## 90 MURDERS THIS YEAR

EDITORIAL COMMENT

NINETY MURDERS IN THE STREETS OF  
SAN FRANCISCO.....SO FAR THIS YEAR,  
AND WE HAVE FOUR MONTHS TO GO!  
CAN THE CITIZENS OF OUR CITY LIVE  
ANOTHER FOUR MONTHS OF CHIEF OF  
POLICE CHARLES GAIN'S ADMINISTRATION?

14.8 of every 100,00 have been killed so far,  
this year, and chances are, 57 more people

will be killed this year at the present rate of murder....will you be one  
of those 57 people?

If you are a gay person, your chances of being murdered are excellent  
.....as the San Francisco Police Department have failed to solve even  
one of the last 18 gay murders.....not one!

Of the total of 90 murders this year, the SFPD Homicide Unit has  
only "solved" 32% of those, a very poor average indeed, for a City  
49 square miles large.

Chief of Police Charles Gain has been good for public relations with  
the general communities of our city, but he has been lousy as far as  
communicating with the patrol officers, the ones who have the day to  
day job of protecting our lives.

Chief Gain does not think that the "street drug pusher" should be  
busted, yet, the fact is, 83% of all street-crime in San Francisco is  
drug-related. If Chief Gain would have the street-pushers busted, you  
would find the street crimes dropping rapidly.

Chief of Police Charles Gain is a complete failure in relating his ideas  
of law enforcement to the "cop on the beat".

Gain spends so much time in public relations, that the soaring crime  
rate is virtually ignored by him. He spends so much time explaining  
it away to the citizens, and doing little to stop it.

Chief Charles Gain is a "political" Chief of Police....a "hack" of the  
Mayor. He was Sheriff Hongisto's "under-sheriff" before becoming  
the Chief of Police.

The man is out of date with the problems of the average citizen. He  
is "afraid" of the "bleeding heart liberals", that accounts for his fail-  
ure to bust the "druggies", organized prostitution, the numbers racket,  
the bad-cops.

Murder.....that is what San Francisco is all about! At least during  
the Chief Gain administration. Mr. Mayor...save lives, fire Gain now!  
Fire the Homicide Unit director! Save lives Mr. Mayor, not money!  
Sorry Charlie, you tried, but you just don't have it!

## TRUMAN DEMOCRATS

### ELECT PRESIDENT.

B.J. Beckwith

Famed gay attorney B.J. Beckwith was elected President  
of the HARRY S TRUMAN DEMOCRATIC CLUB at  
their August 22nd meeting.

The resignation of the former president and the election  
of Beckwith came as a surprise to most gay political ob-  
servers.

Beckwith is well known for his many victories in the City  
Courtrooms, told the CRUSADER that he wanted to be  
politically active for sometime to a larger degree, and he  
felt that the presidency of the Truman Club was just a  
first step.

Beckwith, an early supporter of Jimmy Carter for presi-  
dent, stated that the Club meetings would be held on Fri-  
day evenings, and that persons interested in joining the  
Club could contact him at (415) 552-4428 during the  
9-6 PM office hours, Monday thru Friday.

Hal Wagner is the Club Secretary, and Ms. Elisa Rleigh is  
the Club Treasurer, and the only woman officer in a gay  
Democratic Club. Truman Club does have some straights.

## Demands Grow by Gays for "Fair Share"!

Paul D. Hardman of the Pride Foundation announced that various  
gay organizations would be seeking funding assistance from the City  
for a gay community center in the near future.

Attorney B. J. Beckwith, has been authorized by a gay organization  
to send a letter to Mayor George Moscone, requesting that a fair  
share of the tax payers dollar be utilized for the gay community!

## Rev. Broshears, a Candidate for Community College Board...

At the urging of several persons, having told  
everyone that he was in the race to win, the  
Reverend Raymond Broshears filed for the  
Governing Board of the Community College  
District election on November 2nd.

Broshears stated that with over 100,000  
homosexuals in San Francisco, and a good  
number of them attending and working for  
the Community College District, that it was  
time past due for a gay person(s) to set as a  
Member of the Governing Board of the Com-  
munity College District.

He stated that he expected to win with a  
low budget campaign, due to his years of  
community work with the elderly, the gays  
and the physically handicapped. He also

cited his strong battles against the small industries which employed racial minorities,  
but had unsafe working conditions. He gave as a case in point his demonstration at  
the Legallet Tannery where two black workers died due to inhalation of deadly fumes  
which escaped due to faulty equipment, which nearly led to a racial disturbance. He  
also cited his actions against the San Francisco Police Department's old Tac Squad  
which beat and killed people, as one project which he involved in, that led to the end  
of the old Tac Squad.

Broshears started in 1968, luncheons for the elderly which still continue under his di-  
rection. His good works in the community of gays is very well known!

COMMUNISTS DISRUPT BURTON CONGRESSIONAL MEETING.....The leftist-rights Trotskyists from the U.S. Labor Party attended the meeting held by Congressman John Burton in the Richmond district on Saturday the 28th of August, and would not shut up their bigggg mouths so we could all participate in a "town hall-type meeting". Typical of the communist Trotskyites!

NOTE TO THE BOARD OF SUPERVISORS.....VOTE "ON" on Rudy the Knife as Chief Administrative Officer. A person who is as unfriendly and unkind as he appears to everyone, should never be put into such a sensitive office. Don't let Moscone "intimidate" you... here's a time to "hang tuff"!

NOTE TO FORMER TROTSKYITE THORSTAD.....As of this moment, I am working on a very legal method to do as I promised in the last issue! The heavy hand of justice will prevail!

UNDER ARREST.....A former counsellor at the Survival House was arrested for carrying a "starter gun" in his belt, near the Greyhound! The person named Mark said he needed it for "protection", and that he still does part-time counselling at Survival House. Tsk!

WILLIAM CARTER SPANN.....The nephew of Jimmy Carter was at Vacaville CMF.....he is now at California Men's Colony at San Luis Obispo.....thank heavens he is further away from the media-hogs. He is NOT a political prisoner.....he used a GUN in a holdup, so he got what he rightly deserved. He is also, according to the CHRONICLE, addicted to heroin. So, to all you "bleeding heart liberals".....why don't you peddle your sympathy and papers elsewhere!

"EMPEROR" RACE QUITE BORING.....Unlike last year, the gay society-trip is quite boring. And it is most evident that the community agrees. Maybe at last REAL politics will become the main interest!

JOHN BURTON "WAFFLES".....At that meeting which I mentioned above, John Burton said that all was well in the hospitals (Veterans) and that shock treatment had been halted. John, that is a lot of baloney and you know it.....for this very day, the VA Hospital at Palo Alto is using shock treatment like wild, as is the facility called Brentwood in West Los Angeles.

And dear Congressman, the situation at Springfield Missouri Federal Hospital is sickening, for psycho-surgery is still the order of the day, as well as "brainwashing", and electro-shock. You should get with it, and tell your aides to tell the truth also.

Now, that it is definitely going on sir, just what are you as a U.S. Congressman going to do about it? It is within your jurisdiction! Come on Congressman John Burton, give us an answer!

Also sir, why is it you refused to say that you would introduce a bill for gay rights next year after the Abzug bill has "passed away".....aren't you still for gay rights?

BOB MENDELSON THE STATE SENATE.....Bob is campaigning as well as he can with the handicap of having the Bradley group for his campaign staff.

Bob has promised to introduce legislation which would give a greater break to the "renter". The home-owner gets all the breaks now and the renter, very little. Bob has promised to do something about it and right away. In addition, Bob Mendelson agrees concerning the lack of housing for gay peoples, for single peoples, for the City has over 60% single people, so why all the emphasis on family housing, why not some for singles and in particular.....gay housing. State Senate candidate Bob wants to give a greater tax break for single persons.....for taxes for the most part support the school system, and singles as a rule don't have kids going to school.

November 2.....vote Robert Mendelson for the State Senate.....he's a leader. And remember, when gays needed a supported in the early days of gay lib, Bob was there on our side, and Milton was no where to be seen. Support Bob Mendelson.....he supports you and has had the guts to stand up for you (gays) and create a San Francisco which we all now enjoy.....pay back Bob with a vote on November 2nd.....State Senator Mendelson!

POST OFFICE SUB-STATION CLOSINGS.....Yes my friends, the U.S. Postal Service which gives us such poor service at OUR expense, is going to get even poorer here in San Francisco.....on the drawing boards is a plan to close most all of our sub-stations. Write to Congressman Phillip Burton and John Burton at 540 Golden Gate Avenue, SF CA 94102.....protest.....stop the rip-off postal service from any further rip-offs.

BOYCOTT LUXOR CAB.....Gay people comprise alot of the taxicab industry's business, many of the bars have cab phones. A fare hike went into effect August 29th.....it's now \$1.00 just to get into the cab, .85 per tenth mile. So it is now \$1.85 to go from the P.S. to the Q.T. in a cab. Luxor and others have the option of going back to the old rate.....a boycott would help force them to do it!

## GAY CRUSADER

YES I AM.....! Some discussion was raised concerning my seeking the post on the Community College District's Governing Board. Why, I am gay, and they Community College is attended by gay people.....it is unlike the Board of Education which deals with children. We have over 100,000 homosexuals in San Francisco, and alot of them attend the Community College facilities, so we need an up-front gay person on the Board, and I am that person. Any of you who know me, know that I am honest, and I won't take any jive off of anyone.....gays must be represented in elected office in San Francisco.....they are in other cities, Boston, etc., why not here? I ask your support in this campaign for the Community College Board race, and I urge you to vote for a gay(s) for the Board of Supervisors next year. Time is passing away quickly, too quickly, and it is time that we begin to represent ourselves and not allow straights do our job! Remember.....Broshears, Member, Governing Board of the Community College District on Tuesday November 2nd!

GAYS LOSE PHONE COMPANY SUIT.....In a suit, which could only be described as someone not having done their homework, gays suffered a terrible setback at the hands of Pacific Telephone. Dick Gayer, a gay lawyer did the suit, but obviously he is unfamiliar with the Federal Courts, for Ma Bell beat gays badly. Perhaps a little closer work between some of the ones doing the various actions could have prevented this.

GIVE AMBULANCE CREWS A BADGE??? NEVER! Chief of Police Charles Gain, who is proving to not be the man for that job every day, due to his failure to communicate with the beat cop, is trying to screw gays again.....oh yest, he's done it before! This time, the ill-tempered and homophobic city ambulance crews are asking for the power to arrest people.....Chief Gain is very favorable to this. These people for the most part are ill-trained. If they had training such as the crews in Los Angeles, then maybe yes, but their evil attitudes towards gay people would have them putting 72 Hours psychiatric holds on every gay person they come in contact with. Write Chief Gain and the Board of Supervisors, urging a NO vote!

LAWYERS RATING OF JUDGES A STUPID MOVE! The rating of the performance of various Judges who service in the Municipal Court, Superior Court and the Federal Court, by the Bar Association poll, has to be the "trip" ever laid upon the heads of our City's fine jurists. The rating was nothing more than a popularity poll, and worse, we have evidence that several lawyers who have never even practiced before any of the judges, voted. Disgusting!

At the very most, only 25 lawyers practice on a regular basis at the Hall of Justice and City Hall as well as the Federal Building courts. Most of the lawyers who voted are civil lawyers, not criminal lawyers, in no position whatsoever to judge the competency of the criminal court Municipal and Superior Court Judges. What this poll, published in the CHRONICLE does, is place the Judges in a "popularity race" against one another, if anything. It proves one thing for sure, that many lawyers who are anti-gay, voted against judges who are friendly to the gay community. The black judges and the female judges all placed low, showing racist and sexist overtones to the poll. It was bad, and the bar association should be censured. Some of the judges who were given poor performance ratings, have been very good towards gay cases in their courts, such as the kindly humanistic Judge R.J. Reynolds, one of the finest Judges on the bench, who also happens to be black. He deserves to be at or near the top for the human kindness he shows in his decisions. The same goes for a fine woman Jurist, Mary Moran Pajalich, as well as Judge Albert C. Wollenberg, Jr., a fair judge for sure. And then there is the no nonsense Judge Jonny O'Kane, a man who could care less what others think and makes his decisions as fair as a judge can. The other Judges like, Ed Cragen who was supported widely by the gay community, and Ollie Marie Victorie, S. Lee Vavuris, George Maloney, all these fine jurists are fair people and they deserve your vote whenever they come up for re-election! Shame on the so-called bar association for this bit of slander!

REV. SANDMIRE.....SIR, STAY IN YOUR PULPIT! Jim Sandmire is head of the CDC Gay Caucus! Another "front-man" for the David B Goodstein - Advocate "machine"! He's not one bit better than Foster, who resigned!.....reallly!

## GAY CRUSADER HAYAKAWA ALL SET TO DEBATE FOE...

HAYAKAWA ATTACKS TUNNEY FOR HIS SIX YEAR FAILURE TO SUPPORT GAY RIGHTS! Dr. S.I. Hayakawa, who is challenging John Tunney for the U.S. Senate post here in California, on Sunday August 22nd, denounced the incumbent senator for his failure to acknowledge the rights of gay people before this election. A Hayakawa spokesperson stated that the Tunney forces, sometimes referred to as the "Looney Tunney" (pronounce that tune-ie) are grasping at straws "Hayden ripped the covers off of his six do-nothing year tenure as senator for the oil interests and the others who have corrupted America for the past six years".

"Gays for Hayakawa", a statewide organization, took the opportunity of a no-show by the incumbent senator Tunney at a \$50 a person pool side party at a gay publisher's home in Atherton, to expose the six year absence of support for gays by the incumbent Tunney. Tunney it was noted, during his six long years as a U.S. Senator, refused to even respond to any letters from gay groups, except for form letters. It was noted that during his six years as a special interest representative of the big oil companies, he (Tunney), made no appearances at any gayfairs or clubs. Tunney did make a statement to a convention of church people that he (Tunney) considered all homosexuals to be sick! Tunney supporters have of course denied this statement, and have begun a smear-campaign on Dr. Hayakawa. But it is to no avail, as Hayakawa has many many friends in the gay community, and his record as President of San Francisco State University stands as a monument to his acceptance of homosexuals. For while at SF State University, Hayakawa did

nothing to hamper the gay liberation front at SF State, and allowed gays to operate equally with all other campus groups. And we know that such has not been the case at several other State Colleges to date. Dr. S.I. Hayakawa campaign workers tell us that they will make every effort to schedule in the Gay Voters League. "Gay Community Candidates Night", to be held in October. An appearance by Hayakawa would certainly be an effort that would silence the gay dissenters. It is to be pointed out, that those who are opposed to the election of Dr. Hayakawa are the very same persons who opposed the nomination of Jimmy Carter as President. Since Tom Hayden's "house-cleaning" of the Tunney-record in the spring, many gay Democrats have joined the Hayakawa bandwagon which is rolling quite fast now, and all polls show him winning in November. That is the reason the Tunney forces have had to resort to smear tactics against Hayakawa, as well as using vile ageist remarks. Right now, S.I. Hayakawa is the winner this fall!

## DRUG USE & SALES INCREASES IN THE CASTRO!

The Castro area as well as the Mid-Market area, has become the target of a federal narcotic investigation. This is due to the fact that they are unhappy with the lack of enforcement by the local SFPD Narcotics bureau. The SFPD Narcs, due to their own mis-handling of arrest procedures have lost several cases in court. The federals do not lose very many cases. The infamous "Mexican connection" is operating in the Castro area. They are a "straight" group, using gay businesses as a "cover", for the SFPD due to political pressures, stay out of gay bars, but the federal narcotics units could care less about gay political power. Many gay people are also unhappy with the failure of the police to crack down on the use and sales of "speed", "meth", qualudes, and such "mind drugs" as MDA, PCP and LSD. According to our Federal Building sources, the federal narcs have been concentrating in three particular gay businesses, setting up contacts for a big bust. Helping Hands Services Drug Prevention Project urges all to help "quash the pushers", as they are killing people.

## 8th STREET BATH HOUSE BARS THE "OLDER" GAY!!!

EIGHTH STREET CLUB BATH CONTINUES IT'S DISCRIMINATION AGAINST OLDER GAYS!!!!!! In a report to the GAY CRUSADER, which was made to us this past week, two respectable, presentable, and affluent persons from New York City here on vacation, went to the 8th STREET BATHS-CLUB, and were turned away because the 8th Street Club Baths considered them "too old" and caused them considerable embarrassment.

In another and similar case, of which an unsigned letter is being circulated concerning the 8th Street Club Baths.....two more New Yorkers one age 40 and the other 45, both described as the two above, respectable, all were turned away, and this time the excuse was that they "were trouble makers, that customers had complained about them".....keep in mind, they had never been in the place before.

In another case of slander being circulated by the personnel of the 8th Street Club Baths, the owner is reported to have said that "we turned away Rev. Ray Broshears on opening night as he was drunk and disorderly". Now, anyone who knows the fiery editor of this paper, knows that he NEVER goes to the baths, and that he does NOT DRINK.

The discriminatory policies of CLUB BATHS were given a slap by S.I.R. Board Member, and attorney, B. J. Beckwith at a membership meeting, when he asked that the membership vote against any further ads of the Clubs Baths on 8th Street being accepted in the S.I.R. publication, VECTOR, until such time as discrimination has ceased to be the practice at the 8th Street Club Baths.

In the meantime, the GLA (Gay Liberation Alliance) urged the gays of the City to boycott the business until such a time that they cease to discriminate against older gay people, against un-handsome people, and against racial minorities.

The GLA has requested the Board of Supervisors and the SFPD Legal Unit to amend the bath house ordinance to prohibit persons under the age of 18 from entering said bath houses, and in addition, an amendment which would call for the revocation of any permits of any bath houses which discriminate based upon age and looks. Race, creed, color, religion and sex are already covered in the laws.

The GC urges all to report any acts of discrimination by the 8th Street Club Baths to the GLA in care of this paper.

And a note from the GLA to all young fags who don't support their older brothers....."remember honies, someday all you little numbers will reach "that age", and will you like being kept out just because of how you look and your age????.....think about it all you twinkies!"

Remember said an, GLA spokesperson, it is today that you create your tomorrows! So, if we all do not work together to end discrimination today while we are young, we will have to suffer from it when we are old! END AGESIM-BOYCOTT THE 8th STREET CLUB BATHS!

Communicating and relating to the public has been my profession for the past five years. Music has been, and shall be, my total love in life. Music is one of man's most cherished possessions. One cannot forgo the average day without some encounter with music. Rhythm is the basic pattern of noise or sound. When there is a certain type of pattern, we have a particular form of music. "Disco Music" is identified by its strong, deep and sharp up-tempo beat. Employing these vigorous and positive qualities has earned it world wide popularity. Not only is disco music a crave, or, "the in-thing" but for a vast majority, it is a way of life. "Disco-Mania" as so many of us say, is very real and its effects are real. I for one am proud to be a part of this reality.

Within the up-coming issues of the GAY CRUSADER, I will take you behind the scenes of this adventurous world, called "Disco-Mania". I use the word "adventurous" bodily because in every way, the disco-world is an adventure...from the club owners to the disk-jockeys and engineers...to you, the general public and patron.

For all the inquisitive, I shall engage upon a words...sentences..., a paragraph about (gossip) other people, places and...things...? which might relate to disco. Each issue will contain my "Ten To Win" records as well as my "Pick To Click".

## M.C.C.'S BIG PUSH POLITICALLY!

POLITICAL CHURCH IS CHARGED BY MANY GAY ACTIVISTS AS MCC GETS INVOLVED IN DEMOCRATIC PARTY POLITICS.....ALL THE WAY!

MCC official and former pastor of Los Angeles and San Francisco congregations... Rev. James Sandmire, was elected chairperson of the Gay Caucus of the CDC... (California Democratic Council). His election was opposed by one person, Clayton Wells, a former Carter delegate. And it is obvious that two other votes would have been cast had they been notified...one from the Truman Democratic Club and a rumored 'no' vote from the Minuteman Democratic Club.

Sandmire was the hand-picked successor to the out-going and highly UN-POPULAR chairperson, Jim Foster, who stated that he was going to be employed full time and could not hold the post any longer. Which prompted Gay Voters League president Rev. Ray Broshears to say, "well, in my 11 years in San Francisco, I have not heard of Foster ever being employed, so it's one good thing at least."

Rev. Sandmire who is now a full time paid staff member of the Fellowship of MCC, will devote much time to political activities if he follows in Foster's footsteps.

Rev. Sandmire is a longtime ally of the Foster-Goodstein (Advocate) political machine, which is very unpopular in many quarters.

Rev. Sandmire's election has not set well with several bay area gay Democrats, including the new president of the Truman Democratic Club, attorney B.J. Beckwith.

Ignoring biblical warnings concerning the separation of church and state, as well as their federal tax-exemption, Sandmire's escalation into a leading partisan political role, along with MCC having opened an office in Washington, DC to "lobby" puts MCC into a very political role. MCC members who are Republican, etc., appear to be left out by Democrat Sandmire's official Democratic appointment!

## KIMO TO DIRECT GAY-USO SHOW FOR VETERANS...

KIMO returns once again the direct the GAY-USO SHOW of the Helping Hands Services, which are held yearly, at the Fort Miley Veterans Hospital. KIMO, who did a brilliant job in putting together the CIRCUS-CIRCUS '76 this year, directed the shows in 1973 and 1974. Last year, Lee Raymond, who will help this year, directed the show.

KIMO promises to present a tasteful show, aimed at an audience which is predominately heterosexual. KIMO also stated that "blue" material would be very "pale" if at all this year.

Rev. Ray Broshears wanted to let know that he is deeply sorry for a story in the last issue of the GC in which KIMO was mentioned wrongly. "Welcome back KIMO welcome back!"

#### GAY CRUSADER

SURVIVAL HOUSE.....alias GOLDEN GATE GAY LIBERATION HOUSE.....alias PAGE STREET SURVIVAL HOUSE.....alias EMMAUS HOUSE!

This issue we cast our CRUSADING EYE towards the operation of Florzell Mitchell and company, called Survival House. At least that is what it is currently called today. It all began back in 1971 or so, at a location on Vallejo Street, it was called EMMAUS HOUSE, and it received its federal tax-exemption because it was a religious centered charitable organization.

They operated a very nice coffee house and drop-in center. It was frequented by so many lonely gay people. The founders were very idealistic people.

Radical gay liberationists wanted to change the nature of the operation into a more radical type political situation. It had a switchboard operating, and when the internal battles were over, the coffee house was shut down, and the switchboard, under Dennis Kruszyński, was moved to his home in the Mid-Market Street area. It operated as a switchboard and crash housing service there for some time, doing an excellent job, serving the gay community.

Then one day, it moved to Shrader Street and began another drop-in center, and this proved to be a most unwise move as internal problems once again began. Factions vying for control of Emmaus House.

One such faction was headed by a person named F.E. Mitchell who lived on Page Street (934).

Mr. Florzell Mitchell's faction was successful in forcing the Dennis Kruszyński faction out, physical battles actually occurred, with the center being damaged greatly, windows being broken out. No one knows at this time who did it except the faction headed by Florzell Mitchell and Mike Waggoner, according to Dennis Kruszyński. Dennis, embittered over this situation, dropped out of the gay liberation movement, which has proved to be a very great loss.

Soon thereafter, Emmaus House ceased to exist, and it became Page Street Survival House and Golden Gate Gay Liberation House, and now, Survival House, which is on Haight Street in property owned by Insurance man John Schmidt, of the Golden Gate Business Association.

Survival House has tried various methods of fund raising, most of which have failed badly. But many many donations of goods and money as well as food and furniture have been made to Survival House.

for "power" without concern for the well-being of the citizens of our City. That is the thought of many San Franciscans.

Larry Martin threatened to "shut down the City" with another strike called by the MUNI drivers themselves. He let it be known that other unions "owed him" for the MUNI's past support of other strikes.

Martin acknowledged that lives could be endangered at the City Hospital and other such institutions by such a "shut-down", and he appeared to be careless, trying to put the blame on the Board of Supervisors.

Martin and the MUNI drivers for sometime have held far too much power in the opinion of many San Franciscans, and just the morning after Martin signed the new pay pact which averted a strike for another year, found one of the MUNI drivers going "berzerk" to say the least.

A Market-Castro trolley bus driver, Maurice James held his passengers captive, refusing to let them off at various stops, causing considerable trouble.

## SAVAGE BEATING OF DISABLED VET!

Disabled veteran, John Chamberlain is in San Francisco General Hospital in serious condition after a savage beating on Thursday night August 26th at the National Hotel.

Chamberlain, who just got out of the Veterans Hospital a short while ago, after brain surgery, after having been in a coma for nearly a year, lived at the Market Street hotel, and is considered a very peace loving man. The person who attacked Chamberlain with a lead pipe...beating him about the head and face, is the person whom witnesses identified as Charles "Chuck" Roesing, a former employee of Gordons and the P.S.

Some one in the Hotel has supposedly stolen Roesing's radio according to witnesses, and Roesing stalked up and down the halls screaming and shouting. All the witnesses said that Chamberlain just happened to be walking down the hall, and said something very polite and calming to Roesing, and Roesing took the lead pipe and began beating him, leaving him in a pool of blood. Others had pulled him off the fallen veteran. Some employees tell of having been hit and threatened by Roesing in the past, saying that he had a very violent temper.

Roesing is in City Prison, booked on 245A, Aggravated Assault. Police officials seem indifferent to the beating, but various veterans groups are pushing for a long term in prison for Roesing.

## "SPEED" KILLING GAY EMPLOYEES!

METHAMPHETAMINES....."SPEED"....."BLACK BEAUTY'S".....They are destroying many many gay employees, particularly bartenders. The Helping Hands Service Drug Prevention Project completed a long survey of bartenders, waiters, dishwashers, cooks, etc. The survey was done almost all gay businesses, including various shops, baths, etc. The results were shocking to say the least.

"Speed" gives the people a "real high" but only for a time, and then the "pits". Called "crystal" by some, it comes in powder form, pills, and liquid. It can be sniffed like cocaine. The "skin pop" is becoming more and more popular amongst many "users". The "user" may hear horns, and there aren't any cars around, they hear footsteps, and there is no one. The "user" eats very little, and has difficulty sleeping at anytime. Hallucinations are the "thing" of the "speed" user. It is called a TOXIC DRUG PSYCHOSIS. It is paranoia with all the delusions of persecution, and just after you have made a hit (dropped, shot-up, sniffed) grandeur.....! Then they take some more to take away the horrors which surely will come. When they stop, they, the "user" looks like, pardon the expression....shit! Ashen gray complexions, dark deeping circles under the eyes, and extreme nervousness. They just may kill themselves and most certainly suffer brain damage, and it worsens with heath "hit"! They eventually will wind up a "vegetable" after prolonged use....."speed" is far more deadly than heroin, and that's a fact. The next "hit" the "user" takes may be the end of their life!

It affects the gay business owner when the employee is "using" for they do not make a good employee after a while. They become nervous, irritable, nasty to customers, insulting everyone, trying to make others feel as miserable and low as they feel they are....in the "pits", the "gutters of life". They show up for work late often, forget to do the little things, and eventually the big things....they begin stealing, a little at first, but alot later....bills pile up, they neglect their home life, and then it's "outsville" the unemployment line. Yes, "speed" is killing not only gay customers, but employees as well!

## The Lavender Panthers

Four San Francisco teen-agers recently got the surprise of their young lives. Tooling around in their souped-up car looking for a little fun, they spotted two homosexuals leaving the Naked Grape, a well-known gay bar. The youths roared to a stop, jumped out of their car and began to push the homosexuals around. Suddenly a brawny hand, led by a man in a clerical collar, leaped from a gray Volkswagen bus and lit into them. "We didn't even ask questions," said the Rev. Ray Broshears, 38. "We just took out our pool cues and started flailing ass." The teen-agers fled into the night, only to return ten minutes later, begging for their car. "Look, man, we don't want no trouble."

The group they most assuredly did not want trouble with was the Lavender Panthers, a stiff-wristed team of gay vigilantes who have taken to the streets

of San Francisco to protect their confreres against just such attacks. Formed by the Rev. Ray, a Pentecostal Evangelist and known homosexual who himself was once beaten severely outside his gay mission center, the Panthers patrol the streets nightly with chains, billy clubs, whistles and cans of red spray paint (a substitute for forbidden Mace). Their purpose, as the Rev. Ray candidly puts it, is to strike terror in the hearts of "all those young punks who have been beating up my faggots."

San Francisco has long had a reputation for permissiveness toward homosexuals, and the police department claims that there are only a couple of isolated incidents of gay beatings on their records. The homosexuals say that that is precisely the point: gays will not file complaints because the police are likely to accuse them of having invited the beating by propositioning someone.

Although Ray has a working arrangement with Elliot Blackstone, the police community relations officer who deals with homosexuals, not to carry firearms on his patrols, he does keep a shotgun in his office.

Beyond their stipulation against the Panthers' carrying guns, the police have not interfered with the patrols, nor have they received any complaints from anyone the Panthers have accosted. Indeed, the Panthers have gotten more heat from their own brethren than from the police. Bill McWilliams, owner of three gay bars, says, for example, that the patrons of his Boot Camp bar can take good care of themselves. Moreover, many of the city's affluent gays do not like the idea of hard-eyed homosexual toughs causing commotion in the streets. But Ray insists that his Draconian measures are necessary. "Middle America has always had a little tinge of homophobia," he says. "But I've had it up to here. All this queer bashing has simply got to stop."

## CRY FOR GAY VIGILANTES IS HEARD ONCE AGAIN.....

The LAVENDER PANTHERS..... a name remembered by San Francisco's homosexual community. The Panthers were formed and directed by the Rev. Ray Broshears. They were headquartered out of the old Helping Hands Center on Turk Street which is now closed due to failure of the gay community to support it. Helping Hands Services continues..... but, the Center and the Panthers are gone.

With the recent rise in street violence against gay people in the Castro, Mid-Market and now the Polk area, a cry has gone up for a 'vigilante committee', and one group of pissy gays has even asked the government for funds to operate such a group. The Lavender Panthers operated as a volunteer group and without the need for taxpayers funds!

The Panthers, some of them, are in the area still, and Rev. Broshears sez that occasionally they are used..... but, only very rarely, and mostly in a retaliatory measure....going to the home(s) of persons who have beatup gays and "counselling" with them. They have also been used against the drug pusher and the pimp in recent

months. But they operate with lack of publicity.

### SHOULD BE BE REVIVED? AS A PATROL?

The answer to that according to the Rev. Broshears, who is not as radical as he used to be, is simply "no". He believes that it is not practical with the wild communist type gays that are in abundance today, that such a group could be used by devious people to incite a riot and troubles which would backlash against gay rights! Broshears, a candidate for the Community College Board, said that a drive for stronger laws with much tougher sentences for those persons convicted of assault would be one of the ways, but stressed that there is a need for at least 1,000 more police officers and the 'cheapies' at the Board of Supervisors just will not authorize more police, and have cut at least 200 men from the current SFPD strength.

He urged a heavy lobbying campaign directed at the Board of Supervisors towards that end...gaining more men and women on the police force. The GAY VOTERS LEAGUE, of which he is the current president, is still lobbying for more police, as well as the legalization of mace.

Broshears said that a far better street lighting system would enhance the protection of the citizen, but again, he pointed out that the "cheapies" on the Board of Supervisors vote these items down.

In the meantime, the Helping Hands Services HELP LINE urges that you call them with any reports of beatings or information concerning the whereabouts of "queer-bashers"! You may call (415) 771-3366 anytime. It is also urged to not "drop charges" against any of the thugs "because they are dis-advantaged minorities!"

## CONSUMER CON-PLAINTS

C.T.C. QUARTERLY.....CONTINENTAL TRAVEL CLUB....."ALERT"

Numerous complaints have come into the GAY CRUSADER concerning the operation called CTC. It is allegedly an "organization" which recommends bars, and other gay businesses.

It is operated by a person named Elmon Clifton, who also operates a model agency called Richard of San Francisco, and sometimes "Richard Elmon". Checks have been made out to some land company at 365 Fell Street, which we have checked finding no such a place there.

A business contacted us telling us that he was promised over a year ago that the CTC Quarterly came out just that "quarterly", but none have been out in the past year....the person says that all he has for his \$50 membership fee in CTC is two pieces of cardboard, and that when the businessperson contacted Elmon Clifton, the businessperson alleges that he screamed at him, berating him, and used the name of the editor of this paper, which prompted the person to contact the editor of the GAY CRUSADER to ask him what was what. We have recommended to all persons to contact the BBB and the Consumer Fraud Unit of the District Attorney's office concerning CTC, etc.

# CONSERVATIVELY SPEAKING ROD HELTON

IS THE OFFICE OF THE EMPEROR OF SAN FRANCISCO JUST A BAR function, servicing only a small number of bar-party "groupies"? Unfortunately this is what it has become. But, it doesn't have to be this way!

Some people claim the San Francisco Tavern Guild uses the campaign to help certain member bars to remain in business.

Whether or not this is true is unimportant. The fact is, the major benefit of the campaign is reaped by the participating bars and the liquor industry, NOT THE COMMUNITY in general. Some candidates are having as many as four parties a week over an eight week period, and spending thousands of dollars for this exposure.

The campaign and the candidates can be made more accessible to the total community, but it will take some radical changes in the campaign and election system.

- 1....Candidates should be selected by a committee comprised of representatives of all areas of gay life.
- 2....After being accepted as a candidate he (or she) should have four weeks to form a Committee and write a platform.
- 3....All candidates would appear and be introduced (but not campaign) at the Closet Ball. This would start the period of campaigning.
- 4....The campaign would be limited to four weeks.
- 5....Campaign spending would be limited to..... \$1,500.00 for each candidate.
- 6....Each candidate would be limited to two functions a week.
- 7....Each candidate would be required to make at least one of his functions each week a fund raiser for charity.
- 8....All candidates functions would be scheduled so that no two events were held at the same time. This would allow the maximum exposure to all candidates and charities.
- 9....One "candidates night" would be held each week in a different section of the City.
- 10....Voting would take place at the "Castro Street Fair".

A DISTRICT RACE.....THEY WAY THEY  
ARE DRAWN UP!

In November, gay people will be asked to vote yes or no for district elections. This publication has long been a supporter of district elections....but NOT THIS PLAN. It was poorly drawn up...for instance, it placed a large segment of the gay and senior citizen community, predominantly white, in a nearly all black and chicano district....which means that a gay person would never be elected....that is district 7 under the vote NO plan.

It places the Tenderloin and part of Polk gays in the district, as well as all of our seniors. It was a poorly or cleverly drawn up plan, depending upon who did the drawing....but for sure, the person wasn't gay!

Then in district 6, which has about 22% gays in it, a gay would never be elected as the plan on the November ballot calls for. And in district 5, should two gays run against one another, which would be likely in the case of Harvey Milk and Rick Stokes, this would allow for an anti-gay person to be elected, for we all know that the Goodstein-Foster-Stokes combine would do everything to beat Harvey Milk.

The, gay/la Polk strasse is placed in with the western addition (Fillmore) which is a nother plot to destroy the gay vote. Polk and the Tenderloin must always be kept together, and this was something that Mark Joplin made very clear to the designers of the districts, but his words fell on deaf or anti-gay ears.

So, while district elections is a very good idea, the plan presented to the voters in November is a very bad one and must be defeated if we are ever to have gay political power or if we are ever to elect a gay person to the Board of Supervisors.....VOTE NO ON DISTRICT ELECTIONS on NOVEMBER 2nd! rb

"THE GREAT RIP-OFF".....AN EXPOSE OF  
THE 'MALE MADAMS'.....

Sorry for the long delay in columns but I am back with the GC once more, with a hot story, and there will be more to follow in ensuing issues.

Current gay male prostitutes are experiencing problems with their time-honored "business or profession", here in San Francisco. Probably those who are most upset are the agency-employed, so-called models. They are the victims of lower wages and greater competition.

Due to the lax attitude of the SFPD and a greater flow of bay area hustlers to San Francisco.

The average present wage for an agency employed prostitute is about \$35 an hour of which the agency receives in the area of \$15 and the prostitute \$20.

What is happening now to induce the burden of the prostitute is a declining number of clients. For the average looking or endowed boy and an increase for the well endowed or respectively more expensive boy of the past.

This creates great problems for the young man who is circumstantially forced to prostitute himself.

He would likely do better on his own and perhaps create a more steady flow of clients if he broke away and began advertising for himself. He could set his own price....a lower one, by the cutting out of his "middle-man or male madam", and still create a sizeable income through his competition with the agencies.

Of course the agency loose a few clients in the long run, but the model loses more by depending a regular income from the agency, over which he has no control.

Of course it is obvious that I am stressing that the underpaid and poorly supplied model go into business for himself.

Considering the tolerant attitude of the society today, reflected in the SFPD, and the current state of related problems now, this is the time for some one to enter into a business/profession for himself.

Perhaps during this period of time, an average endowed and looking person could create a steady flow of clientele before the police cracks down again (eventually).

## ON GOD AND GAY PEOPLE

.....by the Rev. Father Joseph Feldhauser, pastor of St. Nicholas Orthodox Catholic Parish, Milwaukee.  
(from the Community of the Love of Christ newsletter, KOINON-IA, Vol. 7 No. 6)

"All baptized in Christ, you have all clothed yourselves in Christ, and there are no more distinctions between Jew and Greek, slave and free, male and female, but all of you are one in Christ Jesus." (The Letter of Blessed Paul, the Apostle to the people of Galatia)

Religious training and belief have been in the western world, the greatest obstacle in the path of people who want to realize their full capacity to love others in harmony with the truest teachings of their hearts. Religion has frustrated and repressed natural and true human needs to participate in affection and joy.

Religion has been used to smash and bludgeon sex.....sall sex!

Psychiatrists' offices as well as endless pornography haunts, bars, armies, and living rooms, are jammed full of compulsive neurotics wracked by guilt and the threat of sin if they love.

There are legions of sold, brash, frigid people who feel safe in their alienation from others; who are lousy in bed; who basically live alone.....who have friends and contacts galore, but who always avoid deep and warm encounter with one another. Many of these folk were made this way by religion.....and are assured of a heaven of celibate bliss in reward for their pre-sexual trial on earth. How unimpressive to the un-saved!

"I have come that you may have life, and have it to the fullest,"....said Christ Jesus. His proclamation in the Gospel and in the Epistles and Tradition of the Church is not one of restraint, repression and delay-yed reward. It is a thing about setting people free from all that binds them and keeps them from being loving human persons.....loving beyond the limits of old social convention and myth.

While the New Testament definitely does contain condemnation of the misuse of sex, including the misuse of homosexual sex, the sum of the impact of the Good News is not a restraining list of laws and condemnations or a preprogramming for the comfort laden repression of middle-class acceptability, but a wildly freeing smashing of the death-serving ways of "this world" and the beginning of "the kingdom" where men and women are liberated to be themselves, open to others on all levels and intimate with God Himself.

## GAY CRUSADER

While Western Christianity has messed up royally, there is a whole world of authentic Jesus teaching and life in the Eastern Church that, while it has been scorned for its ethno-centrism has preserved unmarred essentially the good news of liberation.

St. John Chrysostom, for one, denounces sex roles and differentiations and lays aside reproduction as a reason for sex. He sees the growth of persons in love as its end. "There are no more distinctions.....!"

God calls all men and women to lead full lives in the freshness and joy of His Holy Spirit. He could care less as to how the 'plumbing' is arranged!

There is sinful heterosexual sex and sinful homosexual sex. All that is debasing and destructive towards persons is sinful. Gay liberation however, strikes a chord that is in harmony with the truest strains of the Gospel Tradition in trying to free Gay and

straight people from sexism and narrow prejudice that have bound us all and produced categories like "nigger" and "kike" and "faggot" and "pig".

In working to serve the people of our Community and in working for basic radical change in the way we all relate to one another sexually.....gay liberation are filled with persons who are filled with the Holy Spirit who "breathes where he wills" to set men and women free.

The Western Church martyred nine-million gays over the centuries.....burned and beheaded us for the way we love.

The Western Church really is a mess, isn't it, for all its efforts to be proper and trim.

But Be that as it may, JESUS is not one to be put down. Death institutions, like graves, have a way of getting "offed" when He enters the scene and in every generation there has been a re-affirmation of good, clear Gospel. There is every reason to work and pray for gay liberation's (non-communist/socialist variety) integral participation in Jesus' work of Liberation.

"I saw a new Heaven and a new earth.....here GOD lives among men.....He will wipe away all tears from their eyes.....the world of the past has gone!"

(Revelation of St. John)

This kind of talk blatantly contradicts everything your church has tried to do to you. But, look deeper, pray over it. For, as messed up as the Western Church has been, there still remains the Word of the world's most irrepressibly free man.....Jesus, the Son of God. We can be and we must be close to God in His Church and free to love as He has given us the means. As an ancient Ukrainian monk once said, "There are as many ways as there are desires".

There is a fine urgency in the Gospel. We just can not mess around being afraid or careful or comfortable. After all, what are a few crosses more in the Light of the Resurrection? Why be restrained when the Creator of the Cosmos invites us to be free?

"Saint John, the Beloved Disciple, interceded with Christ God to save our souls."

.....Father Joseph Feldhauser.

## C.I.A. CONDUCTS VACAVILLE EXPERIMENTS

In a surprise story released in the VACAVILLE REPORTER, the director of CMF-Vacaville (California Medical Facility), Dr. Lawrence Clannon admitted that various drug experiments have been conducted in the past by the CIA sponsored research, using the code name....."MK-ULTRA" which was to test the credibility of people under the influence of various drugs.

A San Francisco doctor, CHARLES HINE was the one who conducted the experiments for the CIA program. Now, the GAY CRUSADER is tracking Dr. Hines down, as to what he is involved in now.

The CRUSADER has related the sad facts that drug and medical experimentation still goes on at Vacaville CMF, but Dr. Clannon states that the patients/inmates have given their consent.

This brings up the old question, "Is there anything such as voluntary consent in a prison", for intimidation is the law of the land there.

Inmates have related to the CRUSADER that the CMF officials have offered them money as well as time off of their sentences, in order to induce them to joining their experimentations.

In a fiscal report of the Department of Corrections funding for this year, LEAA (Law Enforcement Assistance Administration) funds are being used at CMF Vacaville, but the director has refused to relate as to how the funds are being used.

The "electro-penile response" therapy to "cure" you of your homosexual tendencies and "rape" tendencies is still being used at CMF Vacaville despite the denial of the director.

A State Assembly Committee of Rep. Richard Alatorre of Los Angeles has been very ineffective so far in dealing with the conditions at CMF Vacaville.

The drug experiments were sponsored on paper by the National Institute for Mental Health, which still today is sponsoring various programs at CMF Vacaville.

Dr. Clannon says that they are now turning down money from CIA sponsored projects, but i ill refuses to make any comment on the current programs except to say that the prisoners have all "volunteered".

It has been reported to the CRUSADER that new "brain-washing techniques" are being experimented with at CMF on persons described as "mentally disordered sex offenders", but this has not yet been confirmed.

## SENIOR LUNCH PROGRAM

HELPING HANDS SERVICES' LUNCH PROGRAM FOR SENIOR CITIZENS IS GROWING.....AND THAT'S THE BIG PROBLEM!

"We don't have the money to feed any more people" said the Rev. Ray Broshears, director of the luncheons, and a candidate for the Community College Board.

He started the luncheons back in 1968, and has continued them every year since, but unfortunately, they are spread out a far distance at times, due to lack of funds.

TENDERLOIN TESSIE who worked at the last luncheon told everyone she did enjoy it, but saw for herself, that good quality food, which the OFDL of Helping Hands has always served, just goes a short way.

Randy Johnson and Lee Raymond, two other hard workers at the luncheons agree that more funds are needed, but they both agree that "auctions are now worn out" and that is why a packed house at the Rebound Club only made \$127.00.....but, that point could be debated.

Rev. Broshears said that money is short but, it is never short when it comes time for an emperor election or something of that nature. He also pointed out all the money that Flame and his gang are spending just to go to a make-believe coronation up in Alaska.

He felt that people are more than entitled to have fun and more fun, but, when they become obsessed with all this title-mania and poor handicapped elderly persons continue to suffer, then something is wrong somewhere.

Broshears pointed out that HELPING HANDS SERVICES has had to discontinue one phone line and now has no overflow line. He also pointed out that the drug-users in the gay community have helped to kill the auctions, because they didn't want the drug prevention and education program to continue either.

Donations are needed.....won't you help? Send them to: Helping Hands Services.

# SEX SHOP by J. Michael

GREY RYDER, the President of the Polk Street Businessman's Association, was strolling home from Circus-Circus at California Hall last month, when he was approached by a belligerent young panhandler. Grey unfortunately had no "spare change" to spare so the young man attacked Mr. Ryder with fists and shouts of "faggot". The beat cop happened over and took the attacker in hand. While Mr. Ryder was pressing charges, a group of the panhandler's young friends gathered on the next corner with some menacing shouts of their own. Since the beat cop had a prisoner to take in, he had to leave Grey to his own devices, saying that there was nothing he could do until something more happened. Grey continued up Polk Street only to be attacked again. This time he wound up in the hospital with cuts, bruises and a dislocated shoulder. All of the panhandlers are back on Polk Street—free to do it all over again. Grey is well and back at work but a little nervous. Aren't we all!

It looks as if the gay community is going to have to do something to protect the territory it has created for itself.

A serious proposal has been made to the Federal government and the local police authorities for a grant and for co-operation, respectively, in organizing a "gay vigilante" group to patrol ready to act when called upon by the bartenders, businessmen and pedestrians, to protect body and/or property from those explosive individuals that are, for one reason or another, attracted to our lifestyle and evident prosperity. Being a small boy from Alabama, the idea of 'vigilante' groups brings thoughts of abject horror to mind. Too many of the bullies get off on group-sanctioned brutality in the name of self-protection. Yet, it is obvious that we must do something to protect what is ours. So, after consultation with my Main Man, Sex Shop makes a proposal of its own: That a volunteer group be formed, financed by local businessmen and a possible federal grant, and outfitted in the classic uniforms of the Keystone Kops. The uniforms would supply an element of comic relief on joyous nights that have gotten a little heavy. But on those full moon nights when they are needed, those billy clubs could be very effective when put to serious use. And bullies don't generally dress up as clowns. It could only happen in San Francisco; and in San Francisco it might work!

## CASTLES, KINGS, EMPERORS and THINGS.

Speaking of things that work in San Francisco, it time to elect a new Emperor to lead and represent us for the coming year. There have been endorsements galore for the five worthy candidates on the ballot. Since Sex Shops aren't quite respectable enough to make endorsements... lets try labels—something we pornographers do to our product every day:

Douglas-Douglas.....and upstart with great idealism and a terrific build. Label him the Reform Candidate—badly needed but probably a year or two ahead of his time.

Harry Lordon.....Harry we all know well. Hail fellow well met who has and will contribute to this community for a long, long time. Harry enjoys life and knows how to live; he understands the meaning of camp. Label him—the Drinking Man's candidate.

Bob Wiggins.....Like his campaign buttons indicate, Bob's for bring 'em out of the closet with a roar for newfound freedom. Fun and serious, together. Label: The Social Candidate.

Billy Lowenthal.....Unfortunately, Billy knows how to hold a grudge rather than bury the hatchet. He has alot of support and some solid financing. Label: The Power Candidate.

Hector Navarro.....Hector's the man who put life back into S.I.R. the first time it almost died. He's not as close to 'the people' as he once was but has the support of the 'Beautiful 400'..... those individuals in this community who GET THINGS DONE! Label: The Establishment Candidate.

Make your own choice and VOTE at the SIR Center September 18; and remember—these are the SEX SHOP views/labels, and do not necessarily reflect the editorial views of this or any other newspaper. J. MICHAEL!

## LE SALON

It is with a great sense of pride that SEX SHOP congratulates 'Lucky Larry' and 'The Dirty Old Frenchman' of LE SALON Internationale for supplying Sex Shop customers with the most comprehensive collection of quality, Namebrand, male action films to be found anywhere in the world—all right here in The City at Le Salon Bookstore, 1118 Polk Street. Stop in and look at the always expanding film catalogue and browse through the latest in quality porn: paperbacks, magazines, periodicals, toys, and—all those fantastic films.

## SPEAKING OF WHICH

Last column, I raved about GRIFFIN Internationale's film "Room Service" (29m)—labeled it the hottest, hardest three-way on film. Well, "Room Service" has a brother, BRENT-WOOD Film's fantastic 300' reel called "Marine's Furlough." Talk about a big cock and hard action—this one I personally, unconditionally guarantee. No film library is complete without it.

GRIFFIN isn't letting any moss grow either. For those Sex Shop fans without projectors and screens, GRIFFIN has turned some of their best films into good quality magazines. Take a look at "The Night Visitor", "Together", and "As You Like It". All new on the Sex Shop shelves.

## HOT SPOTS

After you've picked up a bottle of that best-of-it's-kind "BULLET" liquid at LE SALON, venture down to Castro Village and browse through the JAGUAR Bookstore, 4077 - 18th Street. There's something for everyone in this nationally known 'backroom'. Or if the Castro's too far away, walk up to Pine and Polk to the WILD GOOSE SALOON—the trashiest bar north of Market. You won't be disappointed.

## A HOT NAME TO REMEMBER

The Closet Ball was a hoot. Her most Imperial Majesty Flame and the Cardinal Court royally entertained over 700 Members with one of the best gay productions I've seen in this or any other city. Watching those butch dudes turn into glamorous gals in just one frantic hour was a unique San Francisco trip. And to see Larry Casas, that sexy bartender that gets me drunk most nights at the \*P.S. on Polkstrasse, so coolly walk away with the title really made the night.

It was an added pleasure to share a table with State Senator Milton Marks, his wife Carolyn and daughter Carol. The Marks reacted well to this registered Democrat dressed in black leather, and Mrs. Marks' views on pornography are in tandem with my own. The Senator is an active supporter of gay rights and was a co-sponsor of California's 'Consenting Adult' legislation. He's up for re-election this term and deserves careful consideration. Those "confidential files on everyone that has ever worked for him—from traffic tickets to sexual inclinations—" that are kept in his dining room will probably keep me from taking an active part in his campaign; but, let's face it—files are a part of politics. I hear that senator hopeful Bob Mendelsohn keeps his confidential files in an office in a local exclusive retirement hotel somewhere on Sutter Street.

Remember Watergate fellas!

## PERSONAL

Thank you to Sean, the dynamite S&M artist from L.A., for putting my watersports fantasies on paper in Larry Townsend's "Treasury of S&M Number 6".

And thanks twice for the framed originals that are hanging up on my piayroom wall.

I'll look you up at LARRY's BAR, 5414 Melrose Avenue, the next trip to L.A.
