Helping Hands Community Center and see what is offered on the Food Panther Party Food Conspiracy. We here at the CRUSADER, are sure that you will save much money, and better yet, you will eat better. Check in at the distribution center (Helping Hands) by Tuesday afternoon. When all the orders are completed, we put them on a truck and bring them back to your distribution center with your payment by Saturday afternoon. Paying when you order gives us the money we need to do the buying. We then pick up the orders which include not only beans and flour, but coffee, oil, mayonnaise, olives, peanut butter, and home-made bread, to name but a few items.

We operate the Food Conspiracy on five principles:
1. Eliminate wasteful methods of reproduction.
2. Replace the profit motive with the motive of serving the people.
3. Eliminate unnecessary overhead.
4. Establish worker's control of the enterprise.
5. Hold quality above saleability.

The voting went by roll call of the states and their proxies, and when the vote was counted, the first up-front homosexual to seek the post of United States congressman the Rev. Raymond Broshears, became the first up-front homosexual to be elected head of a ballot political party in America. Taylor was later elected a deputy to Broshears, as the Northern California co-chairperson along with Richard Ebeling of Sacramento. Ms. Elizabeth Keathley and Eric Garris were elected Southern California co-chairpersons, and Veronica Meidus of Soquel, California was elected Central California chairperson. Ms. Dorothy Conley of San Francisco was elected Peace & Freedom Party state secretary, and William Evens of East Palo Alto was elected party treasurer. State coordinator is Gene Berkman who openly professes to be a "drag-queen," and two national committee members were elected. Mr. Lee Coo, a Mosali, of Berkeley, and Ms. Mary Getlein of southern California.

Broshears is the choice of the Peace & Freedom candidates for governor, Elizabeth Keathley, as well as the Party's candidate for Controller, Cory Cassanovita. Taylor himself supported Bro shears' election, which swung several key votes to the radical minister.

Broshears then proceeded to chair the fastest platform meeting of any political party in existence, taking but two and one-half hours, as he was overly strict about sticking to his agenda. It has been helpful and those who are not helpful when election time comes around.

The Peace & Freedom Party (P&F), long known for its extremist leftist politics, in a surprising turn to events has "lost" those of the "fake-socialist" group (Socialist Workers Party; Progressive Labor Party; SDS, etc.) and is now a coalition of members of various political sects, in effect, an "umbrella party".

The two day convention began on Sunday, August 17th in Sacramento's State Capital building, with the "fake-socialists" trying to ignore the California Election's Code, and the legal Peace & Freedom Party followed! every single law to the letter. After nearly two hours of shouting and screaming by the rag-tag fake socialists, the Convention finally got under way in another hall in the Canial, with the meeting being temporarily chaired by Mr. Don Atkinson and the delegates were finally seated. This took one whole day. Then on Sunday, the Convention opened to face the problem of electing a State Party Chairperson for the next two years, with two candidates nominated, one, San Francisco attorney Lloyd Taylor and the other, San Francisco activist, Rev. Raymond Broshears.

The Peace & Freedom Party platform is most certainly "in order and may be considered by the Sacramento Bee and the newsmedia in Sacramento, the Party is still "unusual" but it is most certainly in order and may hold key to who will be the next Governor of California."
The San Francisco Crusader is one of the 最 important voices speaking out for the minorities of San Francisco, the responsible voices speaking out for the public interest. The Crusader has always been known as a paper that is not afraid to speak the truth, regardless of the consequences. It has been a voice for the underdog, for the poor, for the powerless. It has been a voice that has fought for freedom, justice, and equality. It has been a voice that has never stopped the spirit of change that has been driving San Francisco for so many years.

The Crusader is not just a paper, it is a community. It is a community that is united in its commitment to justice, freedom, and equality. It is a community that is dedicated to helping those who have been shunned by both straight and Gay people, and the police do little or nothing about it. The Crusader is a community that is a voice for those who have been silenced, for those who have been ignored, for those who have been forgotten.

The Crusader is a paper that is not afraid to take on the powerful. It is a paper that is not afraid to speak the truth, even if it means going against the grain. It is a paper that is not afraid to fight for what is right, even if it means going against the system. The Crusader is a paper that is not afraid to stand up for those who have been silenced, for those who have been forgotten, for those who have been ignored.

HOLLYWOOD

In a recent special, "The Boys," the CBS television network aired a series of interviews with representatives of the gay community. The interviews were conducted by actor and activist Ron Carlisle, who has been involved in the gay rights movement for many years.

Carlisle, who is gay himself, said that he wanted to help people understand the reality of gay life in Hollywood.

"There's a lot of prejudice against us here," he said. "People don't believe that we exist, or if they do, they think we're just a bunch of perverts. But we're just like anyone else, with our own families and our own problems." 

The interviews were part of a larger effort by CBS to increase awareness of the gay community.

"We want to show people that there are gay people everywhere," Carlisle said. "And that we have the same needs and desires as everyone else." 

The series was well-received by viewers, and has helped to increase understanding of the gay community in Hollywood.

"People are starting to realize that we're not just a bunch of freaks," Carlisle said. "We're just like anyone else, trying to live our lives and be happy."

LLOYD TAYLOR  Attorney Lloyd Taylor, a San Francisco attorney, is running as the nominee of the Peace and Freedom Party. His platform is concerned with the freeing of all political prisoners and government expenditures to taxes actually spent in the United States, as well as the repeal of all local taxes. His slogan is "Stop government waste and cut spending of $30,000 or so dollars. So, it is obvious that Broshears has made the discrimination against homosexuals.

The San Francisco Crusader has reported that he hopes he doesn't have to picket any long, of paper money, not backed by gold, is the government's only means to control its economy and maintain a great army.

Tamaras has been initialed some weeks back after he came back, all hell broke loose in the Greek Colonels' camp. They ran out of the Camp and trekked to a large cooperative camp near Trikala and became the nucleus of a new and formidable movement to take over the Greek military. They have been known to wage a war against the Greek government and to have been responsible for the death of several high officials of the government.

They will do the job that Mr. Lloyd Taylor has a B.A. in Journalism from UC Berkeley, and received his Masters Degree in Communication from the University of Washington, Seattle. He has been a member of the Peace and Freedom Party since 1963.

Mr. Taylor has joined a host of other prominent elements who have left the Democratic Party to form the PFP, such as George Kennedy, successful U.S. Congressman from California, and Robert Rorem, veteran candidate for Attorney General of California.

The Peace and Freedom Party is a new political organization that was just formed in California in the spring of 1964. It is a coalition of all peace movements, such as the War Is Not My Business, the Labor-Management Action Committee, and the American Friends Service Committee. It is a group that is concerned with the ending of all war and the establishment of world peace.

BECKWICH WINS BATH HOUSE VICTORY

Mr. Beckwith has chalked up another impressive "first" in San Francisco bathhouse politics. At the 1975 Board of Supervisors meeting, he introduced a resolution that would allow the bathhouse to be used by the public in order to protect gay rights in San Francisco.

At the meeting, Mr. Beckwith argued that the hearing on that motion was lacking in this case. However, the officer inspected the sound amplification equipment and the cases interpreting them foreclosed suppression as evidence; this of course left the facts as they were.

Yet, despite all the legal arguments, the hearing on that motion Beckwith argued had to be dismissed. "Surely our state and federal constitutions would be compelled to try such legislation, (John Burton is running for the Board of Supervisors)."

LETTER FROM A PROUD AND T H R U S T I V E  W O M A N

September 23, 1974

Dear Editor:

I am writing this letter in order to thank you for not rejecting the article by Dr. Henry Story and the American Psychoanalytic Association. I am very much aware of the controversy surrounding the issue of sex reassignment surgery, and I believe that your decision to publish the article was a great service to the public.

I am a transgender person, and I have lived my life as a woman. I have struggled with gender dysphoria for many years, and I have finally come to the decision to undergo sex reassignment surgery. This decision was not an easy one, and I have faced many challenges along the way.

I have been involved in the transgender community for many years, and I have seen firsthand the struggles that transgender people face. I have also seen the importance of having access to medical care and support for transgender people.

I believe that the article by Dr. Henry Story and the American Psychoanalytic Association was an important piece, and I am grateful that you chose to publish it. I hope that others will take the time to read it and learn more about the issues surrounding sex reassignment surgery.

Sincerely,

[Your Name]

PUBLIC SERVICE MESSAGE

SFU REVEALS OWN CONSPIRACY!

Harold B. Hedd, formerly police chief of the Evanescence Press, is now a member of the SFU. His new role is to suppress inconvenient information, especially that which challenges the SFU's right to remain in business. This move is seen as a desperate attempt to maintain the SFU's monopoly on information, and to silence any opposition to their policies and actions.

HUMANSEXUALITY

A revised by Harlon Gossco

Why do some people say that homosexuals are sick? Well, there are the American Psychiatric Association, the San Francisco Bay Area Homophile League and several other American organizations that say that they are for all homosexuals except gay males. But who are the homophobes who say that they are sick? "It's them, the Gay Rights movement, and the people who are gay," says Gossco. "They are the homophobes, they are the ones who are making gay people sick."

BROSHERS WITH C.I.A.

Secret Richard Heddinger, of the French National Police, "Brothers in the homosexual" has gone on record as saying that homosexuals are sick. According to the French National Police, homosexuals are mentally ill and should be treated as such. This is a clear violation of the United Nations Declaration of Human Rights, which states that all individuals are entitled to respect for their human dignity and to freedom from discrimination on any ground.

PREAMBLE

The Peace and Freedom Party is a coalition of radical individuals and radical groups opposing the Democratic and Republican Parties.

The Peace and Freedom Party includes those who are radically dissatisfied with the present governmental system and the effects of imperialism.

We view the Peace and Freedom Party as an "umbrella" organization, bringing together many persons of disparate political views, but unifying around the reality that we must work to organize and to represent the efforts of the powerless to gain dignity by exercising some real control over their own lives; third-world peoples trying to organize their own communities; women and homosexuals (gay people in general) fighting for equality and to end sexism and sexualization; wage earners who strike for the right to strik against employers or in wildcat actions against authoritarian "big-boss" unipolitarian state; the military who refuse to commit acts that violate the dictates of conscience; and those in the military who are radically dissatisfied with the present government and who stand up and resist, who must represent, and work to end their oppressions. Our main task must be to organize people to begin to gain real and concrete power over the institutions which control our everyday lives.

INDIVIDUAL RIGHTS:

We hold that no individual group, or government can initiate force against any other individual, group, or government when they exist must be constitutionally limited to prevent the infringement of individual rights.

FREEDOM OF PRESS, SPEECH, ASSEMBLY, ETC.:

We hold that any government which prohibits, controls, or restricts speech, literature, or any other medium of expression must be opposed. It is important in a free society that government be prevented from restricting what may be said, and that government itself.

The Supreme Court has recently held that every community has the power to censor distribution of materials considered harmful (obscene) according to "COMMUNITY STANDARDS."

We hold that this is a matter of individual taste and that government should not prohibit anything merely because it is offensive to some people or is offended by it. We also oppose government control of the mail.

RIGHT TO BEAR ARMS:

We hold that a citizen has the right to bear arms for consultation guarantees, and we shall eliminate all laws regulating the ownership, registration and all other records pertaining to registration of arms and ammunition.

MARRIAGE:

We hold that marriage is a contractual agreement made by two or more persons regardless of sex. The State of California should neither dictate, prohibit, nor control any such agreement.

HOMOSEXUAL RIGHTS LAWS:

We call for the end of laws which would take away the right of homosexual parents to their children because of their sexual orientation. We call for an end to laws against solicitation for a sexual act by consenting persons. We call for the abolition of the laws of sodomy and oral copulation.

POLICE:

We call for civilian-community (neighborhood) review boards throughout the State. These boards would be elected by the citizens of those neighborhoods. Police officers hired by municipalities are subject to recall by vote of the people residing in those communities.

SEPARATION OF CHURCH AND STATE:

We hold that the separation of Church and State shall be absolute. We call for an end of governmental funds, which come from the taxpayers, to the support of Church supported programs. Most notable are the Salvation Army which nationally receives nearly five million dollars to support their alcoholic treatment programs, and the Roman Catholic Church, which receives federal funding to support their "boys towns," rehabilitation camps, and schools."

TAXES:

We call for a limit on government expenditures to revenue actually taken in. And that a 10% reduction in all taxes begin immediately, with 10% reductions each year, until all taxes are abolished.

Since we are aware that all government projects are used either to cozy, oppress or control people, we believe that a necessary step toward countering this oppressive system is massive tax rebellion.

We therefore support persons who engage in tax refusals, and who advocate the organization of tax resistance.

INFLATION:

We oppose all wage and price controls and all inflation of the money supply by the government and the banking system. These two sides of the debased coin of state monopoly capitalism. We favor allowing transactions to make contracts in any medium of exchange they prefer. We also call for the abolition of the Federal Reserve System.

AMNESTY:

Amnesty should be granted how to all draft resisters, and all persons who have quit the armed services (deserters). All other than honorable discharges from the armed services should be upgraded to honorable.

IMPERIALISM:

The increasing expansion of state intervention in the lives of individuals is seen most clearly in American foreign policy of imperialism. Real the stark tragedy of the Indo-China War has proved to many Americans that the foreign policy goal of their government is to maintain a worldwide empire on a foundation of mass murder, military and economic aid to despotic, satellite states, and the enslavement of the American people to the tax collector and the draft call.

The Peace and Freedom Party calls for an end to imperialism and militarism in any form.

We call for the closing of the more than 2,000 overseas U.S. military bases.

We call for nuclear disarmament of the United States, and all other governments which maintain nuclear weapons.

SECESSION:

We hold that regions like California and smaller communities should be free to secede.

DISPLACEMENT OF PALESTINIANS:

As a general principle we condemn the forcible displacement of Palestinians and the deprivation of their rights both inside and outside of "concentration camps" in Israel and Arab State. This principle applies in like manner to displacement of peoples in all other countries.

We call for an end to all American aid to thetheocratic government of Israel.

CRIMES WITHOUT VICTIMS:

We call for an end to all American aid to the theocratic government of Israel.

We urge an end to the fascist police actions against the Good Earth Commune and White Panther Party Food Conspiracy in San Francisco. The United States government has joined together to destroy the White Panther Party Food Conspiracy which helps to feed nearly two thousand people daily.

PRISONER'S RIGHTS:

We hold that the person in prison is a person whose rights are not in a situation which makes them competent to consent to psychiatric experimentation, nor detention, nor diversion from the "criminal justice system" which deprives them of the right to a speedy trial which deprives them of their Constitutional protections.

We support reimbursement of all persons tried and acquitted of a crime for all charges incurred in their defense.

We call for a total reform of the penal system, with emphasis in all cases to be on re-bursement to the victims by those convicted of those crimes.

We consider the indeterminate sentence to be cruel and unusual punishment, and call for its immediate ending.

We support the right of prisoners to exercise their civil rights, including the right to marry, make contracts, buy and sell property, and be paid a wage comparable to that they would receive out of prison and be paid a wage comparable to that they would receive out of prison, and to have an immediate end to censorship of personal letters and newspapers.

We support immediate restorative, and not retributive, of all persons duly convicted or crimes.

WHITE PANTHERS:

We urge an end to the fascist police actions against the Good Earth Commune and White Panther Party Food Conspiracy in San Francisco. The United States government has joined together to destroy the White Panther Party Food Conspiracy which helps to feed nearly two thousand people daily.
