KIDDING!" Where are the cops when being are being robbed, beaten, stabbed, and murdered in the Tenderloin? Where???
Residents, merchants, and those who work in the Central City area of the Tenderloin are at the "mercy" of the hundreds of thugs, drug addicts, thieves, and murderers who have descended upon the area from the East Bay which is conducting a hard crack down on the criminal element in those towns and cities. And they come to the Central City, because it is the poorest area of the city and it is the only area where you can get a cheap room, cruddy as it may be. The San Francisco Police Department's only response to the drastic rise in violent crime in the Central City, is to say "We don't have enough men and women." Really? is the response to that typical SFPD excuse for their incompetence. For the residents and merchants of the Central City know that the SFPD has a Vice/Morals Squad that has nothing better to do than to harass gays in the Cen-

tral City and in the Polk area.

Violent crime is up over two hundred percent over last year and most of these go unreported, for waiting for a police car is like waiting for a turtle caravan to pass. Most people do not report violent crimes for fear of retaliation by those criminals who have assaulted them or robbed them. For the SFPD will do little or nothing about protecting the victims.

The District Attorney's Office shares equal blame with the SFPD, as they "make bargains deals" and send the violent punks back on to the streets within a week or less.

In fact, during the nine month administration of both Chief Con Murphy and D.A. Arlo Smith, the crime problem has became far greater than it was under their predecessors, Charles Gain and Joseph Frietas, respectively, and this paper worked for both of their ousters. Police personnel moral may be up, but accordingly so is crime, and we mean violent crime. Physical assaults are a regular sight both on the streets and in the bars of the Central City, but yet the residents and merchants cry for uniformed policemen and women walking the beat in the Central City, goes virtually unheeded.

The Central City Neighbors Association (CCNA) is requesting a hearing before the Police Commission to find out why the police are unable to comply with the requests of the residents for help.

GAY DEMOS GIVE "STAMP OF APPROVAL" TO ANDERSON! ENDORSES FIVE GAYS FOR OFFICE. ENDORSEMENT OF BRITT A REAL SHOCKER TO ALL!

WILLIE BROWN "STRIKES OUT!"
DEMO ASSEMBLYMAN ATTACKED
FOR "PORNO LAW CLIENTS!"
MOSCONE TOPS GYEMANT!

The Barbary Coast Democratic Club, the fourth largest gay Democratic club in northern California, held their annual candidates night on September 22, and made their endorsements on Saturday September 27th, and there were some surprises.

The Club voted to not support President Jimmy Carter by a narrow margin and instead gabe a "stamp of approval" to John B. Anderson and his running mate, Democrat Patrick Lucey. This makes Barbary Coast the second gay Democratic Club to give a "quasi" endorsement to Anderson. The gay Clubs cannot actually endorse a candidate other than the offcial candidate of the Democratic Party and the California Democratic Council (CDC).

Democratic Council (CDC).
Alan Cranston failed to receive at least 50% and thus an endorsement for the U.S. Senate. Assemblyman Willie Brown also did not receive an endorsement either. But Assemblyman Art Agnos surprisingly did, as he is not friendly to the Barbary Coast group at all. The candidate of both the Republican and Democratic Party, Milton Marks got an overwhelming endorsement, as he was on all ballots cast, the only candidate to accomplish that fete.

In the race for judge of the Municipa Court, Phillip Moscone edged Ina Gye-

mont who did not court the Barbary

Coast group. The School Board race found two incumbents getting the nod, Dr. Eugene Hopp and Ben Tom. And two challengers for the four vacancies, Tom Ammiano, a gay teacher, and Tony Ubalde. For the College Board, only one in-cumbent, Charles "Chuck" Ayala got the nod along with challengers, Dr. Tim Wolfred, Bill Valentine and Sal Roselli. And the Club voted a strong NO on Proposition N, as the Club feels that all-district elections is unfair and wants something better and feels that citywide is better until a combination of district and citywide can be reached. One big surprise in the Board of Supervisors race was that the Club endorsed incumbent gay Supe, Harry Britt for the first time ever. Also endorsed for Supervisor was, Terence Hallinan, Ben Hom, David Scott, Quentin Kopp Paul Boneberg, Ed Lawson, Lee Dolson Nancy Walker, John Bardis, and another shocker for this Club, John Molinari who also has been unfriendly towards the Barbary Coasters.

MILWAUKEE Mayor Henry Meir of this Wisconsin city has signed into law an ordinance which bans discrimination against gay people. The bill had passed the City Common Council by a 10 to 6 margin. This law, much stronger than San Francisco's, empowers the Community Relation's Commission to hear complaints and to enforce the ardionerm of the same than t force the ordinance which has up to \$100.00 in fines and 30 days in jail for violators. ristain Krazies/KKK/Nazis are now

circulating petitions to have a repeal of the ordinance, they hope, on the November ballot.

AMENDMENT TO BILL FOR GAY LEGAL SERVICES IN THE U.S. SENATE IS KILLED! A victory in the United States Se-nate came on a 6 - 2 vote in the Senate Appropriations Subcommittee on a request by Arizona Senator Dennis DeConcini (D) that the McDonald anti-gay amendment be struck. Objected to by the cocampaign chairman of the Ronald Reagan campaign for President was Paul Laxalt (R-Nevada) who is the sponsor of the anti-gay "Family Protection Act." Laxalt and Utah Senator Jake Garn (R) voted to keep the McDonald amendment. **Conneticut Senator Lowell Weicker** voted with DeConcini to strike the anti-gay amendment from the proposed legaislation.
The anti-gay McDonald amendment was voted yes by San Mateo Congresssman Bill Royer who has came out strongly against gay rights in the past six months of lobbying by the Moral Majority. The campaign manager of the Royer campaign is Sal Russo who is also the manager of the Dennis McQuaid campaign against John Burton the pro-gay Congressman here. Many gays feell that McQuaid has a phoney campaign in the gay community in order to undercut the Burton campaign and that he is just as right wing as Laxalt and Royer. Burton was the ONLY U. Congressman to speak out again-

HEPATITIS IS DEADLY DRASTIC INCREASE IN SAN FRANCISCO'S GAY COMMUNITY AND WHAT'S NOT BEING DONE ABOUT A SHOCKING EXPOSE!!!!!! Cases of infectious hepatitis are being reported daily in San Francis-

co and almost seven out of ten of them are homosexual persons! does this means that homosexuals are more unclean than other persons? Yes and No!!!!! It means simply this....that the gay lib subculture which unfortunately revolves around bars, where glasses are used greatly. And unfortunately

for for the Frisco Faggot the health laws here do NOT require that bars have mini-steamers which almost gurantee you sanitary glasses (that is, un less your bartender(s) is infected, but that is rare). How does one contact the deadly "yellow peril!" of hepatitis? In a most wide variety of ways, and despite the hysterics of some fag rags, hep is not transmitted by oral anal contact by any greater degree than a person kissing an infected person or by the transmission of bacteria from say a glass.

Food is a most common way of transmitting hepatitis also. So, when a person comes down with hepatitis they should nto feel "ashamed" and become depressed. Just having the disease is depressing enough without allowing others to lay their guilt or fear trips on you.

First off, what is hepatitis.....it means the inflammation or swelling of the liver, the one organ that cannot be reproduced, transplanted or saved Hepatitis as we said before has many causes, the two most common being....DRUGS and ALCOHOL ABUSE! That's right! Those are the two most common ways of coming down with hep. For sexual transmission of the disease, hep caused by viruses is the an important consideration. In some trial blood screening projects at various homosexual clinics national up to 40% of the samples taken show past hep type B disease exposure. There are THREE TYPES OF HEP....one being type A, which used to be called infectious hepatitis, and type B which used to be called serum hep, and a little known viral hep which is still being studied.

The symptoms of hep are similar to those of any other virus caused disease, such as, loss; of appetite, nausea, that tired feeling all of the time, a swelling of the lymph glands, fever, chills, change in sleep patterns, a dark urine, light or clay-colored stools, diarrhea, yellowing of the eyes and skin (thus the name, the "Gay Yellow Peril" (Jaundice). The jaundice is usually the very last of the symptoms to appear and may signal the END of the infection which means that you could have passed it on to hundreds of others without knowing that you had it.

Doctors and clinics (not the VD) can give you a blood test to determine if you have the dread disease or not.

The doctors will consider the results of the blood test, live function blood test together with medical history, slinical signs and past exposure to hep to determine your diagnosis, and which if any of the three types of hep

you may or may not have came down with.

We wish to point out that another "fairy tale" that "gamma globulin" does NOT gurantee you protection against coming down with hep. The shot can give you some protection against type A when given soon after exposure to hep. But it is NOT EFFECTIVE after five weeks. Hep can and does kill. Physically, you never get rid of the viral strain from your blood system, so you should never donate blood. In later years, after having contracted hep, your liver will weaken and thus your chances of having a long healthy life dim, if you drink or use drugs. When contracting hep you should rest....REST!!!! The need for this is great. And of course you will become a virtual hermit for no one will want to be around you for fear of contracting the Gay Yellow Peril. Depression is a part of hep. Should you become depressed, please don't pretend to be the big strong man or don't go to the other lenght and do a scne from Garbo's death scene in "Camille." Recognize that you have a depression to not only yourself but to your friends .With friends, lovers, etc., try to share your and their mixed feelings with each other. Hep has a sometimes terrible effect on relationships. Tell your friends your needs and don't wallow in rejection if your friends don't always respond. And if you think you contacted your case of hep through sexual contact you may become depressed by stewing over who, where, when, and how. You may become angry at a trick, friend or lover feeling they were trashy to give you hep. But please remember two important things....1) the incubation period for ALL types of hep may be weeks long; 2) and persons can be carriers without knowing it. So is may be impossible to trace the transmission to you or from you. These two facts make hep the major health problem that it is. But you must remember the required cries of "UNCLEAN" that lepers had to shout in the marketplace to make others

aware of their health problem...you MUST do the same but in a different way...don't knowingly pass on the Gay Yellow Peril. But when a person has hep....please, judge yourself accordingly. Forgiveness and love are the order of the day and nights.

HEP IS DEADLY....but it needn't be.

Metzger called for the death of all gay people at a rally marked by violence in San Diego. The KKK candidate (Democrat) for Congress in the 43rd District, spoke at a meeting of the San Diego County Central Committee meeting in one wild and violent meeting in which anti-KKKers stormed the meetng to protest the presence of Tom Metzger and his KKK allies. What

surprised most observers was the fact that the San Diego Demo chiefs allowed Metzger to even speak at the meeting. But members of the National Alliance Against Racist and Political Repression (NAARPR) who tried to get in to be allowed to speak, were jumped on physically by the KKK as they left the meeting. The San Diego Police (in support of the KKK Metzger) arrested Deacon Alexander and Robert Duran but allowed the KKKers to walk away from the affair untouched.

One San Diego pig-cop racist claimed that Alexander had a gun in his waistband, and threw him to the floor and of course, no gun, as it was a pretext for the San Diego pigs to attack anti-KKKers and to show the San Diego Police's obvious bias in favor of the white racist Metzger. But one San Diego pig-cop was seen to have tossed a gun in front of the fallen Alexander and then said the gun belonged to Alexander, which was a typical white racist KKK lie.

Metzger crowed about the arrest of Alexander and Duran and had a press conference afterwards stating that the arrest had halted a "communist attack" on his life. In southern California to date, only the NAARPR and the CWP and PLP have conducted open actions against the KKK and Metzger. San Diego gays, who were the target of one of Metzger's most violent speeches to date in which he called for the death of all "queers, homosexuals, faries, fruits, or gays, or whatever they want to call their sick perverted selves." The Metzger statements go unnoticed in the San Diego white-owned gay press, as well as in the Los Angeles white-owned gay press. To date none of the San Diego or Los Angeles or Riverside gay groups have had the courage to stand up to the Nazis and the KKK in this

Similarly the San Diego Democratic County Central Committee has failed to come out against Metzger with a significant anti-racist and anti-Klan statement. Metzger received 53,000 votes in the Democratic Party June Primary, to defeat the head of the Democratic Party in that race. He now faces the Republican candidate who is also very anti-gay.

### SAN DIIEGO GAY GROUPS CONDEMNED BY SAN FRANCISCO GAY DEMOCRATS.....

The Barabry Coast Democratic Club voted a resolution of condemnation of the various gay gorups, publications and businesses as well as the San Diego gay Democratic Club for their failure to mount an effective attack upon the KKK and racism and the candidacy of Tom Metzger to date. Barbary Coast president, Rev. Ray Broshears denounced the nealy all white gay community of San Diego County for their cowardice in dealing with the matter of the KKK. Broshears said in the press release, "It is not enough to simply run your mouth about the evils of the KKK, you must make your presence felt, financially and physically, if necessary.

A great cast and thanks to all for attending the 9th Annual Gay Voters League Candidate's Night, co-sponsored by the Barbary Coast Democratic Club and the Central City Neighbors Association (CCNA')

.....THOSE NO-SHOWS!

At the 9th Annual Gay Voters League, it was great, but who were the "no shows?" Well, first off were those too gay gay candidates, such as Supervisor Harry Britt who had confided to persons who related it to the Crusader that "Harry is afraid to go into events he doesn't have control over!" That's really "great" for a public official!! Then Kevin Wadsworth the carpetbagging gay Republican expressed fears that the liberals would "chew him up and spit him out!" He wishes!! Then Paul Hardman of the Voice did a no-show for he would have had to answer all those wild statements he has been amaking in his paper about his ALLEGED accomplishments. The other gay candidates

aren't even worth mentioning.
The people like Nancy Walker, John Milinari, and Carol Ruth Silver, had they shown, they would have been endorsed overwhelmingly, at least his is what the ballots counted stated...but "no-shows" can't be endorsed. For they show complete and utter contempt for the electorate by their "no-shows" for they could have at least had a rep. Art Agnos was another "no-show!"

Monday night September 22nd, dozens of candidates for office went on stage at the Marathon Ballroom, at the 9th annual Gay Voters League candidates night, co-sponsored this year by the Barbary Coast Democratic Club and the Central City Neighbors Association (CCNA.)

The event was colorful, spectacular to say the least, for the staff of the Ballroom had created a red, white and blue arena, which all the politicians agreed rivaled the Democrat or Republican conventions. The sound by Trondson Sound was flawless and the lights by Ralph Deming of the Marathon was clear and most audible.

There was a full bar for those attending to partake of during the three and ahalf hour event which was never slow and all of the candidates got at least four minutes to present their views to the electorate.

The evening began with Assembly candidate (17th) Paul Kangas of the Peace and Freedom Party speaking. Paul zeroed right in on the current system of government which he and his Party feels are ignoring the plight of the poor peoples, to which many people didn't disagree with.

On behalf of Congressman John Burton who was in Washington his representaive Mr. William Reed spoke to a most receptive audience. Mr. Reed and the Congressman have been instrumental in getting the Gay USO Show back at the Fort Miley Veteran's Hospital again this year, for which the gay community and the Veterans are most grateful.

Supervisor Quentin Kopp spend almost and hour and a half visiting before and after his speech which received considerable applause.

State Senator Milton Marks was an overwhelming favorite of all who attended and who applauded him wildly.

Supervisor Ed Lawson made his points clear on the need for

Supervisor Ed Lawson made his points clear on the need for greater crime prevention during his speech, as did Paul Boneberg a gay, who is also running for Supervisor. Boneberg said that he felt that housing was a first in the list of needs for San Fran-

Charles "Chuck' Ayala a member of the Community College Board seeking re-election, spoke earnestly and clearly on the accomplishments of the Board during his tenure and asked that the voters return him to office. Another College Board candidate, Bill Valentine of the Grass Roots Alliance spoke to an audience that gave his rapt attention as they did Sal Roselli who is a candidate for the College Board.

Phil Moscone, candidate for the Muncipal Court Judge was greeted warmly by the crowd and showed quickly his abilities for the post. He is sharp and quick.

Supervisor John Bardis spent a good deal of the time working the crowd and was enthusiatically received as well. Former Supervisor Lee Dolson, a longtime supporter of gay rights was one of the speakers who spoke also for the need for citywide elections which the gay community supports clearly. Tom Crary, candidate for the 17th Assembly spot proved to be an instant favorite having overcome his shyness that was so prevelent early in the campaign and he worked the crowds much better and his speech let the voters know that he would be an effective voice for the 71th district spot.

Terence Hallinan, candidate for Supervisor got an excellent reception as he spoke of his longtime involvement on behalf of gay rights and civil rights in the bay area.

Ben Hom, candidate for Supervisor wasted few words in saying what he felt had to be done to make the city safer and cleaner. David Scott, a gayman, and candidate, was clearly a favorite of those in attendance and has established his credentials. Nancy Stohl, of the Grassroot Alliance spoke with a loud and clear indictment of the evils of the corporate powers which do hold our city in it's clutches. Another who hit at this was Olga Talamante who burned some ears with her ringing speech. Inceumbent School Board member, Dr. Eugene Hopp and his lovely wife Molly attended, and Dr. Hopp spoke of his early advocacy on behalf of gay teachers being allowed in the system. Other candidates for the shoool Board were gay teacher Tom Ammiano who obviously is a favorite of the voters present. And longtime civil rights activist and strong advocate of gay rights, Tony Ubalde spoke. Tony was formerly at Glide Church during the turbulent days of the sixties and early seventies and who was one of those who "stood up and was counted" on behalf of gay people in those dangerous days.

It was a good night, a night that candidates and those voters in attendance will long remember as a pleasant, colorful and gay

RADICAL RIGHT WING BEHIND THE CROSS MARCHES ON AND OVER CONSTITUTIONAL RIGHTS AND THEIR BANNER IS BORN BY REAGAN AND McQUAID!

Jerry Falwell, Bill Robinson, Ronald Reagan, Paul Laxalt, Dennis McQuaid, and a host of other political and religious figures loom as the neo-nazi/KKK Moral Majority/Christian? Voice in America.

Jerry Falwell, with over 20 million viewers a week on his Old Time Gospel Hour telecast, and Robison with another 9 million viewers on his telecast, together pose the greatest threat to individual freedoms in the history of America, in recent times. Not since Adolph Hitler has such a real danger faced Americans, but this time it does not loom from across the sea, but right here and from the pulpits of America and over the televison screens.

Falwell and his political disciple Ronald Reagan believe that all laws must be based upon Biblical morality, which means, that you do it the way they interpret the Bible, and we all know their way is alot different than most Christians. Falwell, Reagan and McQuaid are hypocrites! For while they blame the Bill of Rights of the Constitution for what they feel is immorality in America, it is this same Bill of Rights they use so zealously to fight any form of gun control or registration. So, they interpret the Constitution of the United States about the way they do the Bible, THEIR WAY!

Christ warned us many times over about treating others as we would want to be treated. He said that this was a new Commandment, to treat others as we would want to be treated. Yet, Falwell, Robinson, Reagan, McQuaid and Laxalt don't feel that this particular Commandment applies to them when they are crusading for their brand of morality in America.

Reagan is immoral! Falwell is immoral! The Moral Majority is an immoral movement in my opinion. You see, morality comes in different shades, shapes and sizes, so if Mr. Reagan and Dr. Falwell want to shout "immorality" when looking at homosexuals, I will shout "immoral" at them for their persecution of homosexuals who are children of God, the same as they are, for it is immoral to deprive the homosexual of their right to live and work in society the same as anyone else. Reagan and his whole crowd are immoral and as fascist as any group in the United States today. Ronald reagan does not condemn the KKK as he should for he is their choice for president. Reagan is the choice of all the immoral racists of America. Reagan is the choice of the fascists of America. The KKK is immoral,

and their choice for president, Roanld Reagan is an immoral fascist and anyone who would vote for such a fascist is just as bad. Too many gays have told me they support Reagan. Well my mentally disturbed friends, the Reagan KKK will kill you just as easily as they will me, or any black person, for when they finish killing off those of us who oppose their fascism, they'll kill you off. Remember that! The KKK believes that the only good gay is a dead gay! A vote for Reagan is a vote for the KKK and the Nazis! rb

despite the out and out lies by brand Braf paper whose editor is being paid to do the P.R. for the dismal 'Bauble, Bangles and Beads" which is a week ahead of Halloween anyhow. Last year that affair, the Beaux Art Ball lost money and was poorly attended, and the year before the judge gave the wrong prize to the wrong winner, dismal and dank is the only way to describe the Tayern Guild/Wally Rutherford production. The price is outrageous too.

ALMOST NOTHING IN THE WAY OF FREE MEDICAL SERVICE FOR THE POOR OF OUR CITY....WHY?

San Francisco's free medical services has dropped almost 200% in the last ten years. Why?!!
Because the medical profession doesn't give a tinkers damn. Because 90% of your doctors are money grubbing pigs who care only about their stocks and bonds and nothing about the health of the poor...unless there is money to be made.

The General Hopsital of San Francisco is supposed to give assistance to the poor. It does, after many hours of waiting, and alot of rude behavior and improper treatment. The SF General Hospital has become worse in the past two years with the outpatient department becoming as demanding about as to whether or not you have Medical or Medicare, or some form of hospital insurance. The fact is, the average poor person, seeking medical service simply cannot get it unless he meets "qualifications which the Silverman ran hospital has establisehd. General Hospital should be free, fast and efficient for all people at all times. The lack of free medical services in San Francisco is a good case for socialized medicine.

The huge corporations care nothing about the poor. Someone soon is going to have to care. In October the Silverman-ran Health Service will hold a workshop for invited guests. The Crusader urges all to attend either legally or illegally and to certainly conduct pickets outside to let them know what you think of their "non.services."

"LEAVE OF ABSENCE" NOW PLAYING

The Unicorn Stage Company, resident in San Francisco and in the Central City's Tenderloin for nearly three years, appears to have a hit production in "Leave of Absence." The CRUSADER has not yet reviewed it but the reviews in other publications seem to indicate that this tiny theatre group has at last "arrived."

"Leave of Absence" is the west coast premiere of Stephen Foreman's drama of self-realization. The play is directed by Kevin Wm. Meyer, and plays through

Robert Rosas, plays the disillusioned professor. He was in the sad production of "Boys In The Band" over at the Bedini Theatre Project. Anne Chase plays his wife, she, a founding member of Unicorn.

Roberta Parkinson and Roldan Rene Leyba also have major roles in the production, as does Fred Bald and Marie Kazan-Komarek.

Tickets for the pruduction can be reserved by calling 648-9186.

The Unicorn Stage Company's production of "Leave of Absence" features, from the left clockwise....Fred Bald, Roldan Rene Leyba, Anne Chase, Marie Kazan-Komarek, and Robert Rosas, under the astute direction of Kevin Wm. Meyer.

I AM A CAMERA closes on the 5th. The SF Actors Ensemble presents the Christopher Isherwood play adapated by John Van Druten plays on Friday, Sat and Sun at 2940 - 16th Street. 861-9015.

Theatre Rhinoceros, flushed with the success of their current production "FOREVER AFTER" will open one week after "Forever After" closes on October 19th, with a new production on the 23rd, called POWER LINES! Power Lines by Joel Schwartz, features David Baker, Alan Herman (one of the stars of Forever After) Lauren Anne Hewitt, and Virginia Lombard. Seems that the two gays and two lesbians get themselves locked in a walked in refrigerator together. Sounds cute!

THE WOODS by David Mamet, opens as the Eureka Theatre's first fall production. According to Lorri Holt-LeGrand there are still seats available for this production which stars Rise Walter and Gregor Wagrowski. Julie Herbert, director, was with the production of Vinegar Tom which won acclaim. She was the producer of the Eureka's popular but tacky "Midnight Series."

The Moving Men Theater Company opened with a dud.... "Double Vision out at the hard to get to, Marina Theatre at Fort Mason. Save your time and money on this one.

Sad to hear about the closing of Peter Donat's "Spaghetti in Tugboats" a very "in" theater production about the dramatist Anton Chekhov, at the Little Fox Theatre, this week (maybe two). If it is still playing at press-time call for seats, for it is an excellent play and Peter Donat's acting is flawless. 362-4430.

The New Zephyr Theater on Mission Street is a tacky place, which is not a real theatre no matter how you stretch it. It is too close, too cramped and definately not for public assembly. You almost suffocate and can smell everyone's armpits. Ugh! The Fire Marshall ought to look into this tacky place. We will not go there again until they have made the place halfway decent to breathe in.

Coward is Champagne

That sparkling revue, starting its second year on California Street, used to be called "Coward! In a Cardboard Cup...." but the Coward has now become "Champagne," and there are new songs (some by Cole Porter) new dances and new dialogue to give the show a new lift (as if it needed it, for heaven's sake!)

Anyway, the direction is still by Kirk Fredrick, and the three genial performers (who work together like clock-work and than whom there are no better in town) remain Scott Rankine, Lynn Eldredge and Richard Roemer, doing their thing every Thursday, Friday and Saturday at 8 P.M. and every Sunday at 7 P.M. Bill Gundell has added the fresh dialogue and Jean Martin has devised the new choreography, while Doug Trantham continues his fine musical direction. The elegant costumes are by Herman George, and one (just one!) of the thing whichs which distinguishes this show from many others in town is the creative lighting effects by Laurie Manarik.

If you haven't vet seen this revue, shame on you. But it's not too late. You owe it to yourself to go, at least once - - - if not twice, or - if you love it as I do - - - you'll be back with friends, three or four times a month.

Where else will you get a show performed with such style and grace? This is a case where you can NOT get too much of a good thing!

CENTRAL CITY ART GALLERY At Leavenworth and Eddy is the Diallo Art Gallery operated as a private art gallery by Diallo. The art is interesting and warrants a visit.

The Reality Artworkshop is on Eddy just off Leavenworth towards Jones and is operated by Craig Lasha. It is open for all residents of the Tenderloin to participate in. The gallery has given free classes to seniors, Vietnamese, and to blacks in the Central City. Artists of all kinds participate.

None of the paintings are priced and are up for discussion on price, as this is a production workshop, not a commercial gallery. It is a place of sharing and learning the art of paint-

### NOT SO FUNNY GIRL

We can't expect every actress who plays Fanny Brice to better Barbara Streisand. Still, "Funny Girl" is a star vehicle built around the lead ing lady and we have every right to expect the performer who undertakes the part to have enough charisma to carry the show, Pamela Erickson, I

She has a pleasant singing voice and she might be very good in another part. But her clowning as Fanny is forced (too obviously a characterization) and she is unfunny. Her attempts at a Jewish/Brooklyn accent make her inaudible and indistinct for too much of the time she s onstage.

Erickson's performance isn't the only thing wrong with this "Funny Girl." Michael Pulizzano's direction is sluggish and not up to his usual standards. Scene changes are slow, you could drive a truck through uncecessary pauses in dialogue, and the near three hours running time of the production seems interminable.

Moreover, many of the major roles have been cast with singer/actors who are simply too young for their parts. Don Naranjo is a good looking juvenile and sings well, but Nick Arnstein is no juvenile. The role should be played by a man. (Naranjo comes surprisingly to life in his "angry" scenes, but his acting is otherwise stiff and self-conscious! Sally Johnson, playing Fanny's mother, in truth looks more like her daughter. Further, in a part which cries out for moxie and good ole show biz pizazz, she is vocally so timid that a good percentage of her dialogue is completely lost in the cavernous auditorium. (A man seated next to me said that so much of this show's dialogue was indistinct that he understood "Shogun" better.)

Two actors in minor roles do the most professional work. Whenever Anthony Abbriano as Eddie and Richard Tierce as Florenz Ziegfeld are onstage something is happening: they play with energy and enthusiasm and every word they speak is heard and understood. The chorus is also lively. From the ensemble numbers we get an inkling of what this "Funny Girl" could be if somebody gave it a shot-in-the-arm - - - but unfortunately, there seems to be nobody around with a hypodermic.

"Bleacher Bums" which begins Sankowich's first season in the new theatre, is a farce comedy about a group of baseball fans watching a game between the Chicago Cubs and the St. Louis Cardinals. Do you like plays in which nobody has an IQ over 50, and everybody screams and yells? Would you roar with laughter when a dim-witted character spills chocolate malt all over his shirt-front ....? If so, you'll adore "Bleacher Bums." It seems alot of people do like this sort of thing, because the opening night audience was in hyster-ics (Dear God, what TV sit-coms

Direction of this show by Sankowich is high energy all the way. Performers Paula Mitchell, Joey Hoeber, Nick Eldredge, Abe Kalish, Daniel Forrest, Frank Papia, William Bonham and Nancy Fish contribute to this lunacy with a remarkable degree of good humored tolerance. I don't know if they'll do this at every performance, but on opening night (to create the mood, I guess) they gave away free peanuts, which (to me at least) was a mild compensation. Otherwise, see "Bleacher Bum's" at your own peril!

He did not, he had what amounted to a wlak on in a hectic scene outside the 7th and Mission Post Office. He didn't look like a lady or a woman. "Wings" now at the S.F. Rep, ne case of a stroke victim fighting ner way back from the paralyzing rauma of an attack to communicaion once again with the outside world. Michelle Truffaut has staged this battle (originally written for radio) with excellent visual as well as aural effects.

Sandra Cannon plays the: sick woman with strength and conviction. It was supposed to have been a thrilling experience. Friends who have read the script tell me they liked it very much. I was puzzled, therefore, as to why the Rep production failed to stir me emotionally. Was Truffaut's direction perhaps too cautious? DidCannon play with too much restraint, failing to rise to moments which should have been dramatically powerful? Quite frankly, I don't know. I can only report, in all honesty, I remained detached and uninvolved throughout, as did several other members of the opening night audience with whom I talked. If the subject matter of this play interests you, why don't you see cessions to accepted ideas of dramatic it and judge for yourself? Is it just a documented case history, or is it really an unusual and affecting drama?

And the man with all the muscles from the Pump Room kept on pumping that irnon. He was one super muscular man for sure, and he sure knows how to toss that iron around and he must have the strongest ears ever, for he did all this pumping in front of those speakers which drove this reporter back into the bar to flirt with the hunky bartenders, Jim and Michael.
