## COORS LIED

### Refuses to add Sexual Orientation to its hiring policies!

Two issues ago, this paper revealed negotiations between COORS and the GLA (Gay Liberation Alliance) concerning the hiring policies of the Adolph Coors Brewing Company of Golden Colorado. Due to the tentative agreements reached, the GLA asked gays to show good faith to Coors by calling a temporary halt to the gaycott, a move which was opposed by our opposition, who is pro-union, and was conducting the gaycott from the pro-union point of view. We of course favor the right-to-work law, and are opposed to the mandatory union shop which our opposition favors. After sixty days, the time which Coors was given by the GLA to change their position on gay rights, we are reporting back to you the failure of the Coors Company to add the words "sexual orientation" to their employment practices policies. We inquired of the Coors public relations office in Golden and they informed us that Joseph Coors refused to even consider the measure.

Bob Russo, the public relations person for Coors had no comment, except to say that the arrangement would be difficult and it proved to be so.

The local officer in San Francisco, Pete Marino, Sales Manager, expressed anger that the gaycott was to be supported once again by the CRUSADER and the GLA, as well as the Teddy Roosevelt Republican Club. He told us to "Boycott Budweiser, they don't have the words sexual orientation in their hiring policy, why pick on us?"

Mr. Marino was greatly responsible for the gaycott in the beginning by his failure to respond to inquiries several years back.

Gay people are urged to gaycott not only bars.....but the little neighborhood stores which sell Coors. Bob St. Clair sells Coors at his store and also received a campaign contribution of \$100 from Pete Marino.

Gay groups will begin sending out letters to neighborhood markets asking them to refuse to sell Coors, in the near future.

The GLA and the Teddy Roosevelt Republican Club are both selling the above gaycott Coors buttons. If you are interested, contact the groups through the Help Line number. Fifty cents apiece is requested.

## FALSE D.M.V. ID's 'Flood' City

IT'S AUTHENTIC DEPARTMENT OF MOTOR VEHICLES IDENTIFICATION..... BUT, THE BIRTH CERTIFICATES THEY ARE USING TO GET THEM ARE PHONY AS HELL!

Looked around you in your local bar or disco and seen some really young looking guys and said to yourself, "They couldn't be 21!" Well, 7 chances out of 10 you are right, but they have gotten in the doors of the discos, in particular the I-Beam, with a valid California DMV ID. But, he got it by having his named pasted in over another name on a birth certificate and the birthdate probably as well. The newest of the photo-copy machines turn out copies that are real looking than the original. The CRUSADER spoke with Supervisor Dianne Feinstein on the subject and she is looking into the matter.

A reporter for the CRUSADER saw a youth that he personally knew to be only 20 years old in one of the Polk Street bars, and told the bartender, but the bartender said his DMV said he was 21 and the bar was in the clear.

Not true! The ABC (Alcohol Beverage Control) Office in Sacramento said that even if a person has a valid DMV ID and the bartender has reason to believe that he looks or is under 21, he must refuse the person service, or else the bar will be cited. Lately, the valid-but-phony ID's have been flooding San Francisco and Los Angeles.

## Trocadero Disco, Causes Uproar

A group of relatively out-of-towners, tired to open an all night private membership only disco, called the Trocadero Transfer at 520 Fourth Street, south of Market. They wanted to be open from 11 PM til 7 AM, and were to charge \$100 for a years membership and were to serve only fruit juice, so they said.

The GLA opposed the opening and the permits at a hearing held before the representative of the Chief of Police, and the Transfer was halted in their opening night bid while the Chief viewed the pros and cons. Later, on November 29th he handed down his final ruling. They could not be open after 2 AM....they could not be a private membership club if they wanted a dance permit and an entertainment permit.

The GLA representative, Rev. Ray Broshears, who was the spokesman for the group who spoke in opposition said that "It is classist, elitist, potentially racist, and in addition, would cause a police problem in the area, and the few residents of the area suffer enough!" Henry Leilu spoke on behalf of the elderly and said that the disco would bring trouble to the area. The GLA said it will quite possibly appeal the dance/entertainment permits to the Board of Permit Appeals, as they said they have "good reason" to oppose the permit.

The 7th Annual Thanksgiving Luncheon for the elderly and handicapped given by the OFDL (Old Folks Defense League) was held Wednesday, November 23, in the Christ Chapel's dining room facility at 26 - 7th Street.

Dozens of people were served, and although food was not as plentiful as in the past, all had a very good time and there were some new faces present this year.

Mrs. Jean Mellor, who has been given numerous awards for her valiant work on behalf of the elderly, was present and is now a part of the OFDL. Jean was the former president of the North of Market Seniors which have fallen into disarray with bickering and manipulating by the younger paid workers who didn't want older people making the decisions, the young people wanted to run the old folks lives, which is so wrong. The OFDLers all welcomed Jean into their midst and acknowledged her as the spokesperson for the elderly.

There were some gifts of food from the \*P.S. Restaurant, and some un-named sources. The Fickle Fox's Don Cavallo and Henry Soares donated some badly need money towards the affair, and the OFDLers are all grateful.

Lee Raymond did yoman work as usual, and she was assisted by "Louie", DeeDee, and Melvina was the overseer.

OFDL director, Rev. Ray Broshears has sent out an appeal for funds and food for the gala Christmas Party and Luncheon which will be on December 23rd at 1 PM.

Send donations to us at: Christ Chapel  
26 - 7th Street, San Francisco, CA 94110  
or phone us at 771-3366.

ney you give him goes to MCC! Not...the

DENNIS MURI DWARTSON

**CONVICTED CHILD MOLESTER  
ARRESTED.....CHARGED WITH  
OPERATING CHILD PROSTITUTION  
AND PORN BUSINESS.....AS HIGH  
AS THIRTY YOUNG BOYS, AGED 12  
TO 15. INVOLVED!**

DENNIS MURI DWARTSON

SFPD Sgt. George Huegle of the Vice Squad, arrested Dennis Muri Dwartson, who has done time in California's state prison system for child molestation, at a home in the southern part of the city on various counts of child molestation and prostitution, pimping, pandering, etc. Later in the week, Jerry Horan 38, was arrested and charged with being a customer of of Dwartson and having had sex with a 12 year young boy and a 10 year young boy in the East Bay region. And shortly before we went to press, another arrest was made, that of Robert E. Watson, 32, who was arrested in connection with the Dwartson operation, being charged with supplying prescription blanks used to purchase sexually stimulating drugs for the child prostitutes. Watson was arrested at the Grace Printing Company, 221 - 11th Street, south of Market Street. Watson was arrested after selling a bundle of prescription blanks to an undercover officer. He is charged with one count of conspiracy and one of printing false prescriptions.

Richard Gasser, 37, has been arrested in connection with the operations for forging doctor's names on prescriptions printed by Watson. SFPD Officers have charged that Dwartson have his pre-teens and teenage boys Qualuludes and Preludins.

Captain George Emil, longtime foe of homosexuals any age who have sex with anyone regardless of the age, legal or illegal, is the head of the Vice Crimes Division of the SFPD and is handling the case.

**"CHILD MOLESTATION.....THE SFPD'S MCCARTHY-LIKE WITCH HUNT?"**.....Several of the members of the gay community while denouncing the Dwartson operation, if true, and all similar, have denounced Captain Emil for his investigative tactics which border on a witch-hunt, to which Emil only laughs and says, "He who laughs last, laughs best.", referring to complaints made against him in the past by gay liberationists for his discriminatory hiring policies whemhe was head of the SFPD Personnel Department.

One of Captain Emil's men told the CRUSADER that he is disgusted with Emil's tactics in the situation, and that Emil has been forcing confessions which could frame several well known gay activists, and gay business owners and professionals (lawyers, doctors, etc.) He told of one case where an Investigator promised one kid 16%, if he would say he had sex with a certain person, he would be let off easy. The Office of the Chief of Police has no comment to make on the subject.

ideas do not necessarily put people in Jail!!! On the surface at least, on September 4th, the fire which burned half of the place to the ground (as many may remember, Ron Larson had been accused or "torch" his old place in Los Angeles before he was arrested with \$50,000 in counterfeit dollars in hand at the Atlanta airport), two persons have been indicted for the torching.... Frank Cashman 37, and Keith R. Langan 25, were both indicted by the Fulton County Grand Jury for 2nd degree arson. Cashman is part owner of another gay disco, the Encore which is on Peachtree Street.

The Magic Garden was opened in Atlanta this past summer by Ron Larson and a Ron Zappi 33. Larson says that he is merely a "consultant", yet the District Attorney's Office says otherwise. Larson's partner, Zappi, who says that he is no relations to the infamous Mafia boss, Ettore Zappi 72, of New York City, Miami, Ft. Lauderdale and Orange County (where Zappi and Willie Bittner were co-indicted for porno in '73 but which was dismissed). Bittner loaned Ron Zappi (who still claims no relationship to the Mafia boss) \$50,000 which is on file with the Atlanta Police.

The publisher-editor of the Atlanta BARE, Bill Smith who also runs a "call-boy" service, and is a Board Member of the National Gay Task Force, defends Ron Larson in a recent interview in his paper.

Last year, Smith "covered" so to speak, another bad situation, when the owner of "Mothers" bar-disco, and two companions were shot to death, gangland style. Robert Llewellyn was convicted of the killings. Llewellyn is the son of Liz DeBorquo who is the owner of the Locker Room and the Hollywood Hots. She is known as "Mommie D". A place owned by her and her convicted murderer son, the "Yum Yum Tree" in Pensacola Florida was burned down in 1974 by someone.

The F.B.I. has entered into the scene and has disclosed that BLUEBOY magazine is financed by the Carlos Gambino family....one of the Mafia families. Don Embinder, a associate of ADVOCATE publisher David Goodman is listed as the editor as well as being on the Board of the Gay Rights National Lobby which Goodstein founded. The SFPD Intelligence Unit and the local branch of the FBI have been investigating new "money" into the gay business community of San Francisco, and are being helped by various gay activists. Gays are warned to be very careful about "new gays and new money" into the gay business scene. The gay bath fires are still being investigated

**FLYERS CALLING FOR GENOCIDE OF HOMOSEXUALS AND JEWS HAVE BEEN FOUND AT HALL OF JUSTICE AND AT NORTHERN AND PARK STATIONS.....WHO PUT THEM THERE?**

The above flyers were first seen this year being handed out at a reception at the Senator Hotel in Sacramento, for Los Angeles Chief of Police Ed Davis who is seeking the GOP nomination for Governor. In recent days they have been found in the Hall of Justice at 850 Bryant Street.

and at the Northern Station, and reports they have been seen about the Park Station have come in.

They abound in and around various of the red-neck bars in Hayward and Union City and a few have been reported in Navato area in Marin County.

The homophobic POA (Police Officers Association) and the Christian Peace Officers Fellowship are both suspect in this matter, although not all members of either group could possibly be this sick as to call for Genocide Plants for homosexuals.

As of this date, there has been no report from the Chief of Police's office. Chief Gain is being persecuted by the POA and various writers like Herb Caen and could not possibly take stand on behalf of the gay community at this time, at least this is what sympathetic observers at the Hall of Justice believe to be true.

Gain, the first Chief of Police in America to defend the rights of gays to live in peace, has been under deep persecution by the ultra-right-wing POA who want someone who will "clean us out" to quote one POAer who is at the Northern Station.

Northern Station officers who patrol the Polk Street area have become very hostile in recent weeks, to various members of the gay community. But not all Officers at the Northern Station are homophobic! The city's Human Rights Commission has refused to take up this issue, in fact Jo Daly of the Alice B Toklas Democratic Club who is the gay employee of the HRC refused to even discuss the matter. Jo Daly supported the anti-porno queen of the Board of Supervisors, Dianne Feinstein in her successful bid for re-election. Who will defend the gay now????!!!!

## CONSENTING PERSONS ..... NOT, ADULTS!

A NEW WITCH-HUNT IS ON.....JUST WHEN DOES A PERSON BECOME CONSENTING? 18 IS OBVIOUSLY FAR TOO HIGH.....AS POLICE AND NEWS MEDIA ARE PERSECUTING OVER 18 GAYS FOR THE SEXUAL ADVANCES OF THOSE UNDER 18.....AND THEN THEY CALL THEM, WRONGLY SO, "CHILD MOLESTERS"! THE LAW MUST BE CHANGED!!!!

The cartoon, an editorial from the conservative CHARLOTTE OBSERVER, Charlotte, North Carolina, the largest newspaper in the Tarheel State, best sums it all up.

Today, as many knew many years ago, that due to media, educational systems, and the advancement of society in general, most of the young people in America know more about sex at 14, 15, and 16, than many of us who are twice their age today, did back when we were their age. It is progress of sorts, but regardless, it is a reality.

When the Willie Brown "Consenting Sex Amongst Adults" legislation came up in the California State Assembly, only one person opposed that legislation, but not because he was anti-homosexual, because he was and still is a homosexual and proud of it.....he opposed the bill, for he felt it should read as does the law in England and so many other countries, that it should be SEX BETWEEN CONSENTING PERSONS, and that 16 should be the age of consent.

Youth at 16, 17, and 18 know far more about sex than most could ever imagine. 84% of all persons in prisons today in the United States, for "child molesting" which is a myth when the teenager is willing.....all of the 84% had sex with a consenting person between the age of 16 and 17!

16 and 17.....imagine, calling some of these very promiscuous young people minors or children? That is ridiculous!!!

Those of the age bracket we have mentioned as should be included in a revised law calling for Sex Between Consenting Persons..... they have no legal status, unfortunately for them and as a result, they resort to prostitution when they have to leave home because the parents have found out they are homosexual. They also have no job skills for they do not qualify for such until they are 18, is this fair??? Why must they be forced to continue to live in homes where they are mentally and physically abused because of their homosexuality by unthinking parents?

The law is unfair, the law must be changed, and in so doing, tens of thousands of homosexuals youths will have a chance in life to be something more than a prostitute and as well, it will remove the fear of prison to those gays over the age of 17 who help any homosexual under 18.

Yes, the times have changed and so must the laws.

Child porno is wrong.....forced sex with any person, not just teenagers, is wrong.....to use drugs and drink to gain a sexual partner bethey 16, 17, or 26 or 37, is wrong. A sexual act must be by consenting persons and the law must be changed to read a such before it is too late for more concerned persons.

By the way, that one lone gay who opposed the Willie Brown law for Consenting Sex Amongst Adults?? he is the Reverend Ray Broshers.....who probably has more foresight and concern than most homosexuals I have met in this very uptight and plastic gay community of San Francisco. While many damn him and ridicule him for his crusades.....I salute him, for in my opinion, he has done far more to help people than ten thousand gays I have met in this city who claim to be "leaders, etc."

He is a "maverick", he is a "man ahead of his time", but he is a true man of God!

## GREYHOUND BUS DEPOT HEADQUARTER OF THE PIMPS "White Slavery"

7th & Market.....site of the Pimp's hunting grounds.....the Greyhound Bus Depot and the Jack In The Box .....between the two places, both of which are opened all night, the Pimps and the drug pushers are having a "field day" and not a single cop in sight, and this is according to a man who runs a half-way house and several old-timers who live in the area.

Captain Emil, head of the Vice Squad is busy chasing mythical boy prostitution rings while people are truly being sold into "white slavery".....as most of the pimps are black and the girls and BOYS are white. Boys?, yes young boys, ranging from ages 16 to 22 are being snatched up by the Pimps who abound at the 7th & Market sites (Jack-In-The Box and the Greyhound) nearly 24 hours a day.

Elderly people are attacked and their purses snatched by the Pimps and druggies who hang out in the area.....yet the Chief of Police and his publicity-mad Captain Emil do nothing to halt this open market of "white slavery".

Young boys are "kept" in rooms at the YMCA by some of the black Pimps who "rent" them out to various clients.

Recently, some of the Pimps took over an "apartment" on Jones Street between Turk and Eddy, and they raped a young boy recently.... three of them. The boy is now under care in a religious half-way house in Hayes Valley.

On Geary Street, near Jones, another site of the Pimps, in a hotel apt. there abounds a real "white slave" market which is fed by the 7th & Market pimps.

Two of the black pimps say they are "gay".

What amazes insiders at City Hall is that the Mayor refuses to order Chief Gain into taking action to halt this growing menace to society. 7th & Market is virtually unpatrolled by the Southern Station officers who are too busy giving service to the Financial District south side of Market area in order to please the big wigs downtown.

The Rev. Ray Broshers has requested the Federal Justice Department to look into the "white slavery", as his Church is located at 26 - 7th St.

## Who & Why ..... Behind the Frame-up!

EDITORIAL

FORMER SUPERVISOR BOB MENDELSON BEING 'CRUCIFIED' BY THE "MARKS CONNECTIONS".....BOB, LONGTIME ALLY OF GAY RIGHTS STRUGGLE UNDER FIRE BY MILTON MARKS ?????

When Bob Mendelsohn was a Supervisor until September of 1977, he was always in the forefront of the battle for gay rights. Without Bob's votes, there would be very little in the way of gay rights in San Francisco today. Now, he is being attacked by the "Marks People". Meaning, State Senator Milton Marks, Bruce Brugman of the BAY GUARDIAN, Harvey Milk the newly elected Supervisor from District 5, and Marks ally, FPPC (Fair Political Practices Committee) Chairman.....Daniel Lowenstein.

Brugman's BAY "GARBAGE" GUARDIAN has been "trying Mendelsohn in the press before he ever gets into the Courts".....is the words of the Rev Ray Broshers, editor of the CRUSADER.

"Brugman is vicious, he doesn't know the meaning of the word 'fairplay' and had to be 'forced' into supporting the gay liberation struggles".....was the word from another well known gay activist.

Mendelsohn incurred the wrath of Senator Milton "Miltie" Marks when he "dared" to oppose the re-election of Marks in 1976. Marks, alot like the Assemblyman from the 16th District, is a very unforgiving person, and insiders report that Marks' close relationship with Daniel Lowenstein, as well as Bruce Brugman and Harvey Milk (who opposed Mendelsohn, but of course, Milk wasn't here in the rough days of gay liberation, when it was just about only Bob Mendelsohn fighting for us), led to the continued attacks upon Bob Mendelsohn.

Brugman brags that he and his "friends" have stopped the nomination of Bob Mendelsohn as Under-Secretary of the Interior Department. Bob, due to the cloud cast over him by the FPPC Chairman Lowenstein, has withdrawn his own nomination until he can clear himself to the satisfaction of the FPPC and members of the United States Senate who will have to confirm him.

Mendelsohn, now has a job job with the Pennsylvania Avenue Development Corporation in Washington, DC.

Mendelsohn is accused of not reporting donations to the FPPC when he ran for State Controller in 1974. But, Mendelsohn is obviously innocent of any wrong doing, for as any candidate knows, the Treasurer of your campaign handles the matters for you and you so much of the time don't know where the money is coming from, but you assume based upon the reports from your campaign Treasurer that all it legal.

Brugman-Marks-Milk-Lowenstein, four dangerous foes for anyone, especially when joined together.

Most observers, including Assembly Leo McCarthy, tend to agree that Bob will be cleared of any wrong doing when the full hearings begin on the subject.

In the meantime, gay people, who have benefited from the hard works and votes of Bob Mendelsohn on our behalf, should join in support of Bob Mendelsohn and write letters to the: Fair Political Practices Commission, 455 Golden Gate Avenue, San Francisco, California 94103.

Bob Mendelsohn remembered us when we needed him.....let us remember him now that he needs us!

## FREITAS WARS ON "UNDIES" AD

San Francisco District Attorney Joseph Freitas went of television to denounce ads for little girls "undies" which appeared in the San Francisco CHRONICLE for the EMPORIUM Department Store. Freitas, who looked a little embarrassed before the cameras, said they were "lewd", "disgusting" etc.

Freitas had recently declared war on Wheaties, demanding they prove that Olympic star Bruce Jenner actually ate Wheaties. He lost that suit, when Wheaties met his challenge and proved it.

Now he has taken on the "Undie Industry" demanding they quite using little girls in their ads. As a result, Freitas has become the laughing stock of local politics, for as their ads. "Hell, I've seen those ads for undies in the Sears Roebuck catalog one attorney said, 'Hell, I never was "turned-on" by them!" Evidently, the District Attorney is....for he thinks the publicity will get him Evelle J. Younger's job!

BATION BY COUNTY DRUG COORDINATOR'S...  
CHARGES OF MISCONDUCT AND ILLEGAL ACT-  
IONS BY VARIOUS MEMBERS OF GOLDEN GATE GAY  
LIBERATION HOUSE.....758 Haight Street facility and 944 Market Street site.An independent, professional evaluation of the SURVIVAL HOUSE (Golden Gate  
Gay Liberation House) 758 Haight Street is underway.  
F.E. Mitchell was admonished for his failure to live up to the requirements for the  
\$11,000 grant being given to SURVIVAL HOUSE. Mitchell had promised the SF  
Coordinating Council on Drug Abuse that he would give all of his time to the job of  
Drug Counselling etc., but an investigation proved things to be different.  
The State Drug Coordinator's Office informed the CRUSADER that the Survival  
House will not be considered for any 409 monies, until they can "bring themselves  
up to State standards, and all charges against them are dismissed and they can show  
they are truly combating drug abuse."  
The matter of checks of dead people being forged by members of the Survival House  
as has been charged, is being investigated by the FBI (Federal Bureau of Investigation  
...who have related that someone indeed was cashing the check of a man who had  
been receiving SSI, but had been dead for three years. The Bureau said they had a  
few leads but had nothing further to say at this time.)  
As a result of the current investigations (three different ones) other things have been  
uncovered, and statements have been filed concerning some prescriptions with a well  
known doctor who is alleged to be gay.  
One of the Survival House officials has been reported to be "packing a gun" and has  
allegedly threatened some of the former workers at Survival HousePOLK-NOB HILL NEIGHBOOD  
Association"NO MORE HALLOWEENS UNCONTROLLED BY THE RESIDENTS OF THE  
AREA".....pledge of the Neighborhood Association.  
After a stormy meeting in which the Polk Street Merchants Association was damned  
to hell and back for their continual bungling of public affairs on Polk Street, the  
Polk-Nob Hill Neighborhood Association vowed to go into court next year to fight  
the Merchants Association and the SFPD if necessary, to halt the troubles brought  
on by the lack of controlled events held on Polk Street.  
ASSOCIATION VOTES TO CHALLENGE MERCHANTS GROUP OVER THE  
"POLK STREET FAIR".....The residents of the area do not want a two-day affair  
on Polk Street, called the Polk Gulch Fair, but have voted to fight for a one day  
Sunday only, event. They will challenge the Merchants group on this one also, for  
the affair for the past two years has been quite "blah" and the little-man-woman....  
are not allowed to participate, due to the harsh rules set down by the Merchants.  
The Residents want a one day affair, and want it to be more like the Castro Street  
Fair.....which allows for greater participation by all. The 1977 Polk Fair was a flop,  
in every sense of the word. The greed of the Merchants was such that the event has  
turned into a sterile event, for the merchants do not want anyone seeing anything  
which would be in competition with their own businesses, and by so doing, have  
killed a San Francisco tradition. The Residents want an equal say in the operation  
of the 1978 Fair or they will oppose the permits and gain signatures in support of  
the Residents idea of what a Street Fair should be all about.  
The Association voted to oppose the permit of 1131 Polk Street, the Giraffe.18 years old  
and upward.

The Afterhours Place To Be!**224 -6th Street**"Sheriff" Dave Toschi  
Move to draft top sleuth for  
Sheriff's office!Inspector Dave Toschi of the Homicide Unit of the San Francisco Police  
Department is the "target" of politicians who want a candidate who can  
beat incumbent Sheriff Richard Hongisto. Hongisto this past year was  
convicted of failing to uphold the law and was sentenced to five days in  
the San Mateo County Jail. With drug overdose deaths at the County  
Jail, rapes of males at the County Jail, and inmates in the old City Prison  
being unable to have easy access to their attorney's as before Hongisto  
took over the City Prison, the grumbling is turning into a roar for the ouster  
of Hongisto. The conditions in the County Jails and the old City Prison  
are sickening.Hongisto, who supported Earl G. Stokes, attorney, against Harvey Milk  
for Supervisor and lost, knows that his influence in the city is waning, and  
that a strong candidate might just "knock him off" in the 1979 election.  
This gives rise to rumors that Hongisto might take a high job the adminis-  
tration of Governor Jerry Brown in the near future, possibly as head of  
the Department of Corrections.DAVE TOSCHI, a very hard working cop, is considered by his peers to be  
a "supercop", a high honor indeed. Dave was born in 1931 in the Marina  
district of San Francisco, attended Yerba Buena Grammar School, and he  
graduated high school from Galileo.He is a former combat soldier in Korea, where he served with distinction.  
After the war, he joined up with the SFPD. He has been at the job for 17  
years now, in the Homicide Unit.He is highly respected in the gay community for his hard work in solving,  
or trying to solve, the many homicides which have plagued our communi-  
ty in the past few years.His work south of Market did drive the S&M killers underground or out  
of the city, but, he thinks they are still here. Similar is the "Bopper" kill-  
ings back in the mid-sixties, they know who he is, but gays won't talk.And another case in point is the "doodler" killer, Toschi has a person who  
knows who he is, but due to this closet-cases position? in society, he will  
not reveal the killer.Being a Homicide Inspector in San Francisco is a difficult job at best, and  
Dave Toschi, a quiet, gentle, soft-spoken and very polite gentleman, just  
doesn't seem right for the job, but he certainly is, for he is the top sleuth  
in the Homicide Unit.As to his electability? well, that is another story, but, as the 1979 election  
draws close, and people look at the "turkey" candidates who are losers,  
holdovers from past campaigns, like Nevin, "Biggie" and Geary, when a  
person of the high quality of Inspector Dave Toschi comes along, they all  
perk up right away.Hongisto can be beat in 1979, and the man to do it, is Inspector Dave  
Toschi....at least this is the feeling of well of two hundred and twenty  
persons whom I interviewed on the subject of the Sheriff's race. So, if  
you want a better jail system, one with a man who will serve as Sheriff,  
and not as "political star" ala Hongisto, who will give the voters a fulltime  
Sheriff who cares, then you might take a good close look at "supercop"...  
Dave Toschi...who is a real San Franciscan and a fine gentleman!

## Polk's "Bad Cops"

TWO NORTHERN STATION COPS GIVING GAYS  
A BAD TIME ON POLK.....Officer Isenman, Badge  
1909 and Partner have been creating a great deal of ill  
will towards the San Francisco Police Department in  
recent weeks. Neither one seem to have heard of the  
word "kindness" or "gentleness", and they "throw" aup against the walk, and hold him there with a night stick nearly choking off the victims  
air. People are stopped for little or no reason by these two heavies who are from the old  
days of Chief Al Nelder, who defacto, approved of the beating and mistreatment of gay  
people.Complaints of harassment by the two officers, who are pictured here on Halloween nite,  
have been lodged, but unfortunately, the Lt. in charge of the two, who is also a personal  
friend of the two, was assigned to "investigate" the complaints, which is compeable to  
sending out the partner of a man accused of murder to investigate his friend's murder, of  
course he will come back with an "innocent" statement.Those gays and straights who live or frequent the Polk area and have been harassed by  
either of the two officers, are urged to contact HELP LINE 771-3366 and let us help  
you make an official complaint. Helping Hands Services (Help Line) is preparing other  
legal actions against the SFPD to halt the abuse and harassment by these two Officers.MERRY

## "A PERFECT CIRCLE"

It has been said that the circle is the most perfect design conceived by man; ACT's production of THE CIRCLE by Somerset Maugham is very nearly equally perfect. Charming and witty, brilliant and brittle, this vintage drawing room comedy draws laughs and tears with equal ease. Although written more than fifty years ago, it never once seems dated nor is it ever trite or banal as are so many of its genre today.

This almost miraculous in as much as the main plot concerns the ruined career and social ostracism suffered by two people who leave their spouses to live together for thirty years without benefit of clergy..... hardly an eyebrow raiser today. There is however, a strong parallel to current mores if one changes the sex of either, if the lower one leaves the secure world of social approbation for is of the same sex, then the lines have a burning contemporary intensity.

Marrian Walters as the run-away wife and William Patterson as her erstwhile husband both give award winning caliber performances, but then, so do most of the cast, especially Sydney Walker as her paramour and Deborah May as her daughter-in-law who is planning to follow in her footsteps (hence the title). Flaws are few and minor; although the young lovers ardently protest their passion, I had trouble in believing they truly felt the words they were saying and although there is a great deal of dialogue about a recently purchased chair..... "Is it Hepplewhite?.....No, Sheraton."

"Oh yes, I've always loved SCHOOL FOR SCANDAL....said chair, like all the furniture on an otherwise magnificent set, is obviously French (Louis Quinze) not English.

Tickets are reputedly hard to get with many performances sold out. This isn't a show to decide what night to go see, rather to find out when tickets are available and then let nothing stand in your way: GO!!

## "WE TRY HARDER"

The famous slogan of the second largest car leasing people is certainly applicable to Dick Shawn, not because he is the.....

SECOND GREATEST ENTERTAINER IN THE WHOLE WIDE WORLD (at the Alcazar Theatre through December 3rd, then he fulfills a previous commitment in Vegas, then back at the Alcazar December 16th through January 15th) but because he is, simply, The Best.....!

What a trou de force! What a range of talent! And he even makes it look easy! Hilarious one liners, fantastic skits, tongue twisting parodies and nonsense.....he actually has the audience singing a refrain with him, "Shit In A Shoe" in three sections no less, the left coaxed into singing "shoe", the center "in a".....you've guessed what the right section of the theatre sang. Which gives rise to the great post theatre line: "Were you a 'shit'?" Although he is alone for well-over two hours, except for a couple of very brief appearances by a walk-on, he maintains a consummate ease throughout, not working to get laughs but drawing them from his audience with great glee. TSGETWWW may not be great theatre but it is a great evening of theatre, which all too often great theatre isn't.

## NO S.O.S. FOR SSS!

"SOUL, STYLE & SASS" at the Chi Chi, 444 Broadway, is basically three excellent night club acts strung together as a musical revue. An interesting concept..... three talented unknowns, rather than beating their heads against the heart breaking wall of anonymity, trying to make the big jump through a theatre show..... and one likely to, as well as deserving of, paying off.

Fran Jackson, Margarette Robinson, and Cle Thompson are very different in their styles, yet each possesses a talent that may very likely find her playing the Venetian Room to raves before many years, especially Fran Jackson who tremendous warmth exudes across the footlights in waves of pure delight.

A bonus is that the Chi-Chi is one of the more pleasant of the city's small cabaret theatres with a charming atmosphere and intimate bar whose prices are reasonable (a bonus in itself on Broadway).

However, about twenty chairs less in the house would make everyone a good deal more comfortable. (Note to producers: putting in an extra number of seats above comfortable capacity does NOT increase the take, but lowers it. Aside from the fact that the best possible advertising is to hang out the SRO sign, a hundred pleased customers will generate far more business than 120 who were uncomfortable and although in night clubs one has come to, regretfully, accept being treated like cattle (if not pigs?) theatre patrons expect better and cabaret theatre is still theatre.)

## NO STRANGER, NOT QUITE PARADISE.....

but nevertheless, KISMET at the Orpheum through December 10th, is a beautiful production, stunningly mounted with gorgeous costumes, breath-taking sets, excellent voices and acting and Borodin's hauntingly beautiful music. So why didn't it transport me to paradise? Frankly, I don't know. Perhaps I expected too much, perhaps I've seen it too often but although it is a very good production well worth seeing, that ephemeral magic that is great theatre is lacking.

HAIL, CAESAR!..... Given the fact that when the audience first sees Marc Antony, he looks for all the world like a Polk Street hustler, wearing nothing but the briefest of shorts, preening himself in a sunny doorway between Bush and Pine.....and I'm supposed to believe that this is the man who later on quite literally threw the world away for love of a woman, Cleopatra. Now really!! ACT's JULIUS CAESAR manages to rise above this surprising, if not actually tasteless, start and is a production of both great power and beauty. Daniel Davis' Brutus is superb, beautifully modulated and even while Raye Birk's.....Cassius certainly lives up to the famed "lean and hungry look" but is at times too voluble. I saw William Patterson, rather than Ray Rheinhardt, in the title role, co-incidentally only four days after seeing him in THE CIRCLE, an unavoidable as well as a most interesting comparison and one all to his credit. Considering his introduction, Jay O. Sanders did a valiant job of trying to

bring Marc Antony to life but he labored against insurmountable odds. Conversely, William McKeregan in the bit part of Caesar gives an absolute gem of a performance, playing the elegant but fearful "queen to perfection.

Wild and innovative staging.....the famous "Beware the Ides of March" warning is delivered from the second balcony, mobs and soldiers enter and leave via the house aisles.....stunning costumes (but does Caesar's robe, in 44 BC, have to be so OBVIOUSLY held together with velcro?.....) and, as always with ACT production, superb acting gives real dimension to this old warhorse.

Cry WOLF.....WOLVES at the Magic Theatre, Fort Mason (difficult to find the first time since it's not in the main section of Fort Mason opposite Franklin Street, but down by the piers. Enter opposite the foot of Laguna, then turn right and one sees the building. Plenty of parking, free!) is a confusing play so damn well done I can't help but wonder if I'm not obtuse in failing to understand what the author is trying to say. Billed as a psychosexual drama not too provocative, it is, nevertheless, very erotic at times with two of the three males and both females appearing nude at one point or another, a hetro sex scene performed as wolves copulating, a male S&M scene complete with bloody victim hanging upside down in chains (and how Craig Gardner can project much less even live through that position for so long, I'll never understand. God! what a beautiful performance he gives throughout the entire show) plus beautiful buns prominently displayed again and again.

The cast of, besides Gardner.....Irving Isreal, Roberta Callahan, Sigrid Wurschmidt and Danny Glover are without fault.....the two and a half level set is fabulous and there are eye catching special effects.....but, the plot is thin, more mood setting than story line, it is not a show for the squeamish and, although I sat enthralled through most of it, I left the theatre feeling nothing worthwhile had been said nothing resolved, which is fine for light comedy, but a major weakness in a show so obviously trying hard to say something.

HOT SPOTS.....perhaps the hottest ticket in town this month will be..... SHENANDOAH due shortly at the Curran Theatre.....! Jules Feiffer's HOLD ME, which has twice had closing notices posted and rescinded will definitely continue at the Little Fox Theatre into January at least. FOUR BY TENNESSEE at the Showcase Theatre, comprises four early one act plays by TENNESSEE WILLIAMS, two of which seem fore-runners of..... STREETCAR and MENAGERIE. Exceptionally well done, still they are mainly of interest to Tennessee buffs.....! And, possible, best of all, along with Christmas, and us, LET MY PEOPLE COME is coming!

**WICHITA KANSAS:** The Homophile Alliance of Sedgwick County (HASC) has sent out an appeal to gay men to support them in their struggle to preserve the recently enacted ordinance banning discrimination in areas of employment, housing, and public accommodations on the basis of ones sexual and/or affectional preference and marital status. The Ordinance was proposed and guided into law by HASC. The local Congressman, Dan Glickman is a supporter of the Koch Bill in the House of Representatives.

The City Commission of Wichita passed the bill over the strong objections of the Bishop of the Roman Catholic Church and a few radical right wings die hards.

The Orthodox Episcopal Church of God (CHRIST CHAPEL) is committed to radical Christian discipleship. Jesus, Our Lord and Liberator, The Christ, who died for our sins, and who rose, and who is coming again.....He is central to our lives, for he is The Truth, and He is the motivating power in our lives. The Good News is the entrance of Christ Jesus into history, the inbreaking of a new order, the proclamation of a message of liberation (including gay liberation), reconciliation and new life. The message of Christ brings radical change to humanity and to a thinking concerned society.

We have an urgent need for the Church of God to fulfill its Biblical role as a prophetic voice to society because of the crisis and threats brought about by socialism, feminism, racism, ageism, and the injustices of wealth and power. The integrity of the Church of God has been seriously compromised since 325 A.D. by an ethical paralysis caused by "conformity to the values and lifestyle of the state." The Churches of God must BREAK THE CHAINS of its "Constantinian captivity" and witness to a faith that is thus beyond "civilization" as we have come to know its face in all of its oppression and violence. We must RETURN TO THE BIBLICAL ROOTS.....and once again become an alternative community of the pilgrim people of God, and the clergy must become ministers of community service, not fancy high church trappings which are costly and do not serve the people as the Carpenter of Nazareth, Christ Jesus demanded of us. We must confront all greed.....violence.....and speak truth to those in power, confronting them, without any thought of our own well being.....we must dare to die.....we must dare the powers who are destroying our society, "confronting the powers of wickedness in high places" (Eph. 6:12).....are you listening Mayor Moscone? John Molinari? Willie Brown? Jerry Brown? Paul D. Hardman? David B. Goodstein? Jack Campbell? Jim Foster? Howard Wallace?.....you had best be, for in the end, the forces of light and justice in the Name of Christ Jesus will win out, and all those who do not change their wicked ways, abusing the powers they have, the influence they have.....they shall meet the justice of our Lord God Jehovah.

While more often than not, the institutional church --- Catholic or protestant or MCC, sells out its Pearl of Great Price, the Full Gospel of Jesus, to property, to status, to social and political position, and the institutions of a patriarchal-bureaucratic society and the state.....and you, the individual can help to change this, by rejecting them and their glitter and status trips, by joining in an alternative community in the radical discipleship of Christ Jesus, His Way, it has the possibility of serving the people as the steward of that Pearl.

While the institutional church often silences its witness rather than lose its position and wealth the true Church of God, Orthodox and Episcopal, of the New Age, has the possibility of true witness in a revolutionary and transforming life and love in service precisely because it has no wealth or position. The institutional church trades in the "offensive" Jesus for a more comfortable model.....I have a friend of long standing, who told me that he liked going to the wicked and agnostic-like Unitarian Church, because he felt "comfortable"! Indeed he did! For in that wicked church he did not have to confront the wrongs he has done to others, they ignore the natural laws of the universe such as retribution.... "As ye sow so shall ye reap!" Oh yes, he felt comfortable with that "church", and that is why many gays feel "comfortable" with the "gay church" MCC! They do not have to face up to their responsibilities, as it is just another "gay organization"! God forgive them all! Jesus' Teachings calls us to comfort the afflicted and afflict the comfortable....but in this age of sell-out-to-the-state, the institutional church has become more concerned with comforting the comfortable and so has added to the affliction of the already afflicted. God forgive them!

Standing about, talking "nicey-nice", being pious, and "holier-than-thou" is not.....is NOT Christian. A Christian is one who dares to do different to be brave in the face of adversity, a person who lives for Christ by serving their fellowman! Rev. RAY Broshears

## HOOKERS BALL "Phone Traps" Installed for Crank Calls....

GAYS ATTACKED AT MARGO ST. JAMES' HOOKERS BALL.....STABBED AND BEATEN!

The HOOKERS BALL which is produced by the ex-president of CAYOTE, the women's prostitute union, Margo St. James, has become the target for many questions. At the last one, the right-wing POA (Police Officers Association) have tried to use a picture of Chief of Police Charles Gain with Margo and a woman called "Wonder-whore" to oust Gain as Chief. The gay community has supported Gain on this, defending his right as Chief of Police to attend such functions....for people do want to see their Chief of Police at any and all functions where too many people congregate.

But, the violence which occurred at the HOOKERS BALL and where proceeds of the BALL go to, are deeply questioned. The CRUSADER has learned that almost all of the proceeds go into the pockets of a few "shady-type" individuals who head up some type of "foundation" for hookers.

Now, a letter has been received at the SF CRUSADER from a gay man from Los Angeles who had come to the city for this functions.....it reads as follows.

Editor:  
 I attended the Hookers Ball on October 28 as a nearly nude Bacchus, was stabbed in the buttock, and required two stitches. Apart from this incident, I had a lot of fun there, but I believe this event attracts a certain number of macho types who are very uptight about gays. I strongly urge gays who attend next year not to go alone and not to wear provocative or obviously gay costumes. There is potential danger there, for I encountered three other hostile incidents and would have been more badly cut except for a violent shove another person gave me at the same time. Gays should be glad for the Hooker's welcome, but they'd better be careful and cautious with some of the other guests.  
 The difference between this incident and the knifing of Robert Hillsborough was just a matter of degree.

Sincerely yours,  
 Eugene Rother.

COYOTE  
 Pier 40  
 San Francisco

Dear Gentlefolk:

At your Hookers Ball I was called a "faggot" and stabbed in the buttock with a knife. If I hadn't been violently shoved at the same time, the stabbing could have been much worse. As it was I had a wound that bled profusely through the night even after your clinic at the auditorium patched me up with two stitches. Another gay guest at the Ball told me he had been shoved and called names, and I encountered hostility three other times at the hands of a variety of attendees, both youths and adults.  
 My concern for other gays who attend your ball prompted me to call you about

POLICE & PT&T INSTALL "PHONE TRAPS" TO CATCH CRANK CALLS AGAIN.  
 POLICE LOOKING FOR JOHN JACOBY FOR ANNOYING CALLS!

In midsummer this year, the Help Line and Rev. Ray Broshears signed release papers allowing the telephone company to install either or both, telephone traps or taps on the lines 771-336 and 673-8184 in order to cut down on the annoying callers.

One person was "trapped" A John Jacoby, formerly of Los Angeles. His telephone was ordered disconnected and he was placed on warning this time. Since then, he has resumed the crank calls but is using a phone under another name, and if anyone knows his address, they are requested to call Help Line 771-3366 or Inspector Jeffries in the General Works unit of the SFPD 553-1231. He will be prosecuted this time, Broshears said. But, recently calls have reached a high level, and the traps and taps were installed once again at the Reverend's request. He said that most are coming from some nut who sez he is a "priest" and another who operates a call boy agency, in addition to Jacoby.

If convicted, the persons can be sent to Atescadaro State Hospital for the Criminally Insane for an indefinite stay, or they can be given straight sentences to the State Prison system.  
 "I must be pretty powerful and important, if people are going to spend all this time harassing me", said Reverend Ray.

this on October 31st, but the person who answered accused me of trying to blackmail your party and assured me "we'll sell many more tickets next year." She wrote off the incident, saying it could have happened anywhere.

I feel I must inform other gays that they should be very cautious if they do attend Margo St. James Hookers Ball, for there is potential danger of worse injuries than mine.

Sincerely yours,  
 Eugene Rother

The above letters pretty well state what happened to one person, but there were other incidents equally as bad and some if not worse. Gays are encouraged to support gay functions and not Margo's until such time she can guarantee safety for gays who spend so much money on her and have given her so much political support. We urge Mr. Rother and other gays to attend our own GAY Tenderloin Streetwalkers and Hookers Ball, held each year by MAMA PECK and TATA PETER. It is all gays, well nearly, and it is very safe.

Our 9th Year.

## Tom Hart's Natural Thing

Gay-health Column

THANKSGIVING DAY.....Thanks to the people who worked so hard to make our Old Folks Defense League Thanksgiving luncheon such a fine affair. This was our 7th year, and it was of course, held at the Christ Chapel dining hall, in our facility we have been located in since 1969, 26 Seventh Street, right down town. We hold services there on Monday evenings as well.

Myself, for the sixth year, had dinner later on, with my friends Al Alvarez, Larry Littlejohn, at the home of John Johnston and Michael Nye, along with other nice people... Paul Matte, David Winter who lives on Nob Hill and little David Ruhlman who did not bring along his two many cats.

Gaypeople had alot to be thankful for this year. And despite the anti-Christian actions of many gays, particularly those at the Pride Foundation, we all indeed, must give thanks to the Lord God above for His most bountiful blessings.

GAYWILL.....that is something that is missing in the lives of so many gay people. In recent months we have seen gays, more and more, give monies to charities which are run by anti-gay institutions....and regardless, of how many people they serve, if the money is going to them, it still helps the anti-gay parts of their services as well. I am speaking in reference to Saint Anthony's Dining Room, which is operated by the Franciscans of St. Boniface Church. Father Simon Scanlon wrote an horrible attack on gays in THE WAY which is published by St. Boniface-Archbishop's. Father Simon is not alone in his attacks on gays by the members of clergy at the Franciscan outpost in the Tenderloin.

St. Boniface Church has very few people attending it, and the majority of those who do are extremely poor. So the cost of the upkeep of St. Boniface, their bookstores, and the other operations which they have at that corner of Jones and Golden Gate, has to be done from elsewhere....and it does....you, the person who gives them money. If you wish to give them donations of food (which don't care for unless it is in the tons and from big firms) that is quite alright. But, remember, any money you give, goes to the salaries, expenses, and other cost of the Franciscans at St. Anthony's and St. Boniface. They do much good with their feeding of people....but, after having worked in the Tenderloin for 12 years, I can tell you of countless young and older gays who have been hurt by the viciousness of the homophobic Franciscan clerics, Father Simon Scanlon in particular. He by the way, operates their Tenderloin, "El Poverello" coffee house....which had a sign in it at one time saying "Homosexuality is a sin....unless you repent of this sickest of sins....keep out!" Father Simon did remove it, but many gays were removed from El Poverello because they were open, overt homosexuals. So, if you wish to give foodstuffs to St. Anthony's, that possibly is alright, but remember, the dollars go into the upkeep of the Church itself.

TAVERN GUILD.....the reason I brought St. Anthony's up, was that Wayne Friday, the volatile, many-faced vice-president of the Tavern Guild, called me, and mentioned to me what a good charity it was. His opinion of course. Wayne is the kind of a person who when he gives a donation to a charity, he expects to "buy" the silence of the persons associated with it. Witness, the Tavern Guild meeting recently, when I went to the TG to ask for funds to buy gifts for Ft. Milby Veterans Hospital Show. The only person to really oppose it was of course, Wayne Friday. He said that SFTG should not give any money to me (but it isn't going to me Wayne, to the disabled Veterans at the hospital deary) for I will probably attack the Tavern Guild the next day. It is true I have been critical of Tavern Guild in the past for various things they have or have not done, and will do so in the future, but it is a tragic thing indeed when the donation of money is based upon your "silence".....when a gay bar owner paid-off in the past to the SFTG that was called "hush-money"! Is this how Tavern Guild dispenses money? to be given only to those it will "buy" their silence of any criticism of the TG? Wayne wants so desperately to be president of TG this coming June. This would be a tragedy, for Wayne, while very good hearted at times, and a hardworker for the glory of Wayne Friday....he would be the end of TG as it's president! Wayne and a few of his honchos have never learned the meaning of charity, of true giving without gaining in return (except for your own soul). Wayne shouts, rants, raves, at people who disagree with him. At the TG meeting I attended, outside of Sweetlips (Dick Walters) and Hans, Wayne Friday was the loudest. The quieter ones, like Paul Bentley, George Banda, VooDoo, Frieda, Bob Goulovich.....they do the hard work, they get it done without all the screaming and shouting....which comes from very unstable souls. SFTG has done much good, and it has done alot of nothing as well, and as a result, I shall never ask the TG for any funds again for any charity....for they cannot buy my silence. Others have tried and failed....one over Wayne Friday.

PAUL D. HARDMAN.....at this Christmas season I bring him up. He reminds me so much of Scrooge. A former banker, who came out of the closet only in recent years and is now the self-proclaimed leader-expert of everything from Republican politics to gay liberation (yet he has never heard of 90% of the names of the people who helped to make it possible for him to play his games (at our expense) over at 330 Grove Street. Well, old Paul got the news, he and that crowd of his who had no legal rights what so ever, to be in 330 Grove Street, other than at the good will of the Redevelopment Agency...has got the word so very super official, "get the hell out!" The Board of Supervisors voted to sell/give the land over for sorely needed Civic Center parking which will also serve the Performing Arts Center. If any of you have tried to find a parking space at City Hall, you know that the garage is needed. But of course, this matters not to the egotistical Hardman, he just wants a forum to spout off his fancy college words and act like the statesman he isn't. His 330 Grove is a condemned building and both he and it are an embarrassment. His tactics against the City regarding the property border on extortion. His attacks upon Christianity have earned him a lasting place in hell, which he of course will laugh at....but, I wonder does he laugh when he is home, alone, with none of his drones around? Methinks he is a lonely person. I'll still keep on praying for him, even tho he does not believe in our God of Justice and Light and in Christ Jesus! Paul should read the Scriptures, particularly the part about Christ driving out the moneylenders from the Temple.

GAY GUILT ABOUT CHRIST.....so many gays are guilty at anything resembling Christianity that it truly saddens me. Oft times they lash out in angry words or worse at any one Christian. Such a pity. If they would only understand, that Christ loves each and everyone of us, regardless, and despite Anita Bryant, Chief Ed Davis, we are equal in the eyes of the Lord God Jehovah and His son, Jesus the Christed One. And that is all that counts....isn't it?

TAKING STANDS FOR JUSTICE AND RIGHT IS ESPENSIVE.....you know, so many people come up to me and say, "Thank you Rev. Ray for standing up for us" "Thanks for helping to get my friend out of jail." "Thanks for getting me that job." "Thanks for fighting against that place opening or getting a dance permit, it would have ruined our neighborhood." Well, I do take stands, that is what life is really all about. Wishy washy behavior is something that truly turns me off. But, my friends, taking stands is expensive in many ways. Oh, the physical threats and the occasional hits, don't really bother me that much, or the telephone harassment. But, my beloved Helping Hands Social Service Projects, the Help Line, the Old Folks Defense League luncheons and the Tenant-Landlord Mediation, they take time of course, but they take a awful lot of money, and that is something I don't have much of. The rent on the Church facility at 26 Seventh Street, where our dining hall is also, and the postage, the printing, it all adds up. So everytime I "stand up", I lose a dollar here and there, but that is the way it has to be, I guess. So, if you can help us by either donations, of goods or money, thank you....and if you want the CRUSADER, San Francisco's only independent voice to keep up our monthly schedule, please contribute and get your local business to donate an ad. And God Bless all of YOU who do support the Helping Hands Services and the paper!!

A SEARCH  
Man is weak in though because of undefined purpose  
When truths have no physical reality or mental satisfaction it is the doubts, fears, remorse and hatred which move the mind in finding it's purpose  
I am a weak man for I have let life live me and not realized that all I have seen is the false description of purpose  
I have no time for empty truths unless to live an empty life  
I reached out to find reason only to learn the lack of it  
I searched for the truth and found it's statements written out of fear  
So I looked to the false to find that love was bound in chains  
Life you are not as I knew you, the fears, doubts, regrets and hatred were planted in man.....it is not life that offered these things but man that gave them lodgings.  
To live is to change and to be perfect is to have changed often.  
ST. JOHN NEWMAN

HYPOGLYCEMIA.....A SUGAR CONSPIRACY  
Over two hundred years of pro-sugar sales has given us the sickest society yet. It was the money that made sugar big....not it's positive attributes which it has only one, a diabolically addiction to it's prey, and that's what the sugar merchant's want.  
Sugar money dealers have gone far distances to gain silly testimonials from people with some kind of scientific credentials or you could call them "hired consciences".

One such event took place in England with the House of Commons Committee not finding advocates of sugar abounding they were starved for supporters on the sugar question.  
So, they quoted a doctor from faraway Philadelphia, a leader of the recent American Colonial Revolution, the "great" Dr. Rush of Philadelphia, is reported to have said that "sugar contains more nutrients in the same bulk than any other known substance."

At the same time, it was this same Doctor Rush who was preaching that "masturbation leads to blindness."  
Countless of these distorted facts and the expulsion of truth in sugar matter have been found. The Sugar Marketers even set up their own foundation dedicated to the perverted truth about sugar.

One such foundation known as the..... Nutrition Foundation, Inc., which is supported by about 45 companies including the American Sugar Refining Company, Coca Cola, Pepsi-Cola, Curtis Candy, General Foods, General Mills, Nestles, .... and so on.  
It was the front organization for the leading sugar pushing conglomerates.  
I must say their sales technique of lies and misinformation has bested upon them and the American Medical Society which supports them, great profits.  
The average American consumes about 125 lbs., of sugar yearly. This rising figure has also helped out medical friends businesses, with simultaneous increase in one disease with many names that has become part of the American-way of sickness....HYPOGLCEMIA. To those who

have followed this report, you know that the AMA calls low blood sugar.... hypoglycemia....every disease in the "book" except what it is. Because of their lack of attention and big money lobbying, sugar has become a marauder of the health of our country and only sugar profiteers and the AMA gain from it....you, the person who buys their line, suffers and even dies as a result of time....It is time to wake up....YOU are the most likely victim of Hypoglycemia.

Dr. Chersassin and Dr. Ringsdorf of the University of Alabama in a report on Hypoglycemia, wrote, "The sugar-laden American diet has led to a national EPIDEMIC of Hypoglycemia, an ailment characterized by irrational behavior, emotional stability, disturbed judgment, and nasty personality defects."  
A great deal of our national....anti-social and irrational behavior can be traced directly to our denatured chemicalized, nutritionless and sugar laden diet.

White sugar and white flour are more devastating to a person's health and to the mental and physical health, as well as the social health of the whole human society than any other single factor.  
Little do most people know that if not everything, almost everything you buy in the supermarket is loaded with sugar and or white flour and chemicals.  
What is the mauling plague of Hypoglycemia? What is it doing to you? The simple cure your doctor won't tell you  
Refined foods are depleted of nourishment.... sugar by far the worst. And like sugar, they are quickly absorbed into the bloodstream.... whereas natural whole foods are digested slowly and does not cause the panic reaction in the pancreas to produce excessive amounts of insulin to balance the high level of sugar in the blood.

But this balance is not really obtained, instead we end up with a plunging blood sugar level at a too rapid rate....far too low, and too fast. When your sugar (blood sugar) drops below the normal, being the fasting level of each individual, many bodily functions are severely impaired....the heart muscle action is weakened....brain and nerve activity is deranged.... energy and endurance levels are lowered.

And if you have been following this column you know this becomes an endless and vicious circle. What can I do to change this condition in my life....you ask? and protect my health?

The answer is quite simple....if you can stay away from canned or processed foods....start reading labels....avoid products with sugar, white flour and chemical preservatives and coloring. You say "what's left?".....EAT FRESH....IT IS THE BEST....EAT LIVE FOODS....lots of fruits and vegetables, rice, soy products, and on't forget your daily dose of CHLORELLA. Good clean water, and health is on it's way....Try it, health more fun than you imagine.

"LONG OVERDUE.....SOMETHING NO SELF-RESPECTING GAY SHOULD BE WITHOUT!" .....staff, San Francisco Crusader

"GAY SOURCE" is truly one of the finest reference books ever compiled on the subject of Gay America. It is fully complete with every imaginable subject covered. DENNIS SANDERS is to be commended for his deep, thoughtful, work. And being a man, I appreciate it all the more, as it is not filled with all of the feminist "garbage" that is found in other, but less successful directories. The history of the gay liberation movement, the sex laws of all states, health guides, all of these things and so very much more is found in "GAY SOURCE"!

It is a book that every proud gay American male can have on their table in their living room and not be ashamed when their parents or straight friends drop by and visit. They too will enjoy reading it! editor.rb
