HELPING HANDS-CENTER FOURTH ANNIVERSARY

Helping Hands Community Service Center and Office, now at 474 Eddy Street, is celebrating their Fourth Anniversary.

The Helping Hands is a project of the Orthodox Episcopal Churches of God, and has served the gay community of San Francisco for four years now as a social service agency, and before that, for four years as a street ministry, operating out of the Church office at 26 Seventh Street.

Helping Hands has had two locations, 225 Turk and the current address. The Center has had the same director for all four years, the Reverend Raymond Broshears. The Center has a Drug Prevention and Education Project and as well, has a special outreach project to the elderly and physically disabled peoples.

Due to limited funds, the Drop-in socials were discontinued after the move to the Eddy Street offices.

Helping Hands has presented for the past four years, variety shows at the Ft. Miley Veterans Hospital each Christmas, and each Thanksgiving (with '75 exception) have a special dinner for those who are disabled or ill and cannot get out. And as well, have had a Christmas Dinner for shut-ins and homeless gaypeople each of the last four years.

Helping Hands is a member of the SF Coordinating Council on Drug Abuse; has a seat on the Central City Project Headstart Program; a member of the Tenderloin Citizens Council; and is the home of the Downtown-Polk Police Community Relations Council.

Over 400 persons have obtained release from jail due to the assistance of Helping Hands in the past four years, and at least 1,900 have obtained some type of employment through Helping Hands.

The program exists on donations entirely.

200 Years of Gay Oppression

This being the year of the Bicentennial Gay people must be made aware that we have had 200 Years of Oppression. Let us use the Spirit of '76 and end that oppression!

LOS ANGELES' STONEWALL DEMOCRATS

BUS LOAD OF GAY DEMOCRATS ARE GREETED BY REV. RAY BROSHEARS, AS THEY ARRIVED TO CAMPAIGN FOR MOSCONE..... Pat Rocco, Howard Foxe, Morris Kight and a host of Los Angeles gay's came north to help elect Moscone Mayor.

Although many gays now are wondering if the election of Moscone was a good-trip for gay people, it was a wonderful show of gay brotherly love and concern from our Los Angeles' bretheren.

The Stonewall Democratic Club will host all other gay Democratic Clubs at the February California Democratic Council Convention in Los Angeles.

Morris Kight, Club prexy, told the CRUSADER that the Stonewall Democratic Club will host a hospitality suite for the gay delegates from San Francisco, Los Angeles, San Diego, and other points. The purpose he said, is to bring about unity on certain points, in order to present a strong gay rights plank.

GREETINGS, SALUTATIONS AND SO FORTH! It's the month of January, and I've been wracking my brain trying to raise the funds (\$150) necessary to be able to attend the Democratic Council State Convention in Los Angeles next month. The Harry S. Truman Democratic Club named me one of its delegates to the Convention, along with Bob Ross and Ray Broshears, to help put a Gay Rights Plank in the Democratic Party Platform, as well as come up with a nomination for President and United States Senator.

The Presidential choice is a difficult one at best for me. It would appear that, from initial observations, the candidates who would prove most beneficial to gay people are.....JIMMY CARTER, MILTON SHAPP, and FRED HARRIS.

Former U.S. Senator from Oklahoma, Fred Harris is a likeable, folksy old codger with a very liberal grassroots view of things, and many gay people, like Harvey Milk, have already jumped on the band wagon. But, one thing troubles me about HARRIS, and that is, in all the times I've heard him, he has yet to come out and say, flat-out, that he is for gayrights! Fact is, I haven't heard him mention the word "gay" at all.....something we all chastised a fellow named Barbagelata for a few months ago.

Then we have Jimmy Carter. Former governor of Georgia. Outside of that, I really know nothing about him. From what I have heard of him, he seems to be liberal minded, with a healthy pro-gay rights attitude. At the moment, I know of no solid local support for him, but it appears that TRUMAN CLUB prexy Ray Broshears is throwing his considerable influence over to Carter's corner of the "ring".

But for now, I'm pretty much in favor of Pennsylvania Governor MILTON SHAPP for PRESIDENT. His battles in that State for gay rights are near legend to any true gay activist: his Executive Order, which in no uncertain terms, banned discrimination against gay people; his near automatic veto of any anti-gay rights bill put before him; and his undeniable support of hiring gay people to top-security positions. He is also in favor of legalizing gay people's rights in the only way in can truly be done; the repeal of all laws concerning fellatio, cunnilingus, and sodomy, something that Willie Brown's little piece of tokenism failed to do.

Add all this to Milton Shapp's support of gays in the military and his pledge to eliminate the discriminatory tax inequities, and there you have it....a bonified, honest to goodness, no foolin' pro-gay rights President. Sounds good to me....so, let's put him into Office!

And as to U.S. Senator.....do I have to tell you about TOM HAYDEN running for Senator, or how much better he is than John Tunney? I thought not!

DIANNE FEINSTEIN.....running for Milton Mark's State Senate seat? A pregnant thought indeed!

DISTRICT ELECTION OF SUPERVISORS...right on! A new group, SFDE (San Franciscans for District Elections), has formed, and there is still time to get in on the "ground floor". Call them at 431-9892, or get hold of me at the CRUSADER or at the BAY AREA REPORTER offices, and get involved in a drive to make your next Supervisor responsive to his/her people!

MEMO TO TOM AVILA....Happy to hear you are now moving to Portland!

Well, let's all sing the Betty Ford theme song "All I want for Christmas Are My Two Front Teats".....Get the hook....Randy....QUICK!

Moscone Backs Down on Police Commission Appointment to Gays!

GEORGE MOSCONE, CHOICE OF TOKLAS GAYS, BACKS DOWN OF YEAR LONG CAMPAIGN PROMISES OF APPOINTMENT OF GAY PERSON TO THE POLICE COMMISSION....OUTRAGE EXPRESSED BY ACTIVISTS! Despite his year long promise of a gay person on the police commission, Mayor Moscone backed down, with the excuse, "I couldn't find a gay qualified!"

Several gay persons expressed unhappiness, but, said nothing harsh about Moscone, as they hoped for some of the spoils (meaning, other appointments) yet to be divided by the new Mayor.

OUTRAGE AS MAYOR SEEKS TO OUST THIRD WORLD WORKERS FROM THE MAYOR'S OFFICE ON MANPOWER....Mayor Moscone got himself in a bit deeper, as he asked the black, latino, chinese, and Fil-Am workers of the Mayor's Office on Manpower to resign. They of course would not be eligible for unemployment insurance benefits.

Amongst those Third World employees, are several gay persons both black and chicano.

Moscone seeks to fill these posts with his political campaign workers...something called, "padding the payroll".

Already, several members of the Alice B. Toklas Democratic Club are on the payroll. Duke Smith works for the Maritime Commission, and.....! Oh well, that's politics, San Francisco style!

CHIEF OF POLICE APPOINTMENT GOES TO CHARLES GAIN...FORMER OKLAND CHIEF OF POLICE, WHO WAS RESPONSIBLE FOR THE ARREST OF NEARLY A THOUSAND GAYS ON 647a and 288a.

The most anti-gay Chief of Police in California, outside of Los Angeles Chief Ed Davis, was appointed SF Chief of Police. Mayor Moscone said he was the best man for the job. Gain, according to newswoman Marilyn Baker, has changed his position gay people since he left Oakland.

Many militant gay people expressed doubt of this change by Gain, and said they expected trouble with him. They said he would be met "head on"! Moscone...for gay rights???????????

Rose Buckley Stricken! Condition improved...

Colorful Rose Buckley, longtime figure in the gay community of the City, was stricken with a heart attack and is resting comfortably at the Ft. Miley Veterans Hospital. Rose (Joseph) Buckley, has worked at many of the City's better known bars, and has contributed much to the betterment of the community. The CRUSADER staff wishes him a most speedy recovery.

FORAN TO SENATE

Assemblyman John Foran, D-16th, is to seek the 6th Senate seat, vacated by George Moscone.

The Office of John Foran has denied the stories for some days now, but a most unimpeachable source has told the CRUSADER that Foran will stand for election in the May 17th special primary and run in the June 8th election.

Speculation that Foran's vacated 16th Assembly district seat will then be sought by Arthur Agnos, aide to the Speaker of the Assembly, Leo McCarthy, as well as by, attorney B.J. Beckwith, and Carol Ruth Silver.

Foran will be facing former San Mateo Supervisor Bob St. Clair, clearly the favorite, along with San Francisco Supervisor Bob Mendelson for the Democratic nomination.

SF Supervisor, John Molinari is the only Republican in the race, and is a tough candidate to beat in November. Foran authored the gay job rights legislation which was defeated last September, and has been a strong gay rights supporter, as has Molinari and Mendelsohn.

Gay Hearings Held

The Gay Advisory Committee to the Human Rights Commission held hearings in the Castro and Polk to gain community input on discrimination.

Committee members, Larry Littlejohn, and Reverend Chuck Larsen, two of the members, along with HRC employee Jo Daley, met in the Castro and heard a variety of complaints regarding discrimination, including a young woman tell of oppression of gay people who attend Lowell High School.

GAME OF THE WEEK...Who is Thelma Dirt?...it isn't H.L. PERRY or BOB ROSS....it isn't MARCUS or Jadette McBagel....it isn't SWEETLIPS or CRISTAL....it isn't Cliff Elmon or EDDIE VAN....it isn't Lady Baltimore or RUDE RUTH, and it isn't Rick Hansen or ALAN WILFONG! LET'S DISH THE DIRT.....Thelma's hairdresser knows who writes this gossip column, because Thelma always gets an extra batch for a snatch to match and if she ever tells, Thelma will scratch her eyes out with FAT SHIRLEY'S finger-nails, unless they are phony too!

.....THELMA must be getting to the FAT ONE, the JOKER (MARCUS?) and MADAME GOLD. All I can say "Fat One", is the next time you use a stove pipe for a dildo, get one with a damper handle on it so it won't fall all the way in...or wouldn't that stop it?

Lucky for you Fat One that you have your ex-hooker lover (Jeff Selma) around to clean up the mess afterwards.

As for you MISS GOLD...Thelma thinks of you as a pebble at the bottom of the Grand Canyon.....everyone knows it's down there, somewhere....but, nobody gives a damn. Lets face it Miss Gold....you wouldn't even make a good refried bean.

.....Really do love you "jaws"...you have a fine bar and am a different happy to report that your set of jaws, customers always get a fair shake which is more than I can say for some "toilets" in this town.....! LIPS....sweet...SWEETLIPS, if only you were not so "kissy" with that tertiary rag from Glendale. I do hope your menopause doesn't last forever.

.....JACKSON'S new location at 118 JONES Street is a dilly, and the new Showroom is just fine mighty fine. Easy parking across the street. There are many fine dinner houses such as Polo's....Original Joe's....The Steakery....and the Hilton Hotel as well as the KOKPIT in the area. We wish JACKSON'S the best of luck.

.....Love the decor at the GANGWAY...it's so very posh. You did a good job Roger and Joe,...for it's not easy to make something good, even better.

.....BILL McWILLIAMS opening of his BILLY CLUB on O'Farrell Street was a smash and so was the Joker (MARCUS?). But, don't blame Marcus for drinking so much. I think I would get drunk everynight too, if I were a man without principle who sells his sole for \$25 every two weeks, or don't you get paid? Tell me Marcella, Miss Spoon or whatever, does \$25 mean that much to you? If it does, perhaps the good people of the SF Community or members of the Fourth Estate.... could take up a collection so you wouldn't have to write such bilge. You can pick up Thelma's donation at Helping Hands. In the meantime.... be careful what you say around Marcella, or it just might wind up in the wrong kind of print. Stop squeezing the Charmin Marcus!!!!

.....FLASH IN THE PAN....Marcus has found a live one in Marin County with enough green to finance a new rag to be called the SF SPECTATOR? With Marcus as Editor? Well my dears, if Marcus collects money and does nothing, as usual, he better have a big staff to do the work, for he of course won't do it, or the SPECTATOR will turn into a spectacle and will never come off the press. Marcus plays a good game, sometimes, but I suggest he spend his time playing "Swallow the Leader" and less time "Cleaning Kitchens" at the BALLROOM, as that's how some people get the "Queen's Disease" and even a doleful, dowager Emperor isn't immune from that.

.....NEW OPENINGS!!!! Michelle?, the CLUB on 14th Street near Market?.....Bob Conroy, the Gaslight on Valencia Street?.....Mr. B and Henry Layloo, the Frisco Club on 6th Street? Will Wonders never cease!!!!

.....What's this? Another gay rag? Is it true??? that KEN RICE and "others" will start a gay rag to be called the SF BLADE???? Hope they don't cut themselves and find out their blood isn't blue after all, only RED, just like everyone's! Could it be golden? FLAME will hold his invest-

FREEDOM!

National 'Cops'

PLANS FOR NATIONAL POLICE FORCE BEING BROUGHT INTO BEING...REGIONAL GOVERNMENT IS THE UNCONSTITUTIONAL MEANS BY WHICH THE "NATIONAL COPS" ARE BECOMING A REALITY!

1963 the government created the LEAA.... (Law Enforcement Assistance Administration)

On March 3, 1971, Clarence Coster, associate Administrator of the LEAA, in a speech before Chiefs of Police, said that the American police must be regionalized. He said that there were 40,235

police agencies, and stated that "this many units form a completely ungovernable body".

Then, Rockefeller's Advisory Commission on Intergovernmental Relations (ACIR), issued a pamphlet, which recommends that "Special Police Task Forces" be established which would be a "special multi-

County or inter-state police force, under the direction of the local governments party to multi-County or interstate agreement setting up such a special police force". It further states, that a "Commander," be appointed to serve at the pleasure of the regional government "Director of State".

And, an officer in this special force, would have the authority to detain, search, and arrest any person on probable cause that he has been involved in "organized crime" or in "counter-government activities".

The regional government supporters, go along with the plans for the special police task forces. In California, it is called, Project Safer California (California Standards and Goals Program), the scheme to control local police, courts and jails from Washington.

Such goals of the Project Safer California are:...

- 1...Elected sheriffs eliminated or have no authority.
- 2...Ownership of handguns by private citizens be eliminated, and all other firearms be registered.
- 3...All local police and sheriff's departments will be merged into the National Guard, with a military police, centralized under the command of the Director of Public Safety.
- 4...All police departments with fewer than 24 persons be eliminated.
- 5...Regulations by federal edict to remove local control and establish a control center.
- 6...Counties and cities (San Francisco) which accept Federal and State funding must also accept the "California Standards and Goals Program", and must contract to continue the funded programs at their own expense after Federal and State funding is halted.
- 7...Computer based programming, planning, budgeting systems, or so called "cost effective" programming will effectively monitor and control every individual police officer. (Would the appointment of Charles Gain, a non-professional cop, who is national cop-oriented be the big start in San Francisco?)

PSYCHOPOLITICAL WARFARE...technique of pressure from below and above, in order to control people! Basically, the strategy of conquest is as follows;

- 1...Government agencies (such as the Office of Economic Opportunity) and tax-exempt foundations, finance the escalation of crime from below....amongst such groups as the MAFIA, leftist and right terrorist groups (NWLF), and racially oriented subversives.
- 2...The same government and tax-exempt Foundations, acting through the LEAA, create a nationally controlled police network "at the top" to offer "collectivist solutions" to crime from below. This is what is called, "whipsawing" the public.
- 3...When trouble erupts from "below" such as riot, etc.; the American middle-class will be expected to demand "relief and protection

"Jimmy who? That derisive question was often asked in Georgia when the peanut farmer first ran for governor in 1966. But not when he made it on his second try, in 1970."

Minneapolis MCC Pulls Out of MCC Body

The MCC (Metropolitan Community Church) in the City of Minneapolis has withdrawn from the MCC Fellowship. Troubles back in October led to the withdrawal.

MCC, a ministry with a special outreach to gay people, has had difficulty in recent months in keeping members churches happy. Most of the difficulty seems to be over political activism within the ranks and also some of the clergy feel that the Church should be more of a religious institution, rather than a social center.

D.A. Frietas Under Fire

District Attorney Joe Frietas has been scored extremely hard for statements attributed to him by the press, in which he, Frietas had allegedly said that the "streets would be wide open for the prostitutes". Frietas now claims that is not what he said, but, unfortunately for the City, the streets became swamped with pimps and prostitutes, clogging doorways, knocking down citizens, stealing wallets, purses, and the SF Police would no respond, as they blamed it on the DA. The situation has been changed some, to date!

Jimmy Carter, former governor of Georgia, is beginning to sweep the nation in his bid for the Democratic presidential nomination.

With his Iowa success under his belt, Carter looks to New Hampshire's primary, and in February to the State CDC Democrat Convention in Los Angeles. There, it appears that Fred Harris is the CDC favorite at the moment, but as the Carter forces gather momentum in California, this could very well be changed by February 27th when the CDC Convention convenes.

Gay people in San Francisco are quickly rallying around the Carter campaign, as they find in Jimmy Carter, sincerity, and credibility.

When Carter spoke on NBC's "Meet the Press", he impress everyone who saw and heard him, especially when he stated he wanted to remove the Office of the Attorney General from the presidential cabinet, making it a non-political post. This was opposed by Harris and Bayh, as well as Jackson and Sanford. Carter is running a populist campaign that does not insult people's intelligence, as does others who claim similar strategy. Carter's record as governor of Georgia is quite impressive, and he is certainly the most reasonable and liberal of the candidates seeking the Democratic nomination today.

Gene PRAt Seeks Election to Board of Education

EDUCATOR SEEKS POST....Gene PRAt, who ran for Sheriff and finished third, told the CRUSADER, that he will seek a seat on the Board of Education in the November election. The post is non-partisan, and five seats are up for election.

The controversial Lee Dolson, the man who began attacking the new Superintendent of Education, Dr. Alioto, before he even assumed office, will be up for election, as will the Roman Catholic priest, Rev. Reed, who occupies a seat on the Board.

PRAt, who polled 28,000 votes, and is an administrator, and worked at San Francisco State University, as assistant to Dr. S.I. Hawakaya, the President of the University, has considerable experience in the running of schools as well as teaching, would be one of the most qualified persons to ever seek this post. He would run on a platform of 3 R's...reading, writin' and 'rithmetic! PRAt feels that a return to the essentials is an absolute must.

Gays Give Christmas Party for Old Folks

Shorty before Christmas, the HELPING HANDS SERVICES gave their annual Christmas Party for the Old Folks. This year, it was held at the Odd Fellows Building, 26 Seventh Street, and it was a most heartwarming affair. The members of the San Francisco Police Community Relations unit provided some of the food, and helping to serve it were, Sgt. Tim Thorsen and Officer Ray Carlson. Former Police SGT. Elliott Blackstone was on hand to help out also. Elliott along with the Rev. Ray Broshears began the Christmas Dinners for the elderly back in 1969. Als helping this year, was Lee Raymond, who is pictured in the tope picture between Blackstone on your right, and Tim Thorsen and Ray Crlsen on Lee's left. Shown serving the poeple is Ray Broshears, and the bottom picture is a better view of some of the people present. Helping also were, Lance Alexander, Elisa Rleigh, and Mark Joplin. Silver dollars were given to those attending by the Helping Hands Comunity Services, and as well, plenty of candy and fruit was given out in addition to the dinner. A bit of humor came about when a cke scheduled for delivery by Sgt. Thorsen didn't make it, as the Sgt. didn't look where he sat, which prompted Blackstone to make a remark which we won't print here. But, the

entire affair was so very heart warming. Pianist, Chris Wayne provided the music for the event. This was just another of the many many fine deeds done by the Helping Hands group. Helping hands is now celebrating their 4th Anniversary. HELP them to keep on helping others!

Version #1...The Bellvue Hotel has decided that "gay is not good" and doesn't want any business from the gay community, so H.L. Perry will hold his MR & MRS GAY S.F. The last time I saw a copy, I picked it up off the floor where someone had thrown it. Some of the advertisers are friends of mine. But, aside from that, you are the only one I know who has had his head in the sand and his ass in the air, which seems to be bent out of shape these daze. The paper had everything going for it, plenty of dough. etc. Cant say that I blame ALAN WILFONG (Serpent Eight Baths) for shutting it down. Some of the ads placed and unpaid for, came to \$18,000. I have to admit the Fat One's tactics work better, for if someone owes her money, she goes after them with a sledgehammer, 24 hours a day. It's my understanding that Alan has turned over the delinquent MALE EXPRESS accounts to Fat Shirley's collection agency. Anyone owing money can expect a "pink slip" in the mail any day now, so do get your money in to the MALE EXPRESS Office today, before the Fat One gets you!That's all the dirt.....so Remember, that, it is nice to be important, but it is more important to be nice.....especially with big, bad, Thelma Dirt around. More WEST COAST TRASH soon.....luv, Thelma!

Grenier

January 31, 1975

It is significant that the Grenier Liquor Company has very generously chosen to make this annual event a benefit for the Gay Community.

Hector Navarro

ACME BEER MAN '75 WAS THE FIRST AND LAST....LEO GRENIER BREAKS PROMISE TO CONTINUE ACME MAN CONTEST IN THE GAY COMMUNITIES, AS A CHARITY FUND RAISER...."RIPOFF"! IS THE HUE AND CRY FROM THE SMOKEFILLED ROOMS....RUMORS OF BOYCOTTS AND "OTHER ACTION" TO BE TAKEN AGAINST LEO AND COMPANY.

Leo Grenier, a very conservative man, who doesn't want to spend any money more than necessary, like none at all, in order to make money, USED the bodies of hunky young gay males in order to launch his beer, Acme, and to make even more money for GRENIER LIQUORS. It was the ACME MAN promotion that launched and made the beer, called Acme the success it was. But, the beer had a bad taste to it from the beginning. Rumor has it, that on the Acme Man bus trip to Reno, that Leo Grenier was shocked to find out that his contestants actually were sexual men, and decided at that time, "No more fags!"

Bill Jolly, one of the many handsome young men who Leo Grenier used in his drive to make money off the "fags!"

Leo Grenier has used the word, "fags" in speaking of the gay community more than once. Ask him if he would be willing to take a lie detector test on it! DAVE MONROE THE "SHILL"....Leo Grenier is a smart businessman, so he hired Dave Monroe to peddle his bottles of booze in the gay community. Dave is a really nice guy, warm, personable and nice looking. He, is being "used", just like every single young man who was a contestant in the Mr. Acme '75 contest. When, the decision was made to cancel the contest, Dave objected, of that you can be sure. But, Leo Grenier is not a liberal man, and he didn't like being tied in with "fags" in anyway. And, as the proceeds of the Acme Man '75 went to the prestigious SIR organization, headed then by the popular Hector Navarro, Leo Grenier felt that there would be no outcry or furor over the cancellation this year. SIR got "theirs", and the two gay groups which had been promised the proceeds this year, Golden Gate Gay Liberation House and the Helping Hands Community Services are both too small and only represented poor gay people, and Leo Grenier knows that they have little power or voice in the gay community. Thus he felt safe in cancelling, which he did. Now, it is over. Leo Grenier got what he wanted.... the bar owners made lotta money off the contest candidates nights....SIR (the gay elitists) got a nice slice of the pie....so, Leo literally fucked the gay community of San Francisco. Something like a prostitute...."we've been had, and by a real bunch of capitalist creeps!"

Chronicle "trashes" Gays

GAY WRITER HELPS "TRASH" GAYS IN S&M EXPOSE ARTICLE...RESPONSE BRINGS OUTRAGE FROM GAY COMMUNITY! Charles Lee, writer for the Sentinel paper, gave information to CHRONICLE daily newspaper writer Maitland (Sandy) Zane, which resulted in the gross misrepresentation of the gay community of San Francisco. It left the reader with the impression that all persons involved in S&M are "murderers", and the distinct impression that the South of Market gay bar area is filled with people who are desiring to be beaten and mutilated. The article mentioned bars in connection with various unsolved sadistic slayings, and there is no evidence to connect the bars and the slayings whatsoever. Bars were named, and in all truth, there is no absolute evidence that pinpoints the victims to the bars named in the articles, as having met the killers at the bars, which Sandy Zane and Charles Lee hint at in the vile article. Calls to the Chronicle publisher by the Rev. Ray Broshears, who spoke with assistant publisher, resulted in a "tamer" second article in the series. The Rev. Chuck Larsen, Office Manager of SIR, reported their telephones were flooded with calls expressing anger over the article.

For the sciences of chemistry and physics, the LAMBDA symbolizes a complete exchange of energy — that moment or span of time witness to absolute activity.

An ancient symbol brought to application centuries after its origin, LAMBDA is the eleventh lowercase letter of the Greek alphabet. The Lacedaemonians or Spartans bore it on their shields; a peoples will aimed at common oppressors.

Likewise, gay men & women uphold it as their symbol before the nation. It signifies a commitment among men and women to achieve and defend their human rights as gay citizens. In the struggle against oppression—a cultural bond develops, suffused with human energies. The LAMBDA now affirms the liberation of all gay people. The LAMBDA symbolizes UNITY IN THE FACE OF OPPRESSION!

 by the established National Police Force" at the "top". The "pincers" will close when the government surrenders to the mobs, "in order to prevent further violence", while simultaneously centralizing police power, to restore law and order.
 This technique of "conquest" has been successfully used (watch Portugal, Italy, Spain) in recent years.
 The Federal government is to use centralized police to confiscate all privately owned guns. Project Safer California has made the confiscation of guns a top priority and has used quite effectively, people in the "peace movement", their "dupes" in helping to bring about the confiscation of guns.
 The National Police is one way, through regional government, to bring about an end to dissent in America today.
 At the moment, San Francisco is involved in regional government planning.
 Regional governments are NOT ELECTED and are not responsible to the people.
 Supervisor Dianne Feinstein, Mayor George Moscone, Chief of Police Charles Gain, Sheriff Richard Hongisto, Supervisor Robert Gonzales, all are advocates of Regional Government.
 BAY AREA REGIONAL GOVERNMENT programs call for the following to be completed within the next five years:

- 1...To seek State enactment of permissive Legislation authorizing FIVE REGIONAL HOMERULE OPTIONS: Multi-County Consolidation, (eliminating all County officers....CITY COUNTY merger, eliminate all city and county officials....MODERNIZED COUNTY (like Dade County Florida); Multi-Purpose Regional Service Corporation and Conversion into General Purpose Government.
- 2...Creation of broadly representative permanent State Advisory Commissions on inter-governmental relations to PROBE ON A CONTINUING BASIS the structure, function finance, and relationships of governmental levels in the State.

In Texas, State Legislator A.J. Koriath of Farmers Branch, has filed suit to stop expenditures of \$3.4 million in state funds to assist Regional Planning Commissions and Councils of Governments. Representative Koriath contends that REGIONAL PLANNING is UNCONSTITUTIONAL, and must be stopped. 1984..Big Brother NOW!
