John Burton was there!

JOHN BURTON APPEARS BEFORE THE HOUSE COMMITTEE HEARINGS ON THE NATIONAL GAY RIGHTS LAW!!

BUT WHERE WAS "BIG Me?" EATING LUNCH AT A BIG BUSINESSMEN'S LUNCHEON DEBATE, OF COURSE!

John Burton was there! John Burton always been there. He was there, in Sacramento helping to pass the first gay sex decriminalization bill back in the early '70s, and he was there when gays marched from San Francisco to Sacramento in 1971 marching with us. He was in Washington speaking to gays at the first ever gay national rights rally in the nation's capital. John Burton helped to bring about the first ever gay pride parade in 1972 when some city officials were balkin but he, John Burton interceded on our behalf.

John Burton has always been there when gays have needed him, and he is hoping that gays will be at the ballot box voting for him on November 4th when he needs us most. Gays owe John Burton alot, and voting for him on November 4th is one way of saying "Thank you John, for being there when we needed you!" Oh yes, his right-wing Republican foe did not testify, he was eating lunch. rb
RIGHT WING FOE seeks to oust BURTON

"BIG MAC IS A JUNK POLITICIAN!" "BIG MAC USES 'MORAL MAJORITY' MONEY TO TRY TO DUST THE BEST FRIEND GAYS HAVE EVER HAD IN POLITICS, JOHN BURTON!"

The slightly chubby attorney from Navato, home of the San Francisco Police Department officers and their families, who is seeking the help of radical right wing and oil interests money to defeat John Burton this fall, told John Fogerty, the SF Chronicle and others in this newspaper correspondent that "Special interests are great. God bless special interests. They are the ones that really participate in our government!"

The "special interests" that "Fat Mac" is referring to was the Texas and San Francisco oil interests who gave him $7,500 to help defeat the pro-gay John Burton. Burton had opposed the efforts of the oil companies to do oil exploration in the Point Reyes National Seashore, thus saving the environment for the people. Burton's successful battle has earned him the underlying support of those in the oil industry.

The extreme right-wing ultra-conservative Committee for the Survival of the Western Civilizations (the "Fat Mac") has spent $2,000 from the lumber industry. McQuillan has virtually "bought" the oil papers with his lavish spending for ads in them.

"The Big McQuillan!"

CHIEF MURPHY VOWS TO CLOSE UP PORN SHOPS & GLORYHOLES

TALK SHOW BROADCAST REVEALS CHIEF FOR SUPERVISORS: "IT TOOK 10 YEARS TO CLOSE UP THE PORN SHOPS & GLORYHOLES IN THE CENTRAL CITY (TENDERLOIN!)

The SF Chief has a tape of the KGO Radio broadcast of October 14 Ron Owens Show during which the Chief of Police, Ron Murphy said of the plans to close all the porn shops and gloryholes in the Tenderloin area. ANTIPORN TASK FORCE FORMED: Already in the forming stages is a Task Force of the San Francisco Police Department, the District Attorney's Office, and other City Agencies, which will map out strategy to close down the growing number of gloryhole shops in the Central City area as well as all the gloryholes in the Tenderloin area.

COPS FOR CHRIST: Murphy was asked by a ferocious right-wing supporter if he was going to "close down porn shops and gloryholes in the Tenderloin for Dianne Feinstein's sake." Murphy was non-committal. The Right-Wing FOE for Dianne Feinstein's sake.

But in the end, Murphy replied that he had met with the Cops For Christ (Fat Mac) at the police station, and they had expressed their concern about the morals of San Francisco, they talked about all kinds of business, and Murphy talked about everything in general.

They are a close group of people who are concerned with the morality of San Francisco. What kind of people do they feel are the people who are going to vote for them? Murphy has told them that he doesn't think of all of them as ideal people, but he will try to work with them, and raise a family in the Tenderloin. And we're going to try to make it better, I get a lot of feedback for this, but we've got a lot of porn shops and gloryholes in the Tenderloin. We're trying to close them down. We've got a lot of sheep people that are nothing but boilers and Gloryholes. We're going to try to clear the streets. We're going to try to clean up the streets.

New Protection for Renters...more is needed!

621-RENT is the phone number of the Residential Rent Stabilization and Arbitration Board. This body, appointed by anti-rent control, Mayor or Diane Feinstein, announced that tenants in San Francisco can ask the board to order a new rent. But, there are some rules which slow down the actions of the landlord in this area. For it has been determined that the landlord must measure the property costs for six months before passing them on to tenants and must notify tenants of any increases or decreases in their (landlord's) utility bills.

The Helping Hands Services has been receiving reports that some apartment building managers and owners have been going into tenants apartments, (without landlord permission) to determine if the eviction is based on legal grounds. For it has been determined that the landlord has the right to exercise them...is what the landlord has called the "routine inspections."

If you or others also, give us a call, and we will evaluate your call and have a worker give you a call or set up an appointment for you.

The Central City Hotel Fire Tenderloin: The Hurley Hotel, home of numerous saloon keepers, on Loppersmarkt at Turk, was burned in a two-alarm blaze on Saturday, October 25. Senior activist Jean Mellor lives in the building. Less Rosa has been burned out and help for her is needed. Call us at 885-1001 if you can help any of the seniors who were burned out.

London Theatre
A Report by Douglas Dean

Douglas Dean has just returned from two weeks in London. Following is a report on what’s happening in the most exciting theatre city in the world.

The hottest theatre ticket in London right now is to the play that Howard Brenton’s “The Romans In Britain,” which includes comedic nudity, sexual assault, male, and homosexual rape. The Greater London Council gave the National Theatre $18 million to produce, but when the National Theatre received only $7 million, it was forced to cut costs. The play, which has the label of a play that is more than a story, has been heavily criticized by the London press, including The Times, who has called it a new play that is “more than just an incident.” In fact, the Times has reported that the National Theatre has been forced to cancel the play at the last minute.

Meanwhile, at the Old Vic, Peter O’Toole’s “Boxing Day” is a huge hit. The play, which is about the life of a boxer, has been called the best play in the world. It is now in its 10th year, and it has never been more successful.

The other big hit in London is “Sugar And Spice” by Nigel Williams starring Cleo Laine and Daniel Day-Lewis. The play, which is about a group of children in a nursery school, has been called the best play of the year.

Several American musicals, including “Ain’t Too Proud” and “The Book of Mormon,” continue to please the audiences. “Ain’t Too Proud” is a musical about the life of Motown, and “The Book of Mormon” is about the life of a Mormon family.

Tip: “The Dresser” starring Kevin Kline and John Lithgow is a must-see play. The play, which is about a stage manager and an actor, has been called the best play of the year.

If you’re tired of political brochures that tell you what some candidate is going to do for you... take a look at what our neighbors say about JOHN BURTON.

CONGRESSMAN

JOHN L. BURTON

U.S. REPRESENTATIVE for the 5th District of California, was first elected to the 93rd U.S. Congress in a special election on June 4, 1974, and has been re-elected to each consecutive Congress by increasing margins. He currently serves as Chairman of the House Government Operations Subcommittee on Government Activities and Transportation and as Chairman of the Select Aging Subcommittee on Retirement Income and Employment.

Before his election to Congress, John Burton served as a California State Assemblyman from 1965 to 1974, authoring and engineering the passage of important legislative milestones in social services and urban development. John was raised and educated in San Francisco public schools, received his B.A. from the University of San Francisco Law School in 1960, and served in the U.S. Army from 1964-66.

John Burton has, over the years, established a clean record as a leader of the gay community. As a champion of human rights, civil rights and equal justice for gay people, John has worked for the gay community both in Sacramento and Washington, D.C. In the State Legislature, he served as an outspoken advocate of gay rights and sponsored legislation to recognize that gay adults and gay entering the radioactive waste dumping which is a measure of our success in achieving liberty and justice for all.

While sponsorship of this legislation is critical, it is really some of the other, less visible ways that you have assisted the struggle for justice that we want to thank you for at this time.

Your willingness to assist us by sending letters to the Democratic National Platform Committee in support of including the national gay/lesbian civil rights legislation and of H.R. 6937, which would end the outrageous immigration prohibition against gay people, has, of course, been deeply appreciated. While the struggle on these issues will probably be a long and difficult one, we are confident that we have made substantial progress on these issues.

JOHN L. BURTON

The Honorable John L. Burton

Washington, D.C. 20515

Dear Congressman Burton,

We are writing to express our deep appreciation for your efforts in support of equal justice and civil rights for this nation’s lesbians and gay men during the 96th Congress.

Your co-sponsorship of H.R. 2074, the national gay/lesbian civil rights legislation and of H.R. 6937, which would end the outrageous immigration prohibition against gay people, has, of course, been deeply appreciated. While the struggle on these issues will probably be a long and difficult one, we are confident that we have made substantial progress on them.

FILM REVIEW:
LEE MARLIN "ARRIVES"........this well built ing at the Nob Hill Cinema, 729 Bush (see ad great credit, but now with his role in the "Boys of Venice" seems to work hard at that are not burned out looking from drugs he does on screen is him...it is what he enjoys when an actor has to "act" at having sex, he is a total washout (you hear that Dean Massey? Guy daSilva is a stallioni 'Nugh said! Will be alot better with a couple more films Derrick Stanton has an interesting role, but he helps to make this film such a thoroughly enjoyable film and he too is well hung.

The color in this film is excellent for the toilet itself!
