CRIME PLAGUES CITY! RECALL OF D.A. FRIETAS IS DEMANDED!

145 MURDERS A RECORD...

District Attorney Joseph Frietas faces a possible recall election, as the residents of the City, fearing for their lives, with an all-time crime wave, blamed on the D.A., because of his "open city" speech when he began his term of office in early 1976. As a result of his speech, prostitutes and pimps and drug pushers flocked to San Francisco, as Frietas let it be known he wouldn't prosecute them.

Several concerned citizens met recently to begin a recall petition drive to hold a recall election of the ineffective District Attorney. At a recent meeting of the Polk-Nob Hill Neighborhood Association, a committee for the recall of Joseph Frietas was formed. Frietas was "whipped," and Dwight Tripp was named acting chairperson of the committee. The committee plans to have recall petitions on the street by mid-January 1977.

RODNEY WILLIAMS FIRED!!

DIRECTOR OF POLICE COMMUNITY RELATIONS UNIT OUSTED BY GAIN!

Rodney Williams, strong defender of gay rights in San Francisco, was ousted without any explanation by Chief of Police Charles Gain. The Office of the Mayor expressed surprise at the change, lending speculation that Gain may be fired soon!

GAY POLITICOS RECEIVE JOBS AS "REWARDS"?

Several gays who are well known as political "hacks" in the Alice B. Toklas Memorial Democratic Club, have employment at the taxpayer's expense now...all positions are "appointive" posts.

James M. Foster now works for the Mayor's Criminal Justice Council....Frank Fitch works in the Pre-Trial Division Program.................George Ray, ousted lobbyist, works as an "investigator" for the D.A. ....Jo Daly works in some undefined capacity for the Human Rights Commission...and her friend Duke Smith works for Senator Milton Marks. Another associate of these five, Earl G. "Rick" Stokes sets as a member of the Board of Permit Appeals by appointment also. These six have been a part of the oft times referred to group known as the "Goodstein Machine" (David B. Goodstein, owner of the Advocate, and bankroller of the Toklas Club originally). The Office of Mayor George Moscone denies they received their appointments as any part of a "pay-off" for their support of he and his group, but did admit that his administration has not hired any persons who are "lukewarm" or critics of his administration. And now, Stokes is reportedly going to seek the post of Supervisor, in a race against popular gay activist and community organizer, Harvey Milk, a race against popular gay activist and community organizer, Harvey Milk, a race against popular gay activist and community organizer, Harvey Milk....

"GAY" CENTER A 'WHITE ELEPHANT' DEAL!

330 GROVE STREET A "POOR DEAL" AT BEST....GROWING OPPOSITION TO HARDMAN REAL ESTATE VENTURE...

There is growing opposition to the Grove Street venture of Paul D. Hardman of the Pride Foundation and the California Committee for Equal Rights Committee. 330 Grove Street was once the headquarters of the old CHF (Committee for Homosexual Freedom) headed up by Leo Laurence, and it later came under the old GLF (Gay Liberation Front) headed up by Bishop Michael Ikin, and lastly by a gay theatre group headed up by Keith O. St. Clair.

The neighborhood is one of the most unsafe in San Francisco at night...and the building itself, is a "white elephant"! No realtor would touch it, and it still belongs to the SF Redevelopment Agency and Paul Hardman and gang only have a ONE YEAR LEASE. Why put money into a building the city can and will take back in the near future. Hardman of course, hopes to force the City to give it to him, alas the International Hotel, thus giving the gays of San Francisco a "blackeye" at a period of time we scarce can afford it, with the gay backlash growing here and nationally.

Hardman has not been quite clear on many things, like for instance, it is reported that the State of California Elevator Inspectors have said it will cost $25,000 to bring the elevator up to safety standards for passengers, and with four floors you need an elevator, and one that is completely safe.

And with a year to year lease trip, it is foolish to invest any money in a building that is slated to be torn down as a part of the Performing Arts Center in the near future. An investigation into just how the building was obtained leaves many questions to be asked.

Let us hope that Tavern Guild will have the good sense to not invest any money in it. Let "emperor" Cramer and Hardman have the place, keep out until it is safe....in more ways than one! Investigate!!!
CHIEF CHARLES Gain TO RESIGN.....remember, after he completed his first term and a very stormy one at Chief of Police for the San Francisco Police Department, Romans are constant that he will be replaced by the present Mayor. He is not a politician, and his influence is not too pleased with the drastic increase in the crime rate, either.

FREITAS MYSTERY: A NAME INVOLVES A MISSING CITATION GIVEN AT A "RAID" IN GOLDEN GATE PARK... ...two men were seen with two men were seen with an average gay, civil rights counselor, being prosecuted, while the "bonds" of the administration, right that.

The Federal government is making into killing the gay man, and the same person, an average gay citizen, was prosecuted, while the "bonds" of the administration, right that.

It is a shame tho that not all the good candidates won the election. It is a shame tho that not all the good candidates won the election.

The group, which is being linked to the San Diego Minuteman Project, has national repercussions. An end of an era.

CARI: Why was there a bomb at Supervisor Dia's home? 
WLF: About one year. 

The NWLF had a "death list" in the TUG, and it was used to kill people...meaning that homosexuals are unstable. 

CARI: Do you feel gays will ever join with you in the future? 
WLF: He was the first person of the above and organization to be unfairly for the underground WLF has done.

Will the GAY CRUSADER make a new year resolution to itself? 

For drugs is in the news. And, it is not too pleased with the drastic increase in the crime rate, either.

CARI: How long have you, Kit Bowden, belonged to the organization?
WLF: About one year.

CARI: You have anything to do with what the underground does?
WLF: No, we do not.

CARI: Why do you feel gays will ever join with you in your fight?

CHRISTMAS FOR ELDERLY

8th Annual Party

Sgt. Blackstone & Officer Ray Carlson Help Re-Sue Annual Helping Hands Services Senior Lunch a Christmas Party, with Help of KIMO.

SOME TAYLOR GUILD BOARD MEMBERS, AND REV. RAY BROSHEARS, and all the members of the Guild, joined members of the church and the community in supporting the annual Helping Hands Senior Luncheon, along with the National Hotel and Hotel Association.

All the workers were present and each received a Christmas present, and each made the best of it. Officiating this year was Rev. Ray Broshears, who has been a member of the church for many years. He is the chairman of the SFPD Council for the gay community, Officer Ray Carlson.

During the luncheon, there were many reminiscences of the past and present, and the joy of watching how the community has grown. It was a truly festive event, and everyone was glad to be there.

Bob Evans and Pat huggs! Pictured, top left, is former SFPD Sgt. Elliott Blackstone hold a cake donated by Don Cavallo; a portion of the bars and more time in church. God bless you all! e.k.

Helping Hands Community Services are doing, are just the lucheons founder and host. Rev. Ray, and all I can say is, that anyone who attacks the function, and truly, each person left with a happy face.

Maureen and her son were on hand to help serve and keep things lively, as were such others as Grady of the National and so many other happy young workers who all expressed great joy by being able to make the event shine brighter for all these wonderful elderly persons.

Christmas gifts given were handed out at the end of the function, and truly, each person left with a happy face.

Rev. Ray announced that the January monthly luncheon would not be held due to lack of funds, which had been depleted by the expenses of the annual luncheon. A portion of the funds had come from the sale of certain bed sheets in the bar-q-sue beans—be that said to the help of the了大量的 help of the many other people who showed up.

Rev. Ray stated that he would not allow them to exploit the elderly for the taxes, and to wear their dogging "camp" dresses in the luncheons.

Rev. Ray has been doing these luncheons for eight years now, and without any thought to his own health. This was her third luncheon to assist Rev. Ray, and I feel that, to anyone who attacks all these good things he and his small staff do. Helping Hands Community Services are doing, are just crazily petty people who should spend less time in the bars and more time in church. God bless you all! e.k.

Kansas City Trucking....

"Seldom has any film so moved me... and now a film of male eroticism, Kansas City Trucking has something for everyone of every age.... and for me, a person just past forty, it has shown me how much I missed as a young man. Magnificent camera work, good sets, beautiful scenery and sensitive casting." The above words best describe my feelings of KANSAS CITY TRUCKING, a film made by RICHARD LOCKE, and one of the most impressive films of male eroticism that I have yet seen. Other films such as "Young Stranger," "Mildred" and "Kiss of Paradise" all had much to offer the viewer, but none of them, or any other films of male eroticism made in the US, can compare to KANSAS CITY TRUCKING. KCT has soared amongst those in the Forest of Hollywood production, and I did enjoy the White Sands, New Mexico scenery, in particular, spectacularly. And it was in this locale that I found KURT WILLIAMS, the "Shirttail"...now here is a young man who should be the star of pictures, not just one of the cast. He is so different...sure he is good looking, but there is an air about him, the eyes, the way he carries himself, a feeling without a word spoken was absolutely superb...

What I found refreshing was this film had a star, RICHARD LOCKE, who was not a "pretty boy"...He is no stereotype...He was average American...and he came across quite well. Like KURT WILLIAMS, I found that we shall see the two of them again and again in films, and of course, in person.

Roy Weaver was in the film, but also, the man looks the same as always, he has the same expressions, in plain words, Roy Weaver is not an actor, and he added nothing to the film. He was actually the only poor part in the film. He sought to try some new poses, some different clothes, and try to gain some sincerity in his eyes! Steve Boyd, the straight young trucker, learning how to drive a truck from Richard Locke, does very well, and with a bit of work in films, could be a real superstar. He exudes sex and innocence in some scenes, and that of a Pro-finder in others. Dane Tremmell and Skip Sheppard give very good performances, particularly Dane. Kansas City Trucking has already had much written about it in other papers, and all has been good, so there is no much the GAY CRUSADER can add, except to say, that if you like it, you have enjoyed yourself a real experience.

Joe Gage, the writer-director knows a great deal in the area of filming, that is obvious, he is most personable and very good looking. The camera captured his feelings without a word being spoken was absolutely marvellous.

SELDOM HAS ANY FILM SO MOVED ME...AND NEVER A FILM OF MALE EROTICISM MADE SO FAR, CAN COMPARABLE TO KANSAS CITY TRUCKING. Other films such as "Passing Strangers," "Falconhead" and "Kiss Today"...

Social Action Ministry

Pictured above is the Rev. Ray Broshears taken back in 1971, and was in Life Magazine. It was taken at a demonstration on behalf of gay people held at Union Square. The "wanted" poster was one put out by some of Rev. Ray's friends for it was then the SFPD was really after him. Rev. Ray had been leading a series of protests against the SFPD's treatment of the blacks at Hunter's Point, and in the downtown area. As a result of the usual confrontation Rev. Ray had with the police, and the subsequent publicity, the SFPD Police Officer's Association did not like some of the ways Rev. Ray pictured them, and did not like his quoting them, and as a result, sued him for libel and slander...a case which Rev. Ray won of course!

A social-action ministry has always been the ministry of Rev. Ray since he came to San Francisco, and many have done everything in their power to stop him, including having him boot up shot at, stabbed, attempted entrapment, and a few dozen other tactics. But, he has now been here for 12 years this January 1977. Rev. Ray despite the tales/lies told about him, has never been arrested for anything beyond misdemeanors, so if you hear someone say anything to the contrary, just consider the source. He always holds the best interests of the total people of the city first, and defending the rights of the individuals always when they are in the right. He will not allow anyone to "use" him, as many would like to do. He has been an ardent foe of the "establishments", meaning those who try and control everything. He is in the ministry since March of 1959 when he began with the Pentecostal Holiness Church as an evangelist. He later went through several small pentecostal denominations, and finally found the kind of denomination which would let him "do his thing", a social action ministry. The head of that denomination passed away, requesting that Rev. Ray lead the denomination, the Orthodox Episcopal Church of God, which has six churches in California. Rev. Ray has helped tens of thousands of people during his 12 years as a "social-action-minister", he is colorful, volatile, compassionate, a man who knows Christ Jesus as his personal Saviour, and a man who does not hesitate to vitriolate his wrath upon injustices.
