Under-dog Terence Hallinan, famed civil rights activist attorney and anti-war activist pulled it all out in the final two weeks of campaign after polls had shown that he would not make the December 11th runoff, yet, Hallinan who led the ballotting most of the evening never below second and held onto a narrow lead over feminist Kay Patchner, and that coalition will, most experts believe, carry him into the final victory on December 11th. Former Air Force Sgt. Leonard Matlovich, the only gay to ever make the front page of Time Magazine for his fight against the Air Force to enable him to remain in, and who was a candidate in the election also, has now came over to endorse Terence Hallinan and will work at his side during the run-off campaign. Matlovich told the media that, “Hallinan is undoubtably the best qualified person for the job.” He also stated that he and Hallinan had spent a great deal of time in the race for Supervisor District 5, and that during that time he got to know Hallinan far better than any of the so-called “expert” gay political writers in other publications that had been attacking Hallinan as “anti-gay” in a sick smear job done by the Britt supporters, and that he knows that, “Terence Hallinan is NOT anti-gay and I resent people attacking him on that ground.” There is great unhappiness by homosexuals in District 5 and the city with Britt’s continual harping that District 5 is a “gay” seat, which is denounced by all thinking persons, for that would be the same as saying that District 6 (Carol Ruth Silver’s seat) should be a latino-chicano seat, for they are the most visible people in District 6, and likewise in District 3 where Asian people are the most visible people yet an Italian, Molinari holds the spot as one said, “Should Molinari and Silver give up their seats because they are not Chinese or latinos?” “The gay-seat trip of Britt is just his attempt to stay out of the unemployment line again.” Most of the 11% gay votes that Hallinan received in District 5 were a backlash against the Britt gay-seat theory as well as the fact that Britt has been most ineffectual as a Supervisor. As one District 5 resident, a gay man said, “How long can he ride on the coffin of Harvey Milk? It’s time he did something on his own without continually referring back to good ole Harvey!” “He is a disgrace when in comparison to Harvey!” Milk had requested Hallinan to be his co-campaign chair for his re-election to which Terence had agreed as he and Harvey were good friends and their political philosophy was much closer than Britts and Milks. It is hoped that gays in the city and District 5 in particular will reject the “heterophobia” of Britt and company and send them back to private employment where they belong.

Elections come and go. Few leave us with any real surprises. This past one did, for real, and the runoffs in December promises to be as surprising. Mayor Alioto’s endorsement of Super surprise to all. Mayor Alioto was a fine mayor, a bit of the old time politico in him, and he surely determine the destiny of our city forever. In the next issue, our endorsements will be made in the next issue we shall let believe that she still is. In the next issue we shall let you know if she is still our fair lady or not. She sick “Camelot” crowd wants to bring us a “swim butcher” Robert McNamara. And now that old “Camelot” king wants to bring us in to register voters. The plan originally called for wooden bridges, especially with a Teddy boy at the wheel, I’ll stick with peanuts for safe, at least they don’t cause cancer. Richard Nixon by the way, is looking more and more the statesman that he truly was. History is bearing this out, right T.M.E. 

The novelist Paul said, “Follow me as I follow Him...” I wonder if our example today would lend its self to the local gay bar? In our community today, there is a crying need for love and understanding. The love of many individuals and as many do not know how to reach out to Him. It is so easy, for He is just a prayer away. We must all been a new language from his lips, exchanged for old “mantras” of the old time realpolitik.

**THE RUSSIAN CHURCH IS RULED BY ATHEISTS**

The Russian Church, centered in Moscow, is one of the few major religions in Russia. It is a state-recognized religion and has close ties with the Russian government. Despite this, the Church is facing challenges, particularly with the rise of atheism and secularism in the country.

**LIFE OF BRIAN... SICK**

Monty Python film appeals to those who are sick of "5 A.M. of Christ. Turn by turn, the natural appeal towards homosex-ual attraction. As a case in point, the film's depiction of the Church as a corrupt organization, with its members using Church funds for personal gains and its leaders entertaining themselves with power and privileges, is a stark contrast to the reality of the Church in Russia.

**EX-COMMUNICATION...**

A strong "retrospective" young man makes friends with a gay who knows the meaning of love. The Church's attempt to "purge" them from its ranks is a clear example of the Church's struggle to maintain control over its members, particularly those who are perceived to be deviant or not conforming to its ideals.
