SAN FRANCISCO CRUSADER

GAY YOUTHS vs. POLICE

SFPD TERRORIZE and VIOLATE RIGHTS OF YOUTHS ON POLK

ILLEGAL SEARCH & SEIZURES; GENERAL HARASSMENT INCLUDING NAME CALLING ALL A PART OF THE NORTHERN STATION AND S-SQUAD HARASSMENT OF YOUTHS ON POLK.

For four weeks now, an intensive campaign of harassment of youths and in some cases not so young persons, has been underway by the San Francisco Police Department's Northern Station. Constitutional rights obviously have been left back at the Station House as the "Polk Pigs" slam into youths walking out of homes, apartments along Polk Street, in what they call an all out effort to stamp out prostitution, while just a few blocks away people are being stabbed and beaten by drugged-punks on Turk Street and Eddy Street. The Northern Station Police officers have put the blame on the Polk Street Merchants Association as the reason for their campaign to run the youth out of the Polk area.

One SFPD officer told us that "All the guys on Polk are hustlers, we know that, just look at them, alone, white, walking slowly, they are prostitutes as anyone can see!"

When the officer was questioned as to "stereotyping" he denied that he was calling all white males on Polk Street, "prostitutes," yet his and the actions of his sister and brother officers certainly indicate that they have indeed drawn what they feel is the "typical" male prostitute, which fits about any white male between the age of 16 and 26.

Many youths have told tales of terror in which officers have allegedly threatened to "ram a billy club up our ass unless we stayed off Polk." The Police of course deny this.

As to reasonable cause for going into the pockets of people, the Police deny they ever do so, but this reporter would have to call them either blind or liars.

The Polk Street Merchants Association has done their best to "run off" what they feel are "undesirables," and they don't particularly care what methods the Police use, Constitutional or not. Many of the youths who have made complaints about police brutality and harassment are not hustlers, but residents of the area, who are going to or from their homes and jobs, but the Police continue to deny they harass anyone, but even to the most casual observer, when the S-Squad hits the street, anything can and does happen.

The stepped up campaign began shortly after the former head of the Vice Unit, Captain Schueller came to the Northern Station.

Chief of Police Con Murphy refused to comment on the growing problem of police misconduct, as did the Office of Mayor Dianne Feinstein who many believe are directly responsible for the attacks on Gay youth and straight youth alike on Polk Street.

GENE PRAT TO RUN FOR "RILES' JOB!"

Dr. Eugene "Gene" PRAT, Chief of Staff to U.S. Senator S.I. Hayakawa and former candidate for Sheriff in San Francisco, is expected to announce his candidacy for the non-partisan post of State Superintendent of Education in 1982, a post currently held by Dr. Wilson Riles. PRAT has been supportive of human rights for all.

HOMOSEXUAL LOVE

LOVE—just what love amongst homosexuals is all about. To some, it is nothing more than a sexual act; to others, it is a deep, unbreakable bond. To many, it is a promise to be true to oneself. To homosexuals, it is the only way to express their true selves.

Many say, "l am a homosexual, I am not ashamed of it, and I will not deny who I am...^..." and new memories could ever imagine...and discrimination against his client Philip Thompson.

The Rev. Jerry Falwell of the Lynchburg Baptist Church in Virginia is upset about lustful thoughts lately! Although he once said that all men have lusted at least once in their lives after another, Falwell is surrounded by lust-instilling nude women in an interview that all men have lusted at least once in their lives. Poor ole Jerry must not be having many experiences of this wonderful and ever expanding world together. Let your beloved ones, friends know that you remember them this February 14th, Valentine's Day.

And, on February 14th, pledge new love...to inflame public sentiment against his client Philip Thompson.

It is dull, and the men, the gals, the men, the gals, and the men doing so much, so many men doing so much, the film "Closed Set." And this is better in some ways as it does have plot and interesting scene of New York too. Sex inside the Stuffed Library you name it. But I am yet to find a gay who is especially effective.
