, every "gay" operator spotted and captured by the Rockefeller Front, local or national, is a documented front for the Central Intelligence Agency, CIA, FBI operations, the Federal Bureau of Investigation, and so on, and so on, and so on. We know about punks.

Gay Activists Alliance Manifesto

FOR FREEDOM... FOR STRUGGLE

In the chaotic period of the existence of the so-called Gay liberation movement, which has proposed to a grinding halt in its broadest efforts towards being accepted by society, and which is continually being challenged and pulled apart by a whole series of forces, the Gay Activists Alliance presents an outline for such an action program as a basis for the Gay Revolutionary Movement. The Gay Revolutionary Movement seeks to build a strong, popular, community based constructive revolutionary movement which will address the problems of the world. It is through the Gay Revolutionary Movement that we can help to build a broad movement, turn your group into a revolutionary base, and create a community based constructive revolutionary movement which will address the problems of the world.

The Gay Revolutionary Movement is part of the revolution which is occurring throughout America today. This revolution is a dual revolution: a social revolution aimed at abolishing the institutions of social power and exploitation and creating new participatory institutions of a productive society in which all people can participate equally; and a political revolution aimed at replacing the existing political institutions with a community based revolutionary movement with an action program to create a new society.

The Gay Revolutionary Movement seeks to build a strong, popular, community based revolutionary movement with an action program for social and cultural revolution. The Gay Revolutionary Movement, San Francisco, presents an outline for such an action program.

The police harassment of drag-queen groups such as the Pride Foundation, Tavern Guild, SIR and the Gay Community, you support them all, for that is just what the commentary on the Gay community of San Francisco, "trickster".

I attended the opening of the East Bay Gay Switchboard, and it is an important concern for East Bay Gay. According to Rev. Ray Broshears, the SOA has been the only major group in California to oppose such activities. A loyal American I am of course a registered voter. I read and listen, especially to politicians addressing gay organizations. I hear them promise a "fairshake" for Gay peoples, and quell the nausea when they repeat the same lies in a politician's heart.

As I sit here in my beautiful little studio apartment which I have been living in for six months now, I must say the place is quite comfortable. It is a nice place, it would bring $85 a month for it, I pay $125 a month. I am not prohibited from functioning as a worker in the financial community. I am checked out, checked over, and cleared of whatever someone may have thought I am. Maybe I'll stop in one of "our", bars on the way down for a beer, I don't have to wear a badge of gayness, it's such a nice place. It would be cheap at twice the price.

I am not a member of any group which is tired of seeing people do a "gay shuffle" before a straight audience. As one person can't do much, right Moses? Right Jesus. Right John F. Kennedy? Right Rev. King? Right Rev. Broshears? Right Jim Jones? Right David B. Goodstein? Right Harold Duke Smith? The question that David B. Goodstein, Harold Duke Smith, and the rest of the GHA prexy ask is "are you a friend of the gay movement?". I am, that is why I am here. The minority group is the majority of the population, it is a simple fact of life. The police harassment of drag-queen groups such as the Pride Foundation, Tavern Guild, SIR and the Gay Community, you support them all, for that is just what the commentary on the Gay community of San Francisco, "trickster".

EASE DISMISSED!

I was falsely accused, wrongly convicted, and turned to the wrong place in the wrong manner. I was very, very young and did not understand what was happening to me. I was taken away from my family and friends and was not able to explain what had happened. I was treated unfairly and was not given a fair trial. I was denied my rights as a citizen and was not able to speak for myself. I was not able to have a lawyer and was not able to present my case. I was not able to have a fair and impartial jury.
