DAVID SCOTT, next MAYOR

★★★

"I'm tired of people living in fear. Our homes, school and streets must be safe. Let's make the police department spend its time protecting the people instead of playing politics."

So sayeth David Scott, candidate for Mayor of San Francisco. David is a highly personable and intelligent 44 year young man, who is a former Member of the Board of Permit Appeals, appointed by the late Mayor George Moscone, who had a great deal of faith in David Scott's ability as an advocate of the neighborhoods. David Scott, a graduate of Penn State University, attended graduate school at George Washington University. He served in the United States Navy and received an honorable discharge. David Scott served on the steering committee of the No on 6 campaign committee last year, defeating Briggs and Anita Bryant's anti-gay school teachers initiative.

David Scott has the endorsement of all gay political clubs in the city for his candidacy for Mayor with the exception of the gay republicans.

David Scott told the CRUSADER that "San Franciscans must elect a new mayor to lead city government into the 1980's. Voters have two basic choices; to support yesterday's politicians - Tweedledee and Tweedledum - or to join a growing army of volunteer army of outraged citizens who demand a new approach."

"Feinstein and Kopp represent the worst of 'government as usual' - bought and sold by special interests, owned by every big downtown business concern. It is indeed ironic that these two politicians, who less than a year ago had conspired to endorse each other for Mayor and President of the Board of Supervisors in an effort to defeat the late Mayor George Moscone, now are scrambling to gain the support of the Moscone coalition."

David Scott, a gay, our next Mayor!

Tweedledee Tweedledum

David Scott

David Scott, candidate for Mayor of San Francisco, has been endorsed by the Harvey Milk Gay Democratic Club; the Gay Voters League; the Stonewall Gay Democratic Club of San Francisco; the Barbary Coast (Gay) Democratic Club, to mention but a few of the endorsements that the highly popular candidate has picked up. David, once a 'dark-horse' in the race for Mayor, is now considered a very threat to "Tweedledee and Tweedledum", and with YOUR help, could become Mayor.

Miss Gay S.F. I, Toni, Beaten to death!

Anthony Lopez, known to many in the gay community as "Miss Gay San Francisco, I, Toni, was found, dead, in his kitchen, at the apartment he shared with Jimmy Wilde at 840 Van Ness Avenue. The beating took place during the early morning hours outside of the apartment building according to the police, on September 26. That morning, at 9:30, Toni was found by his room mate, on the floor of the kitchen. The beating broke ribs, one of which had punctured his liver, causing him to die. John Green, 40, who was staying in that same building was booked on manslaughter. He was an acquaintance of Toni's roommate. Toni was born June 29th, 1949. He is survived by his sister who flew here to take care of the burial. Toni had worked in the past at the old Big Basket dance hall.

Lesbian Politco, Jo Daly, fights Prop. R

In a press conference on October 3, lesbian activist Jo Daly, a member of the Toklas Democratic Club, and an appointee of Dianne Feinstein to the Board of Permit Appeals, said that, "Proposition R ignores and obstructs the constructive efforts made by the Supervisors this summer when they adopted rental guidelines and limits. If Proposition R passes it would replace this fair system with an unwieldy bureaucracy, red tape and unlimited costs." "It's just not the answer to this City's housing needs" continued Daly. Mayor Feinstein is also opposed to Prop. R as is Preston Cook and Quentin Kopp. Most all gays are supporting Prop. R and Daly's stand is in direct contrast to this. Her actions reflect the view of her "boss", Dianne Feinstein, politically.

CHIEF, CHIEF, WHOSE GOT THE CHIEF?

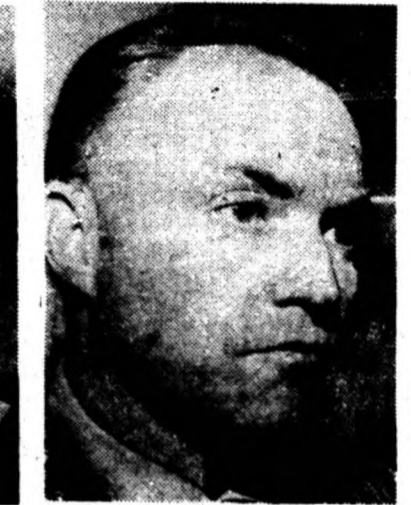

WHO THE NEW CHIEF OF POLICE WILL BE DEPENDS UPON WHO IS ELECTED MAYOR.....BUT LET US TAKE A PEEK AT THOSE WHO ARE BEING TALKED ABOUT AS POSSIBLE "CHIEFS".....AND WE ANALYZE JUST HOW MANY "INDIANS" SOME OF THESE WOULD-BE CHIEFS WOULD HAVE WITH THEM.

Deputy Chief
Jeremiah Taylor

Vice Chief,
George Emil

"Mr. Bluecoat"
Captain Jerry D'Arcy

You've heard of the game "Button, button, whose got the button?".....well the same goes for the bizarre "game" that mayoral candidates are playing with the San Francisco Police Department and the various commanders within that law enforcement body. Mayor Feinstein has "fired" Chief of Police Charles Gain, effective in January. And that was when the "games" began within the ranks of the San Francisco, variations of such child's games as "Spin the chief," "Pin a badge on the ass," etc. According to almost every single Police officer we interviewed and that was well over a hundred, they felt that what Mayor Feinstein had done with her "game playing" was to create a great deal of distrust and dissension within the ranks of the Bluecoats, by "pitting" one man against another, all striving for the coveted badge of Chief of Police, and some of them doing the city a great dis-service with their attempts at "apple-polishing" with Dianne Feinstein, whom all the named possible successors feel will be re-named to the Office of Mayor. All discounted David Scott and Quentin Kopp. One candidate saying that if Scott was elected Mayor, he would resign from the Department but that he did not feel that Scott would make it, so he had no worry about resigning. Captain J. William Conroy, an extremely popular man with the "man on the beat", the Bluecoat, is out of the running according to most all Dianne Feinstein sources, as they feel he is too closely "tied to Quentin Kopp". His qualifications were unimportant. Another mentioned frequently is Con Murphy.

an easy going type who gets along with almost everyone, except Dianne's "gay gang" (Foster, Fitch, Daly, Smith, etc.). Tis a shame for he is highly competent. Another mentioned, is the closet-homophobe at the Mission Station, Captain George Jeffery. He is not given much chance due to his failure to deal not only with gays but with the Third World peoples of that District (but for that matter, neither can Dianne or Quentin). The biggies in the "Chief Game" are the three pictured above. Captain Jeremiah Taylor, now Deputy Chief of Inspectors/Investigations. He is extremely knowledgeable about all matters in the Department itself and seems to have little problem in relating where he stands on issues to the various complex communities of our city. He is strong and highly articulate, maybe too strong for such a person as Dianne Feinstein or a Quentin Kopp, but David Scott could deal in an effective way with Taylor as Chief. Taylor has no hang-ups about gays at all.

Then you have Captain George Emil who heads up the Vice Squad and Dianne who just loves a man who can "knock people around" like the men that Emil commands so well, is enamored with this dime-store-would-be-czar-against-sex. Emil has a strong hangup about sex of any kind when it comes to "non-married" people. He has used the Vice Unit to "witch-hunt" gays and to brow-beat various liberals about the city, something which Dianne has tried to do herself, but has failed. They truly compliment one another with their sexual phobias. Emil has been against gays since back when he headed up Personnel.....

when he refused to accept the Civil Service transfer of David B. Taylor, Jr., from the Board of Education switchboard to the Hall of Justice switchboard because David was a homosexual, and had once been arrested for being a "go-go boy". This action by Emil took place back in 1974. Since becoming head of Vice, he has arrested more gays in his term than his predecessor did in all his years. Emil has shut down all the male model escort agencies. He would not serve under David Scott if David were elected mayor. Lastly comes Jerry D'Arcy the captain at the Central station. D'Arcy is highly competent and has no hang-ups about gays. Like Jeremiah Taylor, he commands respect with the rank and file of the Department, and is able to communicate and relate to the problems of the various neighborhoods. D'Arcy says that he would serve under David Scott, Kopp, Feinstein or whoever is elected mayor, for he a professional law enforcement officer. D'Arcy obviously would be the best choice for Chief of Police of ALL of the city, along with Taylor, but since when has the best ever been chosen to be Chief of Police in the city of San Francisco???.....not since Tom Cahill. Whatever, when January comes, the city will know who their new mayor is and how crime will be in years to come. Organized crime is in San Francisco. Drugs flow freely about the city, and it will take a real Chief to deal with these problems. The citizens can only hope that a real mayor will be elected in November or December (a run-off will be held in December, for it obvious that none of the three candidates can gather the necessary 50.1% of the vote to avoid the run-off.

Blacks charge Club Bath with discrimination

San Francisco's Club Bath, at 8th and Howard Street, scene of demonstrations and violence in years past due to racist actions and words by employees of that firm, once again is in the "spotlight" with discrimination being charged. Sunday night, September 30th, Tyrone Turner, well known personality in "royalty" circles in San Francisco, and manager of a bookstore, was mistreated that night near midnite, by employees of the bath house. Mr. Turner, whose word has always been reliable told the CRUSADER of some of the most vile racist behavior exhibited by that business on 8th Street. The owner, Dale Bentley and his manager Ray Andrews have been charged with allowing this type of behavior before. And the demonstrations in the past cost them money, and suits filed against the Club Bath by members of the now defunct Bay Area Gay Liberation were successful in the courts. In 1976, following demonstrations at the Club Bath Bath, further incidents developed when Clarence Austin, also known as "Loretta Love" was denied admittance to the facility. He too was black. Former employees have charged that when in the employ of the Bath they were told that "when it starts getting too dark in here, cut down on the darkies," a charge denied by the owner of that facility. Now with this latest act, action is being prepared for a Permit Revocation Hearing under the Gay Rights Ordinance co-authored by the late Supervisor Harvey Milk. Under the provisions of that ordinance the police must investigate all charges of discrimination. And now the police have been requested to do so. The action against Mr. Turner by the Club Bath employees took place at about 11:50 PM on September 30th and Mr. Turner has said that he is "prepared to go all the way to halt such outrageous treatment." All persons who have had problems with the Club Bath involving discrimination, are being asked to contact the GLA (Gay Liberation Alliance) with this information, so that steps to bring proper action against the south of Market bath house will continue. Racism is a growing problem within the gay community of San Francisco, and many are frightened to

FLORIDA MILLIONAIRE MURDERED IN MARKET STREET MOTEL.....

Officer Rogers and Stasko of the SFPD Northern Station answered a "prowler" call to 2314 California and there they found Wayne Reed Golden 27. His clothes were bloody and in his pocket he had the key to room 208 of the Beck Motel at 2222 Market Street. When police called and had the clerk go into the room, he found the badly battered and dead body of Florida millionaire, Howard O. Phillips, who is reported to own half of Minutemaid (Florida) Orange Juice. Wayne Golden was a known frequenter of gay bars, to hush the reports received. Dr. Charles Noble a friend of Phillips denies that Phillips was gay. Inspector McCoy of Homicide and his anti-gay partner, (Cops for Christ) Crowley, investigating.

OPINIONS

VIEWS on the NEWS...

Reverend Raymond Broshers.

"HAVE YOU SOLD YOUR SOUL?"

lately about your standard of morality (and I'm not talking about sex either!).....? Have you asked yourself..... "just how far would I go?...just what would I do for money?...would I harm another to gain money?...would I do anything for a job, or to keep it?" These are things which you MUST ask of yourself, and soon, for San Francisco's homosexual community is not looking too good as of late.

"WE ARE GOING TO TURN THE TENDERLOIN ALL GAY WITHIN TWO YEARS.....WE ARE GOING TO RID THE TENDERLOIN OF THE POOR AND OF THE BLACKS!".....Those were the words of an owner of a gay disco in this city, which were supported in turn by other "New Money" interests, most of it from the east coast.

So, "They" are going to "clean up the Tenderloin"?!? Get rid of the poor?!? Get rid of the blacks?!? Wow!!! You see, this is just what I said earlier, "Have you sold your soul?"

The poor, many of whom are elderly, who have ONLY the Tenderloin where they CAN AFFORD TO LIVE, are now the targets of the "exploiters and exploiters" and "John & Jane Gay" are going right along with it, just as long as they have a hand in the pie or a %&+!% in the area! It doesn't matter to them who is hurt, who is being oppressed.

Gays, just like straights OPPRESS people in the money game! Gays kill people, just like straight people. Gays are no different and in some cases, when it comes to the moneyed gays of our city, they are worse.....but these who are so bad, for the most part are the New Gay Crowd to our city. They can't remember what is what like here in 1965, for they were back home with mommy and daddy hiding in the closets of life.

John & Jane Gay, for the most part, they are being led by these moneyed gays. They don't care, just as long as they "get theirs" and are "doing it" and having a ball.

Those of us who "speak up" are the greatest enemy the moneyed gays have. They try and turn public opinion against us, for we are their enemy and with us out of the way or neutralized, they have a wide open field and will completely control the gay communities of San Francisco.....is this what YOU, John & Jane Gay want? Do you want a mindless gay society where only the moneyed gay will say what is good or bad for you? Well, that is surely what is happening. Some gays papers will do anything to sell and ad.....there you have it in a nutshell. The eastern moneyed gays are "buying" your minds, your thoughts by buying up the "other" gay papers who are all too eager to make a few dollars and more.....what hell, just as long as they "get theirs" who cares about the poor, the blacks, the handicapped, the elderly.....just as long as we "get our cut" and no one cries out.....like we do here at the CRUSADER!

A couple of "tinker-belle fairies" came up to me and told me I was anti-gay.....and I asked why, and they said because I opposed the I Beam all-nite dance permit. You see!.....there it is.....right there, and such a sick mentality. All the "tinker-belle fairies" want is "their cut".

I say to those of you who fall into the "tinker-belle fairy" class....."just what the hell have you ever done to bring about gay liberation in this city?.....just what have YOU done, besides run your fairy-ass in the streets?" There are countless hundreds and hundreds of demonstrations against the police and against rip-off s that I have been proud to have been a part in helping to organize. The same goes for our actions against the state prisons, our demonstrations, "zaps" there. But, I will not present to a bunch of "tinker-belle fairies" my record of accomplishments, let history judge me and not some of you of the New Gay Crowd who don't know your ass from a hole in the ground, for the most part.

THE ISSUE IS.....OPPRESSION OF GAYS BY GAYS!!

The way that too many bar and restaurant owners DO NOT pay their employees is wrong, a great injustice and at the rate they are going, they are opening the door for unionization efforts. The "couch-casting" is still a regular happening in the gay business community. The mis-treatment of other gays who are "different" by the gay moneyed crowd is sickening, and their day will come, for such oppression will lead to things which they will have no way of halting, unless they halt their oppression of other gays.

MONEY IS NOT THE ANSWER.....despite what the other homosexual publications say. Cooperation and diversity are the answers. That means communication with all segments and all people who live in our city, and not just those with whom we agree. In diversity there is strength.....in uniformity, there is oppression.....the "haves" vs the "have nots".

The Tavern Guild, the Golden Gate Biz Ass. all are apart of the "uniformity" crowd.....be on the beware side when dealing with their "leaders", or reading their "edicts".

GAYS FIGHTING DAVID SCOTT.....AGAIN, THE GAY MONEYED CROWD OPPRESSING GAYS AND ASS KISSING WITH DIANNE AND QUENTIN.....

For the first time in the history of our city, a gay person, a live and breathing intelligent homosexual has a chance to be elected Mayor of San Francisco and that man is David R. Scott. Yet, the Jim Fosters, the Frank Fitches, the Jo Dalys, the Duke Smiths, the Paul Hardmans, the Charles Lee Morris's are all fighting against him.....just as they did against Harvey Milk many many years ago before most of you came to San Francisco, most likely. Gays oppressing gays once again.

David Scott, he doesn't make "deals" like Dianne or Kopp, he doesn't promise "commissionerships" etc., to any of the gay moneyed or political interests, he only promises good government and an attempt at halting crime. He is FOR rent control, Foster-Fitch-Daly-DeYoung-Smith and Feinstein & Kopp, are AGAINST rent control. So doesn't that tell you something?

David Scott has my vote, for what it is worth, one vote! What about you?.....are you going to continue to be "led" by the oppressive-so-called-gay-leaders, or will you vote for a gay person? David Scott is honest, he is sincere, and he doesn't do "flip-flops" like Duchess Dianne. Cast off the yoke of the oppressors and vote for freedom.....! rb

Judge Stephen Lachs
Superior Court

GAYMAN NAMED JUDGE.....Why!!!!

Thirty-nine year old Stephen Lachs of Los Angeles was named to the Municipal Court by Governor Jerry Brown on September 15, 1979 and was sworn in on Monday September 17th.

The highly personable gay Jurist met with reporters as if this was an ordinary event when it was discovered that America had its first gay judge. He said that "We'll be free when the first-anything isn't news." He told reporters that he was anxious that gays make progress as quickly as possible.

Lachs, who has served as Juvenile Court commissioner, had ran for judge once before and was soundly defeated, but his appointment washed that bitter defeat away. His appointment was met with gladness throughout much of California and in particular the gay communities of the state.

Lachs was born in Brooklyn, New York, and moved to California in 1956.

When asked "Why did Governor Brown appoint you as judge?", Lachs replied, "Because it was time!"

Lachs was on the Board of Directors of the Gay Community Services Center in Los Angeles. Lachs it is hoped will not be the last gay judge appointed. In San Francisco, attorney Terence Hallinan, candidate for Supervisor in District 5, congratulated Lachs upon his appointment and as well sent a letter to Governor Brown thanking him for the appointment and requesting that Brown appoint a lesbian to the Court here in northern California as soon as possible.

Brown, by this appointment, picked up considerable gay support in his bid for the Presidential nomination in 1980 but it was felt that this appointment was not political.

Several Bay Area gays have been in touch with the Governors office concerning a northern California appointment

Gay Voters League makes endorsements

The Gay Voters League endorsed David Scott for Mayor of San Francisco. Scott, who is a gay, won the endorsement hands down at the 9th Annual Candidates Night of the Gay Voters League, held at the Odd Fellows Building social hall, 26 - 7th Street.

The endorsement of David Scott was met with surprise and delight by most all, except Scott's two opponents, neither of whom had even bothered to show up. Supervisor Kopp had told the Leagues co-ordinator that he could not be there as it was a holy day. But he was seen that same night at a candidates night at the Irish Cultural Center, which all present at the Leagues candidates night, was a direct "slap in the face to gays" by Kopp and his campaign manager Clint Rielly, who later was arrested for drunk driving. Rielly makes no secret of his dislike of the Gay Voters League which refused to endorse candidates in the past which Rielly managed. Scott's endorsement and support by the League will pick him up some valuable support and workers.

In another surprise, incumbent Supervisor Bob Gonzales showed up at the meeting in a surly mood and was ignored by those present and he left in the huff that he arrived in. He received one vote for endorsement to 29 for Enola Maxwell, 70 year young activist, who won the endorsement of the League, as well as other gay groups.

In District 5, candidate Terence Hallinan easily won the endorsement of the League. The person who is now representing District 5 failed to make an appearance. Leonard Matlovich, candidate for Supervisor in 5, made an excellent presentation and came in second to Hallinan. Howard Wallace the labor candidate also made an appearance and out polled the person representing the District. In the District Attorney election, the incumbent failed to appear despite his promise to do so, ... just one of his hundreds of broken promises. He did not receive any support (5 votes). Joseph Russoniello was present and was well received. He failed to gain the endorsement, but did come in second. Carol Silver gained the endorsement narrowly over Russoniello, but the League co-ordinator said that due to her failure to appear...

she will receive no funds or workers. The same went for Michael Hennessey who gained the nomination for Sheriff but failed to show. Supervisor Lee Dolson did appear and made an excellent presentation, fielded some rough questions, but narrowly missed endorsement. The woman who did gain enough votes for the endorsement did not appear and later stated that the endorsement "means nothing", and under the League's by-laws, the endorsement falls to Dolson who was one vote behind her. The League will work for Dolson's re-election.

Gordon Lau won endorsement in District 1 for Supervisor and Eric Moncur won endorsement in District 11.

The League voted overwhelming support for the Rent Control initiative, Proposition R. The League also voted "yes" on Proposition P, and Proposition Q.

The Gay Voters League thanks all the candidates who did appear as well as the workers.

Organized Crime

A representative of the Justice Department's Organized Crime Strike Task Force has met with various people who are activists within the gay community concerning the possibility that organized crime has moved into San Francisco's gay community in a big and very covert way. State investigators too are involved in the same investigation. To date, six persons who are not involved in any with with any of the places which are either owned or "fronted" by persons whom the Department is investigating. One investigator from the federal side told the CRUSADER in an interview in which names we cannot print were mentioned, said that without a doubt various persons who have been or now are, associated with known members or businesses for various people who are on the Justice Department's "Who's Who in Organized Crime."

The investigator said that the Mafia had left SF alone for decades when there was a tough mayor and an honest and non-political police force, but that, that has changed now and has been for the last three years or so. He further stated that gay liberation was an obvious way to find a way into SF.

How long the investigation had been going on, and how long it will continue he would not say, but, from what we know and from what we have learned from the Justice Department and other investigative bodies of law enforcement, it is a certainty that a Federal Grand Jury probe will be convened in this matter. In addition, a California legislator has met with various members of the Senate Committee on the matter.

BRITT "BEGS" MATLOVICH TO PULL OUT OF 5'S SUPERVISORIAL RACE IN FAVOR OF HIM.

LEONARD MATLOVICH
..... "No deal!" to Harry Britt

"No Deal.....!" were the two words from Leonard Matlovich after Harry Britt the appointed Supervisor had approached him and "begged him" to pull out of the election. Matlovich, who has run a much stronger campaign than most could expect has made an impression on the voters of District 5 with his sincerity, but all felt he has not been in the city long enough (just a year) to really know what is going on. But all we spoke to agreed that Matlovich will be someone to lead the way in the 80's in the homosexual community. Matlovich, who won national fame with his battle against the Air Force in an effort to remain in the military and be an open homosexual, is a gentleman and an "nice guy" politician.

HOWARD WALLACE

HOWARD WALLACE SCORES BRITT FOR SAYING THAT THE TAVERN GUILD WAS A UNION FOR THE WORKERS! Howard Wallace, a man who knows a lot about labor organizing and a candidate in District 5, exposed the "big lie" of Harry Britt when the appointed not-so-supervisor told people that the unions recognized the Tavern Guild as the gays union for the bar, restaurant workers. Wallace pointed out some restaurants pay as little as \$2.90 an hour for dishwashers and that sexpollition (couch casting) was common. Wallace also pointed out how few black employees were in the Tavern Guild. Wallace deserves a round of applause for his exposure of Britt's "big lie" and standing up for the workers.

HALLINAN

HALLINAN PULLS AHEAD OF THE FALTERING BRITT. Longtime gay rights advocate Terence Hallinan, has pulled ahead of the person who now is District 5 supervisor. Hallinan, who is well known for his work on behalf of peace when he headed up NPAC (National Peace Action Coalition) West Coast Coordinating Committee which staged marches of 300,000 people here on behalf of ending the war and ousting Nixon. Hallinan whose record in civil rights is unmatched by any other candidate in 5, has considerable gay support which is solid and growing very fast.

BARBARY COAST (gay) DEMOCRATIC CLUB RESCINDS ENDORSEMENT OF GONZALES AND KOPP.....In a Monday evening meeting September 24th, the Barbary Coast (gay) Democrats voted to rescind their endorsement of Kopp for Mayor as he refused to attend any functions which the Club was involved in. Some Club members bailed this on people around Kopp. The Club later voted to endorse David Scott for Mayor, without dissent. The Gonzales matter was entirely different. Gonzales has lied repeatedly to the residents of District 7, and despite his recent hiring of the most capable Mary Wright and Larry, he just has done too little for too long and the Club decided that the "traditional" endorsement of a chicano was wrong, and rescinded the endorsement after some debate, and late voted without dissent to endorse Enola Maxwell for Supervisor in District 7.

Davallo, part and parcel of the Foster Goodstein-Fitch "gang" had no comment when asked, as did the secretary in the CDC office, except she did say she did not send them membership papers and did not have any plans to do so in the future. The reason given was "no reason". Barbary Coast, comprised of the whole of members of the old Truman Democratic Club, is feared by the Foster-Fitch-DeYoung people, as once before when they were members they almost ousted Foster as chair of the gay caucus of the CDC in a wild Los Angeles CDC Convention and Foster obviously still fears the gay Democratic Club.

It is a fact: Gay prisoners are the most oppressed, abused and discriminated against of all those in prisons and jails. Gay prisoners are discriminated against by guards, which Sheriff Brown denies, and by other prisoners; they are not allowed to train for most vocational programs in the state prison system, and cannot gain work release easily, and are considered only a little above the "snitch" or "informer" on the prison 'social scale'.

The reasons for this sexist oppression are theological, psychological, psychosexual and political. For hundreds of years Jewish and Christian teaching has decreed the second class status of women and the sinfulness of non-heterosexual orientations. Our society, our institutions and we ourselves have been affected by these religious teachings. Because of this form of conditioning our psychological attitudes toward women and Gay people are very negative and we manifest this negative attitude through our laws and institutions - especially our jails and our prisons.

Nowhere, as a matter of fact, is our political sexism shown more clearly than in our institutions - the church, the armed forces, the police, and the prisons - point out what much of our society is willing to do in order that absolute control is maintained and to prevent any form of social deviance, such as women, demanding equality or Gays demanding liberty. Women and Gays. So the staff of the jails and prisons oppress and discriminate against the gay prisoners, but they don't stop there. This prejudice and oppression is communicated to other

non-gay prisoners who have already been conditioned in sexism by society. With the tacit cooperation of the institutional staff, Gays and some non-gays are raped..... ripped-off, assaulted, and generally treated with contempt. Remember, that in the time it will take you to read this.....someone is going to be raped in a jail or prison somewhere in this country!

We WE can do.....The ultimate goal must be to close down every jail and prison in the land. However, there are immediate steps which would aid in halting the mistreatment of gay prisoners now. First, we get the word back to all prisoners; tell them of our common relationship as brothers and sisters, tell them all of us are prisoners—gay and non-gay. Help gay prisoners and gay prisoner support organizations to establish gay studies groups in the institutions. Assist gays in their struggle to be involved with the training of guards and other institutional staff, concerning the needs and problems of gay prisoners. Fight along side gays, as we try to educate probation and parole officials, judges and lawyers about the sexism in the law and in the courts.

Never forget: Our struggle against the common oppressor is the same for all of us. If we must have a motto, let it be brotherhood and sisterhood with liberty, dignity and equality. Gays in the urban areas such as San Francisco tend to forget that it is a big wide world about us and that while things are not so bad here, it is hell in other areas, in rural areas, in which so many of the prisons are located. Think!!

Anti-Gay, Askew, given O.K.....!

CRANSTON & HAYAKAWA "VOICE VOTE" LOST IN U.S. SENATE O.K. OF RUBEN ASKEW.....

Senator Alan Cranston, alleged friend of the gay voters in California, "lost his voice" when the voice vote for the Senate confirmation of President Jimmy Carter's choice, Ruben Askew, as chief U.S. trade negotiator. Askew, former Governor of Florida, was one of singer Anita Bryant's top supporters in her campaign to repeal gay rights in Florida and elsewhere. Askew told a U.S. Senate committee that, "I will not allow homosexuals on my staff. They are sick people." This statement brought a cry of outrage from gays and their allies around the nation, but to no avail, for the Senate o.k.ed the nomination without dissent, meaning that certain so-called friends in the U.S. Senate either failed or refused to demand a roll-call vote. The Office of U.S. Senator Cranston in an telephone

interview with the CRUSADER said that, "Senator Cranston met with Senator Packwood (R-Oregon) and that Packwood has assured the Senator that Askew was alright." He stated that the Senator felt "satisfied" on the confirmation. This was on September 26th.

David Scott and the two other candidates for Mayor sent angry telegrams to Cranston to try and halt the nomination, as well as to President Carter for having made the nomination, but it was to no avail. Terence Hallinan, attorney, and candidate for Supervisor in District 5, said that the nomination of such an obvious bigot was "outrageous", and that President Carter had gone back on his own Human Rights platform.

Cranston's term of office is up in 1980, and the Barbary Coast (Gay) Democratic Club has made it clear to Cranston's office that they shall do all they can to see to it that he is defeated in the Primary.

WHAT HAPPENED at the I BEAM.....?

HARRY BRITT "FELL OFF" THE I BEAM.....IN HAIGHT-ASHBURY CONTROVERSY

For two years running, the I Beam disco of Dr. Sanford Kellerman, have lost their bid to keep the residents awake all night with his proposed discothon. Kellerman when he sold the Bolt, a leather bar on Folsom Street, leased the facility on Haight street and called it the I Beam. Many of the neighbors didn't even want the disco to have a regular hours disco, but objections were soothed over and it opened, with no one opposing the permit. Later, Kellerman wanted an afterhours disco permit and many of the elderly neighbors who were being disturbed by the regular hours of the disco appealed to gay activist/minister Ray Broshears to try and halt them. This he did with the help of a handful of neighborhood activists who wanted to keep the Haight a nice residential area. The Board of Permit Appeals over-rode Chief Gain's decision. A year later on the 19th of September, the issue once again arose, and once again Rev. Broshears arose, but this time the Haight Ashbury Neighborhood Council and hundreds of home owners and renters joined in a coalition and Kellerman's bid to disrupt the residential quality of the Haight Ashbury, was halted by a 4 to 1 vote. Kellerman's attempt to make more money was halted in a victory for the residents.

Make your vote count.
For a change.

"Now Is The Hour"

Gracie Fields

September 27th, 1979, a day that saw tears in the eyes of so many people both in America and in the British empire, for it was when Gracie Fields passed over. She was 81 years old when she passed at her villa on the Isle of Capri.

"Our Gracie", as we all considered her a part of us, those of us who heard her sing, "Now Is The Hour", one of her best selling songs. Her songs and high spirit helped many of us to see a bright side during those dark days of world war II. Her singing, so sweet, so angelic, will live in our hearts always.

HIGHEST RECOMMENDATION

SOME FINE ACTING IN A NON-PLAY

"Kennedy's Children" (presented by Theatre Rhinoceros at the Goodman Bldg., Geary between Van Ness & Franklin, Thurs-Sun at 8:30 thru Oct 21, 626-1921 noon to 6 for info) is the second offering in their "Robert Patrick Festival" and the best known of that author's (the most published living playwright in the Samuel French stable) scripts.

This is a revised edition of the full Equity production which played here a few years back and had somewhat of a vogue with a cult following. Although not a little interesting as a philosophical treatise on youths problems in the Sixties, it is basically six monologues interspersed with each other, lacking a beginning or an end, any pretense of dramatic conflict and almost no interrelationships between the six characters, although director Alan Estes is to be commended for trying to work some in.

Martin Xero as a not quite right, not quite bright Viet Nam veteran gives an excellent, multi-level performance, beautifully controlled and avoiding the all too easy to fall into the pitfall of being overly dramatic (an actress take note); likewise Kathleen Murphy's intensely believable, low keyed characterization of JFK here worshipping who has never recovered from the shock of his assassination is a real gem and Charlie Hufford is wonderfully monstrous, in a monstrously wonderful role.

RECOMMENDED for all, HIGHLY for those in the twenty-five to thirty-five age range.

CAMPY RATHER THAN ELEGANT

The Lamplighters production of "Die Fledermaus" (at the Presentation Theatre, Turk above Masonic, Fri & Sat plus some Sundays, 752-7755 for info) is presented in the English translation by Ruth and Thomas Martin and, because of this, pretty much comes a cropper. The elegance of Strauss is not the same as the humor of

Gilbert and such lines as "Have a ball right here" although passably funny in some contexts are jarring in this one. Nor did I find variously mispronouncing the title "Chevalier" as Chevrolet, Chevette or Corvette either screamingly funny or helpful in setting a mood of 1879 Vienna.

With all principles double cast, it is difficult to review performances but on opening night..... Georgia Prugh was charmingly beautiful, Pamela von Schmidt was nicely in style as Prince Orlofsky and Lindi Bauman a standout in creating a real characterization in a quite small part. Unfortunately most of the others were more buffons than comedians and the audience was treated to the often joked about but rarely seen horror of all actors: playing a scene with one's fly unzipped. The fact that the character, Frank, was laid away in top hat, white tie and tails made it all the more ludicrous.

Jerry Gere's sets were reasonably charming but in the sumptuous ballroom scene were off true and the females seemed unable to cope with the tribulations of trains of ballgowns.

Regretfully, not one of their better productions.

ADDENDA

In an interesting switch the original Broadway cast has replaced those of the tour company who opened here in AINT MISBEHAVIN', at the Curran, thru Nov 24, 673-4400 for info.

Lunchtime Theatre Downtown: commencing Oct 17 at the One Act Theatre (421-6162 for info) that company will present a lunchtime one act running from 20 to 45 minutes (depending on the play) beginning at 12:10 and repeated every Wed. "Brown-baggers" are welcome while some food and drink will be available in the lobby.

A premiere of THE TENDERLOIN SUITE, an audio-visual presentation with slides, dialogue and music will be held as benefit for Theatre Rhinoceros at the Unitarian Church/Center, 1178 Franklin at 8 pm (626-1921 for info, noon to 6). A new art work by Tom Smith with script by Cal Yeomans, whose Richmond Jim, recently was a successful run at the Goodman Bldg. A four part presentation, looks at loneliness in the Tenderloin concerning among others, a hustler, and a transvestite about to become a transsexual —30—

THE QUIET BEFORE THE DELUGE.....

During the three weeks between the deadlines of this issue and the preceding one, not a single full Equity production opened in San Francisco and only three sustained run Equity-waiver or non-Equity ones came in. An unusual situation in a city that see literally hundreds of hows open every year but one that is not scheduled to continue.

As is true with so many aspects of life, theatre openings seem to currently be running in the feast or famine syndrome. There are nine major openings in a seven day period, Thursday Oct. 11 thru Wednesday Oct. 17, with three scheduled on the 12th. Producers and press agents are off prone to be critical of reviewers but some simple logistical work on their part to avoid duplicating openings would be appreciated and have the practical advantage of making us possibly less testy and certainly less harassed.

In any case, following is a list of what's coming in, during the next few weeks. SHAKESPEARE, the GLOBE and the WORLD at the Academy of Sciences, Golden Gate Park, 10 til 5 every day, now open, but came in too late to review, 221-3100 for info.)

This should be a fantastic exhibition and very definitely in the "not-to-be-missed" category. How lucky San Francisco is to have it and how prestigious that we were chosen the first city in which it will be shown. Organized by the world famous Folger Library of Washington, D.C. (which is under-going a two year long refurbishing) this enormous and multi-faceted exhibit should prove equally interesting to both drama and history buffs.

Not only Shakespeare's life and works but also the Globe Theatre and just about all facets of Elizabethan life will be shown through books, manuscripts (some so rare as to quite literally be priceless,) painting, prints, costumes and films. In association with this there will be a series of eight lecture/demonstrations on varying aspects of the Elizabethan world (Science and Magic, a Food Fair, Clothing, Manners, and Weaponry. Also on Games, Sports, and Entertainment, etc.), given at both the San Francisco Public Library and the Academy of Sciences under the auspices of the Berkeley Shakespeare Festival plus repeat performances in Golden Gate Park of their excellent "ALL'S FAIR IN LOVE & WAR". 845-0303 for info.

WHERE YOU GOIN/WHERE YOU BEEN? (at the Julian, now on, but opening too late for a review, Thurs-Sun eves at 8 plus Sat at 3, thru Octo. 27, 647-8098 for info.) Two one-acts on "sex and power at the office and at home". The first premiere is the LIBERATION OF J.M.L. by Berkeley playwright George Crow and is a confrontation between an executive and his tough minded, new sec-

retary. The second 'SUGAR-MOUTH SAME DON'T DANCE NO MORE' in it's West Coast premiere, is a "realistic look at the loneliness of a black woman in her relationship with a charming but unreliable drifter."

Opening Thursday, October 11, "HOW THE OTHER HALF LOVES" (at the On Broadway, Tues-Sun eves with a Sunday matinee at 2:30, 398-0800 for info), for only the second time in the history of San Francisco, a show that opened in an Equity-waiver house is moving to a full Equity production. This hilarious Alan Ayckbourn, British comedy of inefficient infidelities featuring Dean Goodman and Rhoda Gemignani bodes to be even funnier in its new home with an enlarged and refurbished set than when it did turn-away business at the One Act Company's theatre during that company's summer hiatus.

Opening Friday Oct. 12, ROMEO & JULIET at A.C.T.'s fourteenth season (at the Geary, in rep, 673-6440 for info.) Probably the world's most famous love story featuring Thomas Norhwold and Julia Fletcher in the title roles.

Opening Friday Oct. 12, ENCOUNTERS.. (at the One Act Theatre, Thurs-Sun eves plus Sun Matinee at 2:30, 421-6162 for info.) Comprised of three one acts, "The Restaurant" by Dan Greenberg, "Birdbath" by Leonard Meli and "Lou Gerig Did Not Die of Cancer" by Larson Miller which is a West Coast premiere. The three plays "explore the comic and tragic sides of human relationships."

Opening Friday, Oct. 12, JOSEPHINE: The Mouse Singer, (at the Magic, Thurs-Sun, 8:30, 441-8001 for info.) This West Coast premiere of Michael McClure's 1978 OBIE Award Winner at which ceremonies it was described as..... "at once utterly charming and almost unbearably painful.....a play which tells us that the relationship between artist and society is often intolerable but.....that for a society to endure without its artist is impossible....."

Opening Saturday Oct. 13, DESIRE UNDER THE ELMS (at the SF Rep., Thurs-Sun at 8, 863-4859 for info.) This Eugene O'Neill classic is directed by Michael Truffant and features Wana Dowell Johnson, the combination that was so successful in last years, "The Little Foxes".

Opening Thursday, Oct. 16, BURIED CHIELD (second production of A.C.T.'s season at the Geary, in rep, 673-6440 for info.) Sam Shepard's 1979 Pulitzer Prize winner as well as a recipient of the Bay Area Critic's Circle Award for excellence in an original script.

Opening Tues. Oct. 16, ON THE TWENTIETH CENTURY (at the Orpheum, last of this years Civic Light Opera productions

Mon - Sat eves, Wed & Sat matinees, thru Nov. 24, 552-4002 for info.) Winner of five Tony Awards and starring Rock Hudson and the incomparable Imogene Coca, this looks like it should be another big hit for the CLO.

Opening Saturday, Oct 20, HELLO DOLLY....a revival of THE super hit, starring Michelle, with an all-male cast (at the Kabuki Theatre, Thurs-Sun, thru Nov. 4 plus a special matinee on Sun Nov 4 at 1:30, 553-0280 for info.) This one should be a real block buster and the advice here is to get your reservations early.

Opening Tuesday Oct 23, SPOTLIGHT NUMBER ONE (at the One Act Theatre, 2 performances only, Oct 23 & 24 at 8pm, call 861-7846 for info.) Actually the 23 is the only open date, the other is billed as an "invitation only" affair. This is a showcase production featuring 14 actors and actresses in scenes from seven shows and is directed by J.D. Trow who also directed the above mentioned "How The Other Half Loves!" Hopefully this is the first of a number of such showcases for actors. Other cities have long had such ideas in operation, best known being the Equity Library shows, East & West, and, difficult as it is for aspiring actors to get a chance to be seen, this seems a fine idea and deserves support.

Opening Friday Oct 26, T-SHIRTS & MY CUP RUNNETH OVER, (the Goodman Bldg., Geary between Van Ness & Franklin, Thurs-Sun, 626-1921 noon til 6 pm for info.) This is the third and final offering of Theatre Rhinoceros' Festival of Robert Patrick plays.

AND I COULDN'T HAVE LIKED IT MORE..... is the chorus from a Noel Coward song, "I've Been To A Marvelous Party", but, equally, it describes my feelings about "Coward In A Card board Cup" (at the Chez Jacques, Tues at 8, at the present time with more dates later in the fall 775-7574 for info.)

Noel Coward was and remains, to a large extent an enigma. Praised as a "Renaissance Man", capable of anything: a playwright, songwriter, actor, singer, dancer, director, producer of plays and movies, best selling novelist and short story writer plus night club entertainer par excellence, his work was also dismissed by many critics as being "charming but lightweight". Yet few plays are produced in this country as often as "Private Lives" (1931) or "Blithe Spirit" (1941) and his "Hay Fever" was one of ACT's major hits last season and is being revived this one..A contemporary of Maugham, Lonsdale and Phillip Barry, he alone is today produced with any regularity. Conversely one wonders how often Neil Simon or Alan Ayckbourn will be produced forty or fifty years from now.

Yet, despite the continuing success of his plays, it's his music that first comes to mind when his name is mentioned. Unforgettable love songs..... "I'll See You Again", lilting, catchy tunes like, "Sail Away", fabulous tongue-in-cheek humor, "Mad Dogs & Englishmen", the choice and range are enormous and what a superlative job producer director Kirk Frederick has done in presenting this show. Witty, civilized and sophisticated, it is announced as "a conversational memoir with music" and the brilliant and talented cast of three, Lynn Eldridge, Scott Rankin and Richard Roemer, the first two superbly projecting the sophisticated, slightly decadent English pre-World War II milieu while Roemer bubbles over with clean cut, All-American charm.... a contrast I at first found disconcerting and then came to realize how "a pro pos" it is, a subtle bridging of Coward's 20's - 30's popularity with that of today.

The hour long show is made up entirely of Coward songs except for Cole Porter's "let's Do It" with magnificently funny updated lyrics by Bill Grundel who also wrote the "additional dialogue....." I wasn't a 100% truthful in my opening sentence; if it were two or three times as long, I could have liked it even more. This is a show that not only deserves but cries out to be lengthened and moved into a theatre where it can play nightly. It probably will be, but don't

ON BEING GAY & CHRISTIAN...

by Father Mark Bradley, Church of the Beloved Disciple, New York City, from VIA Magazine.

JESUS.....

a Bridge over troubles.....

With renewed vision and with a deeper sense of solidarity with the world, with all of our peoples about us, it is now possible to move on towards the Kingdom coming alive day by day in the hearts of mankind. We give praise and gratitude for God's goodness, and by the spirit of Christian joy, which are reflected in this concluding prayer of blessing:

May God have pity on us and bless us;
may He let His face shine on us.
So may Your Way be known upon earth;
among all nations, Your salvation.
May the peoples praise you, O God;
May all the peoples praise you!
May the nations be glad and exult
because you rule the peoples in equity;
the nations on the earth You guide.
May the peoples praise you, O God;
May the peoples praise you!
The earth has yielded its fruits;
God, our God, has blessed us.
May God bless us,
and may all the ends of the earth fear Him!

Psalms 67

Those who seek the Face of God, seek His Love, Christ Jesus, need never fear Him, but be comforted in knowing that He is the Bridge over troubles which confront us, if we trust Him. Place your trust in Christ Jesus, the Son of God, and never shall you know fear, loneliness, but shall know the joy of the comfort of the Christ with you always, even unto the end of your earthly days, and then all who have Christ, shall rise up to meet Him and live eternally with Him and the Father God in heaven evermore. The Holy Scriptures, the Mass, the Chapel, help to give you that comfort here on earth. Seek ye the Face of the Lord Jesus Christ today and you shall have the Bridge over all troubles. rev. ray

MAR APRIAM I, STABBED 8 TIMES.....

Mar Jonathan (left) with Mar Apriam I, in Africa on a visit in 1976.

Mar Apriam I, also known as Nicolas Alexander James, and Richard Morrell, is in serious condition in a San Bernardino California hospital after being stabbed 8 times by a person whom Mar Apriam described "as an actor". The "actor" was living at the Rectory of Mar Apriam I. Mar Apriam I, was known in the early seventies in San Francisco as Richard Morrell who left town "suddenly" and was later discovered to be in Los Angeles, living with Bishop Leo Christopher Skelton of that city, who is now known as Mar Markus I. Mar Markus I refuses to give any information on the attack on the life of Mar Apriam I, but the San Bernardino Police and the San Francisco Police gave the CRUSADER details of the attack. Due to some very sensitive areas, we shall not divulge all details given to us, due to Mar Apriam's standing in his Church, the Holy Orthodox Catholic Church, Eastern and Apostolic, which has offices in Lagos, Nigeria and Benin City, Nigeria, according to their newsletter, "The Orthodox Life", published by Irene Leaming and Clyde Leaming of North Hollywood, California. The name of the "actor" we shall withhold at this time pending investigation and charges being filed by Mar Apriam I, of San Bernardino. Mar Apriam I, who refers to himself as the "Patriarch of Africa" made a visit to that backward nation of Nigeria with his friend, the Most Reverend Mar Jonathan, Archbishop of Bendel State, which we assume is in Africa somewhere too.

It is apparent that we are sexual human beings. We all have sexual drives that lead to a desire to be united with someone else. Our sexuality is central to our existence and a vital part of our personality. What does this mean from a Christian stance? The Church has long made statements about our sexuality but in reality it has never developed a specifically Christian interpretation of human sexuality.

The Church has often supplied a paradoxical attitude towards sex. On one hand she almost regrets the fact that we have a sex drive and on the other hand she has taught that all good Catholics should marry and raise large families. Sex within marriage is good or at least permissible. For those outside the married state she exalts celibacy or virginity as a higher state and has given the impression that the acceptance of sex is little more than a grudging consent to an incapable fact rather than a glad recognition of the truly good things in God's creation.

Certainly, confusion towards sexuality is furthered by the attitude of society towards sex. Again we are taught that sex is only for those who are married.

Society's "official teaching," however, is systematically undermined by Madison Avenue ads that are overtly or at least suggestively sexual. "Have you had any lately?" "Fly me." Our literature, our songs and even our diets are defined and interpreted with a sexual meaning. Where does that lead us? To confusion.

How does Christian faith relate to sexuality? Faith is the commitment of one's self to the reality of Love - God. To the Christian all of God's creation is an expression of God's love. The world, as God's creation, is a good world and in it we find opportunities for abundant life. Sexuality is central to that life. Hence it is good and to be used as an aid to happiness and an abundance of living.

The affirmation of Christian faith is that in and through, beyond and behind, below and above this human life is the Eternal Love; while man is a "lover-in-the-making," moving towards that Eternal Love.

We must come to realize that human sexuality is part of that pattern of love.

EMPRESS of COLMA in Mourning.....

Her Imperial Majesty, the Empress of Colma, Melvina, is in mourning once again. It seems that the Privy Council of San Francisco, is unhappy that the Empress of Colma's claim to the title as Empress of Colma is now an official title recognized by the Council of Emperors.

The Privy Council only recognizes the Empress of Colma as a Dauphine much to the dismay of thousands of fans of the Empress of Colma.

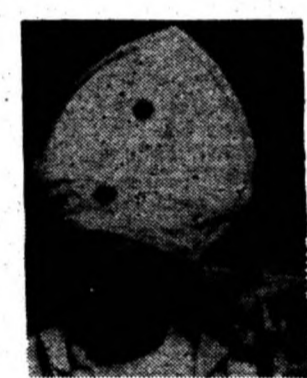

Within the realm of the Empress Melvina, lies the remains of the Emperor Norton, which the Privy Council makes an annual trek to his grave site, to mourn his passing. Norton was the first Emperor of San Francisco. His first widow, the Empress I de San Francisco Jose, has made no comment on this storm over Colma.

The Empress of Colma, in an effort to work with her sisters in royalty, has served with them as their secretary of the Privy Council for the past year, and admits to being a bit unhappy over the rumblings concerning the recognition of her rights as the Empress of Colma.

"After all," the Empress stated, "All my subjects are silent and can cause no trouble to the Privy Council." "Most of them have been dead for years." I guess that is why Empress Melvina is such a good Empress once remarked, "After all, what can a bunch of stiff do to you!"

POPE JOHN PAUL II, IN A HISTORIC VISIT TO OUR NATION.....

The Pope's visit to America has seen millions of people in respect and love for the Pontiff turn out from Des Moines to Boston. The Pope's visit has given rise to hopes of an end to poverty in the world. America was founded by the Christian Churches, something which many gays want to forget. Without the Churches... gay liberation would never have become a reality in San Francisco. rb

Paul Martin, chairperson of the GAA/NY Media Committee, he charged that the Gay Activists Alliance had been taken over by the RSL and the GMA (Gay Militant Atheists) who are isolating the oldest gay group in that east coast city. The RSL and the GMA members of the GAA voted to oust the Gay Switchboard from use of the GAA facility, which set off the resignations of GAA's major officers. The RSL is a gay communistic caucus within GAA, and the Gay Atheists have used violence against religious gays as well as non-gays.

HOWARD WALLACE, DISTRICT 5's, OUTSIDE CANDIDATE FOR SUPERVISOR MAKING THE WAVES NEEDED.....

"The present administration hopes to 'cool off' the housing movement, buy off...the feminist and gay movements, bust the unions and pit radical and ethnic minorities against each other. We can't let that happen. We can't be content to let corporations, real estate speculators and big utilities decide our future."HOWARD WALLACE

Harry Britt's "pain" in the side is Howard Wallace, who "dogs" Britt's every step along the campaign trail in an effective manner of exposing the weaknesses of Britt and showing the communities that Britt has "sold out", while Wallace himself has the "Not For Sale" sign hung around his neck, proudly. Obviously many politicians wish they could be an independent politician like Wallace. Wallace is a "grassroots" campaigner. He knows what the needs are obviously, with his long experience in labor organizing and civil rights work here in San Francisco.

Wallace brings a smile to the face of many with his sincerity and his hard-hitting style, making all wish that all San Francisco could hear what Howard has to say. Obviously Wallace could be an easy winner with just a little more support. Howard Wallace may not win in District 5, but he helped to wake the people in 5 up, to what's happening.

"THE NIGHT BEFORE IS A DAMN GOOD FILM!..."

...it is solid and genuinely inventive with sex scenes that are sexy, fantasies that are fantastic and a wonderful—no, brilliant—musical score! If you liked 'Boys in the Sand' you'll love THE NIGHT BEFORE." Jack Doroshow—Michael's Thing

"Arch Brown's THE NIGHT BEFORE, a gay porno film made in New York City, is the first such movie I can honestly say I'm sorry to see going into the theatres that usually play such fare. The sex scenes are plentiful, well edited, and very erotic, as well as explicit."

"This movie may be the breakthrough, luring into the theatre a brand new audience from which future class productions can benefit. Arch Brown has created a brilliant 73 minute Fellini-esque tour de force."

"THE NIGHT BEFORE is a high quality, beautifully crafted and intelligent piece of erotica which raises gay porno to the artistic level it has so long aspired. Bravo to Arch Brown."

"A Dream Orgy in New York... THE NIGHT BEFORE clarifies fantasy as a natural experience the kind you would desire for yourself." Peter Dvarackas—Gay

"THE NIGHT BEFORE is one of the most ambitious and beautiful of the gay male films with a hand-some (and talented) cast." Freeman Gunter—Michael's Thing

"Quality in gay films has returned with Arch Brown's THE NIGHT BEFORE... a kind of Cocteauish gay surrealistic film, beautifully photographed, THE NIGHT BEFORE is sure to be pleasing to the most discriminating audience. All of this is greatly enhanced with a delightful score by David Earnest which sets the mood of the film perfectly—a nice blending of sight and sound."

"THE NIGHT BEFORE is an original screenplay by Arch Brown, who directed and photographed the film. Tray Christopher did the choreography and Robert Alvarez served as editor. It is a Hand in Hand Release, the company which has presented some of the best gay film fare recently."

AROUND THE TOWN

Well summer's over and Fall is upon us. Activities around SofM have slowed down --- a bit. This is the best time of the year for the locals. The crowds aren't as thick and the cruising is easier. The frantic scene of the past few tourist filled months has given way to a bit more laid back crowd. The one-niters now lasting two or three nights. Sunday afternoons are now relaxing times. One good trip SofM is brunch at HAMBURGER MARYS or the 527 CLUB. have a couple of drinks at the Ramrod, ARENA, Brig, TRENCH, Febes, or better yet at the Plunge Inn Saloon. While at the Plunge Inn on Sundays you can join the SWIM PARTY - BBQ & BEER BUST from 12 Noon til 6 PM for only \$4 ... membership is NOT required ; ; ; covers all (except towel, bring your own).

SO WHAT ELSE IS NEW?

Well its not exactly SofM, but it's close ... at 132 Turk Street --- that's the BULLDOG. Opening soon, the ad says. It also says, "Trucker's welcome" and if one can even come close to the one in the ad shows up, you know this fag-got will be there

MASTERS NOTES

Living and working in the SofM world for some time now, I've found a few discrepancies with the Color Code. So to set the record straight, ... (pardon the term), or to thoroughly confuse you, I give you my view. This list is the result of conversations with many people near and far ...

The most common of course are: RED, which means FFA - fistfucking; BLUE, for anal intercourse/fuckin; BLACK for the heavy S&M; the BROWN is for scat, defecation, or shit; YELLOW is for the golden shower, urine/piss; ... some of the confusion comes in on ... ROBIN'S EGG BLUE/LITE BLUE, for generally speaking this is for one who likes 69ing --- so it really doesn't matter which pocket you put it ... "Get it - Got it - Good!" ... GREEN is the color of money and depending where it's located, you've

either got "it" or want "it" for sex. The other green is OLIVE DRAB "OD" for those of us who are into UNIFORMS. Next is GOLD - ORANGE with these colors being close (anyway who can tell what any of the colors are in a dark bar or with disco lites going), both are accepted as a fantasy trip ... either you want to take some one one one....or you want to go on one. PINK is another trip with several meanings...again Ill give you the most accepted. ... one who is into dildoes, enemas, and rubber-wear. You'd be surprised at all the rubber good there are (check at LEATHERWORLD). PURPLE is, piercing, genital, and tattoos. ... "OH, THAT'S SOOO HEAVY!" ... love it! GRAY is just that ... not quite sure. ... lite S&M (if there is such a thing), and bondage ... and guess what? LEATHER WORLD is the only place who's gotten! There are only a couple left. ... one being MUSTARD which to my understanding has something to do with the size of the wearers instrument(cock ... either he has a big-a-one or wants one. Lastly, but not the least is WHITE which has had more applied to it than all the others...for example: "I don't have the time to change to a color after work," or "My bandana color lies" or "Non-conformity to the code" to the one I find MOST OFTEN ... "I have a cold!"

So much for the Boys Code --- yes, I said... BOYS CODE --- there's also a girls code. Both of which find at the end of this column. I must stop here to thank the Bay Area's Lesbian - S&M group, SAMOIS, for providing the gals color code.

Just another line before closing ... if there is any subject you'd like me to cover in the future, do please drop me at line: Michael Brown, SF Crusader, P.O. Box 1528, SF, CA 94101

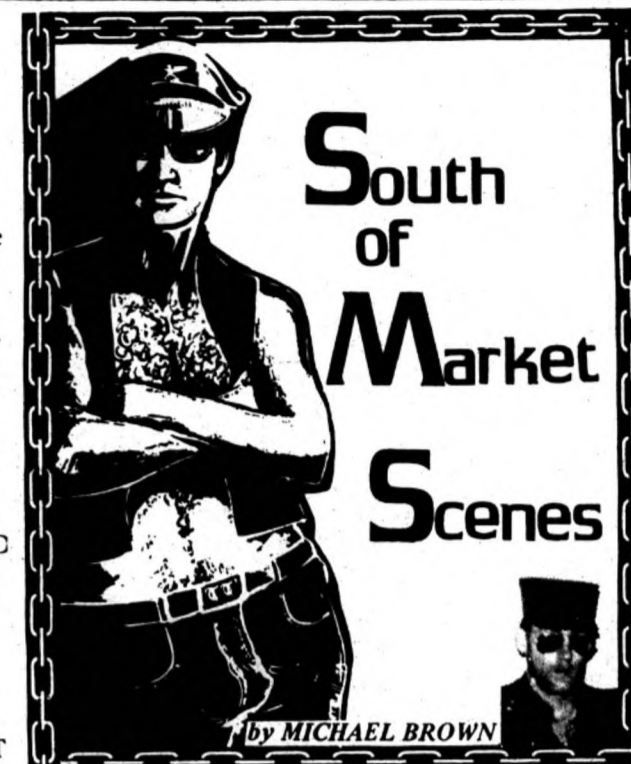

Till next time remember:

-- there are two things that are bad for your heart;
...running up stairs, and,
...running down people ...
(thanks Steve).

Dear Editor:

A proposed gay rights march on Washington D.C., in the 14th will not be endorsed by Jimmy Carter. Does this surprise you? It shouldn't. According to Jane Wales, a public liaison officer in the White House, the Carter administration's policy is neither to endorse nor to condemn peaceful marches of any sort.

Ms. Wales, an aide to the President, met for more than an hour recently with 13 gays who had requested an audience. According to reports, most of the time was spent in discussion of the proposed equal rights amendment, rather than gay rights specifically.

If you find this lack of support by the administration for the civil rights of gay Americans surprising or discouraging, consider that Carter is at least officially neutral about the proposed march. Other government officials were quick to condemn the upcoming event.

Ever aware of his self-anointed mission to save the nation from sin, sinner, and sodomites, Senator Gordon Humphrey expressed his "indignation" that the President is as homophobic as Humphrey put it, "lending respectability to the breakdown of moral values." Does this sound a bit like that old witch-hunter bitch Anita Bryant and her brand of fanaticism?

Homophobic "Hump" demanded that in the interest of saving the country from all of us incorrigibles, the White House aides meet with a group of fundamentalist clergymen from New York. Ms. Wales indicated that such a meeting would be arranged and emphasized that the ad-

ministration implied neither support nor support of gay's goals by meeting with them. The clergymen worried that the administration is encouraging immorality and homosexuality through the National Endowment for the Arts. Do these godly "gentlemen" somehow equate the arts, immorality and homosexuality to each other? If so, then this must exemplify an interesting peculiar form of aphasia. For those "queens" whose vocabulary is limited, aphasia, according to Webster's dictionary, is defined as "partial or total loss of the power to understand words, usually caused by brain disease or injury." Medical science probably should investigate this possibility of "crossed wires."

The clergymen accused the President of abandoning biblical principles by this tacit approval of the meeting with the gay representatives and the awarding of federal grants for the display of certain art works in New York City.

Sincerely,
ED DOLLAK

Having just read the current issue of the B.A.R., I have to wonder just what the hell is going on. It does appear that each of the publications in this city ignore the fact that the other is around. Is this unity? Is this what gay lib is all about? And why do you have a column on religion? Why does B.A.R. have all those junky ads? Why that other paper print the ravings of that radical right wing Thomas M. Edwards? Have all of the papers be-

Letters to the Editor

Address all letters to: Editor, SF Crusader, Post Office Box 1528, San Francisco, California 94101

come so out of step with what is going on that you have to have columns with gossip? Why not more on health? Why not more on drug abuse? Why not more on the bars that feed alcohol to poor saps who don't know they are drunks and that they are killing themselves with all that crappy booze? Just what do you guys think your responsibilities to the gay community are?

Pissed off!
Phillip Owens

Editor's reply: We cannot speak for the other two papers. What they do is their own business. They are very commercial and we are not. We have spoken out on the drug problems, alcohol abuse, exploitation, racism, sexism, and to little avail. As to the gossip columns, they are a necessary good, for they keep many people informed as to what is going on in different ways and areas. Sorry that you don't like any of us 3...why don't you try the ex-banker Paul Hardman's rag when it comes out...maybe they will provide you the answers we can't.

....DAVID SCOTT... A GAY MAYOR OF SAN FRANCISCO... yes, yes, yes, tis coming true for he is moving up fast in the polls and he stands a good chance of making the run-off, which for his candidacy will be tantamount to victory.

....Why is it???? That so-called gay publications, like the SENTINEL supports a "straight" for Mayor when they make all their money off of the gay community, so why don't they support a gay for Mayor? Is the "fix" on with CHUCK MORRIS and ???!!!! If a gay paper won't support a gay for mayor why should gay support that paper????? Or is the SENTINEL really gay????...maybe its just QUEER!!!!

....Sore losers in the HAIGHT ASHBURY! The owner of the I BEAM, a Dr. Sanford Alan Kellerman who is an astronomer, obviously didn't read the "stars" well and is "seeing stars" after his defeat from the Board of Permit Appeals for his 24 hour disco application. He NOW HAS A DANCE PERMIT...but he wanted permission to keep the neighbors in the Haight Ashbury up all night and the Board of Permit Appeals told him... "NO!" His book-keeper is the president of the Golden Gate Business Association WHO also testified on behalf of the I-Beam...which certainly was NOT in the best interests of such GGBA members as the TROCADERO TRANSFER which is a 24 gay disco which does an excellent biz and is NOT disturbing anyone for they were smart enough to NOT locate in a residential area like the I Beam did. Perry George of the House of Sobel was at the hearing on BEHALF of the I Beam which is more than likely one of his liquor customers as he sells it for the "house" of Sobel.

....That is PERRY GEORGE at the right... and he looks something like a...ah, well, had best not say it, for most of you can see it... right? He is now with a "gay" newsrag called the VOICE which he sells ads for along with RICHARD ELMON (E. Lee Clifton)... and the rag is supposed to be owned by the gay albatross of politicians, PAUL HARDMAN who cost the city over a million bucks with his tactics at 330 Grove Street. That is some trio. Wonder why PERRY is no longer in Alameda????!! Hope that the VOICE is as successful as PERRY is a house-keeper...cats, and more cats!!!!

....IN MEMORY OF...Miss Gay San Francisco I, TONI (Anthony Lopez). Bless him, and may he find the rest he never seemed to find here on earth. A truly fine and good person. Tis a shame.

....THE GAY VOTERS LEAGUE endorsed DAVID SCOTT for Mayor, as did the Stonewall Democratic Club and the Milk Democratic Club. Yea, DAVID!!!!

....Wonder why H.L. PERRY's BLUE & GOLD was shut down for a while...hmmmm!

....Who was that guy arrested for breaking a mirror at the QUEEN MARY PUB?????

....GINGER'S EMPRESS BALL was a flop...wonder why??? Could it have been that someone was dumb enough to schedule it at the END OF THE MONTH at a tight money time????

....Has anyone heard from CONNIE lately? He is so quiet. That is more than one can say for TENDER-LOINS MESSIE who is telling everyone and all that he is running for empress...isn't that against the rules???? And is it true that CHAR longs to be back on the "throne" so bad that he is having his roomie run for Emprress?? Maybe CHAR should try in the throne in the bathroom!!! Power...once some get a taste of it they can't seem to let go...can you CHAR and CHUCK????

....Oh yes, RICHARD ELMON (E. Lee Clifton) is out on bail, pending an appeal to the Court of Appeals on his pimping and pandering conviction in which he got three years with six months in the County Jail...hmmmm with things going the way they are at the jail, he could escape with no problem, if he has to go in.

....DAVE'S BATHS is still the best bath house in town. Especially since some peoples "voice" is no longer there.

....The food at JACKSON'S is delish...2237 Powell St. And MR. WHITE has an eye for "hot things"...hmm!

....Speaking of WHITE, what is BILL doing at the LANDMARK these daze with LARRY?

....DAVID STOLL is married...again and this time to a dildo...that's the only thing he can find that is faithful.

....The guy at the right is in the city of Montreal...he was on the Polkstrasse for awhile...KEITH LOBBE...may have a "big one" but he ain't worth \$100 a throw which is what the sez got...!! in Montreal he sez!!!!

....SPOON AWARDS....

The 7th Annual Spoon Awards will be held on the 4th of November at the PLUNGE INN SALOON, 278 - 11th Street at Folsom Street, with RON ROSS and RANDY JOHN-SON co-emceeing the event. This will be a big one...so get your nominees in for the Spoons in soon.

....Do hope they will have the guy at the right here...

BEAU of the ARENA over there for that night tending bar...for he is the fastest and bestest is the whole wide State of California. He is also the nicest guy too. You will find him most evenings at the ARENA.

....By the way, didja know that ALAN FERGUSON has the title to the Spoon Awards, the Golden Dildeaux Awards, the Original Mr. Jockey Shorts Contest, the Slave/Master Stud Auction and the Blessing of the Bikes? Yes, and he has others too!

....JIM BOYD-ROBERTSON & ELISA RLEIGH are for sure the real "odd couple". Poor ELISA has to put with JIM...and that is a real chore. JIM is so spacy that the guy and gals at work think he is from a special federal UFO project...he flew out of sight and left his mind out there somewhere...right ELISA?

....Didja know that ANGELA DAVIS the communist, is one of the speakers at the 'gay' March on Washington, along with several other socialist speakers? With people like her there and RITA GOLDBERGER here, is it any wonder that the responsible gays are not going to Washington??? It looks more and more every day like the leftists are taking over the gay lib movement!!!! Oh yes, HUEY NEWTON, Black Panther is also of those sponsoring the "march".

....GENE BLACKBURN has been through quite a bit lately...take it easy ole man. He is quite a fellow and a nice guy too.

....DAVID SCOTT has big signs all over the city...if you want one, any size in your win-

dow, call his campaign headquarters...VOLUNTEERS ARE NEEDED TOO!...at 864-1111...and the headquarters are at 2275 Market Street. Help elect the first gay Mayor of San Francisco, DAVID SCOTT 864-1111.

....The MUSIC HALL on Larkin at Post is the most beautiful disco in town and it is so clean and well ran. Looks like Larkin Street is DISCO ROW with the Music Hall in the 900 block and OIL CAN HARRYS in the 700 block. Two of San Francisco's largest discos. It is cheaper to be a member of the MUSIC HALL for then the door charge is less for members. Do join the MUSIC HALL.

....Pop into the OIL CAN HARRYS for that special dance they are having on the 19th. It will be so hot! It is for HALLINAN FOR SUPERVISOR so sez DANNY TURNER and JERRY PRITIKIN (who is the office manager of the Hallinan candidacy). JERRY is one of the Gay Softball League stars. There are more gays behind HALLINAN than there are behind Britt it do look like.

....That gal at the right is RONETTA FATS who nearly had a W-2 form made out in that name by HARRY HO of the LANDMARK (where RONETTA used to work). RONETTA is a bizz gal so we hear tell.

....EMPRESS MAI TY is still holding court Tuesday thru Saturday at the PLEASURE PALACE porno house at 120 Turk Street from 8 til 4. Drop in and get yourself a title or two. He sells them we hear tell.

....The Tenderloin is looking up with SHARON McNIGHT at the Railway Express on Wednesday eve. With the fine shows at the SOUND OF MUSIC the Tenderloin is a nice place to visit now-a-days, and with a bath house opening soon to go with the Ellis Street Baths on Ellis at Mason, a fun place too. The hot SPARTAN Cinema makes it nice as do the RED EYE SALOON (which won't allow our rag in). The RED LANTERN is still selling good drinks as does the RAMS HEAD and GINGERS (no relation to the Empress tho).

....Polkstrasse has more hookers on it at night than does the Tenderloin 24 hours a day. My my, and they do hang out in the 1300 and 1400 blocks too, right MICHAEL BROWN who holds "office" in Miz Browns nightly????

....The hunky guy at the right here is an eye-tie...and he is well endowed...if you don't believe...just ask him to give you a show!!! Call me kid!

....Is it true that BILL Schwartz, is in love with BRUCE TRONSEN and will "pop" the question any day now????

....Who is the "resident" hawk of chickens at ALFIES??

....DIXON is still brewing them up at the *P.S., daze.

....The guy at the right is the stud BARRON, JERRY.

....RON CARNEVALE, 37, who looks younger in his leather and levi, is working for DAVID SCOTT for Mayor...hmmmm! Very good.

....BILL MAY sent out a letter urging people to vote for JUDY GARLAND for Mayor. Hmmm, didn't even know she was resurrected. That BILL MAY is sicko, 1st class!

Wonder what DIANNE GARLAND has promised him in return for that sicko letter. Well, at least we know that BILL is still able to write...even if his mind is back in the 30's and 40's. Maybe his political mind is with JUDY...like DEAD!

...."GETA WILL COCKS, the partner of DANNY Turner at OIL CAN HARRYS the all new one, 709 Larkin...has a special drink at that exotic place which is mixed with saltpeper, called, "Geta's Cock & Tails"...try it...you never lust after it again. Gads!

....The "I Killed Vaudeville" jokester of the week is LEE RAYMOND with his "joke"... "What did one coffin say to the other coffin?" "Was that you coughing?" Gads!!!

....Didja ever see a 22 year old/youngster who stands... 6' 4 1/2" tall...verrrrry tall, and is slender and has one verrry loooooong one? Well if'n you do, drop into thwe OIL CAN HARRYS and see their "clean-up" youth, who has a whango...BILLY PIETRENTONIO. Delicious!!!

....BOB GRAHAM is now living in wine country...Napa County once more. He is going to college up there but he promises to continue to "terrorize" the streets here from time to time with his "macho-whoring"! Just joking BOB!

....Little PETA MAURY of LE DISQUE is no longer the cock-king of Frisco...BILLY of OIL CAN is.

....FREE NUDE JACK-OFF SHOWS NIGHTLY all around the area of the U.S. Mint. These window shows in which some of the big cocks stand NUDE in the windows and beat-off is a growing fact. The big star recently is ROY HARNYTOES who wears a hard hat and nothing else while standing in a window and doing it while others in other windows across the way do it au natural also. SAFEWAY HIGHTS FOLLIES is what they should call the 200 block of Waller, the Webster Street and Hermann Street studs all make for big dick follies...zeeks, another first for the city that knows how..

....BOB HENDRY formerly of the ARENA is now hacking it for Yellow Cab...what a trip!

....JAILBIRD is hacking it for Veterans Cab...hmmmm, that IS a real trip.

....HALLOWEEN at the ARENA will be the best blast ever south of Market...that's on a Wednesday too...at 9 PM.

....BABY BRUCE, hung well at 9" is at the WATERING HOLE, 6th & Folsom...he do look young and he is 30 now!

....PEACHES, DOTTIE, POOPSIE, and KENNY SUE are bartenders/workers at a SoM bar...hmmmm, which one FRANK?

....TROY, Mayor candidate DAVID SCOTT's roomie is 44 years old and doesn't look a day over 35. Must be the milk he drinks.

....At what "glory hole" did FITCH & FOSTER have an unusual meeting?...only a rumor and both aren't talking.

....Dear me, that great "demonstration" of KELLERMAN THE STARMAN was a real "falling star"...flop!

....PLANTS & THINGS, 720 Larkin across from OIL CAN HARRYS is one fine store for fine plants and the owner is none other than our old (young tho) friend from Church Street Station in the good days (Bob Trollope)... JOHN MOREL, the sexy Frenchman. Do drop into his fine plant store and say hi and maybe buy!

....EDDIE VAN is beginning two new publications...one is a magazine and the other a newspaper.

....Remember BAY TIMES?...well they went out of biz...owing money...now that same crew have resurfaced as...

"COMING UP" a calendar type pub with a hint of politics. BILL HARTMAN and company...didja pay off the BAY TIMES bill?

....The late J.D. MERCER's estate is looking for that \$10,000 dollars they loaned a certain "social director" some time back!!!!!!

....Remember...TERENCE HALLINAN for Supervisor in District 5...JOE RUSSONIEL LO for District Attorney (if you want a nice safe city, free of crime)...DAVID SCOTT for Mayor...and he will make it if the damn queens will stop kissing Diannes twat and Kopps boots!!!!

....Remember, Halloween is on the 31st and please be safe...be real careful on guard all the time...ok? Love you all, see you later!
