TENDERLOIN "PAYOFF" COP HAS PROBATION RE-VOLKED!

Former SFPD Sgt. Thomas Stack who escaped prison in 1976 in a bribery case involving several Tenderloin bar owners, must go into jail at night now as a result of a parole violation. Stack who was on the force for

30 years must participate in the SF work furlough program for the next two months now. Stack, who coped afea in the Tenderloin bribery case, violated his five year probation term by failing to file his federal and his state income tax returns by the April 15 deadline which is a violation of probation.

Stack had been charged with taking a bribe in the Tenderloin payoff case, but it was later dropped to a lesser charge when he plead guilty to it.

BRINKS CASE APPEARS TO BE MOST GAY!

George Manuel Bosque the man who is accused of taking the \$1,880,000 from the Brink's armoured car he was "protecting" appears to be a very "odd" fell-

Several Tenderloin persons have came forth to the FBI and the **CRUSADER** with facts about the past and maybe present of the accused Brink's robber. Bosque did have a lover by the name of Carl, and he did have one well known Tenderloin lad spend a good deal of time with him in his Daly City abode....

where it was revealed to the FBI that Bosque had as long as three months ago, been planning the hijacking.

Bosque has been seen in the Tenderloin with his "friend"at a well-known hotel catering to the gay communities.

Bosque used to try and pass him self off as an SFPDer, which he was not. He was only a "rent a cop" through the SFPD but he was entitled to wear the uniform of the SFPD but the star said,....

"special police" on it. As a result of this an other incidence involving "specials" it is the long practice of allowing the "specials" wearing the uniform and being given the "patrol special" star like the SFPD. ESTABLISHMENT 'DISCOVERS'
VITAMIN "E" SAFE, EFFECTIVE
ARTHRITIS TREATMENT.....

A stunningly effective new remedy for the painful effect of arthritis, America's number one crippling disease, a treat-ment the value of which the medical Establishment is only begining to grudgingly acknowledge - - offers those Americans who are afflicted with this vicious and painful disease, a cheap, safe and sure way of alleviating the affliction.

Vitamin E, readily available in natural foods or in concentrated, vitamin supplement form, has been revealed as strikingly potent in treating the disease. Arthritis is a degenerative disease of

the body's bone joints. Millions of Americans, mostely elderly, suffer from it in varying degrees. It can, in advanced stages, cripple, restricting patients to bed or wheelchair. But tests of the vitamin's powers, conducted abroad, have yieled impressive evidence of its ability to sharply reduce the pain suffered by arthritics. The "Journal" of the American Geriatrics Society, has reported on the results of the tests conducted by Drs. I. Machtey and L. Quaknine of the Rheumatology Clinic of the Hasharon Hospital in Israel. The doctors stumbled onto vitamin E's curative abilities accidently, while treating arthritis patients with orthodox drug therapy. The doctors dispensed vitamin E to their control-group---untreated patients who served as astandard against which the effectiveness of their drug (given to another 'experimental group) was to be measured. The doctors were startled when nearly 25% of the control group with vitamin E reported significant improvement.. About 52% of vitamin E recipients experienced marked improvement in relief of pain, the test results showed. And an additional 24 percent reported mild improvement after receiving vitamin E for several days. Further, there were no side effects reported and lab tests made of the patients blood before and after each test revealed no changes in patients' blood or other standard

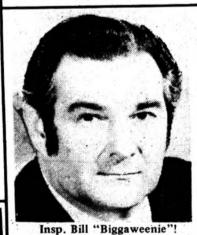

Vitamin E is remarkably non-toxic, and even very large doses can be taken safely. The Israeli doctors' patients were given 600 milligrams daily, a large dosage. Vitamin E is already acknowledged for its helpful effects in preventing and treating almost any circulatory aliment.. The vitamin appears especially useful in promoting circulation in the fingers and toes. The extremities of many elderly Americans become clogged with blood deposits, in hibiting the free circulation of blood. The vitamin is already used to treat leg cramps and many other, often painful disorders.

REGGIE-VEGGIE-MENTAL

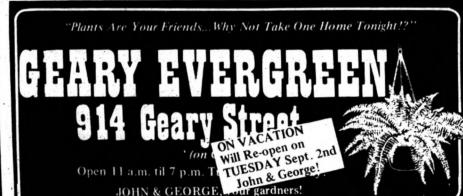

Reggie-Veggie or Reggie Mental the "punk" name list as a suspect in the slaying of Claude Dugas. Dugas who lived in a hotelnext to the Tender Trap on Polk and Broadway had called the police saying someone was trying to kick his door in. The poli-ce came and no one was there according to them and they left. A few hours later, the dead body of Dugas was found, stabbed several times. The police have arrested Jay Nesbitt an associate of Reggie-Veggie/Reggie Mental who also has an alias of Dennis Showman. Nesbitt was charged with murder, accused of robbing and stabbing the slain man, along with Reggie-Veggie. Veggie stands about 6' weights at 200, and is about 20 years old. Reggie-Veggie also has another alais "Olson."

Inspector William C. Bigarani who was known as

the "Enforcer" to darling journalists over at the CHRON-EX during the beatnik era when he kicked in doors and knocked around people at will, has been himself busted, but most legally for the crime of "grand theft" according to Deputy Chief of Police George Eimil. The case stemmed out of the check cashing/bill paying operation in Woolworths at Ellis and Market in which the District Attorney alleges that money paid didn't go where it was su pposed to. Biggie is a real gay-hater/entraper too!

McQUAID SLAMS BURTON..... Congressional candidate, DENNIS McQUAID has charged that the Democratic Congress and John Burton (D-SF-Marin) are playing budget politics and the taxpayer is being used as the ball

The Speaker of the House Thomas O'Neil (D) has announced that the Congress tenatively will postpone voting on the final federal budget for 1981 until after the

1981 elections. "This action is a blatant violation of Congress' own laws and is a mockery of our Democratic system. John Burton and his colle-gues are so fearful of the November elections that they would pre-fer to break their own Sept. 15th deadline rather than vote on this budget immediately before the

election," McQUAID said. This is an obvious indication that they are afraid to tell the American people what they are really doing. After months of rhetoric promising the taxpayers a balanced budget for the first time in 12 years, now they cannot deliver. It is no wonder they would prefer to vote on this budget after November since we will be handed a \$30 billion deficit rather than a balanced budget. According to the Congressional Budget Act of 1974, Congress must have a budget before the start of the fiscal

year, October 1.
"This is just another example of Congressional game playing that is destroying our confidence in government. There is no more time for such nonsense. It is time for serious and sensible solutions to our country's problem," McQUAID concluded.

Congressman John Burton's Off-ice did NOT respond to this latest charge by the young moderate Republican's charges. The latest poll shows that McQUAID is far ahead of Burton in Marin and a bit more than even in SF.

STONEWALL, SF DEMOS CONTINUE IN-FIGHTING..

The Stonewall Democratic Club faces a split in membership if the wild and sexist proposals of both Commissioner David Scott a new Democrat, and Gerry Parker, III, former unionist, carries through at their next meeting. The two demand that straights face exlusion from Stonewall by virtue of Scott's demand that the Club add the word "gay" to its name. This opposed by Elmer Wilhelm, the LAST original member of the Club who believes the Scott move is changing the nature and intent of the Club which was founded as a Democratic volunteer Club for homosexuals and heterosexuals alike. It was formerly called the SF County Reform Democratic Club, and later the Minutemen Democratic Club. Scott, just recently out of the closet a couple of years or so, and who voted for a gambling den and drug hangout in the Tenderloin by giving the place pinball machines when he was a member of the Board of Permit Appeals, obviously is ten years behind in his liberation mentality. Scott is obviously not one of the popular gay politicos!

APPROPRIATIONS FOR GAY LEGAL

Congressman John Burton stood up on the floor of the House and denounced the actions by the Represenative from Georgia, Larry Mc-Donald (who Carter has spoken in behalf on re-election of) which took away funds for legal services for homosexuals too poor to pay

Congressman Bill Greene (Rep.) of New York said, "This amendment is designed to discriminate against a class of citizens which is contrary to the spirit of a bill designed to provide legal services for those Americans who annot afford them. Greene and Burton were both outraged over the July 22nd action by the House of Represenative which passed an anti-gay amendment to the Legal Services Corporation appropriations bill on a motion by the gay-hating Georgia Congressman, Larry McDonald, Jimmy Carter's good friend.

The amendment read: "That no part of this appropriation shall be used by the Legal Services Corporation to provide legal assistance in promoting, defending or protecting homosexuality.'

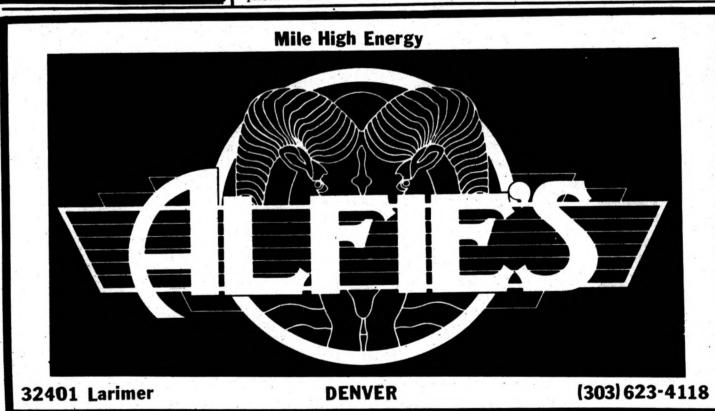

McDonald told newsmen that..... "It is my feeling that the Congress of the United States should not spend a penny of the taxpayer's dollar to support, defend, protect or legitimize the practive or acts of homosexuality. Individuals in their personal lives may be a times solely a matter of their own concern. This is not to say, however, that the Congress should venerate certain conduct by spending money to defend soley unacceptable behaviour.'

BILL ROYER, SAN MATEO voted "yes" for the McDonald amendment and AGAINST gays. Gays in San Mateo County are urged to remember that vote by the man who openly courted gay votes and money in his bid to replaced Leo Ryan a year or so ago. The Royer vote was a blow against gays here. Congressman Claussen of the 2nd District to the north of here which

is becoming quite gay, also voted for the McDonald amendment and against gay rights, and did Shumway to the east of here in District

John Burton, who has long championed gay rights, told his collegues that the amendment offered by the Georgia legislator was "One of the most outrageous amendments that ever has been proposed on the floor of the House.'

Burton went on to say, "The citizens of my District who happen to be gay are business people. They pay as much taxes as many of us here. They are taxpayers of the United States, and you are saying that the tax dollars that they pay cannot be spent on legal cases where someone would discriminate against them solely on the basis of their sexual preference.....We are talking about people who are citizens of this country, who pay taxes in this country. They are not going to get a forgiveness of the tax dollars that go into legal services because they cannot be used to defend them against some type of oppression, to Continued on page 13.....

TIGHT OF UNDERSTANDING.

The LIGHT...your Light....let your Light shine, that no darkness creep into your heart or hide the joy that rightfully is yours! The true Light eradicates darkness in which thrives all undesirable things which can not take the Light fo the inner life. Darkness is the spawning place of influe---nces which do not make for heroic living.

Only the Light that is of GOD can dissipaté this miasmic condition, bearing on its beams all things of good report. If there is a dark or secret nook in your heart, turn the key quickly and let the Light shine in, to begin its work of cleansing, purifying and making like unto God again, as your heart was when you came into being thro-ugh His creative Word.

We do not speak this to you personally, but to you as illustration of the meaning of of this message that will shine out on people living, all kinds of ways in all sorts of places and facing uncounted earth problems. They need this regenerative Light of God for clearing out the rubbish that clutters the sacred place where is the abode of the Most High.

With its myriad rays and colors, its healing powers and inestimably high vibratory rate, it needs only the door of any heart to be thrown open and kept open. Then this healing Light will pour in with its blessed illuminating power for driving out whatever is dark and dank and damp with

Every heart has some hidden nook into which the Light of God's joy needs to shine to restore perfect balance for the business of living. The human is who holds the key to the particular place which sorely needs this cleansing, joy-bringing Light. It can change the sordid to the pure, the intolerant to complete understanding, the selfish into flaming forget-fulness of self that thinks only of others and of God in Whom dwells the perfection

His Light will show you that what had seemed a dire problem for which you are unequal, is not serious after all and needs only this Light streaming from the heart of the Father, to find the answer and to realize that the problem is completely ta-ken care of. Jesus was that Light. Such Light it was! Like unto no other because it was the essence of purity that knew no evil accent but was the very garment of

All that any earth person desires of this Radiance which is beyond compare, is to be had for the asking, in faith. It will irradiate his body, change the order of his thinking and doing and implant within his being new ideals of spirit power and perfection that make one the more ready for the Great Transition when time is call ed. AMEN! Thank you Jesus!!!

Doing mission work in the Tenderloin is not always safe and seldom ever easy.. Some expect to see you preaching & testifying.....others expect you to have an answet to every problem, and others look at you...

and particularly if you have the collar on, as "the enemy." The missions of social servicework leaves one open to all sorts of attacks both verbal and physical. Those who are filled with guilt, often lash out at you and ridicule you. As I walked on Sixth Street the last Sunday with a friend, there was a very dirty drunk, propped up against the doorway, and he did look familiar, and I could only vaguely remember him and said hi to him, and he responded, "f**k you Broshears." and fell side ways into the doorway further. How utterly sad, that this poor creature who alcohol has trapped, instead of saying...... 'help me," could only lash out with hate, but what he saw was really his own guilt and was ashamed that I had seen him sink to such a low as laying on Sixth Street's wino-row. His was really a cry for help, but even in his wine-stupor, couldn't ask for it.

But, you know, Christ told us that we should let those who deride us and ridicule us to go ahead and laugh, to let the people at the bars who virtually live in a bottle, some in the mire of drugs, let them make their derisive statements, for it is better they laugh at you, than God. God told us in Probverbs that we should "Enter not into the path of the wicked, and go not in the way of the evildoers." "As the way of the wick-ed is darkness....and they know not that they stumble." How very true. Some are so busy talking about other people that they cannot see the fault or illness in themselves.

In the Tenderloin, there are those whom the vice of money greed, means far more that their own souls (except when they are sick,) for the ignore the word of God, "What profit it a man if he shall gain the whole world, and lose his own soul?" Mark 8:36.

The Tenderloin is there, because people need it, the elderly, the "old folks" all because they have no other place to go to. But also the poor people, they have no other place to go in San Francisco, all because of the greedy real estate speculators who have driven them into the poor Tenderloin.

The Tenderloin is a real place with real people and so many good people who need help, but the system keeps them down. There needs to be more missionaries in the Tenderloin, but who are able to help people with day to day living, and not to just spout Scriptures to them. Think about it......please?

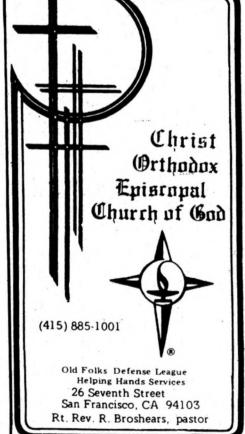

A special thanks from all of us at Helping Hands Services for the delightful fundraiser held by the Madam Leslie and Big Joe Parker at the Landmark in August, for this Luncheon Project. They and a host of entertainers gave of their time and money so that the Luncheons could continue. A big thank you to all who have donated and helped ud during out 11 years of free luncheons.

ZIONISM is Racism

The United Nations General Assembly voted on November 10, 1975 to declare Zionism "a form of racism and racial discrimination." The GLA (Gay Liberation Alliance) supports this resolution, supports the right of the Palestinian people to self-determination in their homeland, and condemns the colonial, racist and reactionary state of Israel. Anti-Zionism does not equal anti-semitism, nor is Zionism in the true or lasting interests of Jewish people.

Zionism is racist because it is colonial. Zionism has always used and been used by imperialism - - - first British, now American. Theodore Herzl, the founder of modern Zionism, negotiated with the Turkish sultan, the British, the Germans, the Russians and the Pope for assistance in obtaining Palestine. In return, Herzl promised his proposed Jewish colony would be a "rampart of Europe in Asia, an outpost of civilization against barbarism," (his quotes, not ours.) Herzl expressed his admiration for British imperialism in Egypt in 1903: "The role of the British there is superb. They are

cleaning up the East, letting light and air into its dens of filth."

The common goal of Zionism and imperialism was to impose a destiny on the Middle East against the wishes and interests of the people who lived there. Imperialist ideology and practice justifies the conquest and experience of the Third World of the Third of the Third World of the Third of ploitation of the Third World with lies that Third World People don't need want, use or deserve their own lands and resources; that they are too backward to rule themselves; and that they should be grateful for the civilizing mission of the conquerors. This ideology is racist; Zionism is one of its

The Zionists justify their claims to Palestine by insisting that no one lived there. Palestine was "a land without people for a people without a land." In fact, the Arab population of Palestine numbered 700,000 in 1914 and a million by 1948 the date of the sell-out by the American dominated United Nations. The Zionist colonizers did not confine their efforts to the deserts and marshes, but they seized the fertile plains and valleys, the orchards and groves as well.

The Israeli leadership denies that they have ever displaced a single Arab. But, in the first six months after the UN decision to partition Palestine in 1947, the Zionists forced the evacuation of 400,000 Palestinians by a campaign of terror culminating in the massacre of 250 in habitants of the village of Deir Yasin in April 1948 - - - a month BEFORE the begining of the Arab-Israeli war. 750,000 Palestinians were forced from their homeland in 1947-1949; this was THREE-FOURTHS of the entire Palestinian

Zionist colonialism did not end when Israel became a state in 1948. It continues in the theft of Arab lands, the seizure of Jerusalem and the entire West Bank, and now the moving of the capital of the Zionist state to Jerusalem, in defiance of the UN agreements themselves which declared that Jerusalem was to be neutral, an "international city."

The territory seized during the wars of 1956, 1967, and 1973 remains in fullest control of the Zionists with the exception of the territory belonging to Egypt. The Law of Return, which encourages every Jew in the world to emigrate to Israel and participate in the colonization of these seized

The military government which administered most Arab areas of Israel since 1948 was empowered to suppress political activity, restrict travel, confiscate or destroy property and detain or expel any inhabitant. Thousands of Palestinains have been imprisioned without trial under a preventive detention system comparable to South Africa's. Arabs cannot work or lease land owned by the state of Israel. Tens of thousands of Arabs are stateless due to the Israeli Nationality Law and have no rights of citizenship. Arabs in Israel live under a different set of laws, as well as a different set of social and economic conditions that those which apply to Jews. This is Zionist racism in practice.

Zionism bases its claim to the land on the fact that Jewish people lived there in ancient times, and have maintained their attachment in prayers, legends, and messianic prophecies. Against this historic claim is the living claim of the Palestinian people, the inhabitants and cultivators of the land at the beginning of the Zionist colonization. Palestinians have lived on the land, built their houses from its yellow stone and clay, terraced its rocky hill, tended its olive and citrus groves, its flocks of sheep and goats continuously for the past 3,500 years. The program of the Palestinian Liberation Organization calls for a secular, democratic Palestine, recognizing the right of Jews presently living there to remain as well as the right of all exiled Palestinians to return. This is the only just solution.

Israel's existence as a Zionist state is in the denial of self-determination for Palestinians, and Israel needs the active protection of US imperialism. Israel receives massive US military aid and is one of imperialism's staunchest supporters. Zionism defends and aids reaction around the world; in Saigon before liberation, in South Africa, and in Chile and in the nation of Haiti.

Anti-semitism is a dangerous ideology which must be condemned and fought wherever it exists. It has been perpetrated as a reactionary doctrine to blame Jews for the evils brought about by a class society. But Zionism itself is built on the premise that anit-semitism is inevitable, a disease inborn and eternal to the human race, separate from social, historic

Zionism. The Palestinians' struggle to reclaim their homeland is not anti-Semitic. Robbed of their land, deprived of the most basic buman and civil rights, the Palestinian people justly see the state of Israel as their enemy. Their leaders have publicly denounced anti-semitism and have fought it in their ranks

The path to overturning anti-semitism does not lie in cooperating with the imperialist murderers of My Lai and Deir Yasin to repress the liberation struggle of the Palestinian people. The attempt by the Zionist to kill the Palestian mayors recently, and injuring them, only shows the

sickness called Zionism for what it really is.

The main safeguard against the development of fascism in the world today is in the struggles of the oppressed and exploited people of the world against the imperialists nations and religions and their allies, and including the struggles of the Palestinian people against Zionism-imperia-lism, and for self-determination.

Gay people must realize that Palestinians are humans, to blot out

the Zionist thinking that we have been brain-washed with for so many years that Palestine belongs to the Jews. The continuing actions in Israel against the Palestinians, the sezures of homes, evicting families from their homes who have lived their for hundreds of years, should only impress upon the politically correct that what is happening in Israel to the Palestinian peoples in wrong.

The government of Israel is vicious. They openly and proudly discriminate against the gay people, witness the petty action of the Begingovernment in having the grove of trees that was planted and dedicated in the memory of slain gay Supervisor Harvey Milk, uprooted, destroyed ...all because he was gay. Harvey Milk was also a Jew, yet the Zionists

don't want "no queers around, only their money."

Gay people historically have much in common with the struggle of the Palestinian people. We should remember that when we go to the polls and vote for the politically correct people and not just because they "tickle our ears" (court our vote.)

S&M KILLING in Tandarlain! i ciiuci iviii.

SAN FRANCISCO'S GAY LEATHER-SCENE UNDER SEIGE BY MYSTERIOUS KILLER INTO S&M ---- BONDAGE and BLOOD (VAMPIRISM?)......SFPD HOMICIDE SOUAD (Cops For Christ) VERY QUIET! CHIEF MURPHY SAYS NOTHING!!

With the San Francisco Police Department's Homicide Unit now virtually a "chapter" of the gay-hating "Fellowship of Christian Peace Officer" (Cops for Christ), it comes as little surprise that the members of that Unit/Squad react no betterthan the Vice/Morals Squad of Deputy Chief of Police George Eimil (former head of Vice/Morals). Information on the latest S&M Bondage killing has been kept hush hush by the SFPD and the hotel in which the killing took place. The Coroner's Office told the CRUSADER that the victim "had to a died one of the most agonzing deaths imaginable." Yet, the SFPD appears to be doing little or nothing at all about the savage slaying. The dead man is Robert Haefer, 39, who is described as a "very quiet and gentle person." He lived at the Winton Hotel, 445 O'Farrell St-

reet in the Tenderloin. He had been dead for about 9 days when his tied & mutilated body was found July 25th. His nude body was found tied down on the bed, with numerous razor cuts on the front of the body particularly around the sex organs, and the mutilated buttocks area had been violated with a fist in the anus, and a bottle was protruding. Missing or unaccounted for is about 2½ pints of blood also.

PUBLISHERS COMMENTARY.....

"THANK YOU JESUS DISTRICT **ELECTIONS HAVE BEEN REPEALED!"** A special election was held in San Francisco to repeal the election of our local legislators by little districts. This program was instituted by the radical left three years ago. Long a dream of the Marxist-Lennists it became a nightmare reality in 1977. Six Supervisors who had been elected only two years earlier, were tossed out of office by this change. And instead of an individ-ual being able to vote for 11 Supervisors, they could only vote for 1. Now any fool can see it is better to be able to have 11 votes over 1....unless you are that fool or a dupe of the Marxists and their dupes. But Tuesday August 19th brought us back

those all important 11 votes. 11 votes which gave gay people the very gay power we have had in the city. 90% of all the rights won by gays was under the citywide election of Supervisors, not after. Now, we can have a say in the election of ALL Supervisors instead of one. That's the important thing. tant thing. We must thank Terry François for his hard work to make this a reality, as well as all others who worked and voted. And I am proud to say that the CRUSADER was the ONLY gay newspaper to support the repeal of district elections. This is the first step. Thank you Jesus!

Gay Holocaust Predicted

In an article in the GCN (Gay Community News/Boston) by John Zen, noted gay and lesbian activist Karla Jay, warned a Gay Academic Union/Gay Horizons Conference during Lesbian/Gay Pride Week that the media may be portraying a new myth about homosexuals that could result in another holocaust The noted lesbian author said that the idea that gays are child molesters has not been effective as people though, and that "our enemies" are trying a new myth - - that gays have lots of money to "buy immorality." 'The myth is a familiar one, "she explained, and very sad. It's one that worked in Hitlers Germany. 'Jews owned the banks and had all the money in a depression, Jews are oversexed and have longer penises, they said. The myth worked because the time was right for such a myth. Hatred for Jews was always there. The economy was poor. Germany,

"The time is right here, too," Jay said, in the story by GCN's John Zeh, pointing out the parallel to these points. "Germany needed a scapegoat, and now the U.S. needs one, too. Wewill be the scapegoat if we are not careful. Jay, co-author with Allen Young of the GAY REPORT and three other anthologies, told people at the regional gathering that she was "kissing the '70's good-bye" for the decade's tokenism, militarism, and passivity amongst

"The return of the draft for men has again put gay men in a revolting situation, "she told the group,

"We believe we should have equal rights, even to do things as disgusting as killing or being killed under a macho guise as war. But the army has the hypocrisy to tell us we haven't got the right to be killed."

The solution for the New Militarism of the Jiffy Peanut Man in the White House is to go when called and declare that one is gay, and when the Army asks 'Does this mean you are sick or unfit for service? you must tell them that the Army is sick and unfit for public consumption," Jay said.

We have to tell them that killing other men is terrible, not loving other men; that love isn't sick, killing is; that we are not sick, their

"I want to say good-bye to token media coverage, and special good-bye to piggy movies about gays. Good-bye and good riddance to trash such as Windows' and 'Cruising.'

'The media may turn out to be our worst enemy, our hangman in fact.
They are starting new and even more dangerous mythologies about lesbians and gay men. The June Texas Monthly' reported that gay men have 19 per cent of the disposable income in this country, which is quite a chunk. The myth is that firt, gay men buy houses in poor areas, then chase out people of color into worse ghettos, and then when they have turned the entire neigh borhood into white rugs and designer sheets, pink poodles, art deco, crystalchandeliers, the gays attempt to by leg-islation to enable them to fuck in the parks, so they won't dirty their white rugs or designer sheets!"
"Like all myths, this one is rather simp-

listic, almost absurd," she said, noting that all women are not rich that "lesbains on the average earn less than \$5, 000 a year. We know that CBD didn't even bother to interview lesbians - or was it that we were too clever to coope

'The issue of gentirification is not simple, but I didn't see CBS interview blacks or Hispanic men either. Nor did they interview lesbian mothers, parents of gays or others who might complicate the myth."

'How can we stop a holocaust?" she

"In Germany no one stood up. The gays didn't resist and worst of all they didn't band together. WE will be gathered up and taken away if we don't band together."

King "Playboy" piece about the Chicken Ranch, a LaGrange Texas whorehouse which closed in 1973, this Tony-award winner musical entertains you completely. Staging of the musical numbers is by Tommy Tune, and music and lyrics by Carol Hall and the book by Peter Masterson.

Tickets are going very fast, and at this rate it will be SRO within a week. In the next issue we shall have a full review of this delightful production. San Francisco should be deeply indebted to Carole Shorenstein for bringing to us one musical delight after another both at the Golden Gate and the Curran, for her idea of fine theatre is certainly in taste with the times. Hope to see you at the "Best Little Whorehouse In Texas," this week.

Reighn is an ingratiating performer who can do a ballad or a soft rock number with equal style and aplomb.

"REMINISCENT OF DIETRICH!"

"Mona's Back In Town," was the over-all title for an unusual evening of music, poetry and fun at Previews, a showbar on Geary Street, near Van Ness, for just two nights (unfortunately) on August 8th and 9th.

Mona Mandrake is the performing name for a unique female impressionist, with a style reminiscent of Dietrich, a sly sense of humor, and an ability to cut through camp to do a number like "La Vie En Rose" with genuine pignancy. She was accompanied on the piano by Ron Towe at the paino and also sang several of Towe's original songs which were particularly fitting (in elegance and wit) to Mandrake's own personality.

Ruth Weiss joined Mandrake for onstage moments and read some of her poetry. She is a talented lady who does vocal justice to her own works, as not all poets are able to do. Watch for Mandrake Towe and Weiss in case they return for another engagement. They offer a show which is definitely out of the ordinary. -- DOUGLAS DEAN

THEATRE

There are several things which one can applaud about Robert Michael's all-male production of "Mame", now at the Japan Center Theatre until Labor Day, so I'm

The story line of this show is warm, numan and irresistible. The music and lyrics still inspire bravos. Faye has appeal in the title role and Michelle is able to pull off a few amusing moments. Pat Campano's costumes, as always, are dazzling. Jim Richey's sets, if not spectacular, are at least serviceable. Much of the choregraphy is quite good, and the all-male chorus work their asses off, and for a group of largely non-professional dancers they do damned well in the big production num-

In case you think that's enough to nake this version of "Mame" an unqualified success, permit me to advise you ---

The big fault with the production lies

in the direction. Although George Johnson has staged a couple of effective table-Faye as Mame & Michelle as Vera. aux, he is just not experienced and skillful enough to handle the complexities of a show like "Mame" and pull it together into a cohesive unit. Much of his blocking is awkward, he has permitted stage waits which turn some scenes into a drag (sorry, couldn't resist that!) and he has showed no imagination whatsoever in leading his performers in and out of music cues. The final moment in the show, when Mame leads Peter up the stairs (and we realize she is going to introduce him to adventure in the same way she did Patrick years before) should give us a lump in the throat and bring us out of our seats with laughter and enthusiasm. Johnson has staged this moment clusily, with Patrick and Pegeen covering Mame, and with Faye (back to audience) going up the stairs and no music swell

from the orchestra whatsoever. The curtain comes down with a dull thud. It may seem unfair to compare this show with the previous all-male "Mame" of 1972. But what choice does one have? That production, also starring Faye, was smooth, polished, with choreography (particularly in the title song production number) which stopped the show. Would that they had left us with our memories!

All-male theatre is a unique and colorful part of our community life; when it's done well, it's a joy. But no matter what you may have heard or read elsewhere, this revival of "Mame" is not going to put the Civic Light Opera nor Carole Shorenstein's Best of Broadway series out of business.

Let me emphasize something: I'm not saying we shouldn't support all-male theatre or even this production - what I'm saying is, we should not delude ourselves into thinking that because it's all-male theatre it is automatically wonderful, marvelous, fantastic and above criticism. We all have alot to learn in many directions. -- DOUGLAS DEAN

Pamela Swedon, Omar Frank, and Jeanette Morris, in a scene from "The Amen Corner."

The Amen Corner

Run, don't walk, to the Buriel Clay Memorial Theatre, 762 Fulton Street (near Fillmore) where James Baldwin's "The Amen Corner," is now showing It's a hilarious, joyful, and tear-provoking experience in the

Baldwin, as you probably know, is one of America's openly gay novelists (famous for Giovanni's Room, Another Country, etc.) but while "The Amen Corner" does not have a gay theme, it certainly exudes Baldwin's power, sensitivity and insight as strongly as his novels have done. What a shame he hasn't written more for the stage!

"Amen Corner" is about a female minister's problems with her family and her congregation. Leola Jiles is very attractive as the minister. Her estranged husband is played with warmth and appeal by Lonni Ford and her shy son David is likewise ingratiating as performed by Vernon Springfield. Jeanette Morris is a tower of strength as the minister's spinster sister. Ella Jamerson is deliciously funny as a self-righteous member of the congregation, with Omar Frank and Pamela Swedon not far behind with similarly amusing characterizations.

Danny Duncan has directed his talented cast with energy and enthusiasm. Satisfaction guranteed if you go to see this one! It continues through mid-September. for reservations call (415) 626-5525.

TRISH

TRISH, the raven-haired beauty opening August 27th at Kimo's Showroom, has appeared with such stars as Don Rickles, Liza Minelli, Harry Bellafonte, Shecky Greene, Charro, the late Totie Fields, and Eddie Rabbit.

Opening Star at Kimo's Showroom, is opening on Wednesday August 27th at 9 p.m. with the beautiful and

dynamic singer-guitarist, Trish, who is direct from the Hotel Fountainbleu in Miami Beach Florida.

This raven-haired beauty, a former runner-up in the Miss Florida beauty pagent, opens at the beautiful new upstairs showroom at Kimo's a longtime favorite San Francisco Hawaiian theme bar. And from all signs, the opening night is sure to b a full house (SRO.)

Trish began in show biz back in 1961 with the owner of the Showroom, Kimo, as both did summer stock back in Miami. back of working together,

Trish was signed to an eight week contract to play and sing at the Riviera Hotel in Las Vegas a few years back and she was so good that they held this marvelous singer over for a fantastic 38 more weeks. Now that's talent! She appeared there with the late Totic Fields, and the delightful Shecky Greene not to mention the dozens of others, and singer Eddie Rabbit had her on his recent NBC television special.

Trish sings songs in a manner that leaves you beathless and in the deep hope that she never stops. Trish is truly a beautiful young lady with a beautiful voice to match. It's a true and clear voice without artificial embellishments and Trish sounds as if she has her own internal echo chamber and tone sustaining controls. "She's a living sound studio," says Brevard in the Cocoa Beach-Cape Kennedy daily newspaper Today. He goes on to point out that "Trish's beauty and voice still aren't enough to explain why she matured into such a captivating entertainer, and that the real explanation is in her voice.

"Trish is a story teller. She takes a song such as "Little Green Apples," and makes you care about lyrics which never mattered before. And she's at her best when her voice soars and dips and glides as if it were powered by the wind. Her styling transcends musical tastes, and makes rock, folk, country, or the old rock 'n roll, equally appealing."

Certainly, we here in San Francisco are headed for a most entertaining evening with Trish August 27th at Kimo's Showroon

lack Wrangler, best noted for his porno epics down through the years, has done a bit of legit theatre in the past, and right here in San Francisco he starred in the play, "Rusty."

Now, after several years he has surfaced in the Big Apple performing in the Rob-ert Patrick play, "T-Shirts," and not only was the good, he was excellent and the play ran for several weeks, with Jack, the author himself and Dale Merchant (in the picture above with Jack.)

Now the production is in Washington DC, and doing well with some cast changes. It is always gratifying to see someone do well. Congradulations Jack!

Willie Brown's record. it isn't bad. -- it's awlful!

WILLIE BROWN, THE LEGISLATURE FROM THE NORTHWESTERN PORTION OF THE CITY "TOO LONG" FACES GREATEST CHALLEN—GE OF POLITICAL CAREER THIS NOVER AS GAY DEMOCRATS DESERT HIM FOR REPUBLICAN MODERATE, TOM CRARY!

The record of Willie Brown as far as the total population of the city goes is awlful. The record of Willie Brown as far as the voters of California are concerned is gad-awlful! The record of Willie Brown as far as the gay community goes is just plain disgustingly awlful!

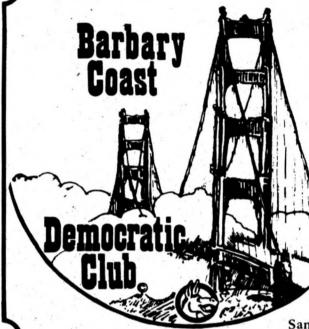

For 16 years now, Willie has gone back to Sacramento based upon what he was "going to do" for the gay community which turned out in huge numbers to elect him. But gays for the last four years have been wondering just what Willie has done or is doing in Sacramento. The one thing he did, was to make oral copulation between consenting adults a misdemeanor is caught in public instead of a felony...it it IS STILL AGAINST THE LAW...so Willie didn't make our sex legal, just near-legal, which is not good enough for most.

Willie Brown did a terrible thing a few weeks ago. Concerned Legislators and lawyers wanted to do away with the "Dimished Capacity Defense" the one which makes it legal to kill gay Supervisors just because you say you have been eating Twinkies and drinking Coca Cola, ala Dan White. This defense is flaky and allows the shrinks to decide whose innocent or not which is not the judicial or peoples way, but it is the way of the slick-talking lawyer who defends hardened criminals like attorney Willie Brown does. Oh yes, Willie Brown is a practicing attorney in the criminal courts here, defend-ing people who may have or may want to use the "out" of diminished capacity, after all, it got Dan White away with murdering a Mayor and a Supervisor. So, Willie Brown, a Member of the Assembly Criminal Justice Commi ttee, did everything he could and did so successfully and got the Committee to "kill" the abolition of the defense plea, so it still remains a defense for "Mr. Cool" Willie Brown and his sharpie lawyer friends down at the Hall of Very-Limited Justice like Doug Schmidt the defense lawyer who used that nitwitted shrink law to get Dan White away with murdering Harvey Milk. The next time you see Willie Brown, remember Harvey Milk lying there in a pool of blood, his brains blown out, and an ex-cop Dan White standing over him with a smoking pistol. You can thank Willie Brown for the continued use of the diminished capacity plea.

Now Willie Brown is "going to the county fair", ours, right here in San Francisco, and we don't have it yet, it was just created, thanks to Willie Brown and his friends and guess who got named as Commissioners this first time first time out, all of Willie Browns

old friends. For instance, his aide Margine A. Sako,; Phillip Scott Ryan an attorney who shares the law offices of Willie Brown; Walter Newberger who heads up the most expensive men's clothing store at which Willie Brown gets all of his suits; Edith Jenkins whose husband David is a political consultant who is connected with Willie Brown; and Belva Davis Moore of channel 9, KQED who recently chaired a \$100 a plate fundraiser for the "cool" Assemblyman Willie Brown. These are the first appointments. Willie Brown has an awlful record. and we haven't even begun to scratch the surfance yet.

And from the Looks of MAME, Wally didn't do too good a job in finding that loser director My dear, he should have at least seen the real MAME before he tried to direct it. to direct it. And the P.R. was not near as good as it was in the '72 production. Robert Michael did a great job with this show, but he has a couple of slow horses in his otherwise fine stable. MAME is still a good show to be seen thanks to the costumes, and the dancing, and FAYE has improved vastly over her '72 version...but we do miss NANCY as Gooch for the current person just did not have the "goochie" to Gooch!

go to the SCREENING ROOM at 220
Jones Street and see,

'AND GOD CREATED MEN!"

It's not that this were the main trip in

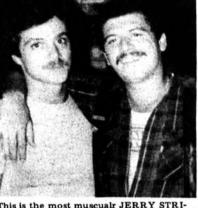

"And God Created Men," no, not at all
but it's just that there are some scenes
of it in which one guy is being handball
ed by TWO guys at once, and as they
really get caught up in the trip, the one
guy takes his fist all the wav out and
back in again, absolutely unbelievable...
...never have I seen anything like it..and
later there is a scne in which the guy
who had been getting the two fists at
once, later gets a huge dildo up there
that is as big around as a coffe can and
as long as two feet, and he takes it with
little apparent difficulty....weeeee!!!!!!
