3,000 PROTEST GAY DEATHS

COORS BUILDS FASCIST EMPIRE

JOSEPH COORS CONTINUES WAR ON "LIBERALS", GAYS, ETC.!
Old Joseph Coors, through his Heritage Foundation and six other extremist New Far Right groups, including the Rev. Jerry Falwell's Moral Majority, has contributed more funds than almost any single individual in America, to bring the defeat of all gay rights advocates he can. U.S. Senator Gary Hart of Colorado was targeted for defeat by the Joseph Coors New Far Right organizations, but Hart, by some electoral miracle survived the "Night of the Burning Bibles" (November 4th), and was re-elected. But Coors was most successful in defeating other legislators who have supported gay rights legislation. But according to an aide to Hart, "He will be more cautious in dealing with the gay community in the future. This was just too close. We got the message loud and clear."

This is one effect that the Falwell and Coors combine has brought about. The victories they did bring off, has intimidated those pro-gay politicians into becoming less pro-gay, if not neutral. And this holds true for the Congressional elections come 1982.

Coors and the Heritage Foundation in just four short years, have become one of the kingpins of American politics. Joseph Coors is listed as one of the six most influential men with Ronald Reagan.

NEW YORK: An anti-gay bigot who killed two gays in Greenwich Village, and wounded seven others, has been arraigned on two counts of murder. Ronald Crumpley a former transit authority policeman, told the court that he "hated faggots." The reaction to the shootings on West Street, just north of Christopher Street, were swift and most angry, as three thousand gay men & lesbians took to the streets in a candle-light march and protest. The protest found signs with slogans such as......

"We're Not Afraid!", "Stop Terrorist Violence Against Gays!", and "Black & White Together." The chants of "No more murders!" and "Gay Rights now!" They were heard throughout the Village area in protest to the Moral Majority induced violence against gays in New York City.

People were seen all along Christopher Street, speaking in hushed but angry tones of the growing KKK/Nazi menace across the land, and of the terrible murders of the Black children in Atlanta and of the killings of Blacks in Buffalo, and Salt Lake City.

Gay people in recent months have become in the last year or so, a target for the hate-mongers of America, along with Third World peoples, Jews, and communists.

The U.S. is becoming a nation where hate-mongers and puppets of the government like the KKK and the Nazis can go around conducting vigilante action/murders at will. The murders of these gays is not an isolated phenomenon, for Hitler, as an example, conducted a savage persecution of gays in Nazi Germany, sending accused gays to the gas chambers wearing pink arm bands.

The Nazi leaders used homosexuals as scapegoats. And today in the U.S., undocumented workers, Iranians, Palestinians, as well as homosexuals are used as scapegoats.

It is reported that the killer Crumpley had been lovers with a gay man and was angry because the gay man did not cooperate. The killer Crumpley "had been lovers with a gay man and was angry because the gay man did not cooperate." 495-6463

We must assimilate into progressive working class peoples groups and become attuned to the realities of life in the U.S. today. The gay bars, the baths and the sex clubs are not reality, they are tools of the fascist rulers in control and to destroy our individuality and our rural homos. The bars, baths and sex clubs create rot in our society. The bars, baths and sex clubs are used by the FBI and the CIA in counter-insurgency.

The only known event to protest the New York killings was a small meeting in the City Hall.

The bars, baths and sex-clubs create rot in our society. The bars, baths and sex-clubs are not reality, they are tools of the fascist rulers in control and to destroy our individuality and our rural homos. The bars, baths and sex clubs create rot in our society.

The name of Joseph Coors has been appearing in the press as the issue over $100,000 in political contributions to Anita Bryant. The boycott was most effective in the state of Arizona, where the gay community got the better of Ronald Reagan.

The song and dance for the gay community trying to defeat of Congressman James Corman of Van Nuys, California, were effective in the state of California. The latest action was that of the Board of Tavern Guild (which is against unions) and he is currently a supporter of the New Far Right-backed Republicans and Ronald Reagan. The Republicans and Ronald Reagan believe that buying Coors is the best way to support the New Far Right and the moral community. It was noted that the president of Coors, Martin Mull, is a supporter of the New Far Right. Coors is a major contributor to the Republican Party for the elderly of the Tenderloin and the seniors at the Fort Mason VHA Hospital (no gift this year!).

The boycott of Coors has been quite effective, and many bars and nightclubs have stopped carrying the SF Crusader, an anti-homosexual publication and SF Crusader, an anti-homosexual organization. The boycott was supported by the gay community, and those who support Joseph Coors have had to respond to the boycott.

Coors has been offering political contributions to Anita Bryant, and the gay community believes this is a form of support for Anita Bryant. The gay community has been active in opposing the New Far Right and has been successful in some of its efforts. The gay community has been successful in getting Coors to stop donating money to Anita Bryant, and this has been a major victory for the gay community.

A scene from the World Premiere film, "WANTED" at the Screening Room, 220 Jones street. The film stars Will Kiplinger and Al Parker. The film is one of the better films that San Francisco has seen this year. Parker & kite is this film, which is a take-off of the "Defiant One" but here, Steven is "straight" and Parker is "gay" and Parker seduces the "straight" Parker while they are chained together in a ring, after their escape from a chain gang.

It is the Old Crow Area for about 40 years on the corner of Pine and Stockton. Joe's friends have put up signs to see if anyone has seen the remnants. They are now St. Vincent's.
