President Jimmy Carter is strongly supporting a proposal which would allow the IRS to use informants and undercover work are authorized by the Carter proposal. This comes under "Expenditure for information," IRS agents are told that "Many criminal cases investigated by special agents cannot be successfully completed except through the use of informants and undercover work." Agents are instructed to refuse to divulge any information of the IRS operation, under oath. They are instructed to tell the court that the information is "privileged." Just how far the Carter proposal goes is not known at this time, but the office of Congressman George Hansen (R-idaho) has been doing extensive research on just how far the IRS has been going in investigations to date. It was Hansen's office which uncovered the Carter proposals for CUIP.

Carter told the Office of Congressman Price, and says that, "This type unit is necessary in the control of all forms of information. ST. PATRICK’S DAY luncheon for the Old Folks D.L.

THE MESSAGE IS CLEAR. The people of our land are fed up with Carter’s runaway inflationary programs....the people are fed up with a spend-thrift Congress that is talking about cutting a defense budget that has already been cut by 30%....the people are fed up with the welfare cheaters and the bureaucratic rig or! That was the outcome of the vote in New York in which Senator Ted Kennedy soundly stomped President Jimmy Carter, even the Carter was a head in the polls. The same went for Conneticut, in which Kennedy once again up Jimmy Carter. Obviously, with inflation jumping 18% in one month....the people are sending a message not just to President Jimmy Carter, but to the Borton Brothers as well.

George Bush upset Ronald Reagan in Conneticut, but it was clear that the primary is a long way from over. Reagan, that he did not exactly have the nomination wrapped up.

St. Patrick’s Day luncheon at Christ Orthodox Episcopal Church of God’s dining room at 26-76 Street was a festive affair and the food was fabulous. A stroll showed up, to eat a sumptuous banquet cooked by the Rev. Ray Brooks and served by a host of folks including Tessie. Corned beef and cabbage with boiled potatoes was the fare of the day, with a hefty salad of lettuce, red onions, and a bean salad on that along with a dessert of ice cream and tons of cookies, made it two belly fulls and then some. The Ginger Big Joe/Landmark Bingo Machine was not used afterwards due to lack of funds, but hopefully will be at the April luncheon.

A special thanks must go to all the very hard workers, and to our own Chauder (Willie) put it together and served. The Ginger Big Joe/Landmark Bingo Machine was not used afterwards due to lack of funds, but hopefully will be at the April luncheon.

And Jesus with His Disciples came to a country and entered into a house. And when the hour came, He sat down with the Twelve. And with them was a great multitude of people, and they came to him, and they were as sheep without a shepherd. And Jesus said unto them, "Wherever you go, there will I be also. And now in turn, let us see if you can understand what the Church is all about. For now it is time to focus on the deeper meaning of things, and not just on the surface level of what is happening. And so I say unto you, let us not be afraid to ask questions, for the truth is hidden in the answers. And let us not be afraid to seek the guidance of those who are wiser than we, for in their wisdom, we shall find the truth. Amen."

The DELUXE champions of the GSL (Gay Softball League) last year opened this season with a 15-7 win over hapless GILMORES. The Deluxe team obviously stronger than last year's champs but definitely not invincible. Jerry Jensen led his team to victory and is expected to go through the season undefeated with possibly the exception of SUTTERS MILL, who just may knock 'em all off, according to Peter Perry, team manager.

The controversy over "ON THE MARK" being in the GSL (Community Softball League) while being a team of the Deluxe GSL continues, but Deluxe and other GSL players say that it is all a lot of hot air and that they are happy. "when they lose to us, they are happy...

Could you please tell me....why, there is no real base in the gay community! I mean, when I came here, Harvey Milk was a real person, had a feeling for, even those who dislike certain things about Harvey at least respected him and he had just about everyone behind him. But now, is it if the community is like a fired man without a cooler, and Supervisor Britt sure seems to assume an overview—wants to see anyone of the horizons? Billy Jean Tyler
