## DUMP FREITAS! Demonstration & Vigil June 12

### Dark Past of New Disco Owner.....

Frank Cashman of Atlanta infamy?

Frank Cashman, a man who has been in some deep trouble, and somehow, gotten out of it, but there are strong feelings against him in Atlanta and in Boston, where he has come from with his "eastern" money and his "eastern" people, and his "eastern ways". Cashman was once indicted by a Grand Jury for arson, 2nd degree, in Atlanta (Fulton County) Georgia, when enough evidence was presented to the Grand Jury for an indictment that he "torched" a competing gay disco, the Magic Gardens.

However, when the time for his trial on the indictment came up later, it is reported that some of the witnesses had left town and after a seven trial, was acquitted, much to the anger of the District Attorney, police and some in the Atlanta gay business community. Cashman's place there was called the Encore, now called the Backstreet. Before his Atlanta operations which were bankrolled by the Vara brothers, Carmine and Henry of Boston, that is where Cashman was. There was a competing gay disco there which was torched by person or persons unknown. The Boston gay community has no big love for Cashman according to past articles in the GCN (Gay Community News) of that city. Now, he is right here, and opened what many said was a "rip-off" the Studio West at 100 Vallejo. Some say the dance floor is just a bit larger than the In Touch and smaller than Alfies. the drink prices were or are, outrageous according to those who were there on the 31st of May.

A well drink is \$1.65, with call drinks being even higher. Beer is \$1.35 a bottle, and other prices of typical east coast operations. Something which we don't need here. (continued page 3)

TUESDAY, JUNE 12th at the SF Hilton Hotel, corner of Mason and O'Farrell Streets, downtown in the Tenderloin area, there will be a silent vigil and demonstration at the Hotel where a \$125 a plate dinner is being held in honor of Joseph Freitas, the man who let the killer of Mayor Moscone and Supervisor Harvey Milk get off with but eight years.

The picket line will be silent, with people carrying signs and then after dark, lighting candles. This is a non-violent vigil, and all who attend are asked to co-operate with the police and the organizers in every way possible.

This is for the purpose of educating citizens of the ineptness and irresponsible political handling of the cases which he, Joseph Freitas has demonstrated in his past 3 1/2 years in office.

A "Dump Freitas Committee" has been established by a group of concerned San Franciscans, about the persistent mis-conduct by the District Attorney. People are asked to remember his silly handling of the "Wheaties Affair", the stupid attack upon the underwear ads of the Emporium, and his voter fraud mis-handling, as well as his alliance with the late Rev. Jim Jones.

The one "Dump Freitas Committee" is being co-ordinated by Judith Reel (call after 6 PM on weekdays only and before 9 PM at 668-2187. And the "Gays Against Joe Freitas", Rev. Ray Broshears is the co-chair of, and may be reached at 885-1001 from 9 AM til 9 PM daily at the Gay Help Line). Please remember, George and Harvey both stood for non-violence! Please show up at the Hilton!

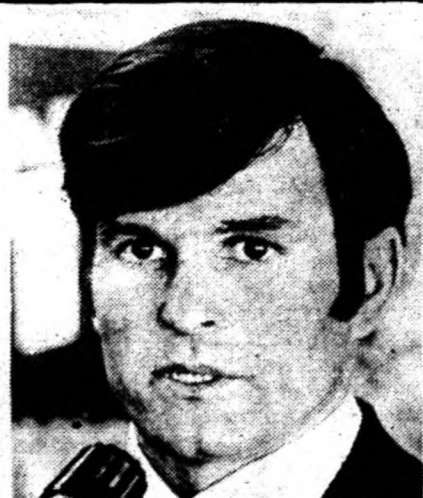

the Reverend Raymond Broshears

### "Remember?"

In February of 1978, the late Supervisor Harvey Milk (left) is shown presenting Daddy Joe Roland of the Queen Mary Pub a Certificate of Recognition from the Board of Supervisors of San Francisco, for all of his fine works. It was presented at Daddy Joe's Annual Lithuanian Day celebration at the Gangway bar.

## "VIOLENCE BEGETS VIOLENCE"! D.A. FREITAS "DEFEATED"!

The District Attorney of San Francisco lost the case to the defense with little effort, and Dan White was not convicted of murder, even tho he did kill the Mayor, George Moscone, and District 5 Supervisor Harvey Milk, a homosexual, he was convicted of "manslaughter" by a jury of white middle-class persons with a couple of chicanos of the same class, one who smiled broadly at Dan White when the verdict was announced that he had virtually gotten away with murder, two of them. The city was a virtual state of shock. The Mayor was disappointed, but she with her testimony in a way did help the Jury make up their minds to let Dan White get away with murder(s). The District Attorney said he was upset and blamed the Jury, but it was he with his all-white jury, no blacks whatsoever, and no homosexuals, who is responsible for the verdict. All of the Don Dislers and Joe Bravos in the world with their fancy smiles, and cutesy ways will not appease the gay community's anger, so Freitas can take his two pretty boys and keep them out of the way. The only one who is really to blame outside of Dan White for doing the killings is the District Attorney. Joe Freitas has NEVER tried a jury case. Obviously a lawyer who has never done a jury trial should never be elected District Attorney. If any want to be angry, the general feeling is, that it should be at Joe Freitas' and those in the gay Community who support him.

Yes, there are those like Disler who says he is a homosexual who still support Freitas, but of course he is on the Freitas payroll! And the Freitas brother-in-law who supports him, and runs a gay gossip rag, the Rip Off Rag, which gay businesses advertise in, Mr. Monte Redick, who is also on the Board of Directors of the gay operated Operation Concern. These people support Joe Freitas, the man who has never done a jury trial, the man who let Dan White get away from with two murders. Freitas is the man who was defeated. There are those who think there is a conspiracy, but only time will tell. Freitas' assistant D.A.'s are always disqualifying gays from juries in which gay hustlers are on trial, very common. So, the violence on Monday night, deplorable as it was, should be laid right at the door step of the District Attorney. All the "blue ribbon panels" in the world will not change the facts. They can try and white-wash the whole thing, but the facts remain, Joseph Freitas didn't make a strong effort to convict Dan White. Candidates like Arlo Smith, and rumored candidates like Milton Marks and Willie Brown are already being strongly talked of, and it is most obvious that Joseph Freitas ...despite his gay brother-in-law and his gossip sheet, and gay rep. Disler, is headed back to private practice, this is the general consensus of all whom we spoke with.

## Views on the News

### DUMP FREITAS FIRST BEFORE HE DUMPS US!

The District Attorney Joseph Freitas who spends so much time and money prosecuting gay prostitutes couldn't even get a murder conviction on the most cold blooded double killing of the century. This man must be ousted and I personally have chosen the man who have the experience and qualifications to do it.....who? Arlo Smith, Sr. The Senior Prosecuting Attorney for the Attorney General of California, and

he is pro-gay rights, he worked hard for and walked precincts for the late Harvey Milk. Electing such a qualified man as Arlo and one who worked for Harvey's election, would be a tremendous victory for all who believe in justice, honesty and civil rights. Give Arlo Smith your every consideration. He knows what he is doing and he is pro-gay rights and no "johnny-come-lately" in the field either!

In the picture in the upper left corner of my column, you see Mayor Dianne Feinstein, that was back when she was a Supervisor. Now, she can't be bothered. Dianne has changed, the office changed her and she will in all likelihood lose in November unless she changes her act.

In the lower left corner is a picture of Chief Gain and I together at our luncheon just after he was appointed Chief. At that meeting, he told me he would never disband the Police Community Relations Unit.....he did. And if we had had that unit on the night of May 21st, maybe the riots could have been avoided. Chief Gain is a brilliant man in several respects but, he falls short of the "glory" so to speak. All of us who know the SFPD and professionalism in the Department, tried to get the late Mayor to appoint Captain William "Constable" Conroy the Chief. He didn't make it and we are all the losers for it. A hell of a swell guy and a cop with a heart. We need him now!!!

The Pride Foundation is asking people if they should get out of that run down trip at 330 Grove Street....I say YES! You agreed to it when you first took occupancy at taxpayers expense and occupy it rent free, so now the City needs it so get the hell out NOW!

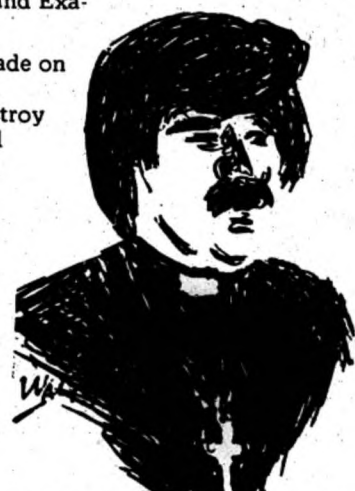

The "SENTI-BAR" sure is what many are calling the "other two" papers now-a-days. Their print-run is not much more than ours yet their ad rates are double, triple and quadruple over ours. And the one, BAR lost two of their reporters recently. One, Bruce Pettit, a real writer, left to go to the Sentinel. George Mendenhall is somewhere but not at BAR. "SENTI-BAR" that is a good name for them for they are so much alike, just like the "CHRON-EX" (Chronicle and Examiner)!

Don't forget the Gay Freedom Day Parade on Sunday June 24th and keep it nice and peaceful kiddies, because you could destroy all we have worked so many years to build up here.

And, give the "Man Upstairs" a few moments of your time daily, you will be the better for it!

Truly, I do wish more homosexuals would give Him a chance in their lives, for He does love you!

Happiness!

## Trials & TRIBULATIONS

"A SOCIAL & POLITICAL COMMENTARY"

Elmer Wilhelm

It was Saturday afternoon, May 26th, that beautiful warm weather warmed the less than 100 people who gathered for an out of doors ceremony at 50 Scott Street, the program arranged by the S.F. Recreation and Fair Commission, was the dedication of the Harvey Milk Recreational Arts Center. The honorable Harry Britt, Supervisor, District 5, addressed the gathering, referring to the Center as the "New Castro Camera" and made a number of personal comments, some concerning the riots and violence both at the City Hall and in Castro.

Next, a representative of the Mayor, Del Martin, Commissioner, of the Commission on the Status of Women, expressed views on the riot, opposite to Harry Britt's. The warmest applause went to a "straight" woman, Luisa Ezquerro. Her name didn't appear on the program. She spoke warmly of the several years Harvey met on a regular basis working closely with 'straight' Chicano people about problems facing the people who live in the Mission District. Harvey had become part of the problem solving process in this city long before he was elected to public office. He was never a district supervisor! He proved being a responsible human being would bring respectability. I might say that Harvey was responsible long before he was respectable.

Yes.....he had out-grown District 5 before it had even received a number. He was the top runner up in last city wide Supervisor election held before the change to District Elections. He had also outgrown the gay community a very long time ago. If Dan White had not shot and killed Harvey, this November, Harvey would have defeated a number of one issue candidates: Those who would campaign that they were a better queen.

About the riot and violence. I abhor violence.....I took no part in it.....I was not there.....I shall assume no blame for it. No do I believe in the concept of "collective guilt" unfairly applied to whole classes of people without benefit of a fair hearing.

As for the Dan White trial and it's verdict.....I have never supported Freitas at any time nor have I ever been satisfied with his performance as District Attorney of this city. The prosecution was extremely poor in many respects.....I'm satisfied that the continued performance of the D.A. must simply mean his inability to perform the job.....I do not believe in putting people to death.....anyone, be it gook, kook, Dan White or queer.....I believe in the jury system.....I would not replace it with mob vengeance.....I also believe the defence was prepared to defend Dan White which it did well.....The defendant was presented as a good father, husband, and community leader along with being elected as a SF Supervisor.....Plus a good service record in the U.S. Marines. As a SF Policeman and for ans for added measure as a SF Fireman who had saved a life. A just verdict could have been reached had the D.A.'s Office dared to prosecute Dan White for the execution of Mayor Moscone and Supervisor Milk and not just the killing of two men.....which was never contested by the defence.

The mail has brought word that the California Democratic Party's Executive Board has plans to meet in San Jose, July 27th - 29th, in spite of the boycott of San Jose by civil rights organizations. The CDC (California Democratic Council) moved its state convention to Fresno followed by the California National Organization for Women (NOW), moving its state convention because of that city's stand on gay rights.....The board of Supervisors of Santa Clara County will be considering gay rights legislation. The California State Democratic Party action by breaking the boycott would be regrettable at this time and could jeopardize the successful passage of that ordinance on July 2nd. I was able to the SF Democratic County Committee on May 23rd to unanimously approve a letter urging the Party to not meet in San Jose. Last Saturday on June 2nd at the Northern Caucus of the California Democratic Party held in San Francisco, was only attended by three open gay persons, Gerry Parker III, Frank Fitch and myself. The issue was raised and debated both before lunch and after. Frank Fitch left the meeting early, leaving only two gays to fight, but fight we did. It was the most spirited part of the all day meeting. We lost, 28 to 45, but we defeated a substitute motion. The Democratic Party is to be congratulated on the time, attention and support that is growing for gay rights among regular leaders. I only hope newly elected and appointed gays will increase their attention to Party affairs.....Former State Chair, Mr. Bert Coffey supported our issue by crossing the room to join us before the head count began. Of course Jane Murphy chaired the meeting and voted along with us as did Lulu Carter, Chair of the Black Caucus of (CDC) and many others. We can win.....write now!!!

Another important issue is to move to enact this year legislation to end employment discrimination based on sexual orientation, statewide. Gerry Parker, Morris Knight, myself and several others will be working all day in Sacramento on June 5th to see if it can be done. We must get a hearing set before June 26th or forget it til 1981.

The California State Supreme Court has acted to guarantee equal protection under the Constitution for gay people in one more area. It was also the California State Supreme Court that some years ago guaranteed the basic right to assemble when it was being denied us.

Governor Jerry Brown has repeatedly called for legislation this year to grant us the right to earn a living. Besides banning this type of discrimination within the executive branch of State Government. Seeing positive action with in two of our three branches of government, we must not let our legislators lag so far behind. Los Angeles too, has passed an ordinance which will protect gay people in many areas. It will be signed into law this week. Our legislators must hear from you.....each and every one of us.....or any legislation for us "dead"!!!!!!

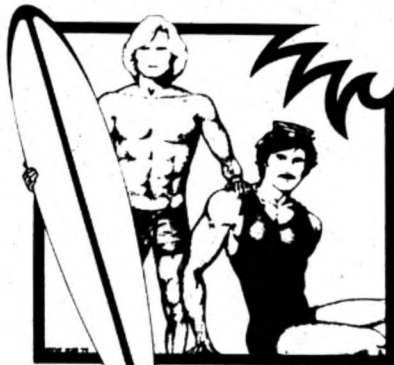

It's up to you.....do you want it now?.....call or write or telegram.....for if legislators don't hear from you now that you want this legislation, now you will not get it.....you will get what you deserve.....let us deserve the best! YOU must become a part of the problem solving process.

Dianne Feinstein, in her bid to win the Mayor's race this fall, attended Don Bradley's (her manager) kick off rally. It was a quiet affair, more note-worthy by those who weren't in attendance than by those who were. This bid for election has been reported at times as "Dianne throwing her bow into the ring"! And there are some days, Richard Blum, when the idea has merit.

Dianne has named a "Blue Ribbon" committee with touches of lavender to investigate the events following the Dan White verdict. The difference between "inciting to lead" meaning efforts directed at inciting crowds to attain a leadership position and "inciting to riot" is often a matter or lack of leadership position. Those who shout "out of the bars and

## CASHMAN EXPOSE

(Continued from the front page story...  
"Dark Past of New Disco Owner")

In the defunct "Coast Times" there was a very damaging article concerning Cashman and his associates, as well as on Ron Zappi and Willie Bittner, both of whom have made inroads into the gay business scene in Atlanta and in the Los Angeles area.

Bittner was an possibly still is, involved in the pornography scene, and was indicted by the Orange County Grand Jury on this two years back. But it was recently revealed that Bittner has money in some southern California gay porno interests, which are now trying to move into northern California.

A Jaguar Films, Inc. (no relation what soever to Jaguar Books here in our town) was a southern California porno film making outfit that did youth or child porno films. Right now, Attorney General George Deukemejian is investigating child porno in California going back some years we understand. He is looking at a southern California group which we believe from the SFPD to be the same group trying to move into our city.

Chief of Police Charles Gain said that organized crime shall not be allowed into the gay business scene and has instructed him men to conduct a full investigation into all leads.

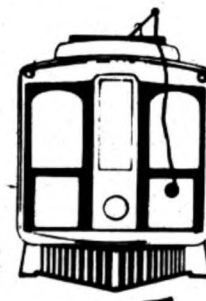

In Atlanta, Bittner and Cashman were competitors in the gay business scene according to an article in the Atlanta Constitution, the daily newspaper in that city. In fact, it was the Constitution who did a front page article on the Cashman controversy and his indictment and trial.

Cashman bought the "stock" in 100 Vallejo Street, a place owned by Mel Weiss. And it is allegedly in "escrow", but Cashman and Weiss claim that their dance permit is "valid" as is their entertainment permits. These things right now are being questioned and if they are "legit", there is no doubt that a revocation hearing shall begin within a few weeks, this is for the most part, based upon Cashman's past in Boston and Atlanta, and his indictment for arson in that southern city.

The CRUSADER is now investigating alleged threats made against gay business people as well as against gay news reporters from unknown sources.

It's your one-time Pit Stop for Cruisin' and Boozin' plus those great 24-Hour Breakfasts!

## TERENCE HALLINAN For Supervisor District 5

"I welcomed the idea of district elections and worked very hard to get them passed. Now the people of the neighborhoods and not the traditional politicians and downtown interests, will determine the future course of San Francisco. I intend to work with my neighbors to instill a better quality of life through community unity and caring. I think that I am the best candidate to unify the senior and younger citizens, the gays and the straights, business people, renters and owners, family people and single people and still respect their separate needs. I have lived in this neighborhood (District 5) for all of my life. I feel comfortable in this fine district. I assure all the voters you will feel comfortable with me speaking for you in City Hall." Terence "Kayo" Hallinan.

Terence Hallinan has filed his notice of intent to run for the spot of Supervisor from District 5. Terence and his father, who is a lawyer like Terence, has been fighting for the people all of their lives. Terence has been a strong advocate of gay rights back when it was very unpopular to do so. Some can even recall when Terence and gays allied to fight off the SWP when they tried to take over the "peace movement" back in the early '70's. Terence and his father, Vincent, have done cases for gays in courts without ripping them off, back when there were no "up-front" gay attorneys. Now, Terence has decided to seek the District 5 Supervisorial seat. He was going to support Harvey Milk for re-election, but now, well, you all know what happened. Terence Hallinan, many gays know, will give them more than adequate representation on the Board of Supervisors, something needed sorely in District 5.

## WAGES AN ISSUE IN GAY RESTAURANTS

As Local 2 continues its picketing of the Patio Cafe on Castro, organizers from Local 2, some of whom have been seen with the publisher of the B.A.R. (Bob Ross), have been gathering information on just how much various of the gay restaurants are paying their employees.

The most vulnerable, according to the new President of Local 2, Lamb, are the dishwashers, etc. And this is the area which our newspaper investigated and found that the majority of the gay owned and operated non-union restaurants pay a good wage to the dishwashers, and some paid far better than union scale.

How far Local 2 is going to go in their gay bar and restaurant organizing is not clear at this time, but the "treasury" of Local 2 is very low, and as the president who was recently elected stated, organized all of the non-union bars and restaurants, gay and/or straight. Local 2 told our writer that money will be spent to try and bring all of the non-gay restaurants into Local 2 and too many gays think the Tavern Guild is a "union" and they are so

very wrong. The Tavern Guild is but a group of gay bar owners and employees who get together every two weeks and "shout, scream, drink, and sometimes do right-on things" as one nine year member said. The Tavern Guild membership has dropped as far as member bars, etc., for most all who have dropped out told us there is no reason for belonging. They offer nothing to the members, they failed to fight the unions at the old Truck Stop (Church Street Station) and now at the Patio Cafe. They are basically a social organization. Here is a sample of how dishwashers are paid at some of the gay restaurants...some are members of the Guild, and most are not.

## Los Angeles Passes A Gay Rights Law

The City Council of the City of Angeles, on May 30th passed a gay rights ordinance similar to the one we have in San Francisco. It provides for civil penalties for violations of the anti-discrimination ordinance.

Mayor Bradley has told gay activists that he will indeed sign the ordinance. It prohibits discrimination based upon sexual orientation in employment, housing, city facilities and city services, and any real estate transactions, as well as in public accommodations (hotels, motels, restaurants, etc.) credit and business establishments.

There will be still penalties for violations of the ordinances. Some Los Angeles activists suggest they begin with the Los Angeles Police force.

## Tavern Guild "welches" on Reward?

TAVERN GUILD WELCHES ON THE REWARD FOR CAPTURE OF KILLER. The Tavern Guild, thanks to Wayne Friday, officially turned down the suggestion that Pvt. E-2 Toivo Redditt of the United States Army, not be given the reward for his having apprehended the killer of two gays from the Folsom area. Tavern Guild has let the South of Market area down in many ways as of late.

It is reported they are boycotting many of the south of Market businesses and that is why they refused or welched out on paying the reward to Pvt. Redditt. Pvt. Redditt personally telephoned the CRUSADER to thank us for our story on the killings and his death struggle with the killer, as the most accurate one. Redditt who is stationed at Ft. Lewis Washington army base, left us his address and telephone number in any gays care to make things right. Redditt told the CRUSADER that prior to the death struggle with the killer, he was an avowed atheist, but that he prayed to God to help save him and when God did help him, he, Redditt is now dedicating his life to Christ and his fellowman. Redditt is not anti-gay.

## THE SPLENDOR THAT WAS

not Rome but burlesque (that is, the burlesque of its heyday, the burlesque of Minsky's even of Ziegfeld, before tired strippers and tired jokes dragged it down) has been revived in "SUGAR BABIES" (at the Curran, thru June 9th, 673-4400 for info) a rousing, funny, nostalgic look at the way it used to be. The jokes are bawdy or risqué, but not vulgar with half their impact coming from one seeing the punch line ahead of time. The songs are old burlesque/vaudeville numbers freshened up into stunning production pieces with everything outrageously overdone. . . . not merely one great fan dancer but an entire chorus line of them, not just one girl on a swing sailing out over the orchestra pit, but seven. Yet, what in another show, could easily be ostentatious, and poor taste, is here just unmitigated fun, thanks in large part to the inherent and unceasing good humor of every one and every skit. It's almost as if all connected with the show are saying: "We know we're dated.....brash.....corny, but we're having one helluva good time and if you'll just sit back and relax, you'll have a helluva good time too." And they would be right!

This season, San Franciscans have been treated to a number of stars of yesteryear whose looks and talent belie their age, most especially Lena Horn and Deborah Kerr, but none who have looked better nor been more of a joy to watch or hear than Ann Miller, a truly gorgeous dancer, entertainer, woman, who unbelievably looks so exactly like she did forty years ago as to be uncanny. The same cannot be said for co-star Mickey Rooney. Thankfully the "puckish" Andy Hardy can be seen only on late night re-runs and has been re-placed by a comic of exceptional skill who commands both stage and audience with the aplomb of a live super-star as compared to a celoid one. And then there is the richness of the production.....the large cast, the magnificent costumes and sets (both by Raoul Pene Du Bois) the spectacular dance numbers (choreographed by Ernest Flatt), in short, all the trimmings that now are usually seen only in television spectacles. Even if tawdry jokes and semi-costumed chorines are not your particular form of entertainment, "SUGAR BABIES" is well worth seeing as a tribute to an important part of theatrical history and as an example of extinct opulence.

## VERY DEEP THEMES

"A Play By Bill Yamasaki" (at the Asian-American Workshop, 4344 California at 6th Ave., call 752-8324 for info) tackles some very difficult questions: ethnic identity vs. cultural assimilation, artistic integrity vs. commercial success, platonic vs. sexual love; and succeeds rather more than not. It is particularly impressive that it is a first, and frankly largely autobiographical play by Adrian Kinoshita-Myers. Which is not to say that it is without faults. The script needs tightening, especially as it becomes overly wordy near the end; confrontations are immensely dramatic but too often protagonists seem to inexplicably switch sides, and characters' relationships need more delineation.....it is not enough to tell us two people love each other, said love must be shown in some way to make it believable, especially in the all important platonic/hero worship love between playwright Bill and his radical "whitey" hating erstwhile friend, Kinji.....Marc Hayashi, who is a standout in a chilling and at the same time, compelling role.

One thing that often bothers me in plays by and/or about American ethnic minorities, and .., particularly so in this one, is the seemingly taken for granted idea that one cannot have pride in his heritage without automatically hating the world of "whitey". Or conversely, one cannot join the so-called straight world without turning his back on his heritage. All this is so contrary to the "melting pot" idea from which this country has drawn so much of its greatness as to invariably detract from an otherwise powerful statement, as is the case here.

The play is well produced and acted, especially William Hammond in the title role and Andra Paguyo as his much put upon girlfriend. Then too, despite flaws, the script is filled with dramatic conflict which all too few new ones to-day are.

RECOMMENDED!!!!

## THREE PLAYS IN ONE

"Water Engine" by David Mamet (in its West Coast premiere, at the Ft. Mason Theatre, Bldg. 310, 922-7635 for info).... suffers badly from a lack of cohesiveness in the scripts(s). Billed as a show about the "Golden Day of Radio", it starts off interestingly enough with a look back-stage in a radio station of the early '30's, then goes off on a tangent with Mr. Happiness which is, presumably a different one act play that is seemingly just inserted. This bit would be a humorous five to ten minutes skit which satirizes radio, or newspaper, personal anguish commentators but becomes repetitiously boring throughout. Then back to "backstage" and a dramatized serial, only as it progresses the author gets farther and farther away from the original concept in the radio show and the backstage aspect has been negated. Unfortunately.

"ALL NIGHT STRUT", at the On Broadway, 435 Broadway. Above is David Montague Nancy Gulla, Tony Rich, and Andrea Danford. A top show with top performers. rb

The acting ranges from adequate to fine, especially fine is Daniel Forrest in the lead, but the constant multiple casting becomes confusing as does the constant switching from real to mimed props. Either, please, but never both!

## SOPHISTICATED CAMP.....

may seem a "reductio ad absurdum" in terms but is, nevertheless, the most accurate description of the best aspects of "FLYING DUTCHMEN", a show sponsored by the California Motorcycle Club (CMC) and put on by a multi-national European bike club, The Rurals M/C. Given one night only at the rather staid California Club, (one wonders if their heavily Senior Citizen orientation has yet recovered) the literally "Standing Room Only" crowd, blue jeans and leather jacketed with the only bits of color, hip pocket hankchiefs (except for the host CMCers who looked like extremely well fed CHPs) were wildly enthusiastic: Stamping, cheering, again and again and calling for encores!!!! There was a campy cute intro gig put on by local bike club members doing lip/sync drag, that was much appreciated by their friends in the audience, then two acts of numbers by the visitors, also mostly lip/sync drag, with the greatest crowd pleaser being a rafter-raising rendition of "YMCA" which was fun, but not nearly so memorable as the show's star, who performs at his own club in Belgium, doing, "The Bells of Arie", truly one of the greatest takeoffs on opera I've ever seen. A great evening of uninhibited fun; too bad the visitors couldn't stay around long enough to give repeat performances.

## VIVA LA DIVA.....

is a line from the first song ("I Want To Be A Prima Donna" from the Enchantress) in "SPRINGTIME, LOVETIME, MAY" (various dates at the Chez Jacques and Joe Nobriga's Showcase, 775-7574 for info). The line is applicable not only to diva Barbara Emerson but equally to baritone Jack Brooks, who conceived the show of Victor Herbert and Sigmund Romberg songs and doubles as master-of-ceremonies. With his interspersing light hearted chatter about the songs and their composers with interesting factual sidelights.....The Student Prince held the record for longest running Broadway musical from 1924 to 1943 when it was supplanted by "Oklahoma". With few props and minimal costume changes these two charming entertainers bring alive the best from more than a dozen operettas and wring from the audience such happy nostalgia that one wonders how that medium ever lost out.

## TREMENDOUS AND INSPIRING.....

.....are the words to describe Alicia Alonso and her Ballet Nacional de Cuba which opened at the Berkeley Community Theatre with a visually beautiful and in all ways rewarding full length production of "Giselle".

le", danced to her choreography. Nearly sixty years old and partially blind, she nevertheless brought a well earned fifteen minute standing ovation from the huge opening crowd. The large company danced with charm and precision, the "corps de ballet", especially fine as was Jorge Esquivel as Giselle's lover. Also particularly noteworthy were Salvador Fernandez' opulent and intriguing costumes. A most auspicious start for the International Festival of Ballet.....see, "Coming Goodies" at end of this column for the next one. STARS OF THE ROYAL DANISH BALLET.

## PREVIEWING "BEGBICK"

Too many shows opening too close to deadline (four on one Friday night including this one) meant that the revival of "AN EVENING AT WIDOW BEGBICK-S" (at the Chez Jacques, California and Hyde, 775-7574 for info) has to be previewed the night before its official opening. However so polished was that performance that I doubt if it was appreciably different from the one the following evening. The show, based on the songs of Kurt Weill and Bertolt Brecht, is cabaret theatre devised by Barry Koron who captures almost too well the very basic, somewhat vulgar low-life ambience of Germans, circa. 1930. Intensely gripping for those not put off by its "hopelessness of life" themes it moves from song to song with just enough "book" to tie them together. Carolyn Zaremba as the Widow Begbick is nothing less than magnificent, her throaty voice superbly fulfilling the special requirements of these songs while the truth of her acting makes one feel transported to another time and place. Less successful is Laureen MacPherson as her daughter while the soldiers (Paul Hogan, Mel Flores, Michael Bryan, and Paul Yeuell) again almost too well splay the aggressive arrogance of their historical counterparts.

A powerful entertainment, it won't appeal to many but as many or more will be enthralled!

## WHY OH WHY OH WHY

.....do small theatre companies persist in attempting the most difficult classics, blithely assaying productions and roles that superb companies and actors quail before? One suspects, but sincerely hopes not, that it "vaulting ambition which o're leaps itself." In any case, The Actors' Ensemble's productions of "HEDDA GABLER" (at their theatre, 2940 - 16th, off Mission, call 861-9015 for info) appears to be in over their heads. Elizabeth Keller, in the title role, is clearly a talented actress but she isn't Hedda Gabler or even close to the deep, many facted character Ibsen wrote. She comes across as shallow and merely bitchy and gives no indication that she could have ever been the most popular girl in town. The men vary between seeming miscast to weak in their roles and lines, with Paul Gerrier as Judge Brack the most believable.....although they all have my sympathy as it appears that about ninety-eight per cent of the costume budget went to the women with the result that the men's costumes are ill-fitting, in appropriate and, I suspect, embarrassing to the actors. There are two bright spots in the production: Linda Hauswirth's set is beautifully period and charming, no mean feat in any small budget show, and Roberta Callahan is "right on" in the many sided role of Mrs. Elvsted, by turns frightened and confident.....pathetically weak and strong, downcast and hopeful AND wonderfully believable in each.

\*\*\*\*\*

## POWERFUL BUT CONFUSING.....

.....can be said about any of Genet's plays and is certainly applicable to La Strada Stage Company's production of "THE MAIDS" (was.....at the Pacific Ballet Center, 1519 Mission Street.) Recently, there has been a rash of plays about "role playing" among the local theatres (The Lover and Richmond Jim are both currently playing) but THE MAIDS is by far the heaviest on that subject. Two young men, brothers (in this production they are played as male while more usually they are played as females) are servants to an enigmatic "Madame" (Lynn Anne Walden) and go through games and contortions (both mental and physical) which so confuse most of the audience that the rather foreseeable denouement is eagerly awaited.....unfortunately NOT through interest. However, Kristopher Logan gives a compelling performance as an illusionary romantic in whose life realism is avoided faster than sin. Richard Scott as his brother plays in beautiful counterpoint, adroitly handling the difficult role of being too involved to be truly pragmatic, too pragmatic to be truly involved. Considering that theatre's playing space, Kai Klaassen's set, dominated by blood red wrought iron furniture, was excellent.

## NOT THEATRE, BUT NOTEWORTHY.....

"Fantastic variety" are the words for the 1979 Pops Concert Season with the San Francisco Symphony (at the Civic Auditorium, July 7th thru the 28th, call 431-5400 for info). Od the eleven vastly different programs being offered (ranging from the truly semi-classical to "A Salute To Glenn Miller With Dancing") two stand out for devotees of the legit stage: July 10th when the incomparable Vincent Price will recite from the works of the Bard of Avon in "Shakespeare Night at the Pops" and on July 19th which offers "An Evening With Lerner and Lowe" when the entire program will be made of the music AND songs from their hit shows. Nor can the prices be faulted: tops of \$6.50 (\$7.50 for "Miller w/ Dancing") down to an unbelievable fifty cents for seats "up in the gods" as they say in England.

Another First for San Francisco! "SHAKESPEARE, THE GLOBE AND THE WORLD".....the largest exhibition ever to be mounted by the Academy of Sciences (the Golden Gate Park) will open early this fall as its first stop on a two year tour from the incomparable Folger library in Washington, DC. Exhibits will include the earliest extant First Folio (billed as the rarest book in the world, which seems alittle broad but certainly it's among the world's most valuable) a walk through a model of Shakespeare type theatre (what fun to trod those boards!) as well as thousands of items pertaining to the man, his plays, plus the Elizabethan and Renaissance Worlds. Promises to be both more interesting and more worthwhile than the faddish King Tut.

Theatre it isn't, but there are a few shows in town more theatrical than that watched from the newly re-opened and re-furnished (after the fire) second floor of KIMOS..... Polk and Pine Streets. KIMOS it used to be said that if one sat outside at the Cafe de la Paix in Paris long enough he would see everyone he'd ever known pass by; how applicable that is today to this spot, KIMO!

XTRAS! The Theatre Rhinoceros will continue on through June at the Goodman Bldg. Theatre on Geary just off Van Ness (see ad below). A major change to the bill.... Downtown Local has been dropped from the one-acts, and two others to go along with the hit, "RICHMOND JIM". Added are, "FRED & HAROLD" and "BOTTLE OF BEER".

So, we urge you to get on over to the Polk Valley area and take a peek at these three plays. RICHMOND JIM is a hit. All of the gay publications have given it fine reviews, but the two new additions, "Fred & Harold" and "Bottle of Beer", well, you will just have to pop in and see for yourself!

A BUMMER! "NIGHTHAWKS" at the Cento Cedar Theatre is a real bad trip. Avoid it at any cost, to your pocket book and sleep as well as time spent uselessly! rb

BOB COVINGTON

Noted Radical Black Political Leader Passes Away Suddenly at age of 38.

Bob Covington died at the young age of 38, while in the city of Seattle. Covington, long a controversial, but highly respected black radical political leader in San Francisco, was one of the main people responsible for District Elections.

In 1977 he ran for Supervisor in the 9th District and lost to Lee Dolson, and the whole city has regretted that loss greatly, as Dolson was a friend of the man who murdered two of Covington's close friends politically, Mayor Moscone and Harvey Milk.

Bob was the founder of CRG (Citizens for Representative Government) which is still an on-going force in our town. Covington fell into disharmony with many gays in his role at WAPAC, of which a friend of the gay community now heads up, Arnold Townsend. Covington took "appointments" from Alioto which led many to believe he had "sold out" to the politicians who controlled our city at that time. He was also a foe of a longtime friend of the gay community, the assassinated black prison leader, Popeye Jackson. But, the good that Covington did will long live on, and in spite of differences all of the really "concerned" San Franciscans, will miss him. God rest his soul. rev. r. brosears, an admirer!

The California Republican League will hold its first Lincoln Conference on the 29th of June thru July 1st at UC Irvine. The sessions will be chaired by Mayor Pete Wilson of San Diego and Congressman John Anderson of Illinois. Special guest speaker will be U.S. Senator John Chafee of Rhode Island.

## RAPID TRANSIT FOR LOS ANGELES?

After too many years the County of Los Angeles Board of Supervisors is placing on the ballot a measure which will establish a rapid transit system in that sprawling area. LA once had one of the finest rail systems for passengers, the old "red cars" which covered all the areas around but they were done away with stupidly by the County Board of Supervisors. All agree if LA is to survive this Transit System must be voted in this fall.

RECALL.....is in the air. Both in Los Angeles and in San Francisco. In Los Angeles Howard Miller, president of the Board of Education is in danger of losing his job due to his liberal busing efforts. While in San Francisco, recall drives are being set up reportedly in Supervisorial Districts 8 and possibly 6.

HAROLD STASSEN.....AGAIN!????????? Yes, Harold Stassen has announced for the Republican nomination for president, and said that "1980 is my year"! Oh well, he is good for a few laughs! Luck ole man!

STEVE PERKINS

Letters To The Editor section, so decide for yourself or call his headquarters at..... 864-8597. He is the zentest candidate to announce for that District's race. He is a gay man, so it sez in his literature. He sent us a booklet called, "Behind Bars" ...the ones with booze or guards?????????

STEVE PERKINS pictured at the left here, is an announced candidate for Supervisor in District 5. Unfortunately, in his literature, those of here in the POLITIX column are not either smart or dumb enough to decipher what he has written. He has a letter in the

CRANE BID FALTERING.....Congressman Phil Crane of Illinois who started off his 1980 Republican nomination bid for the presidency with the backing of the radical right winger "sweetheart sugar daddys" is upset, because three of them have "dumped" him and gone over to former Texas Governor John Connally....Arthur Finklestein, Paul Weyrich and Richard Viguerie. If Crane falters out completely, Reagan will gain all of the other Crane backers. John Connally goes further and further to the right and has now passed the John Birch Society, which is a drastic change from when he was a Democrat.

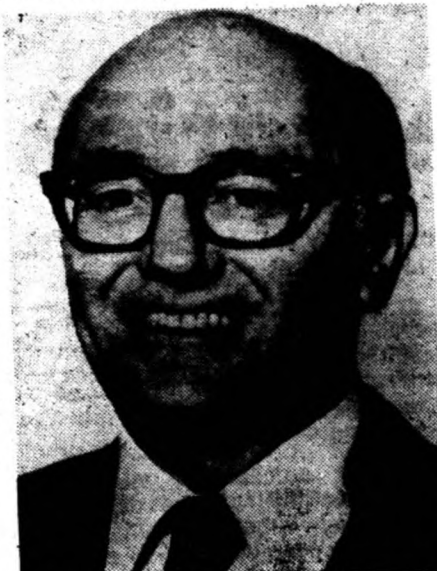

OIL and HOWARD BAKER.....Republican Majority leader Howard Baker said on "Issues and Answers" that "If the public gets the idea that oil companies are gouging, the oil industry in the U.S. may be headed for something far worse than controls....it might be headed for a breakup or even nationalization ....!" Strong words from a Republican.

DISTRICT 5 POLL TAKEN.....If an election were held now, a poll of over 200 persons taken in various sections of District 5, show that attorney Terence Hallinan would win quite easily. The results of the poll showed the following:

Terence Hallinan.....97  
Kay Patchner.....29  
Bob Ross.....28  
Harry Britt.....26  
Tom M. Edwards.....11  
Jack McGowan.....9

Now, since the poll, Thomas M. Edwards has told CRIR that he is not a candidate, and Jack "Irene" McGowan says he is not and he could not be because of his health. So noted civil-rights lawyer and pro-gay rights attorney Terence Hallinan would be in a run-off with Kay Patchner.

Note! This poll was not taken in a gay bar!!!  
ERA.....The United Steel Workers with 1.4 million workers, will not hold its 1980 convention in Las Vegas and has voted to move it to Los Angeles instead.

ARLO SMITH, Sr.

Arlo Smith, of the Attorney General's office has filed for the post of District Attorney and has a tremendous amount of support from the gay community. Smith, who walked precincts for Harvey Milk in several of his elections and was a good friend of Milk, decided that he had to seek the post of District Attorney as the incumbent has failed to live up to the majority of promises that he made to all of San Francisco and especially the gay community. Smith's campaign will be managed by Ron Smith a professional campaign manager. Numerous gays are involved also. See story on page 15, about Arlo Smith.

CLAIRE PILCHER has joined the CRIR in an effort to gain their support in her bid, should she decide to make it, for the District 5 Supervisor. She is the gal who keeps raising our phone bills, water rates sewer taxes and possibly the MUNI soon. CRIR is taking on a radical right wing stand more and more as of late many say.

BOB GEARY

You may write the "Bob Geary for Sheriff Committee" through this newspaper by writing to: P.O. Box 1528, SF 94101 or call and leave a message at 885-1001. Bob Geary is pro-gay rights and is a good friend of the gay community.

# Bob Geary, candidate for SHERIFF

"DRAFT BOB GEARY FOR SHERIFF".....

A Committee to Elect Bob Geary, Sheriff of San Francisco, has begun officially, although the highly popular member of the San Francisco Police Department has not as yet announced.

Officer Geary, who has an evening patrol in the Tenderloin area out of the Central Station, told the CRUSADER that he was highly flattered at the formation of such a group, and that he was indeed considering seeking the Office of Sheriff of San Francisco.

Officer Geary is 39, years old, a member of the San Francisco Police, and is the elected representative of the officers from the Central Station to the Board of Directors of the Police Officers Association (POA). The president of the POA is unhappy with Geary, as the news media seeks Geary out, rather than the president, as Geary is highly articulate and is nice looking. Bob Geary at this time is the leading force of the group circulating petitions regarding the outrageous Sewer Tax and he and his associates are seeking relief from this outrageous tax burden imposed unfairly on the "little guy and gals". The huge downtown highrise buildings do not begin to pay an equal amount we were told and thus at the November ballot box, the citizens, thanks to Bob Geary's hard work, will have a chance to vote a change in the unfair sewer tax.

Bob Geary sought the office of Sheriff back in 1975 against Richard Hongisto. This time, should he accept the "draft of the committee", Geary will be facing a highly unpopular Sheriff in the person of Gene Brown who has conducted the jails in the most corruptable way, many feel. Drugs are open sold in the jails, heroin, etc. Rape is common, as well as beatings. And the Committee knows that with Bob Geary as Sheriff, this will come to a screeching halt. You may contact the Committee through this newspaper.

# Gaycott of Reno & NEVADA is Growing! E.R.A. is the Issue!

SAN FRANCISCO GAY BARS REFUSE TO JOIN IN SUPPORT OF THE NATIONAL BOYCOTT (Gaycott) OF STATES WHICH REFUSED TO RATIFY THE ERA (Equal Rights Amendment) AND NEVADA IS ONE! ASTAVERN GUILD FAILS TO VOTE TO SUPPORT GAYCOTT AND THE ERA! GAYS IN LOS ANGELES TAVERN GUILD ANTI-ERA ALSO.....PORTLAND GAY BARS ALONG WITH S.F. BARS MAKING PLANS FOR THE RENO STAMPEDE "ALL-GAY RODEO"!

The ERA is in trouble, and the passage of the ERA means alot to gays as well as to women, yet groups such as the SFTG (San Francisco Tavern Guild) refuse to support the ERA by joining the national boycott of all states which refuse to ratify the ERA, and Nevada is one of them. San Francisco gay bars supply Reno with millions of dollars yearly in gay business, with all the "gambling bus trips", "coronations", and other special functions, including the up-coming "Reno Stampede" the "All-Gay Rodeo".

It is a shame, but the coronations, bars, baths, clubs, and rodeos must be gaycotted if we are to have gay liberation, ever, in Nevada. It has been the gay dollars that have helped to build gay political power in San Francisco. And San Francisco and California gays, by going to Nevada (i.e., Reno, Tahoe, Vegas, ) are only helping that state keep it's anti-gay and anti-women prejudices in effect.

There is a coronation for the royalty crowd on the 30 or June in Reno, and the Tavern Guild's Empress Ginger is to go to it, as well hundreds of other "title" holders spending money in Nevada, helping Nevada keep up their anti-gay and anti-women prejudices with our money.

The other two papers here in SF, the "SENTI-BAR" (we call them that as they are the same, so we have merged their names!) and the FOUNTAIN newspaper of Portland and Seattle are all supporting Nevada functions. Several of the San Francisco gay political and civil rights groups have endorsed the Boycott of Nevada or Gaycott of Nevada, including the Alice B. Toklas Democrats; Stonewall Democratic Club of SF; the Harvey Milk Democratic Club & Socialists; the GLA (Gay Liberation Alliance); the Gay Voters League, and the SF CRUSADER, the only gay newspaper in all of America to take a stand against the prejudice of Nevada as of now. In order to make the Gaycott of the Nevada effective until such time as we "convince" Nevada to ratify the ERA, we urge you to Gaycott all gay bars in San Francisco and California which sponsor any further trips to Reno, and the Tavern Guild as well for it's support of Nevada, as it is!

## WHERE HAVE ALL THE FLOWERS GONE?

"PANSY POWER!", that was the cry back in the mid-sixties when the homosexual liberation movement began. That is when dozens of homosexuals and friends of homosexuals decided to "stand up" and they did and they were arrested at the California Hall on Polk Street. The churches of San Francisco showed in SUPPORT of homosexuals and helped out. That was the big dance bust in 1964. But, many more arrests were to come before homosexuals would get to where they are today...in San Francisco, at least. The old "Bachelors For Wallace" group, back in 1948 who supported Henry Wallace for president of the United States, he a former Vice-president. Then we had the Mattachine which has dissolved into almost nothing, except in Chicago, Washington and Detroit. Here in SF it is a porno film business, but once here, they did one hell of a lot to make things better for each of you who are reading this. Then was the old LCE (League for Civil Education) another gay, excuse me, in those days, homosexual group. It was the biggest in the early sixties until along came the SIR (Society for Individual Rights) group. It was the top dog group for many years. Other groups which have had a very profound effect upon the freedoms we all enjoy today, were the "Street Orphans" which were mostly a group of young lesbians who hung around the "hair-fairies" of the Tenderloin, who all were denied membership in the SIR group. They worked closely with Vanguard, a gay mens and "hair fairies" group which fought the police oppression of the Tenderloin...and let me tell all you "jonnies and jannies come-latelys to San Francisco", the Tenderloin WAS the capital of the gay world here for many many years and the people were all so very real. Then came along a disillusioned SIR member, Leo Laurence with his CHF... (Committee for Homosexual Freedom) and they took a few but dramatic actions in the old town. Then came the very mixed up and fused GLF groups, we had three of them two in SF and one in Berkeley. Vanguard was still alive then too, but to a lesser extent, but they had a common enemy besides the police...SIR. And they all gathered together to picket SIR functions and the pathetic bar owners group functions (Tavern Guild). And when GLF had "passed away" as did the CHF and Vanguard groups, the GLA (then for a while the GAA-Gay Activists Alliance) began. The GLA (Gay Liberation Alliance) was a thron in the side of the Tavern Guild which did nothing for the little gay, the poor gay, as did SIR, nothing for the poor or little gay. The GLA went on to picket everything they felt wrong in society. They participated in the peace marches, demonstrations against bigots in employment, the Tavern Guild's Beaux Arts Ball (that was an effort to get the exploitative bar owners to give money for gay

GLA (Gay Liberation Alliance) holding a City Hall demonstration against police harassment of Tenderloin drag queens.

social services which the wealthy Tavern Guild bar owners refused to do. When the GLA in co-operation with the Christ Chapel/Orthodox Episcopal Church of God, went and opened the Helping Hands Community Center in the Tenderloin with free job placement, free housing, free food, the Tavern Guild changed and began giving funds, not to Helping Hands of course, but to SIR, to begin social services which they did, but the GLA strategy paid off for the poor and low income gays and gay rights were truly becoming a reality.

There were other "Gay Power Pansies", some which just roamed all over the nation and into different groups who did their part in helping San Francisco to become what it is today. But we owe much to Hal Call of the old Mattachine Society; Guy Strait of the LCE; to Bill Beardsley, founding president of SIR; to Bill May of SIR; to Mr. Dorr Jones of SIR; to the legal brains who helped us to the late Frank Bartley for "dead ass" and into activist Bishop Itkin; to Dennis defunct Emmaus House; to Bob Ross; to Del Martin; to St. Claire; to Larry Little-Phyllis Lyon; to Louise to Karen Wells; to Jose Herb Donaldson; to Don to Rev. Howard Wells; to Maria; to Winston Leyland; to the GLA into almost five hundred demonstration, been beaten by the police and gay-sextroppers alike, busted twice, and is still keeping them all upset with this publication and his concern for the welfare of the "little guy"...the male prostitutes, those who use the sex-industry facilities which do not meet fire code safety standards, our own much maligned, Rev. Raymond Broshers (he said for me not to say anything about him, but, what the hell, freedom of the press Rev. Ray!?). We have a lot of weeds in the gay communities and not the smoking kind either. Pansy power is still blooming, for there are a few real gay liberationists in our city. But they are far and few between. The weeds are big and noisy, and have money and kiss-ass with the powers that would be or be in City Hall, but that is not what "Pansy Power" (Gay Liberation) is all about!

Today, the Tavern Guild with all its money and booze and sex-ploitation is making big noise; the two so-called "gay" papers which are real stink-weeds are hurting gay liberation today. In fact, gay liberation is fading fast. But, there is still a small cadre of newcomers in the city, who fear the older "Pansys" like Rev. Ray; but in their way they are helping keep the flame of gay lib alive. And it sure as hell is not the gay political clubs either. Whether you like them or not, Hank Wilson, Howard Wallace, Rland Schembari, Elmer Wilhelm Chris Perry (a real mouse type tho) and a few others can help if they only would, gay liberation become the reality it should become in San Francisco today. The Britts, Matloviches, and characters like them, are NOT of gay liberation, but of gay exploitation in a different manner than the Tavern Guilders like Friday, Ross, and those kind. Gay Liberation is alive and barely breathing, but it will breathe loud many of us feel and soon, and City Hall will tremble, so will Tavern Guild, so will "Senti-Bar" newspapers, as well as the sex-plooters. Gay Liberation (Alliance) confronts the essentially conservative "queens" who call themselves "gay".

Gay liberationist minded persons are the only ones who can bring gays back to reality. This bull-shit that "San Francisco must be an all gay city someday"! This hurts us badly with our natural allies. We must integrate, not try and "take over" like some of the assholes say or write, like in the "Senti-Bar" or Fata Fart from L.A. We must organize more thoroughly, co-operate with groups of different political philosophies. We must work to REPEAL laws on sodomy and oral copulation...not make them mis-demeanors. We must end and not legalize prostitution, laws for an against are wrong for it gives the police control in some way. We must encourage gays to move into other areas of the state, not just San Francisco, and to work to bring gay rights to Modesto, to Fresno, to San Jose, to Bakersfield. We must halt this "ghettoizing" in San Francisco and Hollywood. We must be a part of the entire state...that is what gay liberation should be all about. And we must work to halt the flow of drugs into our communities, for the police like us to have fucked upped minds. That is the way of the FBI too. And cool it some on the booze too. GAY LIB TODAY!

One of the few black gay activists, BILL BEASLEY, in a GLA demonstration against police harassment, at City Hall, with GLA proxy, Rev. Broshers.

"SEX, BOOZE & DRUGS ARE THE 'GOD' OF THE GAY COMMUNITY?".....

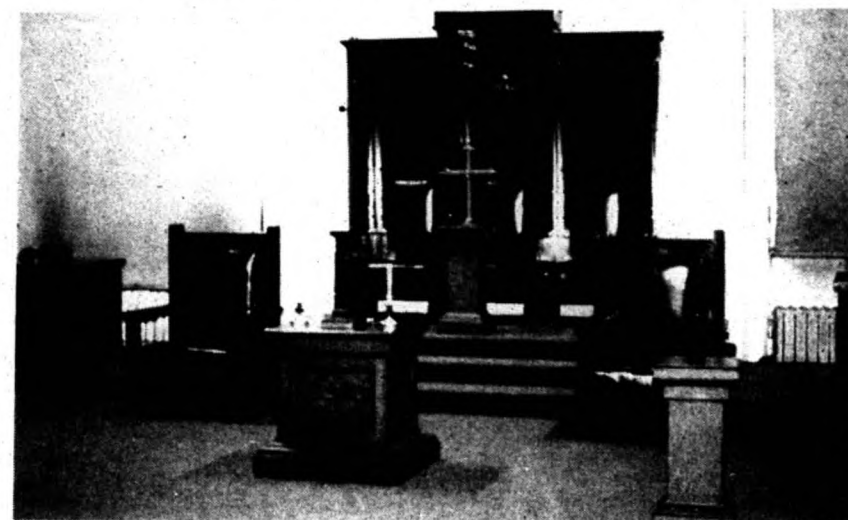

When you come up to the average San Francisco homosexual, ... number one of their mind is sex, asking in their minds if you will be "good in bed", etc. That is, if they even look at you. The older homosexuals, the fats, the uglies, all have to buy their sex if they are to get one of the sorry little "pretty boys" of the Tenderloin "meatrack" or one of the "Castro clones" or one of the Polk punks. Sex is number one, and tis

so wrong, but. Then, after sex, you have the homosexual who has to "hide" in a bottle because beneath it all, they have never really accepted themselves being homosexual. They are a sorry lot of people. Then you have the "drug crowd" which is not much different from the "boozies" as they are doing it to "cover up" or "escape" Sex has its place. Booze, will, in moderation maybe. And the only drugs one should take are those legitimate ones prescribed by a legitimate doctor for a legitimate illness.

CHRIST is the SOLUTION to all of your fears, your shame if you have it, concerning your homosexuality. The atheists are "banding together" to try and assure one another that Christ is not real, that God does not exist. They formed something pathetic called the Gay Atheist League of America. God have mercy on them and forgive them the evil they try and to to destroy man's salvation.

Eternal life is YOURS, each of you who read this, if you accept Him, Christ Jesus as your Personal Saviour. God is real, God is alive, and because He had mercy upon us, He sent us His only begotten Son, to die on Calvary's cross so that we might have life eternal. Thank you dear God, and thank you Jesus.

We here pray for all those who are "lost". Who are "hooked" on booze, drugs, and sex. We pray for all those who are lost, who are sick and afflicted. God loves each of you just as Jesus His Son does. Jesus is our Lord and Liberator and we urge you to accept him now. Join with us in the Church of God....accept Jesus today. rev. ray!

# CHRIST LOVES THE HOMOSEXUAL..... DO YOU?

'CHRIST DOES INDEED LOVE THE HOMOSEXUAL PERSON, BUT ALAS, TOO MANY OF THE HOMOSEXUALS DO NOT LOVE THEMSELVES, LET ALONE CHRIST, AND THAT IS WHAT WE MUST CHANGE!'.....Rt. Rev. Ray Broshears

"The cross awaits not only the individual person, but also society as a whole, the State or a civilization. In its application to social life, the Cross does not imply an acceptance of social conditions, but rather an acceptance of the idea of inevitable revolution and radical social change. It is a profound error to regard the Cross in a conservative light." (Nicolai Berdyaev)

The homosexual, has been the "whipping-boy" of the fundamentalist institutional Church for more years than many of us would care to remember. These "religious beatings" have left the homosexual person, the gay person, scarred mentally as well as socially. But, it is society that is really ill, so it has sought out the homosexual, the person who deviates from what society considers the "norm" and castigates them, "whips" them, holds them up to public ridicule, barring them from membership in churches whose very clergy were practicing homosexuality themselves.

But today, that "sick society" is "under treatment" and glory be to God, society is seeing that when Christ Jesus gave the call, "Come unto me ALL ye who labor and are heavy laden and I shall give ye rest," that Christ Jesus, our Lord and Liberator meant the Homosexual, as well as the blacks, the other third-world peoples, the blind, the one-eyed people. Christ came that we ALL might have eternal life, and not just the heterosexuals.

Being a homosexual is a fine thing, if you are truly a homosexual, and not a person who has had difficulties in their life which has caused them to rebel and to use sexual practices to shock and to retaliate against their family, etc.

The liberated homosexual, who is called a Gay, is a truly fine person, for they have no qualms or fears about being "found out" by family, friends, employers, neighbors, etc., as does the common homosexual, who is still "ashamed" of their sexual desires.

The transforming love of Christ Jesus touches the life of both the liberated and unliberated homosexual, and frees them from all guilt, from all doubt, and gives both types of homosexual a new spiritual lease on life.

Society and the institutional church as well as the so-called "gay church" too often present misrepresentations of the Bible and of what Christ Jesus was and is all about.

In this special section of the GAY CRUSADER, we shall present to you various thoughts and positions regarding God, Christ, and the Homosexual (Gay).

But remember this, CHRIST does love the homosexual. He loves me, and I am a homosexual, and I have found eternal life and earthly freedom and happiness through the all consuming love of Christ. and I truly trust that something written in these pages called "The Light of Understanding" will help you to find Christ, to find freedom and complete liberation.

### Cocaine

The principal active ingredient of the South American coca plant, cocaine is the strongest stimulant of natural origin. In the Andean highlands, where it has been cultivated since prehistoric times, the leaves of the plant are chewed for refreshment and relief from fatigue, much as North Americans once chewed tobacco. While most of the crop serves the needs of a domestic subsistence economy, some cocaine is legally exported to the United States. In this country the leaves—decocainized—yield flavoring extracts for cola beverages, and the pure cocaine extract supplies a dwindling world market for medical purposes. Cocaine as a local anesthetic has been largely supplanted by synthetic substitutes, its medical applications now mainly restricted to ear, nose, and throat surgery. While the demand for licit cocaine has been going down, the supply of illicit cocaine in recent years has been rapidly rising. Virtually all the cocaine available in this country today is of illicit origin. It is sold on the street in the form of a white crystalline powder containing usually from 5 to 10 percent pure cocaine "cut" with other white powders such as procaine, lidocaine, and lactose. It is administered by sniffing or "snorting" and for heightened effect by intravenous injection, producing intense euphoria with increased heartbeat, blood pressure, and body temperature. Due to the intensity of its pleasurable effects, a strong psychic dependency can develop.

### Phencyclidine (PCP)

Phencyclidine, developed in the 1950's, is now licitly manufactured as a veterinary anesthetic under the trade name Sernylan. Since 1967 it has also been produced in clandestine laboratories, frequently in dangerously contaminated forms. The prevailing patterns of street-level abuse are by oral ingestion of tablets or capsules, containing the drug in powder form both alone and in combination with other drugs, and by smoking the drug after it has been sprinkled on parsley, marijuana, or some form of tobacco. It is sometimes sold to unsuspecting consumers as LSD, THC, or mescaline. Reported experiences under the influence of phencyclidine are mainly nondescript or unpleasant. In low doses the experience usually proceeds in three successive stages: changes in body image, sometimes accompanied by feelings of depersonalization; perceptual distortions, infrequently evidenced as visual or auditory hallucinations; and feelings of apathy or estrangement. The experience often includes drowsiness, inability to verbalize, and feelings of emptiness or "nothingness." Reports of difficulty in thinking, poor concentration, and preoccupation with death are common. Many users have reacted to its use with an acute psychotic episode. Common signs of phencyclidine use include flushing and profuse sweating. Analgesia, involuntary eye movements, muscular incoordination, double vision, dizziness, nausea, and vomiting may also be present.

Sports time again!!!! Well, the poor old San Francisco GIANTS are IN T-R-O-U-B-L-E!!!! They have needed a manager for over two years so now maybe they will get one and a new general manager to go along with him. Auuugggh!! How a team with all that talent could be doing so badly!!

Over in Oakland, the A's are getting the pitching but no hitting. They should get rid of Mitchell Page for a couple other players. He is purposely laying back, trying to get even with Charlie-O-the Asshole! That is not team work, and he is only hurting his fellow team mates. But, the A's are improving, despite what that bitch IRENE sez!!!!

CSL SCORES.....Well, in a forfit, BUZZYS beat The WEB 7-0 (The WEB is the team the CSL asses "drove out" in a manner of speaking, for they felt they weren't good enough for the CSL, because the WEB wanted to play for fun.....well?)

The PARK BOWL STRAIGHTS beat the nearly straight MINT team, 9 to 1. The ole gang over at RAINBOW CATTLE COMPANY slid by SUTTERS MILL, 4 to 3. And pore ole OIL CAN HARRYS got the hell kicked out of them by the VILLAGE, 13 to 6. Everett beating Bob Charrot? Yucks!!!! And in another forfit game, SACRAMENTO "beat" DAVES BATHS, 7 to 0!!!! And the south of market leather boys of the AMBUSH bot beat (and loved every whip of the way of it) by the TENDERLOIN straights, 10 to 8.

Over in the GAY Softball League.....GILMORES without Sweetlips in the line-up, won another game, this time from the PHONE BOOTH, and it was 11 to 1. The ALL AMERICAN BOY (isn't that what the press said Dan White was?) beat the Steve cook gang from the BUNKHOUSE, 12 to 2!!!!

DELUXE in a wild game in more ways than one, with all of their MEN, defeated the URBAN COUNTRY kiddies, 11 to 1.....same score as Gilmores and the Phone Booth! EAGLE CREEK 33, HEART'S DELIGHT 0.....now listen guys, you could have at least let them have one run!!!!!! I hope those women really get it going and kick your asses either on or off the field someday soon.....that is a message to all the GSL!!!!!! And the YAGABOND, playing a weekend twosome, beat SAN JOSE, 10 to 9 and then went stomped the hell out of the Castro clones at the NOTHING SPECIAL.....23 to 2. MARK BROWN, are you still breathing dear???????

And lastly but not leastly, IRENE'S FABULOUS 40's .....LOST!!!!!! to the CAFE FLORE which has a couple of women on the team too, 12- to 10. Sorry about that IRENE!!! Yuck yuk!

ALFIES and the ROOKIES won't tell us who did what to whom, so they can both stick it in their ears!!!!!!

Well, the GSL and the CSL are both doing well, the GSL being the bigger and better of the two league.....of course, GAY is good, right kiddies?

The GSL is supposed to have an All-Star Game with the Fire Department, but we are not too sure of that, as the GSL Commissioner doesn't give us any info.....he likes the SENTI-BAR papers better than us.....guess they make better toilet paper than we do!!!!

HENRY SOARES of the FICKLE FOX is the only playing owner we see who is worth a damn. Henry, you really should practice up on your catching dear heart (and that is NOT Irene, damit!).

PAT TEMPONE of the HEART'S DELIGHT will be one of the coaches in the game that TONY refuses to put in our paper .....with the Fire Department.

The other coach, Mr. Sexpot, DUTCH GARCIA of the DELUXE will make the guys hustle.....whoops!...shouldn't have used that word, the SFPD Vice pigs might be reading this column too! They do the MOCKINGBIRD we know for sure!

The publisher of the CRUSADER wants to cast an official challenge to the CSL to put any team you name up against our all-star all-volunteer team of queens and we'll beat the hell out of you. Then you will spend all your time kissing ass with the girls from the "SENTI-BAR" paper(s).

Well, looking forward to seeing you all next issue.....TOM SHERCK....behave yourself! And RICH DODSON has best butch up his act-ing!!!! -----30-----

Editor:

I was pleased that you would show enough interest in my material as to place a personal phone call. As I believe personal awareness and curiosity are basic to real political beings. And in a sense the list of other attributes which constitute such a total being, is by and large my yardstick in measuring the depth of my fellow human companions. And it precisely this awareness that allows me to look askance at the bemuddled people who travel in the so called political circles in America.

No, Leon Trotsky is a perfect example of today's modern political leader. Yes, today's Leon Trotsky would be called - HARVEY MILK, Carol Silver or Harry Britt. And what that boils down to is a pidgeon paid by the powers that be to squawk a particular line. And the most sick aspect of this act is that the actor is not even slightly aware of the situation.

Leon Trotsky was no more than a fly on the wall when compared to Stalin. And if Leon Trotsky has any name at all today it is only because of all of Stalin's opposition Trotsky was the easiest to crush. And why? Because Trotsky was one man with no organization. Trotsky has no use for people. Many of his supposed friends had no trouble turning their backs on him and each other when it proved fatal to do so.

And so I find the life of Leon Trotsky instructive since it is a most perfect parallel and key to the understanding of the modern American political personality. But, let us not spend too much time on the trivia.

The most disturbing aspect of the modern world is its hell bent to industrialize. It may not be that industrialization itself is bad but the 'hell bent' has had some disturbing consequences for the individual: whether it has been the hell bent of the Russian or the American programs.

It is time that the political process was put in the use of perfecting individuals. Politics must be the organization and process which cares for, protects and promotes the growth of all people as individuals.

There are many profit seekers that feed on the destruction of individuals. For the most part these people are mis-directed individuals themselves. They are like our modern politicians.

I believe that if you pay particular attention to my campaign you will have a role model for 'real' political involvement. And I believe that this role model will become the criterion for such 'real' political involvement for centuries to come.

Of course to most of you this will appear as merely the far out figidgetings: an eccentric individual. However, to me, may acts are the most obvious evolutionary devices. But that is the nature of appearances which exist between the instructed and the uninstructed personalities.

After all the most brilliant minds of this century have ended their lives in contemplation of these sociological problems and so any aware mentality owes much to them. And yet even these minds were misunderstood by qualified intelligence, for one reason or another.

Dear Editor:

I am a real gay person and very proud of being gay. I have been gay all of my life. I don't go to bars or bath-houses to have to prove that I am gay. All of my family know that I am gay. Most of them are against me. But, I don't give a damn. I am not going to change for nobody. I am happy being gay and believe in God and I know God loves me for the way I am. I don't hide the fact that I am gay. I am very proud of myself and wouldn't change places with anybody. I am not into drugs and alcohol. To me that is being a copout. DRUGS IS WHAT IS KILLING OUR GAY COMMUNITY! A lot of gays can't face up to the fact that they are gay. So they drink and take drugs so they can try and forget what they are. I am very much against drugs. IF A PERSON TAKES DRUGS HE MIGHT AS WELL PUT A GUN UP TO HIS HEAD AND BLOW HIS BRAINS OUT! Because drugs is a slow process of dying. Most gays just live for the next drink and drug and for the bars and baths. They think that is all there is to life. Going to a bar at 6 AM and staying till closing time. To me they are hiding or running away from life. They are their own

worse enemy. So what is so wrong with being gay and letting the whole world know world it. Gay is good and beautiful. I accept myself for my ways. There is so much more to do than going to a bar and wasting time away. The GAY FREEDOM DAY PARADE will soon be here. To me this is just a big waste. Gays making a fool out of themselves. It has nothing to do with fighting for gay rights. Gay men with mustaches in full drag. Is this supposed to be fighting for gay rights? I am against this shit! Some gays get carried away with things. Heterosexuals think that all gay people want to look like women. I sure don't want to look like one. I have never went for women. I am sure that looking like one doesn't make anyone any happier. Me, I am a man and sure do want to look like one. Don't get me wrong, I have nothing against good drag queens who do alot for the gay community like Lee Raymond, Randy Johnson, Ronetta Fats, Empress Ginger, Blossum Sealey, Grand Duchess Frau, Lee Fredrick, Madam Leslie, Gin, and so many more.

These are beautiful gay people, also ones who are not drag like, Fred Townson, Mr. Jim (Gina's other half), Thad Home, David the Artist, Chris the former and best manager of the RED LANTERN, Michael Richardson, and so on. These are truly beautiful gay people, who give out everything they can with all their heart. These gays need to be put upon a pedestal. They do so much for the gay community and the elderly. All these good gays will be rewarded by God.

These gays show heterosexuals that there are a few good gays around. I am not afraid of getting old or dying. I know when it comes time for me to die, it will be beautiful, because I will be with God and I believe in God and I love Him and He does me also. Reverend Ray Broshers, u are a beautiful person and I am with you all the way. I believe in you and you do so much for the gay community. I love your paper and the articles you print. You are a real person and God bless you.

Before I close I want to pass along this little saying - Remember me and bear in mind a TRUE FRIEND IS HARD TO FIND, but once you find one that is true, don't change the one for the new. LET'S ALL START LOVING EACH OTHER AND TRY GETTING ALONG! I hope you will find it in your heart to print this letter. It may help wake up some gays to the fact that there is more to life than one own's selfishness, ego and endless search of sex-thrills. Keep up the good work CRUSADERS and God bless you!

Yours truly,

Editor:

I was not surprised nor shocked by the riot incident that took place last Monday night in front of City Hall. Although I do not condone such action, such action, I do know the whole thing was triggered by the anger and frustration the participants - gay and non-gay - felt because of the "slap-on-the-wrist" type of verdict that was bestowed upon killer Dan White. I am equally outraged, frustrated and angered about the fact that such enormous and morally obscene mis-carriage of justice occurred in a court of law! The whole thing makes a ridiculous mockery of this country's judicial system and greatly undermines and grossly violates all the guarantees that under the Constitution every citizen is entitled to. Such undeserving and lenient a verdict awarded killer White for the abominable and wanton murders of Moscone and Milk (it was murder regardless of what homophobes say) is most frightening, for it could entrench in the bigoted and hateful minds of homophobic heterosexuals the notion that it is "o.k." to go out and kill a fag or dyke and get away with it! It is a form of legalized murder!!! God knows, there is a large number of Dan White types loose in society (and in the SF PD too) just waiting for the right opportunity such as the verdict given to killer Dan White, to go out and commit another atrocity. Needless to say, the time is over-ripe for a complete overhaul and major reform of the somewhat dubious inconsistent so-called judicial system in California.

The loathsome crime committed by Dan White is murder most foul and the blood of George and Harvey is on the hands of all those responsible for the "whitewash" and vindication of killer White. God's justice will fall upon these people and there is no escaping it.

Us gays have been used and abused long enough and the time has finally arrived to come together and let our voices be heard so that we are not going to take it anymore. Let us tell all those opportunistic and two-faced politicians who use us for our gay votes, that we will NOT continue to remain as second-class citizens.

(Editor's Note: In 1975, the California and U.S. Supreme Courts ruled that newspapers are responsible for contents in even "letters to the editor", this is why we reserve the legal right to edit or prohibit some letters. rb)

That we, the gay community, who as a very important, significant and integral part of the socio-economic and political structure of this city and as equal and qualified as any other minority, we demand that in the future be included as jury members in all judicial proceedings pertaining to gay and non-gay criminal cases. After all, if we are good enough to pay taxes, vote in elections and join the Police Force, we should be good enough to also be included as members of jury panels, regardless of what the criminal causes might be.

As long as we gays allow ourselves to be excluded as jury members in judicial matters or have no responsible liaison representing us in the Police Department, such as a Gay Police Commissioner or a Gay Citizens Review Board, the abuses, the injustices, the violence and other heinous crimes against us will continue to go on unchecked and the likes of Dan White will keep on hounding us like a lion stalking his prey.

As I stated before, us gays and all with one common goal can join our forces and through the ballot box we can right all the wrongs that up to this day, society has bestowed upon us. Register to vote and do it now so that in the coming election in November, we can put out to pasture the likes of Feinstein, Freitas and Gain. The time has now come, gay brothers and sisters!

Respectfully yours,

## Clap Down on V.D.

No experience needed. No references required. No regard to sex, race, creed or background. V.D. wants to join you.

In our area thousands of people - just like you - signed on with Venereal Disease last year. Most contracted gonorrhea. And these applicants were analyzed according to either early warning signs or early detection.

In males, these signs are usually painful urination and unusual discharge.

However, in females, there are seldom any early signs. A woman with clap feels fine. Until she has pains in the abdomen and pelvic area. By then sterility has

probably set in.

But, if detected early enough, gonorrhea can be cured quickly and surely. In both men and women.

Unfortunately, epidemic numbers have ignored the early warnings and refused early detection. These people are spreading V.D.'s fringe benefits right now. Sterility, destruction of the reproductive organs. And with syphilis, there's blindness, paralysis, even death.

You have an equal opportunity to make sure V.D. doesn't destroy you. Just see any physician or visit one of two free V.D. clinics in the area. Now.

# Arlo Smith for District Attorney.....

On May 16th, Arlo Smith, Senior Assistant Attorney General of California announced his candidacy for District Attorney of San Francisco with many gays cheering this news.

Surrounded by a crowd of supporters, he said he was running because "San Francisco deserves to have the finest possible District Attorney's office and can have it with experienced leadership that adheres to the highest ethical and professional standards."

Smith has been in the Criminal Division of the Attorney General's office for over 26 years, and is an experienced prosecutor of every kind of case at every level of the judicial process and many know that he has the ability to do the job.

Gays from different walks of the scene here have come forth to work for Smith.

BLAST FREITAS

Arlo Smith stated that "the incumbent's record is one of failure (and this was before the Dan White verdict) and of broken promises."

Smith noted that under Joe Freitas the number of felony arrests that were NOT PROSECUTED was one of the "highest in the state."

Smith said that the problems in the office of District Attorney were the result of the "lack of leadership" by Freitas and because "Freitas let politics affect his conduct in office."

Candidate Arlo Smith blasted Freitas for his continual "press trials" where the incumbent would hold a press conference about some alleged misdeed, and then do nothing about it. He cited the MUNI Cable Car incident in which Freitas held a press conference and accused conductors of stealing from the fare boxes, yet did nothing in the courts. Smith pointed out that this was "not only fundamentally unfair to the conductors, but since then nothing has been done and the reputations of these people still remain under a cloud."

Smith cited in the infamous "Wheaties case" in which Freitas tried to prove that the Olympic star Bruce Jenner who does commercials for Wheaties, did not actually eat Wheaties. And of course Freitas flat out on his face in that "media trial". Also brought up by Smith was the Freitas media trial of the Emporium's newspaper ads for training bras for children and Freitas had charged them with promoting child pornography, which he dropped also. Smith is picking up gay and Third World support quickly. He has gays on his Steering Committee.

# PRIIDE...GET OUT

PRIIDE SEEKS TO VIOLATE AGREEMENT THEY MADE WITH THE REDEVELOPMENT AGENCY AND WANTS COMMUNITY SUPPORT FOR THAT ILLEGAL ACT.

On June 1st, the Pride Foundation, sent out a letter which began "Dear Members of the Gay Community" and the Gay Voters League sent us their copy as the Pride-ites don't send us anything except bad vibes here at the CRUSADER!

Larry Long, an attorney, who works as a paid employee of the San Francisco Bar Association, is the man behind the letter and the "brains" of Pride, legally speaking. Long agreed to an agreement that was made when they moved into that run-down building, that WHEN ASKED, at ANYTIME, to vacate they would do so...WILLINGLY, with no hassle and with all dispatch.

And PRIIDE PAYS NO RENT (except for \$1 per month) TO THE REDEVELOPMENT AGENCY....they have had a free ride at the expense of us, you and I, the taxpayers, at 330 Grove for almost 3 years, so now, with all that generosity, they should in the opinion almost all gay activists we have questioned....get the hell out of the building.

But, some feel that Mr. Larry Long the lawyer is out to get some publicity for himself. But attorney Long has no statement to make to the CRUSADER as of yet, he probably will after he reads this. But, PRIIDE is hurting the gay image by refusing to give up the building as they had agreed to when they first moved in at taxpayers expense. They have in ways, fought efforts to secure a real gay community center elsewhere in the city. PRIIDE has sued and sued and sued just about any and all there is to sue in a manner of speaking, the Gay Freedom Day Parade Committee, the City, and Lord knows who else.

The answer of almost every gay activist is that they should get out of the building at 330 Grove, let it become whatever the City wants it to become and then at long last the people who want to build a real gay community center will be able to do so.

PRIIDE lied in their letter that all people could use the Center whenever. PRIIDE has denied use to various legitimate gay groups, merely because they did not agree with PRIIDE or it's Board or it's Director(s) or it's President(s).

PRIIDE should R.I.P.....and let the gay community grow. They should withdraw all their lawsuits. They should send the city of San Francisco a letter of thanks for letting them have the almost free use of 330 Grove for 2 1/2 years.

They should thank all those who put in so much work and then because of some childish personality clashes were "tossed out" of PRIIDE or "forced" out. PRIIDE owes it to the gay communities, all of them, to get the hell out of 330 Grove as quick as they can. PRIIDE has become the gay shame!

into the street." Nine out ten times do nothing but generally but spread a hangover.

The exception, was, the night Mayor Moscone and Harvey were killed that situation was fraught with danger.

It took a great deal of efforts by many people behind the scenes to assure that peaceful march and assembly at City Hall.....Victories often follow defeats but there are those among us who would find victory in our defeats.....and we must recognize the difference.

There is so much going on if issues were tissues.....I'd sooner have a closet full of Kleenex.....and about the people at 330 Grove Street.....why don't they swallow what's left of their pride and move on.

# Golden Dildeaux Award

May 24th was an evening that shall be remembered by all who attended the annual Golden Dildeaux Awards at the Arena, 399 - 9th Street. The emcees, Randy Johnson, Bob Hendry and Tommy Thompson all kept the evening moving at a lively pace and it was a loose and happy event. Some of the winners were not present, why we don't know, but those winners who were present accepted their awards with great shock and joy. The big winner was Bobby Magan. He has won three Golden Dildeaux, ...."Paper Wedding Dress"; "Sleeping Beauty Award"; "Size Queen Award" and was second to Mayor Dianne Feinstein in the "Divine Miss "M" Award (Masochist), but as the Mayor has failed to pick it up, and Bobby was runner-up to the Mayor, Bobb was given his fourth Golden Dildeaux. The second big winner was the Rev. Raymond Broshears (our editor) who won awards for "Cocksucker of the Year" and "Blabidina" (For those who say they do, but they don't).

Beau, a bartender at the Arena won the Golden Globe Award (Best Ass) edging out emcee Tommy Thompson. The Golde Shower Award went to Church with the Rimless Glasses who edged out Randy Johnson of The Rafter. The Princess Tiny Meat Award went to Tommy Thompson, who edged out by a couple of votes, the famed Sweetlips (Dick Walters) of Gilmores. The Award for "Best Female Performance by a Male Impersonator" went to Bob Ross, publisher of the B.A.R., and current Emperor and Supervisorial candidate. ## BOOK REVIEWS

"THE GATES OF FIRE" Bantam Books, \$2.75 by Elwyn M. Chamberlain.

This is an exciting book! Erotica at its very best and is due to leave you with a yearning to head for the confusing cultural society of India. While there are the chilling moments in the book, we can assure you, that reading "THE GATES OF FIRE" will make you want to see it made into a motion picture, ASAP! Highly recommended fiction!

+++++

"RECREATIONAL DRUGS", Berkeley Books, \$2.50 by Lawrence A. Young; Linda G. Young; Marjorie M. Klein; Donald M. Klein; and Dorianne Beyer.

A dictionary of drugs! That is our only real comment on the book. It is fairly well put together, but to an extent it appears to glorify the use of drugs and should not have been published, but it has and maybe someone by reading it may know what kind of "shit" they are putting in to their bodies. Recommend only for the commonsense persons and not for youth!

+++++

"PICNIC ON PARADISE" Berkeley Books, \$1.75 by Joanna Russ.

This is a fine piece of science fiction by a woman who obviously knows what she is doing. We do recommend this book most highly. "Superb mind-writing" is our comment on the book.

+++++

"FAT IS A FEMINIST ISSUE" (A Guide For Compulsive Eaters) by Susie Orbach, published by Berkeley Books. Cost is but \$2.25 and well worth it. This is one of the better books on the subject of compulsive eating and while they do call it a "feminist issue", well, we don't exactly agree, for it is a "people issue", and the book is a must for every home. You will learn the difference between the stomach and the mind, and that is what the book is all about. Buy it and read it, and you will be the better person for it. Hats off to Berkeley Books for this fine piece of literature which is most helpful to all of us.

+++++

"THE GOLD DIGGERS", Avon Books, \$4.95 by Paul Monette. A novel!!! Hollywood of today is exposed, at least the bedrooms are to a good extent. The book is long, but, never really dull. The author knows what he is doing and he is good at it. He keeps your interest throughout. It kept me awake until dawn until I finished it. The book offers you sex, murder, mystery, comedy, color, which all add up for one hell of a fine novel and while the price is big, it is worth a-about three times that amount. It will be in my library forever.

+++++

"LOVERS" Avon Books, \$4.95 by Michael Denney. Sex!...that is what it is all about and it should have remained a short piece in that New York magazine...sorry but the author does not have the ingredients to keep one really interested for too long. Love? baloney! It is just so much corn and a lot of re-run sex. Avon has given the gay world a lot of good books, and the only thing good about this is the cover which is beautiful and will mislead many into buying it. A real soap-opera turkey!

+++++

"JASON IS LOVE", Federated Publishing Guild of Long Beach, \$12.95 by Christopher Scott.

Here it is, the book we have been needing and some of us have been waiting to be published.

It is so fine! "JASON IS LOVE" is not a sex book! And it is not just a simple love story. "JASON IS LOVE" is life, life that we all live, and in this novel you will find a bit of yourself!

"JASON IS LOVE" presents all the gay needs that should be found in a relationship. The confusion of a man who does not know what he is and then when he finds out who and what he is, is too too beautiful the way the author, Christopher Scott has done it up. "JASON IS LOVE" is a "people book"....it is for YOU and it is for ME and it is for THEM, and the OTHERS too! In simple words, this book should affect each of us who read it. Do you know what love is all about? of course you think you do! But, read.... "JASON IS LOVE" and maybe you will see a new meaning which may help you to be a happier person....one thing is for sure, you will enjoy the book much and that is happiness for sure!

+++++

"THE GAY REPORT: Lesbians and Gay Men Speak Out About Sexual Experiences & Lifestyles." Summit Books \$14.95. by Karka Jay and Allen Young. It is a hardcover about a hard subject.... and unfortunately for Summit Books, it is shame that they choose Karka Jay and Allen Young to do this book, for it does not meet what the title intended. So much praise has come forth for the book thus far, from the so-called gay leaders of the east coast, particularly the radical leftists! In our humble opinion and the opinion of two we had read the book..... "it stinks!", so save your \$14.95 and give it to one of the gay community centers or some gay charity and save yourself a boring time and help out something worth-while!

+++++

"THE TWO OF THEM" A Berkeley Book for \$1.95 by Joanna Russ. Science fiction has found a new writer in the person of Ms. Russ and her first book, "The Two of Them" shows a lot of character. It is different. Mystery, intrigue, and even murder, all into the umpteenth century. Truly, the authoress has found a new key which will find many fans for her novels. There are parts that are slow, but basically she has found a style that will attract new fans. The way she presents the excitement and the intrigue of the era is excellent. If you get a chance to buy a copy do so.

+++++

"IT TAKES A LONG TIME TO BECOME YOUNG", A Berkeley Book, for \$2.25 by Garson Kanin.

This is one of the finest books ever written on growing old. It is a book every young person should be forced to read and it should be in every library. Truly, Garson Kanin shows all that nothing is wrong with growing old. He shows the joys of growing old and gives forth with a reminder that life does not end at 65 or 85 or 45. Garson spent a lot of time putting this together. We strongly urge every reader to take time out to spend the \$2.25 and read the book and then pass it on to others. Fantastic, thank you Garson!

LEE...a nice name if you stop in at KITTY'S in the Caravan Lodge bar, for he is one fine guy and one fine bartender. And he is handsome too!

BUT...LEE at the CHURCH STREET STATION'S Hide-A-Way Bar should be hidden from view. He is nasty and should be one of the dishwashers instead of a bartender! A bit of P.R. goes along way...right TOM WADDELL?

Oh yes, that guy as the right here, or excuse me, above now, is the LORD HIGH EXECUTIONER CLARENCE and he and the rev. ray are NOT at odds with one another like some have tried to make them out to be...and HE didn't write that letter LEONA you said he did about the rev. ray. LEONA, you are a bi-i-ch!!!!!!

Below here is some scene from the SOUND OF MUSIC...the muscle guy is a bar-

tender and looks much better in the face than the pic shows him and he is a nice guy too...just ask the Flying Nun!!!!!!

TYRONE is holding on to PAUL!!!!!! SEAN is holding on to the FILM DEN and his doggie too! Right BRIAN?

Not much out of the old NEW BELL these days...dunno anything new there, just the same old faces!

THE PENDULUM has become a stud hang out in the past couple of weeks...I know someone who pick a guy up for twenty!

Rumor hazzit that the baths on Turk will NEVER get a permit...so sez the SFPDers on the beat and from the top brass...those Campbellites never rest. Stick your threats up

your you know whats...TOM HORN, are you reading this too???? Hope so, for we tape record all such shitttttttttttt!

"GOOD BYE JOE...YOU GOTTA GO!" is a saying given to us from lawyer B.J. BECKWITH concerning a certain DA!

Don't forget...you all have to be at the demonstration against FREITAS at the Hilton Hotel, Tuesday night, June 12, at 6:16 PM at the Mason and O'Farrell entrance. He is having a \$125 a plate din din for his campaign kickoff! Let us help kick him off the DA's office!!!

At the FICKLE FOX they have a RICHARD BROSSARD working as a dishwasher. Strange chile!

BOB GEARY for SHERIFF? YES!!!!!!

E. LEE CLIFTON has a "Baby"...yes a live one!

ALMA of the SPARTAN, didja have a visitor from Data Boy recently on an urgent "mission"?

"At your left here, but not on the left is the fabulous FLAME also known as CHUCK BAYLES who has gone back together with VINCE! Great just great...they are both fine people and shame on those or that one(s) that came between them. Happiness always to both of you very fine people!!!!!!

Nasties on the folks out at the I-BEAM...trying to pull a fast one like you did on that afterhours permit...but once again you were stopped! Why don't you all try opening one up in a non-residential neighborhood?????

Why did IDI AMEN take 500 people into the jungle and kill them? He wanted to keep up with the Joneses!!! Augghh!

ALAN FERGUSON of the ARENA had a lovely trip to the Russian (non-communist) River of California with four Golden Dileux Award winner, BOBBY MAGAN (of Portuguese descent).

Did H.L. FERRY of the FRSCO buy the BLUE & GOLD in the Tenderloin? Dunno except he sez he did...let us wait and see who opens it and who is the money behind it!!!!

Didja know that BOB CHARROT receives obscene calls at the OIL CAN HARRY's disco and luvs 'em????

Well for you Grand Ole Opry fans you all remember the late Duke of Paducah...well, we now have out own Duke...a Duke of Polk of the Duke of Paducah?

who is this Duke of Polk? ALEX BUIEL who is still working at the bar at Golden Gate and Leavenworth last time we heard! ROSE I is back at the 'Scarlet' LANTERN Saloon!!!

Pictured at the right here is the lovely GINA our own Miss Gay San Francisco who is seen all over the Tenderloin these days and don't ask JIM whose tenderloins they are either!!!

Happiness to a real cute two-some, GINA & JIM!

EMPRESS GINGER and some Tenderloin barmaid came in last in the MINT's 8th Annual Trycyle (try is what some did too) Race on the legal Memorial Day. The Mint did away with the popular bathing suit contest, shame too for some had come ready for it! The winner of the race was OIL CAN HARRY's which is a big surprise and we are puzzled!

HAZEL (Hank Welch) of the CHURCH STREET STATION and sometimes the "P.S." has been (he is?) to Mexico again...on one of his infamous "chicken hunts". This time to the city Matlazan. Why not that "other city" HAZEL?

Why don't people tell any Jonestown jokes anymore? The punch line is too long!

BOBBY MAGAN of Russian River fame, is a real Rhode Island Red! He has about 10% or so you know what according to JC!

BOBBY won the Divine Miss M Award (Golden Dileux) because he was runner-up...the winner hands and feet down didn't show up to win...Mayor Dianne Feinstein, of Room 200, City Hall.

The Century may never come! That is the word from City Hall and the City Attorney...happiness you Los Angeles fags!

JC Corbett of the ARENA finally found his Robert Redford! But he had black hair...what can you expect of JC, the Great White Hunter! By the way JC, did he have an "afro"? That is black hair dearheart!!!!!!

Food at the FICKLE FOX is still very good...if you don't believe me, just take a hike out there one evening...or now, they are open for luncheons too!!!!!!

TERENCE HALLINAN for Supervisor in District 5 is the growing words we are hearing. More and more gays are jumping onto his bandwagon. Compared to hazy butt, he is super-pro gay, as hazy butt is too busy being a socialist and a trouble maker at city hall with all of his approval of the riots at the City Hall...just like the BAR did!

Oh yes, the guy with the cigarette in his mouth, so handsome so sexy, so everything is DIXON of the "P.S." world's finest gentleman!

And at your right here is FANNY of the SOUND OF MUSIC singing.

All you ROY HARNETIAUX fans get your fannies out to the LE DISQUE at 1840 Haight Street to see and drink with him as well as dance your ass off at one of the finest discos in town. DICK NELSON is the manager...get your buns in high gear and dance some of them off at LE DISQUE, home of GEORGE BANDA and others. ROY is still nicknamed as... FAYE-ROY going back to his old House of Harmony dance!!!!

The Portugal Frick as he is becoming known about the ARENA, and that has nothing to do with his personality but with his SIZE of you know what...JIM SILVA (Mr. 84) is tending bar there lots of these afternoons, and he hails from all places, Sassyto over in Marin. He is but 26, which is so very young when compared to a former afternoon barmaid who is no longer there but now at the UNCLE BILLY'S WILD GOOSE! JIM has been at the ARENA for a month and is now... His "other half" or 3 1/2 years (such a longtime) is KATE!

KATE is also known as TERRY THOMPSON the assistant manager of the ARENA and dips into "things" at the PLUNGE that'll gay and nude gay outdoors swimming pool on 11th Street (heated too, when it is necessary).

So when you see JIM at the ARENA, just call him FI!

KIMO has just had the umpteenth birthday on June 6th...happy birthday OLD man! Dear KIMO, he is so sweet, so kind and so gentle...at least until I wrote this!

Shame of the year to all those guys who gave our city a bad name with the attack on City Hall on May 21st. It did not bring HARVEY or GEORGE back nor now did it change the verdict. All it did was hurt our image with many of the people we need. After all, the black power pederot after Watts remember harry shitts and your followers!

That pic of GINA just bumps over into our column here...there is no holding that child back.

Rumor hazzit that LEE RAYMOND is GOING TO RUN FOR EMPRESS...LEE has not said yes...as he is not allowed to, but he said he is certainly considering it...stick that in your blonde tammy wig KIMO!

And while on the title topic, say JC UNNINGHAM at the Golden Dileux Awards... He said he is indeed interested in running for EMPRESS...we don't know if he is now, that is for sure!

At your right here is the QUEEN OF THE TENDERLOIN FOREVER and the EMPRESS (EX) OF SF...she has done other than the QUEEN MARY'S own...let me see, now, uh, hmmm, geees, I've forgotten her or his name, but he is at the QUEEN MAY FUB in the Tenderloin...right across from the Pleasure Palace and MAI TV (TYRONE)!

Have been into the RED EYE LOON? Well, you haven't missed much as far as we can see. Just all of...well, we have to be kind, after all...DAVID STOLZ works in the morning. Go see him, and give BOO hell for not allowing our papers in the RED EYE!

WALTER CAPLAN wants a pay raise...so what's new????

At your right here is Rev. Ray Brothers doing a picket... He sure is not one to allow the cops or the papers get away with anything. He has been on TV news lately, and he sez he was deeply upset at the City Hall riot but he wants the cops who raided the Castro (Sgt. ED EPTING) and his whole hell-raising bunch fired from the SFPD! Rev. Ray recently had the state duty to turn away nearly 70 elderly women of the Tenderloin from a scheduled senior luncheon as the auction raised no money and several gay bar owners who asked, refused to give one dime to try and save it...they thought they were hurting Ray, but they only hurt 70 elderly ladies...aren't you bastards proud???

Rev. Ray began the luncheon back in 1969 and regularly goes into the various city offices to help the elderly, something the drunks who "plays" with the elderly can't do, all they want to do is "use" the elderly for their "royalty" shit!!!

God have mercy on the souls of each person who caused those elderly people to go hungry that day...can you sleep well?????

The gay at the right is CHUCK (I can't spell his last name). He is being seen more and more about town...wonder if he is planning on running for something besides a bus or streetcar?

Watch that face, and do give him every consideration for he appears to be a worker in our world!

\$1.65 per well-drink at that Boston owned disco called "STUDIO WEST". A buck sixty-five? YES! And they also have a door charge of \$5 a person. Beer is \$1.25 a bottle. Well...that is that "east coast money" for you. We would urge you to saycott it please!

UNIONS ARE COMING...at least this is the word from the newly elected head of LOCAL 2. He sez he will unionize all gay restaurants and bars by the end of 1980...WOW! And just think, Tavern Guild has that "thing" as president at a time they need a BAR OWNER as president, after all he is only a bartender. Tavern Guild Board elections coming up soon...PLEASE...elect only the bar owners to office or persons who are anti-union.

BRUCE FETTIT one of the finest gay news writers in the history (thus far) of the gay journalistic field here, has left the BAY AREA REPORTER and gone over to the SENTINEL. Good luck BRUCE...also GEORGE MENDENHALL has left the BAR

That is EMPRESS GINGER smiling at you from the left here. She will be giving out her Court pins at the next meeting we hear tell.

TONY DESSETTI called the Flying Nun at 7:30 AM the other morning and got a sermon on the recorder!!!!

MOST HANDSOME OF ALL MEN in our city is a daytime cashier at the NOB Hill Cinema...TERRY HERZBERG who hails from LAKE TAHOE. He is a young super looking man...hot hot hot and more hot is the only way to describe TERRY HERZBERG whose picture should be on posters on every gay living room wall in the city. And you can see him daily (think) at the NOB HILL CINEMA...TERRY anything you want...anything, anything, anything, you have won my heart, you have won all 250 lbs. of me! Anything for you TERRY, do you read me loud and clear? Honestly people, do see him...he is so a very polite young man...let us hope he doesn't ever change!!!!!!

PAUL HARDMAN is gone! May Pride now Rest in Peace!!!

At your right here is the stud ROBBIE...if you see him, grab him, you won't regret any of the 8 or so inches plus all of his muscles and he is a topper!

D.J.'s is the hot new disco in the Castro...the old Todd Hall all redone up nicely...dearhearts!!!!

By the by, the Bay Area Reporter is moving from their unsanitary headquarters at 1550 Howard to 1528 - 15th Street. Well, let us hope they will have a toilet that works...hot water to wash the ole hands, and all those modrun facilities there. By the by...didn't that facility belong to PAUL BENTLEY????? Seems to me PAUL was going to begin his own paper but change his own paper.

Understand that GEORGE HANSON or is that "EN" is back on 17th with ALAN MORRIS!!! Wonder what new erotica will come from them???

AL HANKEN is back in town and doing well at the END UP a fun place disco!!!!!!!!!!!!!!

RONETTA FATS is missing in this issue...guess Bill Toland won't let him write anymore!!!!

MICHAEL PERVERT is going swimming at the ole PLUNGE and he and others reported back that the place has some really huge ones...if you know what I mean?????

Are there any closet-queers over at Channel 7 the anti-gay station??? I so, contact us, we want to help set up a TV underground!!!!!!!!

MICHAEL BROWN who is working at the LEATHER WORLD...they make the best leather vests in the whole state and the best of much other things in the whole wide city. It is on Larkin Street (between O'Farrell and Ellis Streets). Do drop it, for JAMES will love you for it and please buy something while you are there.

Saw BOB SCHMIDT the law librarian for the D.A. at Feinstein "kickoff" and he just had to stay on the other side of the room. Interesting!

There were more Police and City Hall workers at Dianne's kickoff than there were supporters, and most of them live out of town and not even vote here...poor DIANNE FINKS!

JO DALY & PETER NARDOZA are doing all they can to help destroy DIANNE's chances of getting real gay support...hats off to them!!!!!! They both work for her and may be homos!

GEORGE of GOOGIES went out of his way to avoid the Flying Nun on June 1st...something that will not be quite forgotten!

Do see that hot singer at the QT on Polk Street. She is really good. And please...avoid the PALMS like the plague...it is owned by a straight!

Above is the famous E. LEE CLIFTON of DATA BOYS MAGAZINE. He is such a sweet boy that we just had to let the whole wide gay world of the bay area see what she looks like...look at all those dimples and chins...isn't he cute?????????

Who the hell is JERRY E. BERG the fag lawyer appointed to DIANNE'S "Witch hunt Committee"? No one ever heard of the closet jackass before!!!!

CHUCK MORRIS of the SENTINEL was also appointed to the "Witch-hunt" Committee. Should be a field day!!!

Dear CHUCK...are you going to have one of your reporters arrested for urging people to throw things at one of our reporters?????

Don't forget kiddies, GAY PARADE time is about here...the last week of the month on the last Sunday, June 24th and it should be a biggie, believe me you a real biggie!!!!!!!!!!!!

At the right here is a potential candidate for EMPRESS, movie columnist...LEE RAYMOND, who is famous for his so many costumes he makes on his own sewing machine...LEE has done so many of the shows for the veterans at the Ft. Miley Veterans Hospital, and done so many of the luncheons for the elderly for so many years, as well as so many other charitable things. He is truly a number ONE person in our community. He is shown at the left here as Miss Lithuania at the Gangway, the same time as when the late Supervisor HARVEY MILK (a former Crusader columnist also) gave JOE ROLAND the award you saw on the front page.

Well, don't forget to support OUR senior citizen luncheons. And don't forget to be nice to everyone!!!!
