"Our 8th Year"

Grand Jury Investigation of the **NO APOLOGIES! May 21st Riot**

The above photo of the controversial "t-shirt" being sold by the May 21st Defense Committee, was taken by the Boston Gay Community News, Sept. 15th. To date, few of the controversial shirts has been on the streets of San Francisco.

The election of Harry Britt to the Board of Supervisors may hang on statements regarding the May 21st "gay" riots at City Hall, allegedly, to protest the light sentence of former Supervisor Dan White who got only 7 years for two assassinations, (Mayor George Moscone and Supervisor Harvey Milk).

The new Grand Jury, as the former Grand Jury, has brought before it various people who were at City Hall the night of the riot and those who had information on the "conspiracy to riot" that May 21st night. Harry Britt, an appointed Member of the Board of Supervisors, defended the riots, on numerous occasions, much to the shock of many gays. Britt has repeatedly told people that he "had no regrets" about the actions by the rioters that night. He has told people that the anger that gays felt at the verdict had to be expressed. He said he would not apologize for any statements that he has made about the riots.

To which attorney Terence Hallinan, who has "credentials" in the field of radical politics, particularly at San Francisco State in 1969 and other areas, has replied; "If Harry Britt is re-elected to the Board of Supervisors, following his conduct at City Hall (May 21st), it would be like electing Nero to the Roman Senate after Rome burned."

Britt was brought before the Grand Jury this past summer, in fact he was number two to testify, and he was followed by the Rev. Raymond Broshears who testified also. Results of the testimony will not be known until the Grand Jury completes its report on May 21st.

Many gays, in fact a good majority are very angry at the so-called "May 21st Defense Committee" for its issuance of the t-shirts which they are selling showing a burning San Francisco Police Car and the words, "No Apologies!", "May 21st, 1979", "San Francisco". This t-shirt sale by the "committee" is allegedly to raise funds, but many gay activists have said "it is more like to raise hell and bring down further troubles on our heads".

Most gays have expressed sadness and dismay at the actions of the gays and straights that night at City Hall. The damage to City Hall, the brutality which followed, all makes May 21st, a "night of infamy". What the outcome of the Grand Jury will be, is only speculative at this time, but many feel that if they hand down their verdict before the election in November, that Harry Britt will be a sure loser.

Britt, whose campaign is in trouble, what with two gay challengers and two "straight" challengers going at him head on (when they can find him, one candidate complained), and that is something Britt tries to avoid, direct debate with the other candidates.

Many gays have charged that Britt "is using Harvey Milk's ghost to try and get elected because he can't do it on his own merits!"

Britt's campaign became a bit more controversial recently when reports began circulating that he lived with E. Lee Clifton (Richard Elmon) when he first moved to San Francisco, from Texas.

THE "REV. RIPOFFS" ARE BACK IN TOWN

"rev." Richard
"Dick" Price.

"TRIXIE", "REV. PIGGY PRICE" BACK IN BAY AREA..... Richard T. Price, who is with the United States Mission/Church of the Androgyne, Atlantis House, etc., is in the Bay Area, and is seen hanging out in H.L. Perry's bars, the Frisco on 6th Street and the Blue & Gold on Turk Street.

Price had to leave San Francisco along with Robert Humphries who is called "Rev. Rip-off", and Price was known as "Rev. Piggy-rip-off". This is because of their "charitable" fundraisers in which thousands and thousands of dollars went unaccounted for. Such groups as the California League for the Handicapped, San Jose P.A. L., as well as the Knights of Columbus and a host of smaller groups all found that the funds solicited in their names by Price and Humphries did not find their way into the organizations hands, but into the pockets of Price and Humphries and their solicitors.

This time around Price, if he is allowed to stay by the Consumer Fraud unit, will find even door to door solicitation a bit difficult as well as his telephone solicitation, for now in San Francisco, unlike before, a Charitable Solicitations Law is in effect and you have to have a permit from the SFPD. One of Price's old partners, a Karl Bowman was recently denied such a permit and packed up and left town for "greener" pastures, like Sacramento. All gays are urged to be on the beware side. The Denver Phone Company wants Price!

GUILTY

Richard Elmon, 3 Years!

OWNER OF MALE MODEL/ESCORT AGENCY FOUND GUILTY OF FOUR COUNTS BY THE JURY AND SENTENCED TO THREE YEARS

E. Lee Clifton, 57, owner of the long established and respected, "Richard Elmon Male Models" was convicted of two counts of pimping and two counts of pandering by a Superior Court Jury and on the 31st of August in Dept. 10 of the Superior Court, Judge S. Lee Vavuris imposed a sentence of three years of each count, to run concurrently, which is to say that Clifton got three years, but the Judge suspended 2 1/2 years of that and gave him 6 months in the County Jail, with 30 days off for time-served, and three years probation. Clifton has filed a motion of appeal to the District Court of Appeals and is free on bail pending out come of his Appeal, which could take as long as six months or so. He was given an extremely high bail of seven thousand dollars.

The Judge, S. Lee Vavuris, shocked the courtroom spectators with his "sermon on the Bench" that early August morning, preaching at Elmon and at the few concern gays in the courtroom. His behaviour was outrageous and the statements bordered on the silly-side. But he did come off as an "Anita Bryant in a black robe with white hair", was the comment one spectator made as he strode from the courtroom.

All who sat through the two week trial by jury, agreed that defense attorney B.J. Beckwith made a fine defense, but the prosecution's case was too heavily stacked against Elmon Clifton. The SFPD Vice cops had seized tapes at the home of Elmon Clifton, and these tapes of conversations between Clifton and alleged clients of his Escort and Model business (now defunct), were played before the Jury, much to the obvious dismay of the defense. One courtroom spectator commented that Elmon Clifton "needed a Rosemary Woods" (ala Nixon in the White House tapes affair). Then three of Clifton's former models testified against him, including the one who turned Clifton into SFPD, a Marty Conway.

Elmon Clifton was not contrite at his sentencing at all, and was very hostile to even those who had shown support for his case.

647a P.C. Declared Constitutional by Supreme Court

HIGH COURT UPHOLDS STATE LAW BANNING LEWD CONDUCT.....State prohibition of solicitation of "lewd or dissolute" conduct is constitutional, the California Supreme Court ruled on Friday September 7th. (Pryor v. Municipal Court, L.A. 30901.) The decision was written by Justice Mathew O. Tobriner. The court said: "Defendant Don Pryor seeks prohibition to bar his trial on a charge of violating Penal Code (PC) section 647, subdivision (a). This section declares that a person is guilty of disorderly conduct, a misdemeanor. 'Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view'. We agree with the defendant that the phrase lewd or dissolute conduct as construed by past decisions is unconstitutionally vague.

"If however, we can reasonably construe the statute to conform with the mandate of the specificity we should not, and will not declare the enactment unconstitutional." "Consequently, rejecting prior interpretations of this statute, we adopt a limited and specific construction consistent with the present function of section 647 a: we construe that section to prohibit only the solicitation or commission of conduct in a public place or one open to the public or exposed to public view, which involved the touching of the genitals, buttocks, or female breast, for purposes of sexual arousal, gratification, annoyance or offense, by a person who knows or should know of the presence of persons who may be offended by the conduct. As so construed, 647a, complies with constitutional standards; we therefore deny defendant's petition for writ of prohibition." Pryor had allegedly solicited an undercover vice cop in Los Angeles in 1976. The jury deadlocked and the Court declared a mistrial, thus the appeal to the Supreme Court, which upheld 647a. Another gay publication had a front page article which said it had been "overturned", which is false. Nor had it been declared "unconstitutional" as the other gay paper so stated. Paul Hardman was the author of it.

Anita's Influence in South Bay

57,000 signatures were gathered in three weeks by a group of fundamentalists to repeal the recently enacted gay rights ordinance in Santa Clara County. This initiative would be on the June ballot, unless the Santa Clara County Board of Supervisors decide to repeal their own actions.

Also another, and separate ordinance for gay rights was passed in San Jose, but there another group has been formed to repeal that ordinance also.

Gay activists in San Jose are in a tizzy over the actions, but all are confident they will win in the City of San Jose. And Dan Relic, editor of a publication called the Lambda News stated that they would be successful in halting the County repeal effort also. Many believe that Relic is correct on the San Jose ordinance, but on the Santa Clara ordinance they believe he just doesn't know what he is talking about. Relic and some woman from the Susan B. Anthony Democratic Club try to compare this housing and employment ordinance with the Prop 6 teachers issue saying that the citizens would not repeal, based on the Prop. 6 vote...but the issues are not the same one gay in Sunnyvale pointed out, and she expects the County ordinance to be defeated at the polls, but the San Jose ordinance to win.

Relic, who has been "out of the closet" but five years, is a candidate for the College Board in the South Bay.

Rev. Ray Broshers

"A GAY POLICE COMMISSIONER?".....YUK!!

Mayor Dianne "Flip-flop" Feinstein, the "Duchess of Pacific Heights", in one of the most blatant patronizing acts of her career, announced on Sunday to a hand full of gays at a Toklas Club meeting, that she would appoint a gay person to the SF Police Commission....IF..... she is elected Mayor! It was only five weeks ago that she said that she would not be pined down on such an appointment, when she spoke to some gay bar owners. Truly, Duchess Dianne does deserve the title of Mayor "Flip-flop".

So what Duchess Dianne is doing, is BUYING the Gay Vote!! That's right, BUYING.....b-u-y-i-n-g.....the gay vote....or at least attempting to do so.

Longtime San Francisco gays who are honest hard working and retired, will not fall for this cheap bit of political corruption, but the newly arrived "eastern queens", oh yes, these "clones" eat this crap up, and will more than likely "buy" Duchess Dianne's trip to "buy them". But, the majority of gays and San Francisco residents we are sure will reject Mayor "Flip-flop" come November 6th, and put her back in her "Lesbian Garden" in Pacific Heights, holding lesbian weddings and teas.... which is where she belongs!

Lee Dolson, a gentleman, an honest politician, a man who cares very much about his family and the city. But, we feel that he just misses that needed concern for ALL of San Francisco.....meaning the poor. We truly were hoping that someone qualified for the office of Supervisor in District 9, would come along. But they didn't. We said that we did not feel that we could support Lee, but since no one else has come forth who is qualified for the job and since Lee is an honest person and can be a great Supervisor, IF he begins to listen to others..... we mean other people than just those who "tickle his ear", telling him what he wants to hear. He is something like Dianne Feinstein in that regard. His aides keep him from those who might "upset" Lee with the truths, and that doesn't help Lee become the fine Supervisor he has the potential to be, but hurts him and gives people the wrong impression of Lee.

We have to urge that you do all you can to re-elect Lee to the Board of Supervisors in November, and work and pray that he will change his advisors and begin listening to all segments of the community.

His opponents are worth the time to even mention their names. November 6th.....vote for Lee Dolson in 9....he is fine. Well, sort of.

The shame of the gay scene here is the total failure of the gays to enforce and support the boycott of the Florida citrus products (orange juice, etc.). And also to boycott the State of Nevada. Several gay bars and one Polk Street bar in particular, offer "bus: trips to Reno" to gamble and whatever. They are helping to oppress our gay sisters and brothers in Nevada by helping Nevada anti-gay businesses with their dollars. The Tavern Guild and the Council of Emperors both have violated the boycott of Nevada.....shame! The boycott will help to force Nevada legislators to pass the ERA and halt the anti-gay legislation there and bring about gay rights in that desert mountain state. What about YOU? Are you joining in the boycott? If not, you are a big PIG, a fascist pig who sells their brothers and sisters into bondage. Think about it you so-called gay leaders. And all of us gay rank-'n'-filers had best get our rear ends into gear and make them "think".

Britt and Milk, Britt and Milk, "my friend Harvey", is all you can hear out of the mouth of Harry Britt. It is so obvious that if Harry Britt didn't have the "body of the Late Supervisor to drag around with him to campaign....he wouldn't stand a chance", is a remark that we hear more and more.

Harry Britt has thrown his Britt-shit upon the memory of the late slain Supervisor, by surrounding himself with all the people who did the greatest of evils to Harvey.... and five of them were on Harvey's "famed enemies tape recording" list. This shows that Britt with his shit has no respect for the late Supervisor. When Britt and his shit first came around, many snickered, but he has only increased with it, throwing it here and there. We would remind the appointed Supervisor from District 5 that Harvey is dead.....please, let him rest in peace. That is something that Britt's 'lil shits, like Foster, Fitch, Daly, DeYoung, Rick Stokes, etc., would not do when he was alive. And to all you NEW fags in 5, remember some of us supported Harvey the first time out, back in '73 and we didn't see you.....right Elmer? —30—

The "Dealer" is anEXECUTIONER!

"SPEED" DEALERS & P.C.P. "DEALERS" ARE KILLING ANYONE WHO BUYS THEIR "PRODUCT(S)!"

Many people cannot understand what is going on about them, and many times this is because that person is "addicted" to one of the many different "drugs" that abound in our "streets" and in our businesses in San Francisco. Alcohol is a drug....just as heroin is a drug. The mind-altering drugs, such as PCP (Angel Dust....which means the more you use it the better your chances are of ending up dead....angel.get it?), and SPEED are taking their toll in the community. The dealers, many of them are planted and supported by the San Francisco Police Department and the Federales. What? you say!!!! Oh yes, they (the SFPD, etc.) supply their "finks" and "stoolies" plenty of the drugs to sell and to use, just so they can keep them hooked to them and to the drug which they supply. This means the cops keep a strong hold on their "information sources", irregardless of the "price" to anyone. Afterall, its no skin-off-their-nose....so to speak.

Speed, which is an amphetamine, which includes dexedrine, benzedrine, dextro-amphetamine, methamphetamine, desoxyn, drinalfa, d.o.e., methedrine, norodin, and syndrox.

This is the top killer yet. It kills more people in a year than does guns. The reason most "users" of speed don't notice what it is doing to them, particularly if they are young and have healthy bodies, which can take a lot of stress and strain before they finally give in to speed's effect, is that while they change, pep up, and they think they act the same as before they took the crap. But they don't, particularly if they are "weekend", or doing a "run". Even the most casual observer can see the difference in the persons using speed. The speed user doesn't want food, and they find it almost impossible to eat solids. They find sleep very difficult also, if not impossible, particularly during the "run". The liver and kidneys which filter impurities from the system are forced to over work. And this creates a situation much like operating a complex water pump and filter system without water....it just burns up. Putting water into the pump, drinking lots of water helps, but not as much as NOT using speed in the first place. Because of the massive stimulation of the nervous system by meth and because appetite and sleep patterns are disturbed, an eventual state of toxic psychosis occurs more often than not. This is characterized by hallucinations.....tremendous panic....or fear reactions....with added waves of despondency and depression. And then, after several "runs" like this, you will finally either kill yourself by overdosing....or by getting into a fight with someone, a strong characteristic of a "speed freak", and them possibly killing you. But in the end, if the other two don't kill you.....the ruination of the body will. Many speed-freaks die yearly in our town....will a friend of yours be next? You can help them get off it.....if you would!

As to P.C.P., it too has horrible side effects, and the number of people who die from the usage of PCP is growing daily. Yet, the "executioners" continue seeing it, and the numnuts keep right on buying it. You are paying for your own execution when you buy speed or PCP or any other of the drugs. You are your own executioner in some ways. The dealers of these death-drugs should be killed on sight. They are the enemy of the people. They serve "the man", and anyone who falls for their line, is only helping to destroy themselves and keep the "man" informed by buying from his "finks". Think about it....a healthy drug free body is a "threat" to the "man" and to all the corrupticians who try and control us by controlling the system. Keep helthy n' help liberate yourself and all others as well. Drugs/The Man are the oppressors of all liberation movements, including gay liberation as well. Think about it.

GAY REPUBLICANS ENDORSE, KOPP!

The Concerned Republicans for Individual Rights (CRIR) endorsed Quentin Kopp for Mayor at their September 11th endorsing meeting. CRIR also endorsed Arlo Smith, Jr. for District Attorney and for Sheriff, ultra-liberal Michael Hennessey.

In races for Supervisor, in District 1, the endorse Ed Lawson. In District 5, they endorsed a Kevin Wadsworth who is gay over Harry Britt. In District 7, they failed to make an endorsement. In District 9 they endorsed Lee Dolson and in District 11....no endorsement. In that District liberal Republican John Bards failed to gain their support.

They also voted to oppose the busing on the ballot, and to oppose the vice initiative. They support and urge passage of the high rise limitations initiative, and also the tax initiative. They voted against rent control.

The CRIR group is the second gay Republican group to begin in America.

Stonewall Gays endorse Scott!!

The Stonewall (Gay) Democratic Club of San Francisco, in their September 11th endorsing meeting, endorsed gay candidate, David Scott for Mayor of San Francisco. Stonewall thus is the only gay political club to endorse Scott thus far. For District Attorney the Club chose Arlo Smith, Jr. for that spot. For Sheriff they chose Mike Hennessey.

In the races for Supervisor, they endorsed Harry Britt in District 5. In District 1 they endorsed Gordon Lau. In District 3 they voted No Endorsement of the only candidate John Molinari. In the 7th District they voted no endorsement of any of the candidates. In District 9 they chose radical feminist candidate Nancy Walker. In the 11th District they chose Eric Moncur, the deputy City Accessor.

They also voted to support the vice initiative and rent control, as well the high rise limitations.

September 3, 1979

Dear Editor:

As we all know, San Francisco and the Bay Area has been receiving 7,000 ailing, aged and illiterate Asian refugees a month. And now, President Carter has doubled that number. Of course, these refugees will immediately receive welfare, free medical care and housing, etc., all at the expense of American taxpayers. It should be noted that these refugees have never contributed a thing to the economy of this country. In the meanwhile, many of our own poor, elderly, disabled and unemployed citizens are struggling to survive. Many of our elderly people (who at one worked, paid taxes and fought in wars for this country) are being victims of neglect, ignored by society and by city officials in charge, causing the elderly to even die of starvation in filthy, roach-infested hotel rooms of this city. We have inflation and a housing shortage in the area, but none of this affects the newly arrived refugees, for they are well taken care of and are placed in nice apartments and homes, thus displacing us citizens looking for a place to live.

You might ask: "What has all this got to do with gay liberation?" My answer is: EVERYTHING!!!!!! Everyday, gays in this country have to face injustices, abuses, violence and discrimination of every kind from the same bleeding heart liberals and homophobic individuals who go out of their way to welcome these refugees with open arms. These refugees are quickly given freedom, rights and all the other benefits that gays are denied. I was born gay, but I am not free. I find myself today in America - the country I was born in, fighting for my very survival, my human rights and my own freedom which the Constitution says I am entitled to. I find that America today plays "foster-parents" to the world's poor..... while its own citizens are living a "dog-eat-dog" type of existence. The future does look bleak for gays and other minorities as well.

These refugees land in this country (they're flown here first-class) and given preferential treatment. The local newspapers and TV media (which are controlled by the powers-that-be) keep reminding us that we owe these refugees all we can offer them. Well, these immigrants come here, take all we offer and demand more. They don't bother to learn the English language, so we print ballot and other materials in their languages. We even supply teachers at a big cost to the taxpayers who don't have a word to say about it.

It is true that we American-born people are descendants of immigrants. But we must also remember that at that time there were no "WELCOME WAGONS" waiting at the docks. There was no such thing as welfare..... free housing.....etc. They, the early Americans, were so thankful to be in this country that they WORKED VERY HARD against all kinds of odds to help build this nation. Our lives today are regimented by big government. President Carter tells us how critical the gasoline problem is. We are told we must sacrifice, must conserve our resources, must not take unnecessary trips, etc. Yet Carter went off to Camp David and summoned his advisors there. Why didn't he hold his conference in Washington where most of them are based? It seems that our taxpayers are the only ones who must sacrifice while our so-called leaders jaunt off to the mountain and we pay the bill. Our country is in great danger and the threat of communism is beginning to show its ugly face.

In view of all this, I ask: DOES PRESIDENT CARTER REALLY NOT KNOW WHY WE HAVE LOST CONFIDENCE IN OUR GOVERNMENT?

Sincerely yours,

ED DOLLAK

S.F.'s Own "Boys From Boise" Witch Hunt

HOMMES BOYS TESTIFY

ONE MAN FREED BY COURT OF ANY WRONG DOING WITH TEEN AGE YOUTHS.....TWO OTHERS MUST STAND TRIAL.

The first round of the one-going legal battle in San Francisco's "Boy Man Sex Witch Hunt" took place on August 27 & 28th in the courtroom of Municipal Court Judge Albert C. Axelrod.

The District Attorney, Joseph Freitas, Jr., acting thru his deputy, Kathleen Umrine, astounded all by asking the Court to declare that the Prosecution's witnesses (hers) were "hostile" so that they could be "led" "cross examined" by the Prosecution itself.

The witnesses, Paul Hommes 15 and Phillip Hommes 14, brothers, were first granted immunity from prosecution by the Court upon the District Attorney's motion.

From that point on, Ms. Umrine proceeded to "hound" her own witnesses whenever they testified differently from the tape recorded statements which they had given earlier to Sgt. Arthur Gerrans of the SFPD Vice Crimes Unit and his associate Susan Pavlov.

The witnesses testified that they made the tape recorded statements implicating several Bay Area men because they were asked to do so by their friend, in order to help him, a Robert "Bob" Benny, who resides at 798 Post Street, apt. 104 who was then in trouble with the law for the fraudulent use of a stolen credit card.

The Hommes brothers testified that they never had sex with one of the defendants and that they had masterbated one other defendant, and had permitted an act of oral copulation with the third defendant.

The defendants were represented by attorney B.J. Beckwith. The Court ordered all charges dismissed as to one of the defendants. And certified the other two to the Superior Court for trial.

Mr. Beckwith indicates that he expects a long jury trial in the matter, since Freitas's office seems "hell-bent on pursuing this election year witch-hunt."

Wade McCoullough, at 15, above, failed to testify at the trial.

"I DREAMT I MET JOE HILL LAST NIGHT..."

JOE HILL'S LAST WILL

(Labor organizer Joe Hill, who was killed by copper mine bosses in Utah on November 19th, 1915. This is his last will written on the eve of his execution. Joe Hill is still very well remembered throughout the land by those who are oppressed by labor & government.)

My will is easy to decide.

For there is nothing to divide.

My kin don't need to fuss and moan

"Moss does not cling to a rolling stone."

My body? Ah, if I could chose,

I would washes it reduce.

And let the merry breezes blow

My dust to where some flowers grow.

Perhaps some fading flowers then

Would come to life and bloom again.

This is my last and final will.

Good luck to all of you.

JOE HILL.

"CRUISING"; Film Controversy Flares

(Special from the Homosexual Information Center in Los Angeles, written by Charles Lucas.)

The summer of 1969 is often regarded as a watershed in the fight for civil liberties and for the emergence of the "new" homosexual in America. Jaded, role-playing patrons of the Stonewall, a gay bar on Christopher Street in New York's Greenwich Village, turned against the police and rioted. The fact that the Stonewall was a dirty "rotten hole" that deserved to be closed, that it operated without a license and in violation of fire regulations, that it systematically exploited "drugs" and "gays" by charging them \$3.00 to get in, because they were barred from the more respectable places is beside the point. With that act of civil disobedience the repression against all homosexuality was dramatized. "Gay Liberationists" suddenly found their courage and their voices, and joined the homosexual movement whose achievements went back some 20 years. From that time on the common objective of these organizations was to establish equal rights for all persons who perform socially nonconforming sex acts and to eliminate discrimination on this basis in whatever form.

Stonewall signalled a national coming out on a grand scale. Latent and guilt-ridden "gays" went public in a big way. They demonstrated, walked, marched, paraded, enfused with a sudden gay pride. They lobbied and whooped it up. The visibility of these former nonentities dismayed many, and disheartened others who suffered in the light of that visibility. But eventually the "new" homosexual was absorbed into the mainstream of the homosexual movement where he closed ranks with the other diverse elements. This ability was the movement's strength. We quickly discovered that despite our partisan and tactical differences we could work together for sexual rights.

As the Stonewall decade drew to a close a united homosexual movement had the clout to take on the anti-gay orange juice crusaders and their lower class morality. And we demanded to be spared the insufferable hypocrisy of middle class respectability too. West Coast groups were euphoric when the cause espoused by that gadfly on the rump of California legislation went down to defeat in his efforts to legislate against the homosexual teachers through a ballot box appeal to bigotry. The decade was one of enormous progress; it was a success story.

Ten years ago, Wm. Friedkin was in New York City filming the play "The Boys In The Band". Shooting of the film took place not far from the site of the Stonewall. The story portrayed homosexual men as a class of stereotypical bitches filled with self-hate. But the play and the movie were good entertainment, and we had to laugh as

well as blush at the truth about ourselves despite the fact that the "camp" dialogue rang false to initiated ears. No gays—even in their giddiest moments—ever spoke like the boys in the band. The only ripple the movie caused among the general public was an occasional snicker accompanying the ads: "... Not A Musical."

Now, 10 years later, Wm. Friedkin is back in New York filming "Cruising", a movie based on Gerald Walker's 1970 novel of the same title. The story deals with a particularly brutal, sordid murder involving homosexuals on both sides of the law. It impinges on an undercover cop who in the course of his work confronts his own homosexuality and his own homophobia as he investigates the grizzly murder. It looks upon a vile and miserable side of "gay life". The scenes are of leather bars, explicit back room sex, and the brutality of the neo-nazi element of the "whips and chains and bondage bunch."

But the representation is accurate. These types and situations do exist. They may not be ideal, but they are real. There are homosexual homosexuals. And West Hollywood is full of mindless, leaved and mustachioed clones—who caricature themselves in real life far more than any movie could. So what?

Even if the characters and incidents in "Cruising" were entirely fictional—the hallucinations of a crazed mind—it could not affect its artistic creation.

So what are the "new" homosexuals who gave birth to gay liberation doing? They are busily engaged in their own form of bigotry. Shades of Anita Bryant!!!!!! These once blythe spirits are disgracefully frittering away their time and money protesting the filming of "Cruising". Worse yet, they are trying to enlist the sympathies and support of other unwary movement groups. Lamentably enough, they have succeeded in some cases. To argue against and adversely criticize the completed product is one thing. But to try to block production of the movie is quite another, and intolerable. It is censorship. And censorship is always a worse evil than the evil it seeks to stamp out. To stop the filming of "Cruising" is no way to fight repression.

Fortunately, the "Children of Christopher Street" did not have their censorship act together at the time of the publication of Walker's book in 1970. But a problem arises since the book may be reissued with the film. Is our response to be a banning of the book???? Are we going to picket the publisher and the book stores along with the theatres where the film shows??? How effective will that be???

Would we demand that a film about the psychopath charged with over 30 murders in a Chicago suburb be stopped???

That publication of a book about him be banned?? Are we going to demand that the First Amendment to the U.S. Constitution be deep-sexed???

We do not advocate banning anything. Homosexuality not long ago was itself a victim of the censor.

All of this might not be so bad if New York's gay leaders had nothing better to do. But New York is way behind in gay rights. 22 states have removed criminal sanctions from consensual sex acts between adults. In these states homosexual relations enjoy the same protection as heterosexual sodomy.

But in New York "consensual sodomy" is still a crime. Sexual relationships between persons of the same sex are regarded as "deviate", and they are punishable by imprisonment.

New York's gay community might better address itself to eliminating discrimination of this sort: it can start by making its own "gay lifestyle legal".

However, to affect these kinds of changes takes a hell of a lot more work than the present sensational project. And it is not as much fun. Fights through legislatures, councils and courts are long and discouraging. They are costly. But the fight is underway in other parts of the country—where homosexual groups are not so well organized and financed as the gay groups in New York claim to be.

They predict that their demonstrations against "Cruising" will prove to be another watershed in the gay rights movement.

It may only be a touch of midsummer madness. So let's address ourselves to the real issues of 1979, and look forward to another decade.

What will be have accomplished by 1989? If Mr. Friedkin is making another film in New York in 1989, and it has homosexual characters and themes, will he, and will we, have changed enough to have them be positive? Considering the current drama surrounding "Cruising", we wonder:

Alice endorses Silver

The Alice B. Toklas Memorial Democratic Club endorsed Supervisor Carol Ruth Silver for District Attorney at their September 10th meeting. They failed to endorse anyone for Mayor. They endorsed Michael Hennessy for Sheriff. For Supervisor, in District 5 they endorsed Harry Britt. In District 7, they endorsed Enola Maxwell for Supervisor. Mrs. Maxwell, 70 years of age, who hails from Louisiana, and is a lay-minister with the Olivet Presbyterian Church here, lives in black area of her District. She is extremely popular. She delighted the room full of very hot (heat wise) Alice Gaycrats, by handing out cardboard fans, like they do back home in the small towns. It carried an ad for her election on one side. Very quaint. They also endorsed Ron Pelosi in District 11.

ANOTHER LAND ANOTHER LOVE

There came a knock upon my door
One so soft and sweet
It shook me in my nightly chore
One of restless sleep

Let's journey to that dying city
Where lonely hearts stand torn
Let's go and see the city
Of everyone that's born

I saw the warm forgotten streets
Traced with lonely tears
I saw the hearts' fading beats
Now broken with the years

The stars were that of the tender kissed
The ones I know no more
Engraved with the love I missed
So I turned back to my door

I heard once more a silent plea
One so soft and sweet
Come closer so I can see
Who tread upon my street

What could I do but go forward
And try to explain
That I am the only one
The has to walk in shame

I SEE SO MANY WHO ONLY WANT LOVE

by Doug Oram - Vancouver, B.C.

I see so many
who only want love
an honest love
without the games
and role-playing
that are only saying
the insecure - no confidence
to just be
do you like by body
do you dig my hair
if I came unto you
would you really care
all the signs saying
you're just not good enough
all the looks say
you're never going to be
when you're over the hill
get your shit together
but ain't it a bitch
so you dump your goal
so you can jump the gun
and be the first one to cross the finish line
but hey man you
forgot to run didn't you
wouldn't you, couldn't you
but why bother
joy and sweat and glistening hair
peace and sleep and cold night air
smile and touch and eyes that care
these are the things we share

SHADOWS OF ILLUSION ON CITY STREETS

by Bob Davis

How many dreams have died here?
How many bright eyed boys,
with visions of riches and fame
have entered
the realm of this forest of
flesh,
never to leave again.
How many dreams, have died here?
how many lives, so proud
and bold have ventured here
to be absorbed by this
merciless man eating machine called a city.
How many dreams have died here,
as they come, in search of
love, and life - and happiness
only to find hate, indifference
and maybe a hard to kick habit or two.
How many dreams have died here?
From north, and East, and South they come
leaving friend and foe behind them,
and now, they stand like slaves on a block
for sale to the highest bidder.
How many dreams have died here.

R.B. ONE YEAR LATER

Though its been a long time,
far past the traces of mortal memory--
and even though the night
draws its silver shades over the light,
I still recall your soft spoken touch
and quiver still with want.

The nectar of adoration remains within
untainted by common bitterness -- for --
something in your eyes -- belied your
actions,

something in your soul -- I still want
to touch

And if fortune came this way
no greater gift would I ask
but only you completely for a moment --
and if, perchance, it were my last --
eternity would never reach beyond that
glory.

And as lines and wrinkles trace life's
journey
the deepest reflection would be --
where we both have been.

I'd say more, but I know your treasure
is liberty
and freedom never was so free.
And by choice I am locked in memory.

Spirit of '76

No more losing jobs by '76
Because we are gay, they label us pricks
For thousands of years, we've been rejected
We've been burned at the stake and not too respected
Now there's a man they call Ray Broshers
Who does what he can to help penniless queers
He's in with the Lesbians....that is quite true
He won't turn his back on a boy named Sue
Some of our people drink liquor and wine
While watching an actor with talents divine
Ray's outspoken mouth surprised me at first
After thinking it over....millions are worse
I'm not really saying the reverend's a saint
But realize this.....He's what most of us ain't
He works in the Tenderloin
And lives day by day
Among the downtrodden
Defending the gays!

Carl Driver's "FOLLOW SPOT"

ALBEE AGAIN!

America's somewhat self
touted "Enfant Terrible" of the 60's, Edward Al-
bee is around again, this time in a nicely mounted
production of "A DELICATE BALANCE" (at
the Berkeley Rep., Tues-Sun, 845-4700 for info).
Like so much of Albee, the play works, or doesn't
work depending on one's viewpoint, on several
levels, with realism often taking second place to
convoluted symbolism and where the spoken words
often have far different meanings than one would
at first think. Many self proclaimed intellec-
tuals find this sort of thing "deep" or "exception-
al true to life" or "cutting through to the essence
of meaning." Sorry, I find it merely dull.

One very large bonus point is that in this play Al-
bee finally does manage a realistically drawn char-
acter who is truly humorous and congratulations
to Shirley Jac Wagner for a fine portrayal of a hea-
vy and heavenly drinker.

The play won the Pulitzer in '67, a dubious honor.
I'm afraid, considering some of their other wayout
selections in the last decade or so and one I've al-
ways felt was largely given to make up for the
committee's lack of courage in not awarding one
to the highly controversial "Who's Afraid Of Vir-
ginia Wolfe?"

DATED DANCING.....

Nearly forty years separate Agnes De
Mille's ballet in the original "Okla-
homa" and Bob Fosse's "Dancin'" (at
the Orpheum under the Civic Light
Opera auspices, Tues-Sun, 555-4002
for info) but the differences are a
great deal more than merely chrono-
logical. DeMille's work was innova-
tive, a new concept of integrating
dance into musicals while Fosse's is
derivative, dated and, if not border-
line bad taste, of a calibre better suit-
ed to Las Vegas than the Orpheum
stage.

Rather vaguely advertised as an over
all look at dance throughout history,
the show comes across instead as a
series of unrelated production num-
bers interspersed with solos, duets,
etc., to allow the other members of
the company to change costumes
but seemingly having no other point
or inter-relation.

Few of the numbers are more than
momentarily enjoyable: the rather
obvious humor and dubious taste of
"The Dream Barre" where a proto-
type "Penrod" pays more attention
to his partners anatomy than to the
anatomy of the dance, Gary Chap-
man being the show stopper in "I've Got Them
Feelin' Too Good Today Blues" and the finale, a
splashy production medley entitled "America"
made up of ten patriotic songs including "Yankee
Doodle Dandy", "Dixie" and "Gary Owen".
Splashy and flashy, "Dancin'" isn't a bad show, it
just doesn't sustain interest consistently and altho-
ugh well polished and professionally performed, it
is just barely.....

SHAW STILL SCINTILLATES.....

The San Francisco Repertory's production of
Shaw's "ARMS AND THE MAN" (at their theatre
19th & Collingwood, Thurs-Sun, thru September
30th, 863-4859 for info) suffered the night I saw it
from the constantly blown lines, especially Fred
Hartman in the male lead, whose sloppy perfor-
mance overshadowed the fine work by the female cast
members, in particular, Victoria Emory, who gives
a gem of a characterization as the saucy maid.
Perhaps the lack of tightness was due to the three
day lay off.....I saw it on a Thursday night....and
one presumes the weekend performances played
more evenly.

However, the unquestioned star of the evening was
Shaw himself, whose incisive satire pricks bubble
after romantic bubble. Written more than eighty
years ago the names have changed (today "read"
any Third World country for Bulgaria, air force for
calvary, microwave oven for electric bell, workers
for servants) but the basic ideas are as true as when
the "Widow of Windsor" sulked in that gloomy

monstrosity. A not-so-innocent young girl's
romantic love and virtue, or lack thereof, an
empty headed, posturing, self-proclaimed so-
cial leader, (of a non-existent Society) a hen
pecked husband and father, a preening, pea-
cock of a young lover.....each drawn with
cutting clarity.....are both real and unerring-
ly true to life. Counterpoint to these less
than admirable souls is Shaw's idea of the
practical man, a Swiss hotel keeper's son,
whose pragmatism makes everyone else's
romantic notions seem so much bilge water.
A superb play given a somewhat better than
average production.

HASTINGS & COMPANY DOUBLY EXTENDED.....

The run of Ruth Has-
tings & Company in "Jacques Brel Is Alive
And Well And Living In Paris" (at the Alca-
zar, Tues-Sun, 775-7100 for info) has been
extended to run through September 23rd.
However, in another sense, the group is being
extended in moving what is basically an inti-
mate revue which works best in the smaller
confines of a supper club or cabaret into a
reasonably large theatre.

The voices are as fine as ever, which is very
fine indeed, but the charm, so prevalent in an
intimate atmosphere, seems to suffer and in
too many numbers, the comedy seems forced

"AIN'T MISBEHAVIN'" has been extended to run into November, this hit Fats
Waller musical show was awarded the Tony in 1978 for Best Musical. Shown above
are Teresa Bowers, Yvette Freeman and Adriane Lenox. AN EXCELLENT show.

where before it flowed naturally. The best
numbers, "Madeline", "Timid Freida", "If
We Only Have Love", among them, hold up
well but the over all level isn't as high.
Still and all, Brel has an undeniable cult follo-
wing and to them, these words are probably
heresy. To those either unfamiliar with this
Belgian song writer or those not already wor-
shipful the show ranges from excellent to me-
diocre and is.....
RECOMMENDED!

REVISED AND REVAMPED.....

"BREAKFAST IN MARIN" (at the Club
Chez Jacques, Wed-Sat at 8pm, 775-7574 for
info) is a charming mini-musical that is long
on comedy, vibrant rock tunes, and has the
distinction of having its musical talent cast in
reverse order to size of their parts. Marcy
Roberts, has an exceptionally fine voice and a
nice comic flair but far too little to do.....
Nancy Scher is great as a rock star's "old lady"
but the best that can be said about the lead is
that she looks perfect for the part, an inno-
cent Eastern square caught in the wilds (emo-
tional not geographical) of Marin.
The show, which originally played Sunday
afternoon at the Chez Jacques had been given
a new opening, which is to the good, but suf-
fers in the revising of the Rock Star's char-
acter which has been somewhat played down,
both in size and charm. This is too bad as

Mark Sackett went along way way towards carr-
ying the show in its earlier version and his obvi-
ous multi-talents are not used to best advantage
now.

Still and all, its a fun show, refreshingly original
and reasonably priced.

Orthodox Episcopal Church of God

The Church of God, Orthodox and Episcopal, a Missionary Catholic Church, came into existence as the result of the enlightenment of a group of individuals who led by the Holy Spirit, left out of their former denominations, and brought into being the Church of God. We believe that God is everywhere, and that all who profess their belief in the Divine Creator, the One God, are members of this one, invisible Church, and that this group, who were so enlightened to the largeness of the Creator, devoted themselves to spreading of the Word of the Good News. This body, which is governed by a council of bishops, thus the word "Episcopal", and devoted to the pre-Nicene teachings of our Lord and Liberator, Christ Jesus, thus the word, "Orthodox". The Church of God is "universal", thus the word "catholic", and we carry the message of salvation, thus the word "missionary".

The Orthodox Episcopal Church of God, welcomes all who sincerely desire to fellowship and worship one with another, in the manner prescribed by our Lord Jesus Christ.

We believe in the Holy Spirit which descends directly from the Creator, and that the only wrong doing, for which there is no forgiveness, is the wrong against the Holy Spirit. We believe in salvation through the individual's repentance of their wrong-doings/errors (sin). We believe that all who have accepted the Lord Jesus Christ as their personal Saviour, believing that He truly is the only begotten Son of God, who came down from heaven, died for our sins, was buried and on the third day arose, and sets now at the right hand of the Father God Almighty, the Creator. Our faith in the teachings of the Holy Gospel, which was inspired by the Holy Spirit, our Book of Life, which requires faith, hope and charity and due observances of the ordinances of the local Church. Faith, as taught by our Lord Jesus Christ, is a virtue infused by God, whereby man accepts and believes without doubting, whatever God has revealed in the Church concerning true religion. Faith is a virtue infused by God, and following upon Faith, by it, man puts his entire trust and confidence in the goodness of God, through our Lord Jesus Christ, and who looks for fulfillment of the Divine promises made to those who obey the Gospel.

Charity is a virtue infused by God, and likewise consequent upon faith, whereby man, loving God above all things for his own sake and his neighbour as himself for God's sake, yields up his will to a joyful obedience to the revealed Will of God in the Church.

The Church which God has revealed and established on this earth, to be the pillar and ground of the revealed Truth, and the continuing revelations of God, and is committed unto the Church the guardianship of the Holy Scriptures and the Holy Traditions and the powers of binding and loosing.

We believe in one God, the Father/Mother God Almighty, Creator of the heavens and the earth and of all things visible and invisible. We believe in one Lord Jesus Christ, the only begotten Son of the Father God, before all ages, God of God, Light of Light, Very God of Very God, begotten not made, of one substance with the Father, by Whom all things were made.

Who for us men and for our salvation came down from heaven and was Incarnate by the Holy Ghost of the Virgin Mary and was made man. And was crucified for us under Pontius Pilate, he suffered and was buried, and on the third day he arose and ascended into heaven and seteth on the right hand of God. And Christ shall come again, with glory, to judge the living and the dead; whose Kingdom shall have no end. And I believe in the Holy Ghost, the Lord and Giver of all life, Who proceedeth from the Father/Mother God, Who with the Father and the Son is worshipped and glorified, Who spake by the Prophets, then and now. And we believe in one Catholic, Orthodox, and Episcopal Apostolic Church of God. And we believe in one Baptism for the remission of sins and look for the Resurrection of the dead in Christ and in the Life in the world to come.

This is our sacred creed, which is sufficient for the establishment of truth, as much as it explicitly teaches the perfect doctrine of the Father, the Son and the Holy Ghost. The fundamental ordinances of the Church of God, the sacraments, as instituted by Jesus Christ in the Holy Scriptures, are a special means of conveying Divine Grace and influence to the souls of men, which are commonly called the mysteries of life and are seven in number, baptism, confirmation, the Holy Eucharist, Holy Orders, matrimony, penance and unction. The Holy Scriptures are writings inspired by God and given to the Church of God for instruction and edification. The Church of God is therefore the custodian and the only Divinely appointed interpreter of the Holy Scriptures.

We call for spiritual renewal daily, in each of our members, thru prayer, meditation, penance. We urge all to remember the Scripture, "Christ in us, the hope of glory" (Colossians 1:27). We pray for the reunification of the Church of God here on earth. We pray that all Churches shall join as one, as was the wish of our Lord Jesus Christ. We urge that all do unto others as ye would have them do unto you, for it is written, "As ye show, so shall ye reap."

EDITORIAL.....

In the past year, KGO-TV, channel 7, an ABC affiliate, has continually been "on the backs" of various denominations and churches as well as "cults" in northern California.

They are guilty of creating an aura of distrust and even hate, and in a couple of instances, violence, with their so-called "investigations" by their various reporters.

Many of us know the religion of the owners of ABC (American Broadcasting Company) and for the most part, they are not Christians.

ABC owns and operates KGO-TV channel 7 here in San Francisco. The General Manager is hand-picked by the ABC management.

To ABC the only thing that is important is the ratings, which is money. They have shown little or

no regard for the general public, witness the "garbage" they call "television shows". They insult the intelligence of any thinking person. But TV and ABC in particular, continue to feed the public "garbage programming", because the people do not contest their permits to the FCC (Federal Communications Commission). But even then, in almost all cases, it does little or no good at all. The non-Christians of ABC are hell-bent on destroying Christianity....at least the REAL Christianity and allow the so-called "establishment" denominations to continue all their rip-offs and wrong doings, without ever shedding a light on them....why?, because the big denominations all have too much money for ABC to tattle and as they are not "rocking the boat" and are no threat to the money-grubbers at ABC, they say nothing about their rip-off operations.

INTERCOMMUNION.....IS IT A POSSIBILITY IN THE AMERICAS AMONGST THOSE OF THE CATHOLIC AND ORTHODOX FAITHS?

Amongst those of us who preserve and maintain the Orthodox and Episcopal Catholic faith and creed, is it possible that we may become a Church united? To be friends as far as to the Altars, even though we suffer the renting of denominations and appear fragmented in our external organizations?

These questions can only be answered by those who lead these various denominations in the Americas.

The Church, in her visibility is manifested in the aggregate of all those Rites and Autocephalic Churches which have preserved the Holy Orthodox and Episcopal Apostolic Faith and Orders. Our natural vision should lead us to say that there are many Churches within Christendom, we perceive by faith, that the Mystical Body of Christ is singular and united by a Mystery where there is mutual agreement in the Orthodox Faiths with the same Sacrifice and the same Sacraments, altho the Rites differ.

In our present state of sinful division, there has arisen a wall not only between the great historic Communions themselves, as well as between the numerous smaller Rites in the Americas.

What may have originally served as insulation against the inroads of heresy seems to presently produce isolation....thusly, between those of us who are Orthodox by conviction and our brethren who are Orthodox by virtue of birth into a family with Orthodox heritage. Thus far, overtures from those of us of the "neo-Orthodox" in this country have been in vain.

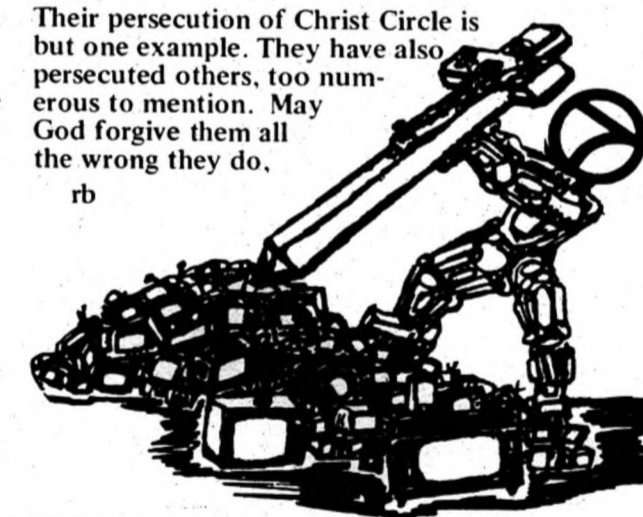

Thusly a conclave of Bishops in the Americas has been called for, with the hope and understanding that some unity may come of it. As of this date, few have expressed an interest in such a conclave being held. Some have said that "too many homosexuals are involved today, and we do wish to become identified with them".

The latter item, we feel it is what is truly hold up such an important meeting from ever coming about. This true that too many of the Bishops "wear their homosexuality like a badge", and that this is indeed wrong. But the Lord Jesus Christ did not cast out any for any reason, so who are these pious personages who would set themselves above our Lord Jesus Christ? In the City of the Angels in southern California, these types do exist, as well as in the city of Chicago and in Houston and in Oklahoma City and in Davis California. They are vain persons who define the Word of God, and who stain the cloth they wear with their bigotry and hate. We ask, how can one be a Bishop, yet be a bigot? A prince of the Church cannot be a bigot, they must be all things to all people, for if they are not, they are not serving God

Their persecution of Christ Circle is but one example. They have also persecuted others, too numerous to mention. May God forgive them all the wrong they do.

"THE BEAUTY QUEEN" by Patricia Nell Warren..... published by Bantam Books. Price.....\$2.50

Ms. Warren, the author of "The Front Runner" has hit a home run with her bestselling novel of homosexual love and gay rights, "The Beauty Queen".

The novel is highly sensitive and accurate on some very touchy subjects within the society of gays. But the author or who knows how to create with her pen, does so, very well, without offending anyone, except the bigots. We highly recommend this novel of romance, life and death of gay liberation, of politics.....of US!

"THE NEW YOU: A BOOK OF LIFE" by Sol Gordon..... published by Bantam Books. Price \$1.95.

This book, is an interesting and extremely helpful book on life. It deals with many of the things that afflict or frighten so many people. "Worry and Depression"....the "Spiritual", "Reality", and so many other subjects. It is aimed at the general public, and it is obvious from reading it that author Sol Gordon has really put alot into it. We urge you to buy it, and READ IT! And maybe it too will help you.

"ASTROLOGY & LOVE" by Sybil Leek, published by Berkeley Book, and costs but \$1.95.

Well, here we have a real winner for those of you who are caught up in the signs of the sun, the moon and the stars and by a lady who is into witchcraft, Dame Sybil Leek. What more can we say?

"HEAVENLY BREAKFAST" by Samuel R. Delaney..... published by Bantam Books. \$1.95.

"An essay on the Winter of Love".....this is what "Heavenly Breakfast" is described as being and it is that and more. Here, Samuel Delaney, known for his science fiction writing takes us on a voyage which you cannot forget once you have read it. In this book, his real talent for writing shows through.

This book reminds us of the Flower Children of the Summer of Love that held San Francisco in it's sway for several years. This book is highly sensitive and very delicate, and you will be affected by it, we assure you. Bravo! to Mr. Samuel R. Delaney for a fine book.

"MY WICKED WAY".....THE LIFE OF ERROL FLYNN!.....by Errol Flynn, published by Berkeley Book. \$2.50

Well, many of us remember the highly controversial and talented actor, Errol Flynn. Here, in his own words, he tells us of his life and "wow", is it a zapper! This is a book to keep. Buy it now and thanks to Berkeley for putting it into paperback for us poor folks.

"BETTE DAVIS: MOTHER G**DAM", by Bette Davis with Whitney Stine, published by Berkeley Book, and is priced at \$2.50.

Bette Davis.....when you've said that, there is nothing more to say! And that is the whole book, complete with pictures too.

Bette Davis: Mother G**Dam is a book that you must keep on your library shelves and refer to it when a late night film about her comes on and read bits about that film. She is a camp, and she is Hollywood of yesteryear.

"HAAKON" by C.F. Griffin, published by Avon Books and priced at \$2.50.

This novel by C.F. Griffin is doing very well on our hit list here. All who have read it, enjoyed it. This reviewer has read it, found it to be gay, a twisted novel about a man's search for himself back in the time that the closet was the only place one could be gay. This is a book that we recommend highly to those who think they know it all about the times of yesteryear when so many of us who are older know had bad things really were, and how difficult it was to develop relationships of any nature, let alone meaningful ones. Well written, and Mr. Griffin is to be commended for this fine work.

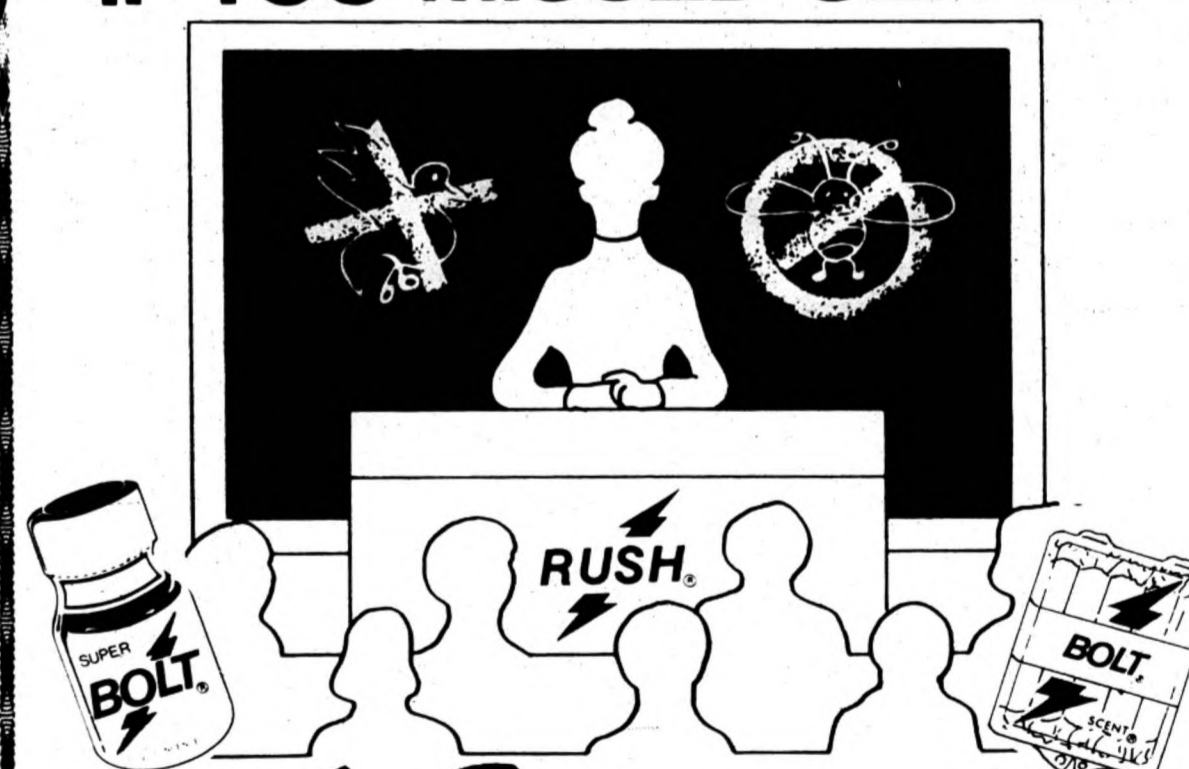

"MALE MODEL", by Charles Hix and Michael Taylor published by St. Martin's Press and priced at \$12.95.

Mr. Hix is the author and photography (excellent) by Albert Watson, of this excellent book about the trials and tribulations, as well as the glories of being a male model. The demands, the intrigues, the romances, and the blatant exploitation all come across in this book. Michael Taylor, who was a top model for over 10 years, helps Hix put together this excellent piece on real life. Hix tells us it is not an expose, but, we wonder?

"TALES OF NEVERYON" by Samuel Delany, published by Avon Books, costs \$1.95 is not worth buying unless you are into the science fiction trip which many are, but unfortunately for Avon Books, we are not. Even one of our writers who is into science fiction tells us that he does not enjoy the writings of Mr. Delany who has also written, "Dhalgren", "Nova" and "Triton".

"DOLLY", by Alanna Nash, published by Berkeley Books, costs, \$2.50. This is about THE Dolly Parton. It is fabulously well written and brings to us the Dolly Parton that many of us did not know existed. The book should have been called "Inside Dolly Parton". It is simply excellent and we urge all to get your copy while you can. Dolly lets us know that she is still the same Dolly Parton we all remember coming onto the C&W scene with Porter Waggoner. We love the book and DOLLY herself.

"ATTITUDE: AN ADULT PAPER DOLL BOOK" by Tom Tierney, published by St. Martin's Press. Cost? \$5.95

This bit of nonsense is a disgrace to the publishing house of St. Martin's Press.....this is something rather silly meant for silly people. A book of "cut-outs", truly!!! Paper-dolls of "queen-men", etc. It is cute to look at, but NEVER TO BUY, for it is a waste of money. Maybe some mental health center could find a use for this bit of trash.

"DANCER FROM THE DANCE", by Andrew Holleran. Published by Bantam Books. Price: \$2.95 a 256 page novel.

This is an excellent book, most accurately portraying a huge segment of gay life in America. It points out that too many gays to their own tragic awakening, are obsessed with clothes, the chic look, and all that does go with the disco scene. The author Andrew Holleran writes well of the decadence in the fast lanes (as he calls them) of gay society. The book is fabulous!!!! He points out the superficial life of those who emerge themselves in disco scene, and how their lives are one lust affair after another and that love is not to be found in the "disco dance" lifestyle. Lifestyle?, yes, lifestyle, for that comes across in the book clearly. This is a novel that all must read and we guarantee you that you will love it and cannot put it down until you finish it.

The people in the book are people that you and I both know! only the bodies and names and places are different. Yes it could be "Alfie's", or "Oil Can Harrys" or the Trocadero Transfer", but it is DANCING DISCO LIFE. STYLE AMERICAN! This is a book that we cannot recommend too highly to you. But it now, for you will be the better for it. "DANCER FROM THE DANCE".....fabulous and so true!

"LAVENDER CULTURE", edited by Karla Jay and Allen Young, published by Above Books, at the price of \$2.50 per copy. This book, another anthology by Karla Jay and Allen Young is good. Far better a recent piece they did. In this book the two talented authors have put together a selection of writings by various homosexuals in our nation, to show that there is something we can all learn about ourselves, to help us better our lives. The book they say is dedicated to the eradication of the rigid sex role system that has characterized out gay lifestyles. At times various of the writers are too far out, but some of them our "out of it" as you will find in this book we highly recommend to you. One bad thing about it tho, as usual, any "production" of Karla Jay and Allen Young is highly "Yankeeized".....meaning that almost all of the writers/contributors are from the east coast and New York and Boston in particular. This is strange, especially when it is always the west coast and San Francisco in particular that has led the way. But, do buy it, read it, and share it with others.

"ANYBODY'S ROLLER SKATING BOOK" by John T. Davis, published by Bantam Books, and costs \$1.95

This is a book which many will find interesting and very useful if you are into rollerskating, especially in these days of disco-roller-rinks. The book has some fabulous photos and gives out with expert advice on the art of disco-rollerskating. The book shows that you can do about anything on rollerskates.

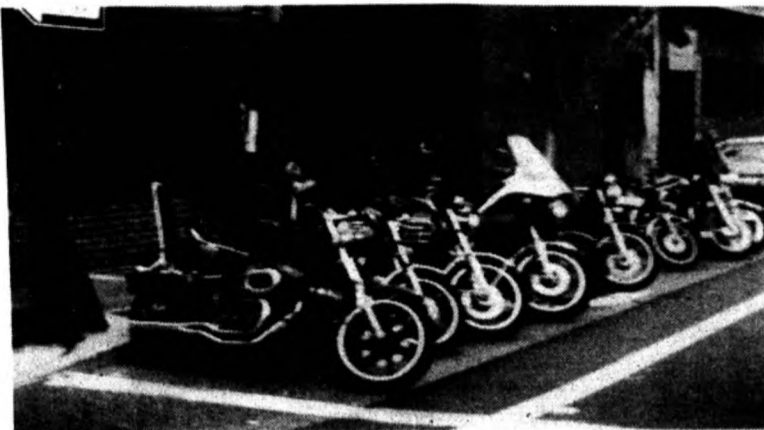

"WALKING!" by John T. Davis, published by Bantam Books and costs but \$2.25, gives you the joy of walking which most of us don't do enough of. Try it, you'll love it. Mr. Davis, has shown us that there is great joy and health in walking. Buy this book and you'll be a better person for it.

"STAR SIGNS FOR LOVERS", published by Berkeley Books, and written by Robert Worth. Price is \$2.50 and worth the price. Mr. Worth's book is well worth the price so we would urge all you astrological star sign lovers to buy this interesting book, as Mr. Worth goes to great lengths to help you to predict what is going on in the "love world" using astrological signs to do it with.

Well, for those of you who believe in this kinda stuff, this is THE book!

"TAKING CARE OF MRS. CARROLL", by Paul Monette, published by Avon Books, and priced at \$2.75.

Well, his previous book, the "Gold Diggers" was very good, but this book just doesn't measure up to that readable book. Maybe this book frightens this old queen reading and reviewing it. For so much does hit close to home. It is interesting, very real life and well written and gay too. But, well, I'll leave final judgement to you, the buyer. Do buy it!!!

GONZALES CAMPAIGN IN "ROUGH WATERS".....
The re-election campaign which is being badly ran by "Network", an alleged campaign management firm, is in trouble. Supporters of Bob Gonzales, District 7, are furious with the "Network" people that little has been done to date, to bring Bob into the proper light. As of this writing, not one piece of campaign literature has been printed, let alone even a kick-off dinner or party for Bob. One ardent Gonzales supporter has even gone so far as to accuse "Network" of being very suspect of being a "Burton-too" (John & Phillip Burton) and that just maybe "Network" doesn't want to see Bob win.... but would rather see Doris Ward, the Burton puppet win in District 7.

HARRY BRITT "RUNNING IN THE SHADOWS".....
OF THE LATE HARVEY MILK.....Harry Britt, the self-confessed socialist, has many gays looking at him with disgust and anger, as he invokes the name of the late Supervisor Harvey Milk everywhere he goes....for as one gay activist put it, "Without invoking Harvey's name, Britt has nothing to say." Which prompted another to remark, "Hell, Harvey has more friends now than he's dead. Why look at all of his old political foes who are supporting Britt going around saying "my good friend Harvey Milk!" It does seem a bit sickening. All of the names on Harvey's enemies list are now supporting Britt....Harvey sure must be turning over in his grave.

KEVIN WADSWORTH, a gay, endorsed by the Republican County Central Committee has many yelping for joy. It is the first time that a major political party has ever endorsed a gay person for office. Something that even the late Harvey Milk was denied.

AROUND THE MIRACLE MILE.....

"Wall to wall"....."hot"....."sweating"....."oiled".....
"sun-browning male bodies!" Now!, that I have your attention.....sound good?.....That's the PLUNGE the past couple of weekends.....Mondays haven't been bad either (right BILLY & TERRY?.....and thanks!)

Also, for the best "tit job" in town, ask for MOOSE (aka: MOUSE).....The ARENA remodeled?.....sort of!.....anyway the cruising is better than ever with the expanded cruise area.

The 527's BRUNCH on Sun-daze are best spent on the back patio. Thanks for the good service LEE! (Watch out for the MACHO MOUSE that works there!)

The WEB is going "straight".....to Punk & Rock and roll.....too bad!

Too bad about the S of M hangout with only a handful of customers on a Friday nite!

SO WHAT ELSE IS NEW.....

"THE FOLSOM STREET MAN" across from the RAM-ROD at 1258 Folsom Street. The decor is what one would expect to find further up on Market Street.....don't get me wrong, it's very nice, but quite different for Folsom.

There are shirts, leather jackets, coats, tee shirts and other clothes.....and all brought to you by J.D. DARROW.
Another Leather shop is now open on Seventh Street.....it's MR. S. PRODUCTS at 227 - 7th Street.....good selection of leather & boots. I particularly like the ones with the zipper - - - boots that is - - - Lots and lots of hot nylon, tops, shorts and bikinis. It's worth a stop by.

I hear tell LEATHERWORLD is already putting together some far out "things" for Halloween.....yaknow, it's only a little over a month away, and there is going to be a hot S of M party or two or three or four and more!

MASTERS NOTES.....

In the past few weeks I've heard a few comments about my column on "fisting". Some of you believe that I condemn it.....NOT true, I have, and will continue to, when the time is right, "fist".....What I do condemn is, the use of HEAVY (note the emphasis is on heavy), DRUGS. Heavy drugs, in this and any other S&M scene is dangerous.

ANYTHING TO EXCESS is not good for you.....be it: drugs-sex-coffee-booze-cigarettes-dancing- or junk food. One can enjoy many things if a bit of common sense is used.....how much is too much? When it becomes excessive!.....and this depends upon each of our own weaknesses. When you "have to have", then that should be the first warning.....when you neglect things in your day to day.....to, "do it".....then you best "watch out!"

Since the Leather and the S&M scenes are becoming more and more exposed, I think it's important for us to show some responsibility in this area.....for as you all know.....the "straight MEDIA" loves nothing better than a "gay related crime or death".....they are onto it like "flies on shit!"

ANYWAY ENOUGH OF MY IDEAS.....

The original "Note" here was to be about a part of B&D called....."Blind-man's bluff".....this is the "game" of blindfolding your "M" before he enters the "playroom". You'll find your actions and "toys" will get an 80% better response when your "slave" can't see what's coming. Example: one night recently, a "slave", blindfolded, and gagged, was getting a good going over.....when he "popped" his "nut" (came).....before I wanted him to.....and he got a "bath of hot wax"!.....Later, he told me if he had known about the wax, the trip would've been off for fear of burning. Other "toys" like, Cat-O-9" and paddles are a good surprise too, especially when he cannot see them coming. So don't forget to add this to your list of "goodies" (by the way, a black bandana works good).....!

Til next time.....

...MAURY...MAURY...biggggg
MAURY from Iowa, who tends
bars and others at the LE DISQ-
UE...who is a very virle 27 and
carrys a huge 12" weapon can be
seen on duty ONLY at the Hai-
ght-Ashbury's most beautiful
bar and disco, LE DISQUE, on Haight near Stanyan...and
there is a McDonald's nearby too, for other snacks too.
MAURY works Thursday & Friday day and Saturday &
Sunday evea. Such a man. The two guys in the photo a-
bove both wish they "knew" MAURY, but the one with
the upper lip growth works with MAURY and can only
drool. He is FAYE ROY HARNETIAUX who has just
the FFA's "Walking Dildo"
of 1979. The handsome
devil with ROY, is DIXON
who was or is at the *P.S.
on Polk Street.

...What didja think of Mayor Flip-flop
Feinstein's change on the gay Police Co-
mmissioner? Yuh, what a blatant attempt:
to buy the gay vote...what is the guarantee
she will keep that promise? She hasn't
kept any others! Remember Gain?
Also...didja know?...that Duchess Dianne
Frankenstein, alias Mayor Flip-flop will
name the gay-hating Captain George Emil
as the new Chief of Police if she makes it
back in. Think about it kiddies!!!!!!

...Oh yes, that beautiful broad at the
right here is not a beautiful broad at all,
bitt is the beautiful MAXINE who works
at a Polkstrasse bistro off Sutter. Sure is
pretty looking. Hey MAXINE, can't you
talk your bosses out of those Nevada bus
trips?...they are hurting gays in that state
and the passage of the ERA...support the
gaycott...please????

...That is MAXINE
at the left here...he
stars daily at the New
Bell on Polk Street.
Maxine is one of the
hottest drags to hit
this town ever. MAX
is the former empress
and he presented the
new emperor CHUCK DEMMON at
the Coronation last Sturday night.

...Oh yes, the guy above at the right
upper...is a nice guy who has been a
round.

...The REV. RAY BROSHEARS
who is putting together his 9th an-
nual show for the Veterans at Christ-
mastime, was a patient at Ft. Miley
VA Hospital himself. He is ok now
and happy to report. It was tough
and go for awhile. He has a bruised
right lung, stomach organs also are
bruised internally, and has water on
the lung, all of which should clear up
soon. Cause of the internal disrupt-
ion the doctors say was not unusual,
and if the Rev. had had a bad ticker,
he would have never pulled through.
But he has a strong heart the docs
said. Thanks to BOB GRAHAM and
B.J. BECKWITH and ELMER WIL-
HELM for their help, and to DON
BLACK also.

...Happiness to TY TURNER and her
lover PAUL.

...Little JOEY is back at OIL CAN HAR-
RY'S...and it is good to see him.
Thank you for the beautiful little plant.
Dew-drop-inn and say "Hi" to JOEY and
DAN TURNER who is running the show
now. Didja see their fancy ad on page 2?
THE ALL NEW...OIL CAN HARRY'S!

...The FORT MILEY CHRISTMAS
SHOW is being prepared now...if you
wish to participate in the show or help
put in any way, please contact RAY at
885-1001. This will be the 9th year that
gays have entertained the Veterans at
Christmas time in the VA Hospital. Some
of the old cast will be with us this
time around. LEE Raymond is busy with
other things. Dear friend KIMO is having
some physical problems but will help out. And of course
JUNE COWAN was taken from us in a
auto wreck in the Valley.

Hawaii without leaving...has told us another bad joke...
it's comedians? like him that killed Vaudeville. He also
told us that ALEX has an excellent sex life...with
anyone he can find! HAROLD!!!!!!

...The 3 COINS CAFE at 12th & Market is
doing well we hear. The owner who is the
treasurer of MCC is oft times so tired from
doing all the work that he sleeps in the of-
fice at night. LARRY H. and JON E. W. u-
sed to "go steady". Stop in at the 3 Coins
Cafe soon, 12th & Market, at the Civic Center
Hotel.

...JOHN LEE HICKS who is one hot
man, "hangs out" alot at the Cornholes &
the Boot Pussy, South of Market way. He
is a very handsome young lad who turned
29 on Labor Day. He can be seen almost
daily at MAMA BILLY'S WILD GOOSE
where he is the doorMan on weekends and
from what we hear, his end is
not weak at all, but firm. He
was seen in a balcony with
Emperor I MARCUS and is
reported to have "carried
on".....! JOHN LEE used
to go with JOHN HAGER?

...Oh yes, that pic at the right above.....
is none other than FOXHOLE TILLIE with her pussy...
SAM. TILLIE always did have good taste!

...The guy in the circle photo at the left above is JAMES
A.....! Well, no one has seen him in so long that one
does wonder what has happened to that chile. I guess JJ
has "ruined" him for all time. Don't see him around the
South of Market places much anymore...but like JJ, he is
getting old!

...Men, men, men, all these men in town and a guy has to
look hard to find one that is!

...MACHO BOB GRAHAM is on the prowl...all ye who
are not on the gay side of life, beware!!!

...PAULINE BROTHERTON, the cheffless chef at one of
the gay eating houses in town, is STILL with the same old
man...geez, wonder what PAULINE is feeding that stud.

...SWEETLIPS of GILMORES (and the N'Touch) is in
just again...this time, we do hope it works out better
than a guy by the
name of CURT!
CURT?, yes we
all do remember
that chile!!!

...That hunk at
the left here is
JERRY the
BARRON who
lives in the Hai-
ght Ashbury area
...he is sexy look-
ing you have to
admit! I wonder
if that is ALL of
him?

...The MUSIC
HALL DISCO is
open nightly and
doing extremely
well from all re-
ports. It is lo-
cated on Larkin, just off of
Post Street. It is big and the
sound is fine and decor so
fine. Drop in and see BOB
CHARROT and his new ven-
ture. It is something else.
Saturday night Sept. 15th
they had over a thousand
people there during the eve-
ning...hot and hotter.

run films they show there. Thank you CLIF!

...That stud looker at the right here is the bar-
tender at the PUNGE INN SALOON...and he
do look hot...especially in person. DUGGAN is
his name...give him yours!!!

...ALMA of the SPARTAN CINEMA celebrated
her 00th birthday (she won't tell) recently. She
is the very friendly cashier at that downtown
gay film house. A BIG thank you to BRUCE
and to HERB for being there. Two fine people, right
ALMA?? Stop in at the SPARTAN and see the
films and say "hi" to ALMA when you buy your
ticket.

...Pictured below are three of SF's
long time bartenders...more like le-
gends in their own time. From the
left is TACKY RUTH, JOEY and
LENNY LYNN. All three are working
at Polk Valley bars right now.
JOEY is at SARA GOODA'S????

...KIMO (at your left here) sent a note
to the Flying Nun and was telling the
Nun a naughty...KIMO!...shame on
you.

...TENDERLOIN MESSIE is reported-
ly interested in being empress.....!!

...Is the RED LANTERN still gay?
...HARRY HO /LANDMARK finally
ripped down (I guess he did it) that awl-
ful awning with the holes in it. Looks
better with just the steel bars up.

...ALEX of KIMO's is STILL with the same guy...hmmm!
...But of course, so are DAVID & DAVID...those two
hunks have been together so long one can't remember to
when they weren't.

...In that BOY/MAN SEX WITCH
HUNT...the guy who got the
kids to sill the beans to the cops
was that Bob Benny. The story
on page 6 this issue tells some,
but we understand there is alot
more to come...but what we
would like to ask is.....
how is it he can keep having
sex with a 14 year old and
the cops don't bust him?
I guess that is their
payola to him for help-
ing to set the men who
were busted, up.

...Oh yes, "Space Cadet"
at your right here is the
infamous RANDY JOHN-
SON of the REAFTERS.
He do lookie cutie in his
"outfit" doesn't he.
Oh well, from drag to
space...RANDY is far out.

...The battle to halt all-night
dancing in the Haight-Ashbury will end up one way or a-
nother on the 19th at the Board of Permit Appeals.

...BEWARE...even tho that "other" paper
which is owned by an-ex-emperor doesn't care,
maybe you all do...a certain columnist tells
the cops everything they want to know that
is illegal going on in the gay biz scene...they
DO READ THE GAY PAPERS...and that is
a fact. That jack-ass who hopes to be Chief
and will be if DIANNE is elected, Capt. Emil,
told us that the "other" paper and one that is
no longer in biz and nother that had it's chief
gossip busted...told the cops 90% of the bad
things (depending on whose eyes you look at
it through) they found in in their columns.

...Well, it is about
time to close off...that guy at
the right with the gun waving
at you does look familiar don't
he?

...Be good to each other...try it,
you just might like it...love is
far better than hate...have you
ever tried it?
