EDITORIAL

The KALEDAR and GAY TIMES have merged, coming together with this issue. The TIMES-KALENDAR will range from 8-16 pages, depending on input, information and advertising, and will be distributed free in San Francisco. Outside the City the paper will cost 20¢.

It takes a lot of good people to make something grow. So it is with the TIMES-KALENDAR. Without quality people, their ideas and drives, a publication merely becomes a slanted communication medium for power hungry individuals.

The TIMES-KALENDAR has many very good contributors and is constantly seeking new ones.

Many people have asked what our policy is.

The original conception of the TIMES-KALENDAR was to provide a communications bridge between the various factions of Gay Society.

This is still our goal and because of it, the appearance of radical, conservative, right and left wing columns should not appear unusual to you, the reader.

There will be entries in the TIMES-KALENDAR that you totally disagree with, and, frankly, that's what it's all about. Until people can totally disagree and still remain friends, we haven't a chance at unification and openness of spirit.

The TIMES-KALENDAR itself does not have a political policy, nor will it endorse candidates.

We hope to be a more relevant paper to you, the reader, but you have to help us make this possible. Send us your letters, suggestions and criticisms. In this we learn and serve you better.

JEHOVAH'S WITNESSES CALL FOR "DEATH FOR HOMOSEXUALS"

In the April 22nd edition of AWAKE, the Jehovah's Witness publication, being sold for 10¢ on the streets of every city in the land, the Religious Cult calls for the death of homosexuals. The Jehovah Witnesses are listed as a "religious cult" in the Directory of Churches, as it does not believe in Christ, and refuses allegiance to any land, and refuses to sign any kind of pledge of loyalty.

The article entitled, "Where Is Religion Leading On Morals?" has created a storm of protest against the "religious cult" such as they have not experienced since they sided against the American government during World War II in refusing to serve in any capacity in the armed forces, stating that what Hitler was doing was "called for by the Watch Tower", that being a book or bible of the "religious cult". In the article, they attack the Quakers, the Episcopal (Protestant) Church, the Methodist Church (who has since changed) and the Protestant Church, all for condemning homosexuality.

Religious leaders all across the land have expressed growing concern over the extremism to the right of the Jehovah Witnesses, in that they, according to the National Council of Churches, "have become almost fascist like in their attacks upon various oppressed minorities and other religious denominations".

In San Francisco, Gay churchmen have reacted with apathy, for the most part, the exception being, the Reverend John Cartman, although not Gay, he is in the pastor of the Gay oriented Christ Orthodox Episcopal Church of God, was the brunt of the article as being "bigoted and sick". He was joined by his Overseer, Reverend R. Broshar, who launched into an attack upon the Kingdom Halls (vehemently) which are what the Jehovah Witnesses call their places of "worship". Broshar has been confronting various of the street sellers of the AWAKE Magazine, as has other Gay groups, which have seen some minor alterations, as a result.

Georgia's Homosexuality Disapproves of Homosexuality

Delegates from the Georgia Homosexuality group have expressed their disapproval of the "gay marriage" trend that has been going on in recent years. They feel that it is a "distraction" from the more important issues that need to be addressed.

A federal judge has ruled that gay couples have the same rights as heterosexual couples, and this has led to a rise in the number of gay marriages. However, the group feels that this is a "distraction" from the more important issues that need to be addressed, such as poverty and discrimination.

Reverend RAY Broshers SPEAKS OUT!

The reverend RAY Broshers has come out against the gay community, stating that "Gays are not people." He went on to say that "gay marriage" is a "threat" to traditional marriage, and that gay individuals should be "punished".

However, the gay community has strongly condemned these remarks, and has vowed to continue fighting for equal rights and recognition.

WHAT IS E.S.O.?  Dear Sir,

I find it difficult to relate to the concept of E.S.O. The only thing I can think of is that it stands for "Equal Service Organization." Perhaps this is the meaning of the term, but I'm not sure.

I believe that gay individuals should be treated equally, and that the concept of E.S.O. is a "distraction" from the more important issues that need to be addressed. We need to focus on issues such as poverty and discrimination, not on "gay marriage".

DON

The concept of E.S.O. is totally non-political, non-religious, and non-antagonistic. It is simply a way of saying that gay individuals should be treated equally, and that the concept of E.S.O. is a "distraction" from the more important issues that need to be addressed. We need to focus on issues such as poverty and discrimination, not on "gay marriage".

Brothers and Sisters,

Is there a way to help the gay community in a non-political, non-religious, and non-antagonistic way?

DON

Friend: I guess that's really the question.

Brothers and Sisters,

Isn't there a way to help the gay community in a non-political, non-religious, and non-antagonistic way?

Join Hands

Several young Gay brothers have become active in the Gay Prisoners Project, a collective effort to bring closer to the hearts of Gays who are in prison or in state hospitals. They call themselves "JOIN HANDS," and their names are Michael, Cameron, Bob, and Jim, respectively, and perhaps two or all of them. But they are really beautiful people doing a beautiful job.

They got together in a collective, and have started a letter-writing project to Gays in prisons, and in addition have a letter-writing project to Gays in state hospitals. March held in the Haight-Ashbury held in the Haight-Ashbury, they carried a handmade banner of real Gay Pride which was shown from coast to coast on NBC news due to the notoriety of the symbol on the banner. They were for a while unable to keep track of all the letters writing to JOIN HANDS, P.O. BOX 40397, SAN FRANCISCO, CA. 94140. They also have a letter-writing project to Gays in prison, and conferences on the conditions in the prisons.

They have "joined hands" in a collective effort to bring closer to the hearts of Gays who are in prison or in state hospitals.
Editor;

I wanted to clear up a misconception that many people have about gay switchboards. I have often encountered the belief that switchboards are only a service for emergencies or for those people who are chosen by the switchboard to handle all kinds of calls from a full spectrum of the gay community. However, the only people who are handled calls are the same people who are chosen by the switchboard to handle messages from a full spectrum of the gay community. If you are not a member of the gay community, you will not be allowed to use the switchboard.

Dear Editor;

In the Golden Awards, I received my "Goldie" award for Best Supporting Actor in a Play. I was thrilled to win this prize, and I want to thank all of my fans for your support.
