CRUSADER

A NEWSPAPER WITH NEWS

"BARBAGELATA O.K. WITH GAYS!"

"FIGHTING" JOHN BARBAGELATA.....
Hard line conservative legislator is in favor of equality for all people, including gays.

SUPERVISOR JOHN BARBAGELATA SENDS OFFICIAL LETTER TO CRUSADER GIVING HIS VIEWS ON HUMAN RIGHTS AND EQUALITY.....STATEMENTS ADD UP TO A STAMP OF APPROVAL FOR THE CONSERVATIVE SUPERVISOR.

DENIES HE IS ANTI-GAY, SAYS THAT IT IS A PART OF A "SMEAR CAMPAIGN" BY MOSCONE AND SUPPORTERS, AND EVIDENCE PROVES IT.

Supervisor John Barbagelata points out that he has numerous gay supporters, and has former reporter for the ADVOCATE as his press secretary.

Barbagelata voted "yes" on resolution of support for gay rights in Dade County, and has made it very clear that he does not approve of singer Anita Bryant.

Urges gay voters to not be led like sheep by ultra-liberals and leftists, pointing out that gays have made their gains in San Francisco under the city-wide vote system, and asks gays to consider that.

CITY HALL: Supervisor John Barbagelata, an intense man, is always on the go. He spends long hours working for the passage of Proposition B in the August 2nd election.

John Barbagelata is San Francisco's hardest working Supervisor, spending more hours doing the work as Supervisor, than most any of the rest.

In the past, to the gay community, he has been pictured as "anti-gay". This has irritated him, but he has ignored it until the infamous Moscone statement at the "Moon Over Miami" benefit at the Castro Theatre when Moscone compared the Supervisor to Anita Bryant.

Barbagelata, who lives the typical family life, and tends to the yard work, and goes to church regularly, unlike Mayor Moscone, spoke with the CRUSADER on the subject, and at that time, felt that an answer was not necessary, but, he later found that Moscone and his staff in no way, would let up, until they had told the "big lie" often enough, that too many gays were brainwashed into believing it.

He has made it clear that he is not only not anti-gay, but he supports equality for all people, and not just those who support him politically, like Moscone does. Friend or foe...the well-dressed Supervisor always listens with an open mind. He is concerned about San Francisco and which way it is going, and John Barbagelata believes as many of the citizens do, that San Francisco is going downward,

and turning into welfare city USA!

His concern for the elderly is unmatched by any member of the Board of Supervisors or the Mayor. He denounces the District Attorney for his failure to prosecute those thugs and punks who prey upon the elderly of the Tenderloin, and that means the drunks and panhandlers who view the elderly as easy prey.

On his staff, he has a well-known gay person, a former reporter for both the EXAMINER and the ADVOCATE, Joel Tulmak. Joel is his press secretary and is handling the publicity for YES on B.

Supervisors Barbagelata pointed out that he has as his gay supporters, just to mention a few, the maverick gay activist Ray Broshears, as well as Don James and Tom Isenberg.

Barbagelata criticized those who are trying to turn the Prop. B issue into a gay vs. anti-gay, as the literature out of the No on B Committee indicates. Prop B he says and many gays agree, is a matter of what is best for all the city and not just Delancey Street, Peoples Temple, Cecil Williams, the I-Hotel Red Guard, and the others in the radical left groups which would try and use San Francisco as a base to try and change the form of government we now live under.

John Barbagelata, is a warm, sincere human being, he is not anti anything except corruption and rip-offs. He is pro-human rights, and that includes gays too!

SUPERVISOR JOHN J. BARBAGELATA

July 6, 1977

The Reverend Ray Broshears
The Crusader

San Francisco, Ca.

Dear Mr. Broshears:

It's come to my attention that a false impression as to my stand on Gay Rights is being spread. Smearing me personally is part of a careful campaign to discredit Prop B.

Let me make my position clear. I believe in equality of treatment for all human beings. For this reason I've been consistent in refusing to divide humanity into categories by race, color, creed, sex, sexual preference or any other class that may be invented.

Over 100,000 individuals voted for me because they agreed with my goals for the city. We want a safe, clean, affordable city where everyone may live in harmony. The people who voted for me obviously represent EVERY facet of San Francisco's diverse social, cultural, racial and sexual mix. They rightfully expect me to represent them in attaining these goals and I'm doing my utmost. I wouldn't dream of questioning any one of them as to their religious beliefs, ethnic background or sexual preference!

Splitting human beings into categories provokes violence by encouraging one group to pit itself against another. As the recipient of two live bombs and continued threats to my family's safety I'm sensitive to the ugly climate of violence that now prevails in our city. I'm dedicated to eliminating it so that we all may live without fear hanging over our heads.

I believe Prop B is one of the most important charter amendments ever to come before San Franciscans. Its purpose is to ensure moderation in our government. By requiring all major officials to win by majority it will eliminate the possibility of any one faction--either the right or the left--dominating the city.

With all best wishes,

Sincerely,

John J. Barbagelata

P.S. Best wishes to the newly-formed Teddy Roosevelt Republican Club!

Anita and the Klan

TALLAHASSEE: The Imperial Grand Dragon of the Klu Klux Klan, C. Desmond, said here that the KKK members across the national scene should turn out at all Anita Bryant appearances and give her protection from the fags (his word). The KKK group just formed in Castro Valley, California, in Alameda County, just south of Oakland, announced that they would support Anita's appearances in the Bay Area to rid the area of "queers" and "perverts"!

LAKELAND: The Florida Citrus Commission has sent out a press release stating that Singer Anita Bryant has not been fired...but that they are merely re-evaluating her performance as a pusher of orange juice, and in the meantime, Dorothy Hamil and Arthur Feidler would be their spokespersons this fall.

CHICAGO: 3000 gays demonstrated at an Anita Bryant Concert at the Medinah Temple of the Shriners. But a radical gay leftist group of Marxist-Trotskyist socialists called, Revolutionary Socialist League (RSL) caused a disruption in which the Chicago Police began a heavy counter-attack, and the head of the RSL was taken into custody.

WASHINGTON DC: Ruth Carter Stapleton, the President's sister, appeared here for a town meeting broadcast over national public radio. Dressed all in white, she demurely denied ever giving the President advice, even on religious matters. An evangelists, Stapleton said she supported Anita Bryant's crusade against homosexuals. "I feel a lot like she does about

their pushing for rights," she said. "The gay movement is wrong in expecting special privileges."

The above item appeared in the Sunday SF Examiner, July 26, 1977.

NEW YORK: A letter made public by the Actor's Equity Association (union), expressed the dismay of the governing body of 20,000-member performers union that Ms. Bryant, an Equity member, would so outspokenly, embrace discrimination against homosexuals. Executive Secretary, Donald Grody said that, "calls for capital punishment, inspired by Ms. Bryant's activity, echo the actions of the most reactionary elements of our society. This is an alarming attack on individuals whose activity is harmful to no one. As such, it is no different from any other threat on the right of all persons to live, worship, or believe as they choose."

The chairperson of the SF Actor's Equity, while attending the Western Advisory Board Meeting of the Actors Equity in Los Angeles, Douglas Dean Goodman, delivered the Equity statement to the Crusader.

Sentinel Sour Grapes

The SF Sentinel newspaper staff member, Ms. Maureen Asper "Marina", who is not a homosexual person, became angry at the Vote Yes on A committee, because they chose to use the endorsement of the ADVOCATE over the one from the Sentinel. In her anger, she sent a press release to the SF Examiner, who is opposed to A & B, a letter charging the Prop A folks with being "shamed of gay support", yet the Prop A Yes people, already have one of the best known and smartest gay persons on their committee, Bill May, one of the founders of SIR.

Jo Daly and David Goodstein are already supporting strongly. Yes on A.

So, when Charles Lee Morris, "owner" of the SF Sentinel made his outrageous statement saying that the people at Yes on A are ashamed of the gay support, it seemed just as it was, a case of "sour grapes" for the ADVOCATE beat them out in the race for publicity... isn't that what the editor of the SF Sentinel Charles Lee Morris is always seeking? Or else why did they send a press release to the "enemy" camp, unless it was to "get even"? That is a question most all intelligent San Franciscans have already answered!

Two New Gay Republican Clubs

SAN DIEGO: The Teddy Roosevelt Republican Club of San Diego has been formed, with Nicole Murray as the first president. They have 17 members and had a group in the Gay & Lesbian Pride Day Parade in that City and also Murray was one of the Gay Pride Rally speakers, representing the Teddy Roosevelt GOP Club.

LOS ANGELES: Former motion picture actor, and president of the Community Guild, Robert Arthur, announced the formation of the Los Angeles Teddy Roosevelt Republican Club, and told that elections for officers will be held soon. It is reported that at least 24 persons will be founding members of the Los Angeles club.

SAN FRANCISCO: The San Francisco Teddy Roosevelt Republican Club, founded in December of 1976 by the Rev. Ray Broshears, and has 17 members, is working actively for Yes on B, and will have a Brunch Saturday July 16th at 12 Noon at the *p.s. Resturant for \$10 a person.

Butterfly

BUTTERFLY BRIGADE COMMUNICATION TO THE GENERAL PUBLIC.

Dear Sisters & Brothers, please help us publicize the community defense whistle campaign now in progress.

We are urging people to carry whistles so they may summon help if, 1) they are personally attacked/in danger and need help, or 2) someone else is being attacked.

The whistle defense strategy is effective. Attackers have fled when the whistles have been blown. People have come to the assistance of persons being attacked when whistles have been blown. The more people who know about the whistle program, the more effective it will be. So far the Butterfly Brigade in cooperation with a growing number of organizations and businesses has sold over 1,500 whistles.

We need your help in spreading the word about this needed defense strategy. You are also very important in motivating people who already know about the program, to join it... to buy whistles. You've already proven that you care.

Attacks happen... anywhere, anytime, to anyone... get help fast... if you care about yourself, your friends, your neighbors... carry a whistle and respond if you hear a whistle.

Thanks.....
BUTTERFLY Brigade

BOMBED ?

"CHERRY BOMB" ATTACK ON FIVE CASTRO STORE WINDOWS.....

Firecrackers, known as "cherry bombs" were taped to the windows of five Castro Street businesses, and set off, shattering the windows.... this report was in the SF Examiner.

Harvey Milk, of Castro Camera reported that his store was one of those "bombed" on June 30th. Other stores were, "Mainline Gift Shop".... "Midnight Sun bar".... "Without Reservations".... "Everetts".... In the EX Milk was described as the "leaders of the homosexual community".

NEW LAW...

A new ordinance, hailed by Market Street and Polk Street merchants, which prohibits "lounging in doorways" without the owner's permission.

There will be fines of \$50 to \$1,000 for this offense.

Residents and merchants alike hope that this new ordinance will cause the prostitution situation to letup considerably.

SUICIDE

SUICIDE.....REJECTED FOR HELP MAN LEAPS TO HIS DEATH AT Ft. MILEY VETERANS HOSPITAL.

"Didn't anyone care?", asks TRRC!

FORT MILEY SF: 57 year old Arnold Carter, who lived on Jones Street in the Tenderloin area of the city, was pronounced dead at 11:15 AM on the day of June 29th, after leaping from the 3rd floor of the United States Veterans Administration Hospital at Fort Miley, San Francisco.

Arnold Carter went to the hospital for help... he needed it badly according to those who knew him.

But, the VA is very unclear after the death, as to what kind of reception his cry for help received when he went to the hospital. He said he needed hospitalization, and it obvious that someone disagreed with him, and a 57 year old veterans, a "nobody" who no one seemed to care about, made his last plea for help, by jumping to his death.

"Didn't anyone care?" was the question of the TRRC (Teddy Roosevelt Republican Club— president, Ray Broshears. "Who was the insensitive person who saw him and was not able to see or did not care to see that this poor soul needed help?", "It is high time for an investigation into the cold insensitive system at Fort Miley." "They have cut and cut from the patients, yet they don't cut salaries, just the patients!"

The TRRC has asked the Office of U.S. Senator S.I. Hayakawa to make an official Congressional inquiry into the senseless death.

Keep our city free of the graft and corruption that comes with district elections.

EDITORIAL.....P.D. & R.B.

"Are you 'Gay' or are you a homosexual? There is a difference you know! Gay, means that all who know you, know that you are a homosexual! Are you 'Gay'?"

"GAY PRIDE MEANS NEVER HAVING TO APOLOGIZE FOR YOUR SEXUALITY!"

"Gay Pride", something few homosexuals really have. For if they had it, they would not feel the need to live in a ghetto, to create a gay fortress for themselves.

"Gay Pride" means never having to drink yourself onto the barroom floor because you are insecure, and or afraid.

"Gay Pride" means never having to resort to mind drugs, to alter your mind, because you want to "escape" being homosexual.

"Gay Pride" means being able to live and work amongst straight folks ...amongst all kinds of people, and not isolating yourself into a ghetto.

"Gay Pride" means never having to resort to the "isms" to find political allies, for "Gay Pride" means creating your own political allies and forces.

"Gay Pride" means never having to live in fear of those who do not understand or tolerate or accept you. "Gay Pride" means living and working in the sunshine of freedom of fear from others because YOU consider yourself different.

"Gay Pride" should mean the desire to be a part of the whole of society.

"Gay Pride"do you have it? Or are you one of those who fear the competition of the society at large, because you fear rejection by straight-hts, just as you fear rejection by a trick? You can't cope with it? If you are not ashamed of what you are, you will want to be open about it.....and that means, letting mommy and daddy know, your employers, and your neighbors.....do they? If not, then you are still very much in the closet!!!!

"Gay Pride" means not having to hide behind names like "Save Our Human Rights" or "Human Rights Coalition"....for if you have real liberation, then why not, "Save Our Gay Rights" and "Gay Rights Coalition"? Why not, ashamed of the word gay? just as those are who will not use the word homosexual???

"Gay Pride", does the Sentinel newspaper exhibit it when they slander Harvey Milk or Ray Broshers? Not really...that's "Gay Jealousy"! "Gay Pride", is it "Gay Pride" that caused two southern California men to murder, admittedly, 40 persons? Is that "Gay Pride", they were both ..."gay".....how sad!!!

District elections by district is the kind of government they have in New York....in Philadelphia....In Boston....in Detroit....in St. Louis....in Cleveland, and in Chicago....is what they have in those very non-gay cities what you want for our very gay city?

Well, just you stop and think about it, what we have here, the kind of government we have, is the kind of government that gays have risen to power and influence under.....so now you are being told to do away with that form of government? Well, Isay no....vote YES on B...let us keep San Francisco a very gay city.

Ignore the mis-truths of those like Harvey Milk, Hank Wilson, Jim Foster, and that whole element.....save OUR CITY.....and vote YES on B.

THE HILLSBOROUGH AFFAIR..... Robert Hillsborough was slain by a pack of young men. His friends say he was killed because he was a gay person (that means....homosexual). But, since the murder, other items have come into light which indicate that Hillsborough was not slain because he was gay....but because of an auto incident in the parking lot of the Whizz Burger.

This of course would hurt the media lawsuit of the Pride Foundation.....Pride is suing on behalf of the slain man's mother, singer Anita Bryant, who had nothing to do with the death. In fact, truth is truth, and many times, including in NEWSWEEK and on TV, the somewhat unhinged singer has denounced violence against homosexuals.....so that shoots the Pride case down right there. And by the suit being "thrown out" it will give the hate-mongers of Anita Bryant more "ammunition" for they'll be able to say "see the courts have ruled the gays down"! The suit against Anita is stupid, but is a publicity hunting suit that Pride had damn best pray night and day that they win...oops!!! I shouldn't have said "pray" for it is my understanding that many of the Pride people are opposed to tax-exemption for our church and about any church!!!

Oh yes, while on Hillsborough, the "priest" who was seen on TV and in the papers with him is none other than.....Phillip Clifton, who was ordained by / thur Bishop Mikhail Itkin of the Evangelical Catholic Communion and formerly of Gay Activists Alliance in San Francisco. Those of you who care to "throw" it at me for my humble evangelical ordination....had best take a look at the Hillsborough "friends" ordination. And while you are at it....look at the "Rev. Jim Sandmires" and a good close look at Rev. Troy D. Perry. for he and I got ours from the same church the same way.....! AMEN!

GAY PARADE AFTER—THOUGHTS!

Well, the "organizers", if you wish to call them that, of the Gay Freedom Day Parade, can thank Anita Bryant for that huge turnout.....for it would never have happened if they had been left to their own publicity and organization which was horrible. The Anita-fever was what brought the people out....so that means, if Anita had lost in Miami, the gay parade turnout would have been far less. By the way, the Gay Liberation Alliance (and yours truly) donated the use of the Civic Center to the gay freedom day group, as we had been using it each year, but in a show of "unity" we turned the use of it over to them.....but, in the process, we were shafted to speak by the discredited Chuck Morris of the Sentinel...his word is not too good at all, at least in this case!

"A Voice in the Wilderness" by Reverend Ray Broshers

Almost daily, we witness man's inhumanity to man. How often to me it seems that we are living in a world gone mad....mad for the lust of power....of money, dear God, I shudder when I see the things that some of our so-called leaders do for money. The almost obsession that some have with becoming "spokespersons" for the community, would be comical, except for the deceitful methods they use.

Justice at times, seems just as haywire as the so-called leaders who we have come to expect to lie and deceive.

Some of our Municipal Court judges have become tolerant of almost everything....including the carrying of knives, it always seems to be....probation for this....probation for that. Probation, probation.....the system has been raped! It means little....unless, we the people of the City of Saint Francis, set about to make things right.

And we can right the many wrongs being done today....in the name of being "liberal"....by voting yes on Proposition B on Tuesday August 2nd.

John Maher of the Delancey Street group said a few years ago in his book about Delancey Street, that "I will control San Francisco in 10 years".....well, let me tell you that he is on his way, and he is the one manipulating such persons as Moscone, Freitas, Willie Brown, all who will do just about anything to gain the support of Delancey Street....The same goes for the Rev. Jim Jones and his People's Temple. It is a major political power. Jones is a cross between Reverend Ike and Reverend Jesse Jackson, although he is white.

Jones, has already received a hot political appointment to the Housing Authority and then in an unprecedented move, named president of the Authority, although this man of money doesn't live in housing project....he was chosen over a black woman who does. But, that is what you can expect alot more of

if Prop. B does not receive enough YES VOTES on August 2nd.

How would you like it, if you were to own a piece of property and that you could not tear it down to build something bigger and better? You paid for it....it's your property....it's your money....yet, Moscone and his friends at the International Hotel won't let the owners tear that old rat trap building down and build a better building. And that is all because a handful of communist radicals who used to be called the "Chinese Red Guard" jumped into the scene back in 1969. They have now changed their name, and Alex Hing is no longer with them, but they are of the same marxist-Masoiist rhetoric. Then....you have Rev. Jim Jones' Church people, over EIGHT THOUSAND OF THEM....and Delancey Street, 300 or so of them, all joining together, and you have a city in danger of falling to the radical left. Supervisor John Barbagelata is not just whistling "dixie" when he says that Prop. B will save our city, and it will.

The bleeding heart liberal forces of the ultra-liberals and the leftist gay elements have spent a great deal of time trying to make a YES on B, an anti-gay vote....it's not true. First, look at those persons....the Toklas Club crowd, well, many of their members, including their president Frank Fitch, have gotten jobs from the Moscone regime, so they want to keep them, so they say the thing they do about Prop. B. Then you look at the politics of BAGL (Bay Area Gay Lib) and of Gay Action, and the Coalition for Human Rights....and you find them filled with leftist gay politicians, and thus you find opposition to the majority vote system.

You see, district elections as they now stand....say that the person with the highest amount of votes can win....even Tenderloin Tessie. No majority is needed. Does not the Constitution call for the majority to rule? Remember Hitler's people were not a majority! So, you must save our city by voting yes on

HEALTH is happiness...and that is the key to better relationships and a better world. Health in mind and body through proper nutrition...avoiding as much as possible, those foods and thoughts which endanger the happy, active and loving being we should all be.

With this note we begin PART II of the JEANNE ROSE INTERVIEW:

(Continued from last issue)

TOM: I understand you make a line of herbal body care...how did this come about?

JEANNE: Well one of the things I like to do is experiment with things that I read about, know about or hear about, because I feel it's very important to try things on one's self, to practice what one preaches and to try all things they write about. Especially writing the book, "Herbs & Things". I began to make enormous amounts of very specialized and extremely good, body care products, at which point I had so much quantity I couldn't give it all away, and of course the next step was to sell it. So, that is how New Age Creations, Body Care Products came into being after about ten years.

TOM: Could you tell us about your books and any future writings?

JEANNE: "Herbs & Things" was the first in a series of seven herbals that I intend to write throughout my lifetime. What I want to do is to take the entire field of herbalism and write an encyclopedia of herbals of each aspect of herbalism, so "Herbs & Things" was my first book, and "Herbal Primer" is my second book which is completed. The next is "Jeanne Rose's Herbal Body Book", and what that is, all the herbs and plants one would use externally for healthy and beautiful bodies. It primarily deals with health and it is not a cosmetic book, it is a health book.

The next book will be the "Herbal Cook Book" and here again...it is not necessarily the recipes that are important. What I am trying to do is give a lot of important information relating to the recipes...like, my garlic soup.

Garlic soup is excellent food for an invalid or especially for one who is suffering from digestive problems, bacterial infection, or respiratory difficulty. It can act as a ver-

ifuge when eaten in quantity over a period of a few days. If you add cayenne or another chili, this delicious dish will quickly open up a stuffy nose and help unblock a blocked bronchial system.

All will love this soup; garlic haters, unaware of what is in the soup will also love it. Learn how to make this easy soup; eat it frequently, and you will find your health, well-being, and internal and external beauty will improve and the flu season will come and go without you suffering even a little bit. The Recipe is:

1. 2-40 garlic cloves, peeled (just crush with flat of knife and slip off skins).
2. Saute the garlic cloves in 2 teaspoons of more of good quality olive oil in a cast iron skillet until they are translucent.

3. Add 1 quart of rich chicken or vegetable broth or stock (that means liquid only, no solids or blended foods) and simmer gently until the garlic is like mush. This will take about 20 minutes.

4. Press Number 3 through a ricer or squeeze through coarse cheesecloth or a sieve.
5. With a wire whisk beat 3 egg yolks until thick. Then beat in slowly, a teaspoon at a time of the warm garlic broth from step 4. Beat in about 3 teaspoons in all. What we are trying to do here is warm up the egg yolks without cooking them.

6. Put the garlic broth from step 4 into a 2-quart enamel or stainless steel pot. Very slowly add the egg-yolk-broth mixture from step 5. Heat to boiling, serve in wide soup plates.

7. This soup can be a delicious first course to a meal - just add dollops of chopped parsley, yogurt and ground almonds to the soup when it is served.

SEASONINGS: The soup is not seasoned because the broth is. If you wish to add any of the following depending on the results you wish to obtain: salt, pepper, cayenne, oregano or parsley.

Also another important bit of nutritional information about garlic is...zinc. This food contains a large amount of zinc. What is zinc good for? Well, there is a few key words that you can think of...think zinc, zinc feeds the brain, zinc don't sink, zinc is very important for brain function. Zinc is also very important for your body

A Natural Thing

by

Tom Hart

odor. If you have a lot of zinc in your body, your body odor is not very strong and that's possibly because the things that are high in zinc are like sea food, wheat germ, not necessarily meat. Then again garlic has a lot of zinc and people who are repulsed by raw garlic can take advantage of my garlic soup recipe which gives no garlic scent from the breath but also gives you the essence of a lot of garlic.

And where is the greatest storehouse of

zinc? In the human body in the male prostate gland. So that people who set their daily infusion of zinc usually have beautiful skin, clear and free of pimples, acne, and dry skin repairs quickly...so, get on the zinc. **END PART I.**

SAN FRANCISCO'S TENDERLOIN: The long time residents and activists of the area where shocked to learn that two of the bar owners in the payoff scandal had pled guilty, before U.S. Court Judge, Robert H. Schnacke on July 1st and will be sentenced on July 26th.

They pleaded guilty in the U.S. District Court to lying when they had denied making payoffs to SFPD Central Station Officers between 1966 and 1974.

Harold E. Woodward 76, and Martin "Jerry" Hertz of the Trapp, 72 Eddy Street, were the two bar owners who had vehemently denied making payoffs to the SFPD officers named, when the investigation began.

Hertz said that he made a false statement to the Grand Jury "when I said I had not made any payments to the San Francisco police officers."

He now admits that he had made payoffs to retired Lt. Thomas Stack and retired Sgt. William S. Sissack.

Stack was fined \$1,000 after he had pled guilty to obstructing justice in preventing a bar owner from talking to a Grand Jury investigation.

Sissack was convicted of lying to the grand jury when he said he did not take payoffs from the bars.

of the voters.

The old Jackie D's, now called Score II, and the closed Golden Door and the Body Shop, along with the Trapp and 181 Club were the gay bars involved. Only the new Trapp remains in operation, but under new ownership of Charlotte Coleman, a very highly respected member of the gay community, and a former official of the Tavern Guild.

Ms. Coleman has made radical changes at the Trapp, and it is a nicer and far safer bar since she bought it, most observers have remarked.

The officers who were named by Woodward are George Carrozzini, 52, who is still on active duty in the Tenderloin, and the retired Frank DeFanti and Art Posner. Others named in the original indictments, but who are still around, are Captain James Curran who heads the Communications System (that's where you call in for help), Lt. Eugene Del Carlo, Sgt. Charles Gale and Sgt. Joseph Cuneo, as well as Patrolman William Wasley.

Chief of Police Charles Gain placed the men back on the active duty list when the D.A. Joe Freitas refused to prosecute, and now, the case will still be prosecuted if the Special Prosecutor for the U.S. Justice Department has his way.

It was reported that California Attorney General Evelle J. Younger may force the District Attorney to prosecute the accused police officers for having taken the bribes. Most whom the SF CRUSADER spoke to about the situation, expressed anger that two bar owners who were "forced" to make payments to the police officers will be convicted for so doing, yet the men who committed the act of shaking them down, are apparently going free.

The local gay leaders with one exception, are being very quiet on this subject, as they "fear" reprisals by friends of the accused police officers.

The Tenderloin gay bar owners are also in a "no comment" mood, as they too fear actions against them by the police.

KLU KLUX KLAN.....RACISM.....
SUPPORT OF BIRCH SOCIETY.....
EMPLOYMENT DISCRIMINATION
AGAINST HOMOSEXUALS.....IT'S
ALL A PART OF.....COORS BEER!

The boycott of Coors Beer began in 1966
by Chicanos and blacks in Colorado. It
grew and grew over the years. It was
quickly picked up and endorsed by the
American GI Forum, and then the Den-
ver Crusade for Justice. The militant
Brown Beret's of Corky Gonzales joined
also.

In an effort to thwart the racial backlash
against their hiring policies towards the
Chicanos and blacks, in February 1976
the Adolph Coors Company awarded
five Spanish-surname persons Coors
distributorships. A move which did not
halt the boycott.

The complaint with the Equal Opportu-
nities Commission is still on file, and the
boycott a reality in Colorado in 1977.

In 1975, a boycott of Coors began here
in Northern California. Local 888 in
San Francisco went out on strike against
Coors, who rejected a new contract with
Local 888. Local 888 had hired an open-
ly gay person as a driver, which was not
in keeping with Coors' idea of morality.

The CDC California Democratic Council
passed a resolution supporting the boyco-
tt in 1975 as well.

At that time, several gays became invol-
ved in the boycott, most notably, Har-
vey Milk and Howard Wallace.

"COORS IS BREWED WITH THE
BLOOD OF CHICANOS....."
In a story written by Robert Wells, there
are charges of Klu Klux Klan activity at
the Golden Colorado brewery of Coors.
The history of the Klan group goes back
to 1881 when it was called the "Citizens
Protective Union of Colorado".

At the current time, all job applicants have
to undergo a "lie detector test", and some
of the questions include:
"Are you a homosexual?" "Have you
ever committed crimes you were not con-
victed of?" "How often do you change
your underwear?" just to mention a
few of the lie detector test questions.

The strike was endorsed by the UFW in a
letter to the strikers from Cesar E. Chavez.
Chavez said that, "Coors is notorious for its
discriminatory hiring practices. Coors has
been the target of boycotts by blacks, Chi-
cano and women's groups and the company
is filled with extreme right-wing political
organizations."

"COORS.....ANTI-HUMAN RIGHTS"
Chavez went on to say that, "Coors philo-
sophy is not merely anti-labor, it is anti-
human being, and I urge all justice loving
men and women to join the farm workers
in passing by Coors beer."

A bulletin printed by the strikers of the
Union Label And Service Trades Depart-
ment, AFL-CIO states:

THE ISSUE IS DIGNITY.....
Brewery Workers Local 366 AFL-
CIO is on strike at Coors Brew-
ery, Golden Colorado. Coors
management is demanding that
employees leave their rights at
the plant gate when they come
to work.

COORS VS. HUMAN RIGHTS
Coors demands the right to require its
workers to submit to a physical exami-
nation at any time.

COORS vs THE INDIVIDUAL
The company is demanding the right to
require any employee to take a "lie de-
tector test" at any time, at the sole discre-
tion of the employer.

Workers who do not submit to these
conditions would be subject to immedi-
ate discharge.

COORS vs FREEDOM OF SPEECH
Coors management demands the right to
discharge any employee who is alleged
to have made "disparaging remarks" a-
bout the company or its product, or for
"any words or deeds" which would "dis-
courage" any person from drinking Coors
beer.

366 is on strike against the Adolph Coors
Company.
And now with the gaycott of Coors backed
by the AFL-CIO strike boycott, the sales
of Coors beer has dropped in California a-
lone 19.6% and nationally a drop of 9%.
As the public becomes aware of the strike
now underway in Colorado, more and more
are dropping Coors.

There are several hundred workers out of
work due to the strike which has angered
Joe Coors to the point of calling the strik-
ers, Monkeys.

Coors admits to intimates that he is on a
drive to bust the nions, all of them who he
has to come into contact with. He has cal-
led for an open shop, at the Golden Brewer-
y.

One of the major issues in the strike is the
degrading employment practices of the
Coors Company.

At the current time, all job applicants have
to undergo a "lie detector test", and some
of the questions include:

"Are you a homosexual?" "Have you

COORS TRY TO CONTROL
TELEVISION NEWS.....

The very right-wing TVN (Television
News, Inc.), which is the Coors news net-
work which consists of 75 television sta-
tions around the nation, including in
the Bay Area.....KTVU-Oakland and in
Sacramento, KTXL.

Joe Coors calls TVN his alternative to
the networks own news coverage. He
said, "I think all three networks slant
the news with innuendos, accents, the
sneers they make." His wife recalls him
seated before the TV set shaking his fin-
ger at such "Eastern Establishment lib-
erals" as Walter Cronkite and Harry Rea-
soner.

TVN is two years old now, in deep red
ink, and the storm of controversy about
it grows amongst the newscasters. They
have a rather bland series with Ronald
Reagan, interviews with conservative col-
umnists. The situation is critical to all
citizens, as Coors was nominated by for-
mer president Richard Nixon to be a
Board Member of the CPB (Corporation
for Public Broadcasting) which regulates
and raises money for Public Broadcast-
ing.

President Ford then re-nominated him.
He was later questioned by Senate mem-
bers on his politics.

The president of Coors-owned TVN, a
Jack Wilson, wrote, "Martin Luther King
was an avowed communist revolutionary.
It is not necessary for us to cover him or
any of his subordinates (Abernathy) just
because the other networks do so. We
are going to be different....if we are going
to be the same then we are going to con-
tinue to cover all of the communist sto-
ries and carry all of their lies."

An article in the CJR (Columbia Jour-
nalism Review, spring issue was titled,
"Coors Brews The News".

The interpretation of the news by TVN
was always slanted against the homosexu-
al; the women's movement, against other
liberal causes.

The question which faces gay San Fran-
cisco today is...."are we going to allow
Coors to continue to be sold in any estab-
lishment in which we spend our gay dol-
lars?"

For the gay community, in so
doing, is supporting all of the fascist tac-
tics of the Adolph Coors Brewery Com-
pany.

There are several gay bars still selling the
beer, one is owned and operated by the
president of the San Francisco Tavern
Guild.....Lenny Mollett, the 527 Club on
Bryant Street. Other bars continue to
sell and defend Coors. They do not feel
that selling Coors has anything to do with
gay rights they say.

But, are not gay rights human rights? ask
the maverick Reverend Ray Broshers of the
Teddy Roosevelt Republican Club?

The Tavern Guild voted a boycott of
Coors Beer, yet their very own presid-
ent refuses to go along with.

And, such places as Trinity Place which
was taking out huge ads in the NON-UN-
ion printed Sentinel publication...serves
Coors, as does George Bandi's, Original
Jacksons. In the Tenderloin, the famed
Blue & Gold, home of H.L. Perry each
Halloween says that they "proudly sell
Coors". Ditto 527 Club.

Now....Coors has reached into our State
Legislature and shut off this safety legis-
lation.

If Coors can do it on this, what is to pre-
vent them from halting any gay rights
legislation? Comprene?

Of course, the Tavern Guild's involvement
in the Coors boycott did not come about
as a result of the racism, the fascists anti-
human tactics of Coors, or its Bircherism,
but because of a donation by Coors' own
Heritage Foundation to the campaign of
Anita Bryant against homosexuals.

The saddest point is that right there....
that Tavern Guild president Mollett does
not care about how the employees of the
Golden Colorado plant are treated, and
there are 8,000 of them. All he cares a-
bout is selling his Coors to his straight
clientele, which is all union, during the
day.

As a co-worker with the editor of the
paper SF CRUSADER, I call upon gays
to join in on the human rights issues,
not just the basis of a donation to Anita
Bryant, for the issue is...human rights,
not just gay rights. For if Joe Coors is
successful, there will be no gay liberation
in America, and that is a fact.

The local distributors here will tell you
anything, for they need and want your
business, but remember, they are NOT
speaking for Joseph Coors.

Gay people had best get it together and
join in unity with the total boycott of
Coors, for our freedoms are at stake.

In a meeting at the home and office of
the CRUSADER, Fred Criswell of the
AFL-CIO BOYCOTT COMMITTEE, had
a meeting to discuss possible actions a-
gainst Coors and those who sell it.

One of them discussed was forcing the
issue by possibly an informational picket
at the 527 Club by the Gay Lib. Alliance
and others with the AFL-CIO Boycott
Committee, to call attention to the plight
of the Coors workers strike and to let all
know about the extremist right-wing poli-
tics which anyone who buys a Coors beer
helps to support....of the Coors company.

Their politics must be exposed and soon.
We should be aware that right here in Ca-
lifornia, Joseph Coors was successful in
having tabled, legislation,legislation
which would have forced Coors to spend
money to make their beer safe/drinkable.

That was Senate Bill 744, introduced by
Senator Paul Carpenter, which would
have added an amendment to Section 25
615.5 of the Business and Professions
Code, relating to alcoholic beverages and
making an appropriation thereof.

Existing federal or state law does not re-
quire beer to be pasteurized. SB 744....
would have prohibited the sale or dispos-
al of any beer (Coors) for consumption
in this state unless such beer is pasteuriz-
ed.

Now....Coors has reached into our State
Legislature and shut off this safety legis-
lation.

If Coors can do it on this, what is to pre-
vent them from halting any gay rights
legislation? Comprene?

Lee Raymonds "Film Fun"

QUIZ NUMBER 7

Hi folks, just got back from a short vacation and find I have a deadline to meet, so I'll just get right to the answers from Quiz 6...and the winner of that quiz was...Marty Shaw! Hope you enjoyed the prize.

ANSWERS TO QUIZ 6.....
1.....Pitarin Island
2.....David Niven, Stewart Granger and Walter Chari.
3.....Leo Glenn
4.....Jean Simmons
5.....Linda Darnell
6.....south sea sinner
7.....Mitzel Gaynor
8.....song of the islands
9.....south sea woman
10.....jungle princess

B.....
1-E, 2-H, 3-C, 4-O, 5-F, 6-L, 7-D 8-B 9-J, 10-N, 11-C, 12-I, 13-K, 14-A, 15-M
C.....
If you take the sentence apart you will find the titles of six movies, all starring Joan Crawford.

D.....
1.....During John Wayne's early career, producers didn't quite know what to do with him, so being the musical movie was at its peak, they tried it with the Duke. Its true, John Wayne's first film was as a singing cowboy. But it didn't last long and Wayne didn't click in movies until 1939 when he played the Ringo Kid in "Stagecoach", and he has been a star ever since.
2.....I'm not sure which it was, but in one of her early movies, lovely Olivia de Havilland rode a beautiful palomino horse. Upon seeing this Roy Rogers fell in love with...the horse, not Olivia. He bought it and named it Trigger. True. Also when Trigger died, Roy had him stuffed...said he couldn't bear to part with him...ahhhh, true love.
3.....Clude Rains made his movie debut in 1933, playing the title role in the "Invisible Man", and audiences were kept in suspense of what he looked like. Originally Boris Karloff was offered the part, but turned it down, because he didn't want to remain unseen until the end of the film. On the other hand, Bela Lugosi refused the part of the Frankenstein monster because it wasn't a speaking part. The film version of Dracula was prepared for Lon Chaney, Sr., but he died so Bela repeated the role he played on the Broadway stage. Isn't life interesting?
4.....Unlike most people who underestimate her acting ability, C.B. DeMille admired Betty Hutton's talent and wanted her to play Delilah...its true. Hedy Lamarr found out Betty had not yet been signed for the part. A few days later, Hedy was signed for the part. I for one would love to have seen Betty Hutton do the part...she would have given fire and life to the character, which I understand Delilah was supposed to have had. Hedy may have had a pretty face, but no talent, except maybe for shoplifting. By the way, the "B" in C.B. DeMille stands for Blount.
5.....False! Stan Laurel and Charlie Chaplin were not partners, however, they were friends. Stan was Charles' understudy on a stage in England. When they first came to the U.S., they shared a room in a boarding house where cooking was not allowed in the room, so Charlie would play the violin while Stan friend food. Then on to Hollywood where they both made good, and where Stan met Oliver Hardy who was playing villains. Stan talked Ollies into teaming up and as we all know they became one of the greatest teams in movie history.

QUIZ NUMBER 7
A.....
1.....What was the name of Dracula's henchman?
2.....In what movie did Clark Gable and Loretta Young both play mayors?
3.....Who was the kissing bandit?
4.....In what movie did Carmen Miranda dance with Wallace Berry?
5.....Name the two brothers who played in "How Green Was My Valley"?
6.....What was the name Claire Trevor had in the movie, "Key Largo"?
7.....What Hitchcock film starred...Jane Wyman, Marlene Dietrich, and Richard Todd?
8.....Who played "Ming the Merciless" in the Flash Gordon serials?
9.....In Charlie Chaplin's, The Great Dictator...who played Mussolini?
10.....Who was the voice of Francis the Talking Mule?
B.....
Kim Novak and Jack Lemmon both made their movie debut in 1954
1.....name the movies they were introduced in.
2.....their second they made together...what was it?
3.....they both made a movie with Rita Hayworth...name his and the third star of that movie.
4.....then they played brother and sister...in what movie was that?
5.....then both their 15th movie, they starred together with a dancing star, name that star and the film.
C.....

'EXODUS....' holds its conference in Oakland!

OAKLAND CALIFORNIA: Monday, the day after nearly 200,000 gays had marched in San Francisco, across the bay, in the old town of Oakland, at a very modern building, called Shiloh Temple, some 90 or so persons who say they are "ex-gays" gathered for the first International Exodus Convention. Exodus came to the attention of the gays of America some months back, during the Anita-hysteria, and they were felt to be a part of Anita's plot to end homosexual rights in America. "Not so", says the founder of Exodus, a ex-gay, Frank Worthen, who heads up the Exodus chapter in San Rafael called..... "Love In Action". Worthen says that he and his associates are all very unhappy at the Anita Bryant campaign. Worthen, an older person, who speaks gently, was arrayed in his all white suit at the Convention which began at 10 AM on Monday June 27, 1977. Worthen opened the Convention, welcoming all the delegates and giving the agenda of the five day meet. He also welcomed for the part of the first day only, the press. Notably, Ben Williams of KPFX-TV Channel 5, and the written media.....the Daily Californian from Berkeley.....and the Advocate. The CRUSA- DER editor was present, as was Roland Schembari of KPFA-FM "Fruit Punch Radio", a gay liberation broadcast. No other gay publications showed up. But, due to an incident with the very young reporter from the Advocate, the media was barred after 5 PM that day. But there was the tone of the Conference,

paranoia.....the delegates were very paranoid, did want to be photographed, and acted for the most part, like a bunch of closet cases. Mike Bussee and Jim Kaspar of EXIT, in southern California, began the Convention with a two-person presentation, in which they tried to come across like the perfect no longer "odd" couple. Kaspar looks at people with a piercing stare, but, he was extremely uncomfortable with the editor of this paper. In my opinion, the whole conference was a big shuck and jive trip...many of the people present were pathetic messes. A person who had the sex change, now was trying to be the man he was before, a most sad situation. Others, many of the "ex-lesbians" were very uncomfortable in the setting, for they dared not reach out and touch one another for solace or togetherness, for if you touched....did that mean you were still a homosexual? That question was put to Mike Bussee, but he evaded it carefully, was nervous, and was equally disturbed at the presence of the up-front homosexual news media persons. The pastor of the Church, Shiloh Temple was extremely nervous, for just recently he had barred from church services two young men who are very gay. The man who was the scarcest was the one who claims that he preaches on Castro and on Polk streets during the week-end. This has proven to be either a lie or he is very careful to not let anyone know who he is for no one as yet has seen him.

Tom Isenberg of the Republican State Central Committee, and a very upfront gay business person on Polk, asked this editor about the ex-gay Christian Convention. "How can they say they are ex-gay, that would be like a Chinese person saying he is ex-Chinese, or a black person saying they are an ex-black person...you can't change what you are!" Well put, but the delegates at the Exodus Convention, Gary Buntain of Shiloh Temple, is also the one who says he does the street ministry to save gays from their homosexuality. Delegates came from all over...a Robbi Kenney from Minneapolis and the director-founder of OUTPOST an ex-gay Christian ministry there. Also the very paranoid acting, Greg Reid of EAGLE Ministry in El Paso Texas. He also appeared on KGO-TV to rebutt a statement made by Rev. Chuck Larsen of the MCC. Reid is a singer and that is how he earns his living. Dave Roberts, pastors the Mt. Zion Christian Centre in Saskatoon, Canada. Also some people from Shreveport and New Orleans Louisiana's GOOD NEWS GANG were present. The delegates were very reluctant to speak to the gay media. One lady who wrote a book called Gay Liberation gave us a copy, and it was another anti-gay trip. The person who did not show up for the morning meeting, was the one our editor here refers to as "Satan himself", the Rev. Kent Philpot of the Church of the

ORGANIZER FRANK WORTHEN
"Homosexuality is sinful"

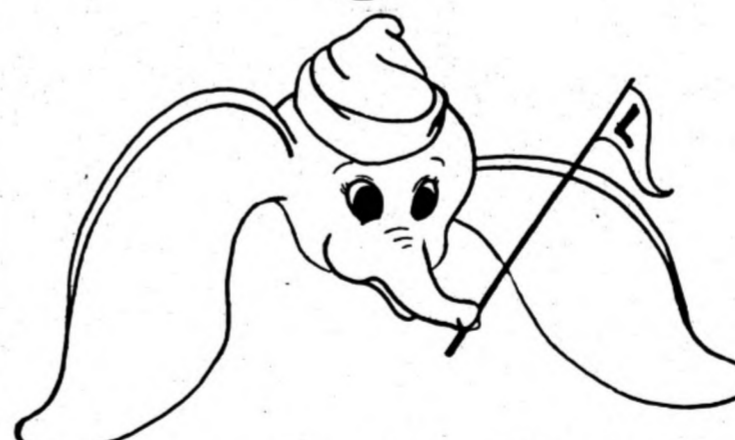

Open Door in Marin County. He was the one who led the first anti-gay demonstration in the history of San Francisco, just a week before the gay parade. Philpot has been accused of causing one or more young men of either committing suicide with his "ministry to gays" or having them collapse from nervous breakdowns. Philpot denies this, but two young men who were formerly with Love In Action, have come forth and related the "gay" ministry of Ken Philpot. Before and during the Convention, Greg Reid kept in close touch with the editor of this newspaper, trying to sweet talk him into attending functions at Shiloh Temple's coffee house, and rapping about the Anita Bryant trip. The only conclusion one could draw from the Convention, was that the delegates are not sure of their sexuality...that they fear too much exposure to up-front gays, for fear they will lapse back into their natural state....homosexuality. Exodus....it is not a threat...at least yet!!!

What well-unwell known candidate for Supervisor from the 4th District got a bit tipsy and used some naughty words recently...which might say were a bit on the racist side? I don't know for sure, but he is quite a drinker.

KENNY of ASHLAND OREGON farmer, is now tending bar at KIMOS. That chile had best get himself some real tight pants if he wants the tips to go up. Such a pretty boy with a pretty smile!

BRAD, age 22, is the latest of that dee jay at a certain south of Market disco just off of Market Street. BRAD is so very sexy and hunky and is he ever...! He looks like "Roger" of Blueboy and Non Hill Cinema fame. Sweet thing!!!!

ROBBIE, MADAM LESLIE and the DINGY DON all invite you to visit the new HOUSE OF HARMONY...it has a taken on a new "air" about it, and it's all for the better. Nice vibes too. That man in black has given it his good seal of approval once again.

MAUREEN de MISSION and STELLA STOLL make a very friendly and efficient pair of barmaids at 1121 Polk Street.

Didja hear, that the man in black did a number on DALE BENTLEY'S 201 Eighth Street facility again...this time he got them for fire-code violations and he is doing a number about a police permit revocation hearing...seems that the man in black don't like folks who discriminate and at least, he does something about it. That's why I enjoy writing this column along with him and about five others.

Hooray for IRENE and the PENDULUM PIRATES, they beat TOAD HALL for the division championship...now its off to the League championship. Thanks to teams like the pathetic Scarlett Knights of the *P.S., the PENDULUM was able to make the playoffs again.

Go DEAR HEART, go!!!

A "GAY" CANDIDATE'S Brunch, at least that is what the ad sez and it is scheduled for the ORIGINAL JACKSON. It is a "first" for anyone anywhere, and it is a MINUTEMEN DEMOCRATIC CLUB function. There are SIX GAYS in the race for Supervisor.

RICHARD GILBERT, 6' 5", 23 year young hunky slender stud will soon be a star of his if he keeps going the way he did beginning at the SPARTAN'S Jockey Short Dance Contest...he may not have been one of the three winners...but, off stage he is a real winner. That nite, he tripped into the LIBERTY BATHS, and did it all...the next morning a handsome employee gave him further lessons in how to be a star...and later in the day, so did MADAM LESLIE, GREG, and heaven only knows who else...how cozy, a fourway in the bath tub...how cozy. Eat your heart J.P!!!! RICHARD GILBERT a name to be remembered!!!

Haveya met PETER GREENE, the hot hot number from Denver Colorado who is busing tables at the CHURCH STREET STATION? Oh honies, you had best get your buns in to see this one!!!

The SPARTAN CINEMA has a new manager...it's an ole familiar face to a good many and he is straight but mellow, BRUCE. Such a person!!!! ALMA, you have your hands full now!!!! Lotts a good luck to you BRUCE!

LIBERTY BATHS, 1157 Post Street is the most libertine place in town...all the hunky young studs go there and now they have...the fantasy trip of all time you can be your own movie star, yes you can star in a film, and it will be shown right there (only) in the LIBERTY Baths...and you can have a copy for yourself too (pay of course)...that is really a trip. Thanks ROYCE! BEN too (for being so handsome)!!!!

LADIES NITE

Christina

Hi there! There were many ladies out supporting the Gay Freedom Day parade a few Sundays back. And to those who were there... "right on!" and a big kiss from me. And to those who were not there... shame on you. Once again, I had the pleasure of riding in the parade on CLUB FRISCO'S FAMILY FLOAT. The parade was fabulous and, no ladies, I didn't fall off the float this year. Hope to see you next year, out at the parade and Anita Bryant... eat your heart out!!!!

Well, for those of you who didn't catch the CLUB FRISCO'S LADIES NIGHT Fashion Finals... it was baaaaad!!!!!! Congratulations to AMANDA... a very sexy and together lady who won the finals and \$50 to boot, along with a service for eight flatware set.

CLUB FRISCO is still holding a fashion contest every Thursday night for the fabulous ladies with plenty of cash for prizes. Of course, there is still the FRISCO'S Sunday night dance contests and on Monday nights, it is the MEN'S FASHION Contest. Club Frisco is really jumping this summer. I'm happy to see quite a few new ladies faces there.

And I must admit that the CLUB FRISCO has some of the most beautiful mixtures of ladies I've seen yet. Come check them out... these ladies party for all partying is worth... which in my book is a lot.

Well, sad news ladies, your "Hedda Hopper" of the gay scene is re-locating to Los Angeles. I really have enjoyed writing for all the people and hate that I have to leave... but!! I am moving up. Read Billy Jenkins article next issue of the CRUSADER, "Disco Tripping" for my correspondence from Los Angeles.

And you FRISCO FANS, I really love you... most especially and I hate to leave. My best wishes to all of!

Never-the-less, the CLUB FRISCO will still entertain you with such pleasing personalities as our famous bartenders, JOE LEWIS who is quite a guy... and JUNIOR, who is charming... ELMER oh so charming, and our witer, sexy and mischievous MILTON, and SWEET BILLY at the door and our two fantastic dee jays, BILLY JENKINS, and PHILLIP!!!

Look me up in Los Angeles, and find out what is happening there. Ladies, I love and adore you, keep it up... you are all stars, stand up and realize it. So, until next time... keep partying and love your neighbor as you would have them love you!

Love & Kisses...
Bye-bye,
CHRISTINE

P.S. special thanx to Rev. Ray Broshears for letting me express myself and other women's ideas!!!

Beau Geste in "hot water"!

The Beau Geste Theatre at 17th and Market Street, was denied by the Board of Permit appeals in their bid to become a theatre.

The owner, S. Sales then contacted SFPD Officer Charles Anderson of the Mission Station, and inquired as to what would happen if he opened the next day without a permit. He was told he would be cited, but he... Sales, reportedly asked how he could be arrested... Anderson allegedly told him that he would be if he refused to sign the citation.

The next evening, operating without no permit, at 7:30 PM the Mission Stations Officers went and arrested the persons on duty (Sales was not present), and they were later released on bond by someone reportedly representing Sales.

The Beau Geste then obtained a temporary restraining order against the SFPD until a court hearing on the matter could be held.

So, at this time, they are operating without any legal permits. On Monday and Tuesday of July 11 and 12, they served food at the Beau Geste, again without a permit, and Health Department officials then warned him that if they did it again, he would be cited, which would be a terrific cost.

Sales also owns the Laurel theatre on Polk Street, whose permit is up for renewal. The Central Station is handling that matter as it 1/4 block out of the Northern Station which has Polk from Broadway southward. Sales owns the Vista and Paris theatres in Los Angeles.

He opened the Beau Geste in spite of gay and straight opposition in that residential area. Appeals pending.

Paedophobia...!

THE FORBIDDEN LOVE: The Normal and Abnormal Love of Children—Edited by William Kraemer (SHELDON PRESS).

BOOK REVIEW

In "The Naked Lunch" by William Burroughs there appears a ride in which the question "What did one child molester say to the other child molester?" is answered: "May all your troubles be little ones!"

It is a "joke" apparently, that leaves many an otherwise thick-skinned reader unmoved. Quite obviously the sexual assault of adults upon allegedly "pure" and "innocent" youths arouses strong emotions.

No less certain is the fact that such activity is confused in the popular mind with paedophilia: the disposition in a man or woman to be physically attracted to a pre-pubescent child of either sex.

It is a confusion that is virtually universal. Society generally, and the judicial system in particular, seems ill-equipped, in terms of knowledge and inclination, to make an intelligent distinction between consent and coercion.

There is little guidance either from the literature, most of which (and there is very little) is written from the criminological or forensic perspective. It is only rarely...Nabokov's "Invitation of a Bearded Man" being the classic case—that we find the emotionally tangled issue of child-adult psychosexual relationships explored in a manner which is not calculated to pander to prevailing prejudices.

It is in just such an emotional context that ignorance and apathy, a newly published book on paedophilia must be viewed: "The Forbidden Love: The Normal and Abnormal Love of Children", edited by William Kraemer with contributions by Rosemary Gordon ("Paedophilia: Normal and Abnormal"), Kenneth Lambert ("The Scope and Dimensions of Paedophilia") Mary Williams, ("A Struggle for Normality") and the editor of "A Paradise Lost".

All four contributors are analysts of the Jungian school and according to the Pre-

face, have written "straight from their hearts". They have in truth, also drawn from clinical experience and the essays here are heavily-weighted with case histories that establish the book's principal point, i.e., "that the paedophilic is no different in one form or another than all adults."

Acritical distinction is made, between positive and destructive forms of paedophilia. The former ("positive") defined as "the love and sensuous experience of child and youth" is regarded as "normal and universal". It is easily recognized when directed towards an external object (a baby, a child, or a youth); but it also plays an important part when experienced in relation to the "internalized child or youth...and that this implies," e.g., "beauty, strength, courage, and idealism."

In it's "destructive" form, paedophilia is seen as a consequence of "unconscious sexual seduction" upon the child by the parent (mother, father, or both).

And the "enormous sense of vulnerability, humiliation, and confusion" which allegedly results from this symbolic incest is here described in often terrifying lurid terms.

Indeed, were not one reassured so very often in these pages of the authors' sincere concern for "anon-technical approach to the problem of paedophilia", one might almost regard the prose as pornographic.

Consider for example, the case of Jon, a "typical" paedophilic patient: "In no time he had slipped his hand underneath her panties and touched her *****", we read, the girl "remained passive but opened her legs ever so slightly. He began to play around with her, and....." Enuff!!!! Clinical?? Judge for yourself.

The author of the piece, William Kraemer, having now roused my interest, finally punches home his point...it is "the lack of an effective father" and "the incestuous nature" of the bond with his mother that together explain, it seems, for the impersonal nature of John's love life.

"Neither John nor the objects of his lust ever experienced one another in any separate wholeness", we are told. And the reason given was that their love was immature and somehow incomplete.

"Pathological" and "immature" infective father and overprotective mother. These arguments are familiar, having all been used against gays far too often in the past.

for us to feel anything less than deep distrust when applied to paedophiles. Tobeg with, it is irresponsible for the authors to generalize on the basis of clinical evidence alone. Rosemary Gordon admits as much when she says that far too little is known about paedophilia, that in fact, "paedophilic patients" who come to the analyst "are likely to be more exceptional ones...more highly motivated, even if unconsciously, to grapple with their problem...to seek to transform it somehow into something more socially acceptable..."

This last point, speaks volumes. It also brings us back to Burroughs, reminding you/us, once again, how much depends in such matters on social attitudes and popular prejudices. But, we all must know by now, or should, that sexual relationships between adults and youths are neither new nor particularly rare. Children often do engage in sex, and the child, in such a situation, is neither helpless nor unwilling.

There exists far too much evidence of an historical and clinical nature that denies the dangers of child-adult psychosexual relationships. Indeed, throughout history...children just below and in their early teens, and here is a fact we know for certain...have been married and engaged in sexual relations without falling victim to the dangers against which our society so strenuously warns.

There is a sad irony in the fact that, generally speaking, the very notion of a child's "innocence" (in the sense of lacking sexual desires) is what so frequently leads to violation. Yet such an assumption of "purity" is often little more than a means of escape from the burdens of adult sexuality.

By seeking refuge in such "comforting" fantasies of childhood innocence, we are saying, in effect, that the weak, the small and the dependent are all somehow unworthy of their right to love, affection, or sex.

It does seem a pity that the authors of "The Forbidden Love" should have missed their opportunity to stress the inadequacy of moralistic absolutes and legalistic formulations in this particular area of psychosexual activity. Each of us finds love in our own way, and no one way is anymore "real" or "true" or "whole" than any other.

HOWARD'S NOTES

HOWARD'S NOTES!

by Howard Burton

The Singer Sewing Machine Company has added a new singer to its line, it is called, Anita Bryant. She has been signed to do three television specials for the company. However, Ms. Bryant has lost her job with the Florida Citrus Commission temporarily, and is being replaced by Arthur Fiedler and Dorothy Hamil.

San Francisco people are talking about the fabulous grand opening of Mark Calhoun's STARLIGHT ROOM at 1121 Market Street.

Jackie Starr joined host Mark Calhoun and Bob Shore in presenting San Francisco with one of the grandest openings the city has seen.

Stop in and say hi to Bobby, Tom, Don, Mark and Bob. A great place.

Congratulations to Amanda who won CLUB FRISCO'S Ladies Night Fashion finals recently.

The Club Frisco holds a fashion final for ladies every Thursday night and for men every Monday night.

Speaking of the CLUB FRISCO, did you see both of their floats in the parade? Float number 1 had the Club Frisco family, while Number 2 was disco.

Stop by and dance to the great disco sounds around with BILLY and PHILLIP.

Billy Jenkins, DISCO TRIPPIN' should return to the CRUSADER next issue.

But, to keep you posted on what is happen-

ing in the entertainment scene, I'll do my best.

The big news is.....The only member of the original SUPREMES, Mary Wilson has left the group. However Ms. Wilson still owns fifty percent of the name Supremes. Scherri Payne a veteran of three years, and newest member Susaye Greene are currently auditioning girls to replace Ms. Mary Wilson.

I suggest bring back Cindy Birdsong. Mary by the way, is currently recording her 1st solo album for MOTOWN, to be produced by Marvin Gaye.

Martha Reeves, Charles Pierce, and Sylvester headlined a great benefit for....."Save Our Human Rights" last Monday at the CITY.

Have you heard SYLVESTER'S new album yet?? Hot!!!

If you like to read, I would like you to read a fine book entitled, "NOTHING ON MY MIND". It is available at Paperback Traffic Bookstore on Castro and at Modern Times Bookstore, 17th & Sanchez. Check it out!!

Also, check out DENISE KILBOURNE at the Chi Chi Theatre on Broadway.

Billy Jenkins should return in the next issue, so until then, remember....."It's a funny world out there, it's a clown alley, really funny, it's a ball."

Think about it!

June 26th was a red letter day, gay pride the big parade.....congratulations!!!! And, I think out of all the commotion, my favorite sign was....."We Don't Do Floors or Children".....so be it!!!!!!

other than that.....!! The personalities on television that are outwardly choosing our side in the battle against Anita Bryant, are: Edward Asner, Shirley McLaine, Paul Williams, Dick Cavett, Charles Nelson, Reilly.....

Ronald McDonald, Martha Reeves, Sylvester, Brett Sommers, Johnny Carson and Rod McKuen.....not to mention the very nice lady, Florence Henderson who blasted Anita while during her show at a famous Las Vegas show palace, and on national TV too!

Put that in your "orange" Miss Anita and along with your clan.....Pat Boone, Dale Evans, Senator John Briggs, Ah-so Haya-kawa! Remember, we didn't start this. Grapefruit and pineapple juice never had it so good.

The MISTER FEBE'S CONTEST is each Thursday in July at 10 PM, with the winner of each contest competing for the title on Sunday August 7th, which is also Don and John's wedding anniversary (31 years together) promises to be a good time.....come on down if you can make it and join it.....it'll be worth it!!!!

The ROUND UP presented the first Military Costume Roll Call on the 4th of July and it was quite a success, and a big thank to Jack, Rick and Roger (happy anniversary) and all the contestants, especially Bobby Armstrong and J.J. Van Dyke (now that's what I call ad-libbing, with lots of talent).....NEXT!!!!

Didja know that Bear Hollow is one of the hottest spots in town? Congratulations to Jamie and Tony. Just ask Jamie to show you!!! and on Castro Street of course.

A happy belated birthday to James A., of the Serpents, the Vice-president of that group....a good friend. And also a happy one to our good friend, Bill, aka: "Fingers".

David Monroe I'm sad to sad to say, is in San Francisco General Hospital, Ward 4-B, Room 10, after a freak accident at home and he is now out of danger. Men, well my friend, you are always in my thoughts!

New places to go??? Sure, lots of 'em.... KIMO'S on Polk Street....Bear Hollow on Castro....the Leatherneck on 11th....the new Buzzys on Polk....Alfies on Market Street....the Sutro Baths now on Folsom near Sixth....the Starlight Room....and of course, the newly remodeled Strand Theatre. To all you people out of town and out of state reading this paper, greetings, hope all is going as well in your mecca, as it is in ours.

To you folks in AURORA ILLINOIS....boy, have you come along way....and that is good to see!!! We are all in this together, "o, we still have alot of work in store for us....but, you know what? in the long run, it will have proved to be worth it....so, do hang in there.
