CHARGES THAT RADICAL LEFT CONTROLS GAI LIBERATION

"IF THE GAY DAY PARADE DIDN'T CONVINCE YOU THAT THE RADICAL LEFT (SOCIALIST/MARXISTS) HAVEN'T TAKEN OVER THE GAI RIGHTS MOVEMENT TO A LARGE EXTENT, THEN IT IS EITHER YOU LATE TO HALT THEM OR YOU ARE STILL UNABLE TO UNDERSTAND THE MIND OF THE MARXISTS-LENNINISTS!"

"We are somewhat apprehensive as long as the Marxist-Leninist are able to secure ministers of the Gospel to promote their evil work and espouse a cause that is alien to the American way of life and the religious of Jesus Christ and of Judaism." was the official statement of the Rev. Ray Brohayers, president of the gai Republican Task Force.

Today, many of the extreme left use the "disguise" of calling themselves "socialists" to hide their true labels, which are of the Marxist-Leninist (communist) following. The Gai Liberation Movement has been an easy prey for the Marxist-Leninist of the Socialist Workers Party (SWP) philosophy. Today, many openly avowed SWPers like Howard Wallace of the Lesbian and Gai Action group, control organizations such as these through their knowing comrades or innocent dupes. The group which is fighting the Briggs anti-Gai Teacher Initiative, RACABI has more radical leftists in control than any group and is in front for their other propagandas. The Gai Freedom Day Parade Committee had self-confessed radical leftist and leftist feminists in control. They had even invited internationally known communist teacher Angela Davis to be the featured speaker at the rally until public pressure forced them to withdraw her. But they still allowed other radical leftist speakers, such as Sylvia Weinstein of the SWP who was their candidate for Mayor in 1977 on their communist ticket. Most of the speakers attacked the American way of life, the way of life that gave them the freedom/right to hold that parade and rally. Those such as Supervisor Harvey Milk, who continue to attack the Christian Church have forgotten that it was the Church which first stood up for the rights of gais and made possible what we have in San Francisco today.

Communism, call it any name you want, is the fundamental challenge of our lifetime, and it is obvious that our very existence as a free people shall be determined on how we stand up to this challenge. The overwhelming majority of Gais are proud America- nes, and reject communism, i.e., Marxist-Leninism, but unfortunately, most cannot tell one when they see or hear one, for they are very clever. Communism, regardless of its form or camouflage, is a direct and abiding threat which we can ignore only at the ex­ pense of our survival as a free people and free nation. It is small wonder that Anita Bryant and John Briggs and their "sugar daddy" Senator H.L. Richardson are able to make such inroads on our freedom from the radical right, for they can show our foes the literature, the films, the speeches of the radical leftists make under the banner of other causes, and that to me is a very high compliment. For I know that we are all branded "socialists, communists".

People such as myself who have fought the radical left and the radical right at every turn, are maligned by those of both causes. I would entreat you, to inquire of me directly, rather than listen to the rumors being spread. The current chairperson of the SWP in San Francisco has said that I am the most single dangerous person to Marxist and Lennist philosophy in this city, and that to me is a very high compliment. For I shall continue to fight the forces of socialism/communism as long as I have breathe to do so, and I would entreat you to join with me to help save yourself. The gai parade shall continue to fight the forces of socialism/communism as long as I have breathe to do so, and I would entreat you to join with me to help save yourself. The gai parade was a perfect example of what the radical left can do to hurt your image with all.
Not surprisingly, "Annie" (at the Curran) is about an orphaned waif (Daddy Warbucks) who rescues their mansion and never for a moment thereby casually displays in the Weurbuck-dreams coming true. We know logically it is an example of someone's wildest such "Cinderella" happenings because the orphans are, individually and collectively winners, Thomas Meehan's book, the show's one glaring weakness is that the orphans have been unable to locate in this version. The change is too abrupt and unmotivated coupled with masterly taste and vision can composite directions, realistic mock-up cars smaller and smaller in the background, a sense of love and happiness.

THE LEGAL RULINGS ON THE RIGHTS OF HOMOSEXUALS

by BOBBY G. NEUENFELDT

The American Psychiatric Association has taken the momentous step of putting homosexuality on its list of mental disorders. This action is in response to a long-time organized crusade to achieve equal rights for all people, including homosexuals. The APA's decision makes a statement about discrimination in health care and helps to reduce barriers to treatment for many people who are psychologically disturbed. It is hoped that this step will contribute to the advancement of medical research on homosexuality.

The American Psychiatric Association is the leading professional organization of psychiatrists in the United States. It is a scientific and educational society with a membership of over 40,000. The APA is dedicated to the advancement of research in psychiatry and to the dissemination of knowledge about mental illness.

The APA's decision has been applauded by many organizations, including the American Civil Liberties Union, the National Gay and Lesbian Task Force, and the Human Rights Campaign. These groups have long been advocates for the rights of homosexuals.

The APA's decision is also a victory for the thousands of people who have struggled to achieve equal rights for all. The struggle for equal rights has been long and difficult, but it has been a necessary one. Discrimination is wrong, and it is essential that we work to eliminate it.

The APA's decision is a step forward in the struggle for equal rights. It is a step forward for all of us.

CRUSADER photographer, Michael Brown took these unusual shots at the Gai Day Parade & Carnival site this year. They are unusual in that they tell many different stories.

The top center picture is of an elderly man... and he is surrounded by pictures of youth... looking at himself 30 years ago and friends of his 50 years ago. These youths in the pictures, if they live long enough, will look like him. A lesson, be kind to the elderly. In a decade or two, by the Grace of God, shall we be! Support Helping Hands Services.
