MICHAEL BROADWAY...Candidate for Mr. Gay San Francisco...Michael is a hair stylist, in a shop on California Street. He is from Los Angeles, and was a decorator before becoming a hairdresser. Michael wants to be the next "Mr. Gay San Francisco", because he feels he can use the "title" to the betterment of the gay communities in our city. He is willing to do anything to bring together the many factions within our city and help make it a "community". Michael believes, will bring "class" and "dignity" to the title of Mr. Gay San Francisco, and take it out into the world and not just be in the bars. Michael Broadway, a real representative of gay male life!

1978 is here...May you each find happiness and prosperity as you deserve. The staff of the CRUSADER urges each of you to do the very best you can to leave 1978 a better year than we left 1977. 1977 was the year of the gay backlash and Anita Bryant...but it was also the year that a gay person was elected to public office in San Francisco. And now...with 1978, which we all pray will be great...we find ourselves in another statewide and Congressional election year. Gays are running for all manner of political offices. in various political parties.

1977 found the first in America...Gay Republican Club...the Teddy Roosevelt Republican Club in San Francisco...which in turn was directly responsible for the birthing of three more gay Republican Clubs...Lincoln Republicans of Los Angeles...Teddy Roosevelt Republicans of San Diego, and Concerned Republicans for Individual Rights -f(right-wing too). The first ever gay full voting delegate/member of the Republican State Central Committee (rev. Ray Broshares) and his subsequent appointment of five gay Associate Members of the State Central Committee. Politically...1977 was a great year for gays and gay Republicans in particular.

But, as far as civil rights, it was a terrible year, with several states rescinding their pro-gay laws, as Anita Bryant...Cops For Christ...all grew by leaps & bounds in their efforts to halt the gay rights struggle. Gays must become more active in various gay groups...recognize the radical left for what they are, ignore them, shuttle them aside, and boycott the reactionary right wing as well as the leftists.

1977 was encouraging as we saw more gays turn to religion, as gay Christians began coming out of their closets. Let us pray that 1978 will double that effort.

in this issue....

**Elderly To Fight Eviction**

TENDERLOIN old folks to stand strong against cops and landlords as Board of Supervisors vote to include Tenderloin in R.A.P. (Redevelopment Assistance Project).

Many to the delight of land and property speculators, the greedy Board of Supervisors (corycuring county) voted to declare the Tenderloin area as part of RAP. This means that the property owners qualify for loan money by the county to make long-term payments for the taxes of thousands of old buildings.

Reports are saying that the elderly and physically handicapped people living in the Tenderloin area are in danger of being evicted from their homes, and they are not yet ready to risk losing their homes for fear of losing the security of their homes.

SAN FRANCISCO "QUEENS" SEEN IN SUPER MARKETS LOADING UP THEIR SHOPPING CARTS WITH FLORIDA ORanges.

The boycott of Florida citrus products since last March, has been met with mixed success.

Florida's citrus industry has shown a slight decrease in sales, but the citizens of Florida have shown no interest in boycotting.

1978 BRINGS NEW WRITERS TO OUR S.F. CRUSADER

Our former columnists, Les Raymond, our editor, Ray Raymond, Brad Senger, Carl Detter, Tobe Hart, Bruce Greene, Brian Seibert, and Linda will be joined in 1978 by Newseum, Banker Donald Joseph Pierce-Weeks, Andy Baumberger, and others.

We are always looking for feature writers, and now that we have a full staff of columnists, with the addition of Newman, Fierce-Water, Biffenwood, and others, we shall plunge into 1978 with great zest.

Columnists are not to post in any publication. We are indeed for the great amount of people who have been nursing in that capacity in the past. Steve Goldberg, Chet Thoms, Bill Branshop, John Gregory Lewis, Mark Sepulveda, Perry George, Doug de Dean, Randy Johnson, Perry "Teri-Ton" Jimmik, Raffi Litty, Tassie Louise Snyder, Dan Collies, David Krosny, Peter Cymric, Nick Benton, etc.

We shall have more columnists and this year we shall begin a new feature called "Newsmen." This column will be a monthly roundup of the city's most important news stories. The column will be written by a team of our most experienced columnists. We shall also have a new feature called "The Crusader," which will be a weekly column on the history of the city. The column will be written by a team of our most experienced columnists.

The CRUSADER is the "people's paper," a light of understanding.

REAL "REALISM"... Most everyone has seen the "realism" in drama in the form of gangland-type plays, such as "TENEMENT" and "THE DEATH OF A Salesman," but there is a different kind of realism. In the play "HAGAR'S CHILDREN," by the San Francisco Repertory Company, it is definitely a "slice of life" and dramatic ingenuity or skill on the part of the author that makes the play a success. The play is neither particularly original nor outstanding, but it does have a certain "slice of life" appeal. The plot is developed in such a way that realism in drama requires more than just an accurate portrayal of a particular scene or situation. Since theatre is both larger than life and dramatic, realism in theatre cannot be entirely verbatim reporting of actual events. In the play, "HAGAR'S CHILDREN," the author has created a believable and engaging story that few who see it will leave the theatre unmoved.

"CALIFORNIA IS IN TROUBLE....ECONOMY IS FRIGHTENING....TAKES TOO HIGH" were the words of Republican Assembly leader, and sporting goods retailer, Paul Priolo. Assembly minority leader LeRoy Robb addressed the Commonwealth Club in San Francisco, where he gave forth with one of several speakers concerning the economic condition of the state's economy.

Priolo cited the fact that California now has 800,000 unemployed people, as opposed to 500,000 when he took office, surely now! Priolo urged the voters to look at that happening to government services, and that if they see the state going down, it is not happening to the state and he wants to be involved in it.

The state said that if the Medi-Cal program was so well, tens of thousands of elderly and handicapped people will be without medical assistant. He urged the government to take a $1000,000,000 budget and "get the government out of the way......for president" when "hasn't even been able to save himself...."

On the subject of the Governor's race, Priolo said that he has endorsed the incumbent "he has several good people running who could beat Brown". He declined to give any names. But, insiders say that Priolo favors Jesus Younger, the current Attorney General.

> DOCTOR'S LICENSE REVOKED

Dr. John Brown, telesex operator, has had his license revoked by the State Board of Medical Examiners, which voted unanimously to revoke his license, which will take effect in 90 days. The hearing was held in San Francisco, where he gave forth with facts and figures concerning the critical economic condition of the state's economy.
