In this fast-moving world we live in, everyone is trying to be first in everything they try. Unfortunately, it seems that San Francisco has been chosen to be the scene of America's first political kidnapping, that of Patricia Hearst, daughter of publisher Randolph Hearst. With the sudden emergence of the Symbionese Liberation Army (SLA) in the last few months, Americans have become more and more aware of just what terrorist tactics are all about. No longer are we going to be able to read about this type of thing happening in some far-off country and smugly say that it could never happen here. It is happening.

It was just announced by the White House that Mr. Nixon has finally undergone his often-postponed physical examination. The press of daily activities has kept him from having it completed until now. The White House also stated that everything went well. Isn't that nice to know?

If you've been tuned away from a gasoline station lately because they were only selling their regulated amounts of gas over a certain period of time, you were being discriminated against. This was the latest ruling by William E. Simon, the energy chief.

Once again, the Texaco sponsored Met Broadcast which is coming up this last January promises to be an event of special interest. Luciano Pavarotti will be singing the role of Rodolfo in Puccini's "La Boheme" Mr. Pavarotti achieved a great deal of success in the bay area during the 1973 Opera Season where he appeared in the production of Le Fanciulla and also on the special program in Golden Gate Park sponsored by the Friends of the Park.

The broadcast will be at 8 AM on Saturday, Feb. 16, and will be well-worth the effort to hear it.

The Emperor's Impressions

An unholy spirit steps inside a room with the intention of making a mess and in doing so, the spirit leaves a trail of destruction and chaos behind. The spirit, known for its malicious nature, creates a sense of unease and danger, making it evident that the room is no longer the safe and secure environment it once was.

SINBAD: For the whereabouts of Tennessee Williames, if any of you know where he is, will you contact the writer, and I will do all I can to get to him. I have heard that he is in the Cal. area, and it seems rather strange to me that he would have left his home. The only way I can get to him is through a mutual friend, and I'm sure he will be glad to help. Let me know what you hear. I am still waiting for his reply. Thank you.

Chapter 18

Part 8

"If you're strong enough you can control a man," Abie Trisch said.

"Yes, that's true," Grandma Hawks echoed, "but if you're not... I know many who have lost their freedom to the devil."

"But I can control a man," he continued.

"Yes, that's true," Grandma Hawks replied. "But have you ever seen a person who is truly free?"

"Yes, I have," he said.

"Then why are they always in bondage?"

"I don't know," he replied. "But I do know that if you want to be truly free, you have to give up your control."
