MAY
3

SUNDAY.....10 AM.....MAY 3rd.....GAYS TO JOIN P.A.M. CONTINGENT IN BIG PROTEST TO THE REAGAN CUTBACKS, MILITARY SPENDING, INCREASED FBI ACTIVITY IN AMERICA.

Thousands of Lesbians and Gaymen will be in the line of march come Sunday May 3rd, to demand that the Reagan junta pull out of El Salvador.....to demand that the Reagan junta end the drastic increase in military spending.....and to demand that the Reagan junta halt all cutbacks immediately.

The theme "Defend Atlanta's Children Not El Salvador's Junta" strikes a responsive chord in the hearts of Lesbian and Gaymen

everywhere. The People's Anti-War Mobilization (PAM) will gather early on Sunday morning, 10 am, in front of the Federal Building, 450 Golden Gate Avenue, along with thousands of others from all over northern California and southern Oregon, to form the May 3rd Coalition. The line of march will be from the Federal Building, past city hall and up Market Street west and over to Dolores Park where a giant rally will ensue. This is the first such march and rally against the government since back in the Vietnam war days, and from all indications, this one will top 20,000 easily.

The People's Anti-war Mobilization called the May 3rd action back in March, and across the nation, support for the march and rally has been growing by leaps and bounds. Over 200,000 are expected in Washington, DC, as the line of march there will be to the gates of the war machine itself, the Pentagon. Those who wish to march in the PAM Lesbian/Gay contingent, are urged to do so, and for further information are urged to phone 673-0103. The office of PAM is at 330 Ellis Street, room 507. The GLA has endorsed the march.

ANOTHER VIEW REGARDING SOUTH OF MARKET PARK AT 6TH & FOLSOM.....

Dear Ray:

Just a couple of comments about your front page article, "Supervisors vote 9-0 to close gay bar."

I think it's a mistake to say that San Francisco communities have enough parks, and that the "militantly anti-gay" Filipino neighborhood groups would demand more bar closings.

The reactionarily grouping running this country have set a trap for us, and we have to be careful not to fall into it. Already, we are seeing hospital closings, school closings, food stamp and welfare cutbacks, unemployment and inflation.... and it's going to get worse. I think it's necessary to support the building of parks for neighborhood groups, and, in particular, for oppressed minorities. At the same time, we should demand that more meeting places be established for the lesbian and gay communities.

Don't let them divide us.....the choice is not to build a park and close a bar or close a park and build a bar. We need, deserve, and should demand both.

In struggle,
Beverly Slapin.

WHAT'S WRONG WITH THE GAY PRESS?

Editor: We read your paper, find it filled with interesting items, more so than the others. But of the items we find in your paper, like the hated KKK, racism, imperialism, we do not find any like them in the other gay papers, can you tell us why this is?

In concern,
Donald Runalski

Dear Don.....simple as this, they are pretty far to the right they kiss the ass of the big biz crowd....and the racists that are in that crowd. rb

"REGGIE VEGIE" JAILED IN POLK GULCH KILLING.....CAUGHT IN LONG BEACH.

SAN FRANCISCO: Punk rock singer "Reggie Veggie" has been jailed for the August 8th 1980 killing of 38 year old Claude Dugas in his room at the Broadway Hotel, 2048 Polk. Jay Nesbit, an associate of "Reggie Veggie" has already been in custody for the killing as both were charged with the brutal slaying. "Reggie Veggie" whose real name is Dennis Aslin, is but 21 years of age. They both are charged with murder, robbery, and burglary.

MORAL MAJORITY PORN FIGHTER ARRESTED FOR MOLESTING CHILDREN.....

The Rev. Jerry Falwell must have had a near heart attack when he was informed that 46 year old Jack Gregorio of Tampa Florida was arrested for sexual battery on a 17 year old boy.....and lewd and lascivious behavior involving an 8 year old girl child. He was arrested on Monday April 20th by the Moral Majority member group, "Taxpayers Parents Against Kiddie Smut" of which Gregorio was the president of, tried to keep the matter quiet, but an enterprising reporter in St. Petersburg saw the arrest record and made the arrest known. Really.....a leader of the anti-child-porn drive arrested for sexual battery on a 17 year old youth.....and upon a little 8 year old girl.....naughty naughty you very very moral Moral Majorityites!!!!

MORAL MAJORITY RAPS AS BAD FOR TELEVISION MANY FAVORITE TV SHOWS.....

The Rev. Jerry Falwell, head of the not all that Moral Majority, has presented a list of TV program that he says must be removed from television and announced that the MM will boycott any sponsors for the shows. Some of the shows are: Dynasty.....Flamingo Road.....Soap.....Saturday Night Live.....Fridays.....Dallas.....almost all the daytime soaps.....Gangster Chronicles.....Dukes of Hazzard.....Magnum P.I.....Flo.....Johnny Carson Show.....just to name a few which the good Rev. found objectionable.

FOUR ANTI-WAR ACTIVISTS JAILED FOR NON-VIOLENT SET-IN PROTEST

SAN JOSE: Superior Court Judge Frank Cliff sentenced Larry P. Purcell, 30, of Redwood City to 6 months in jail; Daniel R. Delaney, 45 of Sacramento, to 3 months in jail; Larry Ferlazzo of San Jose to 4 months in jail; Kristina Parks Selvig, 30, of Berkeley, to 45 days in jail. The four were arrested at the Lockheed space facility in Sunnyvale last month to protest the killer weapons being designed there at the plant. Their big crime was climbing over the fence, and pouring blood on Trident missile parts, then huddling together and praying for 15 minutes until the cops entered the building and arrested them.

MORAL MAJORITY WINS SEAT IN CONGRESS VIA MICHIGAN.....

The candidate backed by the Moral Majority in a special Congressional election in Michigan's 4th Congressional District, won easily over the candidate backed by his predecessor, Reagan budgetman, David Stockman. The winner, Mark Siljander, R-Three Rivers, is a real sob as far as Gay and Lesbians are concerned. John Mowart who was defeated by the Moral Majority was just a bit pissed at being beaten by Falwell's fools.

JOHN FIGHTS REAGAN

"REAGAN IS PENNY-FOOLISH AND POUND FOOLISH!" Those were the words of John L. Burton, San Francisco-Marine 5th Congressional Representative. John, long known as a "fighter" wasted no time in going into direct conflict with the Reagan-Stockman-McQuaid cutbacks in the U.S. Public Health Service Hospitals nationwide. Hearings in San Francisco which were held on Monday April 27th, brought out 16 friendly witnesses to Burton and one mixed-up Republican by the name of McCloskey from San Mateo. Burton told the assembly at the hearing that the cuts were "ill-conceived," and that closing the hospital on Lake Street here in the City would cost the taxpayers \$187 million dollars, which he said, "doesn't make sense." The 242 bed hospital serves U.S. Coast Guard personnel as well as Merchant Seamen and women. Burton vowed to fight Reagan-Stockman-McQuaid all the way on this, vowing ultimate victory.

WHY THE LESBIAN AND GAY COMMUNITY IS MARCHING MAY 3rd....
"It is in our visibility that our strength lies!"

A group of lesbians and gay people met to form the Lesbian and Gay Focus of the People's Anti-War Mobilization (PAM), a broad unified coalition representing Black, Latin, Native American, and Asian communities and grass roots organizations, feminists and women's groups, anti-racist and progressive forces, as well as veterans, disabled, labor unionists, student and church groups. Focuses were developed to insure Third World peoples, women, lesbians and gay males, our position in the forefront of the anti-war movement of the 80's.

The formation of the Lesbian and Gay Focus has historic implications since we were not a visible force in the anti-war movement during the 60's. Lesbians and Gay males have always been active in various liberation struggles and in the previous anti-war movements. However, heterosexism, and homophobia prevented us from coming out visibly within those movements (in the eastern states). The Stonewall Rebellion in 1969 taught us as Lesbians and Gay males that our visibility is our strength. A summer has not been seen where we failed to come out en masse on Lesbian and Gay Freedom Day to show our numbers and our strengths. The National March on Washington for Lesbian and Gay rights was a historic first.....we were over 100,000 strong (primarily from the East Coast.)

The war preparation by the Reagan administration, and the military-industrial complex, pose

the gravest danger to the people, Reagan, and Secretary of Hate Haig are bent on provoking a Vietnam-type war in El Salvador and other Central American nations. At the same time they are building up support for intervention by South Africa in Angola, Mozambique, and Namibia.

While nutrition programs, food stamp programs, Medicaid, job placement, legal assistance projects, CETA funding, affirmative action, unemployment benefits, care for veterans, day care, hospitals (Public Health Service), educational funding, and funding to protect basic reproductive rights, are being cut and decimated, \$200 BILLION is bloating the Pentagon war budget.

The murders of the Black youth of Atlanta, the attacks by the KKK and the nazis against Third World and Lesbian & Gay males on the increase in the nation. Racist terror in Amerika is on the rise under Reagan. The Klan and Nazis rain white youth groups to kill not only Third World people, but Jewish and Lesbians and Gay males as well.

The Reagan backed Moral Majority is attacking everywhere. We cannot afford to wait until we are on the defensive....we MUST ORGANIZE.... and take the OFFENSIVE NOW!!! As Lesbians and Gay males representing all, Third World communities, women's groups, the poor, the elderly, we are afflicted by Reagan's reactionary domestic and foreign policies, and it is crucial that we all mobilize NOW!

VICE COPS RAID HQ

SFPD VICE/NARC UNIT RAID SOUTH OF MARKET PIZZA PARLOR San Francisco, California, April 25: Two undercover members of the police department's Vice/Narcotics Unit, dressed up in leather, levi and iron chains and played "Gay leathermen" for a few hours Friday night and at 2 am, proceeded to arrest 17 people in the Head Quarters, a popular all night Pizza Bar located south of Market. The outfits, tacky looking at best, evidently fooled some of the not-too-south of Market types whom the two cops proceeded to arrest on a variety of charges, ranging from possession of marijuana to a couple of "bennies." The dreaded Sgt. Greg Corrales of the Vice Unit along with cute Dave Robinson made the busts with the help of the men and women of the Southern District Station, just a few blocks away. The bar's employees protested the actions of the police and were arrested for it. Their release was secured by attorney Joe Manzella at the request of the owner of the Head Quarters, Mr. Skip Maynard. Both Maynard and Manzella have termed the "raid," as "disgusting."

BAY AREA CONFERENCE ON RACISM AND REPRESSION HELD IN OAKLAND

April 11th, well over 300 persons showed up at Laney College in Oakland, to attend a very long conference to deal with racism and repression here in the Bay Area and plan how to deal with it.

The Conference had the greatest turnout for such a meet, having a tremendous cross-section of political groups and individuals, that this area has seen since back in 1968. Oakland City Councilmember, Wilson Riles, Jr., gave a stirring keynote address and got quickly to the point, holding back no punches. But to the other extreme, speakers like Dr. D. Siegel of SF General Hospital, could have stayed home and we would have been better off. The meet was sponsored by BACARR.

SENTINEL AND BAR CONTINUE WITH TACKY "SMEAR" AND HATCHET-JOB ON POPULAR DISTRICT ATTORNEY...WHY??? Marc Johnson, a homosexual, whose says he is Gay, is suing to regain his job within the Family Support Bureau of the Office of the District Attorney, claiming that he was "fired" because he was or is Gay. The CRUSADER was in at the beginning of the attacks upon the highly popular District Attorney, Arlo Smith, and to date, the only thing we have found is: 1) Mr. Marc Johnson allegedly played a very "sick" "joke" on a worker in the Office where he was employed as a clerk typist. Johnson is accused of having placed a glass eye, in a box of candy, leaving it upon the desk of the female Third World employee whom he has expressed a strong dislike for. The woman's daughter found the glass eye in the box of candy and became frightened and hysterical. The woman is also having physical problems with her eye which made the alleged act by Johnson, all the more "sick."

But, while Johnson's alleged behaviour was quite in bad taste, it appears from the records of the Civil Service that Johnson was not eligible to even be working in, and the Civil Service Commission ordered him terminated as his job eligibility had expired on January 27th of this year and should have been terminated, but due to slack record keeping in the Civil Service offices, Johnson was kept on longer than the time his temporary post called for. Johnson was only a temporary employee and not a full time employee as he and the "other" gay rags have claimed. The CRUSADER will go into a more personal investigation on the matter in the next issue, about Johnson, Gay law librarian Bob Schmidt, the reason for the furor in the first place and those who were behind this disgraceful "hatchet job" on the D.A., and into just who Marc Johnson really is.

GAY PUBLISHER SUES "QUEER" PUBLISHER...TIMES ARE NOT ALL THAT GAY...NEITHER IS....

The highly respected Alternate Publishing Company, who publishes DRUMMER Magazine and the ALTER-NATE Magazine, has filed suit against Jack Williamson and Ralph Paul, and Jack Williamson and Ed Knovak. Williamson and Paul "publish" the Midwest Times; Williamson and Knovak publish the Colorado Times. The Alternate Publishing Company charges 16 violations of the U.S. copyright laws. John Rowberry of the Alternate Publishers charged that "this is not a case of a small struggling Gay regional newspaper using a photo or two as part of their attempt at spreading news of importance to Gays." "This is, if anything, a case of individuals using the talents and hard work of others, without recognition or compensation, to make a buck. Gay journalists and legitimate Gay press deserve more than that." Rowberry said he hoped that this case would serve as "a badly needed precedent" and discourage Gay publications from lifting material from one another. Jack Williamson had a publication called MALEBOX which still owes the SF CRUSADER money from an agreement made almost five years ago and never made good on it.

Williamson publishes the two "gay" Times papers not in the "midwest" or even in Colorado, but right here in San Francisco and believed to be at two locations, one on Harrison Street where the troubled FOLSOM Magazine is ran from, and on Divisadero where Hank Trout their editor lives along with others, Woody Lorenz, as well as Williamson. Several midwestern cities receive the so-called "Midwest Times" and have complained that the "news" in it is dated. But one of the charges against the Williamson publishing business is that it is pure carpetbagging, people who appear to be out to make a fast buck without contributing to the Gay Liberation Movement in anyway.

The SF CRUSADER has requested attorneys to look into the possibility of action against Williamson "as a friend of the Court."

SF BAY AREA CRITICS CIRCLE DROPS \$2,300 ON GALA

WHITE ARMY PIG SAYS HE KILLED BLACKS

A white soldier from Buffalo New York, reportedly bragged to a nurse at Fort Benning, Georgia, army hospital that he was responsible for the slayings of several Black men in western New York state. He also said he "cut their hearts out."

Pvt. Joseph Christopher, 25, said that he also killed Blacks in New York City. And Fort Benning is not that far from Atlanta the CRUSADER wishes to point out.

Christopher is already charged with attempted murder in a knife attack on Pvt. Leonard Coles, a Black, who was stabbed January 18.

The U.S. Army said that Christopher enlisted in the Army in Buffalo just after the four shooting deaths in that northwest New York state metropolis.

Christopher was on leave in Buffalo at the time that two Black men were slain in Buffalo and nearby Rochester.

Erie County authorities have been filed in state Supreme Court, listing items including a .22 caliber gun barrel and large quantities of ammunition that had been confiscated at Christopher's Buffalo home. The Buffalo Evening News reports that the Army and local authorities believe Christopher is "their man."

RAISES Not ROSES

Senator Diehard supports:

NATIONAL SECRETARIES' WEEK
By BEVERLY SLAPIN

SAN FRANCISCO: April 22 - - This is National Secretaries' Week, and office workers all over the country are rallying behind the slogan, "Raises, not roses." Senator Diehard called us today to assure us that he was behind them all the way, and, in fact, he has just introduced a bill to honor those hard working individuals whose labors too often go unnoticed.

Really, we asked, we didn't know you felt that way. We asked him to explain.

"Take Secretary of State Alexander Haig, for instance. Here he is, traveling around the world, trying to promote his and the country's interests, and so dedicated he is even ready to assume the presidency at a moment's notice."

"Then there is Secretary of the Interior James Watt, the chief environmental officer. He is so hard working and attached to the oil, gas, mining and timber interests that he is willing to chop down every tree in the country in order to remove, as Mr. Reagan so aptly put it, 'the cause of most of the pollution in this country.'"

"And what about Secretary of Agriculture James Block, who is working like a dog to slash the food stamp program? And that worker in OSHA, Thorne G. Auchter, who is willing to sacrifice the health of every working person in America in order to achieve cost-effectiveness? And David Stockman, who works in the Office of Management and the Budget, who had the courage to face the wrath of the poor and working people in order to eliminate social services? Don't you think they should get what they deserve?"

The list went on and on of all those "truly needy" secretaries and workers who are so terribly discriminated against, the Senator said, they can't even get in SEIU.

We wholeheartedly agreed with the legislator that those he mentioned "should get what they deserve," but we reminded him of the secretaries who work in offices, typing, filing, serving coffee, watering plants, taking the bosses' laundry to the cleaners, and doing the 101 things each day to keep the businesses of America running.

"Oh, of course, how could I forget?" he said apologetically, "I'll have my secretary send out for roses."

SAN FRANCISCO NEWS-PAPERS BOYCOTT 3,000 PEOPLE.....
The Chronicle and Examiner our daily newspapers both refused to print a single line about the rally in protest of the murders of the Atlanta children held April 17th in which 3,000 people attended.

LAW ENFORCEMENT OFFICERS CONTROL TWO GAY GROUPS

SAN FRANCISCO: The two largest political organizations in the Lesbian/Gay community are the Harvey Milk Gay Democratic Club and the Alice B. Toklas Memorial Democratic Club both of which have elected Lesbians who are also sworn Peace Officers as their president....and this has not set well with many Gay and Lesbian political activists, who charged the nature of the Lesbian/Gay Liberation Movement is such that all law enforcement officers are "our natural enemies."

"Their first loyalty is to the state, not to the people whom they identify with sexually....and as such, they are to be considered what they are, agents of the Pig Departments which they serve." Both the Deputy Sheriffs, Gwen Craig and Connie O'Connor, have never been considered the least bit friendly to the radical Lesbian/Gay Liberation Movement, as they both "serve" the best interests of the Gay Commercialist Movement, i.e. the gay business community and the gay realtors who are continually exploiting poor Third World peoples.

The GLA filed a formal protest with BACARR protesting the appearance of Gwen Craig as a panelist at their April 11th Conference on Racism and Repression, as well as the appearance of Gay business hack, Randy Shiller who is a member of the two political groups of which the two law enforcement officers head up.

The GLA pointed out that the law enforcement agencies in the Bay Area are filled with radical rightist including KKK and Nazi activists, and that both Craig and Connor be excluded from any further such conferences or groups which are having to deal with oppression by law enforcement agencies.

One long time Gay militant stated it well when he said.... "A pig is a pig, regardless of race, creed color or sexual orientation!"

"GAY" BANK CHOOSES STRAIGHT TO OPERATE IT.....

A group of potential investors of the Atlas Savings and Loan in Laguna Beach who were being wooed by a delegation of San Franciscans to invest money in the SF bank, (can't they find enough money here? or do the people here, not want or need the bank?) told the stunned Laguna Beach Gays that they have hired a straight man to run the bank. The Laguna Beachers were more than skeptical by the end of the presentation and were not very generous.

the characters of Simon's "Murder By Death," (a houseparty peopled with famous mystery writers, each coming as his or her favorite detective). Possibly, if handled with an extremely light touch and played as a farce, it might work, but in this thudding, heavy handed production, it creaks.....badly! Furthermore, little theatre or anything else, there is NO excuse for not knowing your lines by opening night.....yet, the lead, atrociously, and three or four others, were blowing them throughout the production. Donald Hess' set is excellent, and Joe Capetta does a nice job of satirizing a sinister Oriental detective, but, then ruins it by trying an accent that makes too many of his lines unintelligible.

GAY RIGHTS ON FIRING LINE

Channel 9 on "Firing Line Special" Thursday May 7th, at 10 PM will discuss the question of Lesbians and Gay rights.

"A homosexual is a homosexual, is either born or becomes that way at an early age and has no choice of being different; his only choice is to lie about it, ..." says Richard Ashworth in this special show. Ashworth is chair of the committee, Parents of Lesbians and Gay Men.

FIRING LINE host William F. Buckley, Jr., will appear as will Earnest can den Haag who disagrees with Ashworth, claiming that something CAN be done, in some cases, to turn homosexuals into heterosexuals. van den Haag is a practicing psychoanalyst.

HILL STREET BLUES RENEWED

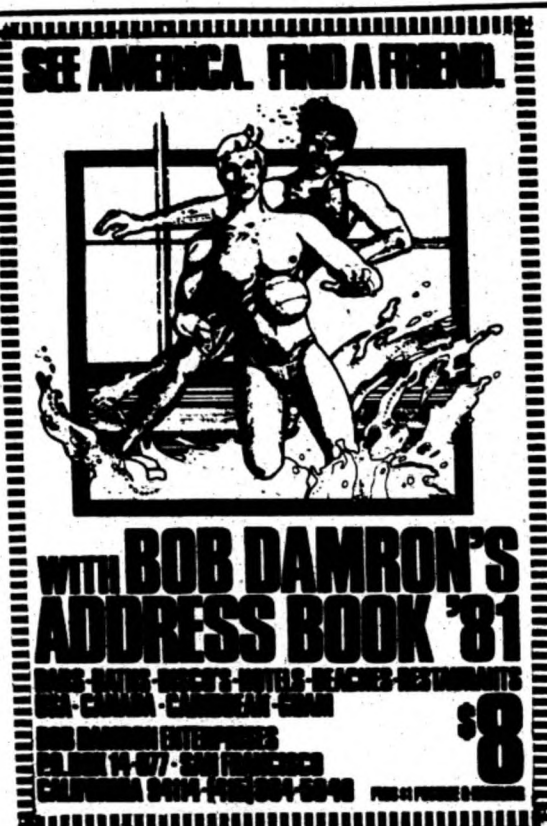

NBC has announced that the highly acclaimed cop program "Hill Street Blues" has been renewed for the fall season much to joy of many. "Hill Street Blues" which was dragging the bottom of the ratings for the first weeks of its premiere in mid-season began an upward climb and has been in the low thirties in the ratings at the season's end. So we all can look forward to some excellent TV this fall. In addition, NBC has renewed Titus and company over at "Flamingo Road," as well as "Harper Valley PTA," "CHIPS" NBC Magazine, as well as possibly renewing "Nero Wolfe." There will be at least one new series which may interest younger gays, that being a series based on the movie musical "Fame."

In addition, NBC will have a Gayman in a series, "Sidney Shorr," starring Tony Randall as the Gay. Those screwed up queens at the National Gay Task Force, always looking to horn in and grab a buck don't like it because NBC would not allow them to censor the scripts....well girls, you don't want the Rev. Jerry Falwell and the Moral Majority doing it, so just the hell do you queens in New York think you are.....God? Go to the Bramble Bushes and cool off sisters dear!!!!!!!!!!!!

Isn't the treatment of Gays in "Dynasty" awful?!!

But, the way Gays are depicted in "Dynasty" is to be expected from ABC (channel 7 locally.) The young man who portrays the Gay youth is a very good looking lad, but he unfortunately looks pathetic in the role for the gay character he portrays is super pathetic, flitting from man to woman and back to man and then I guess to handjobs, as the trials of his father goes on. His father is accused of killing the youths ex-lover in a rage at seeing them embrace. Yuk!!! Now some Gays I know are even pulling for the father to be found "not guilty," if you are ready for that!!

Beware!!! This program is almost as if it came from the pen of the Rev. Jerry Falwell.....for it has shown that a homosexual can have sex with a female and thusly in Falwell-mentality, become a heterosexual. Also, the murdering father is depicted as "protecting" his precious son from a filthy vile fruit. So, they hope to sway the jury into finding the wealthy oil tycoon father "not guilty." Can you imagine???? should this television jury find the father "not guilty"??? that this can be a signal to untold thousands across the land that it is OK TO KILL GAYS just as long as you have done it to "protect" your son from a Fag. Television is one of the most dangerous weapons to come down the turnpike. I've said that long ago. And just possibly, "Dynasty" could be the forerunner of anti-Gay brainwashing propaganda. It's something to think about....just think about....and then, just maybe, act!!!!!!!!!!!!

Mr. CONGRESSMAN BURTON

Pictured above is the lovely GINA, longtime aide to the man above, Congressman John Burton. Above is Mike and "friend" and then Mike with some of the beer left over. On Thursday, April 23rd, about 30 Gay supporters of the highly popular and aggressive Congressman John Burton showed up at the SEIU Hall to meet and talk with him and enjoy some beer and pretzels. The affair was most interesting in that it was wasn't there that made the whippersnaws grow. My my, how some of the fickle Fags do carry on. Where were those "leaders" in their donish three-piece suits? At least Congressman John knows who his friends in the Gay community really are. There was absolutely no excuse for certain people not having shown up. It was nice to meet Mike Shelley from Congressman Phil Burton's office. Charming as his late beloved father, for real! rb

LITTLE FOXES....ALMOST A "FOUR STAR"

Three loud huzzars for ACT's "Little Foxes" (call 673-6440 for info) far better in this revival than when it opened a year and a half ago. The same opulent sets (Richard Segar) and costumes (Carrie Robbins) provide a veritable feast for the eyes and the cast is pretty much the same but.....Elizabeth Huddle as the barely domesticated tiger, Regina, and especially, Michael Winters as her cynical, avaricious brother Ben, seem to have grown enormously in their roles. In last season's production, Ben seemed little more than counterpoint to Regina's mercenary schemings, and now he is a worthy antagonist, losing out at the play's ending but far from beaten; conversely Huddle's role has become more finely etched: while making no pretense to show Regina as likeable she does now make her imminently understandable and the entire production gains enormously. Joy Carlin is, again, superb, as the faded aristocrat lost in the post-Civil War world where greed and corruption have replaced gentility and love. Peter Donat as Regina's dying husband Horace, gives a beautifully wrought performance as the one truly decent family member, but also produces the play's one weakness: he never made me believe he was physically ill....he constantly refers to how tired he is, but it comes across more as mental tiredness, than the physical depletion of a man suffering from terminal heart disease. Consequently his dramatic final heart attack is a little too surprising. Tom Moore's direction is excellent, beautifully paced and always to the point. A great play given a great production!

TRUE SWISS CHEESE WEST

Sam Shephard's "True West" (call 673-6440 for info) is being hyped as an American classic, but seemed to me dull and largely unbelievable. A few funny lines and a splashy set can't counterbalance direction (Robert Woodruff) so slowly paced, especially in the first act, that only only a truck, but an entire convoy could be driven through some of the holes, and a story line that doesn't merely strain credibility, but blasts it away. Two brothers, one clean cut, hard working, and successful.... Ebbe Roe Smith.... and the other, a drunken, drifting bum, and cat burglar, Jim Haynie....not surprisingly have a confrontation when they meet, but the then constant switching back and forth between realism and surrealism become not only confusing but eventually boring.

MOBILE HOME BREAKS DOWN

"Mobile Homes" at the JULIAN (call 647-8098 for info) is billed as a single play, but seems in actuality more like a two act play with the acts separated by a complete one act play that is only loosely connected to them....not at all in plot or character development but only in having the same main character. Superb acting by old pro's Richard Reineccius and Cab Covay, make this a comic masterpiece, but the remainder of the production is depleted by attempting too much: a thirty year old east coast ex-prom queen and rock singer (Laura Tarantino) with a life, a marriage and a career that are going nowhere, sees her ex-best friend, Katie (Donna Marie Holmes) now a Phd., part-time professor and fiancée of a Washington Wheeler-dealer, at a class reunion. However, authoress Elizabeth Wray's sympathy

Time was when the words, "World Premiere, in the publicity for an up-coming play, added a special aura, a sense of excitement. Unfortunately, such is no longer the case.

All too many original scripts being produced today begin with the lights first go up, and finish, when they come down for the last time, but have neither a real beginning, nor a true ending. Few have continuing dramatic conflict, or make any attempt, at subplots.....in fact, it is not uncommon for there to be no plot at all. Rather, they purport to offer a realistic "slice of life," usually with well written dialogue, but, with little else to recommend them.

Consequently what a joy it was to see the new play at the MAGIC THEATRE, local writer, Pat Pfeiffer's "The Feeding," (call for info to 441-8001.) The script is not without flaws, (which one isn't?) with perhaps too much reliance on the shock value gimmick, of having a live snake on stage, and over emphasis on, almost literally following Chekov's famous advice on writing: "If you're going to use a shotgun on page 10, make sure it's mentioned by page 3"....but, these are minor points indeed, compared to the play's many virtues. The story line abounds with plot and sub-plots: a wife's feelings for husband against those for her lover, ivory tower intellectual, head-in-the-clouds existence, versus pragmatic living, in the real world.....generation gap problems, even into the third generation (how subtly she delineates the different problems between children and parents, as against children and grandparents,) the inherent hollowness of the so-called "good life" (affluent materialism) where love and even communication are replaced with liquor for the moth, religion for the grandmother, drugs and/or pets for the children.

The story line follows Karl, a brilliant electronics research scientist, (brilliantly played by J.E. Freeman in a departure from his usual two-bit-punk type roles) who is oh-so-near THE break through, his disillusioned wife, (nicely underplayed by Jonna Frix-Lokey) and Douglas (Tucker Morgan) his boss and her lover, who is extremely believable in his ambivalent feelings towards his employee. The scientist is so immersed in his research that he is unmindful and uncaring of practical problems, either at work, or at home. Although facing the loss of both his job and his family, he is perfectly willing to risk all in his dedication to his project.

Will Capp....is auspicious in his local acting debut as their mid-teenage son, more interested

in getting his pet snake to eat than whether or not Daddy has a job or whom Mommy is sleeping with. He is dominated by Douglas' son (in a nice juxtaposition of the domination Karl held over Douglas when they were young) a lonely, embittered, and dangerous practical joker, played with eye-catching realism by.....Philip Horvitz. The three lesser characters, little sister Kathy.... (Lisa Soloway), grandmother....(Fran Niklas), and older song Roger....(David Sterry) are all a bit too close to being prototypes but each does a fine acting job, especially Sterry with a hilarious comedic sense.

Alan Duke's direction is sharp, and his staging superb, especially in the gruesome feeding scene where adroit blocking makes the seemingly unbelievable not only credible, but extremely real. The denouement is shattering, believable and leaves one with a feeling of hope without degenerating into an all too easily pat "rosey-life" for everyone.

Congratulations across the board: to author Pat Pfeiffer for an interesting, well constructed play.....to Bernie Lubell for his stylishly mod set that, in neutral greys, is exactly what a set should be: an interesting but not overpowering background against which the highly charged emotions and conflicts of the characters can be displayed, to the cast, director and crew who uniformly offer fine work and especially to the Magic Theatre for presenting a play about real people that isn't so immersed in "realism" as to lose the essence of theatre.

MOST HIGHLY RECOMMENDED!

Ballet is riding high in the Bay Area. Oakland has just concluded an unreviewed but evidently highly successful spring season at the Paramount Theatre, the San Francisco Ballet has just opened their Program 7.....it contains Michael Smuin's "A Song For Dead Warriors," a beautiful and provocative piece that belongs in the Not-to-be-missed category. This is the last of the regular season's programs; however, on July 23-26, there will be a brief summer season, their first ever in the Opera House, before moving to the Edwidge Festival. There will also be a free performance at Stern Grove on July 5th, featuring Balanchine's "Stars and Stripes" to Sousa's music.

Left to right...WILL CAPPS as Brian Swenson, and PHILIP HORVITZ as Todd Moorhead in the MAGIC Theatre's production of "THE FEEDING" by Pat Pfeiffer, directed by Alan Duke.

ENTERTAINMENT

.....CARL'S FOLLOW SPOTcontinued from page 7.....

While not in the same category as the SF Ballet, the SF Dance Company has made great strides artistically, as is shown by their recent program at the Herbst Theatre, and is clearly deserving of support. In four performances over two weekends, the program offered a wide variety of classical and semi-classical ballet, highlighted by the act-long "Daughters of Mourning" an enormously mood catching retelling of Garcis Lorca's "House of Alba," choreographed by Jean Paul Comelin to Martin's "Petite Symphonie Concertante," however, I personally preferred the shorter pieces, especially "Poem" (Johnson/Ravel), and the spritely, "Pas Classique" (Johnson/Bach), both premieres. The strength of the company lies in its wealth of young dancers of rising promise.....among many, look for the all-around talented Dennis Jon McDonald, the hauntingly graceful, JoEllen Arntz, and the tiny, but dashing spritely, Oren Postrel (the elevation managed by so small a person is astounding) to be heard from more and more. The overall production values were highly professional; a small but excellent orchestra, superb costumes, and lighting and, in "Mourning" a starkly symbolic set. If you missed this program, another will be offered at the Herbst the end of July and first weekend of August. The advice from here is to make plans to see it.

New York's famed Joffrey Ballet Company will offer eleven performances at the Opera House between May 29 and July 6. Their world famed productions of Agnes de Mille's "Rodeo" is featured as is a new production of Nijinsky's classic "Afternoon of a Faun." How times change.....when it was first presented it was considered shockingly erotic in showing a dancer nearly nude from the waist up.....now a dancer in nothing but a cup doesn't raise eyebrows.....plus, they will present two other revival and four Bay Area premieres.

is (too) obviously with the leftist leaning, clear cut loser, Ava and she (too) obviously loads the deck against friend and fiancé.....he may be a bastard, but not because he prefers wine to beer on a picnic.....while Ava's dramatic anti-urban renewal spiel comes across more as the jealous rantings of a have-not, than a sincere economic belief. Nevertheless, she accepts Katie's offer of her car to drive to San Francisco when she is told she will be given a tryout at the Boarding House. (Now really!!!!) Along her way, the car breaks down in Texas, and the comic scene ensues. The final scene is on a beach in or near San Francisco, and seems to mostly circle itself and leave nothing decided. While not a musical, there is an attempt to integrate several rock songs into the show but since they aren't much more memorable than the plot, the attempt is hardly a rousing success. With the exception of Reineccius and Covay, the acting is adequate, but mostly two dimensional (very possibly due to script inadequacies than to the actors) while in this case, co-directors, Covay and Reineccius are much better as actors.

NO EXCUSE FOR THE "BUTLER!"

"The Butler Did It" at the Presidio Playhouse (call 561-3992 for info) is a blatant use of Christie's "Ten Little Indians" setting (opulent manor house on isolated island) and.....continued on page 6.....so turn back to your left!

Jeremy Scott is hot...

WHAT WAS THE DIRTY OLE FRENCHMAN UP TO RECENTLY WITH THAT HOT JEREMY SCOTT? Well, on Easter weekend, strollers along San Francisco's famed Polkstrasse were wondering just that as they happened upon a large white rabbit glad-handing passersby outside Le Salon, 1118 Polk, the international erotica emporium, that is something of a landmark on Polk. But even more of a doubletake was the curly-haired young blond sitting on a tall stool, counting jelly beans in a large glass fishbowl. The curious who stopped to inquire, or wander in, discovered that the handsome lad with the curly-blond hair was the new gay-porn star, Jeremy Scott, of Wm. Higgins current "Class of '84" and of his newly released, "Pacific Coast Highway." There was a guessing contest going on...how many jellybeans in the bowl...with the winner getting a cash prize, all to promote Jeremy Scott and Le Salon as well as the raunchy rabbit. After all, it was Easter weekend, right Joey? Phillip? Frankie?

"Hi there sportsfans!!".....here we go again with another big old Mockingbird...lotsa gossip, lotsa facts...lotsa news...lotsa sandy scandals!!

First off...did you see this cover??? the pic I mean? The guy who is doing the beastiality trip??? with the Easter Bunny is none other than VICTOR of Le Salon. The Bunny...I would do a beastiality trip anytime I could, believe you me....but as usual VICTOR has beaten me out...but maybe someday I'll win out. The bunny's name is JOEY RUAN and he works at LE SALON and his pic is among those across the page on page 8 in that item about JEREMY SCOTT! He's the one in the sweater and short curly hair. Rumor has it that his name...behind his back of course...is "Thumper!"

The STABLE on Folsom Street is open and running....they finally got their permits and all is well now. The confusing Margo St. James dropped her protests...whatever they were for in the first place no one seems to know. Congratulations to the STABLE, the newest watering saloon south of Market.

And...why is it that LEE MEYERZOVE and his silly friends/chronnies at the ECO want the WATERING HOLE 6th & Folsom closed down for a dumb park??? Meyerzove who looks so unkept, with a belly bigger than Bob Ross' and mine combined....waddling around bellowing that the children need a park....what children you dumbos????????? At various times Meyerzove has claimed to be something or the other...he says he reviews theatre for KPOO the tiny nondescript radio station....but one one has ever heard them....perhaps he should be tossed off the critics circles all over??? One thing, LEE MEYERZOVE is the enemy of the Gay community with his parks and no-bars attitude. Another one was that loudmouthed bore WALTER O'DONNELL!!!! Those two are always yelling and yelling. What I haven't told you is that MEYERZOVE is at the mercy of the taxpayers and some of us are planning some big surprises in "gratitude" for his closing of the Watering Hole.

Have you seen or met PAUL DALEY of the ENDUP? Well if you haven't you have missed out on seeing a handsome hung stud of a 23 year old man. Hard worker with an obviously hard bod!

FRANK FITCH and STEVE WALTERS as usual were trying to stab the BARBARY COAST Democratic Club in the back but the president, HANK CHEEKE was there at the San Diego Board meeting of the California Democratic Council to fight them off and save BCDC from being tossed out. I told you HANK, they're a trecherous bunch!!!!

BILL HEATH...a heterosexual in our rag for a change...anda biker too. Nice man!

KIMO of Kimo's on Polk at your far far right here....is happy and chipper over the warm weather which has the customers hanging out the windows on Polk crusing the street. His chi-chi drinks do make one thirst more other thing....he knows what I mean!!!

Why did a "gay bank" hire a straight man to run it??? Why ATLAS S&L??? Success for the HEADQUARTERS 3...in that their crackjack criminal lawyer JOSEPH MANZELLA has gotten the felonies dropped to misdemeanors. Congratulations to JOE and to SKIP and LEON, DAN and JAMES too!!!

The LESBAIN/GAY Freedom Day Parade Committee almost has their act together....and the parade is as usual, the last Sunday of June as it has been here every year since 1972...ya catch that KONNIE Berlandt you pillar of censored mis-information????? Love In, inGC Park was NOT the first gay parade you ass!!!!!! Some of us have photos and news items to prove our side!! Stop pretending you are a Gay Liberationist honey....you are what you always were....a Gay Capitalist swine!!!!

LEE RAYMOND??? I thought you worked on a "straight" job??? When I went by NEW YORK FABRICS to try and beg LEE to go to lunch with me....and he refused coldly and viciously....I saw what Lee said was a woman and I could almost swear was a drag queen. Lee just doesn't want to admit it but there is a he-she working at NY Fabrics with her!!!!

Don't forget...ASSEMBLY SUNDAY 10 AM at 450 Golden Gate Avenue (Federal Building) for the giant march and rally (rally in Delores Park). Let's make the Gay Focus contingent the biggest in the march....excuse me...LESBIAN/GAY Focus contingent. Excuse me sisters but old habits are hard to change. Sunday..May 3rd, 10 am!!! One good thing....that means that the queens from MCC won't be in it!!!!!!

At your left here is the lovely but frowning DAISY who is reported to be going to try for the post of Grand Duchess once again....why the big frown DAISY??? Could it be because of the guy at the left below you, JOHN RUSSO????? John is also reported to be going to run for Grand DUCHESS That is a bit too much and too hard for me to swallow (the same as that big sausage of John's!).....! Why in the world this dude would want to go in drag is beyond me....all that Eye-Tie hair will be a bitch to keep shaved.

GLENDON GOES "ENQUIRER!"...a former barboy at the ARENA, now a bar-tender at the ENDUP said he is pissed at a couple of customers having told us that they felt that he had treated them poorly...and they also said that they acted like he had the "personality of a piss-ant." Glendon who wants to be called "Glen" but the Endup has ONE Glen already he is a real wonderful guy and has a beautiful personality and is a super DJ...so we shall continue to call this new person..Glendon, so no one is confused. Well Glendon, we are deeply oh

deeply sorry if you were offended at what they had to say at being offended about your attitude towards them...but it is a personality judgement of course, and Glendon...this is America...and people are still entitled to express their hurt when offended as they claim you did...so Glendon...why not rest!!! By the way, some very reliable sources at the ARENA a fine south of Market bistro don't ever remember telling you to be anything other than polite, and attentive to the customers there!!!! How about it...? Rest?!! OK?!! And the two offended persons no longer come into the ENDUP when you are on as do a few others who seem to not care for your "personality".....! And, we too, shall avoid you as well! Now does this give you the proper apology and explanation? And as far as "good home journalism"...dear, read the VOICE!

Well, the guy at the left is the same guy whose pic is on 14...dear oh dear...those lover quarrels are much too much!!!

Things are going well at the ARENA...STEVE is most happy back on the job and from the looks of things, the customers are glad to see him back too!!!

The SF EAGLE sound system blew out during the opening...but other than that all is well there. Biz is good in spite of Marcus Batty! A few changes here and there and that bar will be the biggest money maker south of Market someday.

Kudos to FLAME who is on work furlough and does appear well on his way to doing ALLLLLright!

Oh yes, the man with the hair on the or above the lip... is the one and only FAYE ROY. Didja have fun at the BARF party dear???? All your OLD associates there? BARF BARF BARF BARF! ANDY CASPER does appear to be running for Mayor in 1983...wait and see kiddies!

Pictured above, from the left to right is DAVID Cafferty of Kimos...who is now in Hawaii enjoying himself and gracing the 50th state with his charm and good looks... and in the center is CRAIG whom I haven't seen in a month of Sundays and Mondays combined...and he is still on the boards at Kimos...and the last pic is the mysterious KEN from the northwoods...and he is still slinging the brew. In this issue, we have featured almost all the Kimo employees...but we don't have one of the bearded lady TAMMY LYNN. Perhaps his sis RONNIE over at the Goosed GOOSE on Pine can help us out!!!!

When BILL WHITE of the FRISCO SALDON (home of live country bands Fri & Sat) heard that Linda Lane of Western Electric was "poor mouthing" the Frisco as a place to play...all because she says she was "mugged" on Sixth Street once upon a time...well, he told me to tell her where to stick her guitar but I told him it was too small...the guitar that is!!!!

Talk about pissed... That is what the delightful and most helpful TEDDY BEAR & DUSTY were last Sunday when the infamous Perry Tessie Spink did a no show at their "Mr & Miss Cowboy and Cowgirl of all California" pageant at the Lake Merritt Hotel in Oakland. RANDY Johnson had been sick and was unable to do so...be the emcee...so Miz Messie volunteered...and then he did a no show. That's one helluva poor way to treat nice people like Teddy Bear and Dusty who are nice folks and who have done so much to help Miz Messie in the past. Anyway, a newcomer on the scene, the new Miss Gay SF RANDY got up and did the emcee chores...most appreciated...but a long way from being a RANDY JOHNSON dear...keep at it tho, you have alot going for you...including Miss Donald Stay your biggest backer.

Didja see??? The New MR. DRUMMER is going to be at the SCREENING ROOM on stage??? Ohhhh, what a delightful erotic trip...see their ad on page 10 for details.

Is TONY ORLANDO in "danger" of being a "skinny-bikers" momma? Dunno, but on the back of a bike of a certain character all the way to Sacto? His endup was up and surely sore after that trip.

"Hi there LARRY & PERRY" the lovers of Langton Street. How very domestic!!!! Perry dear, you are getting OLDER!!

STEVE ATWOOD is back in town... the handsome young man with the long silverblond hair. DENNIS CODER went to L.A. again? for another weekend of we-all-know-what! He'll be back on Tuesday with a brewery????

ARTIE Covington...why don't you introduce "Phillip" to me????????? Afraid to?????????

CARL Campbell lost to the hospital his top man printer...a victim of an industrial accident.

The Mockingbird

Gossip - Rumors - Facts - Etc.

IS IT TRUE???? That the BAY AREA CRITICS Circle??? in it's first two years did not lose any money on their gala awards shows???? and that the next two years under the ego-tripping DOUGLAS DEAN Goodman.....they have LOST money???? Oh yeah!!!!

Speaking of the Bay Area Critics Circle.....one very distinguished member, Mr. GERALD NACHMAN of the morning CHRONIC who has been a reviewer and has much theatre background.....wrote some honest criticisms of the musical SWEENEY TODD

MAY 3

PEOPLE'S ANTI-WAR
MOBILIZATION

violence glorifying piece of garbage SWEENEY TODD..... "The greatest musical in history," you have to not have all your ears in the water..... But it does tell of your lack of intelligence and great shallowness in the history of theatre!!! You are writing for the right rag..... BARF BARF BARF Marsha Topkin.....darlink!!!!!!

Is it really true that the hippo at the SF Zoo which was recently adopted by the SFTG was to be named CONNIE COOKOUT????? No, but WAYNE WEAKNITE had a suggestion which was best left unspoken. Too bad the SFTG didn't adopt a jackass so they could have named it Wayne Friday!!!!!!

Rumor hazzit they did name it "GRETA."

Massa Randall Stallings has accused the SFTG member bars with racism.....which we are sure is true in SOME cases.....but dear Randall-pig?? why not name you precious CUAVA? After all, the nearly ALL WHITE group has had some real lulus of

reports in the BARF in the past!!! Massa Randall would have just been perfect for Went With The Wind (fart!)

Is it true that KENNY Wayne Safford is a big "M"? After all, he did star the fight with the big hunky man DANNY JONES, age 19, and the terrible teenager gave pore ole Wayne Stafford a bac eye that only his trip to New York will cure!!! And dear OLD Doc Elliott Striver had the nerve to "congratulate" Danny for doing it! Whatsamada Elliott, you didn't have nerve e-

nough to do it yourself when KENNETH used to live with you in your Sea Cliff/Pacific Heights mansion????? Don't you dare forget.....be there, 450 Golden Gate Ave on SUNDAY this May 3rd at 10 AM and be in the Gay Contingent in the PAM contingent in the March to the Dolores Park to protest the Reagan cutbacks and his war buildup!!!!!!

At your right here is DON GALLAGHER far right and his new lover TIM. DON used to be a familiar face about town and very much liked by all. DON has moved long ago back to Pittsburgh PA.....and he has a lover now. Congratulations to the both of them. Don is one of the finest who ever came to our town.....he used to work at the LOCKER ROOM Book Store on the Polkstrasse.

And then at the right, just below the lovers is a real sweetheart, the lovely YOLANDA of the PATIO Mexicano restaurant on Market between Alfies and the Cho Choo Station. The food is simply divine and Yolanda is the greatest. Her husband George and she both want to invite you to enjoy dinner or late supper there with them.....and free champagne on the 5th of May to celebrate CINCO DE MAYO!!!!!! Sunday afternoon they have a delish Mexican style brunch beginning at 2 PM!!!!!!

Oh yes, and this guy at the right here is the boy who got the big mouse on the eye.....KENNY!!!!

Don't know if you recognized the guy in the leopard skin briefs. But he's the same guy in the pic at your far right page 15.

Within hours, attorney JOE Manzella was at the Hall of Justice and out with the three victims of vicious police state tactics by the Vice/Narcotics unit and the evil hand of Sgt. Greg Corrales at the Head Quarters. But the HQ is open and very much alive.....the ABC allegedly made a complaint about smelling pot.....and the pigs with looking for pot (possibly to use themselves?) at 2 am Saturday morning last. The SFPD Vice/Narc pigs have been very busy in the area of victimless crimes as of late.....big increase.....! AND.....the SF Fire Dept., strangely???? enough made a complaint against four South of Market bistros..... hmmm.....I smell a rat or two and we will let you all know WHO the rat(s) are soon!!!!

MARCH against the growing police state of Reagan and Haig and Feinstein by participating in the march and rally on SUNDAY MAY 3rd.....when the SFPD pigs see all the marchers they will think twice about things, particularly if there is a large gay contingent.....right??

NOTICE TO "SOLIDARITY" (HOWARD Wallace!): Dear Howard, you ARE the one to toss stones bitch!!!!!! Talk about "knitting someone in the back," darlink, you are a past-master at it. So when you tell someone to not have anything to do with someone.....honey, you must be looking into the mirror. As far as unionization of the big gay barz.....no one supports it as strongly as I do. But when you and your friends like Wayne Friday get together.....oh, that IS something to watch. Your choice of a name for your alleged "labor" group was one of the cheapest shoddiest pieces of crap I have yet to see anywhere!!!! You are trading off the hard work and blood of REAL socialists in Poland. So why don't you just MATURE.....GROW UP Howard, ya hear me.....????? You have to cease PLAYING these silly gay-lib games you play and get on with SERIOUS mature politics and stick your name calling up your ex-SWP rear end! These childish games of yours is the main reason that I have never backed you and alot of others must agree as well. You and Konnie Berlandt belong in the past.....get with it, NO MAN/WOMAN can serve two masters!!!!

That's it for this issue sportsfans.....see you on May 15th!!!!!! Well, just about it, for GEORGE BANDA. George has been known for his most extreme frugality over the years.....one of the reasons that many really don't care to become involved with him financially. But George, you and TG had best listen to some of the charges about discrimination (racism) in member bars. You SAY you have no control, but let me say this.....there are some people really getting pissed and it could be bad for the good TG member bars. So, if you have no control.....then what the hell is the reason for the existence of the SFTG except to get together every other week, some getting drunk, and having one big bitch fight??? If this is what SFTG is all about.....then it is NOTHING.....and should keep your mouths SHUT at election time.....lest you be exposed for being phonies!!

I want to close with this parting shot at the SFTG and GEORGE BANDA. George has been known for his most extreme frugality over the years.....one of the reasons that many really don't care to become involved with him financially. But George, you and TG had best listen to some of the charges about discrimination (racism) in member bars.
