

Candidate, Terence Hallinan "Dismayed with Supes ...!"

PROP. N CANCELS '81 SUPERVISOR ELECT

The San Francisco Crusader has learned from confidential sources inside the Office of the City Attorney George Agnost, that Agnost had advised Supervisor Quentin Kopp that he should vote to place Proposition N on the November ballot, which would cancel out citywide election of Supervisors and in addition whould give Supervisor Quentin Kopp until 1985 before he would have to run for election again. Kopp who in the District Election form of government, would have to run for re-election in 1981 normally, but if Prop. N passes and negates the effects of the August special election, Kopp would not have to run until 1983. That goes for all the Supervisors in even numbered districts, Ella Hill Hutch, Louise Renne, John Molinari, Kopp and John Molinari. Then the Supes would have come up for election in 1983 have been pushed to 1985, so ones like Doris Ward, Nancy Walker, John Bardis, Harry Britt, and Lawson would not have to run

again until 1985. So if you vote for Prop. N you are giving the incumbent Supervisors free rides for alot of years.

Terence Hallinan, candidate for Supervisor, and a foe of the current method of district elections told the SF Crusader that he was "Shocked and dismayed at the thought of the incumbents getting away with this." He said that he thought that City Attorney George Agnost had best clear this up right now before the election.

Crusader publisher, Rev. Ray Broshears could only moan, "Good grief, another four, or five years of Ella Hill Hutch, even a year is too much!" Well, Ella Hill Hutch would be up in three years dear Reverend Ray. But the thought of Hutch, and Renee being on the Board of Supes has left alot of people dismayed. But as former Supervisor Lee Dolson told the SF Crusader when told of the turn of events, "This should make the people turn out in

large numbers to vote No on Prop. N, and turn the rascals out of office!

The offices of the incumbent members of the Board of Supes had no comment on the matter. But all the incumbents voted to place Prop. N on the ballot so that they could get longer terms in office through this measure.

As of October 14, the polls show that Prop. N could just possibly win. But the latest disclosures about the elongated terms should the proposition pass, should change enough minds to vote No on N

Particularly in district 4 where Ella Hill Hutch is the Supervisor. She has not been responsive to the people of the district, and the passage of N would give her an additiona three years before she would have to run again.

Volunteers needed in the campaigns, call us at the Crusader for office numbers, 885-1001.

ANDERSON DENOUNCES THE RADICAL

John B. Anderson, who has been endorsed by three gay groups and one gay paper, denounced the business of religion and politics trying to mix into the same pot.

Anderson, going into the proverbial "lion's den," the National Religious Broadcasters Association, told them in very loud and clear terms just what he thought of the church becoming a political battle ground.

Anderson said, "In the long run, religion can retain its spiritual authority only if it keeps its distance from politics." "When a peacher becomes a politician, he diminishes the independent prophetic quality of his message."

Anderson let out a heavy barrage against the Roman Catholic Cardinal of Boston who had came out in a pastoral letter denouncing the candidacy of liberal Massachuetts legislator Barney Fran who is seeking to replaced the former Congressman, Father Drinan, who is backing Frank. Both Father Drinan and Frank support abotion rights as well as gay rights. Anderson told Fawell (Rev. Jerry) and the group assembled that "The political marriage of the Moral Majority and the New Right is not one ordained in heaven.

Anderson told the religious broadcasters that insuring the civil rights of minorities, including homosexuals, would be a top priority of his administration.

CHURCH LEADERS ATTACK "New Right" EQUMENICAL CHURCH GROUP ATTACKS

POLITICAL INVOLVEMENT OF CHURCH **GROUPS SUCH AS MORAL MAJORITY.... CHURCH LEADERS DEFEND INDIVIDUAL**

The Rev. Jimmy R. Allen, the past President of the powerful Southern Baptist Convention and now the President of the Southern Baptist Convention's Radio & Television Commission, said that "there is a clear and present danger to the health and well-being of both the church and the state involved in religious and political extremism.

Allen was aiming his attack upon the Moral Majority and the other groups similar to it that are involved in open electioneering this year.
Allen's Southern Baptist body is the largest pro testant gorup in America and Allen's stand is seen and a major rebuke to the Rev. Dr. Jerry Falwell of the Old Time Gospel Hour, and the Lynchburg "Liberty Baptist Church." which Falwell is the pastor of.

Monsignor George G. Higgins of the Roman Catholic University of America, told those at th televised press conference that, "I am disturbed by their repeated and not very subtle emphasis on getting our what they indiscriminately call "the Christian vote." or even more ominously, creating in this country a "Christian Republic." Higgens delivered the strongest attack upon the New Right by a Roman Catholic cleric to date. The Rabbi Marc H. Tanenbaum of the America Jewish Committee (national interreligious affairs director,) said that, "During the past 15 or so months, there have been a number of actions and statements by major spokesmen of this newly tormed alliance of several evangelical Christian leaders and ultra-conservative political organizers which have become deeply troubling to many of us."

The Rev. Charles V. Bergstrom the executive director of the office for governmental affairs of the Lutheran Council in the USA, said that the Council is discouraging members of the Church from "joining or supporting movement which confuse church-government relations and distort the church's advocacy mission in the political world."

"It is arrogant to assert that one's position on a political issue is 'Christian' and that all others are 'un-Christian,' 'immoral' or 'sinful," the Rev. Bergstrom stated. "There is no Christian position; there are Christians who hold position tions."

In San Francisco, School Board candidate, and a minister himself in the Methodist Church, Tony Ubalde said that he applauded the various religious leaders standing up to the religous fanatics of the New Right. Ubalde supports 9ay rights strongly, and did so back when it was unpopular to do so in the late Sixties.

Patricia Robert Harris, Secretary of the Department of Health and Human Services, has charged the Rev. Dr. Jerry Falwell and the Moral Majority crowd with being:"dangerous for our democracy." Secretary Harris further went on to liken Falwell and the Moral Majority crowd to the "moral absolutism" of groups such as the Ayatollah Khome-ini's "religious zealots" in Iran. Ms. Harris stated that she feared America could have an Ayatollah Khomeini who "will not have a

Sundays at 7 a.m. on channel 4, called "The Old Time Gospel Hour." Ms. Harris also charged that, "This kind of overt "us against them" appeal - the "God-fearing" against the "heathen" --- has roots in virtually every generation in American history. At various times it has made victims of Catholics, immigrants,

beard, but he will have a televison program." The Rev. Falwell has a weekly program seen locally on

Jews, blacks, Indians, gays and countless others." Congressman John Burton of San Francisco-Marin too has taken the Moral Majority crowd to task for those opposition to rights for gay people, and charged them with "blatant distortion of the Holy Bible and the Word of God for political purposes," which he indicated were akin to those of the Nazi's of pre-war Germany. It was the ultraright that "embraced" the fundamentalist Bible crowd in pre-Nazi Germany which led to the vicotry of Hitler and later to the persecution of gays

Obviously from the reports, the Moral Majority crowd are a clear and present danger. Not because they are wrong about what they believe, but because they believe that they have the right to judge to judge others wrong in the Name of God. They don't under the American system of government, and God himself never gave that right to the churches on earth before the Second Coming

REV. PAT ROBERTSON PULLS OUT OF THE POLITICAL AREANA.....The Rev. Robertson, who heads up the "700 Club" a vast television network of stations across the land in which he televises a Christian talk-show, pulled out of the Moral Majority political trip, stating that "after much prayer and communion with God, it has become quite clear to me that this is not the way of Christ, that the kingdom of God is not here on the earth and in America,, but in Heaven." I renounce politics in the church."

DR. GENE SCOTT & FAITH CENTER LOSES TELEVISION STATIONS....In a surprise which has made the KKKristian KKKrazies take a second look at themselves, the Federal Communications Commission has revolked the television broadcast licenses of the Faith Center, Inc., of Glendale California which operates KHOF-TV in San Bernadino, and KVOF-TV in San Francisco, as well as WHCT-TV in Hartford, Conn. Only the San Bernadino station has to close down immediately, the others will change ownership later. Scott, known for his profanity on television as he

attacks any and all he feels he are his enemies and for his continual babbling from the Old Testament when he says his church is a Christian church, said the charges against him and Faith Center are "based on lies and sheer deceit."

Those charges are that he and Faith Center refused to abide by the Fairness Doctrine, and as well his most questionable television fundraising tactics and where the funds raised do go to. Scott has denied the FCC any access to docu--ments concerning the operation of the stations. Scott too has denounced homosexuals loud and long over the channels his church owns and has refused to allow gays to rebutt those charges. "When fascism takes control of America, it will use the Bible to do so," said the Crusader editor. "We must be always on the alert to our freedoms, and protect them from the extremes, be they the Falwell's on the right, or the Nancy Walker's on the left."

FEMALE IMPERSONATOR STAR PASSES

The fabulous Adrian Ames has passed over. He was 65 at his passing a wekk ago. In the next issue of the Crusader we hope to have pictures and a full history of this wonderful talent. His longtime friend, and former performer at Finocchios, Harvey Lee informed us on the passing of Adrian.

Adrian was due at the home of his longtime friend, Jimmy, to watch the television film story on ABC called "Marilyn" a week ago, and when he failed to show, Jimmy phoned the police who went to Adrian's home, and there on his bed they found the actress who had died of natural causes. The "Adrian Ames Revue" appeared at the old Follies Burlesque, where was featured with others of his Revue members (including Vicki Starr) in the "Battle of the Sexes" which was when the females and the female-impersonators danced on stage against one another and most often the men in the audience didn't know the difference.

FIVE SLAIN IN ATLANTA MYSTERIOUS BLAST

A school teacher and four black children were killed and dozens injured when a mysterious exlosion occured at a Daycare School in Atlanta on Monday October 13.

Many black leaders felt that it was too early to determine the cause of the blast, but it was said by the Atlanta Police that they believed it to be a boiler - room explosion.

But some Atlanta civil rights activists believe that it was bombed for that southern city has been the target of KKK bombings in the past years and more so in the past month.

Taser Darts ~ "New Police "Non-Lethal"

The San Francisco and Los Angeles Police Depart ments have adopted several "non-lethal" weapons for use by the boys and girls in blue. The "nonlethal" Taser gun - which delivers a thousands volt shock to the victim. As shown above, two of the darts are the size of a quarter. The two darts are fired at a range of 10-15 feet into the victim, and the cops then "subdue" the victim by pressing a button to deliver the jolt, a jolt that could kill someone with a heart condition and throw anyone into violent convulsions.

The Monadnook baton and a new chemical spray The Monadnook is one of the worst of the new "non-lethal" weapons, and is carries by many officers now. The baton has a short handle at a 90 degree angle from the stick which allows the baton to be twirled at blinding speed. These very batons were used by the LAPD against demonstrators at a peaceful May Day rally.

Now, the chemical spray, it is a "super squirt gun" which sprays a stream of "blinding, choking and excruciatingly painful CS chemical" up to 18 feet. This liquid CS chemical is much more concentrated than the CS gas used in Vietnam, and it includes a solvent which strips fatty oil off the skin, leaving the nerve endings directly exposed to the CS and air. The gun can be and has been fatal, particularly to those with respiratory ailments. The first first cop to use this squirt gun was an Officer Kocan, who used it exactly 70 minutes after he was trained. He later bragged that the victim choked and gagged for 15 minu-

Here in San Francisco, several officers, particularly those of the New Right political beliefs, carry what is called the "Hollow Point" bullet. This bullet expands upon impact, ripping apar the victim's guts and causing three to four times as much damage as regular bullets.
In Los Angeles, Chief Darryl Gates says that
a "Hollow Point" bullet would "reduce fatalities." But such has not been the case. In San Francisco, the Deputy Chiefs of Police are in charge of "arming" the police officers with "new weapons" lethal and non-lethal. This means that Deputy Chief George Emil a longtime nemisis of gays and who has increase the size of the Vice/Morals Squad radically over what it was when he was the Captain and now he is able to create an even greater "war" on those groups whom he dislikes.

A CITIZENS POLICE REVIEW COMMISSION To many in San Francisco, the time is NOW for a Citizens Police Review Commission, like the one now in Berkeley. The San Francisco Police Department has gotten totally out of hand and acts as an "army holding an occupied city" as 79% of the police do NOT LIVE IN SF! So a police officer who doesn't live in a town could not have empathy or support for that town and it's problems. Right?! rb

DO WE NEED A "GAY" BANK (SAVINGS & LOAN)? ...A CRUSADING LOOK AT THIS QUESTION!

Near the United States Mint, in a vastly remodled building which used to house a mortuary, a gay-owned savings and loan is taking place. We say, "taking place" for it is still in the early stages, and will not be open until they have met all the requirements needed. To date, they have been chartered by the State of California and, and has been insured by the Federal Savings and Loan Insurance Corporation.

In a recent interview, Ms. Charlotte Coleman, an owner of the Trapp bar at 72 Eddy Street, spoke as if the Savings & Loan were already open, which is untrue of course. But it does show the spirit which the Board of Directors of this first in America, a gay-owned Savings & Loan, have. Ms. Coleman who does own the Trapp, is one of the Members of the Board as is Ray Herth, who is a realtor, and has an excellent background to give one a good feeling about Atlas. Jon Kline, is the financial planner, and has an excellent background for the Board. Luc Pelletier is the owner of the Le Domino dinner-house in the inner Mission and is regarded as another sound person in the field of finance. William "Bill" Sutphin, is into real estate development. Robert Wharston is another financial planner and for the Atlas S&L. The the owner of the Deluxe, a Haight Asbury bar, is a Board Member. The president of the Board is insurance agent, John A. Schmidt.

In looking into the soundness of the S&L, the Crusader can only tell from what is on paper, and it is looking good! From experty opinion, it is expected that the nation's first gay-owned Savings & Loan bank will make a go of it, and to buy shares in it seems a wise move as of this time ...only one reservation we really found is, that it is hoped that the Atlas will stay out of politics, something some Board Members dabble in.

Nancy Walker & Margo make war ON DOTNO GAY ECONOMI POWER THREATENED BY

The industry of male erotica is threatened by the women's lib forces of feminists who seek to halt the production and sale of what is called "porno-

The issue first arose some weeks back when the head of "Coyote" an organization of and by Ms. Margo St. James who came to the forefront of the San Francisco scene some years back with this alleged "union for prostitutes." But as it has faded, so has the popularity of Margo St. James. Now she too, like former Black Panther. Eldridge Clever, has turned Republican and is now busy trying to close down the porno indus-

try in San Francisco. She has allied herself with some strange "bedfellows" so to speak, such as the Rev. Dr; Jerry Falwell of the New Right-fanatics, Moral Majority who also seeks to shut down the porno industry in America. And along with Ms. St. James here in San Francisco is Supervisor Nancy Walker who has much gay support (most of whom do not know that Ms. Walker seeks to halt and close the porno businesses here.)

Ms. St. James is seeking to close down the Erotic Theater in North Beach, a het-house. But yet in a letter to the Crusader, she made it confusingly clear that she is merely anti-porno, all porno. This places her in the same "anti-porno boat" as the Rev. Jerry Falwell and Supervisor Nancy Walker. Falwell is a New Rightist and Walker is a New Leftist/Feminist. Ms. St. James is a New Cause-seeker, apparently.

How far Ms. St. James will go in her bid to halt the porn industry here is unclear, but some of her old time political allies such as Assemblyman Willie Brown who is also the attorney for several porno clients of his and his law partners, may be a bit shocked at Ms. St. James new-found-antianti-porn-morality.

But in fairness to Ms. St. James who is not fair to the gay community with her anti-porno war, we re-print her letter, slams and all for you to judge who should be shut down, porno or Ms. Margo St. James and Coyote:

Ray Broshears: As a journalist you should check your facts, especially if they're about another journalist. As a messenger of God (sorry Margo,

you are NOT talking about me honey, I'm no Jim Jones!) you should be forgiving me, but you are a fortunate sexist. I ask no forgiveness. However, Republican me is going to inform uninformed you, I am not working for or with the

A 14 year olds' relatives came to me several months ago and were concerned with herworking at the Theater (Erotica). ... enough said since

I'm not involving the young lady.
I then protested the licensing of the Theater, something Susie Banducci had done several years before ("since when did Ms. Banducci get the right to pass moral judgement upon what one can or can't see, dear Ms. St. James?") collecting 3,000 signatures against this type of operation. They called them encounter parlors then. The police gave them a license anyway ("as they were required to do by the new Feinstein Porn ordinance my dear Ms. St. James, they were "grandfathered in!") with the stipulation that the private booths would not be used. The private booths are the dry hustle where the men are conned out of their available cash and then tossed out ("tossed? out my dear Ms. St. James??? f so, then this would be a violation of the law,

and how comes no complaints about this physical attack(s) have been made to the SFPD??)" There is not sex like there is in the private booths of the gay baths ("ahh ha! you are one of those putting the SFPD "heat" on the gay baths my dear Ms. St. James, and we shall keep this letter as evidence of your misdeeds against gay men!") This is simply the pimping of young girls who receive little of the money and generally move on into prostitution when they become too old to the customers who main demand is for variety. I have been fighting the cops in their raids in the massage parlors, (but not Ms. St. James, on the gay escort services or on the gay baths, have you Ms. St. James????) but I am now launching an offensive against the licensed pimping which gives the Vice sitting ducks to pick off any time they please ("evidently the owners of the businesses don't agree with you that they are "sitting ducks"?). I agree with you, escort services and the like make life a whole lot easier for the hookers. but the prohibition against the work and the legalization of the porn advertsing ("in the gay papers Ms. St. James? you sound like Nancy Walker's aides!") and the third party pimping is the casual factor in the violence against women and gays ("Oh come off it sis!") May I say specifically about the Appeals Board protest. I did not give any evidence to the cops the Board of Permits Appeals demanded ("oh please Ms. St. James, isn't requested more like it? and you did begin the whole thing, NOT the Board!") written evidence and after denying my petition they handed the report over to the cops ("Now don't you tell me you didn't know this was s.o.p.??!!''). Their action allowed the cops to save face and go in the next night and get their own evidence of stipulation

violation. Had I waited for them to do go in on their own, they would have taken another 12 years and then busted the women for soliciting acts of prostitution, not a mere v tion of a civil code. ENOUGH! The letter rambles on and on, and it only repeats itself. But if the "feminists' wish to make war on the porno industry and close it down, then Supervisor Harry Britt ought to give back the \$500 donation from the

same feminist "boat" as St. James and Supe Nancy Walker! Thousands of gays right here in SF are dependent upon the porn industry for their jobs, the jobs which Supervisor Walker's feminists pals wish to close down. And look at the gay rags (newspapers) look at the ad revenue they (we) would lose! Look at the places you would no longer be able to go to if the feminist for-

ces have their way! Some of the self-righteous gay men who are doing the feminist trip had best walke up be fore they have allowed the feminists to destroy one of the gay liberation's oldest economic power bases, the porno business. For when that hard core money is gone, then gay lib is only a step away from its destruction. November 11th, Vote No on Walker and No on Prop. N!

BORING!

Are you as weary as I am of plays, films and TV specials about autistic or retarded children, mercy killings, and people with birth defects or terminal illnesses? Not that any of these are not legitimate subjects for dramatization, but the recent plethora of such themes is beginning to depress me. As I overheard a man at the San Francisco's opening of "Wings" which is about a female stroke victim, "What ever happened to comedy?"

WHOSE LIFE IS IT ANYWAY? now at the Curran Theatre, has its light and amusing moments, but its basic subject matter is ser--ious indeed. Does Ken Harrison, paralyzed from the neck down as the result of an auto accident, have the right to die? Or must he follow the advice of his doctors, who want to keep him alive but cannot gurantee that he will ever overcome his paralysis? Should he go on living as a vegetable, or can he (legally) insist that the hospital remove his life support?

That's what this play is about. Writer, Brian Clark has dealt with his theme from a definite point of view and has stacked the cards so that an audience is inclined to grantt the patient the right to his own decisions. Ken Harrison, as played by Laurence Luckinbill. is charming and intelligent, a witty man with whom we instantly empathize. O course he has the right to die if he wants, we think! On the other hand, the hospital staff (as portrayed by Clark) is, with a couple of ineffectual exceptions, composed of a bunch of authomatons, unfeeling creatures who have little sympathy for the injured man. Therefore, the

playwright has not presented the scientific viewpoint with fairness and conviction. If he had, WHOSE LIFE IS IT ANYWAY? would have been a stronger drama, more powerful and more thought-provoking, because there is really no absolute answer to this controversial question. Clark's play, as it is now being performed, is only partially successful: it poses a question, all right, but its conclusion is unsatis---

Luckinbill, unable to move any part of his body except his neck during the performance, delivers a winning portrayal of the doomed man. Lucie Arnaz, who will take over the part of the patient after Luckinbill has played it here for three weeks, portrays a doctor who is drawn to the patient but takes not position on the case whatsoever. Brooks Rogers plays the medical chief of staff unsympathetically, partly due to Clark's writing, and perhaps partly due to direction and his own interpretation. His Dr. Emerson is almost a monster, comparable to Nurse Ratched in "One Flew Over The Cuckoo's Nest" -- implaccable, immoveable and totally maddening. The noted actor Arnold Moss, who has played many leading roles on Broadway, appears here only briefly, as the judge who attends a hearing in Harrison's hospital room and makes the final decision in the case. If you think WHOSE LIFE IS IT ANYWAY? is a play which will interest you, you can see it at the Curran Theatre, where it will continue through mid-November.

Sad Preview

It saddens me to report that Joe Campanella's cabaret production of SIDE BY SIDE BY SONDHEIM is not as charming and effective at Previews on Geary Street, as it was when his Company did the show recently in Berkeley. For some reason (not entirely Joe and his performers' fault) the sparkle seems to be missing from the revue here in SF, the performers' rough edges are apparent, and I cannot comment favorably on it as I did before. Hopefully, after another week or two, the Company will be in command of the situation, and SIDE BY SIDE will emerge successfully.

The tone of any evenings entertainment is set by the treatment which the customers receive at the front of the house. When my guests and I arrived to see SIDE BY SIDE we sat at our table for fifteen minutes without attention from a cocktail waitress. Finally as did other audience members, we were forced to go to the bar for our own drinks. Then, if you can believe it, after the show had started, and been playing for half an hour, a waitress appeared to move among the tables, blocking our view of the tiny stage as she too orders, made change, etc., and thus distracting everybody's attention from the performance. The man running sound (another house employee) made loud, annoying noises with his equipment. Although a curtain separated the show area from the front bar, much loud talking and laughter carried into the audience from rowdy drinkers, making concentration on the show itself, even more difficult. I truly felt sorry for the performers working against such odds.

This is not the first time that I, as a critic and audience member, have experienced this distasteful atmosphere at Previews. If the house management of this show-bar wants the place to become successful, he is going to have to clean up his act, run his place in a more business-like manner, and learn how to create an ambience which is pleasant for the paying customers. Otherwise I, for one, would never recommend Previews as a place for any musical producing group to book its show.

DOUGLAS DEAN

(Editor's Note: This publication concurs with the views of Douglas Dean concerning the bar Previews. So much so, that effective last issue we cancelled their ad in our paper, as we did not feel that we could carry an ad from a business that has such rude and inconsiderate employees. The owner, however pleasant he may be, obviously has little experience at operating a theatre-bar. Rudeness is never good, in or out of theatre. rb)

Galileo Galilei (Brian Thompson) instructs his pupil in Bertolt Brecht's GALILEO, the season premiere of the Berkeley Repertory Theatre in Berkeley. Call 845-4700 for further information.

Galileo O.K

The Berkeley Repertory has opened its new theatre at 2025 Addison Street in Berkeley and while I can't agree with the Company's claim that this is "the most exciting event of 40 years of Bay Area theatre" it is certainly a notable landmark. The new house is attractive, spacious, and each of the 400 seats provides an excellent view of the circular stage.

Bertolt Brecht's GALILEO, now playing starts the Rep's 1980-'81 season. It's a good production of a play which has never been particularly popular with audiences. Even the Charles Laughton production on Broadway in 1947 was not a success. While director Michael Leibert; has used the new theatre space very well it seems doubtful that this version of GALILEO will be any more of a triumph than others before it. Brecht's telling of Galileo's tale provokes mild interest but has little dramatic conflict and is never very compelling from a theatrical standpoint.

The level of acting in the Rep production is uniformly good. Brian Thompson plays the title role with energy and enthusiasm and he: receives good support from David Booth, Barbara Oliver, Roberta Callahan, Paul Laramore, Don West, Tony Amendola, Richard Rossi, Charles Dean, and Soren Oliver, among others. GALILEO plays Tesdays through Sundays until October 26th. For reservations call (415) 845-4700.

GAY MAN NAMED TO BERKELEY POLICE REVIEW COMMISSION!

John Farrell, an openly gay male has been named to the Police Review Commission of Berkeley California. Farrell, 26, has worked in past campaigns for Supervisor Harry Britt as well as in the defeat of Prop. 6.

LESBIAN POLICE COMMISSIONER GIVES AWARD TO MEN FOR CATCHING A GAY MALE FOR HAVING ALLEGEDLY MOLESTED BOYS.

San Francisco Police Commissioner Jo Daly was one of the Commissioners who gave two men an award for "heroism" for having allegedly caught Charles "Chuck" Christman in the act of sex with two young boys in Golden Gate Park. The reason why they are being called "heros" is unclear at this time, for the boys had been "doing it" according to reports, with Christman before. So where is the heroism in being a police snitch? Maybe these two work with the other police snitches, Bobby Graham and Bob Benny, to mention but two of the vastly growing number. The two heros live just off Market in a most gay neighborhood!

GAY COP "MR. CASTRO" CONTEST WINNER...

Billed as "King Klone" in Blueboy magazine with a picture of himself (big basket!) standing on Castro street, in his tank-top and levis, is a member of the San Francisco POLICE Department by the name of Randy Taylor. Randy is a gay-pig! And he says he was elected as "Mr. Castro" due to his support from the lesbians... (see story above).

Police Officer Taylor is a member of the Harvey Milk Gay Democratic Club....hmmmm! He says he wants to be Chief of Police. Hmmmm! Well, this upfront gay cop who enters body contests and is a feminist, is obviously just the type the SFPD needs for their dirty work against gays in the city.

I wonder if he is the "new" Vice Squad cop who is gay. You know, Hitler could have never did what he did to the Jews if he hadn't of had Jews to help him...well? Think about it!!!

The "free" papers are protected under the laws of the City and County of San Francisco from such acts, and now the SF Crusader is the first to have a

Enough said on this matter...but as the probation department handles the case and the prosecution by the DA we will keep you abreast.
