GOODBYE IRENE/JACK

EDITORIAL:

JACK "IRENE" MCGOWAN BIDS FAREWELL TO SAN FRANCISCO! A GREAT HUMANITARIAN AND GAY LEADER LEAVES FOR CHICAGO, ILLINOIS, IN AN EMPLOYMENT TRANSFER. HIS LOSS TO THE GAY COMMUNITY AND SAN FRANCISCO, WILL BE DEEPLY FELT!

The San Francisco Crusader takes this front page opportunity to bid farewell to Irene, as he is affectionately known in the City's vast Gay communities.

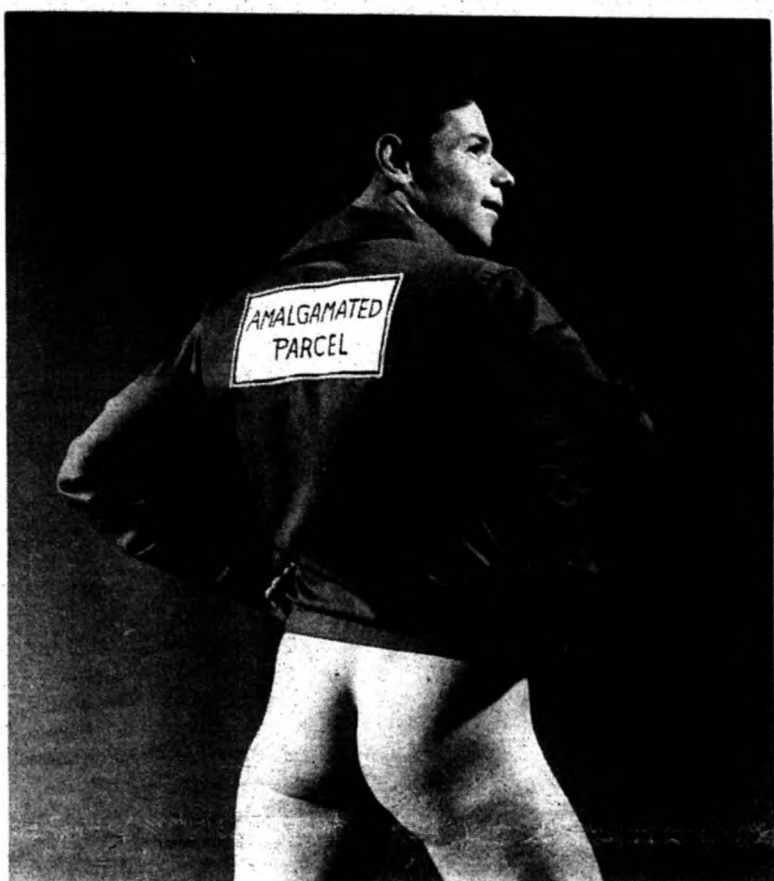

Jack "Irene" McGowan, who is best known for his play in the Community Softball League and the Gay Softball League, has been a tremendous credit to the true spirit of brotherhood within the Gay community. Irene, a really generous person, whose concern for the elderly poor of the Tenderloin and his untiring efforts in raising funds for numerous causes, is a person who all can look up to and be very proud of.

Jack McGowan talks loud, and he is very independent and a person who will not be intimidated by anyone or group. This outspokenness for which he is known, has caused those who "talk alot" while Irene is a "worker", to be at odds with one another. We shall miss him, greatly. We wish him well, and God be with you Irene, always!

You can say farewell to Irene Saturday morning, from 6 am til 12 noon at the Pendulum, in a special fundraiser for the Juvenile Diabetes Foundation. Saturday, January 24th, at the Pendulum. rev. ray

"GOODNIGHT, IRENE, GOODNIGHT"
All will miss this dynamic, warm, kind individual. Our loss, is definately the gain of the City of Chicago. God bless Jack!

BARTENDERS Are "Social Workers"!

SOCIAL WORKING BARTENDERS AT WORKphoto by BILLY & PERRY

**The Nob
HILL Cinema**
729 BUSH 781-9468

Have you ever stopped to have a cool one at favorite pub and suddenly, you found yourself telling your every little problem to the bartender? Oh yes, it is so true. And, alot of us are really not even aware that we do it.

The neighborhood or favorite pub bartender has those "listening ears" which qualify him or her for either a job as a "social worker" or your new "mother." Which ever be the case.

The bartender's job is not an easy one, and I for one, really wonder if they are not deep down, a bit on the "M" side of the "S&M" trip, at least a "mental M", for what some endure would drive me up-the-wall for days! The bartender is a powerful person, in that some have told out and out lies in an attempt to injure someone for whatever reason, but those kinda bartenders are far and few between. For most bartenders are very honest, reliable and good friends (if you can make it that far, for most have learned over the years to not be quick to trust.), just the way you would want your "gay-mother" to be, or your gay "social worker" to be.

Bartenders in the gay community are truly called upon to fill family roles, such as giving out with the advice, and comfort too.

Some of the city's gay bartenders have been on the planks for as much as twenty years (some maybe more) doing the difficult task of bartending and the related chores.

Bartenders often become "bankers" in that some people maybe drink a bit too much and have the bartender hold their funds for them til they sober up and came back. And there are some people who can't handle their own funds and have become so close with some bartenders, they'll have them give them a daily allowance of their own money after giving them their paychecks to cash and to hold.

Truly, the bartender is more than just someone who serves drinks, at least, in San Francisco's gay community. Thanks guys!!! Gals too!!!!

GAY DEMOCRATIC CLUBS TRY "ONE-UPPING" THE OTHER

In what appears to be a show of "I'll prove I'm more liberal than you" display, the Havey Milk Gay Democratic Club has elected a woman as its president now that the Alice B. Toklas Memorial Democratic Club has elected a female president. Connie O'Connor, a Deputy-Sheriff is the new prexy of the Alice group, while the Milkers elected lesbian activist, Gwenn Craig as their prexy. Craig is black, so that puts them one better, one Alice-member told us. Cute, real cute! The other two Demo clubs have male presidents, the Stonewall Demo Club has a straight acting president, Eric Moncur, who was Administrative Vice-President and according to their constitution, became the acting president after Gerry Parker, III, resigned to move to Los Angeles. And Barbary Coast Demo club has Ray Broshears (or at least until the January 24th election). But according to the California Democratic Council's record of affiliations, neither Alice or Milk Gays have as many members as they claim in their newsletters and releases. Stonewall Gay Demos have about 70 members and Barbary Coast which has rules which prohibit anyone who belongs to another Club from belonging, is about 40 strong.

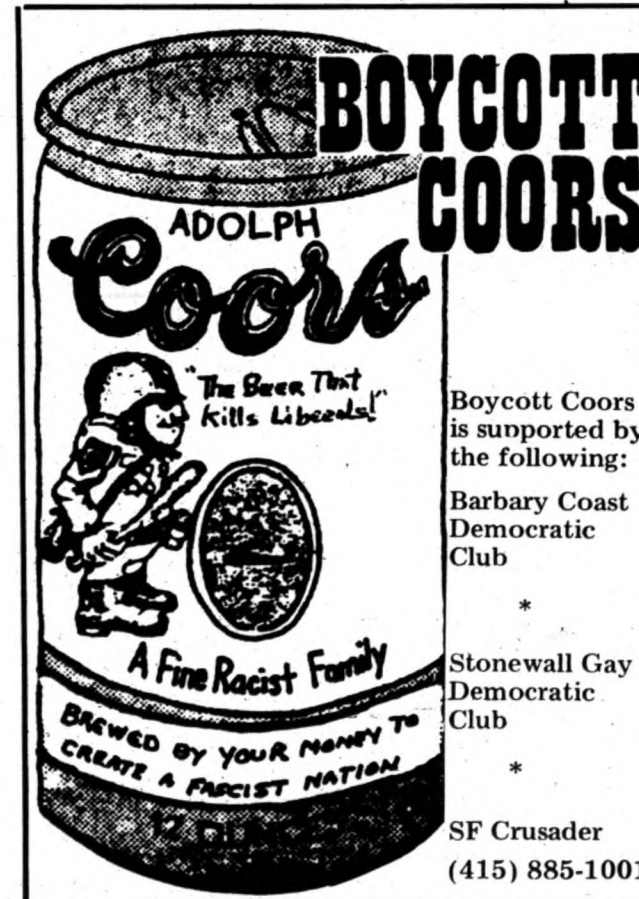

These four San Francisco Gay clubs will be meeting in Sacramento the last weekend in March in the CDC Convention with six other Gay Demo clubs from around the State.

A New Fearless Leader

GEORGE BANDA

SAN FRANCISCO TAVERN GUILD HAS A NEW PRESIDENT.... AND HE'S "STRAIGHT!"

George Banda, the new President of the gay bar organization, the SFTG, is "straight" in two ways in that he is the first non-Gay to hold the post of the nearly all-Gay bar organization, and he is also "straight" in the way he deals with people (no lies, and no double-dealing!).

Banda, who owns the Club Dori and the Le Disque, succeeded to the presidency when the former president resigned under heavy-fire from gays for his heavy political trips and his attacks upon the Mayor, the Chief of Police, and a bar-owner who held two auctions for two Gay-men who were stabbed Christmas Eve.

Banda, is a basically quiet man, slow to anger, and has kept himself apart from the petty politics which have dominated the SFTG for so many years.

And due to his understanding nature, and being a non-political person, Banda is expected to give to the Tavern Guild, a new lease-on-life in the Gay community, and he has proven that he can get along with almost anyone or anything. The San Francisco Crusader wishes him the very best.

LAPD Kills Gayman for Masturbating

Thirty-two year old Juan Antonio Vasquez Chicas, was declared dead, at 9:30 last Tuesday evening due to a blow in his chest by Officer John Santy, 31, of the Los Angeles Police Department, while he and his partner, 38 year old Robert Navarro were handcuffing the 32 year old Gayman for the terrible crime of "masturbation" in Lafayette Park in Los Angeles, where Gays frequently cruise about in. The Officers, took the fallen Gayman to the Queen

of Angels Hospital after he fell to the ground from the blow to his chest by the 31 year old Santy.

The killing of a Gayman for the "terrible crime" of "jacking off" has stunned the gay community of Los Angeles, and has caused Chief of Police Daryl Gates to become "quite silent."

Ken Hickman, a Commander in the LAPD who is the "gay liaison" to the Gay community is "on sudden vacation in the east." LAPD "justice!"

"I TOLD THE COPS!"

PERKINS

LETTER-WRITER & PRO-BUENA VISTA PARK SEX ACTIVIST TELLS S&M CLUB PRESIDENT THAT HE TOLD THE POLICE TO HALT THE CMC CARNIVAL AS WELL AS "81 HOUR PARTY" AT A CLUBHOUSE!

Steve Perkins, who gave as his address, 1226 Haight Street "On Buena Vista Park" admits that he not only wrote the letter to the San Francisco Police Department's Vice Unit in an attempt to halt the "81 Hour Party" at the "15 Association" clubhouse during New Year's first weekend, but that he also told the SFPD to "halt the CMC Carnival" last fall, (for which the CMC and Bay Area Reporter publisher Bob Ross had blamed the editor of the Crusader, Rev. Ray Broshears).

15 Association president, David Lewis said that he phoned Steve Perkins after the Association's 81 Hour Party was over and demanded to know just why Perkins wrote such a letter to the Vice Squad of the SFPD trying to get them to halt the 81 Hour Party. Perkins, according to Lewis, didn't know he was talking to the 15's president and rattled everything off freely, including the CMC admission.

Perkins' letter, had first came into the hands of the Crusader and Rev. Ray Broshears just before the Party was to begin, and Broshears phoned Lewis to warn him of the Perkins' letter to the SFPD Vice Squad. But it turns out that Perkins who has a most active imagination, had some months ago, for whatever reason, sent a copy of a psychiatric report to newspapers (in '79 when he ran for Supervisor in District 5) and Broshears had kept his copy, and as a result, both the 15 Association president Lewis, and Broshears, were able to convince the SFPD that Perkins was unstable and to "ignore his letter." And after Lewis having met with other SFPD officials, the raid on the 15's clubhouse that Perkins had wanted, was thusly thwarted.

Perkins later, told Broshears, that he was "proud and glad" of the letters to the Vice squad. He said that the "south of Market people are evil and want to close down the Jaguar and Buena Vista Park sex." Well, that should tell you a bit about Perkins who has many letters under both his own name and phony names printed in the Bay Area Reporter, the Voice, etc. Truth does win out, obviously, doesn't it my friends.

HANDS OF PALESTINIANS SHACKLED BY ZIONISTS

The mayor of Nablus, Bassam Shaka'a.

DEMONSTRATIONS AGAINST REAGAN HELD.....ALMOST ALL PEACEFUL!

On the day Ronald Reagan became the 40th President, it was a day marred by joy over the release of the hostages and a day that Ronald Reagan got a very clear message that not everyone loves him.

Members of the National Organization of Women created an uproar against Reagan, as did a coalition of groups which the FBI and Secret Service kept almost out of sight of Reagan.

Several activists in Washington report almost terrorist acts against them by members of the Secret Service, FBI and the District of Columbia Police, in "spying" actions against them the days before the Presidential waste of EIGHT MILLION DOLLARS plus!!!

MAYOR OF NABLUS HAS LEGS BLOWN OFF BY ZIONIST TERRORIST GROUP IN AN ATTEMPT TO INTIMIDATE THE FREE PEOPLE OF PALESTINE WHO RESIST THE ZIONIST RULE OF THEIR HOMELANDS!

The picture at the left, tells the tale of how the Zionist government of Begin treats the Palestinian peoples whom they displaced to create the Zionist religious state of Israel in 1948.

Two other Palestinian mayors, Karim Khalaf of Ramallah and Ibrahim Tawil of Al-Bireh were also wounded the the Zionist terrorist squads who roam the West Bank in attempt to frighten Palestinians out of their homes and allow the Zionist colonial settlers to replace them.

These criminal acts continue on a daily basis. The perpetrations of these crimes indicate that the Zionist colonials intend to physically liquidate Palestinians and their leaders in the occupied territories in order to deprive the Palestinian peoples in the Gaza Strip and the West Bank.

There is outrage that these attacks continue to this very day, and reaction to these violent acts by the Zionist government of Israel, have demonstrated a unanimous outrage against them and an unequivocal demand for the severest punishment of its perpetrators, and an end to terror against the leaders of the Zionist occupied territories.

To this very date, Palestinian peoples are kept in prisons at Ashkelon and Jenin and beaten and tortured by the Begin pigs who try to force them into signing "confessions" against Palestinian leaders.

Women are beaten by Israeli soldiers, such as the wife of the Mayor of Anabta, Wahid Al-Hamadallah was beaten, as was wife of the deported mayor of Hebron Fahd Qawasmeh.

Zionist oppression of Palestine continues tho.

Pouring water on a Prairie Fire

THE PRAIRIE FIRE ORGANIZING COMMITTEE
..... "IT MUST GO!"

For more than two years now, a serious struggle has been waged with the Prairie Fire Organizing Committee, a North American (white, middle class ...) organization, located primarily in the San Francisco Bay Area (and Iowa) which grew out of the politics of the old Students for a Democratic Society (SDS) and later the Weather Underground. The People's struggle began in the Spring of 1979, because of the Prairie Fire's dangerous interventionist actions which work to smash the Black Liberation Movement in this country. And for this, the Prairie Fire Organizing Committee is called to immediately disband. This call is issued by the Burning Spear and the African People's Socialist Party, supported by the Gay Liberation Alliance (the GLA) and the SF Crusader.

The sometimes childish and counterproductive acts of Prairie Fire such as disrupting the Board of Supervisors meeting on the day the new Supervisors were sworn in...and holding anti-police demonstrations with their all white members in front of the City Hall, making demands not supported by Black Peoples.

Prairie Fire's actions are embodied in their "white supremacy line" a position which, as the People's Solidarity Committee has exposed, actually tries to win North American people away from principled and accountable solidarity with the struggle of African people inside the U.S. borders for political independence and socialism.

The Prairie Fire, instead of clearly targeting imperialism and domestic colonialism, attempting to drive a wedge between the imperialist rulingclass and the North American workingclass through the building of principled solidarity, Prairie Fire targets the North American workingclass as an equal, or even worse enemy. This, is a stance, which lays the basis for a race-war, rather than a North American solidarity movement building for socialism. This position makes no difference between a North American dishwasher...and, a Rockefeller. It keeps the struggle on the level of "racism," (which is just what Wall Street, Dianne Feinstein, Reagan all want ...) the ideas in the heads of North Americans and denies the material basis of the struggle which is the political and economic nature of colonialism. Prairie Fire's white-supremacy line, would deny North Americans the opportunity to participate in the great anti-imperialist force of history and the victories of the peoples of this world through a stance of proletarian internationalism. It does NOT offer to North Americans a vision of a humane and socialistic world for all people, an ideal which must burn in the heart of every revolutionary....if the fight against imperialism and for socialism is to be successful.

Prairie Fire "uses" other groups to attack those who are truly peoples organizations. For instance, the members of Prairie Fire has "used" Supervisor Harry Britt by brainwashing him against certain groups, and individuals. For instance, Britt has told intimates and political associates, the GRA (Grassroots Alliance) is funed by the Central Intelligence Agency. This has been proven totally untrue, yet the Prairie Fire people are close to the white Gay Supervisor and he prefers to believe it. The GRA and the white Gay Supervisor have much in common.... they both are in a struggle to define their goals, and can be easily manipulated by Prairie Fire. Then there is the matter of the bizzare actions of Prairie Fire in the August 21 incident which placed Prairie Fire and the Black Liberation Movement in direct competition for the leadership of the African prison movement.

According to APSP "Moreover, Prairie Fire's relationship with the African prisoners was corrupted by personal relationships between some Prairie Fire North American women and these caged African men as well as by their access to various resources which satisfied some genuine needs of the African prisoners that our anti-colonialist movement is presently too poor to satisfy."

Obviously, the Prairie Fire group is using all sorts of tactics to impose their brand of white "do-gooding" and it is leading to strife between African prisoners at San Quentin.

Prairie Fire has a tendency in the white-left which has supported politically and materially ultra-leftist and gangster forces and actions in the Black Liberation Movement.

The unprincipled people in Prairie Fire are giving much cause for alarm, and they are to be shunned, and their words, papers, to be destroyed, discredited

Paper Priests...

BATTLE FOR THEIR "RECOGNITION" IS UNDERWAY BY THE MANY MANY MANY PAPER PRIESTS AND OR....BISHOPS!

They can call them any name, any title they want and they are all still the same...."paper." Charles Paniagua who is pictured at the left is now the head of some obscure paper church called, "Assyrian Orthodox Catholic Church" and he and his long time

buddy, Lyle Phillip Clifton are up and at 'em once more roaming hither and yond. Their latest being the body named above which consists of themselves and now they say they are waiting for the good and real, Archbishop Quinn of the Roman Catholic Archdiocese of San Francisco, to "give them" a church! Oh really! They may have to wait till Russia names Rev. Jerry Falwell their president.

Paniagua has a name for religious purposes.... RIGHT REV. NAZARIN BASHIR AHMED. He was ordained? a "priest" by Bishop Michael Iltkin on the Feast Day of St. Francis in 1970. And since that time, Bishop Iltkin has thrown him out or suspended him (Nazarin Paniagua) at least once, maybe twice from affiliation or fellowship with his ordaining Bishop.

Another of Bishop Iltkin's many "bishops" a Jim Dennis whom Bishop Iltkin named "Bishop to the Tenderloin" has been roaming Polk Street in his collar with the infamous Mel Wald (you remember him from the evil CBS Reports: Gay Power, Gay Politics...the one who did the S&M "expert?" routine?)! So with the self-ordained Smith in Berkeley, Alan "Dial A Model" Stanford here, the ranks of the "paper priests" are growing!

ENTERTAINMENT

JAE ROSS. KIMO'S, TERRY HUTCHINSON, All Nominated for Awards

Mr. Jae Ross

JAE ROSS is appearing every Friday evening At Kimo's Showroom on Polk Street. Ross, who is well known in the Bay Area as an outstanding male pop vocalist, is also an actor, having appeared in "Jesus Christ Superstar" and in "Two By Two" by Richard Rogers. Ross was the Master of Ceremonies in "Berlin '32" which enjoyed a long run at Mr. Hyde's on California Street..... (then called Chez Jacques.)

Jae has been nominated three times for a Cabaret Gold Award three times, and it appears he will receive his fourth this year, from early indications (we should know on the 26th of January.)

He has been called "outrageous" by Afterdark magazine, why we don't know, for the young man is nothing but talent-plus, but you know how those New Yorkers are. Locally, the Sun-Reporter, the Voice and the Crusader have given Jae Ross excellent reviews, with the Sun Reporter saying, "This cabaret star really wowed 'em and had them begging for more." Now that, describes the Jaw Ross this writer has seen and heard.

INTERNATIONAL STUD....This a new play locally, opens on Thursday the 22nd (tonight) at Theatre Rhinoceros, 1115 Geary Street at 8:30 pm. It stars Daniel Osman (very nice) and Joel Jason, and is directed by J. Kevin Hanlon who directed the superb production here earlier, this year, "A Perfect Relationship".

If you want to go, give 'em at call at 776-1848 for info.

We have to wait for the formal announcement, but from Kimo believes from what all who are members of the Cabaret Gold Awards group, he (his new Showroom) and two of its stars, Jae Ross and Terry Hutchinson, will both receive awards (nominations) as well as the Showroom.

Hutchinson and Ross both endeared themselves to many when they performed for the hospitalized Veterans at the United States Veterans Administration Medical Center Hospital last December, and Ross himself, really left a good memory of his singing with all the Vets who were there.

Kimo announced that the Showroom has a new schedule effective this week, with no shows on Monday and Tuesday, and Mike Amos on Wednesday and Thursday, and Jae Ross on Friday and Terry Hutchinson on Saturday nights. Sundays are auditions night. The Showroom at Pine and Polk Street, has proved to all that it can feature excellent entertainment with no cover charge. That is what really makes Kimo's Showroom so different than the other cabarets in the city, nor is there a drink minimum. So, for a good evenings entertainment, take a spin over to Pin and Polk, especially soon.

HANDS OF PALESTINIANS SHACKLED BY ZIONISTS

The mayor of Nablus, Bassam Shaka'a.

**DEMONSTRATIONS AGAINST REAGAN
HELD.....ALMOST ALL PEACEFUL!**

On the day Ronald Reagan became the 40th President, it was a day marred by joy over the release of the hostages and a day that Ronald Reagan got a very clear message that not everyone loves him.

Members of the National Organization of Women created an uproar against Reagan, as did a coalition of groups which the FBI and Secret Service kept almost out of sight of Reagan.

Several activists in Washington report almost terrorist acts against them by members of the Secret Service, FBI and the District of Columbia Police, in "spying" actions against them the days before the Presidential waste of EIGHT MILLION DOLLARS plus!!!

**MAYOR OF NABLUS HAS LEGS BLOWN
OFF BY ZIONIST TERRORIST GROUP IN
AN ATTEMPT TO INTIMIDATE THE FREE
PEOPLE OF PALESTINE WHO RESIST THE
ZIONIST RULE OF THEIR HOMELANDS!**

The picture at the left, tells the tale of how the Zionist government of Begin treats the Palestinian peoples whom they displaced to create the Zionist religious state of Israel in 1948.

Two other Palestinian mayors, Karim Khalaf of Ramallah and Ibratim Tawil of Al-Bireh were also wounded the the Zionist terrorist squads who roam the West Bank in attempt to frighten Palestinians out of their homes and allow the Zionist colonial settlers to replace them.

These criminal acts continue on a daily basis. The perpetrations of these crimes indicate that the Zionist colonials intend to physically liquidate Palestinians and their leaders in the occupied territories in order to deprive the Palestinian peoples in the Gaza Strip and the West Bank.

There is outrage that these attacks continue to this very day, and reaction to these violent acts by the Zionist government of Israel, have demonstrated a unanimous outrage against them and an unequivocal demand for the severest punishment of its perpetrators, and an end to terror against the leaders of the Zionist occupied territories.

To this very date, Palestinian peoples are kept in prisons at Ashkelon and Jenin and beaten and tortured by the Begin pigs who try to force them into signing "confessions" against Palestinian leaders.

Women are beaten by Israeli soldiers, such as the wife of the Mayor of Anabta, Wahid Al-Hamadallah was beaten, as was wife of the deposed mayor of Hebron Fahd Qawasmeh. Zionist oppression of Palestine continues tho.

Pouring water on a Prairie Fire

THE PRAIRIE FIRE ORGANIZING COMMITTEE
..... "IT MUST GO!"

For more than two years now, a serious struggle
has been waged with the Prairie Fire Organizing
Committee, a North American (white, middle class
...) organization, located primarily in the San Fran-
cisco Bay Area (and Iowa) which grew out of the
politics of the old Students for a Democratic Socie-
ty (SDS) and later the Weather Underground.

The People's struggle began in the Spring of 1979,
because of the Prairie Fire's dangerous interven-
tionist actions which work to smash the Black Lib-
eration Movement in this country. And for this,
the Prairie Fire Organizing Committee is called
to immediately disband. This call is issued by the
Burning Spear and the African People's Socialist
Party, supported by the Gay Liberation Alliance
(the GLA) and the SF Crusader.

The sometimes childish and counterproductive
acts of Prairie Fire such as disrupting the Board
of Supervisors meeting on the day the new Super-
visors were sworn in...and holding anti-police dem-
onstrations with their all white members in front
of the City Hall, making demands not supported by
Black Peoples.

Prairie Fire's actions are embodied in their "white
supremacy line" a position which, as the People's
Solidarity Committee has exposed, actually tries to
win North American people away from principled
and accountable solidarity with the struggle of
African people inside the U.S. borders for political
independence and socialism.

The Prairie Fire, instead of clearly targeting imper-
ialism and domestic colonialism, attempting to
drive a wedge between the imperialist rulingclass
and the North American workingclass through the
building of principled solidarity, Prairie Fire targets
the North American workingclass as an equal, or
even worse enemy. This is a stance, which lays the
basis for a race-war, rather than a North American
solidarity movement building for socialism. This
position makes no difference between a North A-
merican dishwasher...and, a Rockefeller. It keeps
the struggle on the level of "racism," (which is just
what Wall Street, Dianne Feinstein, Reagan all want
...) the ideas in the heads of North Americans and
denies the material basis of the struggle which is
the political and economic nature of colonialism.

Prairie Fire's white-supremacy line, would deny
North Americans the opportunity to participate in
the great anti-imperialist force of history and the
victories of the peoples of this world through a
stance of proletarian internationalism. It does NOT
offer to North Americans a vision of a humane and
socialistic world for all people, an ideal which must
burn in the heart of every revolutionary....if the
fight against imperialism and for socialism is to be
successful.

Prairie Fire "uses" other groups to attack those who
are truly peoples organizations. For instance, the
members of Prairie Fire has "used" Supervisor Har-
ry Britt by brainwashing him against certain groups,
and individuals. For instance, Britt has told intima-
tes and political associates, the GRA (Grassroots
Alliance) is funded by the Central Intelligence Agen-
cy. This has been proven totally untrue, yet the
Prairie Fire people are close to the white Gay Super-
visor and he prefers to believe it. The GRA and the
white Gay Supervisor have much in common....
they both are in a struggle to define their goals, and
can be easily manipulated by Prairie Fire.

Then there is the matter of the bizarre actions of
Prairie Fire in the August 21 incident which placed
Prairie Fire and the Black Liberation Movement in
direct competition for the leadership of the African
prison movement.

According to APSP "Moreover, Prairie Fire's rela-
tionship with the African prisoners was corrupted
by personal relationships between some Prairie Fire
North American women and these caged African
men as well as by their access to various resources
which satisfied some genuine needs of the African
prisoners that our anti-colonialist movement is pre-
sently too poor to satisfy."

Obviously, the Prairie Fire group is using all sorts of
tactics to impose their brand of white "do-gooding"
and it is leading to strife between African prisoners
at San Quentin.

Prairie Fire has a tendency in the white-left which
has supported politically and materially ultra-leftist
and gangster forces and actions in the Black Libera-
tion Movement.

The unprincipled people in Prairie Fire are giving
much cause for alarm, and they are to be shunned,
and their words, papers, to be destroyed, discredited

Paniagua has a name for religious purposes....
RIGHT REV. NAZARIN BASHIR AHMED.
He was ordained? a 'priest' by Bishop Michael

And since that time, Bishop Itkin has thrown

at least once, maybe twice from affiliation or

Gay Drug Dealing

The Shame of it!

AN AVERAGE OF \$100,000 A DAY
EXCHANGED IN GAY SEX BUSINESSES

Over a hundred thousand dollars a day is exchanged each day in the various Gay sex businesses such as "private clubs", "baths", "porn book peekie-stores" and to a lesser extent in some of the gay bars in the city.

Does that amount shock you? Well, it should not, really, for the amounts run much higher we know, but our investigators and research from law enforcement agencies both local and federal, indicate these figures.

The Crusader has learned, that certain of the private-sex-clubs dispense juice drinks laced with the harmful lsd. And one place even sells openly, methadine (speed) for shooting up.

SPEED (CRANK) KILLS

As of this issue, 90% of the fights in the gay bar and other businesses, are drug related (and we don't mean booze!). One Polk area bar had so many fights one evening recently, the police had to respond three times. And it was learned that at least a DOZEN (12) drug dealers (speed) "work" that bar every single night of the week. One so-called "bath" in the Polk area is noted for its friendly help who will provide you with speed on demand for a small fee of course. This place has been experiencing a bit of violence. Speed causes paranoia and sends some of its users into almost hysterical frenzy especially if they are on something else like booze.

There is no rationale to their violence and their behaviour. One of our three investigators related how he was nearly beaten when he asked an attendant

if he didn't know that speed was dangerous, and was asked to leave the bath house.

DRUG MANUFACTURERS

In the south of Market area now, according to our investigators, has four major manufacturers of pcg, mda and other little deadly goodies. And they operate, apparently, with the knowledge of people around them, yet the police and the federals (the latter who gave us our tip) have not closed them down, possibly they are seeking the "big boys" behind these small time drug creators.

DRUGS BEING USED TO DESTROY THE GAY MOVEMENT!

Several San Francisco Police Officers have told the Crusader that they didn't want to "interfere" with the drug manufacturers, because it was helping to destroy the gay liberation movement. The one officer cited the history of the Black Liberation Movement and how it was revealed that the police and FBI themselves supplied drugs into ghetto areas in order to destroy the militancy of the Black Liberationists. And that from what they have told the Crusader, is exactly what is being done right here in San Francisco. Our source on this are two pro-gay SFPDs. From what is NOT happening, it would appear that the police and the Office of the Mayor are "allowing" the heavy flow of drugs, freely, in the gay community, in an effort to create fear, hate, paranoia and violence and destruction of one another by ourselves. The winner in all this, not even the drug dealers, for eventually they will "get theirs," but it is the Mayor, and the Cops for Christ and other anti-gay forces. They win.....we lose.

Pick up the pen

The PEN is mightier than the sword....that's a fact. For sometime now, we have read and heard all manner of accusations against this newspaper and it's publisher, the Rev. Ray Broshears.

There comes a time when you must put up or shut up. If you feel as we do then, why don't you take up the pen and let it all out. Back in November, irresponsible persons in and around the CMC Carnival made charges against the publisher to the effect that "he had the police halt their carnival." And now, two full months later, the truth that we had printed here, yet the blinded, bigots who fear the independence of this newspaper and its publisher, still wrote and told what they knew to be untruths, particularly the so-called "leather" columnists of the Bay Area Reporter and the Voice.

Yet, now that Steve Perkins has told the president of one of the major "leather organizations" as well as the publisher here that he did indeed try and halt the CMC Carnival by going to the police, did an apology come from the CMC or any of the offending writers or the publisher of the Bay Area Reporter who makes these irresponsible and untrue charges over a public address system before 5,000 people? Of course not!

The Crusader, and the publisher has been the ONLY newspaper in the gay community to take stands on important moral issues... that's right, the ONLY one that cares about the DRUGS which are being peddled and are killing you in the Gay community in various of the businesses. Drug dealing and manufacturing is BIG MONEY, just you think about it, and alot of these drug pushers are behind the continued attacks upon this paper and the publisher for we endanger their filthy trade. YOU...why don't you say something about it? Write us!

The poor man was in a wheel chair, and one columnist said he can't even speak he is so old and so sick. But you know how Ronnie lives in the past. Heard tell he tried to get the body of General Douglas McArthur exhumed so he could bring it onstage to honor himself. Did you ever get the feeling of dejavu????? Dear heartss! Poor senile old Ronnie is trying to re-live World War II!

FOLSOM FAYE HARNETIAUX went off to the BALCONY to party the other evening leaving her stud at home to paint the kitchen walls!!! JIM, you should have called me dear, I would have been glad to come all over to your house and help you with it out!!!!

TOOL BOX???? Yes, the old Tool Box matches are for your picking up at the DEVIL'S HERD Saloon on Valencia Street. Hank Cheeke who used to tend bar at the old Tool Box (5th and Harrison) has had the Tool Box match book cover redone for the Devil's Herd....with the phone number on the outside being the Herd's number and when you flip them open, there is the Devil's Herd.

What is this rumor that we hear???? A women's S&M group will be renting for one evening the dungeon of a south of Market clubhouse for an affair?? My my!!!

Have you seen TOBY??? the bartender at the ENDUP??? Well, if you haven't...DON'T!! He is too good looking for the rest of you and I want to keep that sexy little stud all to myself!!! Wow-wee!!! Truly, he is not only a really handsome thing, but he is also very nice and a good bartender too!!! Right TONTO TONY???

AL ALVAREZ has himself a bit of kosher meat right out of the Holy Lands....and he's one of those kind too.....a real Zionist!!! Oh well, diff strokes for diff pokes!!!!

PRIVATE COLLECTION at the NOB HILL CINEMA is a zinger....twenty handsome studs in some of the most erotic film seen in this city and it is simply divine....and JIM KING star of JOCKSTRAP is in some of the scenes.

JAE ROSS....he is such a good boy and he appears on Fridays at KIMO's upstairs. He is such a good singer.... don't you agree my dear DONALD McLEAN????? Just love the way he belts out the tunes in tune too!

JON & GEORGE of the Geary Evergreen....I am so truly sorry that Mayor Dianne Feinstein went and vetoed the agreement that was made on the return of the 19 Polk to the old route and changing the 42 Loop to come down Polk!!! She is a real evil bitch who doesn't give a tinkers damn about the small biz and the elderly. She is evil and so's her aide.

DEALER INQUIRIES INVITED

Above is your award winning emperor I, and columnist of the Bay Area Reporter, giving forth with an expression of.....well, you name it!!!!!!

Guess, I'll have to join in with the "others" (Hardman & Co.) about lesbian Police Commissioner Jo Daly....I hate to but it appears he is stuffing off the responsibilities that she should face up to....she's sure afraid of the Cops for Christ. Shame on you COMMISSIONER JO DALY!!!!!!

The inside skinny of the JAGUAR: Here it is....that when the Vice busted the madam, BRANDY Moore, a nice lady really, who was running a house for her nice girls, leaving everyone alone....well, she was injured in that needless raid. And sine, she has been pissed off at the Vice (SFPD) allowing gays to do what straights cannot do....have places of open sex!! So, the pressure is on the Mayor, the City, the Supes....and the charge is truly true....gays do get away with more than the straights can....sex wise that is. So there is skinny on things....like it or not!!!!!!

ABOLISH ALL SEX LAWS....ALLOW SEX BETWEEN CONSENTING PERSONS.....PERIOD! Prostitution if ran by regulated call agencies is good and provides a really needed service. So, that should be what you are getting about this '81 besides rotten Ronnie Reagan! Getting on the backs of Feinstein.... getting on the backs of the Cops for Christ....and letting MOTHER NATURE HAVE IT'S WAY....(mother is a man too....very unsexual you know!!) JACK TRUJILLO the EX of Supe CAROL R Silver is a real politician now! He was elected Secretary of the Democratic Party of California (north)... And in that same election the ex-president of the Society for Individual Rights, DOUG DeYOUNG was defeated for the post of Treasurer of the Demo Party!

A vote to the HEAD QUARTERS (open all night) on Clementina for the Best Pizza in town. And I do love all those hunky studs who drift in after the barz close. (No! NOT Ms. Moss either!)

Oh yes....ROBERT DUNN (the altered ego of Mel Wald) is seen in the Castro alot! And ALL OF Him in the N.U.D.E and in harness is on the FRONT PAGE of a Swedish S&M publication....can't wait for my copy to arrive. Thank you LARRY TOWNSEND for such enlightening things....oh yes, ROBERT does have a "thing" bigger than most....is does appear....but when its soft who can tell....but one thing he is NOT and that is a Butch Free(d)man!!!!!!

Is NANCY REAGAN ins love with FRAN SINATRA??? Well that was implied on Saturday Night Live!!!!!!

WHAT THIS?? MELVINA, Tom LOVETT Souza and Rev. RAY Broshears all three having lunch together??? My my, what is this world coming too!

BETTE BONKO lost a pound or two....and it looks like she found it too!!!!

PHIL BRONSTEIN formerly of KQED channel 9 has received an award for his documentary, "ONE FOOT OUT OF THE CLOSET" on S&M, both straight and gay. He received the Silver

Medallion by the 32nd annual New York Festival of Film & Television in the news and public affairs documentary category....he truly deserves it, for he did the show with such taste. PHIL BRONSTEIN is now a writer for the SF Examiner and does a one a month religious talk show on KRON tv 4 at 9:30 on Sundays. Congratulations PHIL BRONSTEIN, you handsome devil you!!!!

Turn the page....ore on pages 11, 13 and 15....lotsa stuff on all the people you want it on!

JOHN McLEAN, manager of the Civic Center Hotel has two big ugly fish that live off of other fish...he has to feed them goldfish and even raw meat! Uuuuuk!!!!!! But he does have other fish that are very beautiful tho.

The very handsome DAVID WEST, evening bartender at the DEVIL'S HERD SALOON (the nation's leading Gay Country Music dance bar) has a title...it turns out that he was overwhelmingly voted "Mr. Macho of Nevada!" Well, to our money, he's Mr. Macho California too.

Bro. BRUCE TRONDSON of the Sounds has a new and most expensive erotic electronic toy (test equipment to you and me) for the shockingly low price of \$150..... it was one of SUSIE SAMON'S famous "deals" that brought home the bacon and Bruce something else to play with. (Good, that'll give pore Brett a bit of rest!)

PIZZA A METRO at Polk & Sutter has become a real "in-place" on the Strasse. Everyone who is anyone has stopped in for some of their fabulous food de Italy!

JAE ROSS is now seen and heard on Fridays at KIMO'S SHOWROOM, Polk and Post. You MUST see and hear this man (see story on page 9).

Gotta a card from CONAN and RUSTY in Scotland.... they are having fun in the British Isles and CONAN sez his new album is a big hit and he'll have lotts ad money for the gay papers when he returns (well, almost all of the gay papers...hmmm, I wonder which one won't get the ad...or is that plural????)

BEN ALVORD of City Books has been made the General Manager of a new bookstore combine...City and the Pleasure Palace. BEN is a nice man.

Oh yes, another H.L. FAIRY "reject" is working at the City and PP Books...NICK! Well, to be a "reject" of that creep Fairy is an "honor!"

MEL WALD and his faithful bleach-blond sidekick with the silver booties nearly got their asses kicked on the Polk by a buch of the "working boys" for having interfered in "free trade."???????

MEL is getting religious do you believe??? He and one of the "paper priests" a "bishop Jim Dennis" who is the "bishop to the Tenderloin" are running together on Polk.....can't you see it now? Mel Wald in a white collar?? Guess Bishop Itkin will have to do the honors.

Oh yes, the "boys on Polk" (some of them as old as 34 would-you-believe?) say that the MAN to watch out for, is RAPETTO of the SFP Vice Coppers...they say he is medium build, about 5' 11", about 160 lbs., brown hair and pussy strainer, has close clipped hair, fair complexion, and occasionally wears glasses and drives a Datsun 282X one time a black one and other times a brown one. And they say he IS good looking!!!!!!!!!!!!!!!!!!!!!!

Oh yes, while we're on Mel Wald...will he and Jimmy Dennis "the bishop" both do a part on a new CBS Re-Ports, Gay Power, Gay Politics??? Mel was the so-called S&M "expert" (and liar) on that hatchet job of the gays.

His caREAR is failing? Rumors are flying in from the State Capitol that MATTHEW DESPARS of the twins Matthew & Peter...those infamous double your pleasure but certainly double your trouble twins...is upset for he isn't able to sell his "wares" in Sacto anymore! Pity!!!

ERIC DAVIES is now one of the owners of some porn places along with Dennis Coder and their controller is Dan Daniels formerly of Cabaret and Alfies and.....!

TONY of the ENDUP ended up on his ass after he fell behind the bar and hit his jaw. He's alright now. Guys like that you just can't keep down for long!! TOBY took over the bartending chores by himself. The END UP is the most packed bar in the early early mornings on the weekends in all of San Francisco and it takes 2 bartenders to handle that mob...mostly holdovers from the Trocadero Transfer. Wild and jumping and some of the hottest men anywhere about!!!!!!

SORRY ABOUT THAT DEPARTMENT: To Gilda Hernandez aka: Mr. Marcus, sir, due to information beyond our control, you are still allowed inside the BALCONY and if we have caused you a great sere, any embarrassment, we do hereby humbly apologize sir, for we know that you sir, never get ANYTHING wrong (or is that right?) and would never do anything or say anything ill of another person for you sir being the very public figure you are via your column and your title sir, realize like all great and not-so-great public figures are subject to ridicule and scorn, but alas, that is the fate of being a "star" and we all know that's what you think you are, and far be it for us to ever indicate anything, else but sir, a great sir Marcus the not-too-magnificent sir!!!!!!!!!!!!!!!!!!!!!!

Is that EGG on your face Miss Prince de Leather and your so-horts????? If it isn't, it may be something else you are used to having there!!!!!! Hmmm!!!!

STEVE is back from the north woods. He is a 20 year old ex-Marine and he's living in the Haight-Ashbury now.

Speaking of the Haight-Ashbury...MICHAEL Michelle of LE DISQUE is still happy and pouring them at that infamous hit rock palace. Some of those live bands they have out there are W-I-L-D!

"Always Late" a hit record by country music star Lefty Frizzell of some years back (in the 50's? my dear you ARE, dating yourself!)...well this song should be the theme of one REX de Sonoma County!!! He and his friend BILLY BEE know why!!!!!!

COUNTRY MUSIC GUIDE San Francisco Bay Area

12 Midnite.....on KEEN Radio every Saturday night....hear the best country music performers outside of the Grand Ole Opry on the LONE STAR CAFE broadcast. Before a live audience at the Grand Ole Opry of the northeast, you will hear all of the country music greats. One thing I like doing, is switching off the TV late Saturdays and turning it on...it's not as good as the Opry, but it sounds great. The crowds really go wild.

Don't you dare forget....ERNEST TUBB on the 30th at The Stone, 412 Broadway right here in San Francisco. A really great treat to be able to see and hear this living legend in person...and you can win free tickets for this event by going by the Devil's Herd on Valencia (see the ad on page 12) and also enjoying the many fine bands they have there 7 nights a week now.

LINDA LANE and the Western Electric Band are at the Devil's Herd FOUR nights a week now. Fridays, Saturday and Sunday, but also on Tuesdays as well.

TV20 or KTZO channel 20 now has FOUR HOURS of country television programming each Sunday afternoon from ONE til THREE....and it is all really good. Beginning with "Nashville On The Road" and ending with "Dolly Parton." I'll tell you, it is really good to be able to see the stars as well as the costumes. And the one segment, "Backstage At The Grand Ole Opry" gives us a good look at Opryland USA too. Sundays 1-3 pm.

The California Bluegrass Association is presenting WESTERN PACIFIC and HOT RIZE at the Great American Music Hall, 859 O'Farrell Street on Sunday January 25th at 8 pm.

SHARON McNIGHT says she is "going country" at the Boarding House on the 29, 30, and 31st at the Boarding House. Should be interesting, but I don't believe it or want to.

Pittsburgh Steeler quarterback, TERRY BRADSHAW has two albums out now, and has been appearing with Jim Edward Brown on the road. Bradshaw has a good voice and he is but one of many famous stars who are joining the country music field. You can catch him on the TV20 country shows on Sundays from time to time.

Didja know that the Advocate considers the Devil's Herd Saloon the number one gay country music dance hall in all our nation? Oh yes, and there will be a story on it soon.

"Coal Miners Daughter" is cleaning up the awards nominations this year which is a great tribute to Lowretta Lynn and the actress who may receive an award for her role in the film, Sissy Spacek. The film played to packed houses here in San Francisco and may soon be re-released here.

Glenn Smith and THE MAVERICKS are doing really well for themselves playing in the South Bay area. They have a peddle steel player who is super great. Reminds me alot of the guy who played peddle for the late Hank Williams's Drifting Cowboys.

Ernest Tubb (above) member of the Country Music Hall of Fame, a living country music legend, will be appearing in San Francisco (see ad page 12) soon. He is remembered for such hits as, "Walking the Floor Over You," "Waltz Across Texas" and Filipino Baby.

Those 52 people have suffered and so have their friends and family...it was inhumane thing to put people through!!! But, they are free and that is really all that is important now!!!!

This MICHAEL HETRO a good ole country boy from the Washington State farmlands, learning a bit about the music, sound biz....really!!!!!!

speaking of TRONDSON SOUNDRS....they have moved to Howard Street....a real south of Market biz now!!!! Did I see BRUCE buying leather??? Oh yes, BRETT always did lust for leathers!!!!!! Maybe they'll have a dungeon where I can tie MARK up and give him a few whips. Boy would I like to do that!!!!!!

The taste of leather....vicious lies and rumors!!!!!! It simply is not true that the Flying Nun was slobbering all over the leather coat of one of the members of the 15 Association yelling for more. Vicious rumors and lies!!!!!!

Rudest bartender of the week has to go to George Buchanan of a bar on the Haight Street....dear, you MUST wait on all the customers....the pay YOUR salary!!!!!!!!!!!!

No truth to the rumor that HANK CHEEKE is going to open a new dance bar called the Rendezvous!!!!!! Allan Lloyd might, but never The Hankers!!!!!!

VAL DUVAL....where are you dear????????????????

Pickets are DOWN at the IN TOUCH on Polk....so the dispute over carding must be settled....good show Mr. BENTLEY sir!!!!

PAT of the Red Eyes Saloon is one of the really handsome bartenders in the Tenderloins!!!!!!!!!!!!!!!!!!!!!!

Will RICK THOMPSON be named the new Grand Duke??

What happened to the old one??? Ask Hans!!! Or 501's!!

The ALAMO SQUARE is a Saloon on Fillmore & Fell!!!!

The 52 Prisoners of War in Iran have been freed at last....and for them we are grateful. But o Jimmy Carter, a most sincere man, but an incompetent man....all we can say is what we've been saying for so long...."Why in the first place?? and why in the hell didn't you do something hard about it when it first happened?" Those 52 people have suffered and so have their friends and family...it was inhumane thing to put people through!!! But, they are free and that is really all that is important now!!!!

We have pics coming soon of two "imitation leather" columnists in that Pacific Heights publication which we do know you will all enjoy and they won't!!! Tell anyone lies you jerks???????

Perhaps you and that snitch at the left here ought to get together....a perfect threesome!!!!!!

VALENTINE'S DAY is coming soon, Februar 14th....and don't forget our elderly in the Tenderloin!!!! Irene would never have.

Get wells to all those who are feeling poorly....and it is good to see the two Michaels doing so very well.

Til the 5th of Feb....have a real good one, ya hear????????
