ANITA-MANIA SURGES FORTH AFTER MIAMI VICTORY.....BUT.....!!!!

Singer Anita Bryant has become too identified with homosexuality and her job is in jeopardy, at least this is what the Florida Citrus Commission representatives have told the news media.

Bryant's filming of all orange juice commercials have been halted and her effectiveness seriously questioned.

San Francisco's homosexual community can take credit for this victory over Anita Bryant, as it has been almost an exclusive San Francisco gaycott of all Florida Citrus products.

One major food chain the Food Co-Op after being petitioned by the GLA (Gay Liberation Alliance) took action which the Citrus Commission felt was the "turning point" against Anita, when the food chain agreed after picketing by the GLA and the Minutemen Democratic Club, to shelf label all products.

The spokesman for the groups was the Reverend Ray Broshers, who gained a great deal of publicity for the boycott cause with the pickets of various super markets and said, "I am sure they will dismiss Anita, and the thing we all had best watch out for, is the backlash.....it's here and it's a hell of a long way from being defeated. Anita may lose this job, but her supporters will begin a boycott too." So, in his opinion the boycott can work both ways.

After the stunning but expected defeat of the Miami gay rights ordinance, San Francisco gays went on a march-mania trip. The first night, nearly 6,000 gays said in a loud march, "No More!", but, after that first night's "gut-reaction", many persons, opportunists, some from the extreme leftist groups, "manufactured" the nightly marches, which grew fewer and fewer in number.

But, some of those in those gay-rage marches were very violent people, and damaged some autos and property along the way.

Threats of violence by these persons against gays who did not want to march about the city for no good reason, became more numerous.

A rally at the 330 Grove Street, Pride Center for gay unity, not not resemble it according to many veteran gay observers.

A handful of women-separatists took control of the meeting and the gays who had positive things to contribute, left the meetings in disgust.

A great deal of Marxist rhetoric was espoused by the lesbians present and their handful of male supporters who controlled the crowd and did not take any votes until the majority left the meeting, they had worn the people down with their endless bickering and shouts of varying kind.

Two groups have come out of those meetings, but they for the most part do not have any known persons involved with the gay political scene. They are anti-gay leaders, and as a result, they have little or

no direction.

Many of them resent and are openly hostile to persons who have been activists in the gay community for any length of time.

This hostility flowed over when these new gay activists, came out and demonstrated against Vice-President Walter Mondale at the Hall of Flowers in Golden Gate Park on June 17th.

Led by SWPer Howard Wallace and a yet to be named heavy set vicious lesbian, they proceeded to shout the Vice-President down, despite the fact that Mondale has been a supporter of gay rights issues.

But, he is a Democrat and the Socialist Workers Party followers do not accept any other party except theirs.

Just how many gays are active with the SWP (Socialist Workers Party) or in sympathy with them, is not known yet, but they have been very vicious, and have been manipulating the gay crowds to their political advantage.

It has been reported that certain leftist extremes want violence, hoping that will turn gays against the police and the government.

FEAR OF VIOLENCE AT GAY DAY EVENTS.....All throughout the gay community, the fear of violence, which would ruin any hopes of gaining gay rights legislation in the near future, is more than possible.

Various persons of the radical left gays have been heard to be planning disruptions at the Civic Center Plaza after the Parade.

As a result of this and the previous confusion and Marxist-oriented persons controlling the parade to some degree, many gay businesses have pulled out of the parade.

The GLA (Gay Liberation Alliance) pulled out their entry on Monday June 20th, after reports were received that Marxist gays were planning on trashing (violence) certain type entries.

The open hostility towards many of the gay bars by some of the people around the parade committee has caused considerable concern.

The N' Touch and Buzbys are two of the bars which have had beautiful floats in the past parades, but due to the unsettled nature of the parade this year, and the restrictions placed on the bar entries, have decided not to be in the parade this year.

Many leftist gay extremists don't want any floats at all and have made this well known via their violent mouths.

Chuck Lee, co-chairperson told the GAY CRUSADER that he hopes that violence or disruptions don't occur at the parade or fair, but that if it does, "there will be plenty of police ready to help put it down, but I pray that it doesn't come to that."

Lee has worked very hard on the event as has the co-chairperson Carol Hilder.

BOYCOTTS CONTINUE.....The boycott of all Florida citrus products will continue until Anita Bryant is fired, as will the boycott against Coors Beer, Singer Sewing Machine, and Allied Van Lines who either support or pay Anita.

The NGTF (National? Gay Task Force is opposed to the boycotts.

Hayakawa Meets His Gay Pearl Harbor!

"KAMAKAZI-LIKE ATTACK ON GAY RIGHTS COULD SPELL END OF SAM!"

HAYAKAWA CALLS GAYS "SICK"!

U.S. Senator S.I. Hayakawa told press members at the meetings of the Wine Institute that he sided with singer Anita Bryant..... her battle against homosexualsthis came after he was "baited" by the S.F. Chronicle reporter Maitland Zane. Hayakawa did not wish to discuss the subject, but the terse reporter from the Chronicle who has "baited" gays into making embarrassing statements in the past, did the same to the aging 71 year old Senator.

Hayakawa finally blew up and denounced homosexuality for the first time in 13 months. The past 13 months he has been silent on the subject.

But now, the aging Asian U.S. Senator may have met his gay "Pearl Harbor"! For while he won that bitter round, gays came back with a heavy salvo of their own.

At a small meeting of the Teddy Roosevelt Republican Club on June 18th, the Republican County Chairman, John Johnck made his views on the subject quite clear, which most of gays have rejoiced over.

Johnck said that he expects to receive some flack over his statement, but he is ready for it.

Johnck, a brilliant young executive, is an activist in his local neighborhood political scene as well as chairing the difficult Republican County Central Committee. His statement reads as follows:

"John Johnck, Chairman of the Republican County Central Committee of San Francisco, told the Teddy Roosevelt Republican Club that he believes in human rights for all individuals, regardless of race, creed, color, religion, sex or sexual persuasion.

I am aware that some elected Republican

Party officials, as have some elected members of the Democratic Party, made statements urging that homosexuals be denied human rights.

In my opinion this is WRONG. And all persons are welcome into the Republican Party, just as all persons are entitled to equal rights.

Johnck further stated that he urges opposition to the anti-homosexual legislation of State Senator John Briggs. He, Johnck stated that it is contrary to the basic Republican Party principles.

Johnck urged that Republicans send letters to Briggs, urging him to drop his legislation, and letters to other Member of the State Legislature who are Republican, urging them to oppose all such legislation, which deprives anyone of their basic human rights."

John Johnck, Chairman
Republican County Central
Committee of San Francisco.

The statement made by Johnck has brightened the spirits of gay Republicans considerably, as State Senator Milton Marks refused to issue such a statement as did other elected SF Republicans.

Gay Republicans have informed Hayakawa's Office that they will have a Gay Voters Task Force at the Republican Convention September 30, Oct. 1 & 2 in San Diego.

The Gay Republicans (Teddy Roosevelt Republican Club) although few in membership, estimated that their support, and campaigning for Hayakawa brought him the margin of victory last November and that is his last victory.....unless, he changes his views.

One Gay Republican reminded Hayakawa of his "wild days" in Chicago, when he was a real jazz fanatic and is reported to have smoked the "smoke". My, he has changed, hasn't he!!!!?

DEBATE SET.....PROPS A & B

The Minutemen Democratic Club will hold a Debate between the proponents and Opponents of the August 2nd Special Election ballot propositions.

It will be on Thursday night, at the 527 Club, 527 Bryant Street, and begins at 8 PM.

There will be no charge for admission and there will be a no host bar. Elmer Wilhelm, president of the Minutemen Democratic Club, has said that his Club will make up their mind on the matter of endorsements after the debates.

Contact Elmer at 543-3900 for further information.

PROP B PASSAGE URGED BY.....

The Teddy Roosevelt Club of the Republican Party.

The gay oriented club endorsed the passage of Prop B after a short meeting on the subject.

It was felt that if San Francisco is to be saved from the small-time would be corrupticians, and the neighborhoods saved, the passage of Prop B is essential.

It was also pointed out that the passage of Prop B will prevent a takeover of city government by the radical leftists, and such groups as Delancey Street, Peoples Temple, and the Socialist Workers Party.

So, the Roosevelt Republican Club urges you to vote yes on B to save our city and no on A.

RADICAL LEFTIST GROUPS OPPOSE PROPOSITION B.

A coalition of ultra-leftist groups, many of them Marxists, have urged the defeat of Prop. B.

St. Justin is anti-Gay!

A group of Old Catholics, calling themselves, St. Justin's Old Catholic Church, which uses the facilities of Holy Trinity Episcopal Church, at Bush & Gough Streets.

They meet each Sunday afternoon at 2 PM, and average 7 or 8 persons one of whom is a well known gay politician...Harold B. "Duke" Smith, who is known there as Father Smith.

Father Duke Smith having been ordained by Bishop Donald Pierce of the infamous St. Valentine's Church for lovers....a group which was exposed by EXAMINER reporter, Reverend Lester Kinsolving some-time back.

Recently, it came to light, that literature of EXODUS, the group of ex-gays who are Christian who have set up a ministry to changing gays into straights....was being distributed at St. Justins.

Furthermore, it was found that a Bishop King from this Church was at the founding convention of the EXODUS group.

An Archbishop E.R. Verostek, of Richmond who King allegedly lives with, is anti-homosexual.

Bishop Pierce, also called Bishop Bujnak lives in Crockett California. So, what this reporter found out is that they refused to talk about EXODUS, yet the EXODUS people talked to us about Bishop King....

and confirmed that he indeed did attend and participate in the EXODUS Convention last fall and he is scheduled to attend the June 27th Convention in Oakland.

Gay newspersons, Roland Schembari and the Rev. Ray Broshears will be at that Convention covering it for their respective concerns.

Taylor reportedly put his arm around the back of the drivers seat occupied by Hillsborough, and the punks began to harass them some more, becoming quite vicious. One of the two gay men told the punks to "fuck off", and the four punks, "possibly five say the SFPD...hecklers, approached Hillsborough's car, and started to rock the car violently, screaming and pounding on the roof and the hood and trunk of the car. The two gays then drove away, unaware the punks were giving pursuit. On the 2 1/2 block route home by now, the punks had caught up with them. Almost immediately after getting out of the car around the corner from their apartment, the punks charged into the two terrified gay men grabbing them and slugging them, as they yelled vile statements about homosexuals. Although he was beaten to the pavement, Taylor managed to escape, by climbing over an iron gate and scrambling over some garbage cans into a nearby apartment house.

BEWARE.....

GAY FREEDOM DAY PARADE & FAIR THREATENED BY GAY RADICALS AND/OR AGENT PROVOCATEURS.....

Gay leaders and activists have been meeting with the Office of the SFPD Chief of Police on the matter of threats of violence towards gay activists and towards leading the expected crowd into a mob scene.

Persons, some known and others unknown, have been agitating the gay community's "new liberationists" into demonstrations against friends of the gay community and groups such as the Roman Catholic Archdiocese of San Francisco, which is non-committal, which for a Catholic Diocese is good for gay rights.

These persons, many of them are very leftist, others identified, are under psychiatric treatment, and a few of them obvious need to be. Telephone threats of violence to individuals have resulted in the FBI being called in as well as Special Investigators from both the SFPD and the Telephone Company.

Several gay activists have willing allowed their phones to be tapped in order to trap some of these people. One threat, against the lives of the editors of both the Sentinel and the Gay Crusader were turned over

to the SFPD and swift action was taken in the matter.

DO NOT ACCEPT UNSIGNED FLYERS.....DO NOT PARTICIPATE IN DEMONSTRATIONS CALLED FOR BY UNSIGNED OR UNKNOWN HANDBILLS!

This is the warning that several gay leaders have put out. For several unsigned handbills, in recent days have appeared in the Castro and Polk calling for demonstrations against friends of the gay community.

These persons doing it are all known to the SFPD and should any violence occur, they shall be questioned.

Most gay leaders are calling for calm.....urging gays to cool it, to not be led into inciting a riot or doing violence to anyone.

The San Francisco EXAMINER in an editorial called for gay and anti-gay forces to draw back and cool off, lest violence occur.

Brutal Killing ~

Robert Hillsborough, 33, was brutally beaten to death by San Francisco youths outside of his Mission district apartment early yesterday by a group of young men who shouted, "faggot, faggot, faggot" as they stabbed him 15 times in the face and the chest.

The dead man, was a quiet person who shared a small apartment at 3469 19th Street with Jerry Taylor, 27.

The attack happened at 12:45 AM in front of 209 Lexington Street, on Wednesday June 22, only yards from their apartment.

According to witnesses, here is what happened. Hillsborough and Taylor were coming back from a evening out, at Oil Can Harry's, a disco north of Market.

On their way home, they stopped at the Whizz Burger Drive Inn at 18th & South Van Ness, a popular hangout for punks, where Hillsborough parked his Rover sedan while the two men ordered food to take out.

When they returned to the auto, they noticed a group of youthful punks, in their early teens or early 20's, in a green Chevy Corvair, the group muttered a few evil anti-gay statements at the two, as Hillsborough and Taylor go into their car.

Taylor reportedly put his arm around the back of the drivers seat occupied by Hillsborough, and the punks began to harass them some more, becoming quite vicious.

One of the two gay men told the punks to "fuck off", and the four punks, "possibly five say the SFPD...hecklers, approached Hillsborough's car, and started to rock the car violently, screaming and pounding on the roof and the hood and trunk of the car.

The two gays then drove away, unaware the punks were giving pursuit. On the 2 1/2 block route home by now, the punks had caught up with them.

Almost immediately after getting out of the car around the corner from their apartment, the punks charged into the two terrified gay men grabbing them and slugging them, as they yelled vile statements about homosexuals.

Although he was beaten to the pavement, Taylor managed to escape, by climbing over an iron gate and scrambling over some garbage cans into a nearby apartment house.

He had no known relatives as of press time. He is described as a sober person, gentle and loving. He wasn't an agitator or anything like that. He was a husky built man, and liked working out doors.

The city's gay community is enraged over this latest killing of a gay person by a gang of punks, who terrorize the gay community at will.

The Rev. Ray Broshears expressed great anger and sorrow over this latest killing, as did Harvey Milk and attorney B.J. Beckwith.

Broshears said, "The abuse of gays by these young punks is frightening." "It is time for the gays of this city to stop those damn marches through the gay community, and start marching into the Mission, but I realize that too many of the gays in this city are cowards....

but the fact remains, it is the latino youths who attack gays with immunity it seems, for they know that gays are afraid to come into the Mission....it's time for us to march....now, but into the straight areas like the macho Mission and let these punks know that their day has come and anymore attacks like these will be met with violence in return....they hide behind the skirts of the Roman Catholic Church out in the Mission whose priests condone attacks upon gays, and that's a damn fact!!

He pounded on a friends door.... and virtually fainted.

By this time the entire neighborhood was aroused, and various witnesses were yelling at the youthful punks, as they battered Hillsborough to sidewalk.

One woman screamed she had called the police, and the youths fled. Police arrived within minutes, a pleasant change....but unfortunately for Hillsborough it was too late as he was nearly gone.

The beating and the loss of blood along with the shock, were too much for the battered man to withstand.

The body was riddled with knife wounds. Hillsborough died at 1:30 AM at Mission Emergency Hospital.

The San Francisco Coroners Office said, he was a native of Portland Oregon, and had apparently lived in southern California before coming to San Francisco to take the gardeners job less than a year ago.

He had no known relatives as of press time. He is described as a sober person, gentle and loving. He wasn't an agitator or anything like that. He was a husky built man, and liked working out doors.

JULY 9, 1970: It was a warm evening in San Francisco. There was a feeling of excitement in the air. On Polk Street between Post and Sutter, one of the first truly distinctive gay restaurants in the nation, the *P.S. had just opened.

That was seven years ago. Since that time we have made many improvements in our kitchen and dining facilities as we have strived to provide you with the ultimate dining experience.

We sincerely thank all of you who are our loyal customers and extend a cordial invitation to those of you who have yet to enjoy our fine food, drink, and friendly atmosphere. During our anniversary week we have planned many special events. Join us as we celebrate the beginning of our eighth year. To add to the excitement we have introduced a completely new menu.

Turning to the events of recent weeks, it is doubtful if anyone could have predicted seven years ago that today Gay Rights would become a national issue. We have come a long way. Today we see Gay Rights discussed openly in the nation's "straight" press. We see the extremist reaction of bigots viciously attacking us.

Thousands of people, including many of our customers, staff and friends have spent much of their time, energy and dollars to let the Nation know that Human Rights applies to ALL people. We thank these people for working so tirelessly to make this first step a reality.

We must continue to work if we are to realize equal rights in employment and housing for ALL of the people. We thank those elected officials in San Francisco whose efforts have been so vital — Sheriff Richard Hongisto, Assemblyman Art Agnos, Assemblyman Willie Brown, Senator Milton Marks, and Mayor George Moscone.

Bob Trollope and the Staff of the *P.S.

The *P.S. urges you to support LARRY CASAS for MR. CIRCUS CIRCUS by buying the special raffle tickets for \$1.00 being sold by his committee. The *P.S. has donated a ROUND TRIP FOR TWO TO HAWAII as one of the prizes that will go to the winners of the raffle drawing. All proceeds from the sale of the raffle tickets go to Operation Concern, a mental health program operated and administered by gay people for the gay community.

TOBY ROSS Deported

IMMIGRATION DEPARTMENT SEIZES GAY PORNOGRAPHER FOR CHILD PHOTOS..... Toby Ross of "Team Productions", 1255 Post Street, was taken into custody and ordered deported to the nation of Israel.

Ross, was arrested once before in 1972 in a raid on his home by the SFPD Vice Squad and was charged with "Pimping and Pandering" and some narcotics charges.

Ross, who made a film called..... "Schoolmates", was taken into custody in late June, and at the time, his face was badly cut up, reportedly by a razor.

San Francisco Police officials had been looking into Ross's current op-

erations with an eye towards deportation also. Ross was given the option of standing trial on the porno charges or being deported to Israel. Homosexuality is a very harsh penalty in Israel.

Federal officials say that they are now looking into the background of the Ross operation, and that several persons connected with "Team" are under investigation.

Federal authorities feel they have "just touched the peak of the iceberg of child porno" in the Ross case.

The "children" in the Ross films were at least 16 and older, it was reported.

Extortionist Arrested

BRILLIANT & SWIFT POLICE WORK
PAY OFF IN ARREST OF PHONY COP.

A man who impersonated a SFPD Officer and shook down the client of noted trial lawyer B.J. Beckwith, is now in the City Prison, awaiting trial for extortion and impersonating a police officer.

The swift work of Inspector Tom Dickson and Lt. Vic Macias of the Chief's Office, resulted in the arrest of 20 year old Paul Fulgham, a black person, who had impersonated a police officer, extorting the

client of attorney Beckwith.

Attorney B.J. Beckwith spoke with Inspector Dickson and Lt. Vic Macias and in cooperation with Beckwith's client, made the arrest at 3rd & Market on June 13th. The suspect, Paul Fulgham, took the billfold and \$200 from Beckwith's client, in Golden Gate Park, after allegedly having oral copulation, and then telling the client he was a cop and he was under arrest. He then allegedly said he would not take him in if he gave him money.

MOSCONE RIPS...

Mayor George Moscone, running scared on Prop B in the Special Election, August 2nd, lashed out at the demonstrators who disrupted the speech of Vice-President Walter Mondale on Friday June 17th at the Hall of Flowers in Golden Gate Park. Moscone, remembering the attempt upon President Ford's life, was frightened, for all who had entered the Hall, were under the sponsorship of the local Democratic Party.

Moscone, not knowing that several gays who are socialists/Marxists, radicals, have re-registered into the Democratic Party to gain access to such socials and functions, perhaps will look the guest list over a bit closer in the future.

For Socialist Workers Party member, and founder of the leftist leaning, Gay Action group, was one of the leaders of the verbal attack upon the Vice-President.

Howard Wallace's associates are members of the Gay Democratic Club of SF at 330 Grove Street, also the home of Gay Action.

Moscone told the press that, "Their conduct is not only unacceptable, in that it violates the rights of all to be heard, but it is also deeply counterproductive."

"The case for tolerance and freedom must be made. The gay movement must and will be heard, but disruptive, potentially violent behavior is calculated only to engender the fear and the hatred which provides for hospitable ground for the success of demagogues and despots."

"I am confident that this will not happen in San Francisco."

The Mayor lashed out at demagogues, who he said would "unleash a wave of repression upon those whose lifestyles differ from their own".

Corey Busch, the Press Secretary told bystanders that the Mayor was referring to a possible backlash against gays following the successful campaign of Anita Bryant in Miami.

Moscone had comments for about everything, but refused to answer when questioned as to the exact position of James M. Foster, gay politician who led the... gays in Miami to defeat, on his staff. It was widely reported that Foster is a member of Moscone's staff, but the Mayor refused to answer that explosive question.

Foster was present at the Hall of Flowers when the disruption of the Vice-President's speech came.

Also present was the aide to Senator Milton Marks, (R-SF), Father Harold B. "Duke" Smith, who became angry at being touched on the arm by Great Scott as he passed by him. Smith later blew up and warned Scott that "you better not ever touch me again!"

The entire gay Democratic camp seems to be uptight as the August 2nd Special Election draws near, and they face the possibility that Mayor Moscone might not be able to win a November election if he has to run again, should Proposition B pass.

Most of the radical leftist organizations in the city oppose the proposition B.

Personal Opinion by Rev. Raymond Broshears

JIM FOSTER.....DEFEATED,
RETURNS TO SF.

The man, Jim Foster, of Alice B. Toklas Democratic Club fame has returned to SF in humiliating defeat. Yet, his supporters act like gays had won in Miami under the Foster leadership. Foster got \$7,500.00 for his "work" in leading the Miami gays to defeat.

Even his former enemies like Bob Ross are "in love" with him. Praise him for his "works" in Miami.

Foster is a failure. He has failed in almost every undertaking.

The Miami strategy, if you call it that, only served Anita Bryant's interests well.

But, Foster, backed by David B. Goodstein of the Advocate newspaper, is the "darling" of the bleeding heart liberals.

Foster, who masterminded the campaigns of others down to defeat (McGovern, and Stokes to mention but two), is a real big politico.....because he tells you what you want to hear.....he doesn't rock the boat with words of truth.

Just two weeks before election day, after we had long predicted defeat for the gay rights legislation in Dade County.....Foster and company, put together a very expensive piece of literature and mailed it out, predicting overwhelming victory for gays in Miami.....but of course, isn't that what he was paid to do?.....lie?

Foster is back.....and one of his political "sugar daddys".....Jack Campbell of the Club Bath Chain is around.....he is hoping to re-open the old Ritch Street Bath on 330 Ritch Street, where a beautiful person.....Lamar was burned alive in the flames of that establishment.

Foster, who has worked for Rick Stokes, who owned the Ritch Street Baths, just eight days prior to the fire.....is now close with the new owner, Jack Campbell.

The Ritch Street does not need to open.....we have too many bath houses now, and most of all, we don't need "strange" eastern money from Newark New Jersey and Miami in San Francisco's gay scene.

San Francisco gays have fought the east coast moneyed interests for years, and we cannot relent now.

In fact, we had best perk up before we find our gay business community in the hands of "strange" moneyed interests and who are not homosexual!

The SFDP Intelligence Unit and the LAPD Intelligence Unit are working hush-hush, on the bath house scene. And lets hope they come up with the truth.....the truth that will end a couple of political careers, and keep "strange" money out of our city.

***** COMMUNISTS IN THE GAY POLITICAL SCENE

Oh yes, they are here, and by my even mentioning the word communists, I am doing a very bad thing, for it is called....."red baiting" by those persons who have much to hide or the ones who use their for their own advantage.

The spectacle the gays who demonstrated at the Hall of Flowers when Vice-President Walter Mondale was here, was gross.

When the first flyers hit the street, calling for gays to demonstrate there.....all one with common sense could ask was, "why"???

For Mondale has been a friend to the gay community.

Well, as the hour arrived, it all became very clear.....as non-Democrats, Howard Wallace leading the way, stormed at Mondale, denying him freedom of speech, something the left is very good at. Howard Wallace is a member of the communist Socialist Workers Party (SWP), as is his roomie, Claude Wynne.

Oh they have others, some who registered as Democrats, so they could be a member of a gay democratic group and could sow their seeds of dissention there, and they are doing a good job of it.

Howard Wallace and his dupes embarrassed the gay community greatly with their violence, and these people must be dealt with.

Wallace, founder of GAY ACTION, which we have good reason to believe he uses to pull off his power plays, is a dangerous person. He and all his ilk must be ignored by the gay community.

They are "in" at 330 Grove Street very strongly now.....so remember that when you plan on attending any function there.....you are in a way, lending support to the Howard Wallace-types of the gay community.....is this what you want??

Remember, communism and capitalism are NOT compatible and Wallace and his SWPers are working to end the form of government we have.....that means, no gay liberation.....that means, no gay bars.....that means, no gay baths.....that means enforced labor.....that means an end to all the freedoms you currently enjoy.

Think about that whenever you see the name of Howard Wallace or any of his associates.

Witness the disgusting behavior of the Wallace types when the anti-homosexual Christians of Rev. Kent Philpot of the Church of the Open Door came to demonstrate at City Hall.....the outrageous heathen behavior of the thirty or so gays who were there would have made you ashamed to be a homosexual.

Look at the picture.....here is a couple of hundred suburban and San Francisco "Avenue-types" down at city hall, doing their thing, protesting something they feel to be wrong.....but, the homosexuals there didn't allow them to do so without disruption.....they cursed these women and children and elderly men, who were walking peacefully, singing hymns and doing nothing hostile towards the gays, they were expressing their constitutional rights.....and they were entitled to do so.....except for the homosexuals there.....they only believed in freedom of speech for themselves, not others. They only respected the rights of those who agree with them, and would not allow others to express their rights.....this is typical communist behavior.

They shouted, "burn down the churches", "use the Bible for a dildo", and get out of "our city"!!

Disgusting.....yet, these are your socialist gays. They are no better than a Hitler, and little better than a Stalin.

Freedom for them and those who agree with them.....but if you disagree, you will be silenced.

In plain words, they do not believe in freedom for everyone, just their kind. These people.....and the people whom they dupe, are very real dangers to our constitutional freedoms. Their behavior.....at City Hall, sent those 200 Christian folk back home saying, "See, Anita is right about them.....if we weren't sure before today, we sure are now!"

These kind of homosexuals, who basically hate themselves, for they hate all America stands for, wanting a communist government, give the Anita-people all the ammunition they want.

The physical attack on myself by a couple of these communist creeps does not bother me.....but, they are going to step up their programs of deceit and lies, and hate until they destroy the whole gay liberation movement.....but you and I can and must stop them, and a good way to begin is to deny them funds, to deny them access to 330 Grove Street for meetings, and to ignore any and all demonstrations they call.

And the next time the Butterfly Brigade people come to ask you for money, why don't you ask them about their politics? You might just be surprised to find out that Tavern Guild money has been going to Howard Wallace's kind.

We have arrived at a critical crossroads in the gay political and social spectrum. And we are going to have to ask ourselves and each other....."are we going to allow the radical leftist (or rightist) to control the gay community in San Francisco?"

And if the answer is no, just what are you going to do to stop it? Think about it!

A DIFFERENT DRUMMER

Too many gay people turn their backs, either out of hate or fear, and maybe out of disappointment.....when they hear the word.....Jesus!

But, they shouldn't! Jesus of Nazareth, the gentle carpenter, who is our Lord and Liberator, gives to us complete happiness and peace.

Jesus brings us also, eternal life. It is there awaiting you, each of you. None are too "far gone".

Christianity is the hope of mankind. It is the solution for all the ills of the world.

Today, if more people stopped turing to Washington for a hand-out to try and solve the problems of the communities, and instead, turned to Jesus, they would find that the answer is in helping one another.....that comes from the teachings of our Lord and Liberator, Jesus the Christ.

You know, the more government turns to government for help, the higher and higher taxes go up.

Today, so many want more and more from Washington.....taxdollars. But they don't stop to realize that the more they get from Washington, the higher the taxes go up here.

For the Washington government funds are from each of us.....our tax dollars. So, instead of reaching out to Washington for a helping hand.....why not reach out to Jesus and to learn to help one another for that's where it's at. By helping one another, by working to solve problems at the neighborhood level, we eliminate the need for more money from Washington.

I hear a different drummer, and that is the drummer of complete peace of mind and eternal life.....and that "drummer" is the Lord Jesus Christ.

He is so wonderful, he has brought to much to me, without Jesus I am nothing. All that I have today, I owe to Him. Can you say the same? All I have gotten, I have gotten by labor.....I have done nothing wrong or dishonest to gain what I have.....can you each say that?

Christianity is threatened today as never before by the threat of the atheistic communism, which all too often uses the mask, "socialism". They want to do away with all that we have today.

Can you afford to give up Jesus for communism? I think not. Do you want to give up Jesus and eternal life for a socialist government? I think not, but those are the choices, there is no middle ground, it is all black and white.

Choose today between the love of Jesus and the hate and enslavement of communism.

Sure, there are those who scoff at me for this writing, but, little do they realize, they are laughing at themselves. For in their hearts, they know what I am writing is true. Jesus, the most beautiful word today, He is our life and our joy.

Try it, you'll like it.

Drinking.....drugs.....and "carrying on".....it is not really for the thinking loving person. So, when you are free on a Friday (Sabbath) Evening, why don't you join us for worship services at Christ Chapel, 26 Seventh Street, at Market Street, in the 3rd floor Memorial Hall.

We will have fellowship and worship, and afterwards, old time social, right in the Chapel area. Do drop in, services begin at 7:30 PM. I am sure that you will find that there is more to life than bars, baths etc. Everything in its time, and in its place.....moderation dear brethren, moderation.

JUNE 26th.....GAY DAY

On this day, I do hope all will try and act with proper thoughts and deeds, for remember, Anita Bryant and her people used "us" against us. Be discreet in all that you do. And if you see someone in distress, help them. If you see someone doing wrong, tell them that Anita-people are watching and will use their wrongs against us.

Hallinan, Strongest on Gay Rights

Pictured here is at the left, Elmer Wilhelm, president of the Minutemen Democratic Club (CDC), speaking with attorney Terrance Hallinan, at a Gay Voters League Koffe-Klatch at the home of the President of the Teddy Roosevelt Republican Club, Rev. Ray Broshears.

ATTORNEY TERRANCE "KAYO" HALLINAN GAINS GROUND IN GAY COMMUNITY SUPPORT!

Noted civil rights activist, Terrance "Kayo" Hallinan has picked up many gay endorsements in the past two weeks, as gays listen to his "common sense" message to the San Francisco voters.

Most gay observers say that "Hallinan is stronger on the gay rights issue than are any of his opponents, which includes gays who are candidates!" Hallinan has been active since a teen ager in the civil rights struggles, and many gays remember the great

Republican Club were both present, as was the representative of a Los Angeles gay publication.

Hallinan agreed with the Gay Voters League position of legalized prostitution, but with stiff penalties for the pimps and panders who prey on the bodies of the hookers.

Hallinan's stand was far stronger and much clearer than is the position of Milk or Stokes, his two gay opponents. Ron Green has not made his position on the subject clear as yet.

Jobs.....that is what Hallinan feels is the answer to the crime problem today. He did not hesitate on his answer in this area.

After the meeting, it was obvious that Hallinan had more supporters from the gay community.

To date, the best known gay activist supporting Hallinan is Rev. Ray Broshears.

KGO-TV Anti-GAY

ABC-TV STUDIOS IN SAN FRANCISCO IN PROTEST OF LOCAL STATION KGO-TV 7's ANTI-GAY EDITORIAL AND COMMENTS.

The GLA (Gay Liberation Alliance) and the Christian Crusade for Human Rights joined in calling a picket of KGO-TV on the issue of gay rights and 100 persons showed up.

The picket had been planned long before the Miami anti-gay vote by the two groups.

The GLA is protesting the license renewal of KGO-TV, and is asking the FCC to order the network, ABC, to sell KGO to local interests.

At this time, one of the unions at KOO is picketing the station at 277 Golden Gate Avenue, as well as their other affiliate, KSFEX at 1177 Polk Street.

Russ Coughlan, General Manager, appeared for a time at the door of the studios and bantered with the pickets, and he suckered two of the "new" gay liberationists into falling for his "equal time"

ploy. Equal time was not the issue, but, the GLAers let the two willing meaning men do their thing.

As well, one of the new gay women libbers demanded that she be shown on the TV news story to which the GLA did not disagree, and the woman made the whole thing sound different from the purpose of the demonstration.....but as some veteran observers said, "The are new, they think they have the answers, but they don't, so let them run their course and eventually they'll run out of steam."

But, in an overall evaluation, the demonstration was a success one GLAer remarked, as Coughlan took the "bait" and we now have him in another violation of the FCC regulations.

GLA began their protests against the narrow-minded anti-gay editorials of the station back in 1971, and continued on, with the largest being the one over the Marcus Welby TV Show segment which depicted homosexuals as child molesters.

Giants Baseball Club Replies

The GLA (Gay Liberation Alliance) received an answer from the San Francisco Giants Baseball Club's president, Robert Lurie, on the matter of discrimination.

Lurie said, "We have no policy against hiring open homosexuals. Our policy is to hire the best qualified people for a particular job."

The issue arose when a youth said he was discrimination against by

the Giants.

Also, the matter of fact, that the Co-Chairman of the "Save Our Children from Homosexuality, Inc." Alvin Dark is now the manager of the San Diego Padres Baseball Club which will be at Candlestick Park soon.

Dark, as outspoken as his co-chair, singer Anita Bryant, would not comment on the matter when asked.

Alfies O.K.

NEW DISCO CLEARED OF CHARGES OF DISCRIMINATION.....

Market Street's brightest and newest disco, Alfies, at 2140 Market Street, after two weeks of intensive investigation by Third World Gays, has been cleared of all charges of discrimination.

Manuel Soares, the manager, a latino, worked with gay liberationists to clear the matter up.

On opening night and the ensuing night, the club was packed and the doorman made mistakes, he being new to the bar business. But, now, he has been cleared away on the matter of I.D., and now, all are more than welcome to dance and enjoy the strikingly beautiful Alfies.

Third World Gay Caucus members of the GLA and a downtown black gay disco all worked to check out the place, and after one week of "set-ups" unknown to the management, the place checked out, thus ending all charges of discrimination.

Having a Third World person as a manager has proven to help the situation greatly.

The ABC (Alcohol Beverage Control Board) sent a memo shortly before opening night, that they would be making spot checks for minors and drugs, so the doorman at Alfies over reacted and was overzealous, and offended a few people, but all has been settled now.

The Tavern Guild policy in keeping with the ABC regulations, require one piece of valid photo ID, which is reasonable.

Alfies, from the first night receipts, donated \$511.20 to the Dade County Coalition for the Humanistic Rights of Gays.

They also donated \$1,000.00 to the newly formed gay rights organization, "Save Our Human Rights". That's what you call involved!! Hats off to Alfies, a community concerned business!

This is the first issue of the CRUSADER we have carried an ad.....for before, when they asked to place an ad, we refused until all the charges against them had been cleared.

Moscone on Polk

Mayor George Moscone, invited by a handful of straight business owners, came to Polk in a hush-hush meeting at the Wells Fargo Bank on Friday the 24th of June.

Bernie Cohen of Bottom Half, who is very much opposed to the gay dominated Polk-Nob Hill Community Association, called the meeting, in an effort to undermine the work underway to bring about a solution to the crime problem, without anyone's civil rights being violated. Cohen is supported by the straight owner of The Palms who does not like being complained about his being over the Fire Code capacity of his bar.

Douglas Dean, Tells All:

PART II
of the
GAY CRUSADER
interview
with
DOUGLAS DEAN

Douglas Dean talks about.....

his early theatre career and sex life,
his teacher, Madame Maria Ouspenskaya (in this Part)
his marriage to Marlene Dietrich's daughter,
his views on the gay press,
what really happened backstage with "Special Friends" and "Rusty",
his love-hate relationship with Jack Wrangler,
his former leading lady, Supervisor Dianne Feinstein,
his celebrated "feud" with Donald McLean,
his opinions of "straight" critics Weiner and Eichelbaum,
his new role as Lyndon Baines Johnson,
his views on Anita Bryant and the witch hunt of State Senator John Briggs on gay teachers,
his personal philosophy and future plans.

MME. MARIA OUSPENSKAYA in one of her most famous roles, the Maharani in the "Rains Came". This great lady was an alumnus of Stanislavski's Moscow Art Theatre. Douglas Dean Goodman was her protege and secretary in the 1940's.

DOUGLAS DEAN GOODMAN at the age of 16 at his high school graduation. Mr. Goodman is Chairman of the Actor's Equity, here in San Francisco, and is a renowned stage actor, director and writer. He is a columnist for "The Hollywood Drama - Logue" Casting News, as well as Mandate magazine of New York.

.....This is the second of a series of interviews with Douglas Dean Goodman, well-known in the gay world as a novelist and drama critic, who was recently elected chairman of the Bay Area Advisory Committee to Actor's Equity, and also to a seat on the SF Labor Council, representing the American Federation of Teachers, Local 2121.

CRUSADER: Dean, at the end of our last discussion you were ready to tell us about your marriage to Marlene Dietrich's glamorous daughter, Maria. However, since that time Bernard Weiner of the CHRONICLE has printed a rather inflammatory article suggesting that Actor's Equity is out "to get" some of the smaller non-pro theatres in the Bay Areado you have any comments to make about that accusation?

DEAN: It's totally unfounded. The membership of Equity has voted time and time again to extend the 99 seat waiver plan, an arrangement whereby Equity actors can work side by side with non-pros and without pay. We're in favor of these theatres and we want them to be successful.....However, we do believe that when a theatre seats more than 99, it's potentially a money making proposition and must be regarded as commercial. In cases like that, we think our members, and all other actors, should be paid a reasonable salary.

Why should the total box-office receipts go to the landlords and the management?? Actors deserve to be compensated for their efforts, too.

CRUSADER: Do you apply this theory to such an operation as the Golden Gate "Academy"?

DEAN: Sure, why not? If the Academy wants to conduct itself as a school, or a place for non-pros to have fun, that's great. No problem. But, the seating capacity of the Golden Gate Academy is large.....and a show could make money there.....so, if the directors want to use an Equity member, they'll have to pay him or her, probably under a guest artist contract.

Why should a professional actor donate his services for financial benefit of others, unless it's for a charity? I'd like to point out, that while the other unions picketed the Academy, Equity chose not to do so. We won't bother them. We just think that if they can afford to pay landlord's fee of \$3,000 a month rent,

then they should pay their actors something, too. We'll simply tell our members they can't perform there without a contract.

CRUSADER: Why do you think the CHRONICLE published that articleso obviously slanted to present Equity in a bad light?

DEAN: Why does the sun rise every morning? The press picks up on issues it considers to be controversial, and reporters often have a biased point of view.....But the Committee has invited Eichelbaum and Mr. Weiner to a press conference. We hope that they write about activities more objectively in the future.

CRUSADER: Okay, enough on that subject. Now can we talk about your marriage to Dietrich's daughter

DEAN: (laughing). That wasn't how my life began, you know. My theatrical career started several years before my marriage.

CRUSADER: So, brief us. When did you first make up your mind to be an actor?

DEAN: I was fifteen. I had a high school drama teacher who gave me great ideas and aspirations. In the spring of 1936 I won the award as the best high school actor in the State of Oregon, reciting Poe's..... "The Tell-Tale Heart". Then in 1937 I went to the University of Washington in Seattle as a drama major.

CRUSADER: In our last talk you said something about walking your first picket line when you were 17.

DEAN: That's right. The students at the U of W objected to the firing of a beloved teacher. We went on strike and closed the University Theatre.

CRUSADER: So you've always been a "rabble-rouser"?

DEAN: (wincing). Let's say I've always objected to injustice and been willing to fight it.....The teacher who was fired from the U of W also happened to be director of the Seattle Rep and the Washington State Theatre. She gave me a job with the company, my first job. I played a wide variety of parts, most notably George Gibbs in the first West Coast production of "Our Town". I had previously made my acting debut in radio, so that period, between the ages of

17 and 22 was very productive and great experience for me. I was writing for radio them, too, incidentally.

CRUSADER: Were you gay at that time???

DEAN: Sure, but I didn't know it. Nobody was ever so sexually naive as I was! Oh, I had a vague idea there was something "different" about me, but I went with girls and had violent crushes on them, and I upset my family when I was 18 by living for a year with a beautiful divorcee, aged 32.

CRUSADER: How did you "come out"??

DEAN: I never heard the word, "homosexual" until I was 17. A lot of guys (gays) made passes at me, but I wasn't attracted. I played a passive role in a few sexual experiments, but I didn't become active in the gay life till I was married and separated from my wife.

CRUSADER: When did you go to Hollywood?

DEAN: I had a short interlude there in 1940, writing for radio. Remember, Gloria Grahame? She was 16 then and did the lead in one of my scripts. Then I went to L.A. again in 1942 to study with MME. Ouspenskaya.

CRUSADER: Oh, yes, tell us about her!!

DEAN: She was a great actress and a great teacher. I was privileged to be her protege and private secretary off and on for about 3 years, with the exception of a few months I was in the Army.....In 1943 I was cast in the leading role of a play at the Max Reinhardt Studio and Ouspenskaya coached me in the part. That production got me a lot of professional offers and it also introduced me to the girl I finally married.

CRUSADER: Good! Now you can tell us about Dietrich's daughter. But, we've run out of space again, darn it. So, we'll have to get to your romance with Maria in our next issue.

(Editor's note! As we go to press with this issue of the CRUSADER.....Douglas Dean Goodman informs us that he has just accepted an assignment as the SF representative for the "Drama Logue", a Hollywood trade paper which will carry his weekly column on theatrical events and casting news in the city.)

"THE AFTERMATH"

- 1) Register To Vote!!!
- 2) Cool it in the Gay Parade.....Dignity please! For all our sakes, the whole world is watching, and the camera's will be clicking.
- 3) Think positive! Think AB 1302 and hope it will pass.....support it!
- 4) We finally are together (my opinion) now, towards a common goal. We are more unified now, than we've ever been. Let's keep it that way, let's solve the min or details and not bicker between ourselves.
- 5) To those of you getting involved, welcome aboard! Full steam ahead!!

"WHAT GAY PRIDE WEEK MEANS TO ME"

First of all, I can't remember ever choosing my lifestyle, I had to be born this way. Some people say we all have a choice.....maybe some, but not all. I also would like to state that I am completely at ease, and satisfied with my lifestyle. No one forced it on me, and I in turn, feel I too have not forced it on anyone. I know that I am a homosexual and we are not accepted in all facets of any community, so I live by the rules.....

- 1) Live & Let Live;
- 2) To Each His Own
- 3) There Is A Time And A Place For Everything.

I am involved in the social aspects of the gay community because, I like to keep busy and I also enjoy it. But, many aren't and they should. We must show the rest of the world that we aren't all alike. I'm letting them know that we have intelligence and know how to apply it. That we can dress and blend ourselves if need be, in a group of people without being detected (if that need be the case) and at one of our functions being the extreme opposite....and being flamboyant.

That we aren't all bartenders, hairdressers, and florists.....although were the best in the trade of all three.....I betch!!!

Half the movie stars we croon over, I suspect, are homosexual.....as well as firemen, policemen, lawyers, and Congressmen. I hope now we are showing them that we cannot be stereotyped, and that we do have power at the ballot box.....and that we all help to create a better community and a better America in every state, town in our UNITED STATES, not to mention the world. BE GAY.....BE PROUD.....BE DIGNIFIED.....BE YOURSELF.....we have and shall, overcome the setbacks, and it's a job and it will take all of us as a whole to do so

.....ONE LINERS.....
Good to have the Golden Rivet back with Jack & Roger, Cal, Warren and maybe Marcus?

.....The Rip Off Rag Awards.....as well as Mama Peck's, and the Coronation of Our new Queen Mother V of all California was OK. Thanks to all especially LaKish, J.J. Van Dyke, Mark Adcock and love and goodwill to our Queen Mother Gretta Grass.

.....Hello, and sorry about the hassle with hard worker Wayne Friday!!!!
.....Congratulations to Febe's on their 11th Anniversary and to the Galleon on their first.....two fine places!

.....Febe's has declared A.W.A.Y.C has declared it as standing for....."Anita We're Your Children Too" (EDITORS NOTE: Dear ones, maybe you are but I's not!!!!)
.....Thax Joel Negrete for your fine letter making me feel good.

.....Welcome to Smitty, new treasurer of the Monday Night Bowling League.

.....Shirley's Etc., which has gifts, plants, glassware, crystal and such at 1550 Polk Street.....excuse me John Schmidt.....1550 CALIFORNIA STREET, in the Nob Hill Mall! Much success Shirley!!!!

.....Thax for the invite June and George for your celebration on the 26th at Jackson's.....sorry I got to work, but I'll be there in spirit.

.....Twas goo to see Jane and Hector together.....again.....!

.....Thax to the Lavender Connection in the Data Boy for the nice words.....who are you????.....Richard???.....Doug McD.??

See you all at FEBE'S, the Bowling Alley the Glory Hole, the Tube, the Galleon, the Castro Cafe (Hi Mark!), at the Gay Community Center.....32 Page or 330 Grove.....and the Gay Parade June 26th.

Also I want all to know that I fully support Harvey Milk for Supervisor in District 5.....! Thank you Senator Marks and wife.

As an afterthought.....has anybody thought what good homosexuals do.....such as helping population control? or building up neighborhoods? and creating businesses?.....therefore providing more jobs or helping the poor and the elderly?.....aren't you just a little tired of reading and hearing the bad?.....me too!!!!

Remember the Parade, remember dignity, don't give Anita's people anymore ammunition!!!!!!

I remain.....the Motomouth or the AURORA QUEEN BITCH!

Randy Johnson!!!!!!

(Editor's note: Due to dear Randella's endorsement, I gave him a new title!)

HASSLED BY COPS?

For the sciences of chemistry and physics, the LAMBDA symbolizes a complete exchange of energy - that moment or span of time witness to absolute activity.

An ancient symbol brought to application centuries after its origin, LAMBDA is the eleventh lowercase letter of the Greek alphabet. The Lacedaemonians or Spartans bore it on their shields; a peoples will aimed at common oppressors.

Likewise, gay men & women uphold it as their symbol before the nation. It signifies a commitment among men and women to achieve and defend their human rights as gay citizens. In the struggle against oppression a cultural bond develops, suffused with human energies. The LAMBDA now affirms the liberation of all gay people. The LAMBDA symbolizes UNITY IN THE FACE OF OPPRESSION!

Kopp Angry at ADVOCATE Lie

President of the Board of Supervisors, Quentin Kopp, has expressed surprise, and anger at the current article in the Advocate Newspaper of publisher David B. Goodstein of Atherton, in which he, Kopp is called "a killer of gay people" along with Supervisor John Barbagelata. Kopp, a longtime friend of the gay community, who is conservative, in being informed of the article, expressed the emotions of complete surprise and anger at such careless reporting. One veteran political observer remarked that, "The article was written to appease Mayor Moscone and to smear Quentin, for he (Quentin)

has kissed the asses of Ms. Jo Daly, Jim Foster, Frank Fitch, Duke Smith, or any of the rest of the Goodstein crowd, and they are really pissed off so they had Big Daddy David Goodstein have that smear article written attacking Quentin and John Barbagelata." Hell, the real politicians, he went on to say, "all know that Quentin is at most all gay functions he is invited to....he's not a fag-hag like Milton Marks or Carolyn Marks, Hongisto too.....showing up at every little piddle-ass gay function....hell, that's what the problem is....Moscone, Hongisto, are too busy partying in the gay community to find out what

the problems of the gay community really are." Supervisor Kopp, it was shown, has repeatedly taken very pro-gay stances, he has gotten the endorsement of gay groups repeatedly. As to the attacks on Supervisor John Barbagelata, it has been shown that the maverick stand-offish conservative Republican votes the way he wants, and tells all special interest groups to "got to hell", no one controls John Barbagelata unless its his charming wife Angelina. Many gay observers feel that the attacks on Kopp are because he is in favor of Prop B, which would have all city officials stand for reelection in November....it is not a

recall as the ultra-liberal and radical leftist would have the city believe, it is merely a changing of the city charter, and if Moscone and Frietas are so popular they don't have to worry, they can be re-elected without any problem, can't they ????????

Kopp, recently spoke to a crowd of gays at the gay controlled Polk-Nob Hill Community Association. There he delt with the problems confronting gays in that area. It was pointed out, that if Kopp were anti-gay as the ADVOCATE, says, why is it he always votes for gay legislation and is endorsed by gay group??

Boycott * N.G.T.F. and Supporters!

NATIONAL GAY TASK FORCES IS A FAILURE.....AND A LIAR!!!!!!

The people at the National Gay Task Force (NGTF) are now taking credit for the reversals that singer Anita Bryant is suffering (hooray!!!), but, these vile creatures who set in the Fifth Avenue offices in New York, and have such supporters as Jim Foster, Frank Fitch, the ADVOCATE, MCC, etc., have had NOTHING TO DO WITH THE DEFEATS OF ANITA.....they in fact, if all of you will search in your minds and remember, defended Anita in her bid to hold her jobs, and sent to us a letter which was published in many gay papers (BAR, KALENDAR, ADVOCATE) denouncing those who would try and hurt her by a boycott.

REMEMBER this my friends, don't forget it.....and every time you see one of their ads, ignore it.....everytime you see one of their press packets, toss it into the waste can.

These people sold us out.....they defended Anita's right to work at the Singer Company, and for the orange juices industry.....these poor saps almost sold gay America down the drain.....don't be misled by them or any of their pathetic supporters from the closet or just outside the closet door, waiting to pop back in when the going gets rough.

Support those who have worked so very hard in the gay boycott of all Florida Citrus products.....such as: the Tavern Guild; Harvey Milk; Terrace Hallinan; Wayne Friday; CO-OP Food Stores; the Gay Liberation Alliance (Rev. Ray Broshouts) the Minutemen Democratic Club; the Toklas Democrats; Elmer Wilhelm; Robbie Chase; the N' Touch; the P.S. Restaurant; Alfies; Church Street Station; Febe's; RIP OFF RAG; BAR; KALENDAR; DATA BOY; NEWSWEST; these are your strong gay supporters. Boycott the 527 Club; Windjammer; Coors Beer; Allied Van Lines & Storage; Olympia Beer; and on and on. But most of all, boycott the ADVOCATE for it's continued support of the NGTF.

The NGTF.....enemy of all liberated homosexuals.....but a good friend to all the "Auntie Mary's" the seely sellouts of the gay rights struggle.

Send them no money, send them letters telling them why you are urging all your friends as well, to boycott this "friend" of Anita Bryant.

If you have doubt on the subject....just look back in the old issues of the BAR, KALENDAR, ADVOCATE and NEWSWEST and read for yourself.

Dr. Bruce Voeller, and Ms. Jean O'Leary (didn't some cow kick over a lamp and burn down Chicago belong to someone named O'Leary?).....these people are "Auntie Mary's".....they deserve no praise, nothing but the scorn of the gay liberators everywhere for their defense of Anita Bryant's employment with Singer, and the Florida Citrus Commission.

It is time that we take time to have a "cleansing" from within of all of these "Auntie Mary" types!!!!

In all the years that our beloved Lord and Liberator Christ Jesus preached upon the earth...he never ever, spoke against homosexuality, and yet, for those who would use the Bible and the Church as a weapon, who feel they have a right of kings to set in judgement upon others, which they do not, to select a few passages from the Bible and use it to suppress what they don't understand, it wrong...this is not the way of Jesus, but of Satan and the forces of darkness.

The dishonest use of the Bible by these well-meaning but ill-informed persons who call themselves Christians...is wrong, so very wrong, for these kinds of persons have led us into wars, and done more to harm society, and doing in all in "God's Name"! They use the Bible and the Church to suppress what they do not want to understand, for they consider sex "taboo"! They oppress others, covering up their homophobia...they destroy what they cannot comprehend. But, we as true Christians, followers of Jesus the Christ, forgive them the wrongs they do us.

For Jesus, turns aside his head in sorrow from these poor souls, but he does not turn away from them...He like us, prays for their enlightenment, for they suffer the greatest sickness known to mankind...prejudice! it is an illness from which many never recover and it leads them into lives of unhappiness for that is what prejudice is...unhappiness, and inability to comprehend the rights of others.

If those who follow that woman from Oklahoma and Miami, then tell them to tell her to read and accept I Timothy, Chapter 2, Verses 11 and 12, which states... "Let the woman learn in silence...keep silent in the church, in all subjection. It is not seemly for a woman to debate in public or otherwise usurp the authority of men, but she should be silent". Yes, it's in the Holy Scriptures.

That Scripture is from the Apostle Paul...a man afraid of sex, a man who openly hated men. That Scripture which the fundamentalists ignore is one of the basis New Testament verses which some churches use today to suppress women. Which is wrong, but in the case of Anita Bryant, I know it is right.

The fundamentalists who say they have Christ in their hearts, could not possibly...for they still have hate in their hearts, they do not accept all of the Children of God, for until they can accept each as God - created them, they are not of Christ...but they know of Christ, but are not of Christ. These people are to be prayed for, to be forgiven, regardless of the hardship and possible martyrdom it might bring you. But, we must be prepared to sacrifice ourselves for what we believe in...are you?

Jesus Christ brought us...and the world, love...peace...compassion, this is his message, the tolerance of others, something these Anita-people who are so caught up in their homophobia, cannot comprehend, for they need our prayers for deliverance from their evil thoughts and ways. Those of us who have Jesus as our personal Saviour, who have accepted Him fully, are free from fear, from death, for over us, death hath no dominion, remember that my friends, for if you have accepted Jesus as your personal savior, you have life eternal. Christ is the greatest liberator yet, and he loves you in your natural state, homosexual, bi-sexual, heterosexual, no-sexual, You are a child of God...you have life eternal if you have Jesus in your heart.

Our church is based upon the Four Gospel of Christ Jesus, we need none other. Jesus is the way the only way. Hows about joining us each Sabbath evening (Friday nights) at 7:30 PM, at 26 Seventh Street at Market Street, in the Memorial Hall, 3rd Floor of the Odd Fellows Bldg., for worship!?

Killing

The body of Marlin Vaughn, 24 years old, was found hacked and sliced, beneath a parked car near 838 Taylor Street, Monday. Vaughn who was described as a "drag-queen" or "cross-dresser" had been the victim of one of the grossest killings in San Francisco history.

The person taken into custody for the killing is well known and has quite a criminal record, Dennis Capdeville.

Capdeville, 26, is well known in certain circles, and is reported to be in fair condition at San Francisco General hospital, after he fell from a building trying to escape the police.

The arresting officers were Pat Pfeifer and Terry Collins. Homocide Inspectors Fogerty and Cleary are handling the case. If anyone has any information, they are asked to call 553-1145, and ask for either of the Inspectors.

A Natural Thing

by
Tom Hart

I am very pleased to bring to you an exciting two part interview with Jeanne Rose, Herbalist, author of two books.... "Herbs & Things" and the "Herbal Body Book".

She is a lecturer, teacher, and operator, and a formulator, and the creator of the purest, freshest and most effective herbal body care line, also the first.... "New Age Creations".

Jeanne Rose is also a personal friend of mine and I am pleased to present this to you.

We will discuss her original program and her books. But, this is first, and very important is this partial reprint from the June issue of Prevention Magazine.

"YOUR GOVERNMENT AND YOUR HEALTH!"

"Saccharin and the Delaney Clause"

What is really behind the Food & Drug Administration's aborted attempt to totally ban the artificial sweetener, saccharin? At least two distinguished researchers believe it was nothing more than a barely disguised all-out attack on the Delaney amendment, which prohibit the addition of any cancer-causing substance to food.

"It's my suspicion that this was set-up by the FDA to provoke an attack upon the Delaney amendment," says Dr. Samuel Epstein of the University of Illinois School of Public Health. Resentment against the Delaney amendment has been building over the years. As Dr. Epstein already noted four years ago in a classic defense of the Delaney clause, "All such criticisms have emerged from industrial groups, trade associations, and their consultants, and from groups clearly identified with protection of industrial interests."

But, this time, with the pressure at it's highest point, even the American Cancer Society apparently succumbed, calling for a relaxation of federal food safety laws to make an exception for saccharin. Dr. David Baltimore, a Nobel-prize winning virologist from the Massachusetts Institute of Technology, recently accused the Society of "Playing into the hands" of a special diet-drink pressure group called the Calorie Control Council, instead of standing guard over our food supply.

Subsequent FDA proposals to merely restrict saccharin availability may have taken some of the heat off of the Delaney clause...at least for now. But, in a sense, the fate of saccharin is really a side issue. The real issue is whether a sugar addicted public, willing to choose cancer over nutritional sanity, can push their legislators into overturning the Delaney amendment. If the safety of the food supply is to be maintained, the Delaney amendment must remain as its cornerstone.

If you agree, we suggest you make your views known by writing to Congressman Paul G. Rogers, Subcommittee on Health and Environment, U.S. House of Representatives, Washington, DC 20515.

.....30.....

In my search for a healthier life, I sought out the purest of foods and products for both "interior" and "exterior" use. Back in the years before truth in labeling, one could not be sure what one was putting on themselves or eating, even if the label said "natural". An example is head shampoo. One very large selling shampoo in health stores, sold as a natural thing, says it right on the label, but look at the bottle today, they lied to us and that kind of credibility led me to the making of my own care, and a need for that knowledge led me to the knowledge that I found in Jeanne Rose's own book, "Herbs & Things". This led me to take a course in herbal studies given by the best authority known, Jeanne Rose. This led to our meeting and my enlightenment of the use and importance of herbs for a better and a happier life. Now, I am pleased to bring this interview with Jeanne Rose.

TOM: Jeanne, first things first. How did you get involved in herbalism? JEANNE: So many people have asked me how I got started in the study of herbs that I thought I might spend a few moments telling you. My mother is French-Canadian, and grew up on a farm. Somewhere on her side of the

family is an American Indian grandmother. My father's father grew up in Majorca, Spain, and my grandfather in Puerto Rico. As a little girl I remember being told that you use this and that herb for this and that purpose. But I was skeptical and questioned everything I was told. Even in high school, when I started to write down the uses for different herbs, and learned why eating certain foods was "good" for you, a part of me still scoffed at the supposed cures.

In college, working as a library assistant I came across many scientific articles that told of certain foods and plants used in zoology, I too classes in human physiology and anatomy. Then I went on to graduate school and studied marine biology. You may wonder what zoology, human physiology, chemistry, physics, and marine biology has to do with herb lore, but to understand how herbs work on the body, it is well to understand how the body works, and all knowledge becomes integrated and useful no matter what field of study one is interested in.

After graduate school I spent a year on the island of Oahu and studied the Hawaiians' use of herbs. Then I worked at a University of Florida Experimental Station and continued my library research and field studies. The next years were spent in Big Sur California, where I took notes on the locals' use of herbs and especially the historical use of herbs by the Esalen Indians. There was a period of time when I was known in San Francisco as "Jeanne, the Tailor" and designed and made custom clothing for rock people.

Then came my real turning point. One May afternoon while driving my lovely eggplant Porsche along a curving road high above the ocean, zipping around a turn, downshifting the gear shift broke off at the base. The car skidded into a mountain, my passenger and I flew out...my beautiful Porsche did somersaults and mashed every part of it's surface leaving only the rear deck lid intact. I went into retirement for some months to knit back together. A friend gave me a book to read, called..... "Sachet & Dry Perfumes". I became interested in the sachets and tried to purchase some of the ingredients.

Some of them were completely unavailable and it was many months before I was able to find out where to purchase or at least why I couldn't purchase certain items, ingredients.

Nature's Herb Company in San Francisco was invaluable to me at this time with their kindness and advice. My first purchase was ten different herbs. The results of putting together these ten herbs was so exciting, that the next purchase was twenty-five herbs and so on and on, the purchases ever spiraling....! My collection now numbers nearly three hundred different animal and vegetable ingredients. I spent every day of my six-month recuperation period studying old herbals in the rare book sections of various libraries. I went on a driving trip to New Mexico with some friends and picked up some folk remedies there. A trip to Maryland and New York netted some interesting information from folks and libraries. Other trips, more information. Finally my skepticism about the efficacy of herb use disappeared. Since using and smelling green things constantly for these last three years, I haven't been sick, except as a flu in the book, and have not had a note, cough, cold or any bronchial trouble.

TO BE CONTINUED IN THE NEXT ISSUE OF THE GAY CRUSADER. In the meantime, you may contact Jeanne Rose or myself at 751-9810. "Take good care of your body...it's the only one you have!"
