Editor: With regard to the letter of (35) from "an anti-matriarchal"—the chances are that you were not even born when you read this. Furthermore, the use of the word "anti-matriarchal" is not an accurate description of the issue at hand. The letter raises serious questions about the role of women in society and the need for equal rights and opportunities for all genders. It is important to engage in open and respectful dialogue about these issues in order to promote understanding and progress. Thank you for bringing these points to our attention.

HUMAN RIGHTS... ONE DAY AT A TIME

Theatre Rhino is to be commended for its excellence, especially in its role beautifully etched in the minds of its audience. In his first night in New York, the actor Sharon (played by Phillip Angim) beautifully projects innocence and charm. His character, a young child, is not the best of theatre, but you will enjoy the labor of the players.

**THEATRE TRAILS**

- **Boys In The Band** opened at a westbeth play, 3944 Babylon, and it was lovely. The sound was awful and the lighting was bad, but the one first grade could have done better. It was a "Big Band Theatre Project" and from the way the "project" has been planned, problems are on the horizon. But the players themselves were adequate. Some old faces in San Francisco's gay theatre circles were there in the cast which gave it credibility.

He falls in love with her and she with him but the catch is that the woman is the only one who knows! If you can get a ticket, go.

When Hitler came for the Jews,
I didn't speak out in protest,
because I was not a Communist.
When his soldiers arrested the Jews,
I didn't protest
because I was not a Jew.
When they arrested labor organizers,
I didn't say anything
for I was not in any union.
Then came the Catholics,
but I didn't speak out
because I was not a Catholic.
When they came for me,
I was too late...
No one was left to stand up for

The Christian Church in California, as nowhere else in America, is under direct attack from the politicians and their leftist allies which includes homosexuals. The Worldwide Church of God, headquartered in Pasadena was the first to feel the "sling" of the California Attorney General and is under heavy fire and in danger of being destroyed completely. Other churches, good people too, have been attacked by the Worldwide Church of God's enemy, George Deukmejian, the Attorney General.

This message is addressed to those Christ-haters who want to destroy churches. And the Christians who love their God and want to preserve it. This is your war and you will not lose. The battle continues and the World is a witness. This is the war for the soul of America and the people who want to destroy it.

The Principal of the Le Disque H.S., who calls himself "Methodist" and "Reverend" was arrested the Jews, and was brought to task before the District Attorney. This was not a Controversy, but a Controversy which caused much trouble.

This is your war and you will not lose. The battle continues and the World is a witness. This is the war for the soul of America and the people who want to destroy it.
