JOBS SWITCHBOARD
In a further step to serve the community as a communication tool, Dick Jay has announced the beginning of the "Job Switchboard." The purpose, of course, is to align people seeking work with the many persons in Gay Society that need help.

Altho the switchboard will favor trades such as painters, electricians, plumbers, carpenters, etc. Applications will also be taken for general & miscellaneous work.

It is hoped that eventually all job categories will be listed.

To register for work call 861-2651.

You will be asked to come to our office and fill out an application. Altho Kalendar does not underwrite people it sends on jobs, a thorough application investigation will occur. Registration will be free until July 1st at which time a $2 fee will be charged.

If you are looking for workers or helpers, call 861-2651 and give job details. You need not come to our office and there is no fee involved.

Thank you

The Hyness as she will appear
in the parade escorted by numerous hunky numbers.

This time finds the Hyness very lazy and very broke after a small sidetrip to Tahoe. Notice my new picture above? It was taken at this year's hanging of Sweetlips and appeared in last month's copy of David magazine. Handsome, yes?

Hope all of you managed to locate at least one of the twelve pit stops and see a part of JACKSONS yearly roller derby and skate-a-long last Sunday. This year was better than ever with many wild and camp outfits. The highlight of this year's race brought the racers zooming into Union Square to the amazement and amusement of many onlooking tourists.

At the same time as the roller derby, a wedding was being held at the COVERED WAGON. The wedding was for Bill and Don with the reception following at FE-BE'S.

Here's a little poem I wrote;

There was a boy called Davee,
Swift, tall and lank was he.

JESUS AS PLAYED BY DAVID MORGAN IN XXXXX.

Claudia! We quit, like at the end of the show when Claudia said, 'I've been living a lie for 20 years.' Of course there are the last 10 years. But few, and to be remembered. Claudia is good, I wasn't able to remember that. All good looking. And good players. Brenda Lee is a looker, too, not sure I'd admit she has fun doing it. Doesn't forget tunes and her familiarity with tunes is great.

I remember Brenda Lee, P. L. Catch the Kick "LOVE AND SADNESS" Worth it.

The audience was small, but everyone was in the mood, with the excitement of not knowing what was going to happen. Everyone danced. The new cause of some outrageous creatures,

CANCER: June 21st - July 22nd.

Cancer rules the home, and all that it implies. The Cancer person is the host and then some. They are in need and seek material for the body and all things related... They are warm and earthy and matter first, known for their practicality and their ability to make the best of any situation. They have a strong, tenacious nature and they carry their home with them. They enjoy the comfort and security of home and all that it implies.

The Cancer person is sensitive and insightful, and they often have a deep understanding of others. They may speak the language of the heart and offer comfort and support to those in need. They are known for their nurturing nature and their ability to provide a safe and loving environment for others. They believe in taking control of your life, and in this period, they may wish to set new goals or make changes in their daily routine.

But Cancer people are also prone to blame others... perhaps you were expecting something more than what was offered. They may feel that they have realized a mystical truth of life, hang on to it... The Cancer person is likely to be open to new experiences and to learn from their mistakes. They may be faced with reality of what's in front of them and this may feel painful. On the 29th someone may open a possibility for you but please, if you can, make notes on your dreams during this period. It may be helpful to write down your feelings and ideas for the future.

**CANCER: June 21st - July 22nd.**

Cancer rules the home, and all that it implies. The Cancer person is the host and then some. They are in need and seek material for the body and all things related... They are warm and earthy and matter first, known for their practicality and their ability to make the best of any situation. They have a strong, tenacious nature and they carry their home with them. They enjoy the comfort and security of home and all that it implies.

The Cancer person is sensitive and insightful, and they often have a deep understanding of others. They may speak the language of the heart and offer comfort and support to those in need. They are known for their nurturing nature and their ability to provide a safe and loving environment for others. They believe in taking control of your life, and in this period, they may wish to set new goals or make changes in their daily routine.

But Cancer people are also prone to blame others... perhaps you were expecting something more than what was offered. They may feel that they have realized a mystical truth of life, hang on to it... The Cancer person is likely to be open to new experiences and to learn from their mistakes. They may be faced with reality of what's in front of them and this may feel painful. On the 29th someone may open a possibility for you but please, if you can, make notes on your dreams during this period. It may be helpful to write down your feelings and ideas for the future.

*The African Violet*

For years the African Violet has flourished in the homes of gay men and women with simple growing conditions. And with care any one may propagate their colorful plants.

The bad reputation for the raising of plants is over 70 years. This very valuable, but often neglected, house plant can be raised in a hothouse, in the kitchen, in the bathroom or even in the office. The plant needs only 10-15 hours of sunlight daily, and can be propagated by division, cuttings or seeds. Propagation by division is the most successful method, and the plant will produce flowers and leaves from the division within a few weeks. It is important to provide good soil for the African Violet, and to keep the plant in a warm, moist environment. The African Violet is a hardy plant, and can be propagated with ease.

For more information, please contact your local nursery or garden center.
