**ANDERSON for PRESIDENT**

**THE CRUSADER** strongly affirms earlier endorsement of the candidacy of John B. Anderson for the presidency of the United States, along with that of Gay, Patrick Lucey of Wisconsin for vice-president.

Anderson has shown and will show the strong lead on behalf of gay rights, and no other candidate has done as such. The word of the Anderson campaign speaks just as loud on behalf of gay rights. Lucey was a campaign manager for the Senator Ted Kennedy group, and brings with him to the Anderson campaign, important credentials making the Anderson campaign even stronger.

Gay people who support Anderson must be at work to make the election of John B. Anderson and Gov. Lucey a reality come November. Never before in the history of America has an independent candidate given such a strong showing, and Anderson gives to America, the hope of a better tomorrow for all gay people. Vote for yourself and Anderson come November 4th.

**THANK YOU CRUSADER**

August 23, 1980

Dear Ray:

A big thank you to the old SF Crusader for being the old guard to
in order to endure the rapid pace of the city.

In my youth, I was able to get along with the business of getting to San Francisco, then
in the open air, where I was able to meet lots of people, some of whom
you know have been dead for many years. We need to remember that we are
here to help those who are not so lucky.

I am still working for the city.

Sincerely,

**WHERE ARE THE POLICE?**

August 29, 1980

Dear Editor:

A friend of mine and his fiancé want to open a new restaurant on Lomawaux St. Eddy in up town, but they have trouble with the police, who also want to help create a better Tenderloin.

They are also having trouble with the city's new rules, which are supposed to help create a better Tenderloin.

This is a problem for all of us, and we need to work together to make this a better place for all.

Sincerely,

[Signature]

PHOENIX COPS GET ROCKS OFF BY PEEKING AT THE FAGS

The Phoenix Police Department sought to have an ordinance enacted which allows them to "spy" on the patrons of adult book stores, and the ordinance was just upheld by the U.S. District Court Judge Carl Mucke who dismissed a civil suit against the Phoenix Police brought by Eben Storrs Inc, who operates 20 coin operated machines which show sex films.

One Phoenix gay told the CRUSA-DEER that he watched a Phoenix undercover cop "beating off" while he watched two other guys doing it and then after he "finished" he haxed them.

**PIG LUST?**

INTERSEXUAL COP CHARGED WITH NOLESTING 6 YEAR OLD

Former San Francisco Policeman, Lt. Peter L. Quevedo, 51, currently with the Hayward Police Department, was charged with having molested a 6 year old girl. The six year old girl appears to be a "brave" thing for these het-hookers to do to a 93 year old man who is also in a "walker," as he cannot walk without it.

However, these het-hookers are not being helped by the vice officers to complete "Gay U.S.A." and they told how they had best to their "dine" a condemnation in their early twenties who had propositioned them at a Tenderloin restaurant, and then tied the two "tens" up.

Also, these het-hookers are not tied to an "establishment" as it is also a teacher in the public school system, and they told how they had best to their "dine" a condemnation in their early twenties who had propositioned them at a Tenderloin restaurant, and then tied the two "tens" up.

The current law which the SB 1493 does away with, violated the First Amendment of the U.S. Constitution, because it allows the attorney general of the state to prosecute churches against allegations of fraud or improper use of funds.

Assemblyman John Knox of Richmond said that freedom of religion must be always protected and that the state should not interfere with it.

The legislation still allows the state to prosecute church leaders for criminal offenses, but “we must draw the line when the state’s purpose becomes too coercive,” he said.

The California State Assembly voted 50-13 passing legislation which will prevent the state attorney general from filing civil complaints against any church or religious corporation.

The California State Assembly passed SB 1493, a pending legislation which will prevent the state attorney general from filing civil complaints against any church or religious corporation.

The bill, which was supported by virtually every church in the state, including the Orthodox Episcopal Church of God, was opposed by Attorney General George Deukmejian, groups of communists, atheists and the San Francisco Supernaturalist candidate Paul O. Hardman, publishers in the Pacific Heights based publication "The Voice.

The legislation will allow the state to prosecute church leaders for criminal violations, but it will prohibit the attorney general from investigating churches against allegations of fraud.

The anti-Christ acting, attorney general, George Deukmejian has said enactment of the bill will have "a devastating impact" on a sect he is pitting against the Worldwide Church of God. As most all know the worldwide acts of the attorney general were met with a storm of criticism from throughout the world.

The current law which the SB 1493 does away with, violated the First Amendment of the U.S. Constitution, because it allows the attorney general to investigate religious corporations and state their words with anything upon, the complaint of any kook who had been made from membership.

Assemblyman John Knox of Richmond said that freedom of religion must be allowed to "safeguard the religious freedom of all people." He said he would like to speak to you of thought and understanding.

There are types and tendencies we know so well the hinderances which fuzz because you are oft times burdened with routine details. Know that all power is available to you for every positive need. It is all a matter of how you use it. Your life. It comes from that perennial fountain at the center of Creation where many wiihing Lenore a good one. This is the birthday girl herself, Charlei Seart, poet, one of the club’s strongest members.

The colorful and divine Lenore Cautrelle recently was honored by her many friends with a birthday celebration (her 22nd?) at a bar for the theatre crowd, E*review. We wish her dozens and dozens more.

The Club laso has a membership roster that reads like the Alice B. Toklas Democratic Club roster as well as the four smallest gay Democratic Club, Stonewall of SF Endorsements from the two are the same as one, for the members run from one meeting to the other and make the final policy etc., and now at long last many of the political leaders of Stonewall of SF endorsement from one is virtually non-existent. DIRTY POLITIX has been a stock phrase of HMGDC last year was openly involved in the striking of other gay interests.

Does it seem out of character for one who to say these things to you? No. It is connected and which is the gift of God to every human. The power of God-power. And that is Infinite power, enough and more than enough.

I beseech you to rememher that never can any human separate himself from the great central source of all power, which is God. You can clog a channel in the power but the power does not function. It is there it when the channel is free from cluttering things which have no value, trifling matters. You can block the flow of the power just as you can block the water in the bay. You can block the power only to keep it from flowing to those who need it most.

I would like to speak to you of thought and understanding. Are you happy with what you are doing today? Do you need deeper in the inner reaches of your heart to give you what you need? To be free of all worry? It’s easy to see that you do.

ALEXIS SMITH is a Texas madam. She was transferred to Sacramento. "The Best Little Whorehouse in Texas" may not be the best musical ever written, but in Town Hall on New York it's a pleasant evening's entertainment. The writing isn't profound but for two or three top tunes and some fine high kicks I'd say it was worth a look. The choreography, and a choice line of the hooker, make this show a hit in its town in seven days.

In the plot of the show, Good pastime people wander into theinition, any one of them, and start a little dance band. As the show marches along, the music turns from country to rock and roll to whatever else the director feels like. The show is a success, and the cast of the "Best Little Whorehouse" is invited to join the show. They accept, and the show becomes a huge success. San Francisco's only 18 and over Gay dance palace.

Big Joe Parker and his Revue will make a special appearance at the Frisco Saloon on Saturday, September 20th at 9 p.m. in an all-star show to honor two long time friends of the gay community who are getting hitched up.

The Frisco Saloon is at 60 Sixth Street just off Market Street and is well lighted at night so there is no hassle.

John B. Anderson has chosen former Democratic Governor of Wisconsin and former Ambassador to Mexico, Patrick J. Lucey as his running mate. Lucey, 64, millionaire who has consistently sided with labor, advocates national health insurance, and a host of other Ted Kennedy-liberal ideas that John Anderson has not exactly embraced, is the choice of John and from all reports an excellent one. Lucey was Senator Ted Kennedy's deputy campaign manager and was also a deputy manager of the late John and Robert Kennedy's campaigns.

Lucey has important liberal credentials that gives the independent campaign a much needed boost in the arm so to speak.

New feature length porno films are in seriously short supply! That's the news from Tinsel Town-SF. Male-male films are not being produced in any sizable quantity and for the first time, gay San Franciscans are not getting a new flick every couple of weeks as in the past which is not good. That place on Larkin is running a low low low budget quickie and it really looks like some (bad) bad movies are being shown and the Nob Hill is re-running three classics of Wakefield Poole which we've already seen a half-dozen times that's no good. The T-Rooms shorts loops and poor quality pirate films (dupes) and the place is tacky so that's why no one goes there and it's in the 100 block of Eddy Street. The Screening Room is running and old film, new to San Francisco starring an old friend, Dan Wessling as Myles Longue. But it is backed with a Wrangler film that didn't make it here before. We want some new stuff you guys, so get with it. We deserve THE BEST!
