President John B. Anderson ...?

The CRUSADER hereby affir ms out earlier endorsement of the candidacy of John B. Anderson for the presidency of the United States, along with that of Gov. Patrick Lucey of Wis-consin for vice-president. Anderson has stood tall and so very strong on behalf of gay rights, and no other candidate has done so thus far. The record of Governor Lucey speaks just as loud on behalf of gay rights. Lucey was a campaign manager for the Senator Ted Kennedy group, and brings with him to the Anderson campaign, import ant credentials making the Anderson campaign even stronger. Many millions who supported Teddy Kennedy are already at work to make the election of John B. Anderson and Gov Luc

a reality come November. Never before in the history of American has an independent candidate given such a strong showing, and Anderson gives to America, the hope of a better tomorrow with equality for all people. Vote for yourself and Anderson come November 4th.

OLD TIME GOSPEL HOUR PREACHER ADVOCATES ABOUT THE SAME THING AS DID HITLER IN THE EARLY THIRTIES, ONLY HIS "JEWS" ARE THE HOMOSEXUAL!

Jerry Falwell, who ministers to millions over the television weekly and has one of the largest congregations in all of America at his Liberty Baptist Church (not affiliated with the Southern Baptists tho,) and his Liberty Bible College poses one of the greatest threats to tens of millions of Americans right to life. Falwell in his drive to rid the nation of gays, has now launched a drive to cease the sale of all porno, as Falwell believes that any kind of porno is evil and eventually leads to child-molestation. Falwell has some very strong supporters amongst members of Congress, the Senate, our own California State Assembly and Senate, and on the San Francisco Police Department as well.

The message of Falwell, telecast each morning(Sundays) at 7 am til 8 am or channel 4/KRON (SF Chronicle Publishing) and channel 11 KNTV each Sunday night at 10 p.m. Falwell publishes a newspaper called the Moral Majority which is one of the most fascist publications around and certainly is the the Wordof God but of men crazed for power and upon the bodies of the homosexual population in the United States. Falwell openly supp--orts Ronald Reagan for president but is opposed to George Bush his running mate. Falwell also opposes John B. Anderson as a "tool of the sexual" deviates," and other liberals.

The CRUSADER strongly urges gays to watch this man, for he may well be the end of all of us unless he and his political camp is halted. RB

"I am convinced that we as a people are ready to give something back to our country in return for all it has given to us." My golden friends, as I have come to know you as I traveled the length and breath of this great country, for me, a few hours ago, this campaign came to an end. For all those whose cares have been our concern, the work goes on, the cause endures, the hope still lives, and the dreams shall never die." With those moving words, the 1980 candidacy of Senator Edward Kennedy came to an end at the Madison Square Garden convention of the Democratic Party. The applause, the tears, the battle does continue for those who believe in the rights of all individuals for whom the Kennedy campaign championed so strongly. Later Teddy!

YOUTH GANG ATTACKS GAYS ON FOLSOM STREET

Saturday night/Sunday morning, 1:30 am August 31st at 10th and Folsom Streets, a group of punks in their teens and early twenties attacked and severely beat three or four gay men as they were walking to various bars in the South of Market area. One gay man was stabbed quite severely according to the San Francisco Police Department.

The Tenderloin headquarters of the radical Moral Majority Kristian Krazies at 121 Taylor Street, called "The Candle" is closed own. In addition one of the Taylor Street windows was broken.

These so-called "born-again" Kristian Krazies recently forced gays inside the bar Kimos at Polk and Pine inside and let no one through their lines. They say they are praying for homosexuals. HUGE DEMONSTRATION AT SAN QUENTIN

A most successful demonstration of several hundred people outside the gates of San Quentin Prison was held on August 30th by various groups supporting the rights of all Black peoples. The demonstration was totally non-violent.

VIOLENCE INSIDE SAN QUENTIN

The day after a demonstration for Black rights, several Nazi/white attacked placks with white guards provoking the matter in obvious retaliation for the successful Saturday demonstration outside of the walls. Such obvious pig action has angered Black rights activists and another demonstration outside the walls soon is most possible. Racism is the tool of Carter & Feinstein.

The film was released two years ago to public acclaim here in San Francisco. Artie Bressan, Jr. who has produced two classic gay erotica flicks, took several months and 80 workers to complete "Gay U.S.A." which is a very biased view of the seventies Gay activism as seen by Bressan. There is gay parade footage, demonstrations (later years only, not the formative and sensitive years of gay liberation) with interviews of establishment gays and the latter day Castro clone types. 93 YEAR OLD TENDERLOIN MAN BEATEN BY FEMALE HET PROS-

On Sunday August 10th, 93 year old Walter Kahles who is called "Sarge" by those who know him at the Cadillac Hotel where he lives, was walking to a nearby cafe for breakfast when two female women hookers beat him up and robbed the 93 year old man.

That was a "brave" thing for these het-hookers to do to a 93 year old man who is also in a "walker", as he cannot walk without it. How very brave of these female hookers. Sarge has live in the Tenderloin for over 30 years, and almost all know him, but the het-hookers respect noone or nothing, including crippled 93 year old men, for to them a "dime is a dime."

But fortunately these het-hookers have had their asses busted and are i jail, for Inspectors Gerg Corrales, Marion Jackson and Don Clyburn saw it, and slapped their asses in jail.

Christians Have A Right To Vote!!

TREMENDOUS VICTORY IN SACRAMENTO OVER THE FASCIST POWERS OF THE ATTORNEY GENERAL'S OFFICE WITH THE PASSAGE OF SENATE BILL 1493 & SENATE BILL 1632.

The California State Assembly voted 50 - 13 passing legislation which will prevent the state attorney general from filing civil complaints against any and all churches and religious corporations.

The bill, which was supported by virtually every church in the state, including the Orthodox Episcopal Church of God (Christ Chapel), was opposed by Attorney General George Deukmejian, groups of communists, athiests and San Francisco Supervisorial candidate Paul D. Hardman, publisher of the Pacific Heights based publication The Voice.

The legislation still allows the state to prosecute church leaders for criminal violations, but it would prohibit the attorney general from investigating churches against allegations of fraud or improper use of funds.

The anti-Christ acting, attorney general, George Deukmejian has said enactment of the bill will have "a devastating impact" on a suit he has pend ing against the Worldwide Church of God. As most all know, the fascist actions of the attorney general in the illegal matter against the Church was the catalyst for the creation of SB 1493. The Orthodox Episcopal Church of God strongly supported the passage of that Bill as well as gave strong support to Dr. Herbert W. Armstrong of the Worldwide Church of God in his Church's battle with the attorney general.

The current law which the SB 1493 does away with, violated the First A-

mendment of the U.S. Constitution, because it allows the attorney general to investigate religious corporations and seize their records without due course of law, upon the complaint of any kook who had been ousted from

Assemblyman John Knox of Richmond said that freedom of religion must be allowed "no matter how flagrant" some of its practices be. "We have to suffer with pain sometimes to allow people to worship as they choose. Knox stated that there are sufficient laws in the Penal Code to deal with any real wrongs, such as fraud, etc, but "we must draw the line when the attorney general wants to involve himself in church activities.

SB 1632 by H.L. Richardson of Arcadia, will assure that no tax exemption is lost because a church communicates its "principles, philosophy or religious faith." The Bill passed the Senate 25 - 8.

Rev. Ray

I would like to speak to you of thought transference this issue. Have you ever "felt" you knew what the person next to you was thinking? Well, it is entirely in character to say that you posibly did "hear" what the other party "thought. There is a quiet power-line that abides deep in the inner reaches of your heart and it functions when things are difficult, much better than other quality of power that stirs and stimulates you.

It is the difference between the power house that generates what turns the wheels and the military march that stirs the blood with emotional fanfare. I would bid you to go deep into your hearts and see how frequently you try to function on feeling alone instead of on this quiet power which comes directly from the Father God. His power is always adequate. It never grows thin and never is less than is needed for running your life. It comes from that perennial fountain at the center of Creation and the only times in your time on earth you appear to be short on its supply are when you fail to turn to it in confident faith that it is there for you. You could not be separated from it if you tried. You are from the beginning of creation a part of God. Hence you also are a part of God-power. And that is Infinite power, enough and more than enough. One never has to be economical in the use of this God-power. It never runs short. The more ones uses, the more there is, for the channel isopen and the current flows free. When it doesn't, look carefully within and see whether you have clogged the channel so the power cannot flow. I beseech you to remember that never can any human separate himself

from the great central source of all power, which is God. You can clog the channel so the power does not function. But it is there when the channel is free from cluttering things which have no value, trifling material junk that clogs and never turns a wheel of worthy human endeavor. Does it seem out of character for one who to say these things to you? No for we are to share knowledge withoue another in order to lighten one a

There are types and tendencies we know so well the hinderances which "junk" puts in the way of spiritual progress. Guard well the keeping of the power lines, keep them free of all selfishness, all resentments or unforgiveness or impatience or niggardliness of money or time of service which one can render. Keep your thinking clear my friends. Don't grow fuzzy because you are oft times burdened with routine details. Know that all power is available to you for every positive need. It is all a question of this inner, quiet, unfailing power from which you cannot be

disconnected and which is the gift of God to every human. The power of

the Infinite flows through you, giving you purpose and satisfaction.

CDC Poolside Meeting....

CDC North/Vice-resident, Mark Davallos and CDC Administra-tive Aide, Margie O'Driscoll.

A general overview of the area around where the boss Mark Davallos snoozed.

The California Democratic Council (CDC) Northern California Executive Board got together for their quarterly meeting at the mountain top home of CDC Controller Doug DeYoung in Belmont California recently.

Much of the meeting took place at poolside after a delightful potluck lunch. The four gay Democratic Clubs in the city here belong to the CDC, they are the Toklas group, Milk Gay Demos, Stonewall and the Barbary Coast Democratic Club. The Barbary Coast Democratic Club at the current time is the fastest growing of the CDC Clubs in the city. But the gay members are out-numbered in the CDC by about 4 to 1 are out-numbered in the CDC by about 4 to 1.

HOT WATER:

The club which is named after the man who founded it, Harvey Milk. the late Supervisor who passed the uninforced "popper scooper" law concerning people who let their dogs "do it" on the streets, is a Club in turmoil. Ran in recent months more like the old Gay Lib Front days with plenty of in-fighting and bitch-fights, the Club is reportedly at an all time low in the cash box as well due to their futile fight to halt the repeal of the Marxist inspired district elections.

The Club also cancelled it's endorsement meeting for September and will now reportedly have it in the month of October.

WHY? is the HMGC doing so badly after a very powerful run? Because they obviously have extended themselves in several directions with too little resources and or workers.

The Club laso has a membership roster that reads like the Alice B. Toklass Democratic Club roster as well as the fourth & smallest gay Democratic Club, Stonewll of SF. Endorsements from the two are the same as one, for the members run from one meeting to the other and make endorsements, policy etc., and now at long last many of the politicians are seeing that an endorsement from one is virtually the same as the other clubs.

DIRTY POLTIX has been a stock and trade of the Alice group since Jim Foster and Fitch began it, but while Harvey Milk was alive, at least the HMGDC did keep it above the "waist" so to speak. But that's all over now. The leadership of HMGDC last year was openly involved in attacking other gays.

"The Best Little Whorehouse In Texas" may not be the best musical ever written (though it did win a Tony in New York) but it's a pleasant evening's entertainment and worth seeing for two or three top performances, Tommy Tune's exuberant choreography, and a chorus line of the butchest male dancers to hit town in many

a day.

Forget the plot of the show. Good possibilities are undeveloped and the story line wanders in all directions. The music too, is nothing to get excited about. I gurantee it! Tune's choreography is foot-stomping, hand-clapping down home Texas style, just right for this wild and sex show. See it! It's at the Golden Gate through Sept-

THE LUKEWARM THREE

MAUREEN COYNE in the One Act Theatre production of "A PORTRAIT OF KATHERINE MANSFIELD. three new plays make up the current bill at the One Act Theatre Company, 430 Mason Street.

"A Portrait of Katherine Mansfield" by Barbara Oliver and directed by Peter Tripp, is an episodic look at the writer's last years and holds interest because of what we already know about her. Maureen Coyne, good in some in-genue roles, is out of her depth por-traying a character like Mansfiend, but she does capture a certain sensuality and charm which were part of Mansfield's make-up. The thank-less role of her husband is played by Ronald Meszaros, who also narrates.

"Tuba Solo" by Michael Lynch is the most satisfying play of the evening. It's a warm and human drama about a woman celebrating her 41st birthday alone in a hotel bar. The bartender strikes up a conversation with her, and they almost

A play by Barbara Oliver, is running thru October 4th.

They don't. But during their brief moment of intimacy something has happened between them and they have given each other something they didn't have before. Charles Bouvier is fine fine as the bartender, and Linda D. Powell gives one of the best female performances I've yet seen on the One Act stage. She's very touching as the lonely lady, Simon Levy's direction is first-rate.

Ira Kamlin's "The Painter's Pace" is a little more than a sketch reminiscent of those we used to see Harvey Korman or Tim Conway do on the old Carol Burnett show. Not that there's anything wrong with a good TV sketch, mind you, but let's not pretend it's a play!! Irving Israel, who has made a specialty of playing eccentric characters on local stages, is eccentric here again, playing a crazy painter who demonstrates his "art" to a female reporter who is trying to interview him. He works his ass off, and he does get an occasional laugh, but all of huffing and puffing and runing about (My God, he must lose five pounds at every performance!) does not conceal or compensate for the fact that this thin premise, however amusing in concept, is undeveloped in Kamin's script. There is no there THERE and that's all that can be said about it. Jan Anger directs.

RAY'S ROUNDS......As we go about the city we have occasion to run across some really fine talent. And at the Devil's Herd we would strongly reccomend to you on Wednesdays and Thursday, the Mavericks a group of youngsters playing their country hearts out for you. Super! The Hostages will perform at Le Disque on the 7th and you have to see and hear them to believe it. The Explosives on the same night too! The Chez Pat 1590 California Street, begins Country Nights each Sunday starting in September. Should be an interesting innovation there. Please do all you can to MISS...the "traitor" Noah Griffin at the Plush Room. He did a real number against gays on the radio in cooperation with the SFPD Vice/Morals qunit several Sundays ago. Quisling!

The lady's name is TRISH! She was the opening attraction at Kimo's new Showroom, at the corner of Polk and Pine, and it was her first gig in San Francisco. I'm willing to lay odds it won't be her last.

A tall stunning brunette, somewhat reminiscent of Jaclyn Smith, Trish could get by of her beauty alone. She happens also to be loaded with charm, however, and no small amount of talent.

Born in Florida, Trish has played many clubs through the cotton belt, which no doubt accounts for her proficiency with country music and the blues. At the show I caught she sang Bob Dylan, Gordon Lightfoot, a song of her own, and a lovely number about the Blue Bayou. Accompanying herself on the guitar, the lady quickly established a rapport with her audience. It was the warmth and gentle humor which did it.

The Showroom is small but tastefully decorated with ferns, anthuriums, other plants, and Polynesian artifacts on the walls. All of this creates a delightful South Sea ambience - - and what else would one expect from Kimo? The sound system in this room is excellent, by the way, and some of the better established clubs in the town would do well to check with Kimo to find out where and how he got his equipment

It looks very much as if Kimo's latest project is off to a promising start. There's no cover or minimum at the Showroom, so drop in for a drink and enjoy some fine entertainment. They tell me Trish will be the main attraction for several weeks (and she should build up a good follow ing) but Kimo has lined up other performers for succeeding gigs. It's a comfortable, relaxed atmosphere in which to enjoy some of the town's best cabaret artists, and it's conviently located, too - - right in the most busy intersection of our beloved Polkstrasse. DOUGLAS DEAN

VALERIE MILLER "steals" the spotlight from Tim Collins at the Plush Room in a revue entitled, "Hats Off,", 940 Sutter Street.

HATS OFF to The Girls

The billing read "Tim Collins in HATS OFF" but it was special guests Pamela von Schmitt, Lynn Eldredge and Valerie Miller who were the real stars of the show presented at the Plush Room on August 19th.

Collins is a man who has developed a gay following on the cabaret circuit, with appearances at Fanny's, Trinity Place, etc., His work is not yet of professional calibre, however, and his promoter has done him a disservice in attempting to push his career too fast. Singing alone and exploiting a certain sex appeal (which some people seem to think he has) he may pass before an undiscriminating audience, but viewers with practices eyes will immediately note his lack of skill when he works with other singers who have been properly trained.

Accompanied by Doug Trantham, who has never been better at the piano, each of the ladies in "Hats Off" joined Collins for a song or two and then did a turn of their own. Von Schmitt was best with her rather campy "Loads of Lovely Love," Eldredge (a classic beauty who would have been a cameraman's delight in another era of film history) stopped the show and brought a roar of approval from the packed house with her "Ladies Who Lunch" from COMPANY, and Miller delivered a sock version of "Glitter and Be Gay" to enthusiastic and spontaneous applause.

None of Collins' numbers were delivered with anything more rou-None of Collins numbers were delivered with anything more routine style or expression. He was obviously unsure of his lyrics at times (particularly those from CAROUSEL'S "Soliloquy") and seemed generally unprepared for the performance. His voice quality is not unpleasant; it is good enough for a career - - - if he's willing to absorb criticism, if he'll take some lessons in phrasing, breath control, tempo, mike technique (plus a thousand other things that all real professionals have to learn) and if he learns to relate to an audience with a degree of warmth. Until he does these things he can only be classified as a moderately tal-DOUGLAS DEAN

(NOTE: "Hats Off" will continue at the Plush Room on Tuesdays during September. Doug Trantham has withdrawn as musical director, and has been replaced by John Trowbridge. As we go to press we learn that several changes have been made in the show's format, including numbers originally sung by Collins.)

was told they were reopening their showroom. Although we were not invited, we went anyway to the opening. Such a showcase of stars you haven't seen in one place in a long time. The place itself is nice, and the food and bar are excellent, but the showroom still lacks warmth, that is one thing Gordon's fails to bring off. But this time around, the sound at Gordon's is excellent, unmatched almost anywhere in any gay club. But the promo person for Gordon's must realize there are "other" papers than the BARF! We will go back uninvited of course another evening and give you some run downs on the talent they are showcasing there. One thing, we see they have the good ear to not have Tim Collins on the bill as a regular....at least thus far. Good luck Gordon! RB

New feature length porno films are in seriously short supply! That's the news from Tinsel Town-SF. Male-male films are not being produced in any sizeable quantity and for the first time, gay San Franciscans are not getting a new flick every couple of weeks as in the past which is not good. That place on Larkin is running a low low low budget quickie and it really looks it too (you had better stayed home than waste \$5 on this one), and the Nob Hill is re-running three classics of Wakefield Poole which are worth seeing, but if you've seen them a half-dozen times that's no good. The T-Rooms shorts loops and poor quality pirate-films (dupes) and the place is tacky so that's why so few go there and IT IS in the 100 block of Eddy Street. The Screening Room is running and old film, new to San Francisco starring an old friend, Dan Wessling as Myles Longue. But it is backed with a Wrangler film that didn't make here before. We want some new stuff you guys, so get with it. We deserve THE BEST! rb
