ELECTION DAY "76...200 Years ago, this nation had a revolution, and now we are about to have another. ELECTION DAY '76...........

Proposition T...District Election of Supervisors is a matter of vital importance to the people of San Francisco. Proposition T means that government is going back to the people of San Francisco and that would be a step forward. So, on Election Day, people of San Francisco will "rule" San Francisco and forever!

C. Agnos defeated Harvey Milk for the Democratic nomination for the 16th Assembly seat, and since then, all to obvious to this columnist, that Art Agnos, despite the GLA screening committee meeting also...so it is the Gay Voters League candidates night .....he ignored votes are to be counted.

The next issue of Gay Poll will reach and grope him ugh!...who would want to! But, be that as it may, a vote for DWIGHT TRIPP, is a vote against apathy and that is what Art Agnos and Leo McCarthy are seeking to stand for.

On Tuesday, November 2nd, do yourself and the gay community a favor, by voting for DWIGHT TRIPP for the 16th Assembly seat!

UNDIOS AND GAYS....This is a "fist" vote. Gays have never been "acceptable" in the same way women have. Now, with their power waning all over here in the City, they are seeking new revenge and new political power, so the AFL-CIO union and the Central Labor Committee have made an agreement of sorts with the BAGL people. It is a union-support-arrangement with the gay community that means trouble for the gay community. This writer has fought the big unions for years and will continue to do so.

Unfortunately, while I realize that some sort of union is badly needed in the gay business community, the gay business community will not accept a gay union (Gay Workers of America)...the GWA is now forming, and could give the answer to the "working-gay's dream."
The rancher-employers rip-off will still go on in the gay business community.....the hotels being run by another employee, manager or owner, in order to acquire or keep your job. That is disgusting!

So, what is the answer?? The GWA. At least the GWA will not rip off the owners the way the AFL-CIO will. But, the real need would be a "red-shoed" gay union to give the gay business community a fighting chance against the GWA. A tick sick trick of them to make a move which will favor the AFL-CIO unitism.

There will be no more to this in the next issue of the GAY CRUSADER. As well there will not be any more on the Tavern Guild.

We stand at a turning point. At the dawn of our nation's third century, this year's election could very well be the most important in our history. It can determine whether the United States will go forward to right its wrongs, establish justice, and once again have a government of, by, and for the people. It all depends on you. You can help to restore Democratic leadership and provide direction to this country.

Marin Gay Vote....

Marin County gays are urged by those in the know, to get out and vote on November 2nd, as a very good friend to the gay people of California is in an uphill battle to win his bid for reelection.

Assembliesman Michael Warner is facing a tough Republican foe, and for this time, the leftist Peace and Freedom Party has planted a candidate in the race, which will only pull votes from Warner.

Warner stood up for gays when the forer of gay liberation gathered in Sacramento to try and lift the passage of the Brown bill. And then, on the same front, equality housing and employment bill, for gay people. Assembliesman Michael Warner of Marin County was right in there, lobbying the best any could do, to try and save the Foran legislation, and be concerned on their legislation.

Marin County gays are urged to tell their friends and neighbors to vote for Michael Warner on November 2nd!!
The Gay CRUSADER urges you to vote on November 2nd... and we urge you to vote for the candidates whom we are recommending to you. They are endorsed because of: (1) their sincerity; (2) their frankness; (3) the ability to work with others to "get the job done"; and (4) good moral character. All the candidates have been questioned concerning their views on homosexuality, and their answers have assured us that they are not unfriendly to gays in our struggle for equal rights and to be free from harassment and persecution! We have come along way baby, for just four short years ago, you couldn't gain a decent response from most candidates, and now, we even have the Republicans "coming around"! Amen!

CONCERNED GAY VOTERS

DON'T BE A PAWN OF THE GAY POWER BROKERS!!

An up-front gay person has never been elected to any public office in California. Why? Because the "gay power brokers" and self-proclaimed "gay leaders" have sabotaged every gay candidate by encouraging gays to vote for straight candidates, and they're at it again. RAY BROSHEARS, an up-front gay activist, who has paid his dues to gay causes, they say that it is even better for gays to vote for a gay candidate. How many gay voters in the United States will have the opportunity to vote for an openly gay candidate? You have that opportunity. Don't miss it. Vote for Ray Broshears for Community College Board. He can win with your help.

The Gay CRUSADER has stuck with Jimmy Carter since October 1975... and we are still with him, inspite of the terrible mistake the Carter campaign made in hiring one, Jim Foster, who in the past has referred to Carter as a racist! Vote for JIMMY and do us all a favor! rev. ray!!!

The Staff of the GAY CRUSADER urges you to vote NO on Proposition 14. This is a special election to allow United Farm Workers (UFW) to evict anyone on their land who is not a union member.

No one has the right to come onto your land to try to force you to join a union. If you are evicted, you lose your property. The D.A.'s Office will not be able to protect you.

I WILL NOT TOLERATE ANYONE BEING PERSECUTED OR HARASSED MERELY BECAUSE OF THEIR SEXUALITY

Dr. S.I. Hayakawa... SF October 20, 1976

by BRUCE GRAVES.

Recently, I had the good fortune to be in the right place at the right time, and had the opportunity to speak with S.I. Hayakawa, candidate for the United State Senate.

Making it clear to him that I was a gay person, I questioned him on civil liberties, and after a most enjoyable interview, I can say this, that the gay people of California would have no better friend in Washington, than Dr. S.I. Hayakawa.

He clarified a statement which has been circulated about him, emanating from the Advocate publication, and he said that he did say that, but it was out of context and that, he, like Jimmy Carter does not approve of homosexuality.

But, that he would be the first to stand up against anyone who would persecute gay people merely because of their sexuality. He says, as Jimmy Carter and Jerry Ford, that he considers homosexuality an "abomination", but that gay people are entitled to all the protections provided any other American citizen.

His wit and candor enthralled me for the length of the interview, and I left, determined to see to it that he was elected to the U.S. Senate on November 2nd, and that I would enlighten my gay sisters and brothers to the truth about Dr. S.I. Hayakawa, that he is indeed NOT a foe of gay people, but a friend to all people, a real civil libertarian.

No one can say the same about his "playboy" opponent! Bruce Graves.

Endorses BROSHEARS!

Gene Prat, well-known San Francisco educator, and a member of the special citizens committee of the Board of Education, has endorsed the bid of Rev. Raymond Broshears, for the Community College Board.

Prat, who ran for Sheriff last year, said that he felt that Broshears would bring an openness to the College Board lacking before and fiscal responsibility.

Mrs. Española Jackson, well known Bayview Hunters Point community organizer, and a former candidate for Supervisor, has also endorsed the Rev. Broshears.

Mrs. Jackson joins others black community leaders such as Tom Smith of the Ingleside Neighborhood Association in supporting Rev. Broshears.

Mrs. Jackson cites the years of work together with Rev. Broshears in the old War On Poverty Program, as a very good reason for her support of Rev. Broshears. She noted that Rev. Broshears led a demonstration at Hunters Point in 1968 when three black workers died due to the carelessness of the owners of a tannery. She cited his daring and compassion for black peoples, and for the elderly people of San Francisco. Both she and Prat expressed their belief that Broshears would win!
