Michael Johnson
VERNON JORDAN of the Urban League was hit by the assassins bullet. The ugly head of racism raises its head higher and higher in America to San Francisco, California and is in critical condition. A member of the Klu Klux Klan freedom and equality for all people of all races. President of the United States said nothing, and the United States detested the word of the disgruntled ex-member of a Marxist group and trampled all over the rights of the individuals in the commune. A small child was ignored as the police moved in screaming and dragged her down the steps and out into the streets, ignoring her pleas for her child. A typical fascist attack by the Deputy Chief of Police George Emal who has shown when he was head of the Vice/Morals Squad that human and civil rights didn't mean a damn to him or his "blue protectors.

INSANE MEN RAPE AND BEAT ELDERLY PEOPLE in a Western Addition Home and the SFPD is taking the lowest and silent crime ever committed in history of San Francisco. Good work by Inspector Mike Pears and the SFPD apparatus suspected in the case. WOW! A MALE MODEL IS ELECTED TO A COUNTY CENTRAL COMMITTEE: The Local 29 Party has elected Bill Tomsack to the Libertarian County Central Committee. Tomsack is only 26. The Local 29 movement, as well as the Berkeley Socialists, have already started the "male model" campaign for party leader. The vote was overwhelming for the "male model" with only 25 votes against. A straw poll of the members indicated that if the male model campaign had not been initiated, the vote would have been over 250 votes against the candidate. The results of the vote indicate that the Local 29 movement is making a strong move to re-orient the labor movement towards a more socially conscious posture. UNION DEATHS: Many workers in the electronics industry are at risk of death due to exposure to toxic chemicals. Workers should be trained in the safe handling of these chemicals and proper protective equipment should be provided. Wages are low, hours long and working conditions are poor. Workers should be represented by unions to negotiate better contracts.

JUDICIAL CRISIS: The courts are under attack from the right wing. Right wing activists have been trying to undermine the independence of the judiciary and to ensure that only their cronies have access to the bench. The right wing has been successful in many states in getting right wing judges appointed to the bench. The left wing must fight back and support the judges who are fighting against the right wing. The left wing must also support the judges who are fighting against the right wing.

The poem at the right was done for me by my old friend the dear Reverend Ramona Carrillo. I
first met her back in 1966 and that was one thing that would never happen ever again. Rev. Ramona
come to my place now. And she does have a huge love of painting and writing. Over the years in our
Church newspaper, she has many poems much to the spiritual benefit and we have had the
enjoyment of all this. We have had the opportunity to have many such poems. You know, as we travel
along life's highway, we are blessed to be able to meet people such as Rev. Carrillo who draw us with such
a feeling warmth and that all is right. God sent to us many such a feeling warmth and that

VIOLENCE THREATENED AGAINST PARADE COMMITTEE OFFICIALS BY RADICAL LEFTIST HOMOSEXUALS. MARXISTS SEEK CONTROL OF PLATFORM AT RALLY AFTER PARADE

There seems to be a very real possibility of a riot at this year's Gay Freedom Day Parade due to gay memorials that threaten to take over the platform of the rally after the Parade. The Treasurer of the Harvey Milk Gay Democratic Club, Joe Hay, is alleged to have made such threats in a public meeting of Gay Freedom Day (GFD) officials. He is known as a radical in certain circles in the ultra-liberal community.

At last weekend's special meeting with 15 to 20 members of the violence prone "Stonewall Coalition" (no relation to the Stonewall Democratic Club) some of the loudest mouths there, a Konstantin Berdanskii, who writes for the pro-communism publication called BAR, loudly proclaimed that, "And if I were a member of the Executive Committee (the Parade Committee) and there are no speakers at the rally, I would be afraid to identify myself for FEAR OF MY SAFETY!" Other loud mouths at the meeting who appear to have been a part of the name-calling, anti-freedom of speechers of the Stonewall Coalition were Greg Day of the gay rag from Houston called Upfront America who didn't want any of the networks to receive press passes (denial of freedom of press); Mr. Becker of the Permanents of Day; Lesbians wanted speakers to be heard in South Dakota like she was agin' him; Jim Curly wanted the radical and communistic speakers be allowed, he was in a pic for some fag dentist in the Castro recently; A colinw, a Kirk, and other radical members were present and screaming at the top of their voices. The screaming and shouting tied up the GFD officials, an Official of that group ! and their creation called GFD! "What the fag is going on?" Some wanted speakers to denounce the governments of the United States, Chile, the Phillipines, Haiti, San Francisco, etc. It was a bizzare scene but so typical of such radical elements. But the danger of VIOLENCE and a RIOT booms on the horizon. The radicals are "blackmailing" the GFD into speakers, just as they have done in New York City so far. Whether or not the GFD caves in to these radical demands, remains to be seen.

C.R.I.R.
Republicrats

Once again, the saga of the gay republicans! It is interesting to see how an organization founded to be a legitimate republican group has instead turned into a Communist-Marxist cell, which revolves around the gay life in the Toklas & Milk Democratic clubs to see if there is any common interest in the scheduling dates for their own affairs in city. The base Republican move is to have a fund raiser for Michael Raimo, who is not even a member of the Democracy Republicans and has to fend for himself in attendance as drawing cards. Both Republicans and Democrats claim to be on the right. At the same time, the Democratic Club President, Harry Britt, allows the group to hold a meeting and make their views heard. The same club hosts the president of a Democratic club, which supposedly represents everyone opposite the belief of Republicans, at one of its meetings with gentry's courtesans. One wonders if the Wadsworth fan club claim to continue to be an arm of the Republican County Central Committee or turn around and join the Anti-communist club, which has members shopping and platform jumping, one wonders if a vote of confidence held in secret would really cause an overthrow of the current Republican leadership.
