“If someone offered you $11 or $1, which would you take? Well, if you’re the smart person you’ll take $11 instead of one!”

The voters have spoken regardless of how many or how few votes were cast. And we have citywide elections again. That means that each of us have a chance to vote in or out of office any or all of the 11 members of the Board of Supervisors. Obviously it is better to have influence with 11 Supervisors than with just one Little Supervisor, that is common sense.

And now in San Francisco, gays have the golden opportunity to elect at least one, more likely two gay Supervisors, citywide thus giving to us the political power we need. One puny little district rep isn’t doing us any good at all.

So, when November comes about, the smart person, the one who would rather have $11 than $1, will vote NO on Proposition N! Keeping citywide elections offers us the opportunity to once again influence all 11 members of the Board of Supervisors. This way we are not stuck with a La Dbrain Supe for four long years.

In November if Proposition N is defeated, we may well have either David Scott and/or Harry Britt on the Board of Supervisors. That is real gay power, not just a district supervisor.

And the Board may have an Asian, and a Latino with citywide elections. Vote NO on Proposition N.

SILVER SEEKS TO HALT DEMOS....

Supervisor Carol Ruth Silver, has introduced legislation which would ban “sidewalk demonstrations” which is a complete violation of the U.S. Constitution which allows freedom of assembly. The Silver measure which she and Supervisor Ella Hill Hutch have placed off calendar until after the November election, would force anyone having a sidewalk march or demonstration to gain a permit from the police.

Silver, whose measure is one of the most fascist ever introduced on the Board of Supes, told the S.F. Crusader that she did so to halt the sidewalk marches and demonstrations in the Mission area by the RCP (Revolutionary Communist Party) and the CWP (Communist Workers Party). When the editor confronted her about the effect this would have on personal freedoms, she sidestepped the issue, but did not object to having the measure continued before the Fire, Safety and Police Committee of the Board of Supes. Silver, whose particular brand of fascism has endeared her to many gays, is supported by many gays.

“Will there be the flash of light and heat that rips us apart one night while we are screwing or crapping or reading the comic strips or pasting blue-chip stamps into a book? Instant death is nothing new, nor is mass instant death new. But we’ve improved the product: we’ve had these centuries of knowledge and culture and discovery to work with; the libraries are fat and crawling with books; great paintings sell for hundreds of thousands of dollars; medical science is transplanting the human heart; you can’t tell a madman from a sane one upon the streets, and suddenly we find our lives, again, in the hands of idiots. The bombs may never drop; the bombs might drop; eeney, meeney, miney, mo.”

ED LAWSON...He Cares

In his short period on the Board of Supervisors, Ed Lawson has shown himself to be a distinctive, independent-minded man. Seldom has a person been elected to the Board of Supervisors who has put his stamp of approval on Ed lawson, a man who has shown that he is able to deal with the complex problems of a city with such diverse groups and problems at once, and who truly need him in that for a full four year term. November 4th, vote for Ed Lawson.

STONEDAWL but good!
The Stonedawl Democratic Club voted to endorse President Jimmy Carter, and while it did not endorse Congressmen B. J. Anderson's independent candidacy, they reco­

endorsed Anderson to his membership and the gay community of San Francisco.

In other actions, the Club denied supervision John Molinari's endorsement, they reco­

nended Anderson to his membership and the gay community of San Francisco.

The group did endorse David Scott for Supervisor, but denied an endorsement to Richard Hongisto.

The paper is published every other week or so, and we welcome all inquries and com­

ments.

**KING LEAR**

The Berkeley Shakespeare Festival, which began producing the Bard's plays in John Henkle Park four years ago, is now drawing sold-out crowds. The quality of the productions has also improved. The Company now produces one show a year. No need to call the theater; you can buy tickets at the door with a seat assignment. The venue is totally covered, and a good dressing room and dressing areas are available for the actors.

**Dale Elliott**

**Next year theater workers were geared to learn the death of the 38-year-old Eliott, winner of 1979 Critics Circle Award for his performance in the Berkeley Repertory Company production of "The Comedy of Errors." Elliott was found a day after he was reported missing with his car. His body was found by friends at 6 A.M. on Monday, September 8th.

Elliott was highly respected actor. At age 26, he had received an Equity contract to appear in the Berkeley Repertory Production of "The Comedy of Errors." Elliot was found in his bathroom shower. His body was found by friends at 6 A.M. on Monday, September 8th.

RAW COUNTRY" and TUESDAY MORNING WORKOUT are at the Nob Hill Cinema now. Both of them are classics, done by the famous J. Brian. Raw Country is by far the superior film, in fact it has to be the best that J. Brian has ever done. Both of the films at the Nob Hill Cinema are new prints. This assures you of the highest quality film, as in color, clarity, and sound. If you don’t see the men and boys in Raw Country, (Steve Boyd) then you had best kick your self all the way home.

NAUGHTY NAUGHTY! The film reviewer for the brand Barf did another of his self-righteous no-no’s. A couple of years ago he cost the brand Barf paper ads the late Spartan Cinema with one of his comments on the type of people who went to the theatre. A few months ago, he ripped into the Nob Hill Cinema, not about the film again, but "other things." Now brand Barf’s writer has done it again, this time with the Screening Room. Dear heart, I’ve seen comments such as this in your review? "WHAT THE HELL IS THIS WASTE OF SPACE AND MONEY?" star Jimmy West and Nick Romanos. This film, a Beau Janson film, is one that leaves you hungry for men, which is what you really came to see the film for so what more could you ask? It definitely is different, and worth the price.

CLEAN UP YOUR ACT! Never have we mentioned that place on Third Street called the "Faullies" as it has never really qualified as a legit movie house even tho they hold some permits. But the way things are going out in front of that place now, it truly isn’t safe to walk in front of it. Businesses have a certain responsibility to their customers, and the Faullies surely do. Their films are tacky, but the violence that has taken in front of this place could be deadly. Clean up your act and damn quick!!!!!!

"GAMES MEN PLAY" and "SO MANY MEN SO LITTLE TIME" are now at the Screening Room. So Many Men So Little Time" has been in town before and it is a good film. It is mucho mucho! And "Games Men Play" is a first run here with Jimmy West and Nick Romanos. This film, a Beau Janson film, is one that leaves you hungry for men, which is what you really came to see the film for so what more could you ask? It definitely is different, and worth the price.

IN MEMORIUM ......Miss Gay San Francisco, I, Toni Lopez - June 29, 1949 - September 26, 1979 _ !

Toni Lopez, the first Miss Gay San Francisco, and the first Miss Coitillion, was taken from us by a most violent act by an unfeeling person, depriving us of this good and kind person’s presence. The picture below was taken at the Plaza Hotel of the coronation of her predecessor, who act out various fantasies. Tress gives to us what has to be his best.

Arthur Tress obviously has some far out ideas of art, but the subjects are so well done that you don’t really dwell much on the bizarre side. His style in photography is unique, to this writer, for he has used methods that I have not yet seen, and they are dazzling to say the least. Tress has written, "What my photographs are about, and what I think homosexuality is for me and for male sexuality in general, is power—power relationships and power exploitation in both negative and positive ways.”

Tress is also the author of "Songs of the Blue Ridge Mountain" (we have not yet read this one,) and "Shadow."
