Unions are looming on the horizon for the gay business community for the first time, seriously, in some years, with the appointment of the new Supervisor from District 5......

Harry Britt. One of Britts's first statements was on labor and the need for more money for city workers.

Harry Britt is a known labor union supporter, and many of his associates are union activists.

"The gay community is the last large untapped field of un-united workers in America, and what better place to begin than right here in San Francisco", an associate of Britts remarked.

Staging a rally the day before the announcement formally of Britt as Supervisor, were the Rebel Workers Organization. This caused some raised eyebrows amongst many in the gay community of the Castro and the Haight.

For many of those businesses in the Haight and Castro would be forced to lay off and/or close if they were forced to unionize.

Local 2, which deals with Restaurants, bars, etc., has long sought to unionize gay bars, the man who has pushed hardest for this is back in control, Joe Belardi. He ousted the duly elected president, David McDonald in a coup some months back.

Several of the Local 2 organizers have made a survey of the gay community businesses recently with a view towards establishing "crash" unionizing.

Unions as they are now constituted do not help the workers, the exploit workers. They obviously have not helped improve working conditions in some of the union bars and cafes, just ask people who have been in the unions for years. We did....we spoke with Elmer Wilhelm of the Minutemen Democratic Club who was in the union for 27 years, and he tells us that "Labor unions oppress workers, not help them."

Now, the labor unions have another friend on the Board of Supervisors in Harry Britt, a gay, from District 5.

Molinari's anti-Gay past

Supervisor John Molinari, recently elected President of the Board of Supervisors, has long been accused of discrimination against homosexuals when he was head of the Civil Service Commission. Molinari, an appointee of former Mayor's Shelly and Alioto, made several moves against homosexuals back in the days it was very unpopular to be a homosexual. He once tried to get a person who was a homosexual fired from his job. Molinari always insisted, after he became a Supervisor and has now become mayor, that his actions were not directed against homosexuals, of hatred of homosexsuals but were always based upon laws passed by the City and the Civil Service Commission.

Now, in the days of growing gay liberation, Molinari has more than once made himself "one of the crowd" as a supporter of gay rights. While he first ran for the Board of Supervisors, he did nothing to stop gay protest, as did Mayor Feinstein, who enjoyed a standing ovation from the Board of Supervisors and later from the Board of Education and later for Supervisor.

CONCERT

There will be a musical feature, featuring Leo Stravinsky, to go along with the show. Tickets are on sale at all Bay Area Theatres. Call the Box Office at 391-3500. The concert will be held at the Skyline, 3170 Mission St., on Saturday, June 19, 1979, at 8 p.m.

Candidate - Mayor

Catherine McAleer, of the City of San Francisco, 115th Street and Market Street, is a candidate for Mayor of San Francisco in 1980. She is the first woman to run for the position. Catherine McAleer is a prominent member of the Women's Auxiliary of the San Francisco Police Department. Her full name is "Catherine McAleer, a political victory for women in San Francisco."

She says that she is "undogmatically" and "humanistically," et al. and et al.

CALIFORNIA WARS AGAINST CHURCHES

There will be NO taxpayers dollars going to a "Gay Community Center Inc." for anything resembling it. That is the firm word from the Department of Housing and Urban Development. Such funds do go to such centers would violate the anti-discrimination and Urban Development (HUD) guidelines, for it is also against the law for funds to go to any special interest group which would exclude others from being part of the corporation making application.

Gay Community Center Inc., of which Bob Ross is the chairman of, has only gay people on its board, excluding straights, and more importantly, the overwhelming majority of the people who are in the same area where it would also disqualify it from gaining HUD funds.

The San Francisco Board of Supervisors, which is next to the entrance way to the National Hotel, told 1139 Market Street, of the Kircher Hotel chain, to "get in, selling "lids of grass", "jokes" and "junk" to anyone with the money to buy it with and even "junk" to anyone who had the money to buy it with. There will be NO taxpayers dollars going to a "Gay Community Center Inc." for anything resembling it.

GUARDS GIVE GAY RAPED....

The Gay Assistance Line received the following letter from an inmate and have a fair white complexion. I am a passive homosexual. I am six foot, half inch high, and weigh 139 pounds with blond hair, blue eyes, manic depression in Sacramento (714 "P" Street, Sacramento, CA 95814).

I write to you S&Mers who are getting "hot" about all this, I pray to God that you would get no joy out of this S&M rape crap!

Whits. They run trains on me to suit their sexual needs. (Editors note: this has all been verified and is too gross beyond description, and for all your S&Mers who are getting "hot" about all this, I pray to God that it were you instead of this child... a bit of in the joke and alot of you would get no joy out of this S&M rape crap!)

Reality is a bad picture in prison for a youngster, I admit I was sent to prison for committing a crime, but I don't believe that I should be used by anyone who has a passing whim to work out their sadistic fantasy. (Editors note: this has all been verified and is too gross beyond description, and for all your S&Mers who are getting "hot" about all this, I pray to God that you would get no joy out of this S&M rape crap!)

I never leave his side in the Quad, he will be paroled in December 28th, and you know as I do, the same thing will start all over again. I am two years old, but a boy from a small town in Paris.

**Psalms 71:5**

The psalmist, David, pleaded with the Lord God to take him as he aged older. Today, the old, the elderly, the aged, of our society have been "cast off" by society itself, not by the Lord God. God never intended that we should treat any of His people, who are One people, the way the elderly are being treated today. The sins of our society, which has "cast off" the elderly to try and boost the media, who "use" the elderly to try and boost the media industry, who "use" the CRM-5V special on the aged of the Tenderloin, in which we are located. Now we do not all "use" the elderly, but for the General Manager Russ Coughlin and his reporter Evan Leech of the Tenderloin and downtown area.

Using our hard working friends, funds were kept to keep the luncheons and party a going. This year, the Christmas Dinner for the Older Folks was held at the Orthodox Episcopal Church of God, which is in part shall be done away. Christ Jesus will reward those who help those aged ones, who make it possible. Thank you each and everyone, and remember, that God is watching and blessing all with love in their hearts.
