inside out

It would appear Phase II of the S.F.P.D. clean-up program has gotten underway with the recent raids on three modelling guilds.

Phase I was the clean-up in Golden Gate Park, Dolores Park, and Lands End in "71." Still hot places by the way.

"Kalendar" skips three weeks with this issue. The reason being to stagger it's production schedule around the "Gay Times" rather than with it. Next Kalendar will appear March 10, then every other Friday thereafter.

Remember advertisers, during our "Meet Mecca Country" campaign ad cost is reduced 50%. You can't afford to miss this.

Gliderhoo has returned after being snowed in in the Rockies - 20 lbs. lighter and will be writing for the March issue of "Gay Times".

Of interest to advertisers - 95% of the businesses that went bankrupt in 1971 failed to advertise regularly. Only 5% did advertise. Think about it.
